Bottom left of the form under Certificate Holder they should put Village of Skokie. Above that in the description section they can insert language as to what the insurance pertains, in this case it's the Flock Safety program service they are providing. The purpose of the insurance is to protect us from one of their employees/contractors getting hurt or hurting someone or damaging property while installing the equipment. Also, if a piece of equipment falls off a pole and does some damage then we'll be covered under their insurance.

Mike,
Flock sent this. We need Skokie listed specifically ? correct? DO you know where they typically list?

Jesse,

Is this what you are asking for, or does it need to be modified? Also can you please provide me your tax exempt form.

Thank you.

I have. I am just waiting for our Purchasing Director to give me the thumbs up to sign. I expect it today and don't foresee any issues.

Chief,

Good Morning, I wanted to touch base and see if you had a chance to look at the Agreement I sent along for eSignature. This agreement is just for the Grant cameras. I have included the document here as well in case you prefer to sign with ink and scan it back.

If you have any questions please let me know.

Regards,
