# Flock Safety Wing®

Connect Your Cameras  
to FlockOS® For Unified  
Video Monitoring

## Transform Your Camera Network

Turn every video stream into a tool for real-time intelligence — **all from one platform.**

1

### CONSOLIDATE YOUR EXISTING CAMERA NETWORK

Save money and time by integrating your current camera infrastructure with your real-time intelligence platform.

2

### MANAGE VIDEO AND LPR EVIDENCE SEAMLESSLY, AND MORE FROM A SINGLE PANE OF GLASS

View, replay, and download video evidence from a VMS solution that lives in the same platform as your LPR for unmatched situational awareness that promotes officer safety and faster case clearance.

3

### FULL-SERVICE IMPLEMENTATION AND MAINTENANCE

Flock Safety's team connects and monitors the health of your cameras for you so your agency can focus on solving crime and keeping officers safe.

## Choose the integration that fits your city's needs

### FLOCK SAFETY WING® CLOUD

Get live and recorded video, plus turn your non-Flock Safety cameras into Vehicle Fingerprint™ enabled LPR cameras. With a direct-to-camera connection, Wing Cloud makes it easy to connect and capture more with FlockOS®.

### FLOCK SAFETY WING® VMS

Keep your existing Video Management System and plug it into FlockOS® for a single view of all your video. Simple, seamless, and ready to go.

### FLOCK SAFETY WING® GATEWAY 2.0

Real-time AI on both live and recorded video. Wing Gateway 2.0 processes footage on the spot, reducing bandwidth costs and keeping your response fast and efficient. No complex IT setup needed—just plug it in and let it work.

### FLOCK SAFETY WING® GATEWAY OUTDOOR

Instantly connect your outdoor cameras with zero IT hassle. This weatherproof device plugs right in where your cameras are installed—just enter a passkey, and you're live on Flock's ecosystem.

*"There are multiple instances where a call goes out, and we can immediately access data -- like ALPR data and live video monitoring -- to provide real-time information to the officers who are responding and gauge whether they need additional support."*
