Mayor Gordo stated a conflict of interest, recused himself, and left the meeting at 8:15 p.m.

REPORT ON RENT RELIEF PROGRAMS AVAILABLE TO RESIDENTS IMPACTED BY THE EATON FIRE
Recommendation: This item is for information only; no action is required at this time.

Jim Wong, Housing Director, provided a brief PowerPoint presentation on the external and internal funding sources, and programs aiding residents impacted by the Eaton Fire. He reported that many internal programs administered by the City are funded by

federal and state programs intended to address homelessness, and are restricted from being reallocated to provide broader rent relief.

Jeannine Bogaard, representative from Pasadena Community Foundation (PCF), provided information on monies to be distributed by PCF to provide support and relief to those impacted by the Eaton Fire. She announced that funds have also been allocated for the Altadena Builds Back Foundation, which is a new arm of the PCF, where donated funds are restricted to rebuilding Altadena. She also reported on the initiatives to increase housing with local non-profits such as Heritage Housing Partners and Habitat for Humanity.

Councilmember Hampton requested information on the availability of the City's General Fund that could be utilized to leverage non-profit partners such as PCF to donate matching funds.

Councilmember Madison advocated for City staff to expand the research on available assistance to include funds for childcare, children's healthcare, mental health, and other services.

Councilmember Lyon advocated for City staff to dedicate time to working with the PCF and identify a non-profit partner to facilitate the work. He also advocated for both tenants and property owners to be eligible to apply for financial assistance, as housing providers are also impacted.

City Manager Márquez reported that the Rent Stabilization Department has implemented a mediation program to assist tenants and landlords to develop solutions when it comes to payment (and back-payment) of rents owed.

The following individuals advocated for rent relief and financial assistance for residents impacted by the Eaton Fire and/or provided comments on the matter:

Christine Rodriguez, LA Fire Survivors Committee
Samuel Taylor, LA Fire Survivors Committee
Vi Pham, LA Fire Survivors Committee
Simon Gibbons, Pasadena resident

City Clerk Jomsky reported that the one letter of correspondence advocating for the City to review supportive payments or loans to help tenants and landlords recover from the Eaton Fire, was received for the April 7, 2025 City Council meeting, and seven new letters expressing concerns regarding housing providers having to bear the financial burdens of the rent moratorium without support and/or providing related comments, were also received by the City Clerk's office, and all correspondence was distributed to the City Council, posted online, and made part of the record for the item.

MOTION:

Councilmember Cole advocated for directing the City Manager to work with the Housing Department and the Rent Stabilization Department to establish a centralized rental assistance resource, to assist tenants directly affected by the Eaton Fire, as defined under the City's Affirmative Defense Ordinance, working collaboratively with the Pasadena Community Foundation to identify one or more nonprofits to provide assistance and to minimize evictions through mediation and rental assistance with tenants and their landlords, with potential consideration of City matching funds, as well as setting up a reporting mechanism for those who seek relief under the City's ordinance, available to both tenants and their landlords.

City Manager Márquez reported that any potential matching funds from the City's general fund would need to be part of the City's budget process. He cautioned that given economic uncertainties and potential cuts in federal funding, such funds are not readily available. City staff is thoroughly reviewing the entire proposed budget to determine what resources exist for matching dollars.

Councilmember Madison expressed concerns with the proposed motion (as part of an information item) and offered the following substitute motion:

It was moved by Councilmember Madison to direct the City Manager to return with a positioned proposal, in line with the City Council's discussion, for consideration by the City Council. (Substitute motion failed due to lack of second)

AMENDED MOTION:

Following direction, it was moved by Councilmember Cole, seconded by Councilmember Hampton, to direct the City Manager to develop the best way to work with the Pasadena Community Foundation and other community partners to set up an effective resource for meeting the needs of tenants affected by the Eaton Fire, under the terms of the City's Affirmative Defense Ordinance, available to both tenants and landlords for assistance.

AYES: Councilmembers Cole, Hampton, Jones, Lyon, Madison, Masuda, Vice Mayor Rivas

NOES: None

ABSENT: Mayor Gordo

ABSTAIN: None

Councilmember Madison requested that the boundaries of an information item versus an action item be a topic of discussion at the upcoming City Council retreat.
