flock safety

Q3 PRODUCT RELEASE

LIVE WEBINAR
THURSDAY 8/18
3 PM ET / 12 PM PT

Garrett Langley
CEO @ Flock Safety

Unlock Real-Time Intelligence + Situational Awareness

Imagine consolidating all points of intelligence in a centralized hub while providing simplified, actionable access to your officers in the field. Join us on **Thursday, August 18th at 3 PM ET / 12 PM PT** to see how you can accomplish better situational awareness using Flock Safety's newest feature release – register here.

You will hear from Flock Safety's CEO Garrett Langley and Chief Product Officer Davis Lukens as you learn about

- Flock Safety's product strategy and vision for consolidating and delivering real-time intelligence for agencies of all budgets and headcount
- How Flock Safety's ALPR and audio crime detection sensors operate in real-time crime centers across the country today
- How to layer Hot List alerts and gunshot detection with live video (including PTZ and IP cameras) and third-party data to drive better outcomes for your community

Hope to see you there!
