

**MEMORANDUM OF UNDERSTANDING
BETWEEN
THE ILLINOIS STATE POLICE
AND**

Criminal Justice Agency Name: Wheeling Police Department
(participating agency)

- 1) **PURPOSE:** The purpose of this Memorandum of Understanding (MOU) between the Illinois State Police (ISP) and the Participating Agency referred to as the "parties", is to memorialize the parties' understandings regarding the transmitting, receiving, and storage of information contained in LEADS, National Crime Information Center (NCIC) and Secretary of State (SOS).
- 2) **BACKGROUND:** The ISP maintains the LEADS system of records containing multiple files; Vehicle and License Plate files that contain information relating to stolen vehicles or license plates and vehicles in association with records entered in the Wanted and Missing Person files. Additionally, the SOS maintains the vehicle registration records and provides information relating to license plates that are suspended or revoked pursuant to violations of the law.

The Participating Agency instituted state-of-the-art license plate screening technology from mobile and fixed sites. Their vendors provide software and screening devices that have the capability of scanning license plates and searching a local database loaded into a patrol vehicle computer or other location controlled by the agency. Consequently, the Participating Agency has requested relatively current Computerized Hot File (CHF) information from the LEADS and NCIC, and SOS files in order to compare scanned numbers against stolen license plates, vehicles, wanted or missing persons, and suspended or revoked license plates.

- 3) **AUTHORITY:** The ISP enters into this MOU under the authority provided by the Illinois Administrative Code, Title 20 - Part 1240 - LEADS.
- 4) **SCOPE:** This MOU applies to: 1) the ISP's transmission of information from the LEADS and NCIC Vehicle and License Plate files; 2) the ISPs' transmission of vehicle information from the LEADS and NCIC Wanted and Missing Person files (if the license plate or VIN is part of the record); and 3) the ISP's transmission of suspended and revoked license plate information from the Illinois SOS.

***NOTE:** If fingerprints have been submitted previously by another criminal justice agency, the confirmation response from the state Repository/FBI can be shared with multiple criminal justice agencies and will not require each agency to submit fingerprints each time the vendor contracts with a new agency. However, each agency is responsible for maintaining the fingerprint confirmation response on file at their agency for auditing purposes and provide a copy to ISP by attaching to this MOU.*
