Hi DC,

Following up on Andrew's email. My goal is to equip you with all the resources you may need to best educate your community, residents, and city leaders on what Flock Safety does and how we think about leveraging technology to stop crime while protecting privacy. It's basically a best practices conversation from the thousands of ALPR deployments we've been a part of.

Do you have 20 min next week to chat? Perhaps Tues, Thurs, or Friday after 10a MT?
