Sent Date: Mar 21, 2022 04:27:59
Subject: RE: Sit-Rep Stolen Vehicle
Attachment: [image001.png](#)

At around 0400hrs Park Ridge PD reported an attempt theft of an ATM machine at a bank on Northwest Highway, where the offending vehicle matched the description of this vehicle. No additional information was available from Park Ridge at this time.

From: Brandt, Ronald <rjb@vniles.com>
Sent: Sunday, March 20, 2022 7:27 PM
To: List - PD Supervisors <List-PDSupervisors@vniles.com>
Subject: Sit-Rep Stolen Vehicle

The resident of 7547 Monroe had their 2005 Ford F250 Pick-up truck stolen from the street in front of his house today between 1300-1730.

The Victim has the keys in his possession. He has no possible offender information.

It is noted that the Victim had his Volkswagen Jetta stolen from in front of his house on 1/19/2022, which was later recovered in a crash in Chicago.

The vehicle did not show up on our LPR cameras. A report was completed and the vehicle was entered into LEADS.

Attachment:

) my name is John Mitchell. I recently just rented a small one bedroom apt due to selling my longtime family home. Didn't want to bring any memories so I'm looking for new (not brand new) so amongst the things I'm looking for our a living room set, bedroom set, dining table, etc... if you have anything you'd like to part with I'd surely appreciate it and I'm not picky has long has its clean & sanitary. We'll thanks for looking and hope to hear from you soon!

Harlem/Talcott Accident

Anyone know what happened at Harlem/Talcott? A house is severely damaged, a car is smashed. Prayers for all those involved because it looked really bad this morning

14 34 Last reply 2 hr ago

With spring around the corner (like tomorrow it's supposed to be in the 50's) PLEASE take your foot off the gas pedal while driving down neighborhood roads AND ALLEYS!!!!

ESPECIALLY THOSE WHO DRIVE DOWN THE 6700 BLOCK OF N SAUGANASH!!!!!! THANK YOU!

35 3 Last reply 4 days ago

Lost hearing aid in the vicinity of Devon and Talcott.

Hearing aid is very tiny in size and grey in color. I know this is like finding a needle in a haystack, but it is very expensive to replace. Thank you!

9 11 Last reply 3 days ago

Angel and I send lots of Irish blessings from our home to yours.

May peace and plenty bless your world and always remember to forget and forgive.

Cc: 'Hannah Perl' <hperl@epsteinglobal.com>, John Karlovitz <jkarlovitz@epsteinglobal.com>, Tim Gustafson <TGustafson@epsteinglobal.com>, Cody McChane <cmcchane@epsteinglobal.com>
Sent Date: Mar 18, 2022 07:00:31
Subject: 2022 STP APPLICATION
Attachment: [image001.jpg](#)
[COMBINED STP-L Niles-Shermer-Final-NW-Application-03-16-22.pdf](#)

Good Morning Kendra,

Please see our attached 2022 STP application. This project ties in nicely with other pedestrian safety improvement we have planned at Caldwell Avenue and Cleveland as well as Morton Grove's Plans for improvements on Shermer Road, and existing improvements in Glenview.

This Surface Transportation Program grant application is to improve a section of Shermer Road between Waukegan Road and Dempster Street in the Village of Niles. The Village is nearing completion of its bicycle and pedestrian plan update and has identified several corridors for improvement, and this section of Shermer Road was identified as a high priority by Village Staff, stakeholders, and the Village's Bicycle Pedestrian Advisory Group (BPAG).

I am also going to take this opportunity to advocate for the NWMC scoring system to be revised to truly award multimodal projects higher priority, rather than our current system where anyone with a complete street ordinance gets points (which effectively nullifies the strategic CMAP multimodal category, since almost every community in the conference already has that ordinance).

Please let me know if you have any questions.

Take Care,

Thomas Powers, PE

Village Engineer

[COMBINED STP-L Niles-Shermer-Final-NW-Application-03-16-22.pdf](#)
[Shermer Road Resurfacing EOPC - 2022-03-16-.pdf](#)

Tom,

I have modified the cost estimate based on my conversation with John this afternoon. We have removed the contingency and have estimated a similar \$2.2M cost. I have resent the cost estimate table and the over STP application. Let me know if you have any changes that you would like me to make to the cover letter or the application overall.

Thanks,

Hannah Perl, P.E.

Subject: RE: For Review: Shermer STP Application

Tom,

I have updated the cost estimate based on your notes to increase pavement removal to 4" and thank you for catching the unit cost mistake for the surface course pay item. I have also updated the STP with our revised cost. Do you want me to add an additional contingency into the cost estimate table in the STP application form?

Thanks,

Hannah Perl, P.E.

Subject: RE: For Review: Shermer STP Application

Hannah,

Please check these numbers:

0.50/SY for resurfacing shermer is way too low. We have not resurfaced a street for less the \$35/SY all in, you all are at \$17.30/SY. Our budget estimate was \$60/SY without the Shermer-Kedzie improvement. We used a higher number for the high traffic volumes, mobile traffic control, higher N number, and other appurtenances related to roadway rebalancing. As I mentioned before we do not support a 2" mill and fill resurfacing, we would look to get a thicker 4" section.

Also are you sure us to that STP allows ask for contingency? If not instead increase/ create a traffic control item for that amount.

Subject: RE: For Review: Shermer STP Application

Tim,

Here are my comments:

1. I am not sure how I feel about the separate E-W bike and ped crossings at Kedzie street. For the suburban environment I think one crossing that is as close to 90 degree would be best.

We have updated the geometry for bicycle and pedestrian crossings at Kedzie Street in the attached updated STP Application.

2. The section still feels very tight. Can we adjust the curb further in areas where parkway trees would not be affected? I do not want to adjust the curb further if it means taking down mature parkway trees.

Widening 2 feet allows us to protect parkway trees.

3. The angled parking is within the ROW. Please confirm the total project cost includes repaving and restriping these areas.

The pavement resurfacing at angled parking has been added to the cost estimate.

4. Is there anything we can do to improve the pedestrian network around Point Park?

The updated geometry at Shermer Road and Kedzie Street is an improvement for the bicyclist and pedestrian network at Point Park. Is there another design you had in mind?

5. Is there a detailed estimate available?

I have attached our detailed cost estimate.

6. What documents if any are you expecting the Village to provide?

I have provided a cover letter within the application for you review, modify and sign to accompany your submittal. Could you place the cover letter on Village letterhead and sign it? I can coordinate combining the document into one.

7. Include attached FY23 Budget detail and CIP and CIP excerpt sheet for Evidence of project readiness. Update CIP request total amount as necessary

Done.

8. I don't suppose you want to send us a Phase 1 proposal so we can say we entered into a Phase 1 engineering contract?

We would be happy to provide you with a Phase 1 proposal.

9. You can show the Phase 1 report as 100% local.

Done.

10. Your total project cost seems low. We estimated the cost closer to \$2.2 million. Make sure to include the planters, curb and sidewalk point repairs, driveway replace at curb relocations, Catch basin and Manhole repairs, 4" resurfacing depth, etc....

Our updated construction cost is \$1,579,000 so the maximum cost we are submitting with the STP Application is \$2,100,070.

What do you think about presenting this plan to BPAG tomorrow?

I would be happy to present at the BPAG tomorrow as long as time allows.

Otherwise, it looks good are you planning to submit the final version or should I?

Subject: RE: For Review: Shermer STP Application

Tom,

Attached please see the revised application. We removed the other alternatives in favor of the preferred alternative (curb relocation), and added a narrative on the safety sheet regarding transportation safety in Niles.

Subject: RE: For Review: Shermer STP Application

Tim,

I think the application looks good. Here are my few comments:

1. Can we reference previous fatalities as a safety issue? If so extend limits to Cleveland to incorporate that fatality. There was also a fatality at Shermer over ten years ago, let me know if knowing that date would be helpful.
2. Option 1 with the 9 foot lanes is not something that I think Staff would support.
3. Option 2 would need a very transparent public feedback process.
4. There are sections of Shermer with a pretty generous ROW. Since we are pursuing grant funding, should we look to relocate a curb line?

Subject: For Review: Shermer STP Application

Importance: High

Tom,

Attached please find a draft STP application for review. This includes the cost estimate, narrative, typical sections, and other attachments. Please let me know if you would like to review by phone or if you wish to provide a markup.

The application is due on 3/18.

Subject: [CHIMVT] info messaging groups

Greetings crimefighters...

Some of us have cloned what we've seen work with messaging apps elsewhere.

If you're interested in joining these (U//LES) groups, be sure to have your agency name in your name field.

Requests to join from *CubsFan1060*, *Smith SPD*, *Dragon Slayer69*, and the like will be met with immediate denial.

Good names: *Hayes Hinsdale PD*, *Johnson CCSPD Gangs*, *Smith CPD 021 Tac*, *McMahon ISP Chicago K9*...

Share the links within LE, but vouch for your guys & gals.

Attachment: [image001.png](#)
[COMBINED STP-L Niles-Shermer-Final-NW-Application-03-16-22.pdf](#)
[Shermer Road Resurfacing EOPC - 2022-03-16-.pdf](#)

Tom,

I have updated the cost estimate based on your notes to increase pavement removal to 4" and thank you for catching the unit cost mistake for the surface course pay item. I have also updated the STP with our revised cost. Do you want me to add an additional contingency into the cost estimate table in the STP application form?

Thanks,

Hannah Perl, P.E.

Subject: RE: For Review: Shermer STP Application

Hannah,

Please check these numbers:

0.50/SY for resurfacing shermer is way too low. We have not resurfaced a street for less the \$35/SY all in, you all are at \$17.30/SY. Our budget estimate was \$60/SY without the Shermer-Kedzie improvement. We used a higher number for the high traffic volumes, mobile traffic control, higher N number, and other appurtenances related to roadway rebalancing. As I mentioned before we do not support a 2" mill and fill resurfacing, we would look to get a thicker 4" section.

Also are you sure us to that STP allows ask for contingency? If not instead increase/ create a traffic control item for that amount.

From: Hannah Perl <hperl@epsteinglobal.com>

Subject: RE: For Review: Shermer STP Application

Tim,

Here are my comments:

1. I am not sure how I feel about the separate E-W bike and ped crossings at Kedzie street. For the suburban environment I think one crossing that is as close to 90 degree would be best.

We have updated the geometry for bicycle and pedestrian crossings at Kedzie Street in the attached updated STP Application.

2. The section still feels very tight. Can we adjust the curb further in areas where parkway trees would not be affected? I do not want to adjust the curb further if it means taking down mature parkway trees.

Widening 2 feet allows us to protect parkway trees.

3. The angled parking is within the ROW. Please confirm the total project cost includes repaving and restriping these areas.

The pavement resurfacing at angled parking has been added to the cost estimate.

4. Is there anything we can do to improve the pedestrian network around Point Park?

The updated geometry at Shermer Road and Kedzie Street is an improvement for the bicyclist and pedestrian network at Point Park. Is there another design you had in mind?

5. Is there a detailed estimate available?

I have attached our detailed cost estimate.

6. What documents if any are you expecting the Village to provide?

I have provided a cover letter within the application for you review, modify and sign to accompany your submittal. Could you place the cover letter on Village letterhead and sign it? I can coordinate combining the document into one.

7. Include attached FY23 Budget detail and CIP and CIP excerpt sheet for Evidence of project readiness. Update CIP request total amount as necessary

Done.

8. I don't suppose you want to send us a Phase 1 proposal so we can say we entered into a Phase 1 engineering contract?

We would be happy to provide you with a Phase 1 proposal.

9. You can show the Phase 1 report as 100% local.

Done.

10. Your total project cost seems low. We estimated the cost closer to \$2.2 million. Make sure to include the planters, curb and sidewalk point repairs, driveway replace at curb relocations, Catch basin and Manhole repairs, 4" resurfacing depth, etc....

Our updated construction cost is \$1,579,000 so the maximum cost we are submitting with the STP Application is \$2,100,070.

What do you think about presenting this plan to BPAG tomorrow?

I would be happy to present at the BPAG tomorrow as long as time allows.

Otherwise, it looks good are you planning to submit the final version or should I?

Tom,

Attached please see the revised application. We removed the other alternatives in favor of the preferred alternative (curb relocation), and added a narrative on the safety sheet regarding transportation safety in Niles.

Subject: RE: For Review: Shermer STP Application

Tim,

I think the application looks good. Here are my few comments:

1. Can we reference previous fatalities as a safety issue? If so extend limits to Cleveland to incorporate that fatality. There was also a fatality at Shermer over ten years ago, let me know if knowing that date would be helpful.
2. Option 1 with the 9 foot lanes is not something that I think Staff would support.
3. Option 2 would need a very transparent public feedback process.
4. There are sections of Shermer with a pretty generous ROW. Since we are pursuing grant funding, should we look to relocate a curb line?

Village of Niles Public Records

You have been added as support staff to request #22-139.

To Whom It May Concern:

Pursuant to the Illinois Freedom of Information Act., I hereby request the following records:

All emails sent to, or received from, (including To, Cc, Bcc fields) email addresses containing "@vniles.com" between September 1, 2021 and the date this request is processed (inclusive of those dates) which contain one or more of the following words, terms, or phrases (case-insensitive):

- "flock safety"

- "surveillance"

- "LPR"

- "license plate reader"

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 5 business days, as the statute requires.

Sincerely,

Northwestside Coalition

Tom,

Please see our responses below in red. Let me know if there are any additional questions on this. We can finalize the submittal for you and then you can submit it to Kendra by 3/18.

Thanks,

Hannah Perl, P.E.

Senior Design Engineer

Subject: RE: For Review: Shermer STP Application

Tim,

Here are my comments:

1. I am not sure how I feel about the separate E-W bike and ped crossings at Kedzie street. For the suburban environment I think one crossing that is as close to 90 degree would be best.

We have updated the geometry for bicycle and pedestrian crossings at Kedzie Street in the attached updated STP Application.

2. The section still feels very tight. Can we adjust the curb further in areas where parkway trees would not be affected? I do not want to adjust the curb further if it means taking down mature parkway trees.

Widening 2 feet allows us to protect parkway trees.

3. The angled parking is within the ROW. Please confirm the total project cost includes repaving and restriping these areas.

The pavement resurfacing at angled parking has been added to the cost estimate.

4. Is there anything we can do to improve the pedestrian network around Point Park?

The updated geometry at Shermer Road and Kedzie Street is an improvement for the bicyclist and pedestrian network at Point Park. Is there another design you had in mind?

5. Is there a detailed estimate available?

I have attached our detailed cost estimate.

6. What documents if any are you expecting the Village to provide?

I have provided a cover letter within the application for you review, modify and sign to accompany your submittal. Could you place the cover letter on Village letterhead and sign it? I can coordinate combining the document into one.

7. Include attached FY23 Budget detail and CIP and CIP excerpt sheet for Evidence of project readiness. Update CIP request total amount as necessary

Done.

8. I don't suppose you want to send us a Phase 1 proposal so we can say we entered into a Phase 1 engineering contract?

We would be happy to provide you with a Phase 1 proposal.

9. You can show the Phase 1 report as 100% local.

Done.

10. Your total project cost seems low. We estimated the cost closer to \$2.2 million. Make sure to include the planters, curb and sidewalk point repairs, driveway replace at curb relocations, Catch basin and Manhole repairs, 4" resurfacing depth, etc....

Our updated construction cost is \$1,579,000 so the maximum cost we are submitting with the STP Application is \$2,100,070.

What do you think about presenting this plan to BPAG tomorrow?

I would be happy to present at the BPAG tomorrow as long as time allows.

Otherwise, it looks good are you planning to submit the final version or should I?

Subject: RE: For Review: Shermer STP Application

Tim,

I think the application looks good. Here are my few comments:

1. Can we reference previous fatalities as a safety issue? If so extend limits to Cleveland to incorporate that fatality. There was also a fatality at Shermer over ten years ago, let me know if knowing that date would be helpful.
2. Option 1 with the 9 foot lanes is not something that I think Staff would support.
3. Option 2 would need a very transparent public feedback process.

4. There are sections of Shermer with a pretty generous ROW. Since we are pursuing grant funding, should we look to relocate a curb line?

Introducing WCCTV's Complete Range of Rapid Deployment Pole Cameras Good morning Luis,

As the USA's market leader, WCCTV is proud to offer the widest range of rapid deployment pole cameras.

We utilize multiple camera heads to deliver a broad range of functionality, these are all optimized to work with WCCTV's 4G LTE transmission platform for the highest quality images and to ensure compliance with data security requirements.

Below you can view our range of cameras, click the thumbnail images to learn more about each product and its key applications. WCCTV Rapid Deployment Pole Cameras
WCCTV 4G IR Mini Dome

WCCTV's 4G IR Mini Dome is a market-leading pole-mounted security camera specifically designed to deliver HD mobile video surveillance via 4G LTE.

[Learn more »](#)
WCCTV 4G IR Mini Dome +

WCCTV's 4G IR Mini Dome + is a rapid deployment pole-mounted security camera specifically designed to deliver HD mobile video surveillance via 4G LTE with built-in auto-tracking capability.

[Learn more »](#)
WCCTV 4G Multi Sensor Dome

The WCCTV 4G Multi Sensor Dome is a mobile surveillance unit that can provide video streams from four different directions utilizing 4G LTE transmission.

[Learn more »](#)
WCCTV 4G Covert Mini Dome

The WCCTV 4G Covert Mini Dome is a mobile video surveillance unit specifically designed to discreetly blend into its environment and deliver video via 4G LTE.

Border Security Expo 2022

WCCTV will be hosting a booth at the Border Security Expo at the Henry B. González Convention Center, San Antonio, Texas. on the 29th - 30th March 2022.

We will be on booth #211 demonstrating our rapid deployment mobile surveillance systems for law enforcement applications, including:

WCCTV 4G IR Mini Dome

WCCTV 4G Mini Dome + LPR

WCCTV 4G Covert Mini Dome

WCCTV Solar Surveillance Trailer

Let us show you how we can help USA with your surveillance requirements.

Click below to book a meeting with us - see you in a two weeks!

Free Demonstration

Luis, if you are planning to invest in rapid deployment pole cameras, we would be more than happy to set up an in-depth demonstration session to walk through the capabilities of any of our security camera systems.

Fill your details out below and one of our law enforcement security camera experts will get in touch to provide further info on grant funding and the technical capabilities of our systems.

Chicago Police Department

Crime Prevention and Information Center (CPIC)
Fusion Center
312-745-5669, Fax 312-745-6927

THE CONTENT OF THIS DOCUMENT MAY BE LAW ENFORCEMENT SENSITIVE (LES) &/OR FOR OFFICIAL USE ONLY (FOUO). Any further disclosure or dissemination of this document or the information contained herein is strictly prohibited without the approval of the Chicago Police Department's Crime Prevention & Information Center. Elements of this document may be subject to 28 CFR part 23. Illinois DL or ID images are only for use as authorized by 625 ILCS 5/6-110.1 and 92111. Adm. Code 1030.140. This information shall not be released to the media or the general public. FAILURE TO ADHERE TO THESE POLICIES MAY RESULT IN CIVIL, CRIMINAL, OR DISCIPLINARY ACTION.

It should be noted that some of this information describes First Amendment-protected activities. The Chicago Police Department's Crime Prevention and Information Center (CPIC) recognizes that Americans have constitutionally protected rights to assemble, speak, and petition the government. The CPIC safeguards these rights and only reports on First Amendment-protected activities for operational planning in the interest of assuring the safety and security of the demonstrators and the public. The CPIC will continue to communicate these events with other law enforcement partners in an effort to facilitate the Department's mission of assuring the safety and security of the demonstrators and the public.

Police1

Report: Minneapolis PD response to 2020 riots.

March 14, 2022 | [View as webpage](#) | [Too many emails? Update Subscription Preferences](#)

Dear Police1 Member,

Body-worn cameras are an increasingly important tool for law enforcement. But with limited budgets, they can sometimes be difficult to obtain. The answer may be found in upcoming grant opportunities.

Register now for a March 17 webinar to learn about key considerations when planning your agency's BWC grant application.

Stay safe,

— *The Police1 Team*

Greetings crimefighters...

Some of us have cloned what we've seen work with messaging apps elsewhere.

If you're interested in joining these (U//LES) groups, be sure to have your agency name in your name field.

Requests to join from *CubsFan1060*, *Smith SPD*, *Dragon Slayer69*, and the like will be met with immediate denial.

Good names: *Hayes Hinsdale PD*, *Johnson CCSPD Gangs*, *Smith CPD 021 Tac*, *McMahon ISP Chicago K9*...

Share the links within LE, but vouch for your guys & gals.

Chi-ATM:

<https://signal.group/#CjQKIGowneQrPNhMKAjZO8QG20Lo0Y4qcv0aU30lm735F72vEhAlzZPrGSnQzUH-GHOVsc-z>

ChiORC focused on organized & mob retail crimes:

https://signal.group/#CjQKIIVLhmN637gnUYAmr6Yl1uUejcmOpuWuhaoA92aR9VqTEhA9F8G6howsRST9dFI_W-bg7

Chi Catalytic Converter Thefts:

https://signal.group/#CjQKIMJZIlqiC5OZfHlrrJpa7CrldacuTIZ4xLGeCZCyWiPpEhA-kusMv_q1Yu9IDSygivrZ

Chi-Intel: focused on creating awareness for Patrol officers for those crimes that don't fit into another group. Also support for non-urgent stuff like Carfax, LPR queries, etc:

<https://signal.group/#CjQKIG992Q6LzWZf0FQODj2Nf0gqSb8CckGZvFi94l1eHI3IEhBQIXQGe5nWEQOihXvy0yA3>

ChiResBurg: (was DuResBurg until a few minutes ago) All things gypsy & South American Theft Group & whoever else is burgling homes. https://signal.group/#CjQKIOIJe0Q-ZYVKCJXb4w_OaRF0_Ec4rCApWJuPIbHNSu7YEhCoTGkltnyKYv8vllECmBJB

In-Progress DuPage: think of it as a digital "Real-Time Crime Center" for DuPage area, but run by decentralized group of members. Plate hits, in-progress crimes, pursuit notifications, etc. <https://signal.group/#CjQKIOoNau6Z5JeTfQsprqQSlkzSJDHgxSJTUsjPI4N5BqDpEhBJTnlawITWQvn-gb2mxauk>

DuDics: detectives in DuPage area.
<https://signal.group/#CjQKIramN9lgH4oH1p9IRl1nmIYHLmTTljANQm4yf-6GMWUEhCcn60spvTz0Eaitoneiixs>

Hope to see you in there.

Lou Hayes Jr #008

Detective Sergeant | Investigations Division

Investigator | DuPage MERIT Major Crimes Unit

Hinsdale (Illinois) Police Department

121 Nathaniel M. Symonds Dr, Hinsdale, IL 60521
Desk 630.789.7086 | Unit Fax 630.789.3087

lhayes@villageofhinsdale.org

The Mission of the Hinsdale Police Department is to provide the community with impartial law enforcement, community-oriented services and police protection, while maintaining the highest ethical and professional standards.

This combined ChicagolandMVT (general auto theft & carjacking) and Hot Wheels (auto dealership burglary & thefts) listserv focuses on auto theft, carjackings, & other vehicle crimes in metro Chicago. All communications in these emails should be considered (UNCLASSIFIED // LAW ENFORCEMENT SENSITIVE). To be added or removed from this listserv, do NOT email the entire group; send email to analyst Safia Rusulis SRusulis@villageofhinsdale.org. To submit case information for auto dealership theft, contact Detective Brian Bodden BBodden@CityHPIL.com.
Thank you.

GOOD MORNING,PLEASE SEE THE ATTACHED NVLS AND LPR REPORTS . HAVE A GOOD DAY.

Chicago Police Department
Crime Prevention and Information Center (CPIC)
312-745-5669, Fax 312-745-6927

THE CONTENT OF THIS DOCUMENT MAY BE LAW ENFORCEMENT SENSITIVE (LES) &/OR FOR OFFICIAL USE ONLY (FOUO). Any further disclosure or dissemination of this document or the information contained herein is strictly prohibited without the approval of the Chicago Police Department's Crime Prevention & Information Center. Elements of this document may be subject to 28 CFR part 23. Illinois DL or ID images are only for use as authorized by 625 ILCS 5/6-110.1 and 92111. Adm. Code 1030.140. This information shall not be released to the media or the general public. FAILURE TO ADHERE TO THESE POLICIES MAY RESULT IN CIVIL, CRIMINAL OR DISCIPLINARY ACTION.

It should be noted that some of this information describes First Amendment protected activities. The Chicago Police Department's Crime Prevention and Information Center (CPIC) recognizes that Americans have constitutionally protected rights to assemble, speak, and petition the government. The CPIC safeguards these rights and only reports on First Amendment protected activities for operational planning in the interest of assuring the safety and security of the demonstrators and the public. The CPIC will continue to communicate these events with other law enforcement partners in an effort to facilitate the Department's mission of assuring the safety and security of the demonstrators and the public.

Subject: Niles Police Stolen vehicle investigation 2022-09965

Good Morning! Can you please search Illinois license plate CY16730 on a 1996 Nissan Sentra (beige) 4 door to see if it was seen on any traffic cameras? This is in relation to a Niles Police stolen vehicle investigation 2022-09965. Thank you very much and please let me know if there is any other information that may help you in this. Have a great weekend!!

191. FW: Flock lpr map.

From: Jackson, Todd <trj@vniles.com>
To: Dati, Anthony <aad@vniles.com>
Sent Date: Mar 08, 2022 14:32:52
Subject: FW: Flock lpr map.
Attachment:

On the map you will see 16 locations where Niles Pd working with Flock Safety Co. would like to install LPR's. Each camera will be installed on their own independent pole. It sounds like PW will not be directly involved.

Side note, after speaking with Sgt Boba today, they will be terminating the current contract with Rekor(LPR) at the end of calendar year (2022) and moving forward with Flock. It sounds like Flock is hoping to have their equipment installed by June. With that being said, I don't the village should drill and install the Rekor systems on our new poles since they will be removed and only temporarily.

Subject: Assistance with Geo-Fence Return

[EXTERNAL EMAIL] This message originated outside of the organization.

Jeff,

I attended your Geolocation records class at COD back in late December. Our agency has begun to utilize Google Geo-fence warrants, the hard way with without any processing software.

I have a return that I was hoping you could help with if possible. Our task force utilizes Geotime and basically we send the working files to our task force via email and they basically call after review and say if there was anything to move forward with as far as a stage 2 warrant. The review of the data confused the hell out of me.

I attempted to use CASTViz for deciphering some of the return but it is still hard to understand. I was curious if you would be able to assist me with using Zet-X on my return material. Let me know, thanks. I'll be in the office tomorrow from 8-6pm.

Sgt,

Good Afternoon, That's great to hear. I have attached an updated quote based on our conversation. Flock is updating our installation costs on 4/1/2022 to be \$350 per location. I can grandfather you into the old pricing, but if this project rolls into the third quarter of 2022 the per location install cost would bump up.

Regards,

On Wed, Feb 9, 2022 at 11:20 AM Boba, Michael <mdb@vniles.com> wrote:

Hi Dan,

I just wanted to keep you in the loop as to where we are with our Flock LPR purchase. We have received the approval of our finance committee for the purchase as part of our FY 2022-2023 budget. The only additional approval needed is from the Village Board which should not be an issue.

With that being said, we would not be able to make the actual purchase until after May 2022. The current proposal I have from you states it expires on February 28th 2022. Is it possible to get an updated proposal with an expiration in June?

Thanks,

Mike

Hi Dan,

I just reviewed the new quote, the original quote we received for the 12 cameras was \$38k with a 34K recurring cost. The new quote has the initial cost as \$44k. What has changed? The problem we will have is we presented the initial quote we received for approval in our FY 23 budget. Is there any way we can get back to the original quote of \$38,896?

Thanks,

Mike

I have updated the quote to include reflect our conversation today & I left a Voicemail for Fred. I will let you know when he gets back to me.

Regards,

On Mon, Mar 7, 2022 at 11:09 AM Boba, Michael <mdb@vniles.com> wrote:

Hi Dan,

I am free today all day and tomorrow after 1 for a call. Since we have already budgeted for 12 cameras, I am going to have to stay with that number. In order to still get coverage with 12 cameras, could we do 2 at Golf and Milwaukee on Milwaukee north of Golf to cover S/B and one South of Golf on Milwaukee to cover N/B Milwaukee. To cover Golf Rd East and West we could put one camera on Golf Rd West of Greenwood to cover E/B Golf and one east of Golf Rd to cover W/B Golf Rd.

The other option would be to do the best we can with 4 cameras at Golf and Milwaukee. Let me know your thoughts.

Thanks,

Mike

Subject: Re: Niles LPR locations

Sgt,

Good Afternoon, Sorry for the delayed response I have been out of the office the last couple of days. I have attached the map along with a quote that would reflect this deployment. Because of size of the intersection of Milwaukee and Golf you will need 8 cameras to cover that whole thing instead of 4. This is why the quote is for 16 cameras instead of 12.

Do you have some time next week to hop on a call and discuss any questions you have.

Map - <https://planner.flocksafety.com/public/459d517d-ad9c-4136-8f9b-67900b352924>

On Mon, Feb 28, 2022 at 2:25 PM Boba, Michael <mdb@vniles.com> wrote:

Hi Dan,

Here is a list of the locations we would like to have LPR's installed for mapping purposes;

- 4 cameras at the intersection of Touhy Ave. and Milwaukee Ave. One camera south of the intersection on Milwaukee capturing N/B Milwaukee Ave. traffic. One camera on Milwaukee Ave. North of the intersection capturing S/B Milwaukee Ave. traffic. One camera on Touhy Ave. east of the intersection capturing W/B Touhy Ave. Traffic. One camera west of the intersection on Touhy capturing E/B Touhy traffic.
- 4 cameras at the intersection of Golf Rd. and Milwaukee Ave. One camera south of the intersection on Milwaukee capturing N/B Milwaukee Ave. traffic. One camera on Milwaukee Ave.

North of the intersection capturing S/B Milwaukee Ave. traffic. One camera on Golf Rd. east of the intersection capturing W/B Golf Rd. Traffic. One camera west of the intersection on Golf Rd. capturing E/B Golf Rd. traffic.

· 4 cameras at the intersection of Greenwood Ave and Dempster St. One camera south of the intersection on Greenwood capturing N/B Greenwood Ave. traffic. One camera on Greenwood Ave. North of the intersection capturing S/B Greenwood Ave. traffic. One camera on Dempster Ave. east of the intersection capturing W/B Dempster Ave. Traffic. One camera west of the intersection on Dempster capturing E/B Dempster traffic.

Sgt,

I have updated the quote to include reflect our conversation today & I left a Voicemail for Fred. I will let you know when he gets back to me.

Regards,

On Mon, Mar 7, 2022 at 11:09 AM Boba, Michael <mdb@vniles.com> wrote:
Hi Dan,

I am free today all day and tomorrow after 1 for a call. Since we have already budgeted for 12 cameras, I am going to have to stay with that number. In order to still get coverage with 12 cameras, could we do 2 at Golf and Milwaukee on Milwaukee north of Golf to cover S/B and one South of Golf on Milwaukee to cover N/B Milwaukee. To cover Golf Rd East and West we could put one camera on Golf Rd West of Greenwood to cover E/B Golf and one east of Golf Rd to cover W/B Golf Rd.

The other option would be to do the best we can with 4 cameras at Golf and Milwaukee. Let me know your thoughts.

Thanks,

Mike

Sgt,

Good Afternoon, Sorry for the delayed response I have been out of the office the last couple of days. I have attached the map along with a quote that would reflect this deployment. Because of size of the intersection of Milwaukee and Golf you will need 8 cameras to cover that whole thing instead of 4. This is why the quote is for 16 cameras instead of 12.

Do you have some time next week to hop on a call and discuss any questions you have.

Map - <https://planner.flocksafety.com/public/459d517d-ad9c-4136-8f9b-67900b352924>

Hi Dan,

Here is a list of the locations we would like to have LPR's installed for mapping purposes;

- 4 cameras at the intersection of Touhy Ave. and Milwaukee Ave. One camera south of the intersection on Milwaukee capturing N/B Milwaukee Ave. traffic. One camera on Milwaukee Ave. North of the intersection capturing S/B Milwaukee Ave. traffic. One camera on Touhy Ave. east of the intersection capturing W/B Touhy Ave. Traffic. One camera west of the intersection on Touhy capturing E/B Touhy traffic.
- 4 cameras at the intersection of Golf Rd. and Milwaukee Ave. One camera south of the intersection on Milwaukee capturing N/B Milwaukee Ave. traffic. One camera on Milwaukee Ave. North of the intersection capturing S/B Milwaukee Ave. traffic. One camera on Golf Rd. east of the intersection capturing W/B Golf Rd. Traffic. One camera west of the intersection on Golf Rd. capturing E/B Golf Rd. traffic.
- 4 cameras at the intersection of Greenwood Ave and Dempster St. One camera south of the intersection on Greenwood capturing N/B Greenwood Ave. traffic. One camera on Greenwood Ave. North of the intersection capturing S/B Greenwood Ave. traffic. One camera on Dempster Ave. east of the intersection capturing W/B Dempster Ave. Traffic. One camera west of the intersection on Dempster capturing E/B Dempster traffic.

219. Revised: USCIS Announces Policies to Better Protect Immigrant Children Who Have Been Abused, Neglected, or Abandoned

From: U.S. Citizenship and Immigration Services <uscis@public.govdelivery.com>
To: Dnb@vniles.com
Sent Date: Mar 07, 2022 09:28:03
Subject: Revised: USCIS Announces Policies to Better Protect Immigrant Children Who Have Been Abused, Neglected, or Abandoned
Attachment:

Revised: USCIS Announces Policies to Better Protect Immigrant Children Who Have Been Abused, Neglected, or Abandoned

WASHINGTON — United States Citizenship and Immigration Services (USCIS) today announced new policies that will provide better protection to immigrant children who are victims of abuse, neglect, abandonment, or similar parental maltreatment.

“Today, we are taking action to help immigrant children in the U.S. who have been abused, neglected, or abandoned and offer them protection to help rebuild their lives,” **said USCIS Director Ur M. Jaddou**. “These policies will provide humanitarian protection to vulnerable young people for whom a juvenile court has determined that it is in their best interest to remain in the United States.”

The new policies include updating regulations to clarify Special Immigrant Juvenile (SIJ) eligibility criteria such as updating an age-out provision to protect petitioners who turn 21 while their petition is pending. Additionally, USCIS is updating regulations for evidentiary requirements to improve the efficiency and effectiveness of the program and ensure that eligible victims of parental abuse, neglect, or abandonment receive SIJ classification and a pathway to apply for lawful permanent residence (LPR) status.

USCIS may consent to a grant of SIJ classification when the petitioner has provided evidence of court-ordered relief from parental abuse, neglect, abandonment, or a similar basis under state law, as well as evidence of the factual basis for a juvenile court’s determinations. The regulations also make clear that petitioners cannot be required to contact their alleged abuser while USCIS makes a decision in their SIJ case. An SIJ petitioner may have an attorney, accredited representative, and/or trusted adult present, if an interview is scheduled, but only attorneys and accredited representatives are entitled to make a statement during such interviews.

In addition to issuing the updated regulations, USCIS is updating the USCIS Policy Manual to consider deferred action and related employment authorization for noncitizens classified as SIJs who are ineligible to apply for adjustment of status to LPR status solely because a visa is not immediately available. Deferred action and employment authorization will provide invaluable assistance to these vulnerable noncitizens who have limited financial and other support systems in

the United States while they await an available visa number.

This Policy Manual update is effective May 6, 2022, and applies to eligible noncitizens classified as SIJs before, on, or after that date, based on an approved Form I-360, Petition for Amerasian, Widow(er), or Special Immigrant.

224. [Opened] Village of Niles records request #22-126 from Northwestside Coalition

From: Village of Niles FOIA Request <support@nextrequest.com>
To: avb@vniles.com, ctk@vniles.com
Sent Date: Mar 06, 2022 20:29:10
Subject: [Opened] Village of Niles records request #22-126 from Northwestside Coalition

Attachment:

[Opened] Village of Niles records request #22-126 from Northwestside Coalition

-- Reply ABOVE THIS LINE to post an INTERNAL message that will be sent to staff. Attach a non-image file to have it uploaded to the request as a staff-only document. --

Village of Niles Public Records

Record request #22-126 has been submitted and assigned to you. It currently has a due date of March 14, 2022.

To Whom It May Concern:

Pursuant to the Illinois Freedom of Information Act., I hereby request the following records:

All documents pertaining to Flock Safety (<https://www.flocksafety.com>) license-plate-reader hardware and/or software. Documents being requested here should include - but are not limited to - the following:

- Invoices, receipts, and/or requests for the purchase of any Flock Safety product/service
- MOUs from Flock Safety
- Brochures or product/service specifications regarding Flock Safety
- Privacy and/or retention policies regarding Flock Safety product/services
- Any/all manuals regarding Flock Safety product/services
- Guidelines mentioning Flock Safety product/services
- Bulletins mentioning Flock Safety product/services
- Briefings mentioning Flock Safety product/services
- Any/all digitally disseminated publications from your agency mentioning Flock Safety product/services

We are confident there are documents relevant to this request based on a report* by Village of Niles Trustee and former police chief Dean Strzelecki at the Board of Trustees Regular Meeting on Tuesday, February 22, 2022

*<<https://play.champds.com/nilesil/event/189/s/2590>>

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 5 business days, as the statute requires.

Sincerely,

Northwestside Coalition

Subject: RE: Sit Rep - Stolen Vehicle
Attachment: [image001.jpg](#)

Update:

CPD called and advised they recovered this vehicle. It is currently at their impound lot, 10300 S Doty, Chicago. A voicemail was left for the vehicle owner.

COIC Boba notified by phone.

From: Murphy, Paul <pam@vniles.com>
Sent: Saturday, February 26, 2022 2:12 PM
To: List - PD Supervisors <List-PDSupervisors@vniles.com>
Subject: Sit Rep - Stolen Vehicle

Reference 2022-08274

D2 took a report of a stolen vehicle where a 2007 Honda Odyssey minivan was taken from the 7700 block of Jonquil Terrace sometime after 1700 hours last night. The vehicle is paid-for, victim has the keys, and was not listed as a repossession. A check of the area for the vehicle was negative. A request was sent to CPIC to attempt to locate the vehicle on any LPR camera was also negative. Vehicle entered into LEADS. Follow up requested.

Great News!

Burr Ridge IL PD has just shared their cameras with Niles IL PD, granting you and your organization the ability to search footage from their Flock Safety cameras.

In order for you and other users in your organization to access footage from these cameras, the cameras must be added to your roles

1. Open Organization Management
2. Click on the "Roles" tab
3. Click on the "triple dots" next to the role(s) you want to provide access to
4. Click on the "Networks" drop down and select the network(s) you'd like to add to the role
5. Click "Save" and repeat for other roles as desired

For additional assistance, check out this Help Center article or reach out to support@flocksafey.com.

Thanks for being a part of the Flock.

What is effective performance feedback?

March 4, 2022 | [View as webpage](#) | [Too many emails? Update Subscription Preferences](#)

Dear Police1 Member,

When asked to select the least satisfying thing about working in law enforcement, 60% of the 2,376 respondents to Police1's recent State of the Industry survey chose poor agency leadership. If there's a silver lining to this seemingly damning statistic, it's that the fixes are simple. They don't involve big ticket items or revamps of policies. Many of the changes cost nothing at all.

Join us for an interactive webinar on March 9, sponsored by Utility, during which our expert panel will reveal the simple changes that can immediately improve officer morale and retention.

Reserve your place for this free learning event.

Stay safe,

— *The Police1 Team*

[image011.png](#)
[image012.png](#)
[IL - Niles - PD - Flock Safety - Quote - 3-4-22.pdf](#)

Sgt,

Good Afternoon, Sorry for the delayed response I have been out of the office the last couple of days. I have attached the map along with a quote that would reflect this deployment. Because of size of the intersection of Milwaukee and Golf you will need 8 cameras to cover that whole thing instead of 4. This is why the quote is for 16 cameras instead of 12.

Do you have some time next week to hop on a call and discuss any questions you have.

Map - <https://planner.flocksafety.com/public/459d517d-ad9c-4136-8f9b-67900b352924>

On Mon, Feb 28, 2022 at 2:25 PM Boba, Michael <mdb@vniles.com> wrote:
Hi Dan,

Here is a list of the locations we would like to have LPR's installed for mapping purposes;

- 4 cameras at the intersection of Touhy Ave. and Milwaukee Ave. One camera south of the intersection on Milwaukee capturing N/B Milwaukee Ave. traffic. One camera on Milwaukee Ave. North of the intersection capturing S/B Milwaukee Ave. traffic. One camera on Touhy Ave. east of the intersection capturing W/B Touhy Ave. Traffic. One camera west of the intersection on Touhy capturing E/B Touhy traffic.

- 4 cameras at the intersection of Golf Rd. and Milwaukee Ave. One camera south of the intersection on Milwaukee capturing N/B Milwaukee Ave. traffic. One camera on Milwaukee Ave. North of the intersection capturing S/B Milwaukee Ave. traffic. One camera on Golf Rd. east of the intersection capturing W/B Golf Rd. Traffic. One camera west of the intersection on Golf Rd. capturing E/B Golf Rd. traffic.

· 4 cameras at the intersection of Greenwood Ave and Dempster St. One camera south of the intersection on Greenwood capturing N/B Greenwood Ave. traffic. One camera on Greenwood Ave. North of the intersection capturing S/B Greenwood Ave. traffic. One camera on Dempster Ave. east of the intersection capturing W/B Dempster Ave. Traffic. One camera west of the intersection on Dempster capturing E/B Dempster traffic.

Dear Police1 Member,

When asked to select the least satisfying thing about working in law enforcement, 60% of the 2,376 respondents to Police1's recent State of the Industry survey chose poor agency leadership. If there's a silver lining to this seemingly damning statistic, it's that the fixes are simple. They don't involve big ticket items or revamps of policies. Many of the changes cost nothing at all.

Join us for an interactive webinar on March 9, sponsored by Utility, during which our expert panel will reveal the simple changes that can immediately improve officer morale and retention.

Reserve your place for this free learning event.

264. Responses from Village to Journal Questions

From: Johnson, Mitchell <maj@vniles.com>
To: Niles Journal <news-ni@journal-topics.info>
Cc: Johnson, Mitchell <maj@vniles.com>
Sent Date: Mar 04, 2022 10:53:58
Subject: Responses from Village to Journal Questions
Attachment: [3. 6935 Touhy Ave Combined.pdf](#)
[2022.03.04 CIP Bike & Ped Plan Projects.xlsx](#)
[Budget Workshop 2-24-22 Packet Public.pdf](#)
[Green Alley Example.jpg](#)

Tom, here are some responses to your questions. We can talk through this on the phone too but wanted to give you what I have so far.

-P&Z Special Use for Educational Facility Vocational: See attached document for 6935 Touhy.

-Bike Plan: Our consultants have been working diligently on engaging with the public and our Bike and Pedestrian Advisory Group, and formulating recommendations for the plan. They hope to have a draft plan to staff by the end of March, which will be sent out to the BPAG for review sometime after. They're hoping to wrap everything up by May. At some point towards the end of the process there also will be a public open house where people can review the plan recommendations. Attached spreadsheet "CIP Bike & Ped..." has a list of the projects in the CIP that are related to bike & pedestrian safety. If you haven't, check out the latter pages of the budget workshop packet for sheet on each individual project (numbers in the spreadsheet correspond to the numbers at the bottom of the individual project pages in the packet. Let me know if you have questions about more specifically what's included in each project.

-Budget Overview: Joe La Margo will talk to you today. I'll coordinate in a separate email.

-Green Alley: The green alley is, as the name indicates, an effort to be more "green". There are grant opportunities for the construction of sustainable projects like these and there is likely a stronger possibility to be awarded that funding if a project is already designed. I have attached a picture of an example of a green alley. The basic benefit is that it reduces stormwater flow into the sewers by using permeable pavers instead of concrete. If you didn't already, look at #42 in the Budget Workshop packet (it's actually page 49 of the PDF file) and watch Fred's explanation at this point of the budget workshop video (link to specific timecode)
<https://play.champds.com/nilesil/event/190/s/1365>

-Oakton &Caldwell: See #9 in the Budget Workshop packet (page 16 of the file), see if that gives you an idea.

-Regarding the Shermer bike safety, it is far too early in the process to determine details such as if there will be concrete barriers. There is not even a conceptual design yet. The plan is to create a rebalance of the road that will include safer passage for pedestrians and cyclists. How that will be accomplished is still TBD. PW staff has determined that it is a good candidate for this type of project due to the large right of way on Shermer. Staff also believes it would be a strong candidate for grant funding if the rebalance is included as part of the project.

-I am still going to get you info on the cannabis overlay district.

Hope this helps! My schedule's pretty open today if you want to talk. If you don't reach me right away, I won't be too far away.

Mitch

265. [Webinar] Getting Your Community onboard with Flock

Conor, see below. Nathan, this is great, thank you! Maybe the question for CIP can be summed up as: which upcoming CIP projects if any are direct recommendations or results of bike and pedestrian committee/plan? Conor, I'm copying you into this because you probably know that list like the back of your hand from all of the presentations.

From: Bruemmer, Nathan <nbb@vniles.com>

Subject: RE: Media Questions: Budget, Committees, etc.

Hi Mitch,

For his question about the upcoming zoning case, I would just send him the attached staff report, which should cover everything.

As for the bike plan, our consultants have been working diligently on engaging with the public and our Bike and Pedestrian Advisory Group, and formulating recommendations for the plan. They hope to have a draft plan to staff by the end of March, which will be sent out to the BPAG for review sometime after. I believe they're hoping to wrap everything up by May. At some point towards the end of the process there also will be a public open house where people can review the plan recommendations. I'm not as familiar with the CIP so maybe Kathy or someone from PW can speak to that.

Thanks,

Nathan Bruemmer

Oliven, Kent <kno@vniles.com>

Cc: Johnson, Mitchell <maj@vniles.com>

Subject: Media Questions: Budget, Committees, etc.

Importance: High

****PLEASE READ all the way through for what pertains to you, there are a lot of pieces here.****

All, please take a look at the questions from Tom Robb, and either provide me with a written response, or else let me know if you'd rather talk me through it, or if you think you should talk to Tom Robb directly. Joe if you have input about any specific ones that you do or do not want individual departments to talk directly to the reporter about, please let us know. I want to get back to the reporter tomorrow.

-Chuck/Nathan: The March 7 Planning and Zoning Board has a request for approval of a Special Use Permit for an 'Educational Facility – Vocational' at 6935 W Touhy Ave. Can you give me more information on what that's about? What type of school, proposed by what institution, what is the size of the facility, what is the timeline for construction?

-Joe/Kent: He would like to talk to Joe or Kent to do a preview story on upcoming budget workshop as well as a recap of the capital projects discussed in February.

-Fred/PW: He wants more details to do a more extensive overview of the Caldwell and Oakton project.

-Nathan/Chuck/Joe/Kathy?: He would like to get up to speed on the bike and pedestrian plan and how it relates to projects in the CIP.

-Fred/PW: Will new bike safety projects along Shermer be like Howard, i.e. with the concrete barriers? He'd like an overview.

-Kathy: The cannabis overlay district southern section was tabled without much discussion and sent back to village staff for changes. What do those changes look like? (I know we've talked about this but it's a matter of what is our public statement.

-Fred/PW: He would like to get up to speed on what the green alley project is about (he watched the meeting so he should know the basic explanation you gave about permeable pavers, I'm not sure how much else there is to give).

Thank you all for your help!

Mitch

Importance: High

Good Afternoon!

Thank you for your patience as we gathered information.

The statistics requested are in the below chart –

As a note – size of unpurchased and time of year for mailing makes a difference when talking about seconds mailings. When the mailing goes out becomes incredibly important - Enforcement and the tone on the 2nds mailing also affect compliance.

Please see notes below the chart to the other inquiries.

We can discuss the vehicle program and next steps further on the 3rd - we look forward to continuing this project, conversation and the options available to help Niles achieve their goals!

Have a great afternoon – Elizabeth

- Cost impact for sending out (2nd notice) Notice of non-compliance to the Vehicle Sticker Ordinance, this would include known unpaid and SOS data;
- Quote for scofflaw mailing is attached to this email.
- This tool is very important!
- It tells the citizens of Niles that the ordinance is being enforced and should be followed.
- The contact information for IL SOS was sent previously, but I am including it here for ease of reference.
- Regina Chausse*
- Office of the Secretary of State*
- 501 South 2nd Street*
- Howlett Building Room 411*
- Springfield, IL 62756*
- 217-558-4834*
- Regina's email address is: RChausse@ILSOS.GOV*
- The IL SOS file does NOT include the Driver's License number.*
- Digging deeper with the IL SOS is also effective when using a GIS file, or utility billing file
- These help continue to find folks who should be buying but have not yet.
- Our suggestion on the scofflaw mailing is AFTER the renewal mailing takes place.
- Cost estimates of staff augmentation during the open registration/enrollment events;
- More information would need to be reviewed to see what this entails
- Feasibility of adding line-item to a water bill that would state "our records indicate the following vehicle(s) registered to this address that is in out of compliance with Vehicle Sticker Ordinance" with the amount due? These are just some of the ideas we discussed;
- Noted. This would need to be, as stated, further researched and discussed
- LPR data exchange with Third Millennium system;
- TMA can prepare a daily report. Information and quote TBD
- A quote would be prepared based on software being used/set up, etc.

- There would be a 1 time set up fee, then an annual maintenance fee.
- The report would be sent daily to emails of those designated to receive the report.
- Future possible collaboration with Village of Niles and Third Millennium team to develop Kiosk portal for walk-up self-service payments option;
- TMA looks forward to the continued discussion of the possible preparations and/roll out this option;
- TMA suggests utilizing the senior center or perhaps a breakfast with Mayor to attract those folks that need more time to chat as they buy.
- There are a few samples of message centers are in the zipped file attached to this email.
- These are other communities and how they address the online option.
- These are by no means all the items we have, just to get the ideas flowing.
-

Subject: "[EXTERNAL]"Meeting recap and follow up meeting topics

Good morning Elizabeth,

It was a pleasure meeting you and Igor Cavalleri yesterday, and we feel we had a very productive discussion regarding vehicle sticker renewals and increasing compliance.

We are looking to meet with you in two weeks to review data, feasibility, and plan/suggestions for the next renewal cycle.

- As we discussed, the following data will be helpful to us in the understanding of our neighboring municipalities that are experiencing Third Millennium services. I did add a couple of additional

data points if you have them, that would be great:

Municipalities

Walk-Ins

Municipal Site(s)

Access the Latest in LPR Technology with Rekor One™ Public Safety

Deploy State-of-the-art LPR for as low as \$100 a month per camera* with NO complicated set-up, NO hardware investment, and NO maintenance fees

What if you could automate processes, access the latest in LPR technology and introduce a force multiplier in your agency?

Let Rekor be your force multiplier! Take advantage of this special offer to add State-of-the-art LPR for as low as \$100 a Month per Camera* with NO hardware investment, NO long-term contract, and NO maintenance fees.

What does Rekor One™ Public Safety provide?

Rekor's ALPR solution is helmed by an incredibly easy-to-use web-based dashboard (powered by Rekor Scout™) that can be accessed securely from anywhere and affords users complete control of their vehicle recognition results and investigative tools.

Additional vehicle characteristics

In addition to the license plate, Rekor captures color, make, model, state of origin and direction of travel.

Video record with every read

Each plate read has an associated video clip that is stored for up to 60 days and can add critical evidentiary and investigative value.

Real-time alerting

Because plate reads are processed on-device, the system generates real-time alerts which accelerates response time.

Advanced search capabilities

Vehicles with partial tags or without plates can be searched within the dashboard using all captured details.

Special Offer

NO complicated set-up. NO hardware investment. NO maintenance fees.

Rekor will install state-of-the-art Edge Series cameras to capture roadway and vehicle information and provide advanced insights to help close more cases, faster.

\$100/month per camera fee includes installation services provided by Rekor and department access to the Rekor One Public Safety platform, including Rekor Scout™. Pricing requires a 5-year program commitment with a 10-camera minimum and participation in Rekor Public Safety Network and sharing of deidentified analytic data. Option for a 3-year program at \$150/camera/month, or no-contract at \$200/camera/month; each with a 10-camera minimum.

Ready to get started?

318. Meeting / Touching Base

From: Mark Osborn <mosborn@utility.com>
To: Nicholas Zakula <njz@vniles.com>
Sent Date: Mar 01, 2022 09:56:46
Subject: Meeting / Touching Base
Attachment:

Commander Zakula,

Are you interested in our solution? Could we set up a quick demo?

Our BWC system is a force multiplier as a situational awareness tool, critical incident management, real-time crime mapping, communications platform, officer safety component, automation of recordings to remove failed activation from human error and live video offload, eliminating the need for those silly docking stations. During these turbulent times, you need a system that is a force multiplier of what you are already doing, not just a box recording what has already happened.....

Just a few of the things that make us unique:

- Our system has **perfected automation**. Why are we asking our officers to do something that technology can do for them? Transparency and accountability..... how much more transparent and accountable can you be when you have a system that is automated. Let the officers do their job.... we will do the rest.
- BodyWorn is **securely mounted** inside the uniform. Never again will your body camera fall off, get broken or lost.... let alone not recording that use of force incident you are now being sued for.
- BodyWorn **Holster Activation** will automatically turn the officers body camera on when their weapon is drawn from the holster.
- Officer Down Safety Feature**, if an officer goes down, the BodyWorn device will alert every officer working and send turn by turn directions to find that officer to save their life.
- Live View**, Command Staff can live view any officer from any location giving real time actionable intelligence. Imagine what you could do with real time intelligence during volatile situations or as your SWAT Team is making entry.
- Automatic Policy Based Recordings** allow you to customize, based on proximity, call nature codes, or a number of other actionable items will trigger the BodyWorn to start recording. This takes the burden off the officer to activate their body camera. Just think, how many encounters have your officers not recorded because they forgot to activate their camera or that the incident escalated too quickly to allow time for activation. We are the only BWC in the world that can remote activate cameras.
- No Docking Stations** our cameras wirelessly and continuously offload videos straight to the cloud. Your BWC footage is available real time in the cloud. Never again wait for your officers to come back to HQ to dock or plug in your camera to offload videos.

- Real-Time Crime Mapping**, our solution provides your agency real-time crime mapping of every calls for service within your community providing you real time criminal intelligence
- Unlimited Cloud Storage**, all videos wireless and continuously live upload to the cloud for secure unlimited storage. No additional storage fees, true unlimited storage. No more plug and play or docking cameras and waiting for upload.
- SmartRedaction**, unlimited, simple to use redaction. Redact your videos in seconds, not hours and not frame by frame.
- Digital Evidence Management System**, one complete platform which becomes your total digital evidence ecosystem.
- Complete Body Camera and/or In-Car Video System**, one complete ecosystem. No more standalone Mifi's, routers or modems.
- Automated License Plate Reader (LPR)**, our LPR system integrates with our ICV and BWC for one complete ecosystem.
- At BodyWorn we operate on a SaaS business model where **we are selling you a service, not hardware**. Never again will you own outdated, antiquated and unsupported equipment again. Always supported. Always maintained.

My cell is the best way to reach me 317-457-1577.

Safety concerns/delays

Long and short of this story is recently a defect was found in the mast arms on the new streetlights. The manufacture just released the findings citing manufacture error during

production, which will require them to replace all the mast arms on the project . Due to safety concerns, Public Works will not be installing any accessories on the streetlights until the mast arms have been replaced. The mast arms are the components that attach the luminaire to the vertical pole. The work to replace the arms should start in roughly 3-4 weeks and should be 100% completed by August. I can have the contractor swap the mast arms at specific locations based on priority if need be. If the decision is made to place a camera system on the south bound side of the roadway please let me know, I have to submit paperwork/memo laying out the final two new locations for the LPR system. If P.D. staff wants to use the two locations that Rekor has proposed, I will start the memo asap.

Deputy Chief,

Sorry for the delay, my colleague Travis and I are managing about 30 projects between the two of us. I've included him on this email because he has one of his crews that will be in Bloomington in a couple weeks; he tells me they can venture a bit further north to reinstall your systems.

I don't recall the exact dates but it would certainly be this month.

Also, attached is the proposed plan from our solutions architect. Crossing the roadway for southbound will be really tough for either location. We'd really be better off splitting these and moving the southbound system to the southbound side of the road. I believe Rob Riebe reached out to you? We have different pricing than what you were offered when signing the contract. We now have it at \$100 per month per camera stream with a minimum of 10. If I'm not mistaken the city of miles is nearly 8000 per year for 4 cameras.

Positive Impacts of Video Surveillance in Law Enforcement Good morning Luis, All police departments, regardless of size, can benefit from deploying mobile video surveillance cameras... Good morning Luis,

Police departments across the United States have deployed WCCTV's range of video surveillance systems, whether that's our rapid deployment pole cameras, LPR systems, or mobile surveillance trailers.

Our systems are optimized for crime reduction and investigation applications, which is why we're the supplier of choice for police departments looking to enhance their surveillance profile.

Utilizing mobile surveillance cameras to supplement your law enforcement efforts will deliver several key benefits:

- Crime Reduction
- Force Multiplier
- Increased Deployment Efficiency
- Evidential Footage

No matter the size of your police department or your particular needs, WCCTV has a solution that can work for you.

Get in touch with one of our security experts today to see what we can do for you. Learn More: Positive Impacts of Video Surveillance In Law Enforcement WCCTV will be hosting a booth at the Border Security Expo at the Henry B. González Convention Center, San Antonio, Texas. on the 29th - 30th March 2022.

We will be on booth #211 demonstrating our rapid deployment mobile surveillance systems for law enforcement applications, including:

- WCCTV 4G IR Mini Dome
- WCCTV 4G Mini Dome + LPR
- WCCTV 4G Covert Mini Dome
- WCCTV Solar Surveillance Trailer

Let us show you how we can help USA with your surveillance requirements.

Click below to book a meeting with us - see you in a couple of weeks!

Not attending Border Security Expo?

No problem, we would be more than happy to provide a demonstration or outline pricing for our mobile surveillance units. Just fill out the short form below to let us know what you're looking for, and we will reach out. *Contact WCCTV Copyright © 2022 WCCTV, All rights reserved.*

[Response Requested] FBI National Hotlist and Sharing your cameras with the FBI Flock Safety
FBI National Hotlist Email not displaying correctly?

View it in your browser.

The Federal Bureau of Investigation and Flock Safety are pleased to announce that the FBI's National Hotlist will soon be distributed through Flock Safety to law enforcement users. The FBI National Hotlist is utilized in high priority incidents where immediate action is requested by law enforcement. The most common use for this hotlist historically has been AMBER alerts; however, it has also been utilized in other cases to include officer safety alerts. Unlike NCIC, this is a rapid distribution list with a goal of no more than 10 minutes from time of entry to availability for hits by participating law enforcement agencies.

In addition to providing your agency with the FBI National Hotlist, the FBI is requesting that your agency enable data sharing with the FBI to aid in the FBI's mission. Sharing your license plate reader data will enable automated alerting of hits on the FBI National Hotlist to FBI case Agents and the FBI's 24x7 operations center and allow FBI investigators to further ongoing investigations.

There are two ways in which you can enable the sharing of your camera network with the FBI:

1) Simply respond to this email, notifying Flock Safety that we have your approval to share access to your cameras with the FBI - Please respond with: **Yes** or **No**

2) You can share with the FBI yourself in your Flock Safety account by following these simple steps:- Visit this link to the Cameras Section of Organization Management

- Click "Share"

- Select "FBI"

- Click Save

Additional instructions, if needed, can be found here. Should you have FBI-specific questions related to this, please contact FBI SA Kevin Orkin at kcorkin@fbi.gov. Thank you and stay safe.

Deputy Chief,

Sorry for the delay, my colleague Travis and I are managing about 30 projects between the two of us. I've included him on this email because he has one of his crews that will be in Bloomington in a couple weeks; he tells me they can venture a bit further north to reinstall your systems.

I don't recall the exact dates but it would certainly be this month.

Also, attached is the proposed plan from our solutions architect. Crossing the roadway for southbound will be really tough for either location. We'd really be better off splitting these and moving the southbound system to the southbound side of the road. I believe Rob Riebe reached out to you? We have different pricing than what you were offered when signing the contract. We now have it at \$100 per month per camera stream with a minimum of 10. If I'm not mistaken the city of miles is nearly 8000 per year for 4 cameras.

Dear Police1 Member,

What factors lead to good or bad morale in law enforcement? While that is a complex question to answer, what we do know is that many of the causes are not external but internal.

In the March Leaders newsletter, our contributors outline how law enforcement leaders can identify internal factors impacting morale and then fix the issues.

Hi Dan,

Here is a list of the locations we would like to have LPR's installed for mapping purposes;

- 4 cameras at the intersection of Touhy Ave. and Milwaukee Ave. One camera south of the intersection on Milwaukee capturing N/B Milwaukee Ave. traffic. One camera on Milwaukee Ave. North of the intersection capturing S/B Milwaukee Ave. traffic. One camera on Touhy Ave. east of the intersection capturing W/B Touhy Ave. Traffic. One camera west of the intersection on Touhy capturing E/B Touhy traffic.
- 4 cameras at the intersection of Golf Rd. and Milwaukee Ave. One camera south of the intersection on Milwaukee capturing N/B Milwaukee Ave. traffic. One camera on Milwaukee Ave. North of the intersection capturing S/B Milwaukee Ave. traffic. One camera on Golf Rd. east of the intersection capturing W/B Golf Rd. Traffic. One camera west of the intersection on Golf Rd. capturing E/B Golf Rd. traffic.
- 4 cameras at the intersection of Greenwood Ave and Dempster St. One camera south of the intersection on Greenwood capturing N/B Greenwood Ave. traffic. One camera on Greenwood Ave. North of the intersection capturing S/B Greenwood Ave. traffic. One camera on Dempster Ave. east of the intersection capturing W/B Dempster Ave. Traffic. One camera west of the intersection on Dempster capturing E/B Dempster traffic.

Dear Police1 Member,

What factors lead to good or bad morale in law enforcement? While that is a complex question to answer, what we do know is that many of the causes are not external but internal.

In the March Leaders newsletter, our contributors outline how law enforcement leaders can identify internal factors impacting morale and then fix the issues.

Subscribe today to make sure you get a copy in your inbox this week!

Stay safe,

Subject: RE: {EXT}RE: Body Camera Question

Thanks Joe, we are also being told about the backorder on the Axon in car cameras. Funny you should mention the Flock cameras as we are also starting to consider looking at those as well.

You and I are long overdue for lunch. Let me know if you have any time available within the next week or two?

Thanks again for the info.

Subject: {EXT}RE: Body Camera Question

[EXTERNAL]

Hi Tom all is good, thank you. I hope all is well with you, please tell Dorothy I said hi. We had Safety Vision and we just went with AXON. Safety Vision never turned out to be what they promised. Batteries were only staying charged for 3-4 hours before they needed to be recharged and we had constant problems with videos uploading into the server as well.

The AXON cameras were just delivered in January and we are going through a training/testing phase right now. We did include the in-car camera with our order but those cameras are back ordered 9 months to a year. The in-car cameras will sync with the FLOCK LPR cameras we are purchasing as well.

If you need more info on this, Deputy Chief Nick Zakula handled everything with AXON his email is njz@vniles.com. He can answer any additional questions you may have. Have a good day and let me know if you need anything else.

Subject: Body Camera Question

Hi Joe,

How are you? Hope all is well with you and the family. I have a quick question reference body cameras. Is Niles looking to move away from your current vendor? If so can you advise what issues you had and who you are looking to change to?

The reason for the question is that we are with Axon for body cameras and looking to add their in car camera system to our fleet. We wanted to see what other agencies are currently using for body cameras vs in car camera systems.

Thanks Joe,

Tom

Reference 2022-08274

D2 took a report of a stolen vehicle where a 2007 Honda Odyssey minivan was taken from the 7700 block of Jonquil Terrace sometime after 1700 hours last night. The vehicle is paid-for, victim has the keys, and was not listed as a repossession. A check of the area for the vehicle was negative. A request was sent to CPIC to attempt to locate the vehicle on any LPR camera was also negative. Vehicle entered into LEADS. Follow up requested.

358. Bulletin (b303) from Elmwood Park Police (IL)

From: Auror <support@auror.co>
To: Christopher Orlando - Investigator-Special Operations Group, Niles Police Department (IL) <cco@vniles.com>
Sent Date: Feb 25, 2022 16:03:16
Subject: Bulletin (b303) from Elmwood Park Police (IL)
Attachment:

Date

25 Feb 2022 at 4:01 PM

Issued by

Mark Astrella - Detective Sergeant, Elmwood Park Police (IL), Detective Sergeant , Elmwood Park Police (IL)

Summary

Chase/ID Theft Suspects EPPD RD 2022-. On or about 01/08/22 , my victim received a call from 708-396-0048, from an unknown male identifying himself as JP Morgan Chase employee regarding a breach of his card. Sadi victim supplied his banking information and within an hour unknown subjects arrived in the area and used what may appear to be a cloned card at the CHASE ATM located at Grand/Harlem Ave in Chicago making a large cash withdrawal., The suspects also traveled to best buy and purchased an APPLE IMAC. Video images were obtained from Chase along with a hit on our LPR of a suspect vehicle bearing IL. Reg DB63397, registering to a michyael J Reynolds, 803 Rainbow Drive, Glenwood IL. The suspect vehicle is a dark colored Audi q7.

Great News!

Alcoa TN PD has just shared their cameras with Niles IL PD, granting you and your organization the ability to search footage from their Flock Safety cameras.

In order for you and other users in your organization to access footage from these cameras, the cameras must be added to your roles

1. Open Organization Management
2. Click on the "Roles" tab
3. Click on the "triple dots" next to the role(s) you want to provide access to
4. Click on the "Networks" drop down and select the network(s) you'd like to add to the role
5. Click "Save" and repeat for other roles as desired

For additional assistance, check out this [Help Center article](#) or reach out to support@flocksafety.com.

Thanks for being a part of the Flock.

CAUTION: This email message originated from outside of the Village's email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good morning,

My command staff has asked me to request policies related to LPR systems, specifically LPR systems fixed on poles in or around areas of entrance to towns/villages.

We are also requesting policies regarding Responding Procedures (41.2.1) and Pursuit of Motor Vehicle (41.2.2), specifically related to data received from LPR systems.

Please reach out directly if you have additional questions.

Introducing the Falcon™ Flex

Meet the Falcon Flex, our newest infrastructure-free, location-flexible license plate reader camera. Combine the power of Vehicle Fingerprint™ recognition with light-weight, adaptable mounting options, and a complementary LTE service to meet your ever-changing investigative needs.

1 Falcon License Plate Reader Camera with rechargeable internal battery

Unlimited LTE data service + software users

1 portable mount with varying sized band clamps

Battery charger

Easy, self-guided installation and activation

Contact for Purchase

Capture more than license plates with Falcon Flex

While 80% of crimes happen with a vehicle, not every vehicle contains a license plate or the plate registered to that vehicle. The Falcon Flex captures license plates *and* vehicle characteristics including:

- Build type
- Make
- Color
- License plate state

- Missing and covered plates
- Bumper stickers
- Decals
- Roof racks
- &more

Contact for Purchase

1170 Howell Mill Rd NW, Suite 210, Atlanta, Georgia 30318, United States

THE CONTENT OF THIS DOCUMENT MAY BE LAW ENFORCEMENT SENSITIVE (LES) &/OR FOR OFFICIAL USE ONLY (FOUO). Any further disclosure or dissemination of this document or the information contained herein is strictly prohibited without the approval of the Chicago Police Department's Crime Prevention & Information Center. Elements of this document may be subject to 28 CFR part 23. Illinois DL or ID images are only for use as authorized by 625 ILCS 5/6-110.1 and 92111. Adm. Code 1030.140. This information shall not be released to the media or the general public. FAILURE TO ADHERE TO THESE POLICIES MAY RESULT IN CIVIL, CRIMINAL, OR DISCIPLINARY ACTION.

It should be noted that some of this information describes First Amendment-protected activities. The Chicago Police Department's Crime Prevention and Information Center (CPIC) recognizes that Americans have constitutionally protected rights to assemble, speak, and petition the government. The CPIC safeguards these rights and only reports on First Amendment-protected activities for operational planning in the interest of assuring the safety and security of the demonstrators and the public. The CPIC will continue to communicate these events with other law enforcement partners in an effort to facilitate the Department's mission of assuring the safety and security of the demonstrators and the public.

Don't forget to register for our Product Launch taking place today, 2/23, at 1 pm EST / 10 am PST — register here.

Our product roadmap is largely driven from feedback from law enforcement and customers like you, which is why we're excited to share the latest enhancements to your Flock Safety experience. Other highlights include:

- Vacaville PD's Sgt. Adam Senf, who will give you insight into our newest integration with Cradlepoint, and how it's improved dispatch efficiency
- New location-flexible hardware offering designed for quick and easy deployment
- Insight into the product roadmap development process, and how you can help change our product for the better!

Hope to see you there!

Good Afternoon!

Thank you for your patience as we gathered information.

The statistics requested are in the below chart –

As a note – size of unpurchased and time of year for mailing makes a difference when talking about seconds mailings. When the mailing goes out becomes incredibly important - Enforcement and the tone on the 2nds mailing also affect compliance.

Please see notes below the chart to the other inquiries.

We can discuss the vehicle program and next steps further on the 3rd - we look forward to continuing this project, conversation and the options available to help Niles achieve their goals!

Have a great afternoon – Elizabeth

- Cost impact for sending out (2nd notice) Notice of non-compliance to the Vehicle Sticker Ordinance, this would include known unpaid and SOS data;
 - Quote for scofflaw mailing is attached to this email.
 - This tool is very important!
 - It tells the citizens of Niles that the ordinance is being enforced and should be followed.
 - The contact information for IL SOS was sent previously, but I am including it here for ease of reference.
 - Regina Chausse*
 - Office of the Secretary of State*
 - 501 South 2nd Street*
 - Howlett Building Room 411*
 - Springfield, IL 62756*
 - 217-558-4834*
 - Regina's email address is: RChausse@ILSOS.GOV*
 - The IL SOS file does NOT include the Driver's License number.*
 - Digging deeper with the IL SOS is also effective when using a GIS file, or utility billing file
 - These help continue to find folks who should be buying but have not yet.
 - Our suggestion on the scofflaw mailing is AFTER the renewal mailing takes place.
-
- Cost estimates of staff augmentation during the open registration/enrollment events;
 - More information would need to be reviewed to see what this entails
 - Feasibility of adding line-item to a water bill that would state "our records indicate the following vehicle(s) registered to this address that is in out of compliance with Vehicle Sticker Ordinance" with the amount due? These are just some of the ideas we discussed;
 - Noted. This would need to be, as stated, further researched and discussed
 - LPR data exchange with Third Millennium system;
 - TMA can prepare a daily report. Information and quote TBD
 - A quote would be prepared based on software being used/set up, etc.
 - There would be a 1 time set up fee, then an annual maintenance fee.
 - The report would be sent daily to emails of those designated to receive the report.
 - Future possible collaboration with Village of Niles and Third Millennium team to develop Kiosk portal for walk-up self-service payments option;
 - TMA looks forward to the continued discussion of the possible preparations and/roll out this option;
 - TMA suggests utilizing the senior center or perhaps a breakfast with Mayor to attract those folks that need more time to chat as they buy.
 - There are a few samples of message centers are in the zipped file attached to this email.

- These are other communities and how they address the online option.
- These are by no means all the items we have, just to get the ideas flowing.
-

Subject: "[EXTERNAL]"Meeting recap and follow up meeting topics

Good morning Elizabeth,

It was a pleasure meeting you and Igor Cavalleri yesterday, and we feel we had a very productive discussion regarding vehicle sticker renewals and increasing compliance.

We are looking to meet with you in two weeks to review data, feasibility, and plan/suggestions for the next renewal cycle.

- As we discussed, the following data will be helpful to us in the understanding of our neighboring municipalities that are experiencing Third Millennium services. I did add a couple of additional data points if you have them, that would be great:

CAUTION: This email message originated from outside of the Village's email system. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good morning,

My command staff has asked me to request policies related to LPR systems, specifically LPR systems fixed on poles in or around areas of entrance to towns/villages.

We are also requesting policies regarding Responding Procedures (41.2.1) and Pursuit of Motor Vehicle (41.2.2), specifically related to data received from LPR systems.

Please reach out directly if you have additional questions.

Good morning, everyone,

As a reminder, some departments still owe me the "budget page" document for the FY23 budget.

The page is the Publisher document that serves as a header for your respective component of the budget. Attached is an example for reference, chosen for no particular reason.

There are no new requirements for the page this year—simply update last year's for new information. If you have any questions please contact me.

Subject: Budget Slides - Due 2/25/22

Leadership Team,

Attached to this email you will find a budget slide template for the Budget Presentation (Operational). Please fill out it as instructed on the slide and as discussed during budget meetings,

a few things to keep in mind:

Changes can include reductions in staffing, program implementation/reduction, improved processes, etc.;

- Less is more, if possible please keep it to one slide per department;
- The main focus is on operational – since we are presenting CIP next week.
- Family Services slide should include Teen Center
- Public Works - due to the amount of divisions within your department - please be concise;
- Administration slide will include the following divisions - VMO, Communications, Legislative.

These are due to Conor css@vniles.com<<mailto:css@vniles.com>> no later than Feb. 25, 2022. Please cc me on the email to Conor. Thank you everyone and feel free to reach out if you have any questions.

436. How WCCTV's Supports Border Safety

From: WCCTV USA <danieldelsoldato@wcctv.com>
To: Luis <lct@vniles.com>
Sent Date: Feb 22, 2022 10:09:03
Subject: How WCCTV's Supports Border Safety
Attachment:

How WCCTV's Supports Border Safety Good morning Luis, WCCTV's Mobile Video Surveillance systems have helped combat crime hotspots along the border. Good morning Luis,

WCCTV is the USA's leading supplier of rapid deployment pole cameras and mobile surveillance trailers designed target crime hotspots.

Our experience, award-winning security cameras and ongoing US-based technical support make us the ideal partner for your surveillance requirements.

Agencies close to the border have deployed our cameras due to increases in illegal cross-border activities.

Below are just a few of the agencies that we currently supply video surveillance too along the border:

- Laredo Police Department
- Hidalgo Police Department
- Hidalgo County Sheriff's Office
- City of Brownsville
- City of McAllen
- and many more!

Get in touch with one of our security experts today to see what we can do for you. WCCTV will be hosting a booth at the Border Security Expo at the Henry B. González Convention Center, San Antonio, Texas. on the 29th - 30th March 2022.

We will be on booth #211 demonstrating our rapid deployment mobile surveillance systems for law enforcement applications, including:

- WCCTV 4G IR Mini Dome
- WCCTV 4G Mini Dome + LPR
- WCCTV 4G Covert Mini Dome
- WCCTV Solar Surveillance Trailer

Let us show you how we can help USA with your surveillance requirements.

Click below to book a meeting with us - see you in a couple of weeks!

Not attending Border Security Expo?

No problem, we would be more than happy to provide a demonstration or outline pricing for our mobile surveillance units. Just fill out the short form below to let us know what you're looking for, and we will reach out. Contact WCCTV *Copyright © 2022 WCCTV, All rights reserved.*

Subject: NVLS Request for Niles Incident #2021-34188

Can I get an NVLS report a silver BMW bearing Illinois registration DC17617 from 02/03/2022 through 02/22/2022? This is in reference to an armed robbery investigation and the Niles Incident number is 2021-34188.

Thanks

Robert Vehlow #123 Detective

Subject: RE: Grants

Hi Joe,

Ron checked on the grants and nothing is currently available through the federal or state government. He is going to see if any private grants are available.

Also, Dean asks, we did apply for an LPR grant earlier in 2021 but it does not look like we got that one. Ron will keep me updated if any other grant opportunities come up.

Thanks,

Mike

Hi Joe,

I just wanted to let you know that I am going to ask Ron to research more LPR grants. I know we have not had luck with any yet, but since it was brought up yesterday I don't want anyone to be caught off guard if Dean or the other Trustees ask about it.

I was also going to have him check for grants to send one of the guys to Cellbrite training.

Let me know if you would like me to look in to any other grants.

Thanks,

Mike

Good morning Elizabeth,

You may know Kathy Thake, she is our Deputy Village Manager and would like her to be in the loop. Joe and I have been keeping her updated.

I'll coordinate internally and follow up with you later today for us to meet in 2 weeks.

Thank you,

Rehman.

Subject: RE: "[EXTERNAL]"Meeting recap and follow up meeting topics

Good Afternoon Rehman!

Thank you so much for the summary and comprehensive look at next steps.

Igor and I will review the information discussed, and presented below.

We will begin compiling information to answer and take next steps.

Please let us know a few dates that are available in 2 weeks – Igor and I can then add that to the calendar and prepare for our next meeting with you/the Niles team.

We look forward to working with all of you!

Have a great night!

Elizabeth

Cc: La Margo, Joe <jsl@vniles.com>
Subject: "[EXTERNAL]"Meeting recap and follow up meeting topics

Good morning Elizabeth,

It was a pleasure meeting you and Igor Cavalleri yesterday, and we feel we had a very productive discussion regarding vehicle sticker renewals and increasing compliance.

We are looking to meet with you in two weeks to review data, feasibility, and plan/suggestions for the next renewal cycle.

•As we discussed, the following data will be helpful to us in the understanding of our neighboring municipalities that are experiencing Third Millennium services. I did add a couple of additional data points if you have them, that would be great:

Municipalities

Walk-Ins

Municipal Site(s)

Mail In

Lock Box

Online

Estimated

Non-Compliance

2nd Notice Serviced (Y/N)

Net result of 2nd Notice

Glenco

Morton Grove

Park Ridge

Wilmette

Skokie

Palatine

- Cost impact for sending out (2nd notice) Notice of non-compliance to the Vehicle Sticker Ordinance, this would include known unpaid and SOS data;
- Cost estimates of staff augmentation during the open registration/enrollment events;
- Feasibility of adding line-item to a water bill that would state “our records indicate the following vehicle(s) registered to this address that is in out of compliance with Vehicle Sticker Ordinance” with the amount due? These are just some of the ideas we discussed;
- LPR data exchange with Third Millennium system;
- Future possible collaboration with Village of Niles and Third Millennium team to develop Kiosk portal for walk-up self-service payments option;

Sincerely,

Rehman.

Good morning Elizabeth,

You may know Kathy Thake, she is our Deputy Village Manager and would like her to be in the loop. Joe and I have been keeping her updated.

I'll coordinate internally and follow up with you later today for us to meet in 2 weeks.

Thank you,

Rehman.

Good Afternoon Rehman!

Thank you so much for the summary and comprehensive look at next steps.

Igor and I will review the information discussed, and presented below.

We will begin compiling information to answer and take next steps.

Please let us know a few dates that are available in 2 weeks – Igor and I can then add that to the calendar and prepare for our next meeting with you/the Niles team.

We look forward to working with all of you!

Have a great night!

Elizabeth

Subject: "[EXTERNAL]"Meeting recap and follow up meeting topics

Good morning Elizabeth,

It was a pleasure meeting you and Igor Cavalleri yesterday, and we feel we had a very productive discussion regarding vehicle sticker renewals and increasing compliance.

We are looking to meet with you in two weeks to review data, feasibility, and plan/suggestions for the next renewal cycle.

•As we discussed, the following data will be helpful to us in the understanding of our neighboring municipalities that are experiencing Third Millennium services. I did add a couple of additional data points if you have them, that would be great:

Municipalities

Walk-Ins

Municipal Site(s)

Mail In

Lock Box

Online

Estimated

Non-Compliance

2nd Notice Serviced (Y/N)

Net result of 2nd Notice

Glenco

Morton Grove

Park Ridge

Wilmette

Skokie

Palatine

- Cost impact for sending out (2nd notice) Notice of non-compliance to the Vehicle Sticker Ordinance, this would include known unpaid and SOS data;
- Cost estimates of staff augmentation during the open registration/enrollment events;
- Feasibility of adding line-item to a water bill that would state “our records indicate the following vehicle(s) registered to this address that is in out of compliance with Vehicle Sticker Ordinance”

with the amount due? These are just some of the ideas we discussed;

- LPR data exchange with Third Millennium system;
- Future possible collaboration with Village of Niles and Third Millennium team to develop Kiosk portal for walk-up self-service payments option;

Sincerely,

Rehman.

Hi Joe,

Ron checked on the grants and nothing is currently available through the federal or state government. He is going to see if any private grants are available.

Also, Dean asks, we did apply for an LPR grant earlier in 2021 but it does not look like we got that one. Ron will keep me updated if any other grant opportunities come up.

Thanks,

Mike

FYI, I looked and there are not any current government grants applicable right now. I started checking private grants, but no luck so far.

Was though given to having NORTAF pick up the training since that would be a group that would use / benefit from it. Maybe if all the agencies kicked in they could send two reps to the training.

I will keep you in the loop if I hear anything.

What if anything did you hear in last APR grant request? That will help me looking if I know why were rejected?

As far as cell phones, do have info on where the training is held, how much it costs, etc?

I have to check with Romano and see who is supposed to take over these grants. We are running out of time to train a replacement.

Subject: Grants

Hi Joe,

I just wanted to let you know that I am going to ask Ron to research more LPR grants. I know we have not had luck with any yet, but since it was brought up yesterday I don't want anyone to be caught off guard if Dean or the other Trustees ask about it.

I was also going to have him check for grants to send one of the guys to Cellbrite training.

Let me know if you would like me to look in to any other grants.

Thanks,

Mike

Hi Ron,

I never heard anything from the last one. As far as the phone class goes, it is though Cellbrite they come to Illinois 4 times a year, and the cost is \$4,000.00.

Thanks,

Mike

What if anything did you here in last APR grant request? That will help me looking if I know why were rejected?

As far as cell phones, do have info on where the training is held, how much it costs, etc?

I have to check with Romano and see who is supposed to take over these grants. We are running out of time to train a replacement.

[Budget Workshop 2-24-22 Packet Public.pdf](#)

Marlene,

I reviewed the agenda, added the presentation in Peak and regenerated it. Joe and I spoke – we will release the packet as attached to the public.

Its ready to be published when you are.

Thank you!

Kathy M. Thake | Deputy Village Manager
Village of Niles | Village Manager Office
1000 Civic Center Dr., Niles, IL 60714

: (847) 588-8009 Office | (847) 878-4521 Mobile

Subject: Please Add CIP Presentation to PEAK

Kathy,

I created an agenda in PEAK for Budget Workshop I (please proof agenda attached). Can you please add the Public Presentation (minus the spreadsheets per Joe) and then if its final – can you

post it on the website for the public.

Thanks

Marlene

Subject: RE: St. Charles Armed Robbery/MVT

Can anyone please try victim vehicle plate through LPR or Flock? SCPD has limited access to Flock Cameras (we are getting our own cameras this spring). We currently have juvenile suspect, red shoes guy, in custody. Unknown second perp.

Victim Vehicle plate is IL Reg #CW96247.

Thank you

St. Charles Armed Robbery - 1401 Prairie St. Officers were dispatched to the report of an Armed Robbery. Upon arrival no offenders were on scene. Employee stated that at approximately 2255 hours two M/B subjects wearing masks, gloves and black jackets entered the store and held him at gun point behind the counter. The subjects then handcuffed him and proceeded to take money from his personal belongings and the register. The subjects took the clerk's car keys, uncuffed him and put him in a rear restroom before leaving the scene in his vehicle W/B on Prairie.

478. RE: St. Charles Armed Robbery/MVT

Subject: RE: St. Charles Armed Robbery/MVT

Can anyone please try victim vehicle plate through LPR or Flock? SCPD has limited access to Flock Cameras (we are getting our own cameras this spring). We currently have juvenile suspect, red shoes guy, in custody. Unknown second perp.

Victim Vehicle plate is IL Reg #CW96247.

Thank you

St. Charles Armed Robbery - 1401 Prairie St. Officers were dispatched to the report of an Armed Robbery. Upon arrival no offenders were on scene. Employee stated that at approximately 2255 hours two M/B subjects wearing masks, gloves and black jackets entered the store and held him at gun point behind the counter. The subjects then handcuffed him and proceeded to take money from his personal belongings and the register. The subjects took the clerk's car keys, uncuffed him and put him in a rear restroom before leaving the scene in his vehicle W/B on Prairie.

++Kathy

Good morning Elizabeth,

You may know Kathy Thake, she is our Deputy Village Manager and would like her to be in the loop. Joe and I have been keeping her updated.

I'll coordinate internally and follow up with you later today for us to meet in 2 weeks.

Thank you,

Rehman.

Subject: RE: "[EXTERNAL]"Meeting recap and follow up meeting topics

Good Afternoon Rehman!

Thank you so much for the summary and comprehensive look at next steps.

Igor and I will review the information discussed, and presented below.

We will begin compiling information to answer and take next steps.

Please let us know a few dates that are available in 2 weeks – Igor and I can then add that to the calendar and prepare for our next meeting with you/the Niles team.

We look forward to working with all of you!

Have a great night!

Elizabeth

Subject: "[EXTERNAL]"Meeting recap and follow up meeting topics

Good morning Elizabeth,

It was a pleasure meeting you and Igor Cavalleri yesterday, and we feel we had a very productive discussion regarding vehicle sticker renewals and increasing compliance.

We are looking to meet with you in two weeks to review data, feasibility, and plan/suggestions for the next renewal cycle.

- As we discussed, the following data will be helpful to us in the understanding of our neighboring municipalities that are experiencing Third Millennium services. I did add a couple of additional

data points if you have them, that would be great:

Municipalities

Walk-Ins

Municipal Site(s)

Mail In

Lock Box

Online

Estimated

Non-Compliance

2nd Notice Serviced (Y/N)

Net result of 2nd Notice

Glenco

Morton Grove

Park Ridge

Wilmette

Skokie

Palatine

- Cost impact for sending out (2nd notice) Notice of non-compliance to the Vehicle Sticker Ordinance, this would include known unpaid and SOS data;
- Cost estimates of staff augmentation during the open registration/enrollment events;
- Feasibility of adding line-item to a water bill that would state “our records indicate the following vehicle(s) registered to this address that is in out of compliance with Vehicle Sticker Ordinance” with the amount due? These are just some of the ideas we discussed;
- LPR data exchange with Third Millennium system;
- Future possible collaboration with Village of Niles and Third Millennium team to develop Kiosk portal for walk-up self-service payments option;

Sincerely,

Rehman.

480. User-driven product enhancements

Flock is more than a hardware provider, we partner with law enforcement agencies like yours to develop a product roadmap that continues to drive value. Join our product development team as they share the latest enhancements to the Flock Safety experience next Wednesday, 2/23 @ 1 pm EST / 10 am PST -- register here.

Guest speakers include Vacaville PD's Sgt. Adam Senf, who will give you insight into our newest integration with Cradlepoint, and how it's improved dispatch efficiency for his agency. Other highlights include:

- A new software package that makes legacy LPR and IP cameras smarter with Vehicle Fingerprint™ technology and Advanced Search capabilities
- New location-flexible hardware offering designed for quick and easy deployment
- Insight into the product roadmap development process, and how you can help change our product for the better!

Hope to see you there!

482. [ilist] LRP Policy including Responding Procedures and Pursuit of Motor Vehicle

From: Stacy Blaskovich <sblaskovich@downers.us>
To: thelist@i-pac.org
Hidden recipients: rbz@vniles.com
Sent Date: Feb 18, 2022 05:48:30
Subject: [ilist] LRP Policy including Responding Procedures and Pursuit of Motor Vehicle
Attachment:

Good morning,

My command staff has asked me to request policies related to LPR systems, specifically LPR systems fixed on poles in or around areas of entrance to towns/villages.

We are also requesting policies regarding Responding Procedures (41.2.1) and Pursuit of Motor Vehicle (41.2.2), specifically related to data received from LPR systems.

Please reach out directly if you have additional questions.

Stacy Blaskovich
Public Education Specialist/LAC
Accreditation Manager
Downers Grove Police

Phone: 630-434-5641

Fax: 630-434-5690

Subject: RE: St. Charles Armed Robbery/MVT

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Can anyone please try victim vehicle plate through LPR or Flock? SCPD has limited access to Flock Cameras (we are getting our own cameras this spring). We currently have juvenile suspect, red shoes guy, in custody. Unknown second perp.

Victim Vehicle plate is IL Reg #CW96247.

Thank you

Eric Majewski Commander - Police Investigations Division
P: 630.762.6941 | E: emajewski@stcharlesil.gov

stcharlesil.gov

Heritage. Community. Service. Opportunity.

St. Charles Armed Robbery - 1401 Prairie St. Officers were dispatched to the report of an Armed Robbery. Upon arrival no offenders were on scene. Employee stated that at approximately 2255 hours two M/B subjects wearing masks, gloves and black jackets entered the store and held him at gun point behind the counter. The subjects then handcuffed him and proceeded to take money from his personal belongings and the register. The subjects took the clerk's car keys, uncuffed him and put him in a rear restroom before leaving the scene in his vehicle W/B on Prairie.

Subject: Re: St. Charles Armed Robbery/MVT

I got nothing, but also have limited access (only 190 cameras)

Brian Wagner

Detective

Police Department

City of Wheaton

www.wheaton.il.us

630.260.2161 Police Main

630.260.2077 Desk

From: Majewski, Eric <emajewski@stcharlesil.gov>

Subject: RE: St. Charles Armed Robbery/MVT

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Can anyone please try victim vehicle plate through LPR or Flock? SCPD has limited access to Flock Cameras (we are getting our own cameras this spring). We currently have juvenile suspect, red shoes guy, in custody. Unknown second perp.

Victim Vehicle plate is IL Reg #CW96247.

Thank you

Eric Majewski Commander - Police Investigations Division
P: 630.762.6941 | E: emajewski@stcharlesil.gov

stcharlesil.gov

Heritage. Community. Service. Opportunity.

St. Charles Armed Robbery - 1401 Prairie St. Officers were dispatched to the report of an Armed Robbery. Upon arrival no offenders were on scene. Employee stated that at approximately 2255 hours two M/B subjects wearing masks, gloves and black jackets entered the store and held him at gun point behind the counter. The subjects then handcuffed him and proceeded to take money from his personal belongings and the register. The subjects took the clerk's car keys, uncuffed him and put him in a rear restroom before leaving the scene in his vehicle W/B on Prairie.

Subject: Re: St. Charles Armed Robbery/MVT

I got nothing, but also have limited access (only 190 cameras)

Brian Wagner

Detective

Police Department

City of Wheaton

www.wheaton.il.us

630.260.2161 Police Main

630.260.2077 Desk

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Can anyone please try victim vehicle plate through LPR or Flock? SCPD has limited access to Flock Cameras (we are getting our own cameras this spring). We currently have juvenile suspect, red shoes guy, in custody. Unknown second perp.

Victim Vehicle plate is IL Reg #CW96247.

Thank you

Eric Majewski Commander - Police Investigations Division

Heritage. Community. Service. Opportunity.

St. Charles Armed Robbery - 1401 Prairie St. Officers were dispatched to the report of an Armed Robbery. Upon arrival no offenders were on scene. Employee stated that at approximately 2255 hours two M/B subjects wearing masks, gloves and black jackets entered the store and held him at gun point behind the counter. The subjects then handcuffed him and proceeded to take money from his personal belongings and the register. The subjects took the clerk's car keys, uncuffed him and put him in a rear restroom before leaving the scene in his vehicle W/B on Prairie.

Good Afternoon Rehman!

Thank you so much for the summary and comprehensive look at next steps.

Igor and I will review the information discussed, and presented below.

We will begin compiling information to answer and take next steps.

Please let us know a few dates that are available in 2 weeks – Igor and I can then add that to the calendar and prepare for our next meeting with you/the Niles team.

We look forward to working with all of you!

Have a great night!

Cc: La Margo, Joe <jsl@vniles.com>
Subject: "[EXTERNAL]"Meeting recap and follow up meeting topics

Good morning Elizabeth,

It was a pleasure meeting you and Igor Cavalleri yesterday, and we feel we had a very productive discussion regarding vehicle sticker renewals and increasing compliance.

We are looking to meet with you in two weeks to review data, feasibility, and plan/suggestions for the next renewal cycle.

•As we discussed, the following data will be helpful to us in the understanding of our neighboring municipalities that are experiencing Third Millennium services. I did add a couple of additional data points if you have them, that would be great:

Municipalities

Walk-Ins

Municipal Site(s)

Mail In

Lock Box

Online

Estimated

Non-Compliance

2nd Notice Serviced (Y/N)

Net result of 2nd Notice

Glenco

Morton Grove

Park Ridge

Wilmette

Skokie

Palatine

- Cost impact for sending out (2nd notice) Notice of non-compliance to the Vehicle Sticker Ordinance, this would include known unpaid and SOS data;
- Cost estimates of staff augmentation during the open registration/enrollment events;
- Feasibility of adding line-item to a water bill that would state “our records indicate the following vehicle(s) registered to this address that is in out of compliance with Vehicle Sticker Ordinance” with the amount due? These are just some of the ideas we discussed;
- LPR data exchange with Third Millennium system;
- Future possible collaboration with Village of Niles and Third Millennium team to develop Kiosk portal for walk-up self-service payments option;

Sincerely,

Rehman.

Improving decision-making under stress.

February 17, 2022 | [View as webpage](#) | [Too many emails? Update Subscription Preferences](#)

Dear Police1 Member,

Here's what some of the attendees at last week's webinar on "Improving police decision-making under stress" said about the event.

- "The discussion regarding working memory being interrupted during stress was fascinating. I have been telling everyone who will listen how great this training was."
- "Insightful ideas on how to develop training to help think clearly during high-stress situations."
- "Really appreciated the discussions regarding neurobiology and how that ultimately has an effect on an officer's ability to perform executive decision-making tasks."

Don't miss out on this unique learning experience. [View the on-demand recording here.](#)

I got nothing, but also have limited access (only 190 cameras)

Brian Wagner

Detective
 Police Department
 City of Wheaton
www.wheaton.il.us
 630.260.2161 Police Main
 630.260.2077 Desk

Subject: RE: St. Charles Armed Robbery/MVT

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Can anyone please try victim vehicle plate through LPR or Flock? SCPD has limited access to Flock Cameras (we are getting our own cameras this spring). We currently have juvenile suspect, red shoes guy, in custody. Unknown second perp.

Victim Vehicle plate is IL Reg #CW96247.

Thank you

Eric Majewski Commander - Police Investigations Division

Heritage. Community. Service. Opportunity.

St. Charles Armed Robbery - 1401 Prairie St. Officers were dispatched to the report of an Armed Robbery. Upon arrival no offenders were on scene. Employee stated that at approximately 2255 hours two M/B subjects wearing masks, gloves and black jackets entered the store and held him at gun point behind the counter. The subjects then handcuffed him and proceeded to take money from his personal belongings and the register. The subjects took the clerk's car keys, uncuffed him and put him in a rear restroom before leaving the scene in his vehicle W/B on Prairie.

Police1

Improving decision-making under stress.

February 17, 2022 | [View as webpage](#) | [Too many emails? Update Subscription Preferences](#)

Dear Police1 Member,

Here's what some of the attendees at last week's webinar on "Improving police decision-making under stress" said about the event.

- "The discussion regarding working memory being interrupted during stress was fascinating. I have been telling everyone who will listen how great this training was."
- "Insightful ideas on how to develop training to help think clearly during high-stress situations."
- "Really appreciated the discussions regarding neurobiology and how that ultimately has an effect on an officer's ability to perform executive decision-making tasks."

Don't miss out on this unique learning experience. [View the on-demand recording here.](#)

Stay safe,

— *The Police1 Team*

Can anyone please try victim vehicle plate through LPR or Flock? SCPD has limited access to Flock Cameras (we are getting our own cameras this spring). We currently have juvenile suspect, red shoes guy, in custody. Unknown second perp.

Victim Vehicle plate is IL Reg #CW96247.

Thank you

Eric Majewski Commander - Police Investigations Division
P: 630.762.6941 | E: emajewski@stcharlesil.gov

Heritage. Community. Service. Opportunity.

St. Charles Armed Robbery - 1401 Prairie St. Officers were dispatched to the report of an Armed Robbery. Upon arrival no offenders were on scene. Employee stated that at approximately 2255 hours two M/B subjects wearing masks, gloves and black jackets entered the store and held him at gun point behind the counter. The subjects then handcuffed him and proceeded to take money from his personal belongings and the register. The subjects took the clerk's car keys, uncuffed him and put him in a rear restroom before leaving the scene in his vehicle W/B on Prairie.

Police1

Improving decision-making under stress.

February 17, 2022 | [View as webpage](#) | [Too many emails? Update Subscription Preferences](#)

Dear Police1 Member,

Here's what some of the attendees at last week's webinar on "Improving police decision-making under stress" said about the event.

- "The discussion regarding working memory being interrupted during stress was fascinating. I have been telling everyone who will listen how great this training was."
- "Insightful ideas on how to develop training to help think clearly during high-stress situations."
- "Really appreciated the discussions regarding neurobiology and how that ultimately has an effect on an officer's ability to perform executive decision-making tasks."

Don't miss out on this unique learning experience. [View the on-demand recording here.](#)

Stay safe,

Can anyone please try victim vehicle plate through LPR or Flock? SCPD has limited access to Flock Cameras (we are getting our own cameras this spring). We currently have juvenile suspect, red shoes guy, in custody. Unknown second perp.

Victim Vehicle plate is IL Reg #CW96247.

Thank you

Eric Majewski Commander - Police Investigations Division

Heritage. Community. Service. Opportunity.

St. Charles Armed Robbery - 1401 Prairie St. Officers were dispatched to the report of an Armed Robbery. Upon arrival no offenders were on scene. Employee stated that at approximately 2255 hours two M/B subjects wearing masks, gloves and black jackets entered the store and held him at gun point behind the counter. The subjects then handcuffed him and proceeded to take money from his personal belongings and the register. The subjects took the clerk's car keys, uncuffed him and put him in a rear restroom before leaving the scene in his vehicle W/B on Prairie.

Improving decision-making under stress.

February 17, 2022 | [View as webpage](#) | [Too many emails? Update Subscription Preferences](#)

Dear Police1 Member,

Here's what some of the attendees at last week's webinar on "Improving police decision-making under stress" said about the event.

- "The discussion regarding working memory being interrupted during stress was fascinating. I have been telling everyone who will listen how great this training was."
- "Insightful ideas on how to develop training to help think clearly during high-stress situations."
- "Really appreciated the discussions regarding neurobiology and how that ultimately has an effect on an officer's ability to perform executive decision-making tasks."

Don't miss out on this unique learning experience. [View the on-demand recording here.](#)

Subject: Meeting recap and follow up meeting topics
Attachment:

Good morning Elizabeth,

It was a pleasure meeting you and Igor Cavalleri yesterday, and we feel we had a very productive discussion regarding vehicle sticker renewals and increasing compliance.

We are looking to meet with you in two weeks to review data, feasibility, and plan/suggestions for the next renewal cycle.

· As we discussed, the following data will be helpful to us in the understanding of our neighboring municipalities that are experiencing Third Millennium services. I did add a couple of additional data points if you have them, that would be great:

Municipalities**Walk-Ins****Municipal Site(s)****Mail In****Lock Box****Online****Estimated****Non-Compliance****2nd Notice Serviced (Y/N)****Net result of 2nd Notice**

Glenco

Morton Grove

Park Ridge

Wilmette

Skokie

Palatine

- Cost impact for sending out (2nd notice) Notice of non-compliance to the Vehicle Sticker Ordinance, this would include known unpaid and SOS data;
- Cost estimates of staff augmentation during the open registration/enrollment events;
- Feasibility of adding line-item to a water bill that would state “our records indicate the following vehicle(s) registered to this address that is in out of compliance with Vehicle Sticker Ordinance” with the amount due? These are just some of the ideas we discussed;
- LPR data exchange with Third Millennium system;
- Future possible collaboration with Village of Niles and Third Millennium team to develop Kiosk portal for walk-up self-service payments option;

Sincerely,

Rehman.

520. New crime-solving technology inspired by you

From: Product @ Flock Safety <support@flocksafety.com>
To: mdb@vniles.com
Sent Date: Feb 16, 2022 12:11:06
Subject: New crime-solving technology inspired by you
Attachment:

Our product roadmap is largely driven by feedback from experienced law enforcement officers like you. On Wednesday, 2/23 @ 1 pm EST / 10 am PST, our product team will share the latest user-driven Flock Safety enhancements and explain how you can share your product ideas -- register [here](#).

Guest speakers include Vacaville PD's Sgt. Adam Senf, who will give you insight into our newest integration with Cradlepoint, and how it's improved dispatch efficiency for his agency. Other highlights include:

- A new software package that makes legacy LPR and IP cameras smarter with Vehicle Fingerprint™ technology and Advanced Search capabilities
- New location-flexible hardware offering designed for quick and easy deployment
- Insight into the product roadmap development process, and how you can help change our product for the better!

Hope to see you there!

Sent Date: Feb 16, 2022 12:10:36
Subject: New crime-solving technology inspired by you
Attachment:

Our product roadmap is largely driven by feedback from experienced law enforcement officers like you. On Wednesday, 2/23 @ 1 pm EST / 10 am PST, our product team will share the latest user-driven Flock Safety enhancements and explain how you can share your product ideas -- register [here](#).

Guest speakers include Vacaville PD's Sgt. Adam Senf, who will give you insight into our newest integration with Cradlepoint, and how it's improved dispatch efficiency for his agency. Other highlights include:

- A new software package that makes legacy LPR and IP cameras smarter with Vehicle Fingerprint™ technology and Advanced Search capabilities
- New location-flexible hardware offering designed for quick and easy deployment
- Insight into the product roadmap development process, and how you can help change our product for the better!

Hope to see you there!

Book a Meeting with WCCTV at Border Security Expo 2022 Good morning *|FNAME|8, WCCTV will be hosting a booth at the Border Security Expo to demonstrate our range of mobile surveillance units. Good morning Luis,

WCCTV will be hosting a booth at the Border Security Expo at the Henry B. González Convention Center, San Antonio, Texas. on the 29th - 30th March 2022.

We will be on booth #211 demonstrating our rapid deployment mobile surveillance systems for law enforcement applications, including:

- WCCTV 4G IR Mini Dome
- WCCTV 4G Mini Dome + LPR
- WCCTV 4G Covert Mini Dome
- WCCTV Solar Surveillance Trailer

WCCTV is the USA's leading supplier of law enforcement surveillance cameras that assist agencies with crime prevention and investigation.

Let us show you how we can help USA with your surveillance requirements.

Click below to book a meeting with us - see you in a couple of weeks!

Not attending Border Security Expo?

No problem, we would be more than happy to provide a demonstration or outline pricing for our mobile surveillance units. Just fill out the short form below to let us know what you're looking for, and we will reach out. Contact WCCTV *Copyright © 2022 WCCTV, All rights reserved.*

Good Afternoon,

At the Mayor's request, attached, you will find the updated CIP spreadsheet reflecting the removal of the Teen Center Unit.

We continue to look for alternatives for a permanent home. If you have any contacts for specific locations that may house them, please let me know. They require approximately 2600 sq. ft. of space.

I know the Mayor has reached out to Steering to see if they can remain in the Mall.

A hard copy will be given to you on Feb. 24. Thanks!

Joseph S. La Margo, ICMA-CM, MA

News &Info

- Hey, everyone.
- Happy Big Game and Valentine's Day!

Recommendations

- Looking for small wood brown coffee table for older person, not fancy and not expensive.

Replies

- TYSON UPDATE 1/16- NO sightings .
- A Cooper's Hawk has recently set up home in our Skokie neighborhood - oftentimes landing in our trees to look for a snack.
- I have some items for donation.
- Who is Carvana?
- I need recommendations for a female primary care physician internist in the Northshore University Healthcare group.
- Is anyone else still waiting to receive their free Covid at-home tests?
- Where's the best place to get a tuna fish salad sandwich?
- So this happened, despite public opposition.
- Where can I drop off old pills?
- This morning around 7:40am a man started ringing my doorbell multiple times and banging on my front door.
- It appears Nextdoor has changed the icons for readers' reactions to others' posts.
- Has anyone else received an unusually high People's Gas bill this month?
- I'm wondering if anyone has dealt with the following: my husband was hospitalized for 6 weeks at Lutheran General for a bleeding ulcer.

- Free library damaged
- Hi I need help with looking for a place to host a bridal shower.
- REALLY TIRED of all the close call hits on Harlem Ave.
- To the owner of a black-medium size dog.
- Winter Clouds.
- PSA: If you have a problem with kids having fun in the snow please find your self a hobby or something.
- Please don't kill the possums
-
- Toy drive for autism children!
- Carvana - Next
- New to the area...
- Has anyone else noticed that Groot mixes garbage with recycling?
- This shows why it's so important to get our outside cats (and inside cats!
- Armed carjacking was reported to have occurred at about 8 am today, Feb.
- By Hoffman and 6th ave.
- Why is it so hard to clean up after your dog?
- Does anyone have any chiropractors they would recommend in the area?
- We haven't seen any foxes in the area before...
- Anyone other than Gizmo and I excited for the season finale of Book off Boba Fett?
- We are looking to chang Vets for our 11 year old canine.
- This might be a long shot, but I'm trying to buy new filters for our overhead vent at our new (to us) home.
- This is a Hate Crime, why she's not charged with one?
- District 34 Caucus Website
- Are there any Girl Scouts selling cookie's in Des Plaines.
- Watch it grow
- My hot water heater just gave out.
- Raccoons
- If you are unhappy with the jacked up rates from ComEd that Skokie Village negotiation with MC Squared (they promised the rates would not increase but in fact they have increased and they are also charge an additional charge of \$8.
- At the same time that Skokie's majority Board is moving to support Westfield's effort to establish "luxury" stores at Old Orchard, several of the residents in the "luxury" homes at Optima are trying to beat the construction of a car vending machine
- Milwaukee &Devon
- Desperately Need A Cleaning Lady
- Hi neighbors!
- Can anyone recommend a good plumber?
- At around 9:15pm someone rang our doorbell once and quickly tried to open our locked storm door.

- Anyone know what the noise was at 5:25 this morning near Talcott and Bryn Mawr?
- Recommendation for exterior stain
- MOUNT TRASHMORE COMMUNITY CLEAN-UP
- Hello everyone do you know of a place I can take my dog for grooming around skokie area not to expensive reasonable and taking new dogs , poor thing really need one like ASAP I always travel so far out in the city .
- A suspect was taken into custody without incident near Devon and Nagle avenues in the 16th District after police followed the suspect's vehicle from a safe distance after a license plate reader detected the vehicle, which reportedly had been used in
- What's going on with the Starbucks on Lake and Waukegan?
- I'm looking for a hairstylist who is up to date on modern styles for curly and straight haircuts.
- Does anyone know any good clubs/bars to go to on the Northside of Chicago?
- Looking for someone who can remodel a bedroom, any recommendations?
- Does anyone have experience with hiring a very good live-in caregiver for an elder parent who needs companionship, health oversight and food prep?
- Best place for taxes
- Cook County Sheriff's Office Car Tracking
- Looking for new friends
- Looking for good mechanic for Honda CRV.
- \$5000/mo. plus free room and board, no experience necessary
- Looking for a female internist associated with Lutheran Hospital.
- Automatic garage door opener is acting up.
- Looking for a reasonable painter?
- Alternative to AT&T Cell service
- Daily Housekeeping Help Needed
- Looking for recommendations of restaurants for a small wedding shower, no more than 20 people.
- We recently moved to Glenview and it's about time we hire an accountant to do our taxes.
- Anyone have a recommendation for a good holistic/biological dentist?
- Hi Park Ridge Neighbors!

Subject: Re: signal sidearm kits

Hi Mike,

I will submit a request for an official quote, and that is correct its cost to do LPR for the will should be roughly 20K per year. I will apply the credit for the sidearm units. Would you like the credit applied to the Year 1 cost or split evenly across the 5 years?

Thank you and stay safe,

Jake Sheedy

Subject: RE: signal sidearm kits

Hi Jake,

I know that when we met via Zoom, you told me that the cost to add LPR to our Fleet 3 cameras was 20k to cover the entire fleet. Is it possible to get a quote for that addition to our current squad car camera quote. In addition, we will be returning the signal sidearm kits and would like to use the 6k credit toward the first year of mobile LPR's. Our plan is to pay for this out of our 2022 budget even if we don't take delivery until Q3 of 2023.

Thanks,

Mike

Jake,

On a side note, our purchasing agent is looking for those adjusted invoices so she can pay you for what we have received. She asked me to reach out to you and let you know she hasn't received them yet. She is looking to resolve that invoice in our current FY.

Great.

I know that Sgt. Mike Boba has been in contact with you regarding the ALPR. I'll let him know we plan to trade back the signal sidearm kits to offset that cost.

Thanks Jake.

Jake,

We are interested in the mobile LPR's once our Fleet 3 cams are delivered.

I would be looking for credit on the signal sidearm kits as seen below.

Subject: Re: signal sidearm kits

Hi DC,

Since the units are built into a bundled cost, we don't have a way of crediting them. If the decision to not use them is made I can work with you by applying a discount toward future purchases but do we do not have the ability to do a direct credit.

As far as the current signal sidearm units, is there any specific reason driving the potential decision? Is it a matter of functionality or is it simply a technology that you may not want to deploy as agency? Happy to have any further discussing regarding them as well as you make your decision.

Thank you and stay safe,

Jake Sheedy

Jake,

We are in discussion here about the signal sidearm kits. If the agency chose not to use them can we get credit for other product if we send them back to you? Such as additional Tasers etc?

Let me know.

Thanks.

Recommendations

- Hi Park Ridge Neighbors!

Replies

- Air tag attached to my car at Whole Foods in Edgewater
- Wednesday, 1/26, my mother-in-law, Joan Esposito will be 103 years young.
- A Cooper's Hawk has recently set up home in our Skokie neighborhood - oftentimes landing in our trees to look for a snack.
- Who is Carvana?
- Hello all my name is Ginger.
- The guy who stole my wallet was caught!!!!
- Is anyone else still waiting to receive their free Covid at-home tests?
- Where's the best place to get a tuna fish salad sandwich?
- Who's under my bird feeders at night ?
- So this happened, despite public opposition.
- This morning around 7:40am a man started ringing my doorbell multiple times and banging on my front door.

- This has not been a good week for us!
- As a student in political science, I ask that we please try our best on this platform not to make politically charged comments to one another.
- My doctor is out indefinitely!
- Has anyone else received an unusually high People's Gas bill this month?
- Free library damaged
- It appears Nextdoor has changed the icons for readers' reactions to others' posts.
- REALLY TIRED of all the close call hits on Harlem Ave.
- Hi I need help with looking for a place to host a bridal shower.
- To the owner of a black-medium size dog.
- Can I recommendations of a good eye doctor in Glenview or nearby?
- Gizmo says he's gonna miss the snow but he can't wait for spring.
- Hello everyone I am looking for a oral surgeon in the area of Norwood Park Park ridge surrounding area.
- Tell me about Lake Como.
- New to the area...
- Carvana - Next
- Dear Mayor Van Dusen and Members of the Board of Trustees,
- Does anyone have any chiropractors they would recommend in the area?
- By Hoffman and 6th ave.
- Why is it so hard to clean up after your dog?
- Has anyone else noticed that Groot mixes garbage with recycling?
- 2 SPOTS LEFT!!
- Plug...
- Raccoons
- My hot water heater just gave out.
- If you are unhappy with the jacked up rates from ComEd that Skokie Village negotiation with MC Squared (they promised the rates would not increase but in fact they have increased and they are also charge an additional charge of \$8.
- Would really be great if when you posted something for sale or free to delete post once sold or gone....
- This shows why it's so important to get our outside cats (and inside cats!
- I was asked to dog sit for a week at the family's home.
- If you need an extra pair of arms, I recommend Jack, a friendly young man whom we recently hired to help us carry and install room-sized area rugs in the apartment of recently arrived Afghan refugees.
- Hi.
- Hi neighbors,
- Milwaukee & Devon
- I'm looking for a hairstylist who is up to date on modern styles for curly and straight haircuts.
- Hey all --- I have ~ a dozen gently worn oxford button down shirts that I'd like to donate.

- Thought for the day 2/11/22
- Anyone know what the noise was at 5:25 this morning near Talcott and Bryn Mawr?
- Anyone hear gunshots about 11:30 last night in the vicinity of St.
- Love this Thai food restaurant called Thai Pot.
- HOUSE CLEANING ANGELS
- A suspect was taken into custody without incident near Devon and Nagle avenues in the 16th District after police followed the suspect's vehicle from a safe distance after a license plate reader detected the vehicle, which reportedly had been used in
- Looking for a 3 Bedroom Apartment in the nearby Area of Lincolnwood, Skokie, Morton grove,Nile's area preferably First Floor but not A Must We have been Renting a House for the past 7 years in Lincolnwood which will be going up for sale For More
- Looking for new friends
- Alternative to AT&T Cell service
- Automatic garage door opener is acting up.
- Looking for a reasonable painter?
- Daily Housekeeping Help Needed
- Are there any good dentists in Niles?

Subject: Re: ChicagolandMVT / Email Sent In Error: "Stolen Auto Group Test Email....."

Attachment:

Today at 0435 am, Posen PD received an in progress burglary call at their Walgreens 147th and Kedzie. Off site security monitoring video saw a subject in store. Couple of us Midlothian guys were parked across the street and saw a dark colored Durango circling the area and blacked out. We attempted to stop it and it fled as it tried picking up someone on foot. It was pursued up and down I-57 and lost in the area of 127th and Michigan in Chicago. One subject fled on foot and made good on his escape. The Durango has 2-3 subjects inside.

The vehicle was bearing Illinois plate G70 2165 reported stolen out of Tinley Park in January. We were keeping up for a while due to the inexperienced driver and later learned from LPR pics that it's a dark blue Hellcat Srt Durango with all black wheels. Not sure if anyone is missing one as I could not locate any reported ones in the area. Entry was made to the pharmacy portion of their store.

Sgt. Thibo/ Midlothian PD

Subject: Stolen Auto Group Test Email - Action Requested

Good Afternoon All,

I am no IT major and just trying to keep this Stolen Auto email group up and running in a functional way. We had a recent surge of additions to the group pushing us over 300 members. This still seems to fall within the recipient limits for most email servers but is definitely starting to raise spam flags when I send out a new welcome after updating the thread.

With that being said, I am hoping to successfully send this message out to each of you individually and am requesting that you add me to you "safe sender"/"do not block" list. I'm crossing my fingers that will going forward keep some of the emails from bouncing back as suspected spam (mainly those to CPD).

I am also asking a handful of you to reply and let me know if this got to you since I am sending It out through Mail Merge and not in the traditional way.

Thank you for your patience with me as we continue to make this happen.

Stay Safe!

Tiffany Whalen

Officer Hofer,

Attached is the N2 POP Project. This is nearly identical to the N1 POP Project as we are working together on the same project. This is for CAPSS purposes.

Thanks.

Subject: RE: LPR cameras

Todd,

We would like to place one Rekor camera on Milwaukee Ave. just north of Touhy covering the northbound lanes of traffic and as much of the southbound traffic as we can. Northbound is the priority.

We would like the second camera at Milwaukee and Ballard covering as much of the intersection as possible however Northbound Milwaukee is still the priority.

Please let me know if these locations will work.

Thanks,

Mike

Todd,

Sgt. Mike Boba developing a plan for the placement of the LPR cameras at more advantageous places within the Village.

The PD will likely want to put both Rekor cams in different positions than they were originally in.

We will check in with you to make sure the places he chooses are appropriate for power, view, etc.

Thanks.

Hi Mike,

I will submit a request for an official quote, and that is correct its cost to do LPR for the will should be roughly 20K per year. I will apply the credit for the sidearm units. Would you like the credit applied to the Year 1 cost or split evenly across the 5 years?

Thank you and stay safe,

Jake Sheedy

Hi Jake,

I know that when we met via Zoom, you told me that the cost to add LPR to our Fleet 3 cameras was 20k to cover the entire fleet. Is it possible to get a quote for that addition to our current squad car camera quote. In addition, we will be returning the signal sidearm kits and would like to use the 6k credit toward the first year of mobile LPR's. Our plan is to pay for this out of our 2022 budget even if we don't take delivery until Q3 of 2023.

Thanks,

Mike

Hi DC,

Since the units are built into a bundled cost, we don't have a way of crediting them. If the decision to not use them is made I can work with you by applying a discount toward future purchases but do we do not have the ability to do a direct credit.

As far as the current signal sidearm units, is there any specific reason driving the potential decision? Is it a matter of functionality or is it simply a technology that you may not want to deploy as agency? Happy to have any further discussing regarding them as well as you make your decision.

Thank you and stay safe,

Hi Nick,

I just wanted to pass along the last email I received from Jake Sheedy regarding an updated quote.

Thanks,

Mike

Hi Mike,

I will submit a request for an official quote, and that is correct its cost to do LPR for the will should be roughly 20K per year. I will apply the credit for the sidearm units. Would you like the credit applied to the Year 1 cost or split evenly across the 5 years?

Thank you and stay safe,

Jake Sheedy

Subject: RE: signal sidearm kits

Hi Jake,

I know that when we met via Zoom, you told me that the cost to add LPR to our Fleet 3 cameras was 20k to cover the entire fleet. Is it possible to get a quote for that addition to our current squad car camera quote. In addition, we will be returning the signal sidearm kits and would like to use the 6k credit toward the first year of mobile LPR's. Our plan is to pay for this out of our 2022 budget even if we don't take delivery until Q3 of 2023.

Thanks,

Mike

Hi DC,

Since the units are built into a bundled cost, we don't have a way of crediting them. If the decision to not use them is made I can work with you by applying a discount toward future purchases but do we do not have the ability to do a direct credit.

As far as the current signal sidearm units, is there any specific reason driving the potential decision? Is it a matter of functionality or is it simply a technology that you may not want to deploy

as agency? Happy to have any further discussing regarding them as well as you make your decision.

Thank you and stay safe,

Hi Mike,

I will submit a request for an official quote, and that is correct its cost to do LPR for the will should be roughly 20K per year. I will apply the credit for the sidearm units. Would you like the credit applied to the Year 1 cost or split evenly across the 5 years?

Thank you and stay safe,

Jake Sheedy

Subject: RE: signal sidearm kits

Hi Jake,

I know that when we met via Zoom, you told me that the cost to add LPR to our Fleet 3 cameras was 20k to cover the entire fleet. Is it possible to get a quote for that addition to our current squad car camera quote. In addition, we will be returning the signal sidearm kits and would like to use the 6k credit toward the first year of mobile LPR's. Our plan is to pay for this out of our 2022 budget even if we don't take delivery until Q3 of 2023.

Thanks,

Mike

Hi DC,

Since the units are built into a bundled cost, we don't have a way of crediting them. If the decision to not use them is made I can work with you by applying a discount toward future purchases but do we do not have the ability to do a direct credit.

As far as the current signal sidearm units, is there any specific reason driving the potential decision? Is it a matter of functionality or is it simply a technology that you may not want to deploy as agency? Happy to have any further discussing regarding them as well as you make your decision.

Thank you and stay safe,

FEBRUARY 2022

PRODUCT RELEASE DIGEST

This monthly update will keep you informed about all the latest product improvements and releases to ensure you get the most out of your agency's partnership with Flock Safety.

Highlights

Introducing: User Roles and Permissions

Could your Flock Safety users be assigned more effectively? Flock suggests the following user role set up: Administrator, Dispatch, Patrol, and Detective/Investigator. By designating these role types, you provide the proper level of access for each member of your team, leading to easier account administration. Learn more about how admins can set up user roles and permissions for maximum efficiency today!

Set Up User Roles

Q1 2022 Product Launch

Join our team on 2/23 at 1 PM EST / 10 AM PST, for a preview of several new product developments built based on feedback from you, our valued customers. We will be joined by guest speaker Sgt. Adam Senf, Technology Coordinator of Vacaville Police Department, and cover the following:

- New software package that makes Legacy LPR and IP cameras smarter with Vehicle Fingerprint technology and Advanced Search Capabilities
- New location-flexible hardware that offers easy deployment
- Insight into our product roadmap, and how you can help craft our product for the better!

Sgt,

Good Afternoon, That's great to hear. I have attached an updated quote based on our conversation. Flock is updating our installation costs on 4/1/2022 to be \$350 per location. I can grandfather you into the old pricing, but if this project rolls into the third quarter of 2022 the per location install cost would bump up.

Regards,

Sgt,

It's been a couple of weeks since we last touched base and I wanted to circle back and see where we stood with the LPR project. Is there anything you need from me right now?

Please let me know.

Regards,

Dan Murdock

Hi Laura,

I hope you are well. I wanted to reach out and see if there was a new contact at the agency handling the LPR program? I have not heard anything from Nick in months.

Is there someone else I can reach out to?

Best,
John

Subject: CIP Draft Questions Prior to Finance Committee

Hello, PW team,

Over the past few days, the Mayor and Board of Trustees have seen the CIP, and it has been distributed to the Finance Committee. Reception has been positive so far, so thank you very much for all the work put in!

Naturally there were additional questions, and Kathy has put together a list of them, by project. If you could take a look at this document and respond to the questions in column B—either directly in the text or in an additional column based on your preference—by Tuesday, then we could have answers for the Finance Committee. I suspect that will prepare us all for questions and concerns that will arise at the meeting, too. Eventually, the responses will be compiled formally for the board.

A few sentences should be appropriate for most of these.

Please, let me know if you have any questions,

Conor Schultz

Sgt. Boba,

Not a problem at all.

If you have a list of plates that are known to not be registered, yes I can teach you how to manage that in the system. If we don't know the plates ahead of time, unfortunately, this won't be possible.

Thank you sir,
Sam

On Wed, Feb 2, 2022 at 1:51 PM Boba, Michael <mdb@vniles.com> wrote:
Hi Sam,

Sorry about that, I was sending the email from my phone and missed some words. What I meant to ask is can the LPR system be used to help with village vehicle sticker enforcement? The Village Manager has asked if we could create a list that would send an alert if a vehicle that registers to Niles does not have a valid village sticker.

Thanks,

Mike

Subject: Re: Flock Safety - Account Set Up - Niles IL

Sgt. Boba,

If you can elaborate on vehicle enforcement. Are you saying expired/suspended registration and/or no insurance? Or more along the lines of proactive alerts coming from Flock about stolen cars/warrants etc? Or adding plates of known bad actors to be alerted to when they come in the village?

Or all of the above?

Thank you sir,

Sam

Subject: Gangs and Guns Training Materials

Good morning,

Thank you again for attending last week's training, **Gangs and Guns: Making Your Firearms Case More Prosecutable**. As promised, attached are a number of materials that were referenced during the training and that the trainers have graciously made available. **Please note that several of these documents are marked "Law Enforcement Sensitive" and are not for distribution outside of your law enforcement agency.**

For any additional requests for training materials or information, please reach out to the trainers directly:

Jim Grindey (trainer): Grindeyj@hotmail.com

Steve Barborini (trainer): BarboriniS@pbso.org

Regarding training credit:

The names and emails of those who attended the course will be sent to the appropriate MTU's today. For those outside of the Northern District of IL your info will be sent to NEMRT as they have agreed to certify any officer in the State whose designated MTU did not have time to certify the course. They may reach out regarding your PTBID # or for other information if they cannot find you in their system. If they reach out, it will be via the email address you used to register for the course. If they don't reach out, they were able to find you and will go through the normal certification process as if you attended one of their other courses. You should not need to do anything proactively unless they ask. For ISP Officers, all of your names will be sent to your In-Service Training Coordinator. For questions on this contact Kali Thomas kali.thomas@usdoj.gov

Training Impact:

Lastly, if you have already incorporated something that you learned during the training into your work, please share a short description with me (carletonb@cna.org). We love to hear about how you are using the techniques and practices that you learn during the training. Also, feel free to share any future examples with me as well.

Twitter: For regular updates and information on PSN TTA events, please follow and retweet us @psntta

Newsletter: Want more information about PSN TTA opportunities directly in your inbox? Sign up for our monthly newsletter: <https://lp.constantcontactpages.com/su/ympR6bK>

Thank you and do not hesitate to reach out with any questions.

Best,

Ben

Hi Sgt.,

Great speaking with you today. As I mentioned on our call, our goal is to equip you with the resources you may need to best educate your council and the community on what Flock Safety does / doesn't do, how we think about Protecting Privacy, etc. Attached you'll find:

- ALPR overview in IL - attached
- The deck we walked through today - attached

I'd recommend slide 5 "Protecting Privacy" and the last slide with links to resources, as two for you to bookmark! And remember, please reach out if we can support you in any way with media relations, city council communication, or anything in between.

Hi Sgt.

I'm available this afternoon after 2p CT, or Mon / Tues in the am, if that works for you! I have a lot of resources that I'd love to walk you through.

Josh

On Fri, Feb 4, 2022 at 10:06 AM Dan Murdock <dan.murdock@flocksafety.com> wrote:

Sgt.

We have a lot of material we can provide you. In fact Flock has an External Affairs group that is designed to help you be prepared to communicate with your Board.

Our team can provide common talking points and materials (like the attached) for you , the PIO, and others about what Flock is / isn't and how we've seen success meeting with individual City Council members to answer these questions prior to a vote.

We also have a few programs that we can use to help support you in your jurisdiction (town hall meetings, press conferences, etc.).

Do you have time this week to hop on a 10 min Zoom this week or next, or if the Board member would like we can speak to them directly.

Regards,

Dan Murdock

Hi Dan,

One of the Village Trustees on our village board has some concerns over privacy rights violations created by the use of LPR's. Does Flock have an answer that I can provide for him to explain how the use of the LPR's is not a privacy violation.

Thanks,

Mike

Great! I just sent an invite for today at 2p CT.

I also invited Ken Corney, ret. Chief of Police from Ventura, CA (he consults with us), to the call. I look forward to it.

Hi Sgt.

I'm available this afternoon after 2p CT, or Mon / Tues in the am, if that works for you! I have a lot of resources that I'd love to walk you through.

Josh

On Fri, Feb 4, 2022 at 10:06 AM Dan Murdock <dan.murdock@flocksafety.com> wrote:

Sgt.

We have a lot of material we can provide you. In fact Flock has an External Affairs group that is designed to help you be prepared to communicate with your Board.

Our team can provide common talking points and materials (like the attached) for you , the PIO, and others about what Flock is / isn't and how we've seen success meeting with individual City Council members to answer these questions prior to a vote.

We also have a few programs that we can use to help support you in your jurisdiction (town hall meetings, press conferences, etc.).

Do you have time this week to hop on a 10 min Zoom this week or next, or if the Board member would like we can speak to them directly.

Regards,

Dan Murdock

Chief/DC,

Can you please outline the LRP program per a Trustee request.

Where, why and when did LRP go into use? Are they stationary? Location?

How are these different from ones on squads?

Have they been helpful?

What mandates them?

Thank you!

Trustee Niedermaier,

Per our conversation yesterday as it relates to license plate readers (LPR), enclosed you will find a memo from the Police Department outlining the current LRP's which are pole mounted in two locations in Niles and future ones as identified in the CIP.

This information will be shared with the entire Village Board as part of their CIP packet. If you have any questions please feel free to reach out.

Thank you,

Subject: RE: EXTERNAL: ChicagolandMVT / New Lenox BMVs and Stolen Auto

Attachment: [image001.png](#)
[image002.png](#)
[IMG956404.heic](#)
[Resized_IMG_8179.heic](#)

BMVs

In the early morning hours of 02/04, several vehicles on the east side of New Lenox were burglarized. The offending vehicle was a white Infiniti QX80. It is possibly the same vehicle reported stolen from Inverness on 01/16/22. The subjects committing the BMVs in New Lenox were armed with handguns. There were recent ISPERNs of a white Infiniti SUV with IT plate 9605B fleeing from Calumet Park on 01/29. Flock showed the same plate on an Infiniti SUV traveling n/b LaGrange at Laporte at 0418 hours this morning and in the area of some of the BMVs

on Laraway Rd. See the attached photos from home security video.

Stolen Vehicle

Between 02/01 and 02/02 a white 2016 Audi A4 with IL registration Z570996 was taken from a driveway in New Lenox – the vehicle was unlocked with the keys in it. There is no GPS data available or any LPR hits that we've located. This steal does not appear to be related to the BMVs.

Tim Perry

Detective Sergeant

New Lenox Police Department

(815) 462 – 6157 (office)

(815) 462 – 6105 (fax)

Great! I just sent an invite for today at 2p CT.

I also invited Ken Corney, ret. Chief of Police from Ventura, CA (he consults with us), to the call. I look forward to it.

Josh

Sgt.

We have a lot of material we can provide you. In fact Flock has an External Affairs group that is designed to help you be prepared to communicate with your Board.

Our team can provide common talking points and materials (like the attached) for you , the PIO, and others about what Flock is / isn't and how we've seen success meeting with individual City Council members to answer these questions prior to a vote.

We also have a few programs that we can use to help support you in your jurisdiction (town hall meetings, press conferences, etc.).

Do you have time this week to hop on a 10 min Zoom this week or next, or if the Board member would like we can speak to them directly.

Regards,

Dan Murdock

Cc: Thake, Katarzyna

Subject: CIP Draft Questions Prior to Finance Committee

Hello, PW team,

Over the past few days, the Mayor and Board of Trustees have seen the CIP, and it has been distributed to the Finance Committee. Reception has been positive so far, so thank you very much for all the work put in!

Naturally there were additional questions, and Kathy has put together a list of them, by project. If you could take a look at this document and respond to the questions in column B—either directly in the text or in an additional column based on your preference—by Tuesday, then we could have answers for the Finance Committee. I suspect that will prepare us all for questions and concerns that will arise at the meeting, too. Eventually, the responses will be compiled formally for the board.

A few sentences should be appropriate for most of these.

Please, let me know if you have any questions,

Conor Schultz

Subject: CIP Draft Questions Prior to Finance Committee

Hello, PW team,

Over the past few days, the Mayor and Board of Trustees have seen the CIP, and it has been distributed to the Finance Committee. Reception has been positive so far, so thank you very much for all the work put in!

Naturally there were additional questions, and Kathy has put together a list of them, by project. If you could take a look at this document and respond to the questions in column B—either directly in the text or in an additional column based on your preference—by Tuesday, then we could have answers for the Finance Committee. I suspect that will prepare us all for questions and concerns that will arise at the meeting, too. Eventually, the responses will be compiled formally for the board.

A few sentences should be appropriate for most of these.

Please, let me know if you have any questions,

Conor Schultz

Chief,

I had it listed as the ability to create hotlists but I have updated the dot point below to be specific regarding vehicle sticker hotlists. The sticker enforcement is dot point #7.

Please let me know if you would like me to make any additional changes.

Thanks,

Mike

- Niles PD began using LPR's in February of 2020. We currently have two cameras which are stationary, one at Oakton and Milwaukee and one at Waukegan and Shermer. These two locations were selected as a result of the availability of light poles with power sources.

- Stationary LPR's capture license plates as vehicles pass through the intersection they are placed in. Mobile LPR's capture license plates as a squad car patrols his or her area of assignment.

- In the past six months, the LPR camera at Milwaukee and Oakton has assisted Detectives with the identification of a vehicle used in a shooting and a vehicle used in an armed robbery. The LPR at Milwaukee and Oakton was also responsible for the identification of a serial retail theft

offender.

- The purchase of 12 Flock LPR's will create a video fence around the Village of Niles as we plan to deploy the cameras at the major entrances and exits to the village.
- The additional purchase of mobile LPR's will increase that protective "video fence" around the village multiple times over.
- Flock LPR cameras installed in Niles Police Squad cars via the Axon dash cameras would allow the officer operating the LPR equipped squad car to be immediately notified when a license plate is read that is on a reported stolen vehicle. It would also inform the officer if the registered owner of the vehicle is a wanted subject, or if the vehicle in question was involved in a recent crime.
- NPD and Community Development can collaborate to create a custom "hotlist" to assist in village vehicle sticker enforcement campaigns.
- NPD Lexipol policy 434 mandates how the LPR's are used by the Niles Police Department.
- LPR's and the data they provide can help NPD do more than respond faster. Flock LPR can also help you identify long-term problem areas using historical data, as well as predict and prevent future incidents in the near term, based on real-time data.
- LPR's will be used to combat drug trafficking by using convoy analysis to identify vehicles that travel together as part of a trafficking convoy helping to generate new leads and establish connections that will build a stronger case..
- LPR's will identify stolen/wanted vehicles with greater speed and accuracy.
- Burglary investigations. Common license plate analysis can help generate a suspect lead by identifying a vehicle which has been previously observed at the various locations of a series of burglaries.
- Disrupt car theft/catalytic convert theft and retail theft rings. By using the associate analysis, Detectives would be able to identify vehicles who have been seen together giving us the opportunity to verify a potential accomplice and getaway car used during the thefts.
- Find suspects who flee. We would have the ability to do a comprehensive plate location analysis. We could then use predictive analytics and historical vehicle location data to determine potential locations where a suspect that fled may be hiding out.

- LPR's and archived traffic video and images can serve as a powerful investigative tool for law enforcement. This information can be used to discover and document suspect movements prior, during and after a crime – and provide the proof required to arrest and help convict the guilty in court.
- Flock LPR's provide a real time alert option. Notifications can be sent to investigators or officers cell phones when a hot list or target search plate is located.
- LPR's can put the Village of Niles on track to become a “smart city” by adopting smart city technology. NPD can become more effective by saving staff hours and costs and providing better service. This can build stronger relationships with the community.
- Agencies that invest in smart city technology will have an opportunity to increase their community policing and use tech to assist with paperwork and investigative leads.

Additionally, SB 0243 was introduced in the Illinois General Assembly in January of 2021. As of yet, the bill has not been voted on. The bill covers many of the same issues addressed in our Lexipol policy. Here is a synopsis in the event anyone has questions about it. The bill as introduced provides that a law enforcement agency may use recorded automated license plate recognition system (ALPR) data and historical ALPR system data only for a legitimate law enforcement purpose. Provides that ALPR system data collected by law enforcement and historical ALPR system data collected by law enforcement may not be used, shared, sold, traded, or exchanged for any other purpose. Requires law enforcement agencies using an automated license plate recognition system to adopt a policy governing use of the system; adopt a privacy policy to ensure that ALPR system data and historical ALPR system data is not used or shared in violation of this Act; adopt audit procedures relating to use of ALPR system data and historical ALPR system data; and adopt and periodically update a comprehensive training program for agency employees who use or have access to ALPR system data and procedures to adhere to policies and procedures governing use of ALPR system data or historical ALPR system data. Provides that a State or local law enforcement agency may retain ALPR system data for 5 years. Provides that after 5 years, the State or local law enforcement agency must create an internal record showing why data older than 5 years was accessed, and attach a case name and number, the name of the officer that accessed the data, the date, and an explanation for why the data was accessed. Prohibits admission of data that is used in violation of the Act in a court or administrative proceeding.

Kathy and I are going to compile responses to the trustees' questions from this week and last prior to the finance committee meeting. Right now, the plan is that we'll get the Finance Committee's feedback in there, too, before sending all of that to the board later this month.

Subject: CIP Draft Questions Prior to Finance Committee

Hello, PW team,

Over the past few days, the Mayor and Board of Trustees have seen the CIP, and it has been distributed to the Finance Committee. Reception has been positive so far, so thank you very much for all the work put in!

Naturally there were additional questions, and Kathy has put together a list of them, by project. If you could take a look at this document and respond to the questions in column B—either directly in the text or in an additional column based on your preference—by Tuesday, then we could have answers for the Finance Committee. I suspect that will prepare us all for questions and concerns that will arise at the meeting, too. Eventually, the responses will be compiled formally for the board.

A few sentences should be appropriate for most of these.

Please, let me know if you have any questions,

Conor Schultz

[image002.png](#)
[image003.png](#)
[image004.png](#)
[image005.png](#)

Chief,

Below you will find an outline addressing the questions asked and the benefits of increasing our LPR capabilities.

- Niles PD began using LPR's in February of 2020. We currently have two cameras which are stationary, one at Oakton and Milwaukee and one at Waukegan and Shermer. These two locations were selected as a result of the availability of light poles with power sources.
- Stationary LPR's capture license plates as vehicles pass through the intersection they are placed in. Mobile LPR's capture license plates as a squad car patrols his or her area of assignment.
- In the past six months, the LPR camera at Milwaukee and Oakton has assisted Detectives with the identification of a vehicle used in a shooting and a vehicle used in an armed robbery. The LPR at Milwaukee and Oakton was also responsible for the identification of a serial retail theft offender.
- The purchase of 12 Flock LPR's will create a video fence around the Village of Niles as we plan to deploy the cameras at the major entrances and exits to the village.
- The additional purchase of mobile LPR's will increase that protective "video fence" around the village multiple times over.
- Flock LPR cameras installed in Niles Police Squad cars via the Axon dash cameras would allow the officer operating the LPR equipped squad car to be immediately notified when a license plate is read that is on a reported stolen vehicle. It would also inform the officer if the registered owner of the vehicle is a wanted subject, or if the vehicle in question was involved in a recent

crime

- NPD Lexipol policy 434 mandates how the LPR's are used by the Niles Police Department.
- LPR's and the data they provide can help NPD do more than respond faster. Flock LPR can also help you identify long-term problem areas using historical data, as well as predict and prevent future incidents in the near term, based on real-time data.
- LPR's will be used to combat drug trafficking by using convoy analysis to identify vehicles that travel together as part of a trafficking convoy helping to generate new leads and establish connections that will build a stronger case..
- LPR's will identify stolen/wanted vehicles with greater speed and accuracy.
- Burglary investigations. Common license plate analysis can help generate a suspect lead by identifying a vehicle which has been previously observed at the various locations of a series of burglaries.
- Disrupt car theft/catalytic convert theft and retail theft rings. By using the associate analysis, Detectives would be able to identify vehicles who have been seen together giving us the opportunity to verify a potential accomplice and getaway car used during the thefts.
- Find suspects who flee. We would have the ability to do a comprehensive plate location analysis. We could then use predictive analytics and historical vehicle location data to determine potential locations where a suspect that fled may be hiding out.
- LPR's and archived traffic video and images can serve as a powerful investigative tool for law enforcement. This information can be used to discover and document suspect movements prior, during and after a crime – and provide the proof required to arrest and help convict the guilty in court.
- Flock LPR's provide a real time alert option. Notifications can be sent to investigators or officers cell phones when a hot list or target search plate is located.
- LPR's can put the Village of Niles on track to become a “smart city” by adopting smart city technology. NPD can become more effective by saving staff hours and costs and providing better service. This can build stronger relationships with the community.
- Agencies that invest in smart city technology will have an opportunity to increase their community policing and use tech to assist with paperwork and investigative leads.

Additionally, SB 0243 was introduced in the Illinois General Assembly in January of 2021. As of yet, the bill has not been voted on. The bill covers many of the same issues addressed in our Lexipol policy. Here is a synopsis in the event anyone has questions about it. The bill as introduced provides that a law enforcement agency may use recorded automated license plate recognition system (ALPR) data and historical ALPR system data only for a legitimate law enforcement purpose. Provides that ALPR system data collected by law enforcement and historical ALPR system data collected by law enforcement may not be used, shared, sold, traded, or exchanged for any other purpose. Requires law enforcement agencies using an automated license plate recognition system to adopt a policy governing use of the system; adopt a privacy policy to ensure that ALPR system data and historical ALPR system data is not used or shared in violation of this Act; adopt audit procedures relating to use of ALPR system data and historical ALPR system data; and adopt and periodically update a comprehensive training program for agency employees who use or have access to ALPR system data and procedures to adhere to policies and procedures governing use of ALPR system data or historical ALPR system data. Provides that a State or local law enforcement agency may retain ALPR system data for 5 years. Provides that after 5 years, the State or local law enforcement agency must create an internal record showing why data older than 5 years was accessed, and attach a case name and number, the name of the officer that accessed the data, the date, and an explanation for why the data was accessed. Prohibits admission of data that is used in violation of the Act in a court or administrative proceeding.

Please let me know if you need any additional information.

Thanks,

Mike

 Hello,

I'm inquiring as to whether any Agencies have an existing competitively awarded contract with software company, **Granicus**, that includes cooperative purchasing clauses.

if so, could you please share a copy of it (and possibly its procurement summary memo)?

Thank you,

Kiyomi Nunez

[top](#) [previous](#) [next](#) 2. 2 CFR 200 Compliance Reply to Group Reply to Sender Feb 2, 2022 2:51 PM Charles Oberrender We are planning a solicitation for a construction project using ARPA money as part of the overall project funding. The federal portion of the project is \$220,000. The estimated project cost is some \$500,000 with the balance being paid with local funds. Would this project meet test of the Simplified Acquisition Threshold of over \$250,000 or not? I am trying to determine if I need to follow the extra requirements for projects exceeding the SAT even though the federal portion is under that threshold.

Has anyone dealt with such a situation before? I appreciate your feedback.

Re: 2 CFR 200 Compliance Reply to Group Reply to Sender Feb 2, 2022 2:55 PM Terry McKee Generally federal regulations require that you follow the **more restrictive** of federal regulations or local regulations. Thus if your entity's threshold for formal bids is \$50,000 and the federal threshold is \$250,000; your local threshold rules prevail. If your threshold is \$500,000 and the federal threshold is \$250,000 then the federal threshold prevails.

4:13 PM Penny Owens Charlie,

My understanding is that you would base your requirements on the total cost of the project (\$500K), not the funded portion, so you would be in excess of the SAT. (If you spend one penny of federal funds on a project, the federal requirements apply.)

However, if you are using ARPA lost revenue funds and it's part of a continuation of governmental services, then the ARPA requirements are not as stringent, at least right now per the current Final Guidance and the current reporting guidelines.

Hope this helps,
Penny

top previous next 5. RFP to Hire a Security Consultant Reply to Group Reply to Sender Feb 2, 2022 12:07 PM Terry McKee I am looking for sample RFPs to hire a consultant to assess our direction concerning:

- Fire and Security Alarm services
- Camera systems
- License plate readers
- Other similar stuff

We do not have a "security" department or a "police force" so we do not really have anyone at our

housing authority with the sole responsibility for overseeing our "security" strategy. Nor do we really have anyone with this expertise.

As technology continues to evolve, we want to be sure that we have the right technologies in place, are paying a reasonable price and are being strategic about these services. Thus we are considering hiring a consultant to review what we do, how we do it and give recommendations on how we should move forward.

I would appreciate sample RFPs and possible consultants.

Terry:

Sourcewell has a few consultants on their Building Security Contract - We are currently working with both Siemens and Convergent (two different Port divisions) and have piggybacked of that contract.

Siemens: - CCTV & Perimeter Intrusion Detection Systems

Convergent – Access Controls

Our license plate reader system was acquired through our parking contractor, but we chose to use Genetec as our integration software since we use that for CCTV and Access Control. Happy to chat if you have questions

top previous next 16. Re: Architect Accountability Reply to Group Reply to Sender Feb 2, 2022 3:53 PM Michael Thornton I had a number of sarcastic responses. All I will say is that the A/E seems to never be held responsible for any of their 'oversights'. Whether they lead to construction change orders or schedule impacts.

In our agency, the A/E firm will not be awarded any future work if they did not perform in accordance with past professional services agreements. There is Errors & Omissions Insurance you can go after if an oversight by the A/E causes additional expense to the project. You could assess liquidated damages if their mistake led to project delays and your entity suffered actual damages. If schedule impacts don't result in actual damages to your entity then liquidated damages would not apply.

One of the items we ask for when Soliciting for A/E services is for them to describe their Quality Assurance program/process that would help minimize oversights. How many eyes look over a design or technical project manual.

Good luck.

top next 1. Contract with Granicus (software) Reply to Group Reply to Sender Feb 2, 2022 6:43 PM Kiyomi Nunez
 Hello,

I'm inquiring as to whether any Agencies have an existing competitively awarded contract with software company, **Granicus**, that includes cooperative purchasing clauses.

if so, could you please share a copy of it (and possibly its procurement summary memo)?

Thank you,

Kiyomi Nunez

[top](#) [previous](#) [next](#) 2. 2 CFR 200 Compliance Reply to Group Reply to Sender Feb 2, 2022 2:51 PM Charles Oberrender We are planning a solicitation for a construction project using ARPA money as part of the overall project funding. The federal portion of the project is \$220,000. The estimated project cost is some \$500,000 with the balance being paid with local funds. Would this project meet test of the Simplified Acquisition Threshold of over \$250,000 or not? I am trying to determine if I need to follow the extra requirements for projects exceeding the SAT even though the federal portion is under that threshold.

Has anyone dealt with such a situation before? I appreciate your feedback.

Re: 2 CFR 200 Compliance Reply to Group Reply to Sender Feb 2, 2022 2:55 PM Terry McKee Generally federal regulations require that you follow the **more restrictive** of federal regulations or local regulations. Thus if your entity's threshold for formal bids is \$50,000 and the federal threshold is \$250,000; your local threshold rules prevail. If your threshold is \$500,000 and the federal threshold is \$250,000 then the federal threshold prevails.

4:13 PM Penny Owens Charlie,

My understanding is that you would base your requirements on the total cost of the project (\$500K), not the funded portion, so you would be in excess of the SAT. (If you spend one penny of federal funds on a project, the federal requirements apply.)

However, if you are using ARPA lost revenue funds and it's part of a continuation of governmental services, then the ARPA requirements are not as stringent, at least right now per the current Final Guidance and the current reporting guidelines.

Hope this helps,
Penny

top previous next 5. RFP to Hire a Security Consultant Reply to Group Reply to Sender Feb 2, 2022 12:07 PM Terry McKee I am looking for sample RFPs to hire a consultant to assess our direction concerning:

- Fire and Security Alarm services
- Camera systems
- License plate readers
- Other similar stuff

We do not have a "security" department or a "police force" so we do not really have anyone at our

housing authority with the sole responsibility for overseeing our "security" strategy. Nor do we really have anyone with this expertise.

As technology continues to evolve, we want to be sure that we have the right technologies in place, are paying a reasonable price and are being strategic about these services. Thus we are considering hiring a consultant to review what we do, how we do it and give recommendations on how we should move forward.

I would appreciate sample RFPs and possible consultants.

Terry:

Sourcewell has a few consultants on their Building Security Contract - We are currently working with both Siemens and Convergent (two different Port divisions) and have piggybacked of that contract.

Siemens: - CCTV & Perimeter Intrusion Detection Systems

Convergent – Access Controls

Our license plate reader system was acquired through our parking contractor, but we chose to use Genetec as our integration software since we use that for CCTV and Access Control. Happy to chat if you have questions

top previous next 16. Re: Architect Accountability Reply to Group Reply to Sender Feb 2, 2022 3:53 PM Michael Thornton I had a number of sarcastic responses. All I will say is that the A/E seems to never be held responsible for any of their 'oversights'. Whether they lead to construction change orders or schedule impacts.

In our agency, the A/E firm will not be awarded any future work if they did not perform in accordance with past professional services agreements. There is Errors & Omissions Insurance you can go after if an oversight by the A/E causes additional expense to the project. You could assess liquidated damages if their mistake led to project delays and your entity suffered actual damages. If schedule impacts don't result in actual damages to your entity then liquidated damages would not apply.

One of the items we ask for when Soliciting for A/E services is for them to describe their Quality Assurance program/process that would help minimize oversights. How many eyes look over a design or technical project manual.

Good luck.

Subject: Fwd: Vehicle Stickers Discussion (Zoom)

Joe,

Based on the info from DC Zakula (see below), I had Sgt Boba make some inquiries with the vendor of the LPRs, this is what he found out:

I spoke to both the sales representative from Axon as they run the Flock LPR through the squad camera and to the Flock sales representative regarding the stationary LPR's. The system has the ability to alert against any custom hotlists created by us and uploaded in to the system. So, as long as the data is updated in the back-end system the software can be used.

We would need a list of license plates that register to the Village of Niles that did not purchase a village sticker. We could then create a hotlist that would alert when a camera captures one of those plates. The hotlist would need to be updated on some type of schedule to eliminate vehicles that become compliant. Another option would be to create a "scoff" law list of vehicles that have already been cited for a vehicle sticker violation and are still not compliant.

The cost of adding the LPR technology to the Axon fleet 3 squad car cameras is \$20,000 per year.

As you can see by the above info, we would have ability to input our vehicle sticker info into the LPR unit in the squad camera...I believe the proceeds of the Vehicle Sticker program can assist in offsetting some of the coast of The additional 20K...

I recommend a second meeting between you, Kathy and my staff to discuss this further...

Subject: RE: Vehicle Stickers Discussion (Zoom)

Several pronged discussion.

The Chesterfield residence was brought up and Danielle suggested that this should be cited by CD for a business not approved to run from a residence. Not a PD issue at this time. VM asked Thakke to get an update from CD on status of this.

VM asked if the LPR's were capable of enforcement in vehicle sticker compliance. I stated that I did not think so but would investigate. Boba is calling to confirm, but not likely.

Thakke stated that all ordinances are posted online, but Danielle suggested that **new or modified** ordinances be highlighted on website to gain further attention of residents. I said we could post to Social Media as well prior to enforcement.

Long discussion on requiring commercial vehicles parked within the VON to have a village sticker. I spoke of enforcement issues regarding fleets that are locked up at night behind closed gates. Also with commercial vehicles that are in unlocked lots but not registered to VON business address. I suggested an alternative of making businesses purchase stickers for their fleet at the time when they renew their business license each year. Must disclose at that time the size of their local fleet with registration etc. Danielle was in favor. Further discussion is needed on this strategy and more meetings will follow.

PD will continue to enforce residential as usual.

Subject: Fwd: Vehicle Stickers Discussion (Zoom)

Joe,

Based on the info from DC Zakula (see below), I had Sgt Boba make some inquiries with the vendor of the LPRs, this is what he found out:

I spoke to both the sales representative from Axon as they run the Flock LPR through the squad camera and to the Flock sales representative regarding the stationary LPR's. The system has the ability to alert against any custom hotlists created by us and uploaded in to the system. So, as long as the data is updated in the back-end system the software can be used.

We would need a list of license plates that register to the Village of Niles that did not purchase a village sticker. We could then create a hotlist that would alert when a camera captures one of those plates. The hotlist would need to be updated on some type of schedule to eliminate vehicles that become compliant. Another option would be to create a "scoff" law list of vehicles that have already been cited for a vehicle sticker violation and are still not compliant.

The cost of adding the LPR technology to the Axon fleet 3 squad car cameras is \$20,000 per year.

As you can see by the above info, we would have ability to input our vehicle sticker info into the LPR unit in the squad camera...I believe the proceeds of the Vehicle Sticker program can assist in offsetting some of the coast of The additional 20K...

I recommend a second meeting between you, Kathy and my staff to discuss this further...

Subject: RE: Vehicle Stickers Discussion (Zoom)

Several pronged discussion.

The Chesterfield residence was brought up and Danielle suggested that this should be cited by CD for a business not approved to run from a residence. Not a PD issue at this time. VM asked Thakke to get an update from CD on status of this.

VM asked if the LPR's were capable of enforcement in vehicle sticker compliance. I stated that I did not think so but would investigate. Boba is calling to confirm, but not likely.

Thakke stated that all ordinances are posted online, but Danielle suggested that **new or modified** ordinances be highlighted on website to gain further attention of residents. I said we could post to Social Media as well prior to enforcement.

Long discussion on requiring commercial vehicles parked within the VON to have a village sticker. I spoke of enforcement issues regarding fleets that are locked up at night behind closed gates. Also with commercial vehicles that are in unlocked lots but not registered to VON business address. I suggested an alternative of making businesses purchase stickers for their fleet at the time when they renew their business license each year. Must disclose at that time the size of their local fleet with registration etc. Danielle was in favor. Further discussion is needed on this strategy and more meetings will follow.

PD will continue to enforce residential as usual.

Joe,

Based on the info from DC Zakula (see below), I had Sgt Boba make some inquiries with the vendor of the LPRs, this is what he found out:

I spoke to both the sales representative from Axon as they run the Flock LPR through the squad camera and to the Flock sales representative regarding the stationary LPR's. The system has the ability to alert against any custom hotlists created by us and uploaded in to the system. So, as long as the data is updated in the back-end system the software can be used.

We would need a list of license plates that register to the Village of Niles that did not purchase a village sticker. We could then create a hotlist that would alert when a camera captures one of those plates. The hotlist would need to be updated on some type of schedule to eliminate vehicles that become compliant. Another option would be to create a "scoff" law list of vehicles that have already been cited for a vehicle sticker violation and are still not compliant.

The cost of adding the LPR technology to the Axon fleet 3 squad car cameras is \$20,000 per year.

As you can see by the above info, we would have ability to input our vehicle sticker info into the LPR unit in the squad camera...I believe the proceeds of the Vehicle Sticker program can assist in offsetting some of the coast of The additional 20K...

I recommend a second meeting between you, Kathy and my staff to discuss this further...

Subject: RE: Vehicle Stickers Discussion (Zoom)

Several pronged discussion.

The Chesterfield residence was brought up and Danielle suggested that this should be cited by CD for a business not approved to run from a residence. Not a PD issue at this time. VM asked Thakke to get an update from CD on status of this.

VM asked if the LPR's were capable of enforcement in vehicle sticker compliance. I stated that I did not think so but would investigate. Boba is calling to confirm, but not likely.

Thakke stated that all ordinances are posted online, but Danielle suggested that **new or modified** ordinances be highlighted on website to gain further attention of residents. I said we could post to Social Media as well prior to enforcement.

Long discussion on requiring commercial vehicles parked within the VON to have a village sticker. I spoke of enforcement issues regarding fleets that are locked up at night behind closed gates. Also with commercial vehicles that are in unlocked lots but not registered to VON business address. I suggested an alternative of making businesses purchase stickers for their fleet at the time when they renew their business license each year. Must disclose at that time the size of their local fleet with registration etc. Danielle was in favor. Further discussion is needed on this strategy and more meetings will follow.

PD will continue to enforce residential as usual.

Joe,

Based on the info from DC Zakula (see below), I had Sgt Boba make some inquiries with the vendor of the LPRs, this is what he found out:

I spoke to both the sales representative from Axon as they run the Flock LPR through the squad camera and to the Flock sales representative regarding the stationary LPR's. The system has the ability to alert against any custom hotlists created by us and uploaded in to the system. So, as long as the data is updated in the back-end system the software can be used.

We would need a list of license plates that register to the Village of Niles that did not purchase a village sticker. LPR's on the dash cams would be an added cost to what we already have contracted. There would be a "hit" on a plate if there were a reason for it such as expired registration, suspended license, stolen vehicle, etc. LEADS, NCIC.

There will not be a "hit" for an ordinance violation. I believe we can input data, but that would require loading all plates that didn't buy stickers. Not sure how that would work or if it were even feasible.

It is my belief that the LPRs component on our squads will provide vehicle owner info when the LPR hits the plate, therefore if it's registered in Niles then it needs a Niles sticker, if it's registered out of Niles, then It will have another town's sticker...am I wrong here?

Correct! Essentially any hotlist of plates that you create as an agency based on the data you are looking for can be used!

So, in this case you would use the list of plates who have not purchased as a hotlist and then the system will recognize that data when it reads the plate number associated and alert you.

Thank you and stay safe,

Jake Sheedy

Subject: RE: Mobile LPR question

Thanks Jake. Just one more question, could the system be used for village sticker enforcement. For example, could we create a hotlist of license plates that register to the Village of Niles but

have not purchased a current year village vehicle sticker?

Thanks,

Mike

Hi Michael,

The system has the ability to alert against any hotlists uploaded, including a list of expired registrations. So, as long as the data is updated in the back-end system the software can be used.

The software does not have the ability to read a sticker itself on the plate and recognize where it is expired or not. I hope this answers your question. Let me know if you have any additional questions.

LPR's on the dash cams would be an added cost to what we already have contracted. There would be a "hit" on a plate if there were a reason for it such as expired registration, suspended license, stolen vehicle, etc. LEADS, NCIC.

There will not be a "hit" for an ordinance violation. I believe we can input data, but that would require loading all plates that didn't buy stickers. Not sure how that would work or if it were even feasible.

“VM asked if the LPR’s were capable of enforcement in vehicle sticker compliance. I stated that I did not think so but would investigate. Boba is calling to confirm, but not likely.”

It is my belief that the LPRs component on our squads will provide vehicle owner info when the LPR hits the plate, therefore if it's registered in Niles then it needs a Niles sticker, if it's registered out of Niles, then It will have another town's sticker...am I wrong here?

On Feb 2, 2022, at 11:46 AM, Zakula, Nicholas <njz@vniles.com> wrote:

Several pronged discussion.

The Chesterfield residence was brought up and Danielle suggested that this should be cited by CD for a business not approved to run from a residence. Not a PD issue at this time. VM asked Thakke to get an update from CD on status of this.

VM asked if the LPR's were capable of enforcement in vehicle sticker compliance. I stated that I did not think so but would investigate. Boba is calling to confirm, but not likely.

Thakke stated that all ordinances are posted online, but Danielle suggested that ***new or modified*** ordinances be highlighted on website to gain further attention of residents. I said we could post to Social Media as well prior to enforcement.

Long discussion on requiring commercial vehicles parked within the VON to have a village sticker. I spoke of enforcement issues regarding fleets that are locked up at night behind closed gates. Also with commercial vehicles that are in unlocked lots but not registered to VON business address. I suggested an alternative of making businesses purchase stickers for their fleet at the time when they renew their business license each year. Must disclose at that time the size of their local fleet with registration etc. Danielle was in favor. Further discussion is needed on this strategy and more meetings will follow.

PD will continue to enforce residential as usual.

Hi Sam,

Sorry about that, I was sending the email from my phone and missed some words. What I meant to ask is can the LPR system be used to help with village vehicle sticker enforcement? The Village Manager has asked if we could create a list that would send an alert if a vehicle that registers to Niles does not have a valid village sticker.

Thanks,

Mike

Sgt. Boba,

If you can elaborate on vehicle enforcement. Are you saying expired/suspended registration and/or no insurance? Or more along the lines of proactive alerts coming from Flock about stolen cars/warrants etc? Or adding plates of known bad actors to be alerted to when they come in the village?

Or all of the above?

Thank you sir,

Sam

Subject: Re: Flock Safety - Account Set Up - Niles IL

Perfect!

You should now have a calendar invite with zoom information.

Thank you sir,

Sam
