[Flock Pole Camera Specs \(2\).pdf](#)  [TOP POLE MOUNT - DOUBLE SOLAR PANEL WITH 2 EXTERNAL BATTERIES - Foundation Specs .pdf](#) 

---

Howdy Sir -

Please see the attached pole and foundation specs to send over to the property owners at Imperial Realty!  
Are we good to move forward with the installation of Camera 5?

Thanks!

Hi Hailey,

The new location, westbound  will also be on the property of Imperial reality, they have given me preliminary approval.  ty however they would like a spec sheet on the camera and pole. Would it be possible

Thanks,

Mike

Â

Howdy Sir -Â

Â

We have shifted CameraÂ 05  Inside 2 LanesÂ over to where we believe you are wanting it. This location will require an I to moveÂ forward (unless we can get approval from one of the adjacent property owners t perty).Â

Â

Do you approve of this new location? (green camera in image)

Are you OK with us seeking an IDOTÂ Permit here?Â

Or do you think we can get property owner approval for one of the locations with the pink arrows? (in the image below)Â

Â

Â

Please let me know your thoughts!

Â

Thanks,

Â

Â

Howdy Sir -Â

Â

Just wanted to check back in!

Â

Do you think we will be able to obtain propertyÂ owner permission (Imperial Realty) for the new location for Camera 5?

Once we have that we can get this on the schedule for installationÂ ASAP.

Â

I have attached a document they can sign but it can also be as simple as an email from the property owner confirming we are OK to move forward here!

Â

Please see your updatedÂ TrackerÂ for additional updates on your outstanding cameras.Â

Please let me know if you have any questions!

Â

Thanks,

Â

Howdy Sir -

Â

Thank you for confirming you are OK to move forward with the new location for Camera 5!

We are just needing written approval from the property owner (Imperial Realty) in order to move forward with the installation.Â

Â

Do you think this is somethingÂ you can help us obtain?

I have attached a document they can sign but it can also be as simple as an email from the property owner confirming we are OK to move forward here!

Â

Hi Hailey,

Â

Thanks for the update.Â I approve the new location on the private pole for camera 5.Â The current temporary locations for cameras 9 and 12 are working out fine, they can stay where they are.Â The temporary locations for 6,7,8 and 11 are also good for now, we can continue to wait on those permits.

Â

Thanks,

Mike

Â

Howdy Sir -Â

Â

My **sincere** apologies for the delay in getting you over an update!

Â

Please see the most recent update regarding your outstanding Flock Cameras, below -

Cams 6, 7, 8 & 11 - Pending IDOT Permit Approval

Submitted 12/12/22, Rec'd Comments and resubmitted  
4/13/23

Pending Approval or additional commentsÂ

Checked back in 12/5 regarding an update - Will let you  
know as soon as we hear back from the reviewer, Jonathan!

Â

Cams 9 & 12 - On Hold - Cook County

Flock Govt Affairs is still working with Cook County to try  
and find a path forward for LPRs in their ROW (~14 months  
at this point) We can either keep these on hold until a path  
forward is established or find new locations for these cameras.

**Please let me know how you would like to proceed!**

Cam

Inside 2 Lanes) - New Location Needed

this location but due to the heavy  
presence of underground utilities in the area we were unable  
to.

We are suggesting we place this camera on the existing private  
instead.Â

**Do you approve of this new location?** If not, do you have  
any other areas you would like to place this camera?

**If approved we would only need the property owner  
signature on the attached form to install this camera!**

Â

Â

Please let me know your thoughts on Cameras 9, 12 & 5 or if you have any other questions or concerns.Â

I will be sending out biweekly updates moving forward but feel free to refer to your Tracker in the meantime!

Â

Thanks,

Â

Â

Chief,

Â

Apologies for the delay here as I was trying to track down multiple pieces of information from different teams here at Flock. From what I am seeing on my end we have a technician scheduled for 10/19 to come to this location and remove the AC box, replace the camera, add a solar panel, and add penguin packs to assist the camera in staying powered this winter.Â

Â

I know we have had a lot of changes on our end so if something got lost in translation or if you need to make any changes your Project ManagerÂ @Hailey SpessardÂ and Deployment SpecialistÂ @Mike HolubÂ can assist you.

Â

If no changes are required I expect list location to be back online on 10/19 (it may take 12-24 hours to calibrate). Please let me know if you have any questions.Â

Â

Have a great day.

Hi Mike,

Â

I am not sure if this goes to you, if not, please let  
me know where to send it.

Â

Our camera located at Milwaukee and Touhy,  
identified as 01 -   
Relocation is not functioning.Â This is at one of  
our busiest intersections so we would need to  
get it up and running as soon as possible.Â  
What do I need to do to get it working again?

Â

Here is a screenshot of the dashboard.

Â

Thanks,

Mike
