Sgt. Heath –

I wanted to check-in with you and see how the Axon ALPR trial has been going so far?

Hi Brian,

Sgt Heath will have to speak to success stories, he will be in on Wednesday. Are you able to check on the status of the Axon/Flock API no longer working? I tested it the day we went live with Axon ALPR and it was no longer working so I opened case # 00804805. Therese advised that it was a system wide issue, not just isolated to our API. But I haven't heard much since, other than it was being sent to engineering to review.

Thanks,
Jen

External Sender

Hi Boulder PD Team –

I was out of the office all last week but wanted to touch base on the trial now that I am back. How is the Fleet 3 + ALPR system performing thus far? Any success stories or items we can support with?

Best,

BRIAN MOUTINHO
