Subject: Re: Flock Safety - Account Set Up - Niles IL

Sgt. Boba,

Anyone can attend who wants to, but once I get an administrator in, that person can add other admins and other "roles". Are you free at 1500hrs CST tomorrow for a zoom call?

Thank you and let me know,

Sam

Sgt. Boba,

If you can elaborate on vehicle enforcement. Are you saying expired/suspended registration and/or no insurance? Or more along the lines of proactive alerts coming from Flock about stolen cars/warrants etc? Or adding plates of known bad actors to be alerted to when they come in the village?

Or all of the above?

Thank you sir,
Sam

On Feb 2, 2022, at 12:07 PM, Zakula, Nicholas <njz@vniles.com> wrote:

LPR's on the dash cams would be an added cost to what we already have contracted. There would be a "hit" on a plate if there were a reason for it such as expired registration, suspended license, stolen vehicle, etc. LEADS, NCIC.

There will not be a "hit" for an ordinance violation. I believe we can input data, but that would require loading all plates that didn't buy stickers. Not sure how that would work or if it were even feasible.

“VM asked if the LPR's were capable of enforcement in vehicle sticker compliance. I stated that I did not think so but would investigate. Boba is calling to confirm, but not likely.”

It is my belief that the LPRs component on our squads will provide vehicle owner info when the LPR hits the plate, therefore if it's registered in Niles then it needs a Niles sticker, if it's registered out of Niles, then It will have another town's sticker...am I wrong here?

On Feb 2, 2022, at 11:46 AM, Zakula, Nicholas <njz@vniles.com> wrote:

Several pronged discussion.

The Chesterfield residence was brought up and Danielle suggested that this should be cited by CD for a business not approved to run from a residence. Not a PD issue at this time. VM asked Thakke to get an update from CD on status of this.

VM asked if the LPR's were capable of enforcement in vehicle sticker compliance. I stated that I did not think so but would investigate. Boba is calling to confirm, but not likely.

Thakke stated that all ordinances are posted online, but Danielle suggested that ***new or modified*** ordinances be highlighted on website to gain further attention of residents. I said we could post to Social Media as well prior to enforcement.

Long discussion on requiring commercial vehicles parked within the VON to have a village sticker. I spoke of enforcement issues regarding fleets that are locked up at night behind closed gates. Also with commercial vehicles that are in unlocked lots but not registered to VON business address. I suggested an alternative of making businesses purchase stickers for their fleet at the time when they renew their business license each year. Must disclose at that time the size of their local fleet with registration etc. Danielle was in favor. Further discussion is needed on this strategy and more meetings will follow.

PD will continue to enforce residential as usual.

Sounds good--we don't need to touch the fine portion. The two additions stand alone; the first modification will allow us to collect a fee for commercial vehicles that are not licensed in Niles and the second will allow us to start with a higher fine. I am open to discuss any time after thanksgiving.

LPR's on the dash cams would be an added cost to what we already have contracted. There would be a "hit" on a plate if there were a reason for it such as expired registration, suspended license, stolen vehicle, etc. LEADS, NCIC.

There will not be a "hit" for an ordinance violation. I believe we can input data, but that would require loading all plates that didn't buy stickers. Not sure how that would work or if it were even feasible.

It is my belief that the LPRs component on our squads will provide vehicle owner info when the LPR hits the plate, therefore if it's registered in Niles then it needs a Niles sticker, if it's registered out of Niles, then It will have another town's sticker...am I wrong here?

Hello all,

The CIP documents for the Finance Committee are attached here. The final document will consist of the spreadsheet and the booklet of program sheets. I don't have a cover sheet explaining this whole system, which is something I could put together for the booklets if we think it's a good idea.

Otherwise, I think I might take one more look over these on Wednesday morning, but they should be effectively ready to print.

The CSO will come to deliver the packets at 3:30 on Wednesday so we should have five copies by then.

Thanks,

Conor Schultz

Subject: RE: LPR cameras

The trees we are planting are considered non – prevailing wage. It would cost more per tree with in house staff than a contractor. The contractors have 3 crews on the street with approximately 9

people. A crew dropping trees, planting trees, and a watering crew. The contractors are making far less in wages and benefits than our in house staff. Once we go to the container trees planting production would be able to stay at a competitive level but still would remain more expensive. In house staff still waters the trees and mulches the trees. Todd is going to run the numbers like he stated in his email.

Subject: RE: LPR cameras

I talked to the Village Manager. He wants to prioritize public safety and help get these installed where the PD thinks they are most effective. However, he had some questions:

Are there any other poles besides the new streetlights at these locations where they can be mounted?

If not, is it possible to install a post or something that they can be mounted to?

If we have no other choice than the streetlights, we will need to type something up and let everyone (the Board) know where they are going, what they will look like, that there will be no decorations, banners, flowers, etc. on these poles.

Also, I am going to need a cost benefit analysis on contracting out tree removals and tree trimming as opposed to doing this work with staff. If we need to hire more people, include that. Talk to Bob about worker's comp claims when we did the work in-house, etc. We need to show why it is more cost effective to use contractors for this work.

Finally, the VM and mayor would like us to start planting trees with staff asap. When can we start doing that? This fiscal year? FY23? I will also need to know how much we expect to save by planting in-house.

Thanks!

Fred,

Not sure who gets to make the final call. I reached out to the police to get an idea of where they would like the LPR's (license plate readers) re-installed. They have expressed interest in two new locations, Milwaukee/Touhy and Milwaukee/Ballard. I have attached pictures for reference. Please let me know how I should proceed.

Thanks

Todd,

We would like to place one Rekor camera on Milwaukee Ave. just north of Touhy covering the northbound lanes of traffic and as much of the southbound traffic as we can. Northbound is the priority.

We would like the second camera at Milwaukee and Ballard covering as much of the intersection as possible however Northbound Milwaukee is still the priority.

Please let me know if these locations will work.

Thanks,

Mike

Todd,

Sgt. Mike Boba developing a plan for the placement of the LPR cameras at more advantageous places within the Village.

The PD will likely want to put both Rekor cams in different positions than they were originally in.

We will check in with you to make sure the places he chooses are appropriate for power, view, etc.

Thanks.

[NILES PD ROSTER.pdf](#)

Good afternoon Sgt. Boba,

My name is Joe Licari, and I am the Law Enforcement Coordinator for Mid-States Organized Crime Information Center (MOCIC). I retired as Deputy Chief with the Wheeling, Illinois Police Department in April of 2021.

Sorry we missed one another today...I just stopped by to thank you for being a long-time member of Mid-States Organized Crime Information Center (MOCIC) and discuss some new services and equipment we have to offer. As you may know, we are funded through the Department of Justice and have many tools and services at our disposal. I used MOCIC when I ran investigations at Wheeling and so do many of our municipal counterparts including Skokie, Morton Grove, Lincolnwood, ISP & Chicago PD, but also federal agencies including the FBI & DEA. I've attached some information which offers a snapshot of what we can do for you in the form of equipment loans (Night vision, trackers, covert pole cams, night vision, etc.) and services like analysts (decipher data, find people, name checks, etc.) and forensics (cellphone extractions, cell tower dumps, audio/video enhancement, etc.). At \$100-\$300 per year, depending upon agency size, we are really the best bang for your buck in law enforcement. The price is low because the FEDS pay most of our budget. We are at the top of our game when it comes to getting mugshots and photos and prosecutorial assistance like creating large format charts and graphics to place on an easel in the felony room at the courthouse.

Finally, I've attached the current roster I have on file for your agency. Can you go through it and cross out anyone who is no longer there and make any rank changes? You can write directly on the sheet and scan it back or fax it back to 847-531-9160. Any other officers that the Chief/Sheriff or highest-ranking member of your agency wishes to add can click the hyperlink below and gain membership; forward as necessary.

<https://register.riss.net/?id=68CC56>

Thanks in advance...Stay Safe.

-Joe Licari

I will start digging into LPR questions tomorrow.

I will start getting #'s for removals and trimming next week.

As far as total reduction in costs for planting trees in house there wouldn't be one. The only benefit is we would plant more trees. This work doesn't fall under prevailing wage. So a contractor is going to be cheaper per tree installed. But I will run the #'s.

Subject: RE: LPR cameras

I talked to the Village Manager. He wants to prioritize public safety and help get these installed where the PD thinks they are most effective. However, he had some questions:

Are there any other poles besides the new streetlights at these locations where they can be mounted?

If not, is it possible to install a post or something that they can be mounted to?

If we have no other choice than the streetlights, we will need to type something up and let everyone (the Board) know where they are going, what they will look like, that there will be no decorations, banners, flowers, etc. on these poles.

Also, I am going to need a cost benefit analysis on contracting out tree removals and tree trimming as opposed to doing this work with staff. If we need to hire more people, include that. Talk to Bob about worker's comp claims when we did the work in-house, etc. We need to show why it is more cost effective to use contractors for this work.

Finally, the VM and mayor would like us to start planting trees with staff asap. When can we start doing that? This fiscal year? FY23? I will also need to know how much we expect to save by planting in-house.

Thanks!

Fred,

Not sure who gets to make the final call. I reached out to the police to get an idea of where they would like the LPR's(license plate readers) re-installed. They have expressed interest in two new locations, Milwaukee/Touhy and Milwaukee/Ballard. I have attached pictures for reference. Please let me know how I should proceed.

Thanks

Todd,

We would like to place one Rekor camera on Milwaukee Ave. just north of Touhy covering the northbound lanes of traffic and as much of the southbound traffic as we can. Northbound is the priority.

We would like the second camera at Milwaukee and Ballard covering as much of the intersection as possible however Northbound Milwaukee is still the priority.

Please let me know if these locations will work.

Thanks,

Mike

Todd,

Sgt. Mike Boba developing a plan for the placement of the LPR cameras at more advantageous places within the Village.

The PD will likely want to put both Rekor cams in different positions than they were originally in.

We will check in with you to make sure the places he chooses are appropriate for power, view, etc.

Thanks.

A Model for Digital Evidence Management

Digital Evidence Management (DEM) solutions are gaining traction among law enforcement agencies as a unified means to ingest, search, store, share, report and collaborate on digital evidence. A Model for Digital Evidence Management lays out a framework for selecting and implementing a DEM solution with the goal of helping law enforcement close cases faster while ensuring evidence integrity and preserving chain of custody.

Fred,

Not sure who gets to make the final call. I reached out to the police to get an idea of where they would like the LPR's (license plate readers) re-installed. They have expressed interest in two new locations, Milwaukee/Touhy and Milwaukee/Ballard. I have attached pictures for reference. Please let me know how I should proceed.

Thanks

Todd,

We would like to place one Rekor camera on Milwaukee Ave. just north of Touhy covering the northbound lanes of traffic and as much of the southbound traffic as we can. Northbound is the priority.

We would like the second camera at Milwaukee and Ballard covering as much of the intersection as possible however Northbound Milwaukee is still the priority.

Please let me know if these locations will work.

Thanks,

Mike

777. The Effects of Illegal Dumping

From: Daniel del Soldato <danieldelsoldato@wcctv.com>
To: Luis <lct@vniles.com>
Sent Date: Jan 27, 2022 13:50:11
Subject: The Effects of Illegal Dumping
Attachment:

The Effects of Illegal Dumping Good morning Luis, Illegal dumping has become an increasingly serious problem throughout the United States. WCCTV explores its impact.. Good morning Luis,

Illegal dumping has become an increasingly serious problem throughout the United States. It affects both urban and rural areas, and it is worsening due to the sheer volume of waste we produce as a society.

Over 1.5 million tons of illegal waste is dumped each year in the US alone, and the COVID-19 pandemic has only worsened the situation.

Cleaning up unsightly, hazardous dumping sites is mandatory for governments because of the health risks they pose, the environmental damage they cause, and the blight they put on the community. Learn More About The Effects of Illegal Dumping WCCTV's Pole Cameras allow for the direct targeting of locations associated with illegal dumping.

They help government, law enforcement, and business owners gather vital evidence and act as a visual deterrent to deter potential offenders.

To enhance the camera's effectiveness at fighting illegal dumping, they can be supplied with edge video analytics and LPR cameras to capture clear images of licence plates. View WCCTV's Pole Camera Range

778. Checking In / NAACP Endorsed

From: Mark Osborn <mosborn@utility.com>
To: Nicholas Zakula <njz@vniles.com>
Sent Date: Jan 27, 2022 13:13:03
Subject: Checking In / NAACP Endorsed
Attachment:

Commander Zakula,

I wanted to circle back on the information I sent you the other day. As you saw, we have perfected automation. We have eliminated the need for officers to turn their BWC on. How much more transparent, how much more accountable can you be to your citizenry than with an automated system? **Automation is the only way to ensure every citizen contact is recorded.**

Automation is the only way to ensure true accountability and transparency to your community. Which is a large reason why we are the ONLY vendor with the endorsement of the NAACP.

Just a few of the things that make us unique:

- Our system has **perfected automation**. Why are we asking our officers to do something that technology can do for them? Transparency and accountability..... how much more transparent and accountable can you be when you have a system that is automated. Let the officers do their job.... we will do the rest.
- BodyWorn is **securely mounted** inside the uniform. Never again will your body camera fall off, get broken or lost.... let alone not recording that use of force incident you are now being sued for.
- BodyWorn **Holster Activation** will automatically turn the officers body camera on when their weapon is drawn from the holster.
- Officer Down Safety Feature**, if an officer goes down, the BodyWorn device will alert every officer working and send turn by turn directions to find that officer to save their life.
- Live View**, Command Staff can live view any officer from any location giving real time actionable intelligence. Imagine what you could do with real time intelligence during volatile situations or as your SWAT Team is making entry.
- Automatic Policy Based Recordings** allow you to customize, based on proximity, call nature codes, or a number of other actionable items will trigger the BodyWorn to start recording. This takes the burden off the officer to activate their body camera. Just think, how many encounters have your officers not recorded because they forgot to activate their camera or that the incident escalated too quickly to allow time for activation. We are the only BWC in the world that can remote activate cameras.
- No Docking Stations** our cameras wirelessly and continuously offload videos straight to the cloud. Your BWC footage is available real time in the cloud. Never again wait for your officers to come back to HQ to dock or plug in your camera to offload videos.

- Real-Time Crime Mapping**, our solution provides your agency real-time crime mapping of every calls for service within your community providing you real time criminal intelligence
- Unlimited Cloud Storage**, all videos wireless and continuously live upload to the cloud for secure unlimited storage. No additional storage fees, true unlimited storage. No more plug and play or docking cameras and waiting for upload.
- SmartRedaction**, unlimited, simple to use redaction. Redact your videos in seconds, not hours and not frame by frame.
- Digital Evidence Management System**, one complete platform which becomes your total digital evidence ecosystem.
- Complete Body Camera and/or In-Car Video System**, one complete ecosystem. No more standalone Mifi's, routers or modems.
- Automated License Plate Reader (LPR)**, our LPR system integrates with our ICV and BWC for one complete ecosystem.
- At BodyWorn we operate on a SaaS business model where **we are selling you a service, not hardware**. Never again will you own outdated, antiquated and unsupported equipment again. Always supported. Always maintained.

My cell is the best way to reach me, 317-457-1577.

Fred,

Not sure who gets to make the final call. I reached out to the police to get an idea of where they would like the LPR's (license plate readers) re-installed. They have expressed interest in two new locations, Milwaukee/Touhy and Milwaukee/Ballard. I have attached pictures for reference. Please let me know how I should proceed.

Thanks

Todd,

We would like to place one Rekor camera on Milwaukee Ave. just north of Touhy covering the northbound lanes of traffic and as much of the southbound traffic as we can. Northbound is the priority.

We would like the second camera at Milwaukee and Ballard covering as much of the intersection as possible however Northbound Milwaukee is still the priority.

Please let me know if these locations will work.

Thanks,

Mike

Subject: LPR cameras

Todd,

Sgt. Mike Boba developing a plan for the placement of the LPR cameras at more advantageous places within the Village.

The PD will likely want to put both Rekor cams in different positions than they were originally in.

We will check in with you to make sure the places he chooses are appropriate for power, view, etc.

Thanks.

796. The Effects of Illegal Dumping

From: Daniel del Soldato <danieldelsoldato@wcctv.com>
To: Luis <lct@vniles.com>
Sent Date: Jan 26, 2022 10:14:26
Subject: The Effects of Illegal Dumping
Attachment:

The Effects of Illegal Dumping Good morning Luis, Illegal dumping has become an increasingly serious problem throughout the United States. WCCTV explores its impact.. Good morning Luis,

Illegal dumping has become an increasingly serious problem throughout the United States. It affects both urban and rural areas, and it is worsening due to the sheer volume of waste we produce as a society.

Over 1.5 million tons of illegal waste is dumped each year in the US alone, and the COVID-19 pandemic has only worsened the situation.

Cleaning up unsightly, hazardous dumping sites is mandatory for governments because of the health risks they pose, the environmental damage they cause, and the blight they put on the community. Learn More About The Effects of Illegal Dumping WCCTV's Pole Cameras allow for the direct targeting of locations associated with illegal dumping.

They help government, law enforcement, and business owners gather vital evidence and act as a visual deterrent to deter potential offenders.

To enhance the camera's effectiveness at fighting illegal dumping, they can be supplied with edge video analytics and LPR cameras to capture clear images of licence plates. View WCCTV's Pole Camera Range

Hi Guys,

All of the village light poles now have power running to them. This gives us the opportunity to move the current Rekor LPR's that are at Oakton and Milwaukee and Waukegan and Cleveland. Please let me know what two locations you think would be good. I was thinking Milwaukee just

north of Dempster and Milwaukee just north of Touhy. This way we cover both roads that lead to expressways/tollways.

Once we get the Flock LPR's we will be able to move the Rekors again. They will be updated to use Flock technology.

Please let me know what you think.

Thanks,

Mike

Good morning,

Thank you again for attending last week's training, **Gangs and Guns: Making Your Firearms Case More Prosecutable**. As promised, attached are a number of materials that were referenced during the training and that the trainers have graciously made available. **Please note that several of these documents are marked "Law Enforcement Sensitive" and are not for distribution outside of your law enforcement agency.**

For any additional requests for training materials or information, please reach out to the trainers directly:

Jim Grindey (trainer): Grindeyj@hotmail.com

Steve Barborini (trainer): BarboriniS@pbso.org

Regarding training credit:

The names and emails of those who attended the course will be sent to the appropriate MTU's today. For those outside of the Northern District of IL your info will be sent to NEMRT as they have agreed to certify any officer in the State whose designated MTU did not have time to certify the course. They may reach out regarding your PTBID # or for other information if they cannot find you in their system. If they reach out, it will be via the email address you used to register for the course. If they don't reach out, they were able to find you and will go through the normal certification process as if you attended one of their other courses. You should not need to do anything proactively unless they ask. For ISP Officers, all of your names will be sent to your In-Service Training Coordinator. For questions on this contact Kali Thomas kali.thomas@usdoj.gov

Training Impact:

Lastly, if you have already incorporated something that you learned during the training into your work, please share a short description with me (carletonb@cna.org). We love to hear about how you are using the techniques and practices that you learn during the training. Also, feel free to share any future examples with me as well.

Twitter: For regular updates and information on PSN TTA events, please follow and retweet us @psntta

[NIBIN-ToolkitForProsecutors_20210610.pdf](#)

Good morning,

Thank you again for attending last week's training, **Gangs and Guns: Making Your Firearms Case More Prosecutable**. As promised, attached are a number of materials that were referenced during the training and that the trainers have graciously made available. **Please note that several of these documents are marked "Law Enforcement Sensitive" and are not for distribution outside of your law enforcement agency.**

For any additional requests for training materials or information, please reach out to the trainers directly:

Jim Grindey (trainer): Grindeyj@hotmail.com

Steve Barborini (trainer): BarboriniS@pbso.org

Regarding training credit:

The names and emails of those who attended the course will be sent to the appropriate MTU's today. For those outside of the Northern District of IL your info will be sent to NEMRT as they have agreed to certify any officer in the State whose designated MTU did not have time to certify the course. They may reach out regarding your PTBID # or for other information if they cannot find you in their system. If they reach out, it will be via the email address you used to register for the course. If they don't reach out, they were able to find you and will go through the normal certification process as if you attended one of their other courses. You should not need to do anything proactively unless they ask. For ISP Officers, all of your names will be sent to your In-Service Training Coordinator. For questions on this contact Kali Thomas kali.thomas@usdoj.gov

Training Impact:

Lastly, if you have already incorporated something that you learned during the training into your work, please share a short description with me (carletonb@cna.org). We love to hear about how you are using the techniques and practices that you learn during the training. Also, feel free to share any future examples with me as well.

Twitter: For regular updates and information on PSN TTA events, please follow and retweet us @psntta

Newsletter: Want more information about PSN TTA opportunities directly in your inbox? Sign up for our monthly newsletter: <https://lp.constantcontactpages.com/su/ympR6bK>

Thank you and do not hesitate to reach out with any questions.

Best,

Ben

Solve Crimes Faster With Actionable, Real-Time Data Provided by Rekor One™

Deploy State-of-the-art LPR for just \$100 a month per camera* with NO complicated set-up, NO hardware investment, and NO maintenance fees.

Meet Rekor

Our goal is to bring superior technology solutions to law enforcement agencies across the country – and to help improve the lives of those who serve.

We believe collaboration, information, and communication helps everyone live safer, smarter, and more efficient lives. We also understand the needs and challenges officers face every day, which is why we offer intelligent solutions to meet the needs of agencies large and small in any part of the world. Our AI-powered solutions provide real-time information so that you can deliver results.

Rekor Provides

- Real-time alerting from individual, and shared hotlists
- Searchable vehicle database, even without plates
- Industry leading accuracy and capture rates
- Flexible data retention and user-controlled sharing
- Cost-effective solutions for departments of any size

Special Offer

NO complicated set-up. NO hardware investment. NO maintenance fees.

Let Rekor be your force multiplier! Take advantage of this special offer to add State-of-the-art LPR for just \$100 a month per camera* with NO complicated set-up, NO hardware investment, and NO maintenance fees. Rekor will install state-of-the-art Edge Series cameras to capture roadway and vehicle information and provide advanced insights to help close more cases, faster.

\$100/month per camera fee includes installation services provided by Rekor and department access to the Rekor One Public Safety platform, including Rekor Scout™. Pricing requires a 5-year program commitment with a 10-camera minimum and participation in Rekor Public Safety

Network and sharing of deidentified analytic data. Option for a 3-year program at \$150/camera/month, or no-contract at \$200/camera/month; each with a 10-camera minimum.

Ready to get started?

Contact us today to learn how ALPR can help you protect your community.

Hi Dan,

We are moving through our process. We are meeting with our public safety committee to get approval and then we will move on to the Village board. I will let you know how it goes.

Thanks,

Mike

Sgt,

It's been a couple of weeks since we last touched base and I wanted to circle back and see where we stood with the LPR project. Is there anything you need from me right now?

Please let me know.

Regards,

Dan Murdock

To: Braun, Fred <fwb@vniles.com>; Powers, Tom <tjp@vniles.com>
Cc: Oliven, Kent <kno@vniles.com>; La Margo, Joe <jsl@vniles.com>; Thake, Katarzyna <kmt@vniles.com>
Subject: CIP Further Adjustments

Hello everyone,

Further CIP Adjustments:

I hope this information comes as good news on a Friday afternoon, rather than as pure whiplash, but some circumstances have changed since this morning's CIP meeting. Kent received preliminary data from the auditors, and while it didn't include the full fund balances, it did include

the General Fund's revenue and expenses for FY21. We accounted for the Fitness Fund Transfer and also looked at FY22 YTD sales tax data from IDOR, and we want to adjust our target number for the CIP budget.

Rather than aiming for \$3,400,00 General Fund expenditure target, like we were this morning, we are instead aiming for a General Fund component budget at \$5,800,000 including the purchase and maintenance items. We're asking if you would take a look and revert some of the changes we made as seem appropriate to you. Some of what we did was more correction than adjustment, so I don't simply want to revert the sheet. It may be a good opportunity to replace some of the complete removals like the Employee Parking Lot Gate (86), the senior center parking lot (25), or the undercarriage component of the truck wash (62).

To that end, also attached is the now especially useful notes sheet that Kathy made during the meeting. It will be very helpful in taking the opportunity to suggest reversions to projects we adjusted or cut. We ended up at \$4,945,385 as our preliminary General Fund budget amount, so that means there is about \$950,000 in additional cap space, so to speak.

Project Detail Sheet Revisions:

I will still be creating a folder for the sheets we want to revise. That will be done by Monday. The attached CIP document already includes revisions to the categorization system so most items are now considered projects rather than maintenance, which is a more specific category.

This is a bit of an unusual ask, so feel free to email/call/text me with questions. I'll be out of the office Monday morning for a medical appointment but will be available/in later that day.

Thanks,

Conor Schultz

A Chicago band (Student Body) is reaching out to fans and supporters to replace gear that was stolen earlier this month. A GoFundMe campaign has been setup to assist in the effort, and has raised over \$6,000 so far. A synthesizer, pedal board, ring light, and an iPad were among the items David Paige said were stolen Jan. 2 in the 800 block of North Rockwell in Humboldt Park. Here is his emotional, clear and concise video of what happened

854. CIP Further Adjustments

From: Schultz, Conor <ccs@vniles.com>
To: Braun, Fred <fwb@vniles.com>, Powers, Tom <tjp@vniles.com>
Cc: Oliven, Kent <kno@vniles.com>, La Margo, Joe <jsl@vniles.com>, Thake, Katarzyna <kmt@vniles.com>
Sent Date: Jan 21, 2022 17:19:50
Subject: CIP Further Adjustments
Attachment: [CIP Summary 01.21 Post-Meeting Revisions.xlsx](#)
[Budget CIP 1_21_22 Notes-kmt.xlsx](#)

Hello everyone,

Further CIP Adjustments:

I hope this information comes as good news on a Friday afternoon, rather than as pure whiplash, but some circumstances have changed since this morning's CIP meeting. Kent received preliminary data from the auditors, and while it didn't include the full fund balances, it did include the General Fund's revenue and expenses for FY21. We accounted for the Fitness Fund Transfer and also looked at FY22 YTD sales tax data from IDOR, and we want to adjust our target number for the CIP budget.

Rather than aiming for \$3,400,00 General Fund expenditure target, like we were this morning, we are instead aiming for a General Fund component budget at \$5,800,000 including the purchase and maintenance items. We're asking if you would take a look and revert some of the changes we made as seem appropriate to you. Some of what we did was more correction than adjustment, so I don't simply want to revert the sheet. It may be a good opportunity to replace some of the complete removals like the Employee Parking Lot Gate (86), the senior center parking lot (25), or the undercarriage component of the truck wash (62).

To that end, also attached is the now especially useful notes sheet that Kathy made during the meeting. It will be very helpful in taking the opportunity to suggest reversions to projects we adjusted or cut. We ended up at \$4,945,385 as our preliminary General Fund budget amount, so that means there is about \$950,000 in additional cap space, so to speak.

Project Detail Sheet Revisions:

I will still be creating a folder for the sheets we want to revise. That will be done by Monday. The attached CIP document already includes revisions to the categorization system so most items are now considered projects rather than maintenance, which is a more specific category.

This is a bit of an unusual ask, so feel free to email/call/text me with questions. I'll be out of the office Monday morning for a medical appointment but will be available/in later that day.

Thanks,

Conor Schultz

Mike,

I will review and submit to the Public Safety Committee...

From: Boba, Michael <mdb@vniles.com>
Sent: Friday, January 21, 2022 10:01 AM
To: Tigera, Luis <lct@vniles.com>
Subject: Use of drug asset forfeiture and DUI forfeiture money for LPR purchase

Chief,

Attached is a memo requesting the use of drug asset forfeiture money and DUI fund money to purchase 12 Flock LPR cameras. In the memo I included the state statute that explains how the money from these forfeitures is to be used and how the LPR's will assist in DUI and narcotics

enforcement.

Please let me know if you have any additional questions.

Thanks,

Mike

Mike,

I will review and submit to the Public Safety Committee...

From: Boba, Michael <mdb@vniles.com>
Sent: Friday, January 21, 2022 10:01 AM
To: Tigera, Luis <lct@vniles.com>
Subject: Use of drug asset forfeiture and DUI forfeiture money for LPR purchase

Chief,

Attached is a memo requesting the use of drug asset forfeiture money and DUI fund money to purchase 12 Flock LPR cameras. In the memo I included the state statute that explains how the money from these forfeitures is to be used and how the LPR's will assist in DUI and narcotics enforcement.

Please let me know if you have any additional questions.

Thanks,

Mike

Subject: Flock LPR memo update

Hi Joe,

I have updated the memo requesting the purchase of the Flock LPR's. I have included a request to use drug and dui seizure money for the purchase. I also added bullet points on how it can help DUI and drug enforcement efforts. In addition, I detailed how drug and DUI funds are to be spent according to state statute.

Let me know what you think. If it's all good with you let me know if you would like to forward it to the Chief or if you would like me to do it.

Thanks,

Mike

Kelly,

Ofc. Danalewich #121 is starting with us on 1/17/22. Can you create an LPR login for him and throw a few gas masks on my desk for him to get fit tested?

I will take care of Deputizing him during his admin days and will put the sheet in your mailbox.

Thanks,

Timothy Naleway | Sergeant

Solve Crimes Faster With Actionable, Real-Time Data Provided by Rekor One™

Deploy State-of-the-art LPR for just \$100 a month per camera* with NO complicated set-up, NO hardware investment, and NO maintenance fees.

Meet Rekor

Our goal is to bring superior technology solutions to law enforcement agencies across the country – and to help improve the lives of those who serve.

We believe collaboration, information, and communication helps everyone live safer, smarter, and more efficient lives. We also understand the needs and challenges officers face every day, which is why we offer intelligent solutions to meet the needs of agencies large and small in any part of the world. Our AI-powered solutions provide real-time information so that you can deliver results.

Rekor Provides

- Real-time alerting from individual, and shared hotlists
- Searchable vehicle database, even without plates
- Industry leading accuracy and capture rates
- Flexible data retention and user-controlled sharing
- Cost-effective solutions for departments of any size

Special Offer

NO complicated set-up. NO hardware investment. NO maintenance fees.

Let Rekor be your force multiplier! Take advantage of this special offer to add State-of-the-art LPR for just \$100 a month per camera* with NO complicated set-up, NO hardware investment, and NO maintenance fees. Rekor will install state-of-the-art Edge Series cameras to capture roadway and vehicle information and provide advanced insights to help close more cases, faster.

\$100/month per camera fee includes installation services provided by Rekor and department access to the Rekor One Public Safety platform, including Rekor Scout™. Pricing requires a 5-year program commitment with a 10-camera minimum and participation in Rekor Public Safety

Network and sharing of deidentified analytic data. Option for a 3-year program at \$150/camera/month, or no-contract at \$200/camera/month; each with a 10-camera minimum.

Ready to get started?

Contact us today to learn how ALPR can help you protect your community.

2022 New FBINAA Alliance Introductions

Buffalo Armory - FBINAA Affiliate Alliance

Buffalo Armory produces multiple products that address the needs of Federal agents and Municipal first responders (Police, Fire, Security, and EMS) in everyday and active shooter situations. Our body armor, vehicle armor, and ballistic barrier products offer technologically advanced steel protection against an active shooter with a high-velocity rifle. Our plates are NIJ 0101.06 Level 3 certified and also stop special threats to include the M855, Green Tip, and M193. Our products come with a 10-year replacement warranty period, and the properties resulting from our patented production process provide extremely durable plates with multi-hit capability, and the ability to absorb projectile energy with minimum back face deformation. In addition, the unique microstructure and properties of our production process allow for plates that

are fine grain with higher tensile strength and ductility.

Buffalo Armory is a certified Small Business and sources 100% Domestic U.S. raw materials and employs 100% Domestic U.S. manufacturing to produce our armor plates. Additional company information is outlined on our website: www.BuffaloArmory.com

Flock Safety

FBINAA Ambassador Alliance

Flock Safety is a public safety operating system that helps communities and law enforcement in over 1,500 cities work together to eliminate crime, protect privacy, and mitigate bias. We build devices that capture objective evidence and use machine learning to detect and deliver unbiased investigative leads to law enforcement. Flock Safety communities have reported crime reductions of up to 70 percent. [Learn More](#)

Grayshift

FBINAA Premier Alliance

Grayshift is the leader in mobile device digital forensics, specializing in lawful access and extraction. Grayshift's innovative solutions are purpose-built to help law enforcement and government investigative agencies swiftly resolve critical investigations and ensure public safety. Designed and assembled in the United States, the company's GrayKey technology provides same-day access, complete control, and comprehensive data extraction from mobile devices. Powered by the Grayshift advanced security research team, GrayKey exemplifies the company's promise of innovation and mission to deliver solutions that safeguard the public. Delivering world-class customer success, Grayshift is trusted by 1000 agencies across more than 25 countries worldwide. [Learn More](#)

SIGMA

FBINAA Affiliate Alliance

We can stop heart attacks in cops: SIGMA will show you how.

Heart attacks are a leading cause of death whether on duty, off duty or soon after retirement, for police officers nationwide. Cops' average age for a heart attack is 49 and their life expectancy is 20 years less than civilians. The doctors at SIGMA have addressed this. Our team comes to you. We first analyze blood and calcium imaging before performing a cardiopulmonary/EKG exercise stress test on a stationary bicycle right at your facility. These tests together measure the presence of plaque, inflammation or any ischemia (lack of blood flow to the heart muscle) to assess functional capacity. Each patient will engage in a lengthy and direct consultation with a physician or licensed physician's assistant/nurse practitioner. During this personal consultation, each officer will be educated on blood-based labs, will gain in-depth understanding of their own coronary calcium score, and will receive an overview of their individual EKG/stress test data. Additionally, your officers will work with SIGMA's clinicians in nutrition and fitness to set personalized and accountable steps towards improvement in health and performance. Over 7,000 officers and first responders screened to date, with lives changed and lives saved.

To learn more about SIGMA, check out our website and video at www.iamsigma.com

SymbolArts

FBINAA Affiliate Alliance

SymbolArts was founded in 1986 by Utah-native, Mike Leatham, when he set out to establish a company that could provide both creative design and high-quality finished products in the custom ring market. His efforts grew into a company that now produces

badges, coins, patches, pins, keychains, collectible items, promotional goods, and more. The SymbolArts difference is in the quality, a reputation built by providing our customers with the highest standard of recognition items, with more color and detail than any other producer. A knowledgeable sales team takes the headache out of ordering and our team of renowned artists will create custom artwork for you in a matter of days. Our Diamond Quality guarantee promises an astounding product for your next project that your officers, staff, and partners will marvel at.

TRX Training

FBINAA Affiliate Alliance

Finding its origins on a military deployment, TRX is an established fitness industry leader that provides expeditionary training tools that maximize versatility without sacrificing mobility. In 2020, TRX established TRX EliteSM to stay committed to our heritage and continue to serve tactical athletes around the globe to ensure they can stay mission-ready. TRX Elite's mission is to provide elite human performance solutions to support those who serve, and have served, no matter where they are in the world. We specialize in providing training and education solutions to law enforcement, military, and first responder professionals needed to achieve and sustain their best.

Subject: Shooting from, around vehicles; How the PIT maneuver works
Attachment:

Patrol car safety: Must-know techniques, training & tech | Police1

Plus, how to use your cruiser defensively.

January 17, 2022 | [View as webpage](#) | [Too many emails? Update Subscription Preferences](#)

Dear Police1 Member,

Getting into a squad car may be the most dangerous thing a cop does during their shift. With multiple distractions from MDTs and cellphones, police officers (especially those in one-man cars) face increased risks of being involved in motor vehicle collisions. On top of that, we've seen recent ambushes of LEOs while in their patrol vehicles. So, how can cops prioritize their safety while in and around their vehicles? That's the question today's newsletter addresses.

Read on to access:

A training plan for shooting from and through vehicles

An evaluation of the effectiveness of an LE crash prevention program

A review of the effective deployment of the PIT maneuver during pursuits

PLUS, download Police1's "How to buy driving simulators" eBook.

Patrol car safety: Must-know techniques, training & tech | Police1

Plus, how to use your cruiser defensively.

January 17, 2022 | [View as webpage](#) | [Too many emails? Update Subscription Preferences](#)

Dear Police1 Member,

Getting into a squad car may be the most dangerous thing a cop does during their shift. With multiple distractions from MDTs and cellphones, police officers (especially those in one-man cars) face increased risks of being involved in motor vehicle collisions. On top of that, we've seen recent ambushes of LEOs while in their patrol vehicles. So, how can cops prioritize their safety while in and around their vehicles? That's the question today's newsletter addresses.

Read on to access:

A training plan for shooting from and through vehicles

An evaluation of the effectiveness of an LE crash prevention program

A review of the effective deployment of the PIT maneuver during pursuits

PLUS, download Police1's "How to buy driving simulators" eBook.

Stay safe,

Sent Date: Jan 17, 2022 09:00:44
Subject: CIP Worksheet Copy
Attachment: [CIP Summary 2021.1.17.xlsx](#)

Gina,

Here's a copy of the CIP document. You should be able to make any changes or notes on here then confirm with me/Joe that everything looks good. I'm still working on some revisions and details this morning in the main file that's located in the drive Joe shared with you.

Let me know if you have any questions about the sheet as you're going through.

Thanks,

Conor Schultz

3 scenarios where advanced LPR capabilities shine

License plate readers are becoming ubiquitous in monitoring traffic and catching speeders and car thieves. More advanced LPR systems can become integral in investigations, generating more accurate lists of possible vehicles and freeing up human investigators for the more difficult, intuitive work of putting two and two together to solve a crime.

This article will help you learn:

- Why all license plate readers are not created equal.
- Why system features and camera quality can make the difference between being able to identify a stolen/wanted vehicle in time for an apprehension or not.
- How advanced LPR can be used to solve crimes more quickly and conclusively, with fewer human resources.

A Model for Digital Evidence Management

Digital Evidence Management (DEM) solutions are gaining traction among law enforcement agencies as a unified means to ingest, search, store, share, report and collaborate on digital evidence. A Model for Digital Evidence Management lays out a framework for selecting and implementing a DEM solution with the goal of helping law enforcement close cases faster while ensuring evidence integrity and preserving chain of custody.

A Model for Digital Evidence Management

Digital Evidence Management (DEM) solutions are gaining traction among law enforcement agencies as a unified means to ingest, search, store, share, report and collaborate on digital evidence. A Model for Digital Evidence Management lays out a framework for selecting and implementing a DEM solution with the goal of helping law enforcement close cases faster while ensuring evidence integrity and preserving chain of custody.

Lifestyle and Fitness

1) Summary: Silent Reflux

Name: Dorothy Lauren O'Connor Today's Dietitian magazine

Category: Lifestyle and Fitness

Email: query-db5s@helpareporter.net

Media Outlet: Today's Dietitian magazine

Deadline: 2:00 PM PST - 15 January

Query:

Looking for an MD to provide information regarding diagnoses and treatment for Silent Reflux (Laryngopharyngeal reflux - LPR). Specifically: 1. What methods are used to diagnose LPR? 2. Would love for you to comment on any recommended supplementation (i.e. Calcium, DGL Licorice Extract, others) - and research to back it up. 3. What current medication(s) is prescribed and why? How long? (How long can a patient safely be on a PPI? Best ways to wean off PPI?) 4. Dietary recommendations? (foods to avoid, foods to include, lifestyle recommendations) How often do you refer to dietitian for a recommended dietary plan? 5. What is the difference between LPR and GERD? Can you have LPR without

GERD? If so, how is this possible?

Requirements:

Must be an MD: Ear Nose & Throat Specialist GI Doctor

[Back to Top](#) [Back to Category Index](#)

2) Summary: Dermatologist vs Esthetician

Name: Caroline Schmidt Formulate.co

Category: Lifestyle and Fitness

Email: query-dbgr@helpareporter.net

Media Outlet: Formulate.co

Deadline: 7:00 PM EST - 15 January

Query:

For the editorial arm of a personal care startup. We will share the article with our base of 100k+ subscribing customers.

As a part of our series in which we answer customer/reader questions, we're asking: what are some of the differences between a dermatologist and an esthetician? Of course, one has an MD and the other doesn't, but what are the differences in services rendered and the differences in costs? What would you go to a derm for vs what would you go to an esthetician for? Any + all info is welcome!

Requirements:

skin experts, beauty experts, dermatologists, estheticians

[Back to Top](#) [Back to Category Index](#)

3) Summary: How to Get Rid of Lower Back Pain?

Name: Ashley Hosking BackPainHelp

Category: Lifestyle and Fitness

Email: query-dbhn@helpareporter.net

Media Outlet: BackPainHelp

Deadline: 11:00 PM GMT - 15 January

Query:

Hello,

My Questions are as described below:

- 1) How to get rid of lower back pain?
- 2) Are there any products available in the market?

Requirements:

Looking for some suggestions on how to get rid of lower back pain. You can suggest some products too. Please refer to the link for better understanding: <https://bit.ly/3qnE1q7>, <https://bit.ly/3tndVpb>. The answer should not be more than 300 words. Kindly Mention your Instagram and twitter handle and its link. Also, mention your website name and link.
Back to Top Back to Category Index

-
- 4) Summary: Seeking Chef with opinions on pizza stones

Name: Carrie Honaker Wine Enthusiast

Category: Lifestyle and Fitness

Email: query-dbjb@helpareporter.net

Media Outlet: Wine Enthusiast

Deadline: 7:00 PM EST - 17 January

Query:

I need 4-6 chefs who have suggestions for home cooks looking for

pizza stones. It would be a few sentences about why it is great in your opinion and the exact name/link of the product. I will backlink and attribute next to the quote in the article. I already have too many Original Baking Steel so looking beyond that model.

Requirements:

Must be a chef-can be private or restaurant, but need a link to business for credibility.

[Back to Top](#) [Back to Category Index](#)

5) Summary: Advice for Identifying &Overcoming the Narcissistic Abuse Cycle

Category: Lifestyle and Fitness

Email: query-dbk5@helpareporter.net

Media Outlet: Anonymous

Deadline: 3:00 PM EST - 14 January

Query:

It can be difficult to recognize when you're in a relationship with a narcissist and harder still to break out of the narcissistic abuse cycle. So, how do you break the narcissistic abuse cycle? What is the recovery like or what should it entail? One of the largest parenting sites on the internet wants to help answer these questions and provide actionable advice for our readers.

Requirements:

Must be a licensed (and preferably practicing) behaviorist, psychologist, psychiatrist, or other qualified therapists.

[Back to Top](#) [Back to Category Index](#)

6) Summary: Postpartum Incontinence

Category: Lifestyle and Fitness

Email: query-dbk6@helpareporter.net

Media Outlet: Anonymous

Deadline: 5:00 PM EST - 14 January

Query:

I am writing an article about postpartum incontinence and what women can do to treat it. I am looking for women's healthcare experts who can speak with authority on this issue. For example: pelvic floor specialists, OB/GYNs, physical therapists, etc.

Potential pitches could include: - What causes postpartum incontinence - Potential treatment options for women with postpartum incontinence - What *not* to do - How common postpartum incontinence is - Complicating factors - How long women can expect postpartum incontinence to last before talking to their doctor (i.e. 6 weeks, 12 weeks, etc) - Any other relevant pitch regarding women with postpartum incontinence

The outlet for this article is the website of a company that makes a popular kegel device.

This is a PR friendly post, so be sure to include links to all of your relevant social media profiles and websites so we can link to you in the post and share the love once the post goes live.

Requirements:

Must be a specialist in pelvic floor PT, an OB/GYN, or other equivalent with regards to postpartum incontinence

7) Summary: Seeking young woman (aged 25-35) diagnosed w/ lyme during COVID (Women's Health)

Name: Lauren Krouse Freelance

Category: Lifestyle and Fitness

Email: query-dbkg@helpareporter.net

Media Outlet: Freelance

Deadline: 7:00 PM EST - 20 January

Query:

Hi! For Women's Health, I'm seeking young women aged 25-35 who were diagnosed with Lyme disease *during COVID* to share their experiences by 1/20 EOD.

Q's: *What's your full name, age, city/state location, and what are you up to these days? *Take us back to before you were diagnosed with lyme; what symptoms were you having and for how long? What ultimately led you to seek medical attention?

*How/when (month/year) were you diagnosed with lyme? What happened next in regards to your treatment, coping, etc.? How are you doing now? *In light of your journey, what do you want others to know about lyme disease? Are there any myths/miscnoceptions you'd like to clear up or messages you'd like to send to healthcare providers who may be seeing patients like you? *Are you comfortable sharing medical records for fact-checking purposes? *Anything else you'd like to add?

Requirements:

Young woman aged 25-35 who was diagnosed with Lyme disease during COVID-19

[Back to Top](#) [Back to Category Index](#)

8) Summary: Working on a story about perineal massage for Verywell Family

Name: Kelly Bryant Verywell Family

Category: Lifestyle and Fitness

Email: query-dbl2@helpareporter.net

Media Outlet: Verywell Family

Deadline: 7:00 PM EST - 14 January

Query:

This story is focused on perineal massage. I'm looking for OB/GYNs, midwives, or doulas to answer a few questions on the topic. My questions are:

What is perineal massage? When is it used? How does it help labor? Are there any instances where perineal massage shouldn't be used? What are the steps involved in perineal massage?

Requirements:

OB/GYN, midwife, doula

[Back to Top](#) [Back to Category Index](#)

9) Summary: What Is Numerology

Name: Maressa Brown InStyle

Category: Lifestyle and Fitness

Email: query-dblb@helpareporter.net

Media Outlet: InStyle

Deadline: 3:00 PM EST - 14 January

Query:

Looking for a professional numerologist to weigh in on some basics -- what numerology is, what Master Numbers are, what Destiny Numbers are, what Life Path numbers are, etc

Requirements:

Prefer response via email given tight turn, thanks in advance!

[Back to Top](#) [Back to Category Index](#)

10) Summary: R.D.s: Share your favorite green smoothie recipes

Name: Brittany Anas The Vitamin Shoppe

Category: Lifestyle and Fitness

Email: query-dble@helpareporter.net

Media Outlet: The Vitamin Shoppe

Deadline: 12:00 PM EST - 16 January

Query:

Hello! I'm looking for Registered Dietitians to share their favorite green smoothie recipes w/ our reader. I have a pretty specific format I need to follow for this article, so can respondents please fill this out. 1. Your name, credentials (re-iterating - only R.D.s for this article; I don't have any flexibility here), and link to your site.

2. The green smoothie recipe. Please include exact measurements and specific instructions for those who are making this smoothie for the first time. Ideally, the smoothies will have some ingredients from The Vitamin Shoppe that we can also link to.

3. 1-3 sentences about why you love this green smoothie recipe and why you recommend it.

4. Optional: Please provide a tip or two about smoothie-making in general.

5. A link to a photo we can use. Please note that HARO doesn't allow for attachments.

[Back to Top](#) [Back to Category Index](#)

11) Summary: Quick turnaround story on heart health

Name: Samantha Boesch Eat This

Category: Lifestyle and Fitness

Email: query-dblt@helpareporter.net

Media Outlet: Eat This

Deadline: 7:00 AM EST - 14 January

Query:

Hi there! I'm looking for a registered dietitian OR cardiologist to help me with an article titled, "The #1 Best Drink for Your Heart."

Please respond with one drink (generic, not name brand) that is healthy for your heart, and an explanation for why.

Must be a registered dietitian or cardiologist.

Requirements:

Must be a registered dietitian or cardiologist.

[Back to Top](#) [Back to Category Index](#)

12) Summary: Quick turnaround story on high cholesterol

Name: Samantha Boesch Eat This

Category: Lifestyle and Fitness

Email: query-dblu@helpareporter.net

Media Outlet: Eat This

Deadline: 7:00 AM EST - 14 January

Query:

Hi, I need a few registered dietitians to help with a story called, "Drinks You Must Give Up If You Don't Want High Cholesterol."

Please reply with 2-3 drinks (generic, not name brand) that people might want to stay away from if they're worried about high cholesterol. Please also provide an explanation for why.

MUST be a registered dietitian.

Requirements:

Must be a registered dietitian.

[Back to Top](#) [Back to Category Index](#)

13) Summary: Trainers and nutritionists to talk about TikTok coffee trend.

Name: Carolyn Steber Bustle

Category: Lifestyle and Fitness

Email: query-dbm1@helpareporter.net

Media Outlet: Bustle

Deadline: 11:00 PM EST - 13 January

Query:

I'm working on an article about the TikTok trend to put a protein shake in your coffee in the morning. Also known as "Proffee," it can also be a scoop of protein powder stirred into coffee or espresso.

What are the benefits of having protein plus coffee in the morning? Please see my questions below!

1. What do you think of the "Proffee" trend on TikTok? Why do you think it's so popular right now?
2. What are the benefits to drinking this combo in the morning? Can it improve energy, make a workout easier, fuel you through the morning, keep blood sugar stable? For any benefit, please briefly explain why.
3. Are there any downsides to Proffee? Anything people should

know before drinking it?

Thank you!

[Back to Top](#) [Back to Category Index](#)

14) Summary: Martin Luther King Day (Deals, Movies, Suggestions)

Name: Harry Drew Key Management Insights

Category: Lifestyle and Fitness

Email: query-d9lo@helpareporter.net

Media Outlet: Key Management Insights

Deadline: 7:00 PM EST - 15 January

Query:

Hello. We are preparing a detailed piece for Martin Luther King day (January 15th). We're covering the following sections for the holiday:

1. Online deals and discounts
2. Movies and TV Show suggestions
3. Any event happening in New York City or nearby

Requirements:

Send us an email at least about any one of three sections mentioned above. Please limit the length your comments to 400 words.

[Back to Top](#) [Back to Category Index](#)

15) Summary: Green tea drink elixirs/melange

Name: Brandy Pan Well+Good

Category: Lifestyle and Fitness

Email: query-dbk1@helpareporter.net

Media Outlet: Well+Good

Deadline: 7:00 PM EST - 16 January

Query:

What specific ingredients make for a great green tea drink and why? What is the best way to prepare green tea (and feel free to add favorite green teas and any other suggestions)? Thank you!

Requirements:

Tea sommelier experts/specialists only

[Back to Top](#) [Back to Category Index](#)

16) Summary: What are stress dreams?

Name: Sonya Matejko Psych Central

Category: Lifestyle and Fitness

Email: query-dbk7@helpareporter.net

Media Outlet: Psych Central

Deadline: 6:00 PM EST - 14 January

Query:

Looking for licensed mental health professionals to respond to the following questions:

- What are stress dreams? - What are common types of stress dreams? - What causes stress dreams? - How can you prevent future stress dreams? - How do you know when to get help, as it pertains to your stress dreams?

Please include answers within your response. I will reach out if I need more info!

Requirements:

Must be a licensed mental health professional. Please include relevant credentials and a link to your website. Thank you!

17) Summary: Seeking female entrepreneurs interested in fashion/style

Category: Lifestyle and Fitness

Email: query-dbk@helpareporter.net

Media Outlet: Anonymous

Deadline: 7:00 PM EST - 31 January

Query:

Hi, ladies! Last fall the Gwen Beloti Team launched our Her Style Story series, a series meant to celebrate women and inspire confidence. We've featured over 25 inspirational women in our series over the past few months, which you can find here: <https://www.goldenstoriesbox.com/blogs/gold-book>. We're now seeking submissions for 2022.

We'll share with you a series of questions to answer about your personal style and include photos showcasing your personality and style in the final blog post. We post the articles on our website in addition to sharing them on our IG (<https://www.instagram.com/gwenbeloti/>), LinkedIn, and in our email newsletters, reaching 22k+ viewers.

Requirements:

We are looking for female entrepreneurs in the fashion industry or women in business who are passionate about fashion and style. We'd love to feature your personal style journey as well as your professional/life story.

[Back to Top](#) [Back to Category Index](#)

18) Summary: Looking for grain-free granolas from PR reps

Name: Perri O. Blumberg LevelsHealth.com

Category: Lifestyle and Fitness

Email: query-dblx@helpareporter.net

Media Outlet: LevelsHealth.com

Deadline: 7:00 PM EST - 17 January

Query:

Please send with numbers; will request additional info/samples if interested in featuring.

Looking for grain-free granolas that meet the following criteria: no added sugars Natural sweeteners are okay (<https://www.levelshealth.com/blog/natural-sweeteners-healthy-blood-sugar>), artificial ones not. Favor whole foods or minimally processed foods. Avoid refined grains. No wheat flour. (breads, etc). Avoid refined seed oils. Favor high-quality (organic, non-GMO, etc). If your company makes a product that meets this criteria, please send:

1. name of brand, name of granola, link to buy (nationwide distribution at Whole Foods, on Amazon, Target, etc. or direct-to-consumer ideal) 2. Brief blurb on this grain-free granola product and what makes it so great and what ingredients are in it. Two sentences max. 3. Optional: Please repeat sections 1 and 2 here for a second grain-free granola if you rep more than one brand and/or your company makes a second grain-free granola product different from one above.

Requirements:

Please format as requested.

3) Summary: Postpartum Incontinence

Category: Biotech and Healthcare

Email: query-dbk6@helpareporter.net

Media Outlet: Anonymous

Deadline: 5:00 PM EST - 14 January

Query:

I am writing an article about postpartum incontinence and what

women can do to treat it. I am looking for women's healthcare experts who can speak with authority on this issue. For example: pelvic floor specialists, OB/GYNs, physical therapists, etc.

Potential pitches could include: - What causes postpartum incontinence - Potential treatment options for women with postpartum incontinence - What *not* to do - How common postpartum incontinence is - Complicating factors - How long women can expect postpartum incontinence to last before talking to their doctor (i.e. 6 weeks, 12 weeks, etc) - Any other relevant pitch regarding women with postpartum incontinence

The outlet for this article is the website of a company that makes a popular kegel device.

This is a PR friendly post, so be sure to include links to all of your relevant social media profiles and websites so we can link to you in the post and share the love once the post goes live.

Requirements:

Must be a specialist in pelvic floor PT, an OB/GYN, or other equivalent with regards to postpartum incontinence

High Tech

35) Summary: Looking For technology or SMEs Podcasts for PR purposes

Name: Lina Carvajal GoodIP

Category: High Tech

Email: query-d8o1@helpareporter.net

Media Outlet: GoodIP

Deadline: 7:00 PM EST - 15 January

Query:

GoodIP is a Munich-based startup focused on helping companies with their Intellectual Property journey by using AI as a facilitator mechanism. GoodIP intends to revolutionize the industry of Intellectual Property, which has been typically considered as an old-fashioned market, only available for experts, by helping companies with their intellectual property with the use of technology and data-driven solutions.

For PR purposes, we are looking for a podcast in which any of the founders of GoodIP can participate. The founders are experts in Intellectual Property, AI, and Business respectively. The podcast will be shared on GoodIP & founders social media and depending on the topic, on the page which has a huge number of followers too. This can provide podcasters with a wider audience.

For more information about GoodIP: <https://www.goodip.io/>
<https://www.linkedin.com/company/goodip>

Requirements:

The podcast should be related to technology or focus on SMEs and should be at least 20-30 min long per interview.

Name: Dorothy Lauren O'Connor Today's Dietitian magazine

Category: Lifestyle and Fitness

Email: query-db5s@helpareporter.net

Media Outlet: Today's Dietitian magazine

Deadline: 2:00 PM PST - 15 January

Query:

Looking for an MD to provide information regarding diagnoses and treatment for Silent Reflux (Laryngopharyngeal reflux - LPR). Specifically: 1. What methods are used to diagnose LPR? 2. Would love for you to comment on any recommended supplementation (i.e. Calcium, DGL Licorice Extract, others) - and research to back it up. 3. What current medication(s) is prescribed and why? How long? (How long can a patient safely be on a PPI? Best ways

to wean off PPI?) 4. Dietary recommendations? (foods to avoid, foods to include, lifestyle recommendations) How often do you refer to dietitian for a recommended dietary plan? 5. What is the difference between LPR and GERD? Can you have LPR without GERD? If so, how is this possible?

Requirements:

Must be an MD: Ear Nose & Throat Specialist GI Doctor

[Back to Top](#) [Back to Category Index](#)

38) Summary: Dermatologist vs Esthetician

Name: Caroline Schmidt Formulate.co

Category: Lifestyle and Fitness

Email: query-dbgr@helpareporter.net

Media Outlet: Formulate.co

Deadline: 7:00 PM EST - 15 January

Query:

For the editorial arm of a personal care startup. We will share the article with our base of 100k+ subscribing customers.

As a part of our series in which we answer customer/reader questions, we're asking: what are some of the differences between a dermatologist and an esthetician? Of course, one has an MD and the other doesn't, but what are the differences in services rendered and the differences in costs? What would you go to a dermatologist for vs what would you go to an esthetician for? Any + all info is welcome!

Requirements:

skin experts, beauty experts, dermatologists, estheticians

39) Summary: Seeking Chef with opinions on pizza stones

Name: Carrie Honaker Wine Enthusiast

Category: Lifestyle and Fitness

Email: query-dbjb@helpareporter.net

Media Outlet: Wine Enthusiast

Deadline: 7:00 PM EST - 17 January

Query:

I need 4-6 chefs who have suggestions for home cooks looking for pizza stones. It would be a few sentences about why it is great in your opinion and the exact name/link of the product. I will backlink and attribute next to the quote in the article. I already have too many Original Baking Steel so looking beyond that model.

Requirements:

Must be a chef-can be private or restaurant, but need a link to business for credibility.

40) Summary: Working on a story about perineal massage for Verywell Family

Name: Kelly Bryant Verywell Family

Category: Lifestyle and Fitness

Email: query-dbl2@helpareporter.net

Media Outlet: Verywell Family

Deadline: 7:00 PM EST - 14 January

Query:

This story is focused on perineal massage. I'm looking for OB/GYNs, midwives, or doulas to answer a few questions on the topic. My questions are:

What is perineal massage? When is it used? How does it help labor? Are there any instances where perineal massage shouldn't be used? What are the steps involved in perineal massage?

Requirements:

OB/GYN, midwife, doula

[Back to Top](#) [Back to Category Index](#)

41) Summary: What Is Numerology

Name: Maressa Brown InStyle
Category: Lifestyle and Fitness

Email: query-dblb@helpareporter.net

Media Outlet: InStyle

Deadline: 3:00 PM EST - 14 January

Query:

Looking for a professional numerologist to weigh in on some basics -- what numerology is, what Master Numbers are, what Destiny Numbers are, what Life Path numbers are, etc

Requirements:

Prefer response via email given tight turn, thanks in advance!
[Back to Top](#) [Back to Category Index](#)

42) Summary: R.D.s: Share your favorite green smoothie recipes

Name: Brittany Anas The Vitamin Shoppe

Category: Lifestyle and Fitness

Email: query-dble@helpareporter.net

Media Outlet: The Vitamin Shoppe

Deadline: 12:00 PM EST - 16 January

Query:

Hello! I'm looking for Registered Dietitians to share their favorite green smoothie recipes w/ our reader. I have a pretty specific format I need to follow for this article, so can respondents please fill this out. 1. Your name, credentials (re-iterating - only R.D.s for this article; I don't have any flexibility here), and link to your site.

2. The green smoothie recipe. Please include exact measurements and specific instructions for those who are making this smoothie for the first time. Ideally, the smoothies will have some ingredients from The Vitamin Shoppe that we can also link to.

3. 1-3 sentences about why you love this green smoothie recipe and why you recommend it.

4. Optional: Please provide a tip or two about smoothie-making in general.

5. A link to a photo we can use. Please note that HARO doesn't allow for attachments.

45) Summary: Trainers and nutritionists to talk about TikTok coffee trend.

Name: Carolyn Steber Bustle

Category: Lifestyle and Fitness

Email: query-dbm1@helpareporter.net

Media Outlet: Bustle

Deadline: 11:00 PM EST - 13 January

Query:

I'm working on an article about the TikTok trend to put a protein shake in your coffee in the morning. Also known as "Proffee," it can also be a scoop of protein powder stirred into coffee or espresso.

What are the benefits of having protein plus coffee in the morning? Please see my questions below!

1. What do you think of the "Proffee" trend on TikTok? Why do you think it's so popular right now?
2. What are the benefits to drinking this combo in the morning? Can it improve energy, make a workout easier, fuel you through the morning, keep blood sugar stable? For any benefit, please briefly explain why.
3. Are there any downsides to Proffee? Anything people should know before drinking it?

Thank you!

46) Summary: Green tea drink elixirs/melange

Name: Brandy Pan Well+Good

Category: Lifestyle and Fitness

Email: query-dbk1@helpareporter.net

Media Outlet: Well+Good

Deadline: 7:00 PM EST - 16 January

Query:

What specific ingredients make for a great green tea drink and why? What is the best way to prepare green tea (and feel free to add favorite green teas and any other suggestions)? Thank you!

Requirements:

Tea sommelier experts/specialists only

[Back to Top](#) [Back to Category Index](#)

47) Summary: Looking for grain-free granolas from PR reps

Name: Perri O. Blumberg LevelsHealth.com

Category: Lifestyle and Fitness

Email: query-dblx@helpareporter.net

Media Outlet: LevelsHealth.com

Deadline: 7:00 PM EST - 17 January

Query:

Please send with numbers; will request additional info/samples if interested in featuring.

Looking for grain-free granolas that meet the following criteria: no added sugars Natural sweeteners are okay (<https://www.levelshealth.com/blog/natural-sweeteners-healthy-blood-sugar>), artificial ones not. Favor whole foods or minimally processed foods. Avoid refined grains. No wheat flour. (breads, etc). Avoid refined seed oils. Favor high-quality (organic, non-GMO, etc). If your company makes a product that meets this criteria, please send:

1. name of brand, name of granola, link to buy (nationwide distribution at Whole Foods, on Amazon, Target, etc. or direct-to-consumer ideal) 2. Brief blurb on this grain-free granola product and what makes it so great and what ingredients are in it. Two sentences max. 3. Optional: Please repeat sections 1 and 2 here for a second grain-free granola if you rep more than one brand and/or your company makes a second grain-free granola product different from one above.

Requirements:

Please format as requested.

Subject: RE: 016 Intel Weekly Wednesday 2022 12 Jan

Hi George,

We have had an uptick in CAT Converter Thefts, so I am going to plot out what days of the week they are occurring from the different towns that surround us on a weekly basis until it cools off again.

Did 16th District happen to have any from 1/07-1/13? If so can you please let me know what days, the amount and what the victim vehicles were?

I will send you the graph as well.

Thank You,

Pat

Patrick Sheehan

Webinar: How to Make Your Agency's Stories Shine Join Us for A PIO Webinar On January 20th
Email not displaying correctly?
View it in your browser.

Good Morning,

We are looking forward to next week's Panel Webinar on Thursday, January 20th!

Agencies that share powerful stories are able to engender trust and positive relationships with their communities. On 1/20, join your peer law enforcement leadership and Public Information Officers to get tactics and tools for crafting a compelling narrative.

Register for the panel and join us at 3 p.m. ET / 12 p.m. PT [here](#). Feel free to forward this invitation to anyone you think would benefit!

See you there!

Holly,

Kelly,

Ofc. Danalewich #121 is starting with us on 1/17/22. Can you create an LPR login for him and throw a few gas masks on my desk for him to get fit tested?

I will take care of Deputizing him during his admin days and will put the sheet in your mailbox.

Thanks,

Timothy Naleway | Sergeant

JANUARY 2022

PRODUCT RELEASE DIGEST

This monthly update will keep you informed about all the latest product improvements and releases to ensure you get the most out of your agency's partnership with Flock Safety.

Highlights

New Year. New Website. Same Mission.

A message from our CEO Garrett Langley:

"It's a new year, and I'm incredibly proud to reveal an exciting brand refresh and new website for Flock Safety! When you think of Flock, you think about collaboration, innovation, reliability, security, and trust. We created this brand and identity with these words, along with our strong values and company ethics, in mind. I hope you'll check it out and let us know what you think!"

Hi Joe,

We verified that Flock takes care of the necessary permits through IDOT prior to placing the LPR's.

Thanks,

Mike

Subject: LPR - IDOT Permit

FYI –

IDOT Reminding Local Governments to Receive Permits Before Placing License Plate Readers

The Illinois Department of Transportation (IDOT) has become aware that many units of local government, also known as local public agencies (LPA), have been installing license plate reader (LPR) cameras within IDOT rights-of-way without express permission from IDOT.

IDOT requires that an LPA receive a permit prior to any installation of LPR cameras or other work done within an IDOT right-of-way. IDOT's license plate reader permit request is available via this link and should be submitted to your municipality's IDOT regional office. Any questions regarding completing work within an IDOT right-of-way should also be directed to your municipality's IDOT regional office.

Attachment: [unknown_name_ggezg](#)
[December 2021 Monthly Briefing.eml](#)

DSN Your message to alexander.fairall@hoffmanestates.org couldn't be delivered.
alexander.fairall wasn't found at hoffmanestates.org.

pgs Office 365 alexander.fairall **Action Required** Recipient Unknown To address

How to Fix It The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.10 in Office 365, and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? Send feedback to Microsoft.

More Info for Email Admins *Status code: 550 5.1.10*

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users >Active Users >select the recipient >Assigned License >Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 5.1.10 in Office 365.

Mike,

I spoke to the Det's yesterday and removed a few slides not needed anymore. I also reduced the 5 maps to one to see how it goes for this month and it's the same map I use the for Chief's monthly.

Please let me know if any of the slides need to be adjusted/removed.

Thanks,

Pat

Hi Sam,

We had a stabbing last night so I may be tied up on an interview during our scheduled Zoom meeting time. If it is ok with you, can you send an invite to the meeting to Pat Hoffmann, his email is pth@vniles.com Pat is one of my Detectives and is our unit tech guy so he would be the best person to get the info. I will most likely be able to join but if I am late or need to step away I would like him to be able to cover for me.

Thanks,

Mike

Hi Sam,

We had a stabbing last night so I may be tied up on an interview during our scheduled Zoom meeting time. If it is ok with you, can you send an invite to the meeting to Pat Hoffmann, his email is pth@vniles.com Pat is one of my Detectives and is our unit tech guy so he would be the best person to get the info. I will most likely be able to join but if I am late or need to step away I would like him to be able to cover for me.

Thanks,

Mike

Sgt. Boba,

It's great to e-meet you. I'm off until the 28th, but will put on my calendar to circle back then and get some time set up for us to meet and get you your login credentials.

Happy Holidays!

Sam Meyer

On Tue, Dec 21, 2021 at 12:28 PM Dan Murdock <dan.murdock@flocksafety.com> wrote:

Sgt Boba,

Please meet Sam. He will be your main Point of Contact as we get you set up with credentials for Flock. He will reach out to you soon to set up some time next week to get the ball rolling and he will show you how to request access to cameras and use the look up tools. Please let me know if you have any questions. Otherwise we will be in touch.

Thank you again for getting this MOU signed.

Regards,

Dan Murdock

Hi Sam,

We had a stabbing last night so I may be tied up on an interview during our scheduled Zoom meeting time. If it is ok with you, can you send an invite to the meeting to Pat Hoffmann, his email is pth@vniles.com Pat is one of my Detectives and is our unit tech guy so he would be the best person to get the info. I will most likely be able to join but if I am late or need to step away I would like him to be able to cover for me.

Thanks,

Mike

FYI –

IDOT Reminding Local Governments to Receive Permits Before Placing License Plate Readers

The Illinois Department of Transportation (IDOT) has become aware that many units of local government, also known as local public agencies (LPA), have been installing license plate reader (LPR) cameras within IDOT rights-of-way without express permission from IDOT.

IDOT requires that an LPA receive a permit prior to any installation of LPR cameras or other work done within an IDOT right-of-way. IDOT's license plate reader permit request is available via this link and should be submitted to your municipality's IDOT regional office. Any questions regarding completing work within an IDOT right-of-way should also be directed to your municipality's IDOT regional office.

Portable Surveillance Can

Trinity's newly patented Portable Surveillance Can is an industry changing multi-use camera solution.

TIS Portable Surveillance

- PORTABLE - Mounting... Deploy where they are needed; Move to another location.
- LPR capable.
- Industrial Power Supply.
- Cellular, Band 14 capable.
- 2x Temperature Controlled Cooling Fans.
- High Performance Antenna.
- Pre-Configured for "Just Add Power" deployment.
- Made in the U.S.A.!

Trinity Innovative Solutions Portable Surveillance Can Experience The Trinity Difference!

Webinar: How to Tell Your Agency's Story Join Us On January 20th for An Information-Packed Session Email not displaying correctly?

[View it in your browser.](#)

Good Morning,

Do you want to build a narrative that makes your agency shine in the public eye? Are you excited to share stories about your officers serving and protecting the public every day?

More than ever, it's critical for law enforcement agencies to craft a positive narrative in the news and on social media. During this Webinar, we'll hear from Public Information Officers who specialize in telling great stories about their officers and agency.

Join us on January 20th at 3 p.m. ET / 12 p.m. PT for an information-packed session. Please forward this along to any fellow officers and PIOs who may benefit from this conversation.

See you there!

Holly,

QUOTE OF THE DAY

In a country that doesn't discriminate between fame and infamy, the latter presents itself as plainly more achievable.

--Lionel Shrive

ASK ANCEL GLINK...the question changes each Friday. Information submitted to Ancel Glink through this service is not considered confidential, nor does the service create an attorney-client relationship with Ancel Glink.

Q: Our property inspector has received complaints about the wildlife attracted to a resident's enormous vegetable garden. Is there anything we can do?

A: It may be winter, but it's never a bad time to understand your regulatory authority. Public Act 102-0180 permits any person to cultivate vegetable gardens on their own property. Under the law, a "vegetable garden" means any plot of ground or elevated soil bed on residential property where vegetables, herbs, fruits, flowers, pollinator plants, leafy greens, or other edible plants are cultivated. There is a home-rule restriction that states that home rule units may not regulate vegetable gardens in a manner inconsistent with the Act. Restrictions may still be made on the basis of height, water use, fertilizer use, or other characteristics.

1079. Stop Illegal Dumping with Rapid Deployment LPR

From: Daniel del Soldato <danieldelsoldato@wcctv.com>
To: Luis <lct@vniles.com>
Sent Date: Jan 05, 2022 10:31:27
Subject: Stop Illegal Dumping with Rapid Deployment LPR
Attachment:

Stop Illegal Dumping with Rapid Deployment LPR Good morning Luis, WCCTV's Rapid Deployment Pole Cameras built-in LPR capability help catch illegal dumpers.
Good morning Luis,

LPR cameras provide Law Enforcement agencies with critical, indisputable video footage to investigate crimes and secure arrests.

PDs across America are utilizing WCCTV's rapid deployment LPR solutions to combat illegal dumping, business crime, parking lot theft and vehicular crimes.

WCCTV's 4G Mini Dome with built-in LPR gives you two cameras in one, with full situational overview video delivered in 1080p HD quality from the pole camera alongside crystal images of vehicle plates from the LPR camera.

This integrated solution helps build complete case files to secure arrests and convictions.

Illegal Dumping captured by WCCTV LPR Camera (plates redacted)

Learn More About WCCTV's LPR Cameras WCCTV's Pole Cameras with built-in LPR capability provide:

1. High Accuracy Plate Reads
2. Plug and Play Capability for Rapid Deployment and Portability
3. Ease of Use for Any Experience Level

Our free and unlicensed viewing software automatically converts license plate scans into a text database so you can quickly search for vehicles of interest.

The software directly links to a nationally hosted LPR data server and car detector, allowing you to create 'hotlists' of vehicles of interest. When plates from these vehicles are scanned, you will receive an automatic email alert.

Free up your time and let WCCTV's systems do the hard work, get in touch today for a demonstration or quote.

Illegal Dumping captured by WCCTV LPR Camera (plates redacted)

How Rapid Deployment Pole Cameras Benefit Law Enforcement

WCCTV, the USA's leading provider of 4G LTE enabled pole-mounted security cameras, explores some of the key Law Enforcement based applications for these truly mobile surveillance units.

[Learn more »](#)

The Benefits of License Plate Recognition Cameras

License plate recognition (LPR) cameras are specialized surveillance units designed to detect, capture and log vehicle licence plates.

Sgt. Boba,

Anyone can attend who wants to, but once I get an administrator in, that person can add other admins and other "roles". Are you free at 1500hrs CST tomorrow for a zoom call?

Thank you and let me know,

Sam

Subject: Re: Recovered Vehicles
Attachment: [Outlook-ekrmlw4t.jpg](#)

LAW ENFORCEMENT SENSITIVE - FOR OFFICIAL USE ONLY

Good evening, I wanted to send this out because the offenders are driving all over the place and I believe there is a possibility they are driving out to the suburbs as well. Please feel free to reach out for any questions, comments, or feedback.

JE493385 - VEHICULAR HIJACKING – BEAT 423

DATE OF OCCURRENCE: 30-DEC-21 – Approx: 2048 Hours

ADDRESS OF OCCURENCE: 9148 S. Commercial Avenue – Beat 423

VEHICLE TAKEN: 2017 Silver Jeep Grand Cherokee IL Plate# S618510

SYNOPSIS: Follow-up with victim: One individual approached, opened the car door at the above address and ordered her out of the vehicle. A second possible subject was on the sidewalk as a possible look out. They then fled in the vehicle N/B on Commercial. The victim stated that she did not see a weapon.

Offender Description: 2 Subjects. 1 Description – M/1 16-17 YOA, 5'6 – 5'7 130-140 skinny, wearing a black winter hat, and a red, yellow, and black hoody.

DIO Follow-up:

Vehicle does not have any known GPS capability per victim.

LPR ACTIVITY: HIGHLY ACTIVE - THE NIGHT OF THE INCIDENT - SEEN TRAVELLING W/B NEAR 1629 W. 115TH, 31 DEC. 1026 HOURS - 134TH AND INDIANA, 1121 HOURS - 47TH AND WENTWORTH, AND LAST SEEN ON 01 JAN AT 2001 E. 95TH.

Offenders appear to have been on foot, unknown if there was a trail car.

Alexander Chorak
004 District Intelligence Officer
815-541-4682

Subject: Recovered Vehicles

Good Morning & Happy New Year everyone.

Last night, we recovered two stolen autos from 3117 Miller Ave here in our town.

2021 Dodge Durango; CM30565; LDS/V21J3777; ORA/Chicago PD

2013 Acura sedan; P717426; LDS/V21J3464; ORA/Chicago PD

Both vehicles were unoccupied.

At this address, two other vehicles have been recovered stolen previously. A Range Rover out of Hinsdale and a '93 Chevy Pick-up out of Hammond. Also at this address, on 12/29, a stolen Jeep Cherokee; CA 8NYL284 (Bloomington PD) was backed into the driveway. When we pulled up to the residence, a m/b with a hood and mask on, approx early 20s/thin build, exited the residence and entered into the passenger side of the Jeep and they fled. This Jeep is known to frequent Park Forest & University Park. The Jeep at this time had an Indiana license plate on it but we were unable to catch it, where it then hit on Flock that following night in University Park with a stolen Illinois 28 (reported out of Crete PD) on the rear of it. The Jeep also matches the description of a Jeep used in an attempt homicide in Sauk Village, however, they were unable to obtain a license plate.

I'm sending this email just to put out the information that the grandson at this residence is most likely part of an auto theft crew. I have had a blue Jaguar SUV flee from me twice this week after spotting it in the area of the house. The Jaguar matches the stolen Jaguar out of Lincolnshire, IL from one of their dealerships. The license plate on it has also recently been on a Mercedes SUV that matches the description of the Mercedes that was stolen from a dealership out of Lincolnshire as well. Tennessee D009519.

The last name of the family that lives here is Flemming. I spoke with the grandmother who lives there when we recovered the two tonight and she claims that they call him "Jay". Apparently, she doesn't know her own grandson's name that lives with her. She claims she will call his mom tomorrow and get me his first name. If I can get a positive ID, I will send out his information with a picture.

Attached are pictures of some of the vehicles mentioned above.

Respectfully,

Sergeant Hamilton #06

South Chicago Heights Police Department

185 West Sauk Trail, South Chicago Heights, Illinois, 60411

Work: 708-755-3521

Fax: 708-754-8789

Subject: Re: Recovered Vehicles
Attachment: [Outlook-ekrmlw4t.jpg](#)

LAW ENFORCEMENT SENSITIVE - FOR OFFICIAL USE ONLY

Good evening, I wanted to send this out because the offenders are driving all over the place and I believe there is a possibility they are driving out to the suburbs as well. Please feel free to reach out for any questions, comments, or feedback.

JE493385 - VEHICULAR HIJACKING – BEAT 423

DATE OF OCCURRENCE: 30-DEC-21 – Approx: 2048 Hours

ADDRESS OF OCCURENCE: 9148 S. Commercial Avenue – Beat 423

VEHICLE TAKEN: 2017 Silver Jeep Grand Cherokee IL Plate# S618510

SYNOPSIS: Follow-up with victim: One individual approached, opened the car door at the above address and ordered her out of the vehicle. A second possible subject was on the sidewalk as a possible look out. They then fled in the vehicle N/B on Commercial. The victim stated that she did not see a weapon.

Offender Description: 2 Subjects. 1 Description – M/1 16-17 YOA, 5'6 – 5'7 130-140 skinny, wearing a black winter hat, and a red, yellow, and black hoody.

DIO Follow-up:

Vehicle does not have any known GPS capability per victim.

LPR ACTIVITY: HIGHLY ACTIVE - THE NIGHT OF THE INCIDENT - SEEN TRAVELLING W/B NEAR 1629 W. 115TH, 31 DEC. 1026 HOURS - 134TH AND INDIANA, 1121 HOURS - 47TH AND WENTWORTH, AND LAST SEEN ON 01 JAN AT 2001 E. 95TH.

Offenders appear to have been on foot, unknown if there was a trail car.

Alexander Chorak
004 District Intelligence Officer
815-541-4682

Subject: Recovered Vehicles

Good Morning & Happy New Year everyone.

Last night, we recovered two stolen autos from 3117 Miller Ave here in our town.

2021 Dodge Durango; CM30565; LDS/V21J3777; ORA/Chicago PD

2013 Acura sedan; P717426; LDS/V21J3464; ORA/Chicago PD

Both vehicles were unoccupied.

At this address, two other vehicles have been recovered stolen previously. A Range Rover out of Hinsdale and a '93 Chevy Pick-up out of Hammond. Also at this address, on 12/29, a stolen Jeep Cherokee; CA 8NYL284 (Bloomington PD) was backed into the driveway. When we pulled up to the residence, a m/b with a hood and mask on, approx early 20s/thin build, exited the residence and entered into the passenger side of the Jeep and they fled. This Jeep is known to frequent Park Forest & University Park. The Jeep at this time had an Indiana license plate on it but we were unable to catch it, where it then hit on Flock that following night in University Park with a stolen Illinois 28 (reported out of Crete PD) on the rear of it. The Jeep also matches the description of a Jeep used in an attempt homicide in Sauk Village, however, they were unable to obtain a license plate.

I'm sending this email just to put out the information that the grandson at this residence is most likely part of an auto theft crew. I have had a blue Jaguar SUV flee from me twice this week after spotting it in the area of the house. The Jaguar matches the stolen Jaguar out of Lincolnshire, IL from one of their dealerships. The license plate on it has also recently been on a Mercedes SUV that matches the description of the Mercedes that was stolen from a dealership out of Lincolnshire as well. Tennessee D009519.

The last name of the family that lives here is Flemming. I spoke with the grandmother who lives there when we recovered the two tonight and she claims that they call him "Jay". Apparently, she doesn't know her own grandson's name that lives with her. She claims she will call his mom tomorrow and get me his first name. If I can get a positive ID, I will send out his information with a picture.

Attached are pictures of some of the vehicles mentioned above.

Respectfully,

Sergeant Hamilton #06

From: Wiegel, Kristyn
Sent: Thursday, December 30, 2021 4:57:51 AM
To: Sheehan, Patrick
Subject: December Monthly - DRAFT

Hello Pat,

Please take a look at what I did so far and let me know what you think. It is not official and I know its a bit long again so let me know what we should get rid of. A couple slides are still incomplete and I didn't touch your maps at the end of the presentation. Enjoy! Talk soon.

Hello Pat,

Please take a look at what I did so far and let me know what you think. It is not official and I know its a bit long again so let me know what we should get rid of. A couple slides are still incomplete and I didn't touch your maps at the end of the presentation. Enjoy! Talk soon.

[Rental SC.png](#)

ASA Peterson,

I left a voicemail for your this morning but had not heard back about a subpoena I received from your office yesterday afternoon for appearance in courtroom 207 on 12/29/2021. Due to a case review to take place tomorrow morning with felony review (in-custody defendant), I will be unable to attend court.

Per your request, I have looked into the items you requested to bring to court. Due to limited staffing at our dispatch center and our station due to the holidays, I don't believe those items will be available by tomorrow. Attached to this email are two of the 4 items you requested.

1: NVLS/CPIC results (2 PDF files)

2: Hertz Rental Agreement

I don't believe there is any In-Car video as I don't believe there was an emergency response which would not activate dash cam video. As far as 911 call audio is concerned, I do not believe that would be available as they don't retain audio for extended periods of time. The CAD call history was requested but I have not heard back.

Requests were placed for the other items and I will report back as to what the status is for those items.

Patrick Hoffmann #149

This in reference to a previous critical reach sent for a 2019 Kia Forte taken at gun point on 11/11/27/2021 at 0600 hours. Thanks to the assistance of Officer Brian Maschek (drawings above), we were able to have my victim sit down with him and come up with suspect drawings. Suspect #1 was described by my victim as having a skinny face, light skinned, and approximately 160-170pounds. Suspect #2 was described as being bigger, and having a much larger head and darker skinned. The vehicle did have LPR hits near the area of 71st St. and S Eberhart Chicago, and 2138 W 73rd St. Chicago, IL. after the steal. Any one with information on this case please contact Detective McManaway kmcmanaway@lakecountyil.gov.

Sgt. Boba,

It's great to e-meet you. I'm off until the 28th, but will put on my calendar to circle back then and get some time set up for us to meet and get you your login credentials.

Happy Holidays!

Sam Meyer

On Tue, Dec 21, 2021 at 12:28 PM Dan Murdock <dan.murdock@flocksafety.com> wrote:

Sgt Boba,

Please meet Sam. He will be your main Point of Contact as we get you set up with credentials for Flock. He will reach out to you soon to set up some time next week to get the ball rolling and he will show you how to request access to cameras and use the look up tools. Please let me know if you have any questions. Otherwise we will be in touch.

Thank you again for getting this MOU signed.

Regards,

Dan Murdock

Subject: RE: EXTERNAL: ChicagolandMVT / **UPDATED EMAIL LIST - 12.21.2021**

Attachment: [image001.png](#)
[image002.png](#)
[66205266926_ADC2E44B-5161-497E-A4AC-EA4C0E18321B.jpg](#)

Good morning,

New Lenox PD took a report for a stolen 2018 JEEP GRAND CHEROKEE TRACKHAWK
 VIN: 1C4RJFN95JC224802, IL registration CQ15339. The vehicle appears to have been
 reprogrammed some time between 4a-5a this morning, 12/24/21. Vehicle is entered into LEADS
 as stolen. Initial LPR hits through NVLS show it up and down I90/94 near 83rd St. I have
 attached an image of a previous LPR hit.

Thanks in advance.

Brandon Tilton

Detective
New Lenox Police Department

Subject: Assistance with 890.20464.21

Hey Carlos,

I just copied the email I had sent to ISP. The full agency name is Blackman-Leoni Twp. Department of Public Safety and my badge number is 0171. For the investigation, we are looking for additional information on the vehicles and subject involved. However, we are unable to run full LEIN/NCIC/NLETS queries on vehicles registered to individuals, businesses, or addresses if they are out of state, nor do we have a direct contact at the IL SOS. As such, if you could access and send me the following info, I would really appreciate it.

- Any vehicles registered or titled to 5109 N East River Rd, Unit 2K, Chicago, IL 60656
- Any vehicles titled or registered to MAKTRANSUS LLC
- Any persons associated with the above listed address or LLC
- Any vehicles or addresses associated with a Kosta Markovski w/m 07/16/1968
- Any LPR reads for IL/3225234B
- Any department reports or existing documentation involving the above listed subject, address, or vehicle.

Documents can be sent to my email at dgrumhaus@blackmantwp.com. Our incident number for this case is 890.20464.21. I can be reached by email or on my personal cell (847-917-8502) with any questions or concerns. Thank you so much and have a great evening.

Sincerely,

David Grumhaus

Sgt Boba,

Please meet Sam. He will be your main Point of Contact as we get you set up with credentials for Flock. He will reach out to you soon to set up some time next week to get the ball rolling and he will show you how to request access to cameras and use the look up tools. Please let me know if you have any questions. Otherwise we will be in touch.

Thank you again for getting this MOU signed.

1218. Flock Safety - Account Set Up - Niles IL

From: Dan Murdock <dan.murdock@flocksafety.com>
To: Boba, Michael <mdb@vniles.com>, Sam Meyer
<sam.meyer@flocksafety.com>
Sent Date: Dec 21, 2021 11:28:34
Subject: Flock Safety - Account Set Up - Niles IL
Attachment:

Sgt Boba,

Please meet Sam. He will be your main Point of Contact as we get you set up with credentials for Flock. He will reach out to you soon to set up some time next week to get the ball rolling and he will show you how to request access to cameras and use the look up tools. Please let me know if you have any questions. Otherwise we will be in touch.

Thank you again for getting this MOU signed.

Regards,

Dan Murdock
Phone: 312-415-3858

Good Afternoon,

I am investigating an armed robbery that occurred on 12/12/2021 at approximately 0930 hours. I was able to find the suspect vehicle on our LPR camera at Milwaukee and Oakton at 0903 hours but was unable to capture any good/clear video of the vehicle.

I'm aware you have cameras located in the N. Milwaukee & Devon Ave vicinity and was curious if you could search to find the vehicle in the area around 0850-0900 hours.

Attached to this email is a picture of the offending vehicle. Thanks in advance.

If you need any further info, don't hesitate to call me at 847.588.6574

Policing and Policy

San Francisco Mayor Announces Emergency Intervention Targeting Illegal Drugs

KPIX-TV San Francisco (12/15) reports, "Mayor London Breed launched an emergency police intervention in San Francisco's crime-ridden Tenderloin neighborhood Tuesday, targeting a pipeline of illegal drugs that has been fueling a surge in gun violence and deadly fentanyl overdoses." Breed said, "It's time the reign of criminals who are destroying our city, it is time for it to come to an end. And it comes to an end when we take the steps to more aggressive with law enforcement." Additionally, Breed announced four other initiatives, including "securing emergency police funding for needed resources," "amending our surveillance ordinance so law enforcement can interrupt crime in real time," and "disrupting the illegal street sales of stolen goods."

Justice Department Launches Digital Law Enforcement Partnership With Australia

The Washington Times (12/15, Zantow) reports the Justice Department on Wednesday "launched a law enforcement partnership with Australia to make it easier for officials to share digital evidence on crimes." Attorney General Garland "signed off on a bilateral agreement aimed at cutting some red tape by allowing the two countries direct access to each other's digital crime evidence, including information held by US-based global providers."

Tennessee To Raise Salaries For Correctional Officers

The Tennessean (12/15, Wegner) reports Tennessee "will increase its starting salary for correctional officers by 37%, Gov. Bill Lee announced Wednesday." Current security staff "will also receive a minimum 15% pay increase, a news release from Lee's office said."

South Carolina City Bans Open Carry At Public Events

The AP (12/15) reports Goose Creek, South Carolina "has become the latest community to ban people from openly carrying firearms at public events." The City Council on Tuesday "approved

the ban on public property at permitted events, including parades and protests.”

Danville Aldermen Recommend Accepting \$750K COPS Hiring Program Grant

The Danville (IL) Commercial News (12/14, Bailey) reported aldermen in Danville, Illinois on Tuesday “recommended approving acceptance of the \$750,000 three-year 2021 COPS hiring program grant for six new police officers.” The full city council “will act on the grant next week.” The city’s portion would be nearly \$300,000 the first year, \$376,000 the second year, and just under \$400,000 the third year.

Security, Crime, and Drugs

German Authorities Arrest Six After Uncovering Vaccine-Related Murder Plans

CNN (12/15, Pleitgen, Otto, Berlinger) reports authorities in Germany “arrested six suspects and raided several properties in Dresden on Wednesday morning after uncovering plans to murder Michael Kretschmer, the pro-vaccine governor of Saxony, police in the state said.” Germany is starting to see the beginnings of a “increasingly radical anti-vaccination movement that, according to police, has plotted to murder elected officials and is actively threatening others.”

Connecticut Forms Task Force To Address Organized Retail Crime

The AP (12/15, Eaton-Robb) reports Connecticut “has formed a task force charged with combating the growing problem of organized robberies at brick-and-mortar retailers, Gov. Ned Lamont and Attorney General William Tong announced Wednesday.” Tong “said this is far more than run-of-the mill shoplifting and involves high-level criminal bosses sending crews out to rob the stores.”

Officer Safety and Wellness

Police In Two Maryland Towns To Be Required To Attend Quarterly Mental Health Check-Ins With Clinicians

WJLA-TV Washington (12/14, Roussey) reports police departments in two Maryland towns “will be required to attend quarterly mental health check-ins with licensed clinicians” in a program “organizers believe may be the first of its kind in the US.” The towns involved are Hyattsville and Brentwood. The meetings “are being funded with \$50,000 approved by the Hyattsville City Council, plus a Dept. of Justice grant that provides \$118,800 over two years.”

Technology

New York County Launches Residential Database To Assist Police During Interactions

The Utica (NY) Observer Dispatch (12/15, Schneider) reports Oneida County, New York has launched a database “to document residents with preexisting mental health concerns, developmental disabilities, health conditions and or religious or cultural considerations to assist police and other first responders during interactions.” The ASCEND (Assistance for Special,

Cognitive, Emotional Needs and Disabilities) database “was announced this week by Oneida County Executive Anthony Picente Jr. and Oneida County Sheriff Robert Maciol.”

New Albany Police Department To Purchase Automated LPRs

The Columbus (OH) Dispatch (12/15, Seman Jr.) reports the New Albany Police Department intends to purchase automated license-plate readers (LPRs) “and place them at strategic points throughout the city to help solve criminal offenses, such as property crimes, national and local warrants and violent crimes.” Police Chief Greg Jones “said the city intends to spend \$20,000 on the LPR technology, which surveils license plates every hour of every day, feeding the information into a database to show whether a vehicle had been involved in a crime.”

The Tennessean (12/15, Wegner) reports Tennessee "will increase its starting salary for correctional officers by 37%, Gov. Bill Lee announced Wednesday." Current security staff "will also receive a minimum 15% pay increase, a news release from Lee's office said."

South Carolina City Bans Open Carry At Public Events

The AP (12/15) reports Goose Creek, South Carolina "has become the latest community to ban people from openly carrying firearms at public events." The City Council on Tuesday "approved

the ban on public property at permitted events, including parades and protests.”

Danville Aldermen Recommend Accepting \$750K COPS Hiring Program Grant

The Danville (IL) Commercial News (12/14, Bailey) reported aldermen in Danville, Illinois on Tuesday “recommended approving acceptance of the \$750,000 three-year 2021 COPS hiring program grant for six new police officers.” The full city council “will act on the grant next week.” The city’s portion would be nearly \$300,000 the first year, \$376,000 the second year, and just under \$400,000 the third year.

Security, Crime, and Drugs

German Authorities Arrest Six After Uncovering Vaccine-Related Murder Plans

CNN (12/15, Pleitgen, Otto, Berlinger) reports authorities in Germany “arrested six suspects and raided several properties in Dresden on Wednesday morning after uncovering plans to murder Michael Kretschmer, the pro-vaccine governor of Saxony, police in the state said.” Germany is starting to see the beginnings of a “increasingly radical anti-vaccination movement that, according to police, has plotted to murder elected officials and is actively threatening others.”

Connecticut Forms Task Force To Address Organized Retail Crime

The AP (12/15, Eaton-Robb) reports Connecticut “has formed a task force charged with combating the growing problem of organized robberies at brick-and-mortar retailers, Gov. Ned Lamont and Attorney General William Tong announced Wednesday.” Tong “said this is far more than run-of-the mill shoplifting and involves high-level criminal bosses sending crews out to rob the stores.”

Officer Safety and Wellness

Police In Two Maryland Towns To Be Required To Attend Quarterly Mental Health Check-Ins With Clinicians

WJLA-TV Washington (12/14, Roussey) reports police departments in two Maryland towns “will be required to attend quarterly mental health check-ins with licensed clinicians” in a program “organizers believe may be the first of its kind in the US.” The towns involved are Hyattsville and Brentwood. The meetings “are being funded with \$50,000 approved by the Hyattsville City Council, plus a Dept. of Justice grant that provides \$118,800 over two years.”

Technology

New York County Launches Residential Database To Assist Police During Interactions

The Utica (NY) Observer Dispatch (12/15, Schneider) reports Oneida County, New York has launched a database “to document residents with preexisting mental health concerns, developmental disabilities, health conditions and or religious or cultural considerations to assist police and other first responders during interactions.” The ASCEND (Assistance for Special,

Cognitive, Emotional Needs and Disabilities) database “was announced this week by Oneida County Executive Anthony Picente Jr. and Oneida County Sheriff Robert Maciol.”

New Albany Police Department To Purchase Automated LPRs

The Columbus (OH) Dispatch (12/15, Seman Jr.) reports the New Albany Police Department intends to purchase automated license-plate readers (LPRs) “and place them at strategic points throughout the city to help solve criminal offenses, such as property crimes, national and local warrants and violent crimes.” Police Chief Greg Jones “said the city intends to spend \$20,000 on the LPR technology, which surveils license plates every hour of every day, feeding the information into a database to show whether a vehicle had been involved in a crime.”

Attachment:

Turn your Android phone into an ANPR camera with Carmen® Mobile
View this email in your browser

Hi there,

Adaptive Recognition proudly presents **Carmen® Mobile**, a free application that allows you to use your Android mobile phone as an ANPR camera!

What is it?

Carmen® Mobile is an **Android application** that you can use together **with your ANPR Cloud subscription**. If you do not have one yet, register now and get **200 readings/month free of charge**.

What is it for?

Carmen® Mobile allows you to use your mobile phone camera to collect license plate recognition (ANPR/LPR) data, **even from fast-moving vehicles**. Events stored in the internal database include **license plate and, optionally, class, brand, model, color, GPS data, and timestamp**. Possible use cases include **on-the-go traffic monitoring with alerts, parking control, visitor management**, and many more.

Learn more about Carmen® Mobile

Where do I sign up?

Once you are registered with ANPR Cloud, just download the app, sign in, and you are ready to identify vehicles on the go!

Download Carmen® Mobile NOW

Carmen® Mobile paired with ANPR Cloud

- ... is the easiest way to build a simple ANPR system
- ... provides accurate ANPR even from a fast-moving car

- ... can be integrated into existing apps
- ... can process live feeds, images, and video recordings
- ... can collect data offline
- ... gives you access to all our regional ANPR engines with a single subscription
- ... provides worldwide plate coverage

... and there is more:

- Automatic or manual capture
- Customizable hotlists
- Customizable event packages
- Digital signature to validate data
- Easy upload of events to chosen server
- High accuracy even at a speed difference of 180 km/h / 120 MPH

Get Carmen® Mobile from Google Play

Best regards,

The Adaptive Recognition Team

Hi Guys,

I just talked to Dan Murdock from Flock LPR. He suggests we get the MOU sent in so we can get user ID's for the Flock system and start viewing other cameras. Dan also told me that Morton Grove is installing Flock cameras at Dempster/Waukegan and Dempster and Central, which is great for us. I will take a look at the MOU and let you guys know if I need any specific info.

Thanks,

Mike

Hi Guys,

I just talked to Dan Murdock from Flock LPR. He suggests we get the MOU sent in so we can get user ID's for the Flock system and start viewing other cameras. Dan also told me that Morton Grove is installing Flock cameras at Dempster/Waukegan and Dempster and Central, which is great for us. I will take a look at the MOU and let you guys know if I need any specific info.

Thanks,

Mike

Subject: RE: Rekor

CAUTION: This email originated from outside of the organization.

Hi Bill,

We have Rekor cameras at two intersections in town. The quality of the captures is really good, but the search capability is really hit or miss. The system seems to have a really hard time deciphering types of vehicles when you use that as a search criteria. The other issue we have is that as of now, we are the only department in Illinois that has the Rekor cameras. Because of this, we only have access to the two cameras that are in our town.

We are actually seriously considering transitioning to Flock. Flock is gaining a bigger footprint in our area so it will be more useful to us. We are also going to be using Axon for our body cameras and squad car cameras, Flock will allow us to use the squad car cameras as mobile LPR's.

Hope this helps. Let me know if I can be of any additional assistance.

Thanks,

Mike

Subject: Rekor

Sgt. Boba,

We are trying to do some due diligence on Rekor before we purchase LPR cameras from them. I have had extreme difficulty in getting any information about them from a department that is currently using them. When you have a moment, can you please give me your impression of them (both the good and the bad). Also if you have any Flock cameras, how do they compare to Rekor.

Thank you for your time. It is greatly appreciated.

Hi Bill,

We have Rekor cameras at two intersections in town. The quality of the captures is really good, but the search capability is really hit or miss. The system seems to have a really hard time deciphering types of vehicles when you use that as a search criteria. The other issue we have is that as of now, we are the only department in Illinois that has the Rekor cameras. Because of this, we only have access to the two cameras that are in our town.

We are actually seriously considering transitioning to Flock. Flock is gaining a bigger footprint in our area so it will be more useful to us. We are also going to be using Axon for our body cameras and squad car cameras, Flock will allow us to use the squad car cameras as mobile LPR's.

Sgt,

Bensville is looking at Rekor and the reference they were given has not responded to them. Bill has some questions about the local sharing and general use of Rekor. I know you guys have a couple of those cameras up so I wanted to make the connection. Feel free to drop me off the email chain.

Have a good weekend.

Regards,

Here is your request.

Chicago Police Department

Crime Prevention and Information Center (CPIC)
Fusion Center
312-745-5669, Fax 312-745-6927

THE CONTENT OF THIS DOCUMENT MAY BE LAW ENFORCEMENT SENSITIVE (LES) &/OR FOR OFFICIAL USE ONLY (FOUO). Any further disclosure or dissemination of this document or the information contained herein is strictly prohibited without the approval of the Chicago Police Department's Crime Prevention & Information Center. Elements of this document may be subject to 28 CFR part 23. Illinois DL or ID images are only for use as authorized by 625 ILCS 5/6-110.1 and 92111. Adm. Code 1030.140. This information shall not be released to the media or the general public. FAILURE TO ADHERE TO THESE POLICIES MAY RESULT IN CIVIL, CRIMINAL, OR DISCIPLINARY ACTION.

It should be noted that some of this information describes First Amendment-protected activities. The Chicago Police Department's Crime Prevention and Information Center (CPIC) recognizes that Americans have constitutionally protected rights to assemble, speak, and petition the government. The CPIC safeguards these rights and only reports on First Amendment-protected activities for operational planning in the interest of assuring the safety and security of the demonstrators and the public. The CPIC will continue to communicate these events with other law enforcement partners in an effort to facilitate the Department's mission of assuring the safety and security of the demonstrators and the public.

Subject: Aggravated Vehicular Hijacking

Sending this to the group on behalf of my Detective Sergeant Dave Allen (cc'd at dallen@burr-ridge.gov).

On 12/06/21 at approximately 1200 hours we received a report of an aggravated vehicular hijacking. Our victim, a deliver driver for Enjoy Technologies, stopped to use the bathroom at a grocery store in our town when a M/B armed with a handgun stole her Nissan Versa (rental – EAN Holdings) Ohio Reg: **HXR5464**. Not the typical target vehicle for the vehicular hijackings but this Nissan was loaded with \$30K of Apple and Samsung phones and devices that were to be delivered later in the day.

Video was recovered and a suspect vehicle was identified, an 09 Cadillac IL Reg: CH83925. With the assistance of Hinsdale Detectives our department located the Cadillac and its owner, Linwood Little, M/B, 09/22/80, IR:1231919. Little and the Cadillac were taken into custody. At this time Little admits to driving to Burr Ridge to drop someone off, but denied involvement and identification of the person he dropped off. Little is not believed to be our armed offender. We have not identified the armed offender that stole the Nissan and it's \$30K of electronics. Little and the Cadillac are being held at our PD for continued investigation.

The Nissan is still missing and entered into LEADS (#V211824) as stolen, occupants armed. As of this email there have been no LPR captures in Vigilant or Flock since the incident. If any LPR hits are located via CPIC please forward them to Dave Allen dallen@burr-ridge.gov

If the Nissan is located please contact the Burr Ridge PD Investigations Division (630-322-8181). After hours calls will be forwarded to DuComm and ask for the on duty watch commander.

Thanks,

Lou

Lou Moravecek #437

Patrol Officer

Special Weapons Team | NIPAS Mobile Field Force

Subject: Aggravated Vehicular Hijacking

Sending this to the group on behalf of my Detective Sergeant Dave Allen (cc'd at dallen@burr-ridge.gov).

On 12/06/21 at approximately 1200 hours we received a report of an aggravated vehicular hijacking. Our victim, a deliver driver for Enjoy Technologies, stopped to use the bathroom at a grocery store in our town when a M/B armed with a handgun stole her Nissan Versa (rental – EAN Holdings) Ohio Reg: **HXR5464**. Not the typical target vehicle for the vehicular hijackings but this Nissan was loaded with \$30K of Apple and Samsung phones and devices that were to be delivered later in the day.

Video was recovered and a suspect vehicle was identified, an 09 Cadillac IL Reg: CH83925. With the assistance of Hinsdale Detectives our department located the Cadillac and its owner, Linwood Little, M/B, 09/22/80, IR:1231919. Little and the Cadillac were taken into custody. At this time Little admits to driving to Burr Ridge to drop someone off, but denied involvement and identification of the person he dropped off. Little is not believed to be our armed offender. We have not identified the armed offender that stole the Nissan and it's \$30K of electronics. Little and the Cadillac are being held at our PD for continued investigation.

The Nissan is still missing and entered into LEADS (#V21I824) as stolen, occupants armed. As of this email there have been no LPR captures in Vigilant or Flock since the incident. If any LPR hits are located via CPIC please forward them to Dave Allen dallen@burr-ridge.gov

If the Nissan is located please contact the Burr Ridge PD Investigations Division (630-322-8181). After hours calls will be forwarded to DuComm and ask for the on duty watch commander.

Thanks,

Lou

Lou Moravecek #437

Patrol Officer

Special Weapons Team | NIPAS Mobile Field Force

DECEMBER 2021

PRODUCT RELEASE DIGEST

This monthly update will keep you informed about all the latest product improvements and releases to ensure you get the most out of your agency's partnership with Flock Safety.

Highlights

Have You Unlocked Advanced Search Yet?

With Flock Safety's newest Advanced Search package, you'll uncover more investigative avenues with less information to go on. This bundle of features includes access to Visual Search, Convoy Analysis, and Multi-Geo Search. Build better cases and increase your clearance rate with less:

- Upload any digital image and transform it into an investigative lead**
- Link a single suspect vehicle to multiple crimes, even without a vehicle description or plate number**
- Detect suspect vehicles frequently traveling together to identify accomplices to serial or organized crime**

[Learn More](#)

Panel Webinar: How to Generate Positive Media Relations for Your Agency

Last Wednesday, Flock Safety hosted a panel webinar with public information officers across the country who specialize in generating positive media coverage and communicating directly with constituents through social media. If you missed it, you can watch the full recording below. Also, don't forget to check out our PIO Toolkit for more resources and templates.

Watch Now

Don't Forget to Get unlock your FREE Gunshot Detection for 2022

Flock Safety's newest Raven™ device uses audio detection and machine learning to locate the source of dangerous crimes including gunshots, glass breaking, and speeding vehicles. We are offering FREE gunshot detection in 2022, but the offer ends at the end of this month. Wanna learn more?

Unlock Offer

We share stories about how law enforcement agencies are using Flock to solve and prevent crime. If Flock's technology helped your agency solve a crime, we'd love to hear about it.

Plus, Indiana's new cyber plan digs deeper and focuses on partnerships, and more...

GOVTECH TODAY
DECEMBER 09, 2021

What Will Working for Government Look Like in 2022?

After the successful shift to remote work for many government agencies in 2021, the public sector has begun to weigh the benefits of hybrid work environments and reassess hiring practices.

Hey Carlos,

I just copied the email I had sent to ISP. The full agency name is Blackman-Leoni Twp. Department of Public Safety and my badge number is 0171. For the investigation, we are looking for additional information on the vehicles and subject involved. However, we are unable to run full LEIN/NCIC/NLETS queries on vehicles registered to individuals, businesses, or addresses if they are out of state, nor do we have a direct contact at the IL SOS. As such, if you could access and send me the following info, I would really appreciate it.

- Any vehicles registered or titled to 5109 N East River Rd, Unit 2K, Chicago, IL 60656
- Any vehicles titled or registered to MAKTRANSUS LLC
- Any persons associated with the above listed address or LLC
- Any vehicles or addresses associated with a Kosta Markovski w/m 07/16/1968
- Any LPR reads for IL/3225234B
- Any department reports or existing documentation involving the above listed subject, address, or vehicle.

Documents can be sent to my email at dgrumhaus@blackmantwp.com. Our incident number for this case is 890.20464.21. I can be reached by email or on my personal cell (847-917-8502) with any questions or concerns. Thank you so much and have a great evening.

Sincerely,

David Grumhaus

Subject: Officer Kudra - Required Items

Kelly,

When you have a chance can you provide Officer Kudra with an LPR log in? If you have a few gas mask options, can you leave them on my desk? He starts on Monday.

Thanks,

QUOTE OF THE DAY

Because you believed I was capable of behaving decently, I did.

--Paulo Coelho

ASK ANCEL GLINK...the question changes each Friday. Information submitted to Ancel Glink through this service is not considered confidential, nor does the service create an attorney-client relationship with Ancel Glink.

Q: Who has authority to fill vacancies in county elected offices?

A: The County Board. In the case Kloeppel v. Champaign County, there was a dispute between the County Board and the County Executive, which is a directly elected chief executive officer in counties which have adopted that form of government. The Appellate Court acknowledged that the County Executive has the authority under the Counties Code to make appointments in certain County offices (i.e., boards and commissions), but that authority does not extend to appointments to elected office, which the Appellate Court determined was reserved to the County Board Chairman and Board under the Election Code.

(Note: This column is not meant to provide legal advice. Consult with your local attorney. This service may constitute Advertising Material.)

Subject: FW: New hire checklist
Attachment: [Anthony Kudra Checklist.docx](#)

Hi Sofie,

I am going to be updating the checklist for when we hire new officers. When you have time can you go through and compile what you need to do for new hires? See attachment for reference.

Thank you,

Allie David

Executive Assistant to the Chief of Police

Niles Police Department

7000 W. Touhy Avenue

Niles, IL 60714

Phone: 847-588-6504

Subject: LPR - IDOT Permit

FYI –

IDOT Reminding Local Governments to Receive Permits Before Placing License Plate Readers

The Illinois Department of Transportation (IDOT) has become aware that many units of local government, also known as local public agencies (LPA), have been installing license plate reader (LPR) cameras within IDOT rights-of-way without express permission from IDOT.

IDOT requires that an LPA receive a permit prior to any installation of LPR cameras or other work done within an IDOT right-of-way. IDOT's license plate reader permit request is available via this link and should be submitted to your municipality's IDOT regional office. Any questions regarding completing work within an IDOT right-of-way should also be directed to your municipality's IDOT regional office.

Subject: Aggravated Vehicular Hijacking

Attachment: [image001.jpg](#)
[image002.png](#)

Sending this to the group on behalf of my Detective Sergeant Dave Allen (cc'd at dallen@burr-ridge.gov).

On 12/06/21 at approximately 1200 hours we received a report of an aggravated vehicular hijacking. Our victim, a deliver driver for Enjoy Technologies, stopped to use the bathroom at a grocery store in our town when a M/B armed with a handgun stole her Nissan Versa (rental – EAN Holdings) Ohio Reg: **HXR5464**. Not the typical target vehicle for the vehicular hijackings but this Nissan was loaded with \$30K of Apple and Samsung phones and devices that were to be delivered later in the day.

Video was recovered and a suspect vehicle was identified, an 09 Cadillac IL Reg: CH83925. With the assistance of Hinsdale Detectives our department located the Cadillac and its owner, Linwood Little, M/B, 09/22/80, IR:1231919. Little and the Cadillac were taken into custody. At this time Little admits to driving to Burr Ridge to drop someone off, but denied involvement and identification of the person he dropped off. Little is not believed to be our armed offender. We have not identified the armed offender that stole the Nissan and it's \$30K of electronics. Little and the Cadillac are being held at our PD for continued investigation.

The Nissan is still missing and entered into LEADS (#V21I824) as stolen, occupants armed. As of this email there have been no LPR captures in Vigilant or Flock since the incident. If any LPR hits are located via CPIC please forward them to Dave Allen dallen@burr-ridge.gov

If the Nissan is located please contact the Burr Ridge PD Investigations Division (630-322-8181).
After hours calls will be forwarded to DuComm and ask for the on duty watch commander.

Thanks,

Lou

Lou Moravecek #437

[image002.jpg](#)

Kelly,

When you have a chance can you provide Officer Kudra with an LPR log in? If you have a few gas mask options, can you leave them on my desk? He starts on Monday.

Thanks,

Timothy Naleway | Sergeant

For your records...

From: Tigera, Luis
Sent: Monday, December 6, 2021 12:32 PM
To: Strzelecki, Dean <dhs@vniles.com>
Subject: Capital Improvement Submissions from NPD

Dean,

As an FYI, attach are four Capital Improvement Projects (CIP) which have been submitted by the NPD...the four projects provide a justification, and some provide additional documentation, but all have a nexus to the PD's Strategic Plan, focusing on: Officer Wellness, Improving our Technological Outputs, and Crime Reduction/Crime Prevention...as always, the PD will be seeking outside funding sources when applicable to assist in funding the entire or the partial project...

If you require additional information, please advise...

Luis C. Tigera

Chief of Police|Niles Police Department
7000 W. Touhy Avenue

Niles, Illinois 60714

Direct (847) 588-6501

Motorola Solutions Next-Gen License Plate Recognition for Your Agency

View Online Bad Lighting. Fast Cars. No Problem. High accuracy mobile LPR in low light, up to 150 MPH [Learn More](#) Wouldn't it be nice if everyone obeyed the speed limit and lighting was always perfect? If that were the case, detecting and reading license plates would be simple.

Unfortunately, that's not real life. Laws are broken at night. People drive way too fast. The L5M Mobile License Plate Recognition Camera System is specifically designed to address these issues. Missing license plates because of poor lighting and fast cars is a thing of the past. L5M's dual high-quality color and infrared sensors allow you to read plates and identify vehicle make and model, even in poor lighting conditions. A global shutter provides amazing clarity, even when cars are going up to 150 MPH. Multiple L5M cameras can be mounted in different positions on your vehicle. Cameras can even be configured with different lenses for varying scan distances. Find out how you can decrease officer distractions and increase awareness with next-generation mobile license plate recognition. [Learn More](#) [Receive Free Grant Assistance](#) Free grant assistance is available for your LPR project. [Request Grant Assistance](#) [Shop Online With Us](#) >

1962. Bolster your LPR with Audio Detection

From: Audio Detection Team @ Flock Safety <raven@flocksafety.com>
To: lct@vniles.com
Sent Date: Oct 22, 2021 07:37:12
Subject: Bolster your LPR with Audio Detection
Attachment:

Email Newsletter

Flock Safety is thrilled to announce the Raven, an audio device that detects crimes in progress.

The best part? It integrates directly with your LPR and costs significantly less than legacy gunshot detection technology.

With an average of 185 crimes solved per day with just the Flock Safety Falcon TM LPR camera, imagine how powerful your team would be if it was paired with Raven. The Raven combats the current rise in violence by listening for and locating the source of audio signatures associated with dangerous crimes, including gunshots, glass breaking, cutting metal and speeding vehicles.

Get officers on the scene of drive-by shootings, car crashes, catalytic converter theft, street racing and more, and identify a suspect vehicle in real-time -- all before 911 is called.

Ready to defeat crime with us? Reply "RAVEN" to this email to schedule a demo and unlock access to FREE integrated audio detection for a year.

Motorola Solutions Next-Gen License Plate Recognition for Your Agency

View Online Bad Lighting. Fast Cars. No Problem. High accuracy mobile LPR in low light, up to 150 MPH [Learn More](#) Wouldn't it be nice if everyone obeyed the speed limit and lighting was always perfect? If that were the case, detecting and reading license plates would be simple.

Unfortunately, that's not real life. Laws are broken at night. People drive way too fast. The L5M Mobile License Plate Recognition Camera System is specifically designed to address these issues. Missing license plates because of poor lighting and fast cars is a thing of the past. L5M's dual high-quality color and infrared sensors allow you to read plates and identify vehicle make and model, even in poor lighting conditions. A global shutter provides amazing clarity, even when cars are going up to 150 MPH. Multiple L5M cameras can be mounted in different positions on your vehicle. Cameras can even be configured with different lenses for varying scan distances. Find out how you can decrease officer distractions and increase awareness with next-generation mobile license plate recognition. [Learn More](#) [Receive Free Grant Assistance](#) Free grant assistance is available for your LPR project. [Request Grant Assistance](#) [Shop Online With Us](#) >

All,

Please help Dino with the question below..... Do not hit reply, please contact him directly.
Thanks

Tamara

Caution: This is an external email, Please take care when clicking links or opening attachments.
When in doubt, please talk with the sender or check with VOP IT

Can you ask our group if anyone has a CPTED ordinance for rental licenses if CPTED is codified in the rental licensing ordinance?

Scenario:

Any rental multi-housing must have surveillance cameras/LPR on the property, LED lighting..etc., to obtain a rental license.

Thanks

Easily discover who's driving the vehicle with CLEAR LPR

Thomson Reuters understands law enforcement agencies need solutions that enable them to keep on top of safety threats and investigations. CLEAR LPR is designed to help law enforcement make communities safer. It takes LPR beyond simply "locating cars" to help you find the right people at the right time.

With License Plate Recognition government agencies can:

- Search specific areas that have been targeted for crime
- See the travel and location trends of a specific plate/vehicle
- Identify potential associations of vehicles in the same area at the same time

We are offering a special discount on our License Plate Recognition solution. Speed over to our page to fill out a form and learn more about this limited time offer valid through the end of the year.

Claim offer!

The data provided to you by CLEAR may not be used as a factor in establishing a consumer's eligibility for credit, insurance, employment purposes or for any other purpose authorized under the FCRA.

Hi Nick,

Just wanted to reach out to find out how the Watchman/Scout LPR Software is working out for your organization. We are aggressively expanding with Illinois in mind, so my first step is to make sure our current clients located here are in good shape.

Thanks,

Ed

Will and Brian,

Here is the NDA we used with the YMCA – if you want to review and swap out YMCA for Power Wellness and the dates, we can get some information over to you.

Thanks,

Hadley Skeffington-Vos, ICMA-CM, SHRM-SCP

Library News and Events: October 14, 2021

Thursday, October 14, 2021 | [View in browser](#)

The Digital Library is open 24/7 for eBooks and eAudiobooks, Streaming Movies and TV, and eMagazines.

Current hours

All Library locations will be closed on October 21 for a day of all-staff development.

As the Library returns to expanded hours, we continue to rely on our partners, volunteers and donors. Please consider your support of the Library today.

Expanded Hours at Main Library and the Robert Crown Branch

Public service hours at both the Main Library and the Robert Crown Branch Library have been aligned and expanded. The new hours are as follows:

- Monday - Thursday: 10 am - 8 pm
- Friday and Saturday: 9 am - 6 pm
- Sunday: Noon - 6 pm

Open+ self-service hours will also launch at the Robert Crown Branch later this fall. Additionally, Meeting room usage has resumed by reservation only. Read the full press release. Watch for additional information in the days ahead and plan to visit an Evanston Public Library location soon!

October is Domestic Violence Awareness Month. Here are some selections that spotlight this serious issue:

1. ***In the Dream House: A Memoir* by Carmen Maria Machado** (print, eBook): Machado's revolutionary memoir, delivered with her signature wit and inquisitiveness, challenges the idea that intimate partner abuse is only a problem in heterosexual relationships.

2. *Gaslighting: Recognize Manipulative and Emotionally Abusive People - and Break Free* by Stephanie Sarkis (print, eBook): With warning signs and examples of the destructive consequences along with practical tips and strategies, Sarkis aims to help anyone trapped in a manipulative relationship to break free and heal from this toxic behavior.

3. *No visible bruises: What we don't know about domestic violence can kill us* by Rachel Louise Snyder (print, eBook): A book many have called essential reading, this award-winning journalist's intimate investigation shows the true scope of domestic violence.

Community Listening and Sharing Engagements

We want to hear from you! The Library has launched 10-session series of Community Listening and sharing Engagements, each targeted towards a specific demographic, in order to collaborate with community members to reimagine the future of the Library. EPL seeks to value the time and wisdom of community members by providing a small stipend.

The sessions, made possible in partnership with Strong & Starlike Consulting, Inc. will take place from September to December this year. Register for a session at the program's website (also available in Spanish). The next session, Engagement 6, will be held on Wednesday, October 29.

Book Discussions and Author Events

Richard Wright's grandson talks about Wright's lost book: *The Man Who Lived*

Underground: Join us for this conversation between Malcolm Wright and leading Black literature scholar Farah Jasmine Griffin. They will discuss Wright's previously unpublished novel about police brutality that is as relevant today as when it was originally written. Wednesday, November 10 at 12 pm. [Register Here](#).

Wider Net Virtual Book Group: *Kim Jiyoung, Born 1982* by Nam-ju Cho. Monday, October 18, 7 pm. Register.

TMAC Book Club and Halloween Party: *Transcendent 4: The Year's Best Transgender Speculative Fiction* edited by Bogi Takács. Friday, October 22, 6:30 pm. Register.

Better Off Read Book Group: *The Job: True Tales From the Life of a New York City Cop* by Steve Osbourne. Monday, October 25, 6:30 pm. Register.

True Crime Book Club: *American Sherlock: Murder, Forensics, and the Birth of American CSI* by Kate Winkler Dawson. Tuesday, October 26, 7 pm. Register.

Outside the Lines: A Graphic Novel Book Club: *Infidel* by Pornsak Pichetshote. Tuesday, October 28, 7 pm. Register.

NEW! Feminist Book Club for Middle Schoolers: *Dear Ijeawele, or a Feminist Manifesto in Fifteen Suggestions* by Chimamanda Ngozi Adichie. *Monday, November 1, 4:30 pm.* Register.

Science Fiction & Fantasy Book Group: *The Power* by Naomi Alderman. *Wednesday, November 3, 7 pm.* Register.

History Book Group: *Khrushchev: The Man and His Era* by William Taubman. *Monday, November 8, 7 pm.* Register.

Outside the Lines: A Graphic Novel Book Club: *This Place: 150 Years Retold* by Kateri Akiwenzie-Damm. *Thursday, November 18, 7 pm.* Register.

Coming Soon to the Library!

eBooks De-Mystified: Using Hoopla and Overdrive/Libby: Join a reference librarian as they explain how to access and use Hoopla & Libby/Overdrive. Learn to checkout ebooks, eaudiobooks and more for free with your library card! *Sunday, October 17, 6 pm.* Register.

Getting Your Green Card: This presentation is hosted by the USCIS Chicago Office and includes a description of visa categories and the entry process into the U.S., as well as the eligibility requirements for adjusting status to lawful permanent residency (LPR) status based on family relationship. A Q&A session will be provided at the end of the presentation. *Wednesday, October 20, 6 pm.* Register.

Police Reform: Progress and Pitfalls: No issue has dominated the news during the last year and a half like the nature of policing. Are police abuses endemic to the system? What are the realistic prospects for reform? Join us for this free, non-credit mini-course offered in partnership between the NU Emeriti Organization and the Library. The course is taught by Prof. emeritus Wesley Skogan of Northwestern's Department of Political Science and Institute for Policy Research. *Tuesday, November 2, 7 pm.* Register.

Health and Wellness

MEDS Disposal Information Table: Learn how to properly store and dispose of over-the-counter and prescription drugs with the Cook County MEDS Disposal Initiative. Located at Main Library. *Saturday, October 16, 1 pm.*

Rainbow Therapy Dogs: Rainbow Animal Assisted Therapy is coming to the Library this fall! Meet a new furry friend and take some time to de-stress. Come visit them at the Main Library community room from 2 - 4 pm. on November 4 and 18; or at the Robert Crown Branch Library Multipurpose Room from 2 - 4 pm. on November 6 and November 20.

Memory Café: Experience a weekly, virtual social hour for people on the memory loss spectrum and their care partners. Each week is a different theme including: music, armchair travel, brain games, and more. *Thursday, October 28, 2 pm.* [Read more.](#)

Free Community HIV/STI Screening: Staff from Howard Brown Health will be onsite at the Main library (1703 Orrington Ave.) offering free HIV/STI screening on Tuesday, October 26 at 3 pm.

Understanding the Maze of Medicare: This event will cover the 'ABC &D's' of Medicare, Medicare Supplement and Medicare Advantage. This session will include information on how to get started with Medicare, continuing to work on Medicare, and what is covered or not by the program. *Wednesday, October 27, 7 pm.* [Register.](#)

Legal, Business and Careers

Law at the Library: How To Find A Lawyer When You Can't Afford One: Each Law at the Library program features a presentation on Zoom by an experienced attorney, followed by a brief question and answer session. In this session, learn about resources on how to find a free or low-cost lawyer. *Tuesday, October 26, 6 pm.* [Register.](#)

Career Counseling: Need help with a resume, cover letter, or identifying areas to improve your chances of being hired? Volunteer Career Counselor Darryl Grant works one-on-one with job seekers. Optimize your time spent job-searching by targeting areas for growth, identifying skills to improve, and focusing on getting your application materials through automated Applicant Tracking Systems. *Tuesday, October 19, 10:30 am.* [Register.](#)

Navigating Your Job Search: Looking for a Job Today: The job market has changed dramatically. Career librarian Mike Buhmann will go over essential portfolio-building tools and present how you can develop the knowledge and skills to land the job you want. *Tuesday, November 2, 7 pm.* [Register.](#)

SCORE Free Small Business Mentoring: Volunteer business leaders can help you as you start or manage a business, Make appointments online at [here](#) or contact bob.strauss@scorevolunteer.org for scheduling assistance.

Hi Sam,

Another quote request. Can you send a quote if we do a subscription for 4 cameras and 10 cameras with only law enforcement access. Also, a quote for purchase of 2 cameras with only LE access and purchase of 4 cameras with LE access only.

Is the subscription quoted price per year or total?

I have been told we have about 50k for this project so that is what I have to work with.

Thanks,

Mike

Hello Sir,

First you are correct about the L5F subscription with the start up cost being 35k, 2nd year it is 24k.

And I attached both quotes for you that you requested...Again, these are all basic quotes, it is hard to tell exactly what is needed until we have engineers do a scope of work. But, this will give you a good starting point and a pretty good idea.

Please let me know if you have any questions or need anything else.

Thank you

No, Thank you for joining the call yesterday, appreciate it

Glad you liked the system.

I have a handful of documents here

- L5F (Traditional Fixed) Quotes- 10 cameras (Outright and Subscription Purchase)
- L5Q (solar power) Quote- just in case you wanted to see price for that camera
- Commercial Data Subscription Quote
- Marketing Materials
- Sole Source Letter
- CSV File for 30 day trial (Fill this out for anyone in your agency and we can set you up with a commercial data account)

Thank you please let me know if you have any questions or need anything else from me.

Hi Sam,

Another quote request. Can you send a quote if we do a subscription for 4 cameras and 10 cameras with only law enforcement access. Also, a quote for purchase of 2 cameras with only LE access and purchase of 4 cameras with LE access only.

Is the subscription quoted price per year or total?

I have been told we have about 50k for this project so that is what I have to work with.

Thanks,

Mike

Limited time offer on LPR valid through 12/31!

If you are having trouble reading this email, read the online version.

Make vital vehicle connections to accelerate your investigations

Building a strong subject profile means you can spend less time chasing dead leads – and instead focus on keeping your communities safe. License Plate Recognition (LPR) is the latest technology advancement government agencies can use to create more complete, connected investigations.

With License Plate Recognition, government agencies can:

- Identify the individual behind the car
- Uncover if the subject associates with known felons
- Detect travel near or across foreign borders

Now through the end of the year, we are offering a special pricing discount on our License Plate Recognition solution. Fill out the form to learn more about this limited time offer and how you can claim the special pricing.

Claim offer!

The data provided to you by CLEAR may not be used as a factor in establishing a consumer's eligibility for credit, insurance, employment purposes or for any other purpose authorized under the FCRA.

Hi Sam,

Thanks for the presentation you provided for us yesterday. It is really amazing all that can be done with the system. I know you are going to be emailing me a proposal but would it be possible to get a summary of the presentation and the benefits of the system also? I need to put together a proposal for our Chief so he can present it to our Village Board during the upcoming budget meetings they have planned.

Thanks,

Mike

Check out our limited-time LPR offer!

If you are having trouble reading this email, read the online version.

Take vehicle-involved investigations to the next level

Having the right investigative tools at your fingertips can mean the difference between cases being solved or going cold. In times like these when crime and unrest are increasing and your force is spread thin, you need tools that can help you be more efficient. License Plate Recognition (LPR) is the solution to help you locate vehicles and access public records data all in one solution.

With License Plate Recognition, government agencies can

- Discover vehicle patterns
- Identify potential associations with vehicles in same area
- Access public records information and LPR in a single view

We know how hard you are working during this difficult time. That's why we're offering a special pricing discount on our License Plate Recognition solution through the end of the year. Fill out the form to learn more about this limited time offer!

Claim offer!

The data provided to you by CLEAR may not be used as a factor in establishing a consumer's eligibility for credit, insurance, employment purposes or for any other purpose authorized under the FCRA.

Hi All,

Attached is the 16th district intel briefing for today. Take a look at it, included is a couple of pages of info on an ongoing gang conflict occurring between gang members from Skokie and gang members living in the 16th district. Please feel free to contact me if you have/need any additional information.

Thanks,

Michael Boba

Hello Sir,

First you are correct about the L5F subscription with the start up cost being 35k, 2nd year it is 24k.

And I attached both quotes for you that you requested...Again, these are all basic quotes, it is hard to tell exactly what is needed until we have engineers do a scope of work. But, this will give you a good starting point and a pretty good idea.

Please let me know if you have any questions or need anything else.

Thank you

No, Thank you for joining the call yesterday, appreciate it

Glad you liked the system.

I have a handful of documents here

- L5F (Traditional Fixed) Quotes- 10 cameras (Outright and Subscription Purchase)
- L5Q (solar power) Quote- just in case you wanted to see price for that camera
- Commercial Data Subscription Quote
- Marketing Materials
- Sole Source Letter
- CSV File for 30 day trial (Fill this out for anyone in your agency and we can set you up with a commercial data account)

Thank you please let me know if you have any questions or need anything else from me.

Meet the Accelerate 2021 sponsors

Top-notch sessions & more brought to you by our sponsors

Join Axon at Accelerate 2021 to hear new ideas from public safety leaders and technology experts. We have a packed agenda with tons of sessions and speakers you won't want to miss. Here's what you can look forward to from our sponsors:

REGISTER

Microsoft drives secure digital transformation to empower cross-agency collaboration, transform operations, and keep officers and communities safer.

Don't miss the **Skydio** original series, Autonomous Drones for First Responders, and discover what happens when public safety operations are conducted with the support of an intelligent drone providing actionable aerial intelligence.

Completing your mission requires the right communications technologies. That's why we built **Verizon Frontline**, the advanced network and technology for first responders.

Cradlepoint is a global leader in cloud-delivered 4G and 5G edge solutions. Visit our booth to learn how our solutions benefit public safety worldwide.

Cellebrite is the global leader in digital intelligence, partnering with public and private organizations to transform how they collect, review, analyze and manage data in investigations to protect and save lives, accelerate justice, and ensure data security.

FirstNet is the nationwide communications platform built with and for first responders, providing them the tools to keep themselves and their communities safe. Visit us at Booth #9.

RollKall helps LEAs streamline the scheduling, invoicing and payment process for off-duty details. Visit our photo booth outside the Phoenix Ballroom!

Panasonic is a proud sponsor of Axon Accelerate 2021. Visit our TOUGHBOOK Mobility Truck on site to see our latest products and solutions for law enforcement.

Plus, visit our other exhibitors:

Airgain
Blade-Tech
Flock Safety
LexisNexis Risk Solutions
Panorama Antennas
Benchmark Analytics
SO Tech
Dummies Unlimited
CommSys
Milestone
DJI
Qualcomm
Esri
Fotokite
ZeroEyes
AIRSHIP
Dedrone

Hello Sir,

First you are correct about the L5F subscription with the start up cost being 35k, 2nd year it is 24k.

And I attached both quotes for you that you requested...Again, these are all basic quotes, it is hard to tell exactly what is needed until we have engineers do a scope of work. But, this will give you a good starting point and a pretty good idea.

Please let me know if you have any questions or need anything else.

Thank you

No, Thank you for joining the call yesterday, appreciate it

Glad you liked the system.

I have a handful of documents here

- L5F (Traditional Fixed) Quotes- 10 cameras (Outright and Subscription Purchase)
- L5Q (solar power) Quote- just in case you wanted to see price for that camera
- Commercial Data Subscription Quote
- Marketing Materials
- Sole Source Letter
- CSV File for 30 day trial (Fill this out for anyone in your agency and we can set you up with a commercial data account)

Thank you please let me know if you have any questions or need anything else from me.

I applied last month for a grant for ALPR system DC Zakula was looking at. We should have an answer by end of the month. The grant was for a 20 camera system.

Sent from my Verizon, Samsung Galaxy smartphone

----- Original message -----

From: "Boba, Michael" <mdb@vniles.com>
Date: 10/6/21 1:23 PM (GMT-06:00)
To: "Brandt, Ronald" <rjb@vniles.com>
Subject: Grant question

Hi Ron,

Yesterday we met with a rep from Vigilant Solutions. They are the LPR arm of Motorola. We are really interested in upping our camera game and they are the way to go. The problem is we need to come up with \$99K for the system. If you have a chance, can you see if any grants are available for LPR cameras.

Thanks,

Mike

No, Thank you for joining the call yesterday, appreciate it
Glad you liked the system.

I have a handful of documents here

- L5F (Traditional Fixed) Quotes- 10 cameras (Outright and Subscription Purchase)
- L5Q (solar power) Quote- just in case you wanted to see price for that camera
- Commercial Data Subscription Quote
- Marketing Materials
- Sole Source Letter
- CSV File for 30 day trial (Fill this out for anyone in your agency and we can set you up with a commercial data account)

Thank you please let me know if you have any questions or need anything else from me.

Hi Sam,

Thanks for the presentation you provided for us yesterday. It is really amazing all that can be done with the system. I know you are going to be emailing me a proposal but would it be possible to get a summary of the presentation and the benefits of the system also? I need to put together a proposal for our Chief so he can present it to our Village Board during the upcoming budget meetings they have planned.

Thanks,

Mike

Subject: Re: ChicagolandMVT / early morning 10-05-21 activity in DuPage's Ogden

Ave corridor

Attachment: [stolenoakbrookmercedes.png](#)
[stolenoakbrookmerc2.png](#)

Hey All,

At 0252 this morning (10/5) my shift had a white 2017 Range Rover stolen out of our town, plate# CG91105, the car was unlocked with the keys to it in the purse on the passengers seat. The victim saw the car back out of his driveway, was on phone with us immediately. The car was stolen from roughly 9400 West 168th Street. We have LPR cameras at 159th/Olcott that caught the car fleeing eastbound on 159th Street along with OAK BROOKs stolen Mercedes next to it, plate# V671308. Both cars continued eastbound until getting on I57 NB.

Our victim had an app through Range Rover where he was able to shut the car down and make the horn beep. He did this prior to our arrival and the car was located 20 mins after the steal, undamaged, in Calumet Park. Recovered with no suspects.

If you need any further info, please contact me at the info below!

See attached photos of Mercedes chase car.

Thanks and stay safe,

-Josh

Sergeant Josh Brkovic *260

Orland Hills Police

16039 S. 94th Avenue

Orland Hills, IL 60487

Subject: ChicagolandMVT / early morning 10-05-21 activity in DuPage's Ogden Ave corridor

The following cars were active or stolen overnight in DuPage:

I'll spare you all the link analysis this morning, but here are color-coded LEADS entries & updated ISPERN broadcasts.

If you're not receiving the *LEADS* / *ISPERN Tickertape* emails, request distro from Safia Rusulis (Hinsdale IL PD) who is CC'd here.

Subject: RE: peter wichert 5006 Gunnison update 2
Attachment: [image001.jpg](#)

I was pretty pleased with the effort expended by my street officer. He took the report, went and got our recent LPR photo, was playing with the plate number, ended up finding Peter's info, searched back using the correct plate, and found the older photo. He did this all yesterday and then your bulletin came out today. I printed out the bulletin and showed him. It's nice when a veteran day shift guy is still showing enthusiasm for the work and is tenacious trying to ID people and get an arrest. Now, if we could get ASAs to have the same mindset.

Niles had this vehicle and possibly Peter on 10/4/2021. He was at our Milwaukee/Oakton Walgreen's stealing Red Bull and other items. The subject was wearing the same t-shirt as in the Area Five seeking to identify flyer. Niles Case 2021-36034. I am attaching four (4) photos. The first two are from Walgreen's surveillance video and from the manager who photographed the vehicle in the lot. The third is from our LPR camera on the day of the theft and the last is from our LPR several weeks earlier before the plate got bent.

Sergeant Boba,

Thanks for hopping on the phone. I've looped in Sam Baldassano, LPR Sales Manager in IL, and we will both be able to assist further. I've attached information regarding the commercial data we have in your area, our fixed camera solutions, and some information on LEARN.

Sam - Spoke with Detective Sergeant Mike Boba with the Niles PD (IL), and he is interested in IDP. They currently have two fixed Rekor cameras, and the department is open to swapping in the future. Right now he is hoping to see a demo of LEARN - working with his DC to set a date, and a quote on IDP for 55 sworn. Want to bring you in the loop.

Thanks!

Hi Justin and Sam,

Sorry for the delay in responding with a meeting date. Any Tuesday with the exception of tomorrow works for us. As far as time goes, 10 AM is usually best. In addition to me and my DC, a couple of my detectives are interested in learning about the program.

Thanks,

Mike

Subject: Re: Motorola Solutions - License Plate Recognition

Sergeant Boba,

Thanks for hopping on the phone. I've looped in Sam Baldassano, LPR Sales Manager in IL, and we will both be able to assist further. I've attached information regarding the commercial data we have in your area, our fixed camera solutions, and some information on LEARN.

Sam - Spoke with Detective Sergeant Mike Boba with the Niles PD (IL), and he is interested in IDP. They currently have two fixed Rekor cameras, and the department is open to swapping in the future. Right now he is hoping to see a demo of LEARN - working with his DC to set a date, and a quote on IDP for 55 sworn. Want to bring you in the loop.

Thanks!

Justin Mendoza

Good Afternoon Det. Sergeant Boba,

Thanks for your interest in Motorola & Vigilant Solutions.

Following up on my call earlier today. I was hoping to connect to discuss your department's interest in LPR. I've attached some information for your reference. Feel free to give me a call back

or follow up here.

Thanks!

Library News and Events: September 30, 2021

Thursday, September 30, 2021 | [View in browser](#)

The Digital Library is open 24/7 for eBooks and eAudiobooks, Streaming Movies and TV, and eMagazines.

Current hours

All Library locations will be closed on October 21 for a day of all-staff development.

As the Library returns to expanded hours, we continue to rely on our partners, volunteers and donors. Please consider your support of the Library today.

Expanded Hours at Main Library and the Robert Crown Branch

Public service hours at both the Main Library and the Robert Crown Branch Library have been aligned and expanded. The new hours are as follows:

- Monday - Thursday: 10 am - 8 pm
- Friday and Saturday: 9 am - 6 pm
- Sunday: Noon - 6 pm

Open+ self-service hours will also launch at the Robert Crown Branch later this fall. Additionally, Meeting room usage has resumed by reservation only. Read the full press release. Watch for additional information in the days ahead and plan to visit an Evanston Public Library location soon!

Our picks this week spotlight the serious issue of housing discrimination in the U.S.

1. *The Color of Law: a Forgotten History of How Our Government Segregated America* by Richard Rothstein (print, audiobook, ebook, eaudiobook): This "powerful and disturbing history" exposes how federal, state and local governments deliberately and systematically imposed racial segregation on residential neighborhoods across the country.

2. ***Race for Profit: How Banks and the Real Estate Industry Undermined Black***

***Homeownership* by Keeanga-Yamahtta Taylor** (book, ebook, eaudiobook): *Race for Profit* uncovers how exploitative real estate practices continued well after housing discrimination was banned and new policies meant to encourage low-income homeownership created new methods to exploit Black homeowners.

3. ***Owned: A Tale of Two Americas*** (DVD, streaming video): This documentary unearths the complicated, painful, often disturbing history of housing policy in America, shifting perceptions about what the idea of home means.

For help finding documentation for an application for the City of Evanston's Local Reparations Housing Program, call or visit the Reference Desk at the Main Library, 2nd floor (847) 448-8630.

Community Listening and Sharing Engagements

We want to hear from you! The Library has launched 10-session series of Community Listening and sharing Engagements, each targeted towards a specific demographic, in order to collaborate with community members to reimagine the future of the Library. EPL seeks to value the time and wisdom of community members by providing a small stipend.

The sessions, made possible in partnership with Strong & Starlike Consulting, Inc. will take place from September to December this year. Register for a session at the program's website (also available in Spanish). The next session, Engagement 4, will be held on Wednesday, October 6.

Hispanic Heritage Month Has Begun!

The Library's Hispanic Heritage Month celebration continues until October 15! Hispanics have a significant presence in our local community. Approximately 12% of Evanston residents identify as Hispanic or Latino/a, and 20% of ETHS' Class of 2025 is Latino/a. This Hispanic Heritage Month, the Library is committed to making sure Hispanics in Evanston are seen, heard and valued. Check out some of these upcoming events:

- **Noche de Juegos:** Join us for Lotería and Hispanic Jeopardy in this special game night at the Crown Branch! *Friday, October 1, 6 pm.* Register.
- **Create a Mola Craft Kit:** Mola is a textile folk art form from Panama. Pick up a kit containing a template for your animal of choice, construction paper, yarn, pipe cleaners, glue, and directions for your Mola craft at the Main Library or Crown Branch!
- **Búsqueda del tesoro:** Stop by the Main or Crown Branch Libraries to take part in this indoor mini scavenger hunt!
- **DIY Lotería:** Lotería (Spanish word meaning "lottery") is a traditional game of chance, similar to bingo. Boards will be available for pick up at the Robert Crown Branch.

Book Discussions and Author Events

History Book Group: *Hitler in Los Angeles: How Jews Foiled Nazi Plots against Hollywood and America.* by Stephen J. Ross. *Monday, October 4, 7 pm.* Register.

Science Fiction & Fantasy Book Group: *Dune* by Frank Herbert. *Wednesday, October 6, 7 pm.* Register.

Wider Net Virtual Book Group: *Kim Jiyoung, Born 1982* by Nam-ju Cho. *Monday, October 18, 7 pm.* Register.

TMAC Book Club and Halloween Party: *Transcendent 4: The Year's Best Transgender Speculative Fiction* edited by Bogi Takács. *Friday, October 22, 6:30 pm.* Register.

Better Off Read Book Group: *The Job: True Tales From the Life of a New York City Cop* by Steve Osbourne. *Monday, October 25, 6:30 pm.* Register.

True Crime Book Club: *American Sherlock: Murder, Forensics, and the Birth of American CSI* by Kate Winkler Dawson. *Tuesday, October 26, 7 pm.* Register.

Outside the Lines: A Graphic Novel Book Club: *Infidel* by Pornsak Pichetshote. *Tuesday, October 28, 7 pm.* Register.

Science Fiction & Fantasy Book Group: *The Power* by Naomi Alderman. *Wednesday, November 3, 7 pm.* Register.

Mission Impossible: Gabriel García Márquez: Our Mission Impossible Book Group, where we gather yearlong to discuss the works of one author, is now in its 12th year. Join us this year to discuss the works of Gabriel García Márquez! Discussions begin in October, and there are groups in English and Spanish. Find more information and how to register [here](#).

eBooks De-Mystified: Using Hoopla and Overdrive/Libby: Join a reference librarian as they explain how to access and use Hoopla & Libby/Overdrive. Learn to checkout ebooks, eaudiobooks and more for free with your library card! *Sunday, October 17, 6 pm.* Register.

Coming Soon to the Library!

Police Reform: Progress and Pitfalls: No issue has dominated the news during the last year and a half like the nature of policing. Are police abuses endemic to the system? What are the realistic prospects for reform? Join us for this free, non-credit mini-course offered in partnership between the NU Emeriti Organization and the Library. The course is taught by Prof. emeritus Wesley Skogan of Northwestern's Department of Political Science and Institute for Policy

Research. *Tuesday, November 2, 7 pm.* Register.

Repair Cafe: Our handy volunteers will work to bring your broken items back to life—for free! Sign up here for a 30 minute time slot to get help fixing your broken appliances, sewing your textiles or garments, diagnosing your electronics or fixing minor issues on your bike. Walk-ins are welcome but registered participants take priority. *Saturday, October 9, 10 am.*

No One Ever Sees Indians: Native Americans In Media: “Are you watching closely?” This virtual presentation is loosely structured as a three-part magic act. Ernest M. Whiteman III, a Northern Arapaho filmmaker, artist, writer, and media educator, discusses the many representations of Native Americans in media and how these representations inform audiences’ perceptions of Native peoples and issues. *Tuesday, October 12, 6 pm.* Register.

When Coded Beats Come Alive: Volume 2: Calling all teens and rising teens (6-12 graders) interested in performance arts, music, coding, live music, spoken word, and more! Join us for a one-of-a-kind experience learning how to code melodies and rhythms on TunePad. *Wednesday, October 13, 5:30 pm.* Register.

Health and Wellness

Rainbow Therapy Dogs: Rainbow Animal Assisted Therapy is coming to the Library this fall! Meet a new furry friend and take some time to de-stress. Come visit them at the Main Library community room from 2 - 4 pm. on November 4 and 18; or at the Robert Crown Branch Reading Garden from 2 - 4 pm. on October 16, November 6 and November 20.

Memory Café: Experience a weekly, virtual social hour for people on the memory loss spectrum and their care partners. Each week is a different theme including: music, armchair travel, brain games, and more. *Thursday, October 7, 2 pm.* Read more.

Understanding the Maze of Medicare: This event will cover the ‘ABC &D’s’ of Medicare, Medicare Supplement and Medicare Advantage. This session will include information on how to get started with Medicare, continuing to work on Medicare, and what is covered or not by the program. *Wednesday, October 13, 7 pm.* Register.

Free Community HIV/STI Screening: Staff from Howard Brown Health will be onsite at the Main library (1703 Orrington Ave.) offering free HIV/STI screening on Tuesday, October 26 at 3 pm. Services include:

- HIV prevention counseling
- Rapid HIV screening (finger prick)

•Confidential syphilis, gonorrhea, and chlamydia screening

Legal, Business and Finances

Law at the Library: How To Find A Lawyer When You Can't Afford One: Each Law at the Library program features a presentation on Zoom by an experienced attorney, followed by a brief question and answer session. In this session, learn about resources on how to find a free or low-cost lawyer. *Tuesday, October 26, 6 pm.* Register.

Career Counseling: Need help with a resume, cover letter, or identifying areas to improve your chances of being hired? Volunteer Career Counselor Darryl Grant works one-on-one with job seekers. Optimize your time spent job-searching by targeting areas for growth, identifying skills to improve, and focusing on getting your application materials through automated Applicant Tracking Systems. *Tuesday, October 19, 10:30 am.* Register.

Getting Your Green Card: This presentation is hosted by the USCIS Chicago Office and includes a description of visa categories and the entry process into the U.S., as well as the eligibility requirements for adjusting status to lawful permanent residency (LPR) status based on family relationship. A Q&A session will be provided at the end of the presentation. *Wednesday, October 20, 6 pm.* Register.

SCORE Free Small Business Mentoring: Volunteer business leaders can help you as you start or manage a business, Make appointments online at [here](https://www.score.org) or contact bob.strauss@scorevolunteer.org for scheduling assistance.

Attachment: [image009.png](#)
[image010.png](#)
[image011.png](#)
[image012.png](#)

Good Morning,

We have conducted a search in NVLS and had negative results. The plate was added to the hotlist. Please contact us if you need further assistance with your investigation.

Chicago Police Department

Crime Prevention and Information Center (CPIC)

Fusion Center

312-745-5669, Fax 312-745-6927

THE CONTENT OF THIS DOCUMENT MAY BE LAW ENFORCEMENT SENSITIVE (LES) &/OR FOR OFFICIAL USE ONLY (FOUO). Any further disclosure or dissemination of this document or the information contained herein is strictly prohibited without the approval of the Chicago Police Department's Crime Prevention & Information Center. Elements of this document may be subject to 28 CFR part 23. Illinois DL or ID images are only for use as authorized by 625 ILCS 5/6-110.1 and 92111. Adm. Code 1030.140. This information shall not be released to the media or the general public. FAILURE TO ADHERE TO THESE POLICIES MAY RESULT IN CIVIL, CRIMINAL, OR DISCIPLINARY ACTION.

It should be noted that some of this information describes First Amendment-protected activities. The Chicago Police Department's Crime Prevention and Information Center (CPIC) recognizes that Americans have constitutionally protected rights to assemble, speak, and petition the government. The CPIC safeguards these rights and only reports on First Amendment-protected activities for operational planning in the interest of assuring the safety and security of the demonstrators and the public. The CPIC will continue to communicate these events with other law enforcement partners in an effort to facilitate the Department's mission of assuring the safety and security of the demonstrators and the public.

Subject: NVLS Request (Stolen Vehicle Investigation - Niles PD Case 2021-34580)

Good Morning,

I'm seeking a LPR camera search for the following vehicle:

IL Reg – S278677 – White 2011 Ford Van

Dates: **23-SEP-21 – 30-SEP-21**

Could this vehicle/plate be added to the hotlist for 30 days to notify pth@vniles.com for LPR hits?

Thanks in advance.

Sergeant Boba,

Thanks for hopping on the phone. I've looped in Sam Baldassano, LPR Sales Manager in IL, and we will both be able to assist further. I've attached information regarding the commercial data we have in your area, our fixed camera solutions, and some information on LEARN.

Sam - Spoke with Detective Sergeant Mike Boba with the Niles PD (IL), and he is interested in IDP. They currently have two fixed Rekor cameras, and the department is open to swapping in the future. Right now he is hoping to see a demo of LEARN - working with his DC to set a date, and a quote on IDP for 55 sworn. Want to bring you in the loop.

Thanks!

Sergeant Boba,

No worries. Sam & I will make Tuesday for next week work. Are you wanting to do this onsite at your department or remote? We are able to present our computer screen onto yours if you are interested in doing it remotely. Either way, let us know.

Justin Mendoza

Sergeant Boba,

Thanks for hopping on the phone. I've looped in Sam Baldassano, LPR Sales Manager in IL, and we will both be able to assist further. I've attached information regarding the commercial data we have in your area, our fixed camera solutions, and some information on LEARN.

Sam - Spoke with Detective Sergeant Mike Boba with the Niles PD (IL), and he is interested in IDP. They currently have two fixed Rekor cameras, and the department is open to swapping in the future. Right now he is hoping to see a demo of LEARN - working with his DC to set a date, and a quote on IDP for 55 sworn. Want to bring you in the loop.

Thanks!

Good Afternoon Det. Sergeant Boba,

Thanks for your interest in Motorola & Vigilant Solutions.

Following up on my call earlier today. I was hoping to connect to discuss your department's interest in LPR. I've attached some information for your reference. Feel free to give me a call back or follow up here.

Thanks!

Subject: LPR parking solution

All,

Quick question: Do you use a LPR camera solution for parking enforcement? I believe some vendors call it a virtual chalking parking solution. These cameras are typically mounted on a vehicle.

Thanks

Kyle

Subject: white Dodge Charger

Attachment: [Dodge Charger 1.jpg](#)
[Kevonta Robinson.jpg](#)
[Martese Ferguson.jpg](#)
[Martez Williams.jpg](#)
[9-11-21 srcshot.JPG](#)
[9-11-21 srcshot 2.JPG](#)
[Clothing photos.pdf](#)

During the early morning hours of 09/11/2021, unknown subjects entered an apartment in Naperville and removed the key fobs to three vehicles; stealing one of the vehicles. The stolen vehicle was a white 2014 Dodge Charger bearing Michigan registration EKD0716. Later that night, two male black subjects were captured on a security camera returning to the apartment parking lot and attempting to steal another vehicle using the key fobs stolen from the previous incident. However, the victim disabled the vehicle and the subjects were unsuccessful. LPR showed the Charger on the southside of Chicago and in the Rockford area.

On 09/20/2021 at approximately 2200hrs, the Illinois State Police responded to a motorist assist and located the stolen charger on I-88 near Dekalb. One subject was found inside, one fled from the vehicle and was caught after a foot pursuit, and another was found walking along the expressway. All three subjects were arrested and transported to Dekalb PD. Despite the subject's best efforts, they were identified as:

- Kevonta Robinson (m/b 06/19/02)
- Martez "Kenneth" Williams (m/b 07/07/04)
- Martese Ferguson (m/b 12/20/03)

Kevonta had an IDOC warrant and was later transported to Dekalb County. All three subjects were uncooperative with any interviews.

Today, the vehicle was processed and a phone (believed to be Martese's), a Nissan key fob as well as clothing, a debit card for a Maryah Brown, and a rewards card for a Michael Cherry were recovered. In addition, Naperville experienced several BMV's during the early morning hours of 09/20/2021. A latent print was recovered from one of the victim vehicles, which returned to Kevonta.

Please let me know if anyone needs further information. I will update if any further useful information is gathered.

Thanks,

Chris

Christopher Vallis #8432

Sent Date: Sep 21, 2021 09:46:01
Subject: Find Grant Money to Fund License Plate Readers
Attachment:

Pay for ELSAG® License Plate Readers with grant money Get free help finding government grant funds to pay for automatic license plate reader technology for your agency Having trouble viewing this email? View it in your browser.

Find Grant Money to Pay for ELSAG® Automatic License Plate Reader Technology

We have partnered with PoliceGrantsHelp.com to help you access government grant dollars.

ELSAG Plate Hunter ALPR systems bring incredible efficiencies to real-time policing, security and investigations. Our solutions include fixed, mobile and covert plate readers, plus our newly released ELSAG Video Plate Hunter 900, a low-cost option for tight budgets. These force-multiplying systems assist law enforcement with vehicle-related missions including:

- Recovering stolen vehicles and license plates
- Removing unregistered vehicles and unlicensed drivers from roads
- Finding missing persons
- Finding vehicles suspected of involvement in unlawful activity
- Parking management and enforcement
- Collecting criminal intelligence
- Permit validation and tolling
- Collection of traffic data

There's no better time than now to deploy ELSAG automatic license plate readers. Get FREE ALPR Grant Help

For information about ELSAG Plate Hunter[®] ALPR systems, visit **leonardocompany-us.com**.

To: Corneliusen, Eddie <CorneliusenE@naperville.il.us>, Jake Wollenberg <jwollenberg@glenellyn.org>, Joseph Lavalley <jlavalley@willowbrook.il.us>, Sineni, Sam <SineniS@cityoflakeforest.com>, pth@vniles.com <pth@vniles.com>, Adam Milczarek (MilczarA@cityoflakeforest.com) <MilczarA@cityoflakeforest.com>, Nathan Tooley <ntooley@crystallake.org>, Tyler Kendall <tkendall@crystallake.org>, charles.verdone@cityofdekalb.com <charles.verdone@cityofdekalb.com>, brian.bollow@cityofdekalb.com <brian.bollow@cityofdekalb.com>, Thomas Hartzell <thartzell@glenellyn.org>, tkallantzes@huntley.il.us <tkallantzes@huntley.il.us>, kpaluch@palosheightspd.org <kpaluch@palosheightspd.org>, mmaloney@crystallake.org <mmaloney@crystallake.org>, Shane Marshall <smarshall@woodstockil.gov>, talagna@vbartlett.org <talagna@vbartlett.org>, jkang@lagrangeil.gov <jkang@lagrangeil.gov>, Safia Rusulis <srusulis@villageofhinsdale.org>, Cjohnson@ci.montgomery.il.us <Cjohnson@ci.montgomery.il.us>
Sent Date: Sep 20, 2021 15:35:44
Subject: RE: K ARCHIBALD et al / phone CDRs mapped & animated
Attachment: [HIPC2100309.kmz](#)

Attached is .KMZ of Archibald's CDRs.

Also: Folder with smaller "data sessions" if your Google Earth crashes: https://villageofhinsdale-my.sharepoint.com/:f/g/personal/lhayes_villageofhinsdale_org/Evx03pw1qytJtk9h8MV00pABiP18cbX2KRHpNCIH_bTVAg?e=SNPaJl

It obviously puts him at a lot more Walgreens locations than we have reports on.

We simply, we cannot do a full comparative analysis with his CDRs and crimes...because we do not have solid locations for enough of your reported crimes.

Best case:

We get exact street addresses for each incident, as well as date/time (or a tight timeframe).
That will allow us to overlay:

- CDRs
- LPR scans

· Crimes.

Lou Hayes Jr #008

Subject: LPR parking solution

All,

Quick question: Do you use a LPR camera solution for parking enforcement? I believe some vendors call it a virtual chalking parking solution. These cameras are typically mounted on a vehicle.

Thanks

Kyle

As in Lincolnwood timed parking violations are a minor issue, often generated based on a complaint. The majority of our parking violations are fire lane, "no parking" zones, handicapped, etc. The majority of our enforcement is by officers within their given beats/zones.

Michael Metrick
Deputy Chief
Northbrook Police Department

Subject: LPR parking solution

All,

Quick question: Do you use a LPR camera solution for parking enforcement? I believe some vendors call it a virtual chalking parking solution. These cameras are typically mounted on a vehicle.

Thanks

Kyle

I have a couple of yes and many no. Those who do not, do you have timed parking zones and if so how do you enforce it?

Thanks for the help

All,

Quick question: Do you use a LPR camera solution for parking enforcement? I believe some vendors call it a virtual chalking parking solution. These cameras are typically mounted on a vehicle.

Thanks

Kyle

Subject: Rural NCIRC Grant
Attachment: [image001.png](#)
[Application - Northern and Middle State...ining and Technical Assistance Program.pdf](#)
[NCIRC Grant Request.pdf](#)
[Camera Deployment.pdf](#)

Chief,

I completed the application for the Northern and Middle States Rural Law Enforcement Training and Technical Assistance Grant Program. I requested \$105,000 for 2 years of the Flock Safety camera systems. Per information received by DC Zakula the cameras are \$2,500 per camera per year for everything (equipment, installation, monitoring). There is an initial \$250 / camera fee for initial installation. I calculated for 20 cameras so it is \$55,000 the first year and \$50,000 the second year.

With a 20 camera system we can cover all the major ingress / egress locations for vehicles involved in criminal activities.

The application was not that much in depth. Attached are copies of the application, an overview of the proposal and possible camera placement locations.

There was no deadline for the grant, it is a "first come, first served grant" until the money runs out, so I wanted to get it in today.

I will let you know when I hear something on it.

Commander Ronald Brandt

Library News and Events: September 16, 2021

Thursday, September 16, 2021 | [View in browser](#)

The Digital Library is open 24/7 for eBooks and eAudiobooks, Streaming Movies and TV, and eMagazines.

Current hours

All summer programs are virtual or held outdoors.

As the Library returns to expanded hours, we continue to rely on our partners, volunteers and donors. Please consider your support of the Library today.

Expanded Hours at Main Library and the Robert Crown Branch

Public service hours at both the Main Library and the Robert Crown Branch Library have been aligned and expanded. The change, approved at last month's meeting of the Evanston Public Library Board of Trustees, will take effect Tuesday, September 7, 2021. The new hours are as follows:

- Monday - Thursday: 10 am - 8 pm
- Friday and Saturday: 9 am - 6 pm
- Sunday: Noon - 6 pm

Open+ self-service hours will also launch at the Robert Crown Branch later this fall. Additionally, Meeting room usage will resume by reservation only on September 7. Read the full press release . Watch for additional information in the days ahead and plan to visit an Evanston Public Library location soon!

This week, our selections celebrate Hispanic Heritage month.

1. ***Little Eyes* by Samanta Schweblin** (ebook, eaudiobook): They've infiltrated homes in Hong Kong, shops in Vancouver, streets in Sierra Leone, town squares in Oaxaca, schools in Tel Aviv, bedrooms in Indiana. They're everywhere. They're here. They're us. They're not pets, or ghosts, or

robots. They're real people, but how can a person living in Berlin walk freely through the living room of someone in Sydney? A visionary novel about our interconnected present, about the collision of horror and humanity, from a master of the spine-tingling tale.

2. ***In the Dream House* by Carmen Maria Machado** (book, ebook, eaudiobook): The author's engrossing and wildly innovative account of a relationship gone bad, and a bold dissection of the mechanisms and cultural representations of psychological abuse. Tracing the full arc of a harrowing relationship with a charismatic but volatile woman, Machado struggles to make sense of how what happened to her shaped the person she was becoming.

3. ***We the Animals* by Justin Torres** (book, eaudiobook): Three brothers tear their way through childhood-- smashing tomatoes all over each other, building kites from trash, hiding out when their parents do battle, tiptoeing around the house as their mother sleeps off her graveyard shift. Paps and Ma are from Brooklyn--he's Puerto Rican, she's white--and their love is a serious, dangerous thing that makes and unmakes a family many times. Life in this family is fierce and absorbing, full of chaos and heartbreak and the euphoria of belonging completely to one another.

Community Listening and Sharing Engagements

We want to hear from you! The Library is launching a 10-session series of Community Listening and sharing Engagements, each targeted towards a specific demographic, in order to collaborate with community members to reimagine the future of the Library. EPL seeks to value the time and wisdom of community members by providing a small stipend.

The sessions, made possible in partnership with Strong & Starlike Consulting, Inc. will take place from September to December this year. Register for a session at the program's website (also available in Spanish).

Hispanic Heritage Month Has Begun!

The Evanston Public Library is kicking off a suite of activities to celebrate Hispanic Heritage Month, which takes place from September 15 to October 15. Hispanics have a significant presence in our local community. Approximately 12% of Evanston residents identify as Hispanic or Latino/a, and 20% of ETHS' Class of 2025 is Latino/a.

This Hispanic Heritage Month, the Library is committed to making sure Hispanics in Evanston are seen, heard and valued. Read the full press release and check out the event lineup [here](#).

Coming Soon to Robert Crown!

Let's Make a Tote Bag Together! Do you want to share the joy of sewing with someone you love? Come to the Robert Crown Center and make your own tote bag (one per group of 2

participants) using our sewing machines, fabric and supplies. With your help and that of a library staff sewing expert, your companion will learn to align and pin fabric, operate a sewing machine, hide seams and reinforce stitching. *Friday, September 17, 4 pm.* Register.

Green on a Budget: Looking to switch to green alternatives for your home but fit it within your budget? This program will help you learn how to save both the planet and your money. *Friday, September 17, 6:30 pm.* Register.

Repair Cafe: Our handy volunteers will work to bring your broken items back to life—for free! Sign up here for a 30 minute time slot to get help fixing your broken appliances, sewing your textiles or garments, diagnosing your electronics or fixing minor issues on your bike. Walk-ins are welcome but registered participants take priority. *Saturday, October 9, 10 am.*

No One Ever Sees Indians: Native Americans In Media: “Are you watching closely?” This virtual presentation is loosely structured as a three-part magic act. Ernest M. Whiteman III, a Northern Arapaho filmmaker, artist, writer, and media educator, discusses the many representations of Native Americans in media and how these representations inform audiences’ perceptions of Native peoples and issues. *Tuesday, October 12, 6 pm.* Register.

Book Discussions and Author Events

LGBT+ Book and Film Club: *Margarita with a Straw.* Stream for free on Kanopy. *Wednesday, September 22, 6:30 pm.* Register.

TMAC Book Club: *Freshwater* by Akwaeke Ezemi. *Friday, September 24, 6:30 pm.* Register.

Better Off Read Book Group: *When No One is Watching* by Alyssa Cole. *Monday, September 27, 6:30 pm.* Register.

True Crime Book Group: *Race Against Time: A Reporter Reopens the Unsolved Murder Cases of the Civil Rights Era* by Jerry Mitchell. *Tuesday, September 28, 7 pm.* Register.

Outside the Lines: A Graphic Novel Book Club: *America Vol.1: The Life and Times of America Chavez* by Gabby Rivera. *Thursday, September 30, 7 pm.* Register.

History Book Group: *Hitler in Los Angeles: How Jews Foiled Nazi Plots against Hollywood and America.* by Stephen J. Ross. *Monday, October 4, 7 pm.* Register.

Science Fiction & Fantasy Book Group: *Dune* by Frank Herbert. *Wednesday, October 6, 7 pm.* Register.

TMAC Book Club and Halloween Party: *Transcendent 4: The Year's Best Transgender Speculative Fiction* edited by Bogi Takács. Friday, October 22, 6:30 pm. Register.

Mission Impossible: Gabriel García Márquez: Our Mission Impossible Book Group, where we gather yearlong to discuss the works of one author, is now in its 12th year. Join us this year to discuss the works of Gabriel García Márquez! Discussions begin in October, and there are groups in English and Spanish. Find more information and how to register here.

eBooks De-Mystified: Using Hoopla and Overdrive/Libby: Have you been trying to use our our ebook apps but struggling on your own? Join a reference librarian on Zoom as they explain how to access and use Hoopla & Libby/Overdrive. Learn to checkout ebook, eaudiobooks and more for free with your library card! Sunday, September 19, 6 pm. Register.

Health and Wellness

Memory Café: Experience a weekly, virtual social hour for people on the memory loss spectrum and their care partners. Each week is a different theme including: music, armchair travel, brain games, and more. Thursday, September 23, 2 pm. Read more.

Versiti Mobile Blood Drive: Staff from Versiti Blood Centers will bring their mobile truck to the Robert Crown Center parking lot for a community blood drive. Photo ID and masks required. Please make an appointment online here. Thursday, September 23, 12 pm.

Free Community HIV/STI Screening: Staff from Howard Brown Health will be onsite at the Main library (1703 Orrington Ave.) offering free HIV/STI screening on September 28 from 3-7 pm. Services include:

- HIV prevention counseling
- Rapid HIV screening (finger prick)
- Confidential syphilis, gonorrhea, and chlamydia screening

Understanding the Maze of Medicare: This session will cover the 'ABC & D's' of Medicare, Medicare Supplement and Medicare Advantage. This session will include how to get started with Medicare, continuing to work on Medicare, and what is covered or not covered by Medicare. Wednesday, September 29, 7 pm. Register.

Business and Finances

A Parent's Guide on How to Pay for College: This workshop will introduce the various financial aid options and focus on some of the biggest college planning mistakes families should avoid. It will also reveal unique techniques to reduce the Expected Family Contribution (EFC) with the new FAFSA rules that can save thousands on college costs. This workshop is hosted by My College

Planning Team. *Tuesday, September 21, 6:30 pm.* Register.

Law and the Library: Employment Rights & COVID-19: Each Law at the Library program features a presentation on Zoom by an experienced attorney, followed by a brief question and answer session. In Employment Law & COVID-19, our speaker will address termination and unemployment, employment discrimination, and workplace health and safety. This program is presented in partnership with the Chicago Bar Association and the Chicago Public Library.

Tuesday, September 28, 6 pm. Register.

Getting Your Green Card: This presentation is hosted by the USCIS Chicago Office and includes a description of visa categories and the entry process into the U.S., as well as the eligibility requirements for adjusting status to lawful permanent residency (LPR) status based on family relationship. A Q&A session will be provided at the end of the presentation. *Wednesday, October 20, 6 pm.* Register.

SCORE Free Small Business Mentoring: Volunteer business leaders can help you as you start or manage a business, Make appointments online at [here](https://www.score.org) or contact bob.strauss@scorevolunteer.org for scheduling assistance.

Sent: Friday, August 20, 2021 7:48 AM

To: Zakula, Nicholas

Subject: Flock Safety - Info

Deputy Chief,

Thank you for your time yesterday. I understand you already have a limited deployment of Rekor cameras, but Flock is the leading retailer of LPR's in the state and works with several of the municipalities in your area. The reason we are the leader is because we are the only LPR vendor that does all of the these four things.

1. We can deploy cameras without existing infrastructure, runs on solar with built in LTE.
2. Our cameras are much less expensive than traditional LPR's, so you get much more coverage. Only \$2,500 per Camera.
3. Free Sharing between departments. You can access your neighbors cameras just like your own if they allow you access. All for free.
4. We don't need a plate to get you a hit. We are capturing the whole car. Are you looking for a Silver Toyota car. We will show you all the Silver Toyota Cars in the area.

I have attached an information packet. Once you have had a chance to get back next week I would like to set up some time for a quick demo and show your detectives how we can plug them into our regional network for free.

Please let me know what works for you.

Regards,

Dan Murdock

2333. How to Increase Accountability for Better Crime Results

From: Brian McGrew <brian.mcgrew@smartforcetech.com>
To: Nicholas Zakula <njz@vniles.com>
Sent Date: Sep 16, 2021 08:26:15
Subject: How to Increase Accountability for Better Crime Results
Attachment:

How to Increase Accountability for Better Crime Results Attend the Colorado Springs Command Academy training conference to improve your crime fighting results, LPR &GPS Technology, Use of Force, and more!

There's still time to register for the remaining seats at the Colorado Springs Command Academy that SmartForce is sponsoring the last week of October.

Typically, the training course on implementing more accountability to improve your organizational crime results runs \$12,000 per agency, but with the SmartForce sponsorship your cost is just the registration fee of \$395, *and* all meals are included!

In addition, other speakers will cover License Plate Reader &GPS technology, Use of Force updates, police reform State reporting requirements, police leadership, and more.

Everyone is busy, but take the time to learn how you and your agency can become more productive at this low-cost, high-value training conference.

Since IACP was cancelled, use those training and travel dollars to register now or reply back with questions so you don't miss out on one of the best in-person conferences of the year!

Attachment:

Commander Zakula,

Did your agency make a decision on the direction for your BWC program?

Our BWC system is a force multiplier as a situational awareness tool, critical incident management, real-time crime mapping, communications platform, officer safety component, automation of recordings to remove failed activation from human error and live video offload, eliminating the need for those silly docking stations. During these turbulent times, you need a system that is a force multiplier of what you are already doing, not just a box recording what has already happened.....

Just a few of the things that make us unique:

- Our system has **perfected automation**. Why are we asking our officers to do something that technology can do for them? Transparency and accountability..... how much more transparent and accountable can you be when you have a system that is automated. Let the officers do their job.... we will do the rest.
- BodyWorn is **securely mounted** inside the uniform. Never again will your body camera fall off, get broken or lost.... let alone not recording that use of force incident you are now being sued for.
- BodyWorn **Holster Activation** will automatically turn the officers body camera on when their weapon is drawn from the holster.
- Officer Down Safety Feature**, if an officer goes down, the BodyWorn device will alert every officer working and send turn by turn directions to find that officer to save their life.
- Live View**, Command Staff can live view any officer from any location giving real time actionable intelligence. Imagine what you could do with real time intelligence during volatile situations or as your SWAT Team is making entry.
- Automatic Policy Based Recordings** allow you to customize, based on proximity, call nature codes, or a number of other actionable items will trigger the BodyWorn to start recording. This takes the burden off the officer to activate their body camera. Just think, how many encounters have your officers not recorded because they forgot to activate their camera or that the incident escalated too quickly to allow time for activation. We are the only BWC in the world that can remote activate cameras.
- No Docking Stations** our cameras wirelessly and continuously offload videos straight to the cloud. Your BWC footage is available real time in the cloud. Never again wait for your officers to come back to HQ to dock or plug in your camera to offload videos.

- Real-Time Crime Mapping**, our solution provides your agency real-time crime mapping of every calls for service within your community providing you real time criminal intelligence
 - Unlimited Cloud Storage**, all videos wireless and continuously live upload to the cloud for secure unlimited storage. No additional storage fees, true unlimited storage. No more plug and play or docking cameras and waiting for upload.
 - SmartRedaction**, unlimited, simple to use redaction. Redact your videos in seconds, not hours and not frame by frame.
 - Digital Evidence Management System**, one complete platform which becomes your total digital evidence ecosystem.
 - Complete Body Camera and/or In-Car Video System**, one complete ecosystem. No more standalone Mifi's, routers or modems.
 - Automated License Plate Reader (LPR)**, our LPR system integrates with our ICV and BWC for one complete ecosystem.
 - At BodyWorn we operate on a SaaS business model where **we are selling you a service, not hardware**. Never again will you own outdated, antiquated and unsupported equipment again. Always supported. Always maintained.
- My cell is the best way to reach me, 765-237-1769.

2345. How to Increase Accountability for Better Crime Results

From: Brian McGrew <brian.mcgreg@smartforcetech.com>
To: Luis Tigera <lct@vniles.com>
Sent Date: Sep 16, 2021 07:26:16
Subject: How to Increase Accountability for Better Crime Results
Attachment:

How to Increase Accountability for Better Crime Results Attend the Colorado Springs Command Academy training conference to improve your crime fighting results, LPR &GPS Technology, Use of Force, and more!

There's still time to register for the remaining seats at the Colorado Springs Command Academy that SmartForce is sponsoring the last week of October.

Typically, the training course on implementing more accountability to improve your organizational crime results runs \$12,000 per agency, but with the SmartForce sponsorship your cost is just the registration fee of \$395, *and* all meals are included!

In addition, other speakers will cover License Plate Reader &GPS technology, Use of Force updates, police reform State reporting requirements, police leadership, and more.

Everyone is busy, but take the time to learn how you and your agency can become more productive at this low-cost, high-value training conference.

Since IACP was cancelled, use those training and travel dollars to register now or reply back with questions so you don't miss out on one of the best in-person conferences of the year!

[Axon Fleet 3 System Overview_ENG.PDF](#)

Hi Beata,

I've attached some Product Guides/Overviews regarding the Cradlepoint router and configuration. These are all steps our Fleet installers will help take care of when they come on site to get the units in place. As far as the SIM's go it is a simple step to get them into the router. You can use the SIM cards you currently have, or we can provide a new set of SIMs for you to connect to your network. Either way the configuration is the same.

https://my.axon.com/s/article/Axon-Fleet-3-Router-Configuration?language=en_US

<https://customer.cradlepoint.com/s/article/IBR900-Getting-Started>

As for the IMEI/SN I will not have that specific information until we get closer to the ship date and the actual hardware is ready for the agency.

Thank you and stay safe,

Jake Sheedy

We need to make sure these cradle points are data service agnostic, I believe we will be going through FirstNet with these. How hard is it to pop the sims in? I believe this is something we can do. I will just need a excel sheet of all cradle points with their IMEI/SN.

Beata,

See below. Do we need new SIM cards with the AXON cameras or are we using the cards in the squads now? It is a line item on the AXON quote. They can provide them if necessary but we are responsible for the data.

Good morning!

Yes, our installers will be coming to you to do all installations onsite so you will just need to provide vehicles upon their arrival when the date is set.

As for the SIM Line item, we have to ability to provide an actual new SIM card itself to put into the cradle point but you are responsible for the Data plan it will be connected too. Attached is the Warranty documentation for all the products.

If you have any additional, questions feel free to reach out.

Thank you and stay safe,

Jake Sheedy

Jake,

What are Verizon SIM cards for that are listed under fleet? I thought we were providing those?

Also, In the terms and conditions, it states that the agency is responsible for delivering the fleet to the installer but your installers are coming to us correct?

In regard to the warranty, I know you said replacement is basically unconditional but can we also have a copy of warranty coverages to review please.

Subject: ATM Theft Vehicles - Seen in 025

Vehicles seen in 016 intel brief regarding 016/suburban incidents match vehicle that fled 025 Tact from gas station at Pulaski/Grand.

Pistol recovered at gas station from fleeing vehicle.

Important to note: LPR of **N924729** - On 27AUG21 this plate hit on a Dodge Challenger/Charger and on 04SEP21 the plate hit on a Jeep/SUV. Mount Prospect PD had an UNK black dodge charger associated with their burglary/ATM incident.

Stay safe and have a great day!

From: Zagorski, Brian <bz@vniles.com>
Sent: Thursday, September 9, 2021 16:23
To: CPIC <CPIC@chicagopolice.org>
Subject: Niles PD case 21-31878

Good evening again,

This is Inv. Zagorski #147 with the Niles Police Department assigned to our Special Operations Group. I am once again attempting to locate a fleeing and eluding offender Illinois registration (CT77203) being a black Jeep Cherokee which took off on one of my officers on 9/1/2021 (case 21-31878). Vehicle registers back to a Jose Cruz out of 8546 S Ashland Ave Chicago IL 60620 which looks to be a bad address. Any help in locating the vehicle on NVLS on the dates of 9/4/2021-9/9/2021 would be greatly appreciated. Thank you and be safe always.

Inv. Zagorski #147

Ghida:

Good afternoon. It was great to speak with you today and catch up on things. I have attached a bio and a head shot for the conference in May. The only days that I may have a conflict might be

on Thursday mornings in May. I would likely be provided with dispensation to speak at the conference. Please keep me posted on your plans.

Kind regards,

John

Subject: Follow-up from the City of Highland Park

Hi John,

So great to talk to you this afternoon. As noted, I'm working with Kenilworth Manager, Patrick Brennan and we are coordinating a presentation in May, 2022 whereby we have four professionals who will present information on hot-topics and best practices on a variety of topics. Topic areas include communication, law enforcement (license plate reader technology and body camera implementation), employment and business development. Thank you for expressing an interest and being our expert on business development. We thought it would be worthwhile to share best practices in business retention and business attraction in light of the impact that the pandemic has had on business and our communities, and the changing retail/business climate. Each presenter

would have 20 minutes.

The precise date has not been established but it will be in May, 2022. Pls send me your bio and if there any dates to stay away from in May.

Thank you!

Ghida S. Neukirch, CM
City Manager

Subject: Stolen Infinity-Palatine

Attachment: [Flier.pdf](#)

Earlier this morning between 0710-0715 hours a Gray 2016 Infinity QX60 (IL Reg. BW73758) was stolen from a residential driveway in Palatine (see attached flier). The suspects arrived in a black SUV (likely Range Rover) with an unknown 28. LPR information shows the victim's vehicle last traveling in the area of 229 W. 51St St. in Chicago at 1344 hours. Earlier it was driving in the area of 610 N. Halsted in Chicago at 0810 hours.

Anyone having or needing info can contact me. Thanks.

Detective Dan Mesch #168

Palatine Police Department

(D)847-963-6474

(F)847-963-6493

Sent Date: Sep 07, 2021 09:24:54
Subject: Are you looking to improve community safety while managing constrained resources?

Attachment:

Are you looking to improve community safety while managing constrained resources?

Deploy State-of-the-art LPR for just \$100 a Month per Camera* with NO hardware investment, NO long-term contract, and NO maintenance fees.

Are you looking to improve community safety while managing constrained resources?

Let Rekor be your force multiplier! Take advantage of this special offer to add State-of-the-art LPR for just \$100 a Month per Camera* with NO hardware investment, NO long-term contract, and NO maintenance fees.

Rekor Law Enforcement Benefits

Hotlist with Real-time Alerts: Tap into NCIC, AMBER & Silver alerts, and share hotlists with neighboring agencies. Customize local and shared hotlists to receive alerts the moment a vehicle of interest is detected.

Vehicles and Plates Captured: All vehicles that pass by cameras are identified with industry leading accuracy including the plate, make, model, color, type, state of origin, and direction of travel.

Searchable & Advanced Reports Advanced data science providing detailed reporting with the ability to conduct advanced and forensic searches based on full or partial plate numbers and vehicle attributes.

For \$100 a month per camera*, Rekor will install our state-of-the-art Edge Series Cameras to capture roadway and vehicle information and provide you with Rekor OneTM public safety data to improve community safety.

Contact us to get started today.

*\$100 per month per installed camera. Fee provides installation services by Rekor, department access Rekor OneTM Public Safety platform information powered by Rekor ScoutTM. Customer must agree to participate in Rekor Public Safety Network and sharing anonymized data with Rekor. Minimum of 10 cameras required.

To: pam@vniles.com
Sent Date: Sep 07, 2021 06:29:49
Subject: Here's a low-cost way to start an LPR program
Attachment:

Here's a low-cost way to start an LPR program See how agencies of all sizes can easily start or expand an LPR program using IP cameras. Having trouble viewing this email? View it in your browser. See how agencies of all sizes can easily start or expand an LPR program using IP cameras.

Learn about our low-cost ELSAG® VPH900 LPR solution

The low-cost ELSAG® Video Plate Hunter 900 (VPH900) just might be the license plate reader (LPR) solution your agency needs to start or expand an LPR program. This law enforcement technology provides the benefits of automatic license plate readers using select IP cameras (non-LPR cameras).

The VPH900 creates data records from video and digital photos of license plates and captures important data to aid real-time intervention and investigations:

- License plate number
- Color and b/w images of the vehicle
- Date/time stamps

Now, any size agency can afford LPR technology, substantially increasing productivity and allowing officers and detectives to close cases faster.

The ELSAG VPH900 is commonly used at:

- Airports
- College campuses
- On-street and garage parking areas
- Casinos and hotels
- Military bases
- Municipal utilities locations and other infrastructure sites
- High-traffic corridors

With a subscription to the ELSAG Enterprise Operations Center data management system, you can analyze your LPR data:

- Know immediately if a vehicle is permitted on the premises according to white or hot lists
- Save data for future analysis and investigations
- Query the EOC to uncover vehicle patterns, narrow down options, discover evidence

Download our product sheet for more detail about this invaluable, low-cost LPR solution. For information about ELSAG Plate Hunter® LPR systems, visit leonardocompany-us.com

Subject: Niles PD case 21-31878

Good evening,

This is Inv. Zagorski #147 with the Niles Police Department assigned to the Special Operations Group. I was assigned a fleeing and eluding case (#2021-31878) which occurred on 9/1/2021 at 1905 hrs. The offending vehicle being a black Jeep Cherokee Illinois registration (CT77203) fled on one of my officers at a high rate of speed. Vehicle registers back to a Jose Cruz out of 8546 S Ashland Ave Chicago IL 60620 which I believe to be a bad address. Any help in locating the vehicle on NVLS between the dates of 9/1-9/3 would be greatly appreciated. Thank you and stay safe.

Thanks for the info. Is it possible to give me your Report #?

Also, CPD sent info on a Jeep that they got a plate on (not sure if you've seen it) so I attached it. Mount Prospect had the same thing happen shortly after ours, and they got the plate of the Jeep, which is the same as the CPD Jeep Plate.

That's all I have for now. Let me know if you get anything good!

Thanks!

-Mike

Subject: Burglary

We were hit at one of our liquor stores on Harlem Ave on 09/01/21 at around 0130 hrs. Glenview, Morton Grove and Chicago (16th District) were hit around the same time frame. I am still waiting on video, but from what I heard from the Glenview detective, it's the same crew.

Email Newsletter

Luis,

Yesterday, over 600 law enforcement agencies across the country joined us for our quarterly product launch event.

Together, we celebrated our first-ever #Solved Award winners. We also released several new investigative tools for law enforcement to scale ALPR evidence capture and build stronger cases with less:

- Advanced Search Package
- Transform any image (Ring doorbell, CCTV, mobile phone picture) into an investigative lead
- Don't just apprehend one suspect, identify accomplice vehicles with a single search
- No suspect vehicle? No problem. Enter crime timeframes and locations, Flock will find the plate you're looking for.
- MDT Hot List Application - Never miss a Hot List notification on the beat
- Axon's Fleet 3 integration with Flock Safety &more

Does any of this sound interesting to you? Let's connect. Hit "Reply" to this email, and we'll get a demo on the calendar.

Talk soon,

Maureen Mulvaney
Director, Product Marketing

The Government Accountability Office recently released a report detailing the past and future uses of facial recognition technology within 24 federal agencies. The report found that nearly half plan to increase use. [READ MORE](#)

Fare Reductions, New Programs Keep Public Transit Relevant

Transit systems in New Orleans, San Diego, Miami and other cities have responded to the COVID-19 pandemic with a variety of new approaches, ranging from reduced fares to redesigned networks. [READ MORE](#)

Flock Safety Gives Users Expanded Vehicle Location Abilities

The new features allow police to, among other things, upload a photo of a vehicle from a private camera and then search for that vehicle on the agency's cameras. And it can find vehicles based on more than just a plate. [READ MORE](#)

GOVTECH TODAY
SEPTEMBER 02, 2021

Resilience Rules: Leading IT Through Lean and Flush Times

Government chief information officers know that building an IT agency that can withstand any challenge means learning how to both do more with less and also exercise restraint when there's a windfall. [READ MORE](#)

Sergeant Boba,

Thanks for hopping on the phone. I've looped in Sam Baldassano, LPR Sales Manager in IL, and we will both be able to assist further. I've attached information regarding the commercial data we have in your area, our fixed camera solutions, and some information on LEARN.

Sam - Spoke with Detective Sergeant Mike Boba with the Niles PD (IL), and he is interested in IDP. They currently have two fixed Rekor cameras, and the department is open to swapping in the future. Right now he is hoping to see a demo of LEARN - working with his DC to set a date, and a quote on IDP for 55 sworn. Want to bring you in the loop.

Thanks!

Good Afternoon Det. Sergeant Boba,

Thanks for your interest in Motorola & Vigilant Solutions.

Following up on my call earlier today. I was hoping to connect to discuss your department's interest in LPR. I've attached some information for your reference. Feel free to give me a call back or follow up here.

Thanks!
