[redacted]

Alex - I have attached an updated CDOT permit application instruction sheet. Please review and follow the steps that are required for law enforcement agencies. @Michael Franzen can assist you with the remaining documents and steps.

Thank you!!

External Sender Notice This email was sent by an external sender.

Good Evening,

It was great touching base with you last week so this project could get back on track. We are still undergoing CDOT compliance reviews on all projects since the changes were made effective in October. [redacted]

Manager @Michael Franzen.

Lastly, I wanted to provide you with Flock Safety Points of contact:

Project Manager @Carmon Johnson

- Current open installation projects with cameras that still need to be installed

- Request a relocation

- Questions about maintenance dates (and we are still working on getting their remaining cameras installed)

- Questions about a camera not working prior to validation

Permitting Manager @Michael Franzen

- Questions about city, county or DOT permits

Customer Success Manager @Jaime Alfaro

- Questions about installed cameras; anything after the project has been completed

- Maintenance or issues after installation

- Billing/invoices

- Contract extensions/renewals

- Training

Territory Sales Manager @Will Nobles

- Requests and quote for additional cameras (after installation)

- Billing/invoices (prior to installation)

- Contract extensions/renewals
