Subject: [Product Release Webinar] Introducing Real-Time Intelligence Solutions

---

flock safety

unlock real-time intelligence + situational awareness

COMING 8.18.2022

Join us on **Thursday, August 18th, at 3 PM ET / 12 PM PT** as executive leaders CEO Garrett Langley and Chief Product Officer Davis Lukens unveil the newest enhancements and features at Flock Safety.

During this webinar, you will learn about

- Flock Safety's product strategy and vision for consolidating and delivering real-time intelligence for agencies of all budgets and headcount
- How Flock Safety's ALPR and audio crime detection sensors operate in real-time crime centers across the country today
- How to layer Hot List alerts and gunshot detection with live video (including PTZ and IP cameras) and third-party data to drive better outcomes for your community
