I used to keep track of success stories so I have a file but they are older success stories.

Subject: RE: Flock Solved Awards

That's what I was thinking of doing starting with Scheevel and Fladung who seem to be magnets for such hits but I thought I'd see if there was a system search first
Thanks!
Dionne

I'm not kept in the loop about success stories with Flock, what about an email to sergeants and commanders to recall any recent arrests that started with a flock hit to see if anyone can think of a cool story?

Mike, any other ideas?

Jen

Jen and Mike,
Thank you both! See below. I was trying to figure out the best way to research specific Flock hits that we'd want to highlight. I wasn't sure of the best way—if there was one—to search for specific incidents involving Flock hits.

Any guidance or suggestions for specifics incidents would be greatly appreciated!
Thanks!
Dionne

Hey Steve,
See below. I know we've had a lot of successes with Flock but is that something we want to highlight

publicly right now or do we want to wait? I don't know where we are in the contracts with Flock.
Thanks!
Dionne

Thanks, Officer Taylor.

Dionne, nice to meet you! Inquiring about some successes y'all have had with Flock that you're OK with my sharing publicly. Any big/high-profile ones come to mind?

Feel free to ring with any questions at 781-296-3842.

Thanks,
Connor

Officer Taylor,

Connor here from Flock's PR team, thank you for submitting a Solved Award! I'm reaching out to y'all and a few other PD's to ask about any specific high-profile successes you'd like me to share publicly with local media.

We find that sharing these stories helps local residents understand the technology and how it's helping to keep them safe. These stories can also help spread the word about Flock to other agencies in the area, whose potential purchase of their own cameras would make your existing system more robust.

Do you have anything to share with me that you'd be OK with my sharing publicly?

Thank you kindly,
Connor Metz, Flock Safety
