Subject: Camera #5 WB Seminole @Malki
Attachments: Flock Camera #5 Relocation.pdf

Katie,

I sent an email on 7/25/23 requesting to have camera #5 (WB Seminole @Malki) relocated across the street (see below). Would you be able to check the status of that request? The camera is still in the original location.

Thank you!!

We would like to have one of the Cabazon Station Flock cameras relocated if possible.

Camera #5 (E/B Seminole @ Malki) is only capturing EB traffic exiting the I-10 freeway onto EB Seminole. We would like to move it across the street from the current location and face it west, so it captures the traffic leaving the outlets and getting onto the WB I-10 freeway or going onto the Morongo reservation. If that is unfeasible, a secondary location would be Malki Road just north of Johnson Lane/EB-10 Malki exit. That camera would need to face north to capture traffic going to Seminole and the outlets.

Here are the GPS coordinates for the general relocation area.

1st location: 33.932353, -116.823650

2nd location: 33.930764, -116.821745

See the attached map for further reference.

Subject: Missing Equipment - Cam #14 EB Oak Valley @ Palmer Ave

Good Morning,

Katie here from Flock Safety Customer Support. While responding to an alarm on camera #14 EB Oak Valley @ Palmer Ave, the technician noticed that the location experienced third-party damage as the pole was cut at the base and all equipment was missing (see attachment). We will need to replace all of the equipment to ensure the location is functioning properly as soon as possible. Do you know who removed the equipment and/or where it is located? If so, can you please provide us with the address to pick up the equipment and if there is anything we should reference/someone we should ask for upon doing so; we understand that personnel availability changes frequently in a public safety setting, so we are happy to connect with administrative staff to obtain equipment if they have a more flexible schedule.

If the equipment cannot be located or damage is discovered, we will be sending an invoice for the damage in conjunction with our [reinstall fee schedule](#). This invoice (\$1,300) will be emailed to [REDACTED]@riversidesheriff.org. If the equipment is located with no damage, the invoice will be only for the pole replacement (\$500). For additional information, please see Section 8.1 of our [Terms and Conditions](#).

Thank you for your partnership, and we apologize for the inconvenience here. We look forward to your organization seeing continued success with your Flock technology.

Stay safe,
Katie

Subject: Camera Access Request from WI Department of Justice

CAUTION: This email originated from outside the **Riverside Sheriff** email system.
DO NOT click links or open attachments unless you recognize the sender and know the content is safe.

Good morning, The Wisconsin Department of Justice - Division of Criminal Investigations, Missing Person Section would like to connect to your cameras to better investigate our missing person cases, especially our Silver, AMBER, and Missing Endangered Alerts. If you have any questions, please reach out to me [REDACTED]@doj.state.wi.us Sara Phelan Silver Alert Coordinator

WI Department of Justice has requested access to Lake Matthews – County – RCSD’s Flock Safety camera footage. In order for WI Department of Justice to view your footage, you must grant them access. To grant access, please follow these instructions:

1. Open the **Devices** tab in **Admin**
2. Click on the **Share** button on the upper right corner
3. In the Cameras to Share dropdown, select the network you would like to share
4. In the Share with dropdown, select WI Department of Justice
5. Click **Save** and repeat for other agencies as desired
- 6.

As the owner of your footage, you can revoke this access at any time. If you have questions or need further assistance, please reply to this message or email

[REDACTED]@flocksafety.com. More information available in the **Flock Safety Help Center.**

Thank you and stay safe,
The Flock Safety Team

Subject: 2021-11-08 Recap - Flock Kick-Off Call

CAUTION: This email originated from outside the Riverside Sheriff email system. **DO NOT** click links or open attachments unless you recognize the sender and know the content is safe.

Hi all,

Thanks for the time today. Below is a high-level review of what we covered and some questions that Remon had asked.

Agenda:

1. Introductions

- Ryan (PM), Tonia (discovery and planning), Will Warren (permitting), Adam Snow (CalTrans poles)

2. Where we are in the process (CalTrans and general permitting)

- pole approved by CalTrans (XSquared)

- Who from Flock will take the lead on providing this data?

-- [Adam Snow](#) has a few outstanding items to submit in the coming weeks

3. Flock to provide project plan and order of implementation with a rough timeline

- Moving west to each and prioritizing installs of county permit locations as we work in parallel on CalTrans requirements.

Location / Station

Phase Camera

CA-Riverside Sheriff-Moreno Valley Station	Phase 1 19
CA-Riverside Sheriff-Jurupa Valley Station	Phase 1 32
CA-Riverside Sheriff-Southwest Station	Phase 2 10
CA-Riverside Sheriff-Perris Station	Phase 2 49
CA-Riverside Sheriff-Lake Elsinore Station	Phase 3 30
CA-Riverside County SO-Ben Clark Training Center	Phase 3 3
CA-Riverside Sheriff-Hemet Station	Phase 4 44
CA-Riverside Sheriff-Cabazan Station	Phase 4 18
CA-Riverside Sheriff-Palm Desert Station	Phase 5 21
CA-Riverside Sheriff-Colorado River Station	Phase 5 11
CA-Riverside County SO-Thermal Station	Phase 5 23

4. Expectations/Flexibility with locations

- As we being site surveys and utility checks (Call811) we'll know more but will work directly with Lt. Reichle
- As we move through installation we will be able to firm up install dates and coordinate communication with each station.

5. Billing

- Per [Jesse Mund](#) - 50% last start, 25% at 50% installed, 25% at completion
- Who from Flock will be the point of contact for invoicing/payments?

-- [@flocksafety.com](#)

6. Permitting

- [Remon](#) to facilitate Will Warren talking with one single person at TMLA
- Waiting on permits to come back from Moreno Valley and Jurupa

Action Items:

- [Ryan Sanders](#) - Set up a weekly call with Lt. Reichle for project updates and decisions

If there is anything else I can assist with please don't hesitate to reach out.

Thanks,

Ryan Sanders

Hello Lt. Burton,

Alex here from Flock Safety Customer Support. While responding to perform maintenance on camera #5 today, the technician noticed that the location experienced third-party damage after it appears a tractor struck the pole and bent it. We will need to replace the pole to ensure the location is functioning properly as soon as possible.

Due to the damage being physical in nature, we will be sending an invoice for the damage in conjunction with our [reinstall fee schedule](#). This invoice (\$500) will be emailed to [REDACTED]@riversidesheriff.org shortly. For additional information, please see Section 7.1 of our [Terms and Conditions](#).

Thank you for your partnership, and we apologize for the inconvenience here. We look forward to your organization seeing continued success with your Flock technology.

Stay safe,

Alex Graber

Good Afternoon,

Katie here from Flock Safety Customer Support. While responding to an alarm on camera #07 SB Heacock @ Reche Cyn, the technician noticed that the location experienced third-party damage as the pole was bent due to being struck by a vehicle

The camera and solar panel are missing. We will need to replace the pole and other equipment to ensure the location is functioning properly as soon as possible. Do you know who removed the equipment and/or where it is located? If so, can you please provide us with the address to pick up the equipment and if there is anything we should reference/someone we should ask for upon doing so; we understand that personnel availability changes frequently in a public safety setting, so we are happy to connect with administrative staff to obtain equipment if they have a more flexible schedule.

If the equipment cannot be located or damage is discovered, we will be sending an invoice for the damage in conjunction with our [reinstall fee schedule](#). This invoice (\$1,300) will be emailed to [REDACTED]@riversidesheriff.org upon reinstallation. If the equipment is located with no damage, the invoice will be only for the pole replacement (\$500). For additional information, please see Section 8.1 of our [Terms and Conditions](#).

Thank you for your partnership, and we apologize for the inconvenience here. We look forward to your organization seeing continued success with your Flock technology.

Have a great day,

Katie

Hello Chris,

Alex here from Flock Safety Customer Support. While responding to perform maintenance on camera #48 today (reported yesterday by CSO De La Torre who is cc'd), the technician noticed that the location experienced third-party damage after an apparent vehicle accident. We went ahead and replaced the pole to ensure the location would be functioning properly as soon as possible.

Due to the damage being physical in nature, we will be sending an invoice for the damage in conjunction with our [reinstall fee schedule](#). This invoice (\$500) will be emailed to you shortly. For additional information, please see Section 7.1 of our [Terms and Conditions](#).

Subject: Damaged Cabazon Station Flock Cameras
Attachments: Camera #04 EB Seminole @Main.jpg; Camera #07 WB Seminole @Main.jpg

Hello,

Deputy Lloyd just sent me the attached photos of damaged Flock cameras on Seminole Drive in Cabazon:

Camera #07 WB Seminole @ Main is on the ground. It appears the bolts were removed and it was dropped in place.

Camera #04 EB Seminole @ Main also had the bolts removed but remained in place, albeit now facing the freeway.

Deputy Lloyd is going to bring Camera #07 to the station so it doesn't get stolen. He is also going to try and bring camera #04 to the station as it appears staged to be taken down and possibly stolen as well.

Can we get these cameras reinstalled ASAP? I will be reviewing the footage to determine who is responsible for the damage.

Thank you in advance!

Reference the Flock camera at Reed Valley x Wilson Valley which I notified you about last week had been turned facing the wrong way, is there a time we can get it fixed? Or can we simply turn it back?

Also you said something about it not being connected and needing to be changed to ATT instead of Verizon. We were receiving a signal and photos on our end though up until it was turned. So I wonder can you double check and just confirm there was no signal or alarm that it was being tampered with. We are just trying to look for as much evidence as possible on whoever is doing this. The last phone we got on it was at 07:09 on 9/13/23. We believe it was tampered with between 07:15 and 07:27.

Subject: Flock Camera Relocation Request-Cabazon Station
Attachments: Flock Camera #5 Relocation.pdf

Hello,

We would like to have one of the Cabazon Station Flock cameras relocated if possible.

Camera #5 (E/B Seminole @ Malki) is only capturing EB traffic exiting the I-10 freeway onto EB Seminole. We would like to move it across the street from the current location and face it west, so it captures the traffic leaving the outlets and getting onto the WB I-10 freeway or going onto the Morongo reservation. If that is unfeasible, a secondary location would be Malki Road just north of Johnson Lane/EB-10 Malki exit. That camera would need to face north to capture traffic going to Seminole and the outlets.

Here are the GPS coordinates for the general relocation area.

1st location: 33.932353, -116.823650

2nd location: 33.930764, -116.821745

Hi Luis,
Proposed light poles and 14ft installation height for locations 32 and 40 are acceptable if it works to capture the lane that you need. Thank you.

[The e-mail below is from an external source. Please do not open attachments or click links from an unknown or suspicious origin.]

Good Morning Jimmy,

I actually live in Eastvale and was able to connect with Johnny yesterday and we are very excited to get this project kicked off. In catching up with this thread I believe we are only pending to finalize locations 32 and 40. Please see suggestions for cameras 32/40. As a point of reference I've included a table list below for all locations.

Can we use the existing street light for **location 32**? [REDACTED] If installed at 14' can we still capture the intended lanes of traffic? (typically we install cameras at 12')
33.975037, -117.555856

Can we use the existing street light for **location 40**? @Chris Carter If installed at 14' can we still capture the intended lanes of traffic? (typically we install cameras at 12')

Subject: RE: FW: Flock updated locations

I have to check recorded maps but if there is an easement over the gas mains, it won't matter how deep the footing is, those 2 poles cannot be approved to be located in the median.

Camera 40 location is also identified and reserved for a City monument.

Also, currently there's a "no new poles" in public right of way muni code that refers to communication poles but one of the code change item we're taking to council this fiscal year is to extend that to all new poles.

Jesse, otherwise, location 8 is acceptable on the northside of Chandler and thank you for working with us to relocate the previously commented camera locations to existing nearby streetlight poles.

Subject: Re: FW: Flock updated locations

Ok that helps. I'm sure they'll confirm but it's just a pole in concrete and I doubt it goes anywhere near deep enough to hit a high pressure gas line (unless the gas line is unusually shallow).

Jesse?

Jimmy,

Please help us understand why the medians aren't a good place. They've done this in many other cities and it's fine. We should avoid sacrificing optimum placement unless there is some serious critical safety issue.

Good Morning,

I made the requested changes to the deployment from the attached document. I have attached the update deployment as well as link to see the deployment plan. Please let me know if you have any questions or need to make any adjustments.

Thank you,
Chris

On Fri, Jul 7, 2023 at 9:23 AM Jesse Mund <[REDACTED]@flocksafety.com> wrote:

Thanks for the information Jimmy,

I have a couple of comments:

1. Camera 8, we cannot be 15 feet off the curb line and capture 2 lanes of traffic. Can the median be used?
2. Camera 32 needs to stay in the median as it works in conjunction with camera 49 to capture all lanes of traffic
3. Camera 40 needs to stay in the median as it works in conjunction with camera 54 to capture all lanes of traffic
4. Camera 54 is not redundant, 2 cameras are required to ensure all lanes of traffic are monitored.

I have cc'd my Deployment team and Permitting team to this email as well to join the conversation. Chris, can you please look at the comments made by Mr. Chung and make the adjustments he asked for? Beyond the items above, I think we can make the requested changes listed in the attached document (please let the group know if that is not the case).

Mr. Chung, can you please provide answers to my questions above? Once we get these last items resolved, we should be good to submit for permits. Derek and Luis will manage the permitting process from our side. Mr Chung, can you please provide them with any links or documentation they will need to submit for the city of Eastvale? Is there a time next week where we can get on a 30 minute call to all connect and get on the same page for the installation process?Thanks.

Johnny,

We have reviewed the camera locations and everything looks good, with the exception of the area of Schleisman Road and Hellman Avenue.

I know we discussed this already, but I just want to confirm the area of Schleisman Road / Hellman Avenue (main ingress / egress) into the city will be covered.

Thank you,

Ernie

Hi Johnny,

Looks like few of the redundant locations got relocated. Many of the proposed locations do not have a pole of power source.

- Loc 1, 2, 3: no pole or power source. Relocate to bridge.
- Loc 4: no power source. Relocate to Hellman/Chandler
- 5: no pole or power source at suggested location
- 6: no pole or power source at suggested location
- 7: traffic signal pole possibly operated by Chino
- 8: no pole or power source at suggested location
- 11: no pole or power source at suggested location
- 16: no pole or power source at suggested location
- 17, 18: private property
- 23: no pole or power source at suggested location. City of Ontario
- 32: no pole or power source at suggested location
- 33: no pole or power source at suggested location
- 34: no pole or power source at suggested location
- 36, 37: mounting to street light. Cannot drill hole in light pole
- 38, 39: Norco
- 40: no pole or power source at suggested location
- 41: Norco
- 45: mounting to street light. Cannot drill hole in light pole
- 46: no pole or power source at suggested location
- 50: no pole or power source at suggested location
- 52: no pole or power source at suggested location

- 53: mounting to street light. Cannot drill hole in light pole
- 54: mounting to street light. Cannot drill hole in light pole
- 61: no pole or power source

Good Morning Sir

I have attached 2 documents:

1. A quote for 6 new cameras (and keeping the already installed 5)
2. The new agreement that needs to be signed to move forward. This is a 5 year term and will hold all 11 cameras at the \$2500 pricing for the length of the term. Any camera purchased after this order would be at our current pricing of \$3000 per camera per year.

Please let me know if you have any questions or feel free to loop me in with the city directly if that would be helpful. Thanks again.

Good Afternoon,

Alex here from Flock Safety Customer Support. While responding to an alarm on camera #14 today, the technician noticed that the camera had been vandalized [REDACTED]. All equipment was also recently vandalized at this location 2 weeks ago.

We would like to suggest relocating the equipment as this location has been vandalized/tampered with numerous times. Relocating and reinstalling new equipment to another flock pole will incur a \$750 charge in conjunction with our [reinstall fee schedule](#). Would you like to move forward with a relocation at this time to avoid damaged equipment reinstall fees (\$1,300)? If so, our Deployment Strategy Team and Project Management Office would appreciate the below questions be answered so that we can assist further:

- Where would you like to relocate the camera? Please provide coordinates and/or a mark on an aerial view map.
- Which direction of travel would you like to capture?
- Is the camera going on an existing pole or Flock pole?
- Do you agree to pay for the relocation fee of \$350 to an existing pole or \$750 to Flock pole?
- If a permit is needed, we may request additional documentation. The permitting process may prolong the timeline.

Thank you in advance for your response and partnership. We apologize for the inconvenience here. We look forward to your organization seeing continued success with your Flock technology.

Stay safe,
Alex Graber

Hello Lt. Campa,

Alex here from Flock Safety Customer Support. While responding to an alarm on camera #14 yesterday, the technician noticed that the location experienced third-party damage as all equipment has been destroyed in an apparent vehicle accident (see attachment). We went ahead and replaced all equipment to ensure the location would be functioning properly as soon as possible.

Due to the damage being physical in nature, we will be sending an invoice for the damage in conjunction with our [reinstall fee schedule](#). This invoice (\$1,300) will be emailed to [REDACTED]@riversidesheriff.org shortly. For additional information, please see Section 7.1 of our [Terms and Conditions](#).

Thank you for your partnership, and we apologize for the inconvenience here. We look forward to your organization seeing continued success with your Flock technology.

Stay safe,
Alex Graber

Good afternoon Michael,

Alex here from Flock Safety Customer Support. While responding to perform maintenance on camera #30 today, the technician noticed that all equipment has been removed from the location [REDACTED]. Do you know who removed the equipment and/or where it is located? We will need to replace all equipment and ensure that the camera is functioning properly as soon as possible.

If the equipment cannot be located or damage is discovered, we will need to send an invoice for the damage in conjunction with our reinstall fee schedule

[REDACTED]

Thank you in advance for your response and partnership. We apologize for the inconvenience here. We look forward to your organization seeing continued success with your Flock technology.

Stay safe,
Alex Graber

Hi George,

RCSD has over 250 cameras, multiple networks and planning to add another 250 this upcoming FY. With these many cameras, it is very difficult to keep track of repairs and their subsequent billing. I've mentioned this to Tonya Crump before, but I'd like to have notes on each invoice specifically identifying the network and specific camera name, so we know which station needs to approve the invoices and have a way to track repair costs by station over time.

Your invoice has a "Notes" section already. Would it be too much to ask that this section include the network name and camera name? (CA-Riverside Sheriff – Lake Elsinore - #21 Main @ Cross St). If you can help with this and resubmit these invoices, I'd be happy to get them all process and paid immediately.

Thanks for the help!

Andy

Hi George,

RCSD has over 250 cameras, multiple networks and planning to add another 250 this upcoming FY. With these many cameras, it is very difficult to keep track of repairs and their subsequent billing. I've mentioned this to Tonya Crump before, but I'd like to have notes on each invoice specifically identifying the network and specific camera name, so we know which station needs to approve the invoices and have a way to track repair costs by station over time.

Your invoice has a "Notes" section already. Would it be too much to ask that this section include the network name and camera name? (CA-Riverside Sheriff – Lake Elsinore - #21 Main @ Cross St). If you can help with this and resubmit these invoices, I'd be happy to get them all process and paid immediately.

Thanks for the help!

Andy

Good Morning Lieutenant Martinez,

I received seven Flock invoices. Invoice number INV-8685 is being processed by Southwest Station, but can you please confirm the other invoices are ready to be paid? Below is a breakdown of the invoice.

FYI, the first invoice note mentions Los Angeles/ Long Beach but is invoiced to the RSO.

Invoice Number	Invoice Date	Invoice Amount	Item Description
INV-0606	5/11/2022	\$543.75	Relocation Fee, existing pole non-AC powered
INV-8685	1/25/2023	\$99,700.00	Falcon, Implementation Fee
INV-10459	2/22/2023	\$750.00	Pole and Camera Replacement
INV-11724	3/10/2023	\$1,500.00	Pole and Camera Replacement
INV-12369	3/22/2023	\$500.00	Camera Replacement
INV-12443	3/23/2023	\$1,000.00	Pole Replacement/Camera Replacement
INV-13213	4/5/2023	\$350.00	Additional Trip - Other

Thank You,

On Thu, Oct 6, 2022 at 1:06 PM Winder, Daniel ·  @riversidesheriff.org> wrote:

Hello Jesse, this is Lieutenant Dan Winder from the Hemet Sheriff's Station we met and talked a while back during the original purchase of 44 FLOCK cameras for the Hemet County area. We are looking to possibly add 34 more to our Mountain Station area which covers the communities of Anza, Aguanga and Sage. I still have to reach out to the Riverside County Board of Supervisors (BOS) and Riverside County Sheriff's Administration to receive approval for the project and funding. Before I reach out to them, I wanted to check in with you to see if it is possible to get an estimate, so I have some numbers to give to them.

The Riverside County Sherriff's Department's Southwest Station was recently awarded \$100,000 from Supervisor Washington's Office (Third District) to add 34 cameras to the French Valley (estimate attached). The BOS allocated the money to the SW Station to cover the initial cost of the cameras, installation, implementation for the first year. Then the County of Riverside is going to absorb the cost after the first year.

Can I please get an estimate for 34 cameras for the Hemet Station area, so I can start to move this project forward. I don't know if I will be successful at obtaining the funds or not, so an estimate is all that is needed at this time. I would imagine it would look very similar to the one attached. Please call me if you have any questions. Thank you for your assistance.

Dan Winder, Lieutenant

DO NOT click links or open attachments unless you recognize the sender and know the content is safe.

Good Morning,

Katie here from Flock Safety Customer Support. While responding to an alarm on camera #02 SB Grand @ Blackwell, the technician noticed that all equipment had been removed from the location [REDACTED]. Do you know who removed the equipment and/or where it is located? If so, can you please provide us with the address to pick up the equipment and if there is anything we should reference/someone we should ask for upon doing so; we understand that personnel availability changes frequently in a public safety setting, so we are happy to connect with administrative staff to obtain equipment if they have a more flexible schedule.

If the equipment cannot be located or damage is discovered, we will need to send an invoice for the damage in conjunction with our [reinstall fee schedule](#). This invoice (\$350-\$1,300) would be emailed to [REDACTED]@riversidesheriff.org. For additional information, please see Section 7.1 of our [Terms and Conditions](#).

We would like to suggest relocating the equipment from this location since this is the second time this type of vandalism has occurred. Please note, this would be free of charge (normally, a \$350-\$750 relocation fee). Would you like to move forward with a relocation at this time to improve the camera's functionality? If so, our Deployment Strategy Team and Project Management Office would appreciate the below questions being answered so that we can assist further:

- Where would you like to relocate the camera? Please provide coordinates and/or a mark on an aerial view map.
- Which direction of travel would you like to capture?
- Is the camera going on an existing pole or Flock pole?

If a permit is needed, we may request additional documentation. The permitting process may prolong the timeline.

Thank you in advance for your response and partnership. We apologize for the inconvenience here. We look forward to your organization seeing continued success with your Flock technology.

Stay safe,
Katie

Hi George,

RCSD has over 250 cameras, multiple networks and planning to add another 250 this upcoming FY. With these many cameras, it is very difficult to keep track of repairs and their subsequent billing. I've mentioned this to Tonya Crump before, but I'd like to have notes on each invoice specifically identifying the network and specific camera name, so we know which station needs to approve the invoices and have a way to track repair costs by station over time.

Your invoice has a "Notes" section already. Would it be too much to ask that this section include the network name and camera name? (CA-Riverside Sheriff – Lake Elsinore - #21 Main @ Cross St). If you can help with this and resubmit these invoices, I'd be happy to get them all process and paid immediately.

Thanks for the help!

Andy

Good Morning Lieutenant Martinez,

I received seven Flock invoices. Invoice number INV-8685 is being processed by Southwest Station, but can you please confirm the other invoices are ready to be paid? Below is a breakdown of the invoice.

FYI, the first invoice note mentions Los Angeles/ Long Beach but is invoiced to the RSO.

Invoice Number	Invoice Date	Invoice Amount	Item Description
INV-0606	5/11/2022	\$543.75	Relocation Fee, existing pole non-AC powered
INV-8685	1/25/2023	\$99,700.00	Falcon, Implementation Fee
INV-10459	2/22/2023	\$750.00	Pole and Camera Replacement
INV-11724	3/10/2023	\$1,500.00	Pole and Camera Replacement

INV-12369	3/22/2023	\$500.00	Camera Replacement
INV-12443	3/23/2023	\$1,000.00	Pole Replacement/Camera Replacement
INV-13213	4/5/2023	\$350.00	Additional Trip - Other

#194 WB Cottonwood Ave @ Elsworth St	Completed	Installation	10/5/2023

Status:

Scheduling: We are actively scheduling the technician visit - be that for a pre-installation site survey or the installation. Be on the lookout for the dispatched appointment within the next week or two.

Scheduled: Barring unforeseen circumstances, the technician will be onsite for your site survey or installation on this date.

Completed: The technician has completed the visit. Next step: the experts are in the process of confirming that your cameras are functioning properly (receiving adequate sunlight, connecting regularly to the cellular network, taking high-quality images, etc.). Once that part is complete, we will grant access to your camera footage.

Visit Types:

Site Survey: The technician will confirm that the locations previously agreed upon will work for the installation. The technician will place white flags at each location according to the plan you approved.

Installation: The technician will follow the plan based on the results of the site survey.

Maintenance: Our systems have identified an issue with your camera and a technician will be onsite to resolve the issue.

Stay Safe,
Your Flock Safety Team

Hi George,

RCSD has over 250 cameras, multiple networks and planning to add another 250 this upcoming FY. With these many cameras, it is very difficult to keep track of repairs and their subsequent billing. I've mentioned this to Tonya Crump before, but I'd like to have notes on each invoice specifically identifying the network and specific camera name, so we know which station needs to approve the invoices and have a way to track repair costs by station over time.

Your invoice has a "Notes" section already. Would it be too much to ask that this section include the network name and camera name? (CA-Riverside Sheriff – Lake Elsinore - #21 Main @ Cross St). If you can help with this and resubmit these invoices, I'd be happy to get them all process and paid immediately.

Thanks for the help!

Andy

Subject: FW: Flock Invoices

Good Morning Lieutenant Martinez,

I received seven Flock invoices. Invoice number INV-8685 is being processed by Southwest Station, but can you please confirm the other invoices are ready to be paid? Below is a breakdown of the invoice.

FYI, the first invoice note mentions Los Angeles/ Long Beach but is invoiced to the RSO.

Invoice Number	Invoice Date	Invoice Amount	Item Description
INV-0606	5/11/2022	\$543.75	Relocation Fee, existing pole non-AC powered
INV-8685	1/25/2023	\$99,700.00	Falcon, Implementation Fee
INV-10459	2/22/2023	\$750.00	Pole and Camera Replacement
INV-11724	3/10/2023	\$1,500.00	Pole and Camera Replacement
INV-12369	3/22/2023	\$500.00	Camera Replacement
INV-12443	3/23/2023	\$1,000.00	Pole Replacement/Camera Replacement
INV-13213	4/5/2023	\$350.00	Additional Trip - Other

Thank You,

Master Services Agreement

This Master Services Agreement (this “*Agreement*”) is entered into by and between Flock Group, Inc. with a place of business at 1170 Howell Mill Road NW Suite 210, Atlanta, GA 30318 (“*Flock*”) and the entity identified in the signature block (“*Customer*”) (each a “*Party*,” and together, the “*Parties*”) on this the 04 day of August 2023. This Agreement is effective on the date of mutual execution (“*Effective Date*”). Parties will sign an Order Form (“*Order Form*”) which will describe the Flock Services to be performed and the period for performance, attached hereto as **Exhibit A**. The Parties agree as follows:

RECITALS

WHEREAS, Flock offers a software and hardware situational awareness solution through Flock’s technology platform that upon detection is capable of capturing audio, video, image, and recording data and provide notifications to Customer (“*Notifications*”);

WHEREAS, Customer desires access to the Flock Services (defined below) on existing devices, provided by Customer, or Flock provided Flock Hardware (as defined below) in order to create, view, search and archive Footage and receive Notifications, via the Flock Services;

WHEREAS, Customer shall have access to the Footage in Flock Services. Pursuant to Flock’s standard Retention Period (defined below) Flock deletes all Footage on a rolling thirty (30) day basis, except as otherwise stated on the *Order Form*. Customer shall be responsible for extracting, downloading and archiving Footage from the Flock Services on its own storage devices; and

WHEREAS, Flock desires to provide Customer the Flock Services and any access thereto, subject to the terms and conditions of this Agreement, solely for the awareness, prevention, and prosecution of crime, bona fide investigations and evidence gathering for law enforcement purposes, (“*Permitted Purpose*”).

AGREEMENT

NOW, THEREFORE, Flock and Customer agree that this Agreement, and any Order Form, purchase orders, statements of work, product addenda, or the like, attached hereto as exhibits and incorporated by reference, constitute the complete and exclusive statement of the Agreement of the Parties with respect to the subject matter of this Agreement, and replace and supersede all prior agreements, term sheets, purchase orders, correspondence, oral or written communications and negotiations by and between the Parties.

1. DEFINITIONS

Certain capitalized terms, not otherwise defined herein, have the meanings set forth or cross-referenced in this Section 1.

1.1 “*Anonymized Data*” means Customer Data permanently stripped of identifying details and any potential personally identifiable information, by commercially available standards which irreversibly alters data in such a way that a data subject (i.e., individual person or entity) can no longer be identified directly or indirectly.

1.2 “*Authorized End User(s)*” means any individual employees, agents, or contractors of Customer accessing or using the Services, under the rights granted to Customer pursuant to this Agreement.

1.3 “*Customer Data*” means the data, media and content provided by Customer through the Services. For the avoidance of doubt, the Customer Data will include the Footage.

1.4. “*Customer Hardware*” means the third-party camera owned or provided by Customer and any other physical elements that interact with the Embedded Software and the Web Interface to provide the Services.

1.5 “*Embedded Software*” means the Flock proprietary software and/or firmware integrated with or installed on the Flock Hardware or Customer Hardware.

1.6 “*Flock Hardware*” means the Flock device(s), which may include the pole, clamps, solar panel, installation components, and any other physical elements that interact with the Embedded Software and the Web Interface, to provide the Flock Services as specifically set forth in the applicable product addenda.

1.7 “**Flock IP**” means the Services, the Embedded Software, and any intellectual property or proprietary information therein or otherwise provided to Customer and/or its Authorized End Users. Flock IP does not include Footage (as defined below).

1.8 “**Flock Network End User(s)**” means any user of the Flock Services that Customer authorizes access to or receives data from, pursuant to the licenses granted herein.

1.9 “**Flock Services**” means the provision of Flock’s software and hardware situational awareness solution, via the Web Interface, for automatic license plate detection, alerts, audio detection, searching image records, video and sharing Footage.

1.10 “**Footage**” means still images, video, audio and other data captured by the Flock Hardware or Customer Hardware in the course of and provided via the Flock Services.

1.11 “**Hotlist(s)**” means a digital file containing alphanumeric license plate related information pertaining to vehicles of interest, which may include stolen vehicles, stolen vehicle license plates, vehicles owned or associated with wanted or missing person(s), vehicles suspected of being involved with criminal or terrorist activities, and other legitimate law enforcement purposes. Hotlist also includes, but is not limited to, national data (i.e., NCIC) for similar categories, license plates associated with AMBER Alerts or Missing Persons/Vulnerable Adult Alerts, and includes manually entered license plate information associated with crimes that have occurred in any local jurisdiction.

1.12 “**Installation Services**” means the services provided by Flock for installation of Flock Services.

1.13 “**Retention Period**” means the time period that the Customer Data is stored within the cloud storage, as specified in the product addenda.

1.14 “**Vehicle Fingerprint™**” means the unique vehicular attributes captured through Services such as: type, make, color, state registration, missing/covered plates, bumper stickers, decals, roof racks, and bike racks.

1.15 “**Web Interface**” means the website(s) or application(s) through which Customer and its Authorized End Users can access the Services.

2. SERVICES AND SUPPORT

2.1 Provision of Access. Flock hereby grants to Customer a non-exclusive, non-transferable right to access the features and functions of the Flock Services via the Web Interface during the Term, solely for the Authorized End Users. The Footage will be available for Authorized End Users to access and download via the Web Interface for the data retention time defined on the Order Form ("**Retention Period**"). Authorized End Users will be required to sign up for an account and select a password and username ("**User ID**"). Customer shall be responsible for all acts and omissions of Authorized End Users, and any act or omission by an Authorized End User which, including any acts or omissions of authorized End user which would constitute a breach of this agreement if undertaken by customer. Customer shall undertake reasonable efforts to make all Authorized End Users aware of all applicable provisions of this Agreement and shall cause Authorized End Users to comply with such provisions. Flock may use the services of one or more third parties to deliver any part of the Flock Services, (such as using a third party to host the Web Interface for cloud storage or a cell phone provider for wireless cellular coverage).

2.2 Embedded Software License. Flock grants Customer a limited, non-exclusive, non-transferable, non-sublicensable (except to the Authorized End Users), revocable right to use the Embedded Software as it pertains to Flock Services, solely as necessary for Customer to use the Flock Services.

2.3 Support Services. Flock shall monitor the Flock Services, and any applicable device health, in order to improve performance and functionality. Flock will use commercially reasonable efforts to respond to requests for support within seventy-two (72) hours. Flock will provide Customer with reasonable technical and on-site support and maintenance services in-person, via phone or by email at [REDACTED]@flocksafety.com (such services collectively referred to as "**Support Services**").

2.4 Upgrades to Platform. Flock may make any upgrades to system or platform that it deems necessary or useful to (i) maintain or enhance the quality or delivery of Flock's products or services to its agencies, the competitive strength of, or market for, Flock's products or services, such platform or system's cost efficiency or performance, or (ii) to comply with applicable law. Parties understand that such upgrades are necessary from time to time and will not diminish the quality of the services or materially change any terms or conditions within this Agreement.

2.5 Service Interruption. Services may be interrupted in the event that: (a) Flock's provision of the Services to Customer or any Authorized End User is prohibited by applicable law; (b) any third-party services required for Services are interrupted; (c) if Flock reasonably believe Services are being used for malicious, unlawful, or otherwise unauthorized use; (d) there is a threat or attack on any of the Flock IP by a third party; or (e) scheduled or emergency maintenance ("***Service Interruption***"). Flock will make commercially reasonable efforts to provide written notice of any Service Interruption to Customer, to provide updates, and to resume providing access to Flock Services as soon as reasonably possible after the event giving rise to the Service Interruption is cured. Flock will have no liability for any damage, liabilities, losses (including any loss of data or profits), or any other consequences that Customer or any Authorized End User may incur as a result of a Service Interruption. To the extent that the Service Interruption is not caused by Customer's direct actions or by the actions of parties associated with the Customer, the time will be tolled by the duration of the Service Interruption (for any continuous suspension lasting at least one full day). For example, in the event of a Service Interruption lasting five (5) continuous days, Customer will receive a credit for five (5) free days at the end of the Term.

2.6 Service Suspension. Flock may temporarily suspend Customer's and any Authorized End User's access to any portion or all of the Flock IP or Flock Service if (a) there is a threat or attack on any of the Flock IP by Customer; (b) Customer's or any Authorized End User's use of the Flock IP disrupts or poses a security risk to the Flock IP or any other customer or vendor of Flock; (c) Customer or any Authorized End User is/are using the Flock IP for fraudulent or illegal activities; (d) Customer has violated any term of this provision, including, but not limited to, utilizing Flock Services for anything other than the Permitted Purpose; or (e) any unauthorized access to Flock Services through Customer's account ("***Service Suspension***"). Customer shall not be entitled to any remedy for the Service Suspension period, including any reimbursement, tolling, or credit. If the Service Suspension was not caused by Customer, the Term will be tolled by the duration of the Service Suspension.

2.7 Hazardous Conditions. Flock Services do not contemplate hazardous materials, or other hazardous conditions, including, without limit, asbestos, lead, toxic or flammable substances. In the event any such hazardous materials are discovered in the designated locations in which Flock is to perform services under this Agreement, Flock shall have the right to cease work immediately.

3. CUSTOMER OBLIGATIONS

3.1 Customer Obligations. Flock will assist Customer Authorized End Users in the creation of a User ID. Authorized End Users agree to provide Flock with accurate, complete, and updated registration information. Authorized End Users may not select as their User ID, a name that they do not have the right to use, or any other name with the intent of impersonation. Customer and Authorized End Users may not transfer their account to anyone else without prior written permission of Flock. Authorized End Users shall not share their account username or password information and must protect the security of the username and password. Unless otherwise stated and defined in this Agreement, Customer shall not designate Authorized End Users for persons who are not officers, employees, or agents of Customer. Authorized End Users shall only use Customer-issued email addresses for the creation of their User ID. Customer is responsible for any Authorized End User activity associated with its account. Customer shall ensure that Customer provides Flock with up to date contact information at all times during the Term of this agreement. Customer shall be responsible for obtaining and maintaining any equipment and ancillary services needed to connect to, access or otherwise use the Flock Services. Customer shall (at its own expense) provide Flock with reasonable access and use of Customer facilities and Customer personnel in order to enable Flock to perform Services (such obligations of Customer are collectively defined as “*Customer Obligations*”).

3.2 Customer Representations and Warranties. Customer represents, covenants, and warrants that Customer shall use Flock Services only in compliance with this Agreement and all applicable laws and regulations, including but not limited to any laws relating to the recording or sharing of data, video, photo, or audio content.

4. DATA USE AND LICENSING

4.1 Customer Data. As between Flock and Customer, all right, title and interest in the Customer Data, belong to and are retained solely by Customer. Customer hereby grants to Flock a limited, non-exclusive, royalty-free, irrevocable, worldwide license to use the Customer Data and perform all acts as may be necessary for Flock to provide the Flock Services to Customer. Flock does not own and shall not sell Customer Data.

4.2 Customer Generated Data. Flock may provide Customer with the opportunity to post, upload, display, publish, distribute, transmit, broadcast, or otherwise make available, messages,

text, illustrations, files, images, graphics, photos, comments, sounds, music, videos, information, content, ratings, reviews, data, questions, suggestions, or other information or materials produced by Customer (“**Customer Generated Data**”). Customer shall retain whatever legally cognizable right, title, and interest in Customer Generated Data. Customer understands and acknowledges that Flock has no obligation to monitor or enforce Customer’s intellectual property rights of Customer Generated Data. Customer grants Flock a non-exclusive, irrevocable, worldwide, royalty-free, license to use the Customer Generated Data for the purpose of providing Flock Services. Flock does not own and shall not sell Customer Generated Data.

4.3 Anonymized Data. Flock shall have the right to collect, analyze, and anonymize Customer Data and Customer Generated Data to the extent such anonymization renders the data non-identifiable to create Anonymized Data to use and perform the Services and related systems and technologies, including the training of machine learning algorithms. Customer hereby grants Flock a non-exclusive, worldwide, perpetual, royalty-free right to use and distribute such Anonymized Data to improve and enhance the Services and for other development, diagnostic and corrective purposes, and other Flock offerings. Parties understand that the aforementioned license is required for continuity of Services. Flock does not own and shall not sell Anonymized Data.

5. CONFIDENTIALITY; DISCLOSURES

5.1 Confidentiality. To the extent required by any applicable public records requests, each Party (the “**Receiving Party**”) understands that the other Party (the “**Disclosing Party**”) has disclosed or may disclose business, technical or financial information relating to the Disclosing Party’s business (hereinafter referred to as “**Proprietary Information**” of the Disclosing Party).

Proprietary Information of Flock includes non-public information regarding features, functionality and performance of the Services. Proprietary Information of Customer includes non-public data provided by Customer to Flock or collected by Flock via Flock Services, which includes but is not limited to geolocation information and environmental data collected by sensors. The Receiving Party agrees: (i) to take the same security precautions to protect against disclosure or unauthorized use of such Proprietary Information that the Party takes with its own proprietary information, but in no event less than commercially reasonable precautions, and (ii) not to use (except in performance of the Services or as otherwise permitted herein) or divulge to any third person any

such Proprietary Information. The Disclosing Party agrees that the foregoing shall not apply with respect to any information that the Receiving Party can document (a) is or becomes generally available to the public; or (b) was in its possession or known by it prior to receipt from the Disclosing Party; or (c) was rightfully disclosed to it without restriction by a third party; or (d) was independently developed without use of any Proprietary Information of the Disclosing Party. Nothing in this Agreement will prevent the Receiving Party from disclosing the Proprietary Information pursuant to any judicial or governmental order, provided that the Receiving Party gives the Disclosing Party reasonable prior notice of such disclosure to contest such order. At the termination of this Agreement, all Proprietary Information will be returned to the Disclosing Party, destroyed or erased (if recorded on an erasable storage medium), together with any copies thereof, when no longer needed for the purposes above, or upon request from the Disclosing Party, and in any case upon termination of the Agreement. Notwithstanding any termination, all confidentiality obligations of Proprietary Information that is trade secret shall continue in perpetuity or until such information is no longer trade secret.

5.2 Usage Restrictions on Flock IP. Flock and its licensors retain all right, title and interest in and to the Flock IP and its components, and Customer acknowledges that it neither owns nor acquires any additional rights in and to the foregoing not expressly granted by this Agreement. Customer further acknowledges that Flock retains the right to use the foregoing for any purpose in Flock's sole discretion. Customer and Authorized End Users shall not: (i) copy or duplicate any of the Flock IP; (ii) decompile, disassemble, reverse engineer, or otherwise attempt to obtain or perceive the source code from which any software component of any of the Flock IP is compiled or interpreted, or apply any other process or procedure to derive the source code of any software included in the Flock IP; (iii) attempt to modify, alter, tamper with or repair any of the Flock IP, or attempt to create any derivative product from any of the foregoing; (iv) interfere or attempt to interfere in any manner with the functionality or proper working of any of the Flock IP; (v) remove, obscure, or alter any notice of any intellectual property or proprietary right appearing on or contained within the Flock Services or Flock IP; (vi) use the Flock Services for anything other than the Permitted Purpose; or (vii) assign, sublicense, sell, resell, lease, rent, or otherwise transfer, convey, pledge as security, or otherwise encumber, Customer's rights. There are no implied rights.

5.3 Disclosure of Footage. Subject to and during the Retention Period, Flock may access, use, preserve and/or disclose the Footage to law enforcement authorities, government officials, and/or third parties, if legally required to do so or if Flock has a good faith belief that such access, use, preservation or disclosure is reasonably necessary to comply with a legal process, enforce this Agreement, or detect, prevent or otherwise address security, privacy, fraud or technical issues, or emergency situations.

6. PAYMENT OF FEES

6.1 Billing and Payment of Fees. Customer shall pay the fees set forth in the applicable Order Form based on the billing structure and payment terms as indicated in the Order Form. If Customer believes that Flock has billed Customer incorrectly, Customer must contact Flock no later than thirty (30) days after the closing date on the first invoice in which the error or problem appeared to receive an adjustment or credit. Customer acknowledges and agrees that a failure to contact Flock within this period will serve as a waiver of any claim. If any undisputed fee is more than thirty (30) days overdue, Flock may, without limiting its other rights and remedies, suspend delivery of its service until such undisputed invoice is paid in full. Flock shall provide at least thirty (30) days' prior written notice to Customer of the payment delinquency before exercising any suspension right.

6.2 Notice of Changes to Fees. Flock reserves the right to change the fees for subsequent Renewal Terms by providing sixty (60) days' notice (which may be sent by email) prior to the end of the Initial Term or Renewal Term (as applicable).

6.3 Late Fees. If payment is not issued to Flock by the due date of the invoice, an interest penalty of 1.0% of any unpaid amount may be added for each month or fraction thereafter, until final payment is made.

6.4 Taxes. Customer is responsible for all taxes, levies, or duties, excluding only taxes based on Flock's net income, imposed by taxing authorities associated with the order. If Flock has the legal obligation to pay or collect taxes, including amount subsequently assessed by a taxing authority, for which Customer is responsible, the appropriate amount shall be invoice to and paid by Customer unless Customer provides Flock a legally sufficient tax exemption certificate and Flock shall not charge customer any taxes from which it is exempt. If any deduction or

withholding is required by law, Customer shall notify Flock and shall pay Flock any additional amounts necessary to ensure that the net amount that Flock receives, after any deduction and withholding, equals the amount Flock would have received if no deduction or withholding had been required.

7. TERM AND TERMINATION

7.1 Term. The initial term of this Agreement shall be for the period of time set forth on the Order Form (the "***Term***"). Following the Term, unless otherwise indicated on the Order Form, this Agreement will automatically renew for successive renewal terms of the greater of one year or the length set forth on the Order Form (each, a "***Renewal Term***") unless either Party gives the other Party notice of non-renewal at least thirty (30) days prior to the end of the then-current term.

7.2 Termination. Upon termination or expiration of this Agreement, Flock will remove any applicable Flock Hardware at a commercially reasonable time period. In the event of any material breach of this Agreement, the non-breaching Party may terminate this Agreement prior to the end of the Term by giving thirty (30) days prior written notice to the breaching Party; provided, however, that this Agreement will not terminate if the breaching Party has cured the breach prior to the expiration of such thirty (30) day period ("***Cure Period***"). Either Party may terminate this Agreement (i) upon the institution by or against the other Party of insolvency, receivership or bankruptcy proceedings, (ii) upon the other Party's making an assignment for the benefit of creditors, or (iii) upon the other Party's dissolution or ceasing to do business. In the event of a material breach by Flock, and Flock is unable to cure within the ***Cure Period***, Flock will refund Customer a pro-rata portion of the pre-paid fees for Services not received due to such termination.

7.3 Survival. The following Sections will survive termination: 1, 3, 5, 6, 7, 8.3, 8.4, 9, 11.1 and 11.6.

8. REMEDY FOR DEFECT; WARRANTY AND DISCLAIMER

8.1 **Manufacturer Defect.** Upon a malfunction or failure of Flock Hardware or Embedded Software (a “*Defect*”), Customer must notify Flock’s technical support team. In the event of a Defect, Flock shall make a commercially reasonable attempt to repair or replace the defective Flock Hardware at no additional cost to the Customer. Flock reserves the right, in its sole discretion, to repair or replace such Defect, provided that Flock shall conduct inspection or testing within a commercially reasonable time, but no longer than seven (7) business days after Customer gives notice to Flock.

8.2 **Replacements.** In the event that Flock Hardware is lost, stolen, or damaged, Customer may request a replacement of Flock Hardware at a fee according to the reinstall fee schedule

 In the event that Customer chooses not to replace lost, damaged, or stolen Flock Hardware, Customer understands and agrees that (1) Flock Services will be materially affected, and (2) that Flock shall have no liability to Customer regarding such affected Flock Services, nor shall Customer receive a refund for the lost, damaged, or stolen Flock Hardware.

8.3 **Warranty.** Flock shall use reasonable efforts consistent with prevailing industry standards to maintain the Services in a manner which minimizes errors and interruptions in the Services and shall perform the Installation Services in a professional and workmanlike manner. Services may be temporarily unavailable for scheduled maintenance or for unscheduled emergency maintenance, either by Flock or by third-party providers, or because of other causes beyond Flock’s reasonable control, but Flock shall use reasonable efforts to provide advance notice in writing or by e-mail of any scheduled service disruption.

8.4 **Disclaimer.** THE REMEDY DESCRIBED IN SECTION 8.1 ABOVE IS CUSTOMER’S SOLE REMEDY, AND FLOCK’S SOLE LIABILITY, WITH RESPECT TO DEFECTS. FLOCK DOES NOT WARRANT THAT THE SERVICES WILL BE UNINTERRUPTED OR ERROR FREE; NOR DOES IT MAKE ANY WARRANTY AS TO THE RESULTS THAT MAY BE OBTAINED FROM USE OF THE SERVICES. EXCEPT AS EXPRESSLY SET FORTH IN THIS SECTION, THE SERVICES ARE PROVIDED “AS IS” AND FLOCK DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A

PARTICULAR PURPOSE AND NON-INFRINGEMENT. THIS DISCLAIMER ONLY APPLIES TO THE EXTENT ALLOWED BY THE GOVERNING LAW OF THE STATE MENTIONED IN SECTION 11.6.

8.5 Insurance. Flock will maintain commercial general liability policies as stated in Exhibit B.

8.6 Force Majeure. Parties are not responsible or liable for any delays or failures in performance from any cause beyond their control, including, but not limited to acts of God, changes to law or regulations, embargoes, war, terrorist acts, pandemics (including the spread of variants), issues of national security, acts or omissions of third-party technology providers, riots, fires, earthquakes, floods, power blackouts, strikes, supply chain shortages of equipment or supplies, financial institution crisis, weather conditions or acts of hackers, internet service providers or any other third party acts or omissions.

9. LIMITATION OF LIABILITY; INDEMNITY

9.1 Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY, FLOCK, ITS OFFICERS, AFFILIATES, REPRESENTATIVES, CONTRACTORS AND EMPLOYEES SHALL NOT BE RESPONSIBLE OR LIABLE WITH RESPECT TO ANY SUBJECT MATTER OF THIS AGREEMENT OR TERMS AND CONDITIONS RELATED THERETO UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY, PRODUCT LIABILITY, OR OTHER THEORY: (A) FOR LOSS OF REVENUE, BUSINESS OR BUSINESS INTERRUPTION; (B) INCOMPLETE, CORRUPT, OR INACCURATE DATA; (C) COST OF PROCUREMENT OF SUBSTITUTE GOODS, SERVICES OR TECHNOLOGY; (D) FOR ANY INDIRECT, EXEMPLARY, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES; (E) FOR ANY MATTER BEYOND FLOCK'S ACTUAL KNOWLEDGE OR REASONABLE CONTROL INCLUDING REPEAT CRIMINAL ACTIVITY OR INABILITY TO CAPTURE FOOTAGE; OR (F) FOR ANY AMOUNTS THAT, TOGETHER WITH AMOUNTS ASSOCIATED WITH ALL OTHER CLAIMS, EXCEED THE FEES PAID AND/OR PAYABLE BY CUSTOMER TO FLOCK FOR THE SERVICES UNDER THIS AGREEMENT IN THE TWELVE (12) MONTHS PRIOR TO THE ACT OR OMISSION THAT GAVE RISE TO THE LIABILITY, IN EACH CASE, WHETHER OR NOT FLOCK HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION OF

LIABILITY OF SECTION ONLY APPLIES TO THE EXTENT ALLOWED BY THE GOVERNING LAW OF THE STATE REFERENCED IN SECTION 10.6.

NOTWITHSTANDING ANYTHING TO THE CONTRARY, THE FOREGOING LIMITATIONS OF LIABILITY SHALL NOT APPLY (I) IN THE EVENT OF GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, OR (II) INDEMNIFICATION OBLIGATIONS.

9.2 Responsibility. Each Party to this Agreement shall assume the responsibility and liability for the acts and omissions of its own employees, officers, or agents, in connection with the performance of their official duties under this Agreement. Each Party to this Agreement shall be liable for the torts of its own officers, agents, or employees.

9.3 Flock Indemnity. Flock shall indemnify and hold harmless Customer, its agents and employees, from liability of any kind, including claims, costs (including defense) and expenses, on account of: (i) any copyrighted material, patented or unpatented invention, articles, device or appliance manufactured or used in the performance of this Agreement; or (ii) any damage or injury to property or person directly caused by Flock's installation of Flock Hardware, except for where such damage or injury was caused solely by the negligence of the Customer or its agents, officers or employees. Flock's performance of this indemnity obligation shall not exceed the fees paid and/or payable for the services rendered under this Agreement in the preceding twelve (12) months.

10. INSTALLATION SERVICES AND OBLIGATIONS

10.1 Ownership of Hardware. Flock Hardware is owned and shall remain the exclusive property of Flock. Title to any Flock Hardware shall not pass to Customer upon execution of this Agreement, except as otherwise specifically set forth in this Agreement. Except as otherwise expressly stated in this Agreement, Customer is not permitted to remove, reposition, re-install, tamper with, alter, adjust or otherwise take possession or control of Flock Hardware. Customer agrees and understands that in the event Customer is found to engage in any of the foregoing restricted actions, all warranties herein shall be null and void, and this Agreement shall be subject to immediate termination for material breach by Customer. Customer shall not perform any acts which would interfere with the retention of title of the Flock Hardware by Flock. Should Customer default on any payment of the Flock Services, Flock may remove Flock Hardware at

Flock's discretion. Such removal, if made by Flock, shall not be deemed a waiver of Flock's rights to any damages Flock may sustain as a result of Customer's default and Flock shall have the right to enforce any other legal remedy or right.

10.2 Deployment Plan. Flock shall advise Customer on the location and positioning of the Flock Hardware for optimal product functionality, as conditions and locations allow. Flock will collaborate with Customer to design the strategic geographic mapping of the location(s) and implementation of Flock Hardware to create a deployment plan ("**Deployment Plan**"). In the event that Flock determines that Flock Hardware will not achieve optimal functionality at a designated location, Flock shall have final discretion to veto a specific location, and will provide alternative options to Customer.

10.3 Changes to Deployment Plan. After installation of Flock Hardware, any subsequent requested changes to the Deployment Plan, including, but not limited to, relocating, re-positioning, adjusting of the mounting, removing foliage, replacement, changes to heights of poles will incur a fee according to the reinstall fee schedule located at

 Customer will receive prior notice and confirm approval of any such fees.

10.4 Customer Installation Obligations. Customer is responsible for any applicable supplementary cost as described in the Customer Implementation Guide, attached hereto as Exhibit C ("**Customer Obligations**"). Customer represents and warrants that it has, or shall lawfully obtain, all necessary right title and authority and hereby authorizes Flock to install the Flock Hardware at the designated locations and to make any necessary inspections or maintenance in connection with such installation.

10.5 Flock's Obligations. Installation of any Flock Hardware shall be installed in a professional manner within a commercially reasonable time from the Effective Date of this Agreement. Upon removal of Flock Hardware, Flock shall restore the location to its original condition, ordinary wear and tear excepted. Flock will continue to monitor the performance of Flock Hardware for the length of the Term. Flock may use a subcontractor or third party to perform certain obligations under this agreement, provided that Flock's use of such subcontractor or third party shall not release Flock from any duty or liability to fulfill Flock's obligations under this Agreement.

11. MISCELLANEOUS

11.1 Compliance With Laws. Parties shall comply with all applicable local, state and federal laws, regulations, policies and ordinances and their associated record retention schedules, including responding to any subpoena request(s).

11.2 Severability. If any provision of this Agreement is found to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement will otherwise remain in full force and effect.

11.3 Assignment. This Agreement is not assignable, transferable or sublicensable by either Party, without prior consent. Notwithstanding the foregoing, either Party may assign this Agreement, without the other Party's consent, (i) to any parent, subsidiary, or affiliate entity, or (ii) to any purchaser of all or substantially all of such Party's assets or to any successor by way of merger, consolidation or similar transaction.

11.4 Entire Agreement. This Agreement, together with the Order Form(s), the reinstall fee schedule [REDACTED] and any attached exhibits are the complete and exclusive statement of the mutual understanding of the Parties and supersedes and cancels all previous or contemporaneous negotiations, discussions or agreements, whether written and oral, communications and other understandings relating to the subject matter of this Agreement, and that all waivers and modifications must be in a writing signed by both Parties, except as otherwise provided herein. None of Customer's purchase orders, authorizations or similar documents will alter the terms of this Agreement, and any such conflicting terms are expressly rejected. Any mutually agreed upon future purchase order is subject to these legal terms and does not alter the rights and obligations under this Agreement, except that future purchase orders may outline additional products, services, quantities and billing terms to be mutually accepted by Parties. In the event of any conflict of terms found in this Agreement or any other terms and conditions, the terms of this Agreement shall prevail. Customer agrees that Customer's purchase is neither contingent upon the delivery of any future functionality or features nor dependent upon any oral or written comments made by Flock with respect to future functionality or feature.

11.5 Relationship. No agency, partnership, joint venture, or employment is created as a result of this Agreement and Parties do not have any authority of any kind to bind each other in any respect whatsoever. Flock shall at all times be and act as an independent contractor to Customer.

11.6 Governing Law; Venue. This Agreement shall be governed by the laws of the state in which the Customer is located. The Parties hereto agree that venue would be proper in the chosen courts of the State of which the Customer is located. The Parties agree that the United Nations Convention for the International Sale of Goods is excluded in its entirety from this Agreement.

11.7 Special Terms. Flock may offer certain special terms which are indicated in the proposal and will become part of this Agreement, upon Customer's prior written consent and the mutual execution by authorized representatives ("*Special Terms*"). To the extent that any terms of this Agreement are inconsistent or conflict with the Special Terms, the Special Terms shall control.

11.8 Publicity. Flock has the right to reference and use Customer's name and trademarks and disclose the nature of the Services in business and development and marketing efforts.

11.9 Feedback. If Customer or Authorized End User provides any suggestions, ideas, enhancement requests, feedback, recommendations or other information relating to the subject matter hereunder, Agency or Authorized End User hereby assigns to Flock all right, title and interest (including intellectual property rights) with respect to or resulting from any of the foregoing.

11.10 Export. Customer may not remove or export from the United States or allow the export or re-export of the Flock IP or anything related thereto, or any direct product thereof in violation of any restrictions, laws or regulations of the United States Department of Commerce, the United States Department of Treasury Office of Foreign Assets Control, or any other United States or foreign Customer or authority. As defined in Federal Acquisition Regulation ("FAR"), section 2.101, the Services, the Flock Hardware and Documentation are "commercial items" and according to the Department of Defense Federal Acquisition Regulation ("DFAR") section 252.2277014(a)(1) and are deemed to be "commercial computer software" and "commercial computer software documentation." Flock is compliant with FAR Section 889 and does not contract or do business with, use any equipment, system, or service that uses the enumerated banned Chinese telecommunication companies, equipment or services as a substantial or essential component of any system, or as critical technology as part of any Flock system. Consistent with DFAR section 227.7202 and FAR section 12.212, any use, modification, reproduction, release, performance, display, or disclosure of such commercial software or commercial software documentation by the U.S. Government will be governed solely by the terms of this Agreement and will be prohibited except to the extent expressly permitted by the terms of this Agreement.

11.11 Headings. The headings are merely for organization and should not be construed as adding meaning to the Agreement or interpreting the associated sections.

11.12 Authority. Each of the below signers of this Agreement represent that they understand this Agreement and have the authority to sign on behalf of and bind the Parties they are representing.

11.13 Conflict. In the event there is a conflict between this Agreement and any applicable statement of work, or Customer purchase order, this Agreement controls unless explicitly stated otherwise.

11.14 Morality. In the event Customer or its agents become the subject of an indictment, contempt, scandal, crime of moral turpitude or similar event that would negatively impact or tarnish Flock's reputation, Flock shall have the option to terminate this Agreement upon prior written notice to Customer.

11.15 Notices. All notices under this Agreement will be in writing and will be deemed to have been duly given when received, if personally delivered; when receipt is electronically confirmed, if transmitted by email; the day after it is sent, if sent for next day delivery by recognized overnight delivery service; and upon receipt to the address listed on the Order Form (or, if different, below), if sent by certified or registered mail, return receipt requested.

11.16 Non-Appropriation. Notwithstanding any other provision of this Agreement, all obligations of the Customer under this Agreement which require the expenditure of funds are conditioned on the availability of funds appropriated for that purpose. Customer shall have the right to terminate this Agreement for non appropriation with thirty (30) days written notice without penalty or other cost.

EXHIBIT B
INSURANCE

Required Coverage. Flock shall procure and maintain for the duration of this Agreement insurance against claims for injuries to persons or damages to property that may arise from or in connection with the performance of the services under this Agreement and the results of that work by Flock or its agents, representatives, employees or subcontractors. Insurance shall be placed with insurers with a current A. M. Best rating of no less than “A” and “VII”. Flock shall obtain and, during the term of this Agreement, shall maintain policies of professional liability (errors and omissions), automobile liability, and general liability insurance for insurable amounts of not less than the limits listed herein. The insurance policies shall provide that the policies shall remain in full force during the life of the Agreement. Flock shall procure and shall maintain during the life of this Agreement Worker's Compensation insurance as required by applicable State law for all Flock employees.

Types and Amounts Required. Flock shall maintain, at minimum, the following insurance coverage for the duration of this Agreement:

- (i) **Commercial General Liability** insurance written on an occurrence basis with minimum limits of One Million Dollars (\$1,000,000) per occurrence and Two Million Dollars (\$2,000,000) in the aggregate for bodily injury, death, and property damage, including personal injury, contractual liability, independent contractors, broad-form property damage, and product and completed operations coverage;
- (ii) **Umbrella or Excess Liability** insurance written on an occurrence basis with minimum limits of Ten Million Dollars (\$10,000,000) per occurrence and Ten Million Dollars (\$10,000,000) in the aggregate;
- (iii) **Professional Liability/Errors and Omissions** insurance with minimum limits of Five Million Dollars (\$5,000,000) per occurrence and Five Million Dollars (\$5,000,000) in the aggregate;
- (iv) **Commercial Automobile Liability** insurance with a minimum combined single limit of One Million Dollars (\$1,000,000) per occurrence for bodily injury, death, and property coverage, including owned and non-owned and hired automobile coverage; and

(v) Cyber Liability insurance written on an occurrence basis with minimum limits of Five Million Dollars (\$5,000,000).

Good Morning,

Thanks for reaching out to Support; I am happy to assist. Bobby Albarran, Matthew Allen, & Brandon Arias are listed as system administrators.

I hope that helps! :)

Stay safe,
Alex C

Hello,

Can you tell me who runs or controls the flock safety system for our department. I have a question about admin rights.

Thanks

Hi Cynthia,

Alex here from Flock Safety Customer Support. While responding to an alarm on camera #34 today, the technician noticed that the location experienced third-party damage as the solar panel is stolen and the wire to the camera was cut (see attachment). We went ahead and replaced the panel to ensure the location would be functioning properly as soon as possible.

Due to the damage being physical in nature, we will be sending an invoice for the damage in conjunction with our [reinstall fee schedule](#). This invoice (\$350) will be emailed to you shortly. For additional information, please see Section 7.1 of our [Terms and Conditions](#).

Thank you for your partnership, and we apologize for the inconvenience here. We look forward to your organization seeing continued success with your Flock technology.

Stay safe,
Alex Graber

Warning: External Email – Watch for Email Red Flags!

Good Morning,

Thank you for reaching out. I am sorry to learn of this unfortunate incident. I am happy to assist in restoring functionality to City of Moreno Valley location #65. I have a few questions to ensure this process goes smoothly.

1. Here is a link to the [reinstall fee schedule](#). Reinstall will cost \$350-\$800 depending upon the extent of the damage. Do we have permission to move forward with the maintenance? If yes, the invoice will be emailed to [REDACTED]@moval.org
2. What is the status of the utility pole? If it is not functional, can you please let us know when we can proceed with reinstalling all Flock equipment on it? We'd appreciate it.
3. Please confirm the address where we can pick up the Flock equipment and if there is anything we should reference/someone we should ask for upon doing so; we understand that personnel availability changes frequently in a public safety setting, so we are happy to connect with administrative staff to obtain equipment if they have a more flexible schedule.

Thank you in advance for your response.

Have a great day!
Alex Graber

Good Afternoon Lt Fransik and Nichole,

We are working to finalize the permits, and the city has advised they want to not install a pole at this area:

#13 E/B Detroit Street @ Hamner Avenue

Can you please provide a different location where we can use a light pole or traffic signal? Once we get this location updated Public works said they will issue the permit quickly and we can get to installation. Thanks again.

Ken,

Any word on this? Was the camera destroyed or stolen? Relocating it sounds like a good start, but if it's been hit 3x already, it will probably be hit again.

Alternatively, perhaps we can place some sort of tracker on a replacement camera

Sent: 10/19/2023, 12:13 PM
To: [REDACTED]@riversidesheriff.org
Subject: Missing Equipment - Cam #16 WB Ironwood @ Theodore

Good Morning,

Katie here from Flock Safety Customer Support. While responding to an alarm on camera #16 WB Ironwood @ Theodore, the technician noticed that the location experienced third-party damage as the pole was cut at the base and all equipment was missing (see attachments). We will need to replace all of the equipment to ensure the location is functioning properly as soon as possible. Do you know who removed the equipment and/or where it is located? If so, can you please provide us with the address to pick up the equipment and if there is anything we should reference/someone we should ask for upon doing so; we understand that personnel availability changes frequently in a public safety setting, so we are happy to connect with administrative staff to obtain equipment if they have a more flexible schedule.

If the equipment cannot be located or damage is discovered, we will be sending an invoice for the damage in conjunction with our [reinstall fee schedule](#). This invoice (\$1,300) will be emailed to [REDACTED] [@riversidesheriff.org](mailto:[REDACTED]@riversidesheriff.org). If the equipment is located with no damage, the invoice will be only for the pole replacement (\$500). For additional information, please see Section 8.1 of our [Terms and Conditions](#).

We would like to suggest relocating the equipment at this location since this is the 3rd time it has experienced third-party damage. Please note, that this would be free of charge (normally, a \$350-\$750 relocation fee). Would you like to move forward with a relocation at this time to improve the camera's functionality? If so, our Deployment Strategy Team and Project Management Office would appreciate the below questions be answered so that we can assist further:

- Where would you like to relocate the camera? Please provide coordinates and/or a mark on an aerial view map.
- Which direction of travel would you like to capture?
- Is the camera going on an existing pole or Flock pole?

If a permit is needed, we may request additional documentation. The permitting process may prolong the timeline.

Thank you for your partnership, and we apologize for the inconvenience here. We look forward to your organization seeing continued success with your Flock technology.

Stay safe,
Katie

Status:

Scheduling: We are actively scheduling the technician visit - be that for a pre-installation site survey or the installation. Be on the lookout for the dispatched appointment within the next week or two.

Scheduled: Barring unforeseen circumstances, the technician will be onsite for your site survey or installation on this date.

Completed: The technician has completed the visit. Next step: the experts are in the process of confirming that your cameras are functioning properly (receiving adequate sunlight, connecting regularly to the cellular network, taking high-quality images, etc.). Once that part is complete, we will grant access to your camera footage.

Visit Types:

Site Survey: The technician will confirm that the locations previously agreed upon will work for the installation. The technician will place white flags at each location according to the plan you approved.

Installation: The technician will follow the plan based on the results of the site survey.

Maintenance: Our systems have identified an issue with your camera and a technician will be onsite to resolve the issue.

Stay Safe,
Your Flock Safety Team

[The e-mail below is from an external source. Please do not open attachments or click links from an unknown or suspicious origin.]

Good Afternoon Gentlemen,

I have had my team go through all locations and put together a "final" plan for installation for the upcoming project. I say final as if the city said they are ok with the plan, we would submit permits and try installing at the defined locations.

Please have this looked over internally by public works to confirm the Right of way and that all cameras are in the city of Eastvale and the poles we selected belong to the city. We can certainly regroup and talk about this once your team has had a chance to look it over.

Here is the link:

Thanks gents. Let me know if you have any questions.

Good morning!

Here is the estimate from flock to reinstall the camera. Toni, I imagine this comes out of the station budget? Please let me know if we are able to give flock the green light to reinstall.

Thank you!

Vic

Hello Sgt. Pierson,

I am sorry to learn of this unfortunate incident. I am happy to assist in restoring functionality to location #1 and have a few questions to ensure this process goes smoothly.

1. Here is a link to the [reinstall fee schedule](#). Reinstall will cost \$500-\$1,300 depending upon the extent of the damage. Do we have permission to move forward with the maintenance? If yes, the invoice will be emailed to [REDACTED]@riversidesheriff.org
2. Is the damaged equipment still on scene, including the pole? If yes, please leave all equipment as is. If not, please confirm the address where we can pick up the equipment and if there is anything we should reference/someone we should ask for upon doing so; we understand that personnel availability changes frequently in a public safety setting, so we are happy to connect with administrative staff to obtain equipment if they have a more flexible schedule.

Thank you in advance for your response.

Have a great day!

Alex Graber

I noticed on the whiteboard you were looking into cameras that needed maintenance. I noticed the other day that was on its side. It appears the pole has been hit by a vehicle and was lying next to a street sign. The camera and solar panel appear to still be attached to the pole, but the pole is definitely not in its upright position.

Hi Robert Castro,
This is a reminder that your webinar will begin in
1 hour:

**Expand Your Coverage: LPR for Every
Roadway and Use Case**

Date Aug 30, 2023 02:00 PM Eastern Time
& (US and Canada)
Time

Webinar ID 822 3584 9766

Description Vehicle evidence is crucial for solving crimes, so your LPR should cover every use case and roadway. Never miss a lead with the Flock Safety Falcon® LPR suite for all roads, including high-speed and multi-lane freeways, parking lots, tactical applications, and more.

During this 60-minute session, you will:

- Get an in-depth overview of Flock's LPR camera offerings: Flock Safety Falcon ® - standard range, Flock Safety Falcon ® LR - long range, Flock Safety Falcon ® SR - short range, and Flock Safety Falcon Flex™ - location flexible
- Explore Flock's key LPR features, including Vehicle Fingerprint™ -

Search, Hot Lists, Custom Alerts, and mobile companion app
- Unlock new investigative capabilities with Location-Based Search, Convoy Analysis, and Real-time Routing
- Get all the answers to your questions directly from Flock Safety's Product Team and customers

Featuring:
- Sgt. Chris Cheek from Gwinnett County Police Department

Add to:  Google Calendar  Outlook

  Yahoo Calendar

Join us live to ensure you get all the answers to your questions directly from Flock Safety's Product Team and customers.

You can [cancel](#) your registration at any time.

Please submit any questions to:

More Products. More Possibilities.

We missed you at our virtual product launch last Wednesday, May 17, but it's not too late to hear about our groundbreaking new products and our most powerful software release yet.

Watch as Flock Safety Founder and CEO Garrett Langley and VP of Product Abraham Alvarez reveal our new, expanded product lineup, including:

Flock Safety Falcon® LR

Never miss another lead with **LPR for your fastest, busiest roadways**. Get clear footage of vehicles traveling more than 100 mph across high-speed, multi-lane highways and deliver the investigative leads you need to prevent and solve crime quickly.

Flock Safety Raven®

Pair [Flock Safety Raven®](#), our audio detection system, with your LPR and video cameras to deliver real-time, actionable evidence to help officers locate victims, preserve evidence, and identify suspect vehicle leads faster.

Flock Safety Condor™

Improve situational awareness and investigations with 100% cloud-based access to [live and recorded video](#) without the upfront investment. Get hardware, permitting, installation, ongoing maintenance, and more with an all-inclusive subscription.

FlockOS™

Seamlessly integrate first and third-party data across video, LPR, and audio [into a single platform](#) to deliver real-time intelligence and retroactive crime-solving with unmatched scalability.

Want to see these products in action? Request a demo from our team today.

Subject: Missing Equipment - Cam #16 WB Ironwood @ Theodore

CAUTION: This email originated from outside the **Riverside Sheriff** email system.
DO NOT click links or open attachments unless you recognize the sender and know the content is safe.

Good Morning,

Katie here from Flock Safety Customer Support. While responding to an alarm on camera #16 WB Ironwood @ Theodore, the technician noticed that the location experienced third-party damage as the pole was cut at the base and all equipment was missing [REDACTED]. We will need to replace all of the equipment to ensure the location is functioning properly as soon as possible. Do you know who removed the equipment and/or where it is located? If so, can you please provide us with the address to pick up the equipment and if there is anything we should reference/someone we should ask for upon doing so; we understand that personnel availability changes frequently in a public safety setting, so we are happy to connect with administrative staff to obtain equipment if they have a more flexible schedule.

If the equipment cannot be located or damage is discovered, we will be sending an invoice for the damage in conjunction with our [reinstall fee schedule](#). This invoice (\$1,300) will be emailed to [REDACTED]@riversidesheriff.org. If the equipment is located with no damage, the invoice will be only for the pole replacement (\$500). For additional information, please see Section 8.1 of our [Terms and Conditions](#).

We would like to suggest relocating the equipment at this location since this is the 3rd time it has experienced third-party damage. Please note, that this would be free of charge (normally, a \$350-\$750 relocation fee). Would you like to move forward with a relocation at this time to improve the camera's functionality? If so, our Deployment Strategy Team and Project Management Office would appreciate the below questions be answered so that we can assist further:

- Where would you like to relocate the camera? Please provide coordinates and/or a mark on an aerial view map.
- Which direction of travel would you like to capture?
- Is the camera going on an existing pole or Flock pole?

If a permit is needed, we may request additional documentation. The permitting process may prolong the timeline.

Thank you for your partnership, and we apologize for the inconvenience here. We look forward to your organization seeing continued success with your Flock technology.

Stay safe,
Katie

Subject: Out of office until Tuesday, June 20th Re: New Transfer

CAUTION: This email originated from outside the Riverside Sheriff email system. DO NOT click links or open attachments unless you recognize the sender and know the content is safe.

Hello,

I'm out of office until June 20th.

For urgent requests, please contact our Support team at [REDACTED]@flocksafety.com or please reach out to the respective Territory Sales Manager:

Jesse Mund ([REDACTED]@flocksafety.com)
Kyle Egkan ([REDACTED]@flocksafety.com)
Mike McManus ([REDACTED]@flocksafety.com)

I look forward to responding to all other communications upon my return.

Stay safe,

Tonia Crump

Subject: Overdue Invoice (INV-18324)

CAUTION: This email originated from outside the **Riverside Sheriff** email system.
DO NOT click links or open attachments unless you recognize the sender and know the content is safe.

Sir/Madam,

Please note - we are in the process of transitioning our billing systems, so you may see a different invoice number listed in future correspondence.

Our records show that you have a past due invoice (INV-18324) for \$1,300.00 due on 8/7/2023.

If you have any questions about your invoice, please reach out to [REDACTED]@flocksafety.com.

We currently have your Accounts Payable contact listed as [REDACTED]@riversidesheriff.org, [REDACTED]@riversidesheriff.org. If that is not correct, please email [REDACTED]@flocksafety.com to have this updated.

If paying by check, please be sure to mail with a printed copy of your invoice to:

Flock Safety
PO Box 121923
Dallas, TX 75312-1923

We appreciate your business!

Thank you,

Flock Safety Billing

New Flock Cameras Shared

Great News! Peotone IL PD has just shared their cameras with Riverside County CA SD, granting you and your organization the ability to search footage from their Flock Safety cameras.

[ADD CAMERAS](#)

In order for users in your organization to access footage from these cameras, you or another administrator must add the network to your roles:

1. Open **Organization Management**
2. Click on the **Roles** tab
3. Click on the “**triple dots**” next to the role(s) you want to provide access to and select **Edit**
4. Click on the **Networks** drop down and select the network(s) you'd like to add to the role
5. Click **Save** and repeat for other roles as desired
