Community Safety ALPR Overview.pdf

External Sender Notice This email was sent by an external sender.

Alex & Mitch,

Pleasure being introduced to you both today and very excited to be your literal partner in crime! I'm confident we'll accomplish great things in the Boulder area over the next year and beyond.

I've attached two handouts that will be good to share with any communities or businesses, and the 'Biz' sheet has my contact info included. My order for new business cards might take a little longer than expected, so these should suffice in the meantime.

As soon as there are any ideas for events to participate in to present the Flock Safety offerings I have our Director of Community Affairs ready to help organize and prepare. Keep me posted!

Please let me know any thoughts on how I can best be a resource to you and the Boulder PD, and I will keep you posted on getting up to Boulder to deliver the cards. Looking forward to working together!

Best,
Luke
