External Sender

Hey Aaron,

Thank you again for taking some time to learn more about Flock and how we hope to support the police department and community to eliminate crime in Boulder.

I've attached a couple of pieces of information regarding the overview of our technology and how it's driven to remain ethical and support privacy, but I wanted to also introduce you to Flock's External Affairs group (CC'd), which is designed to provide education to the community.

We also have a few programs that we can use to help support you in the community (town hall meetings, press conferences, etc.).

Please let me know if you have any immediate questions for me or the team!

Regards,
Andrew
