Howdy Sir -

My **sincere** apologies for the delay in getting you over this update!

Please see below -

Cam 6 - Installing

Installation tentatively scheduled 1/2

Cam 10 & 21 - Pending IDOT Permit Submittal

Submission to IDOT est by 12/22 (EOW)

*Cam 21 is in Deerfield Jurisdiction. IDOT is going to want to know if they approve of this location before they will review the permit.

Deerfield will also need to sign the OPER/Bond paperwork to finalize the permit

Do you know if Deerfield would be willing to do that on Highland Park's behalf? *Neither of these are anywhere near

Deerfield

Cams 3, 4, 11 & 20 - Pending IDOT Permit Approval

OPER documents sent to PD - Once IDOT receives the OPER they will approve the permits.

Do you know if these have been signed and mailed off to Cowan Electric yet? Yes, these were sent approximately two weeks ago

My apologies if they have been, just wanted to double check!

If not, please see the instructions below (detailed instructions [here](#)) -

-Please print the attached document out Four (4) times and sign and date with pen under "Applicant Signature"

-Mail all 4 copies to our IDOT Approved Contractor to sign as well:

Cowan Electric
ATTN: Dawn Cowan
PO Box 5066
Elgin, IL 60121

Cam 5 (Sheridan/Deere Park (NB)) - New Location Needed - Pending PD Approval

This location was shifted to the private property location at (42.149459, -87.760626)

Do you approve of this new location?

Once approved and we have property owner permission we can get this installed ASAP * **I was asked to get permission from The Village of Glencoe for this camera which I did in March, Can we install it further South in Glencoe?**

Please let me know your thoughts on the above or if you have any questions.

Again, my sincere apologies for the gap in communication here - I will be sending out biweekly updates moving forward to help avoid this issue in the future!

Feel free to refer to your updated [Tracker](#) in the meantime.

Thank you for your patience,

Do you know if an agreement (IGA) has been completed with the Lake County Forest Preserve District (or have they given permission for this camera) here?

Once we have their go-ahead we can move forward with this installation

We were already told that we have to move the camera east on Highland Park property so the target area would be on Half Day near Landon Ln.

Howdy Sir -

My apologies for the delay in getting you over a response!
I am new to Illinois and it has taken a second to get my bearings.

Please see the below quick update regarding your Flock Cameras -
IL - Highland Park - PD

Cams 9, 14, 12, 8, 16, 2, 22, 19, 9, 15, 17 & 1 - Installed & In Service

Cam 6 (Green Bay/County Line) - Pending City Approval

Unable to install in the original location due to utilities in the area
Reached out to Ron Bannon (Dir. PW) today to see if they would allow us to install on the neighboring traffic signal instead - Pending his response

Cam 10 (Skokie Hwy Exit Ramp/Half Day) - Pending IDOT Permit Approval

Working with our permitting team to determine the status of the IDOT permit here.

Cams 7 & 18 - Ready for Install

Were previously on hold due to construction in the area
Pushed back over to the Field Team to get scheduled for installation - Will let you know the installation date asap

IL - Highland Park - PD

Cams 3, 4, 11 & 20 - Pending IDOT Permit Approval

OPER sent to y'all (PD) by Flock on 11/2 - Please let me know if you need that re-sent!
Once IDOT has the OPER (to be sent in by the PD) and the Bond (handled by Flock) they will approve these permits

Cam 21 (Half Day/Kelly) - Pending Property Owner Permission

Do you know if an agreement (IGA) has been completed with the Lake County Forest Preserve District (or have they given permission for this camera) here?
Once we have their go-ahead we can move forward with this installation

Cam 5 (Sheridan/Deere Park) - Pending IDOT Permit

Originally identified as needing a city permit but they have now confirmed that an IDOT permit will be needed instead
Working with my permitting team to get this submitted over to IDOT ASAP

Feel free to refer to your [Tracker](#) for a more detailed look at each of your Flock cameras, as well as a link to your Deployment Plan.

Moving forward, I will be sending out biweekly permitting updates and will also let you know once Cams 7 & 18 have been scheduled for installation.
Please let me know if you have any questions!

Thank you for your patience,

Please confirm that HPPD is not sharing their Flock Cameras with other jurisdictions. This is our goal to do so in the near future; I don't want to screw anything up in the time being. We have had ten cameras operational for a while, but six non-IDOT-permitted cameras have yet to be installed. May I please also get a status on our IDOT permits. I would like to know how we will be credited or charged for this year since more than half of our allocated cameras have not been in use this year.

Howdy Sir -

My **sincere** apologies for the delay in getting you over this update!

Please see below -

Cam 6 - Installing

Installation tentatively scheduled 1/2

Cam 10 & 21 - Pending IDOT Permit Submittal

Submission to IDOT est by 12/22 (EOW)

*Cam 21 is in Deerfield Jurisdiction. IDOT is going to want to know if they approve of this location before they will review the permit.

Deerfield will also need to sign the OPER/Bond paperwork to finalize the permit

Do you know if Deerfield would be willing to do that on Highland Park's behalf? *Neither of these are anywhere near Deerfield

Cams 3, 4, 11 & 20 - Pending IDOT Permit Approval

OPER documents sent to PD - Once IDOT receives the OPER they will approve the permits.

Do you know if these have been signed and mailed off to Cowan Electric yet? Yes, these were sent approximately two weeks ago

My apologies if they have been, just wanted to double check!

If not, please see the instructions below (detailed instructions [here](#)) -

-Please print the attached document out Four (4) times and sign and date with pen under "Applicant Signature"

-Mail all 4 copies to our IDOT Approved Contractor to sign as well:

Cowan Electric

ATTN: Dawn Cowan

Cam 5 (Sheridan/Deere Park (NB)) - New Location Needed - Pending PD Approval

This location was shifted to the private property location at (42.149459, -87.760626)

Do you approve of this new location?

Once approved and we have property owner permission we can get this installed ASAP * **I was asked to get permission from The Village of Glencoe for this camera which I did in March, Can we install it further South in Glencoe?**

Please let me know your thoughts on the above or if you have any questions.

Again, my sincere apologies for the gap in communication here - I will be sending out biweekly updates moving forward to help avoid this issue in the future!

Feel free to refer to your updated [Tracker](#) in the meantime.

Thank you for your patience,

Do you know if an agreement (IGA) has been completed with the Lake County Forest Preserve District (or have they given permission for this camera) here?
Once we have their go-ahead we can move forward with this installation

We were already told that we have to move the camera east on Highland Park property so the target area would be on Half Day near Landon Ln.

Howdy Sir -

My apologies for the delay in getting you over a response!

I am new to Illinois and it has taken a second to get my bearings.

Please see the below quick update regarding your Flock Cameras -

IL - Highland Park - PD

Cams 9, 14, 12, 8, 16, 2, 22, 19, 9, 15, 17 & 1 - Installed & In Service

Cam 6 (Green Bay/County Line) - Pending City Approval

Unable to install in the original location due to utilities in the area
Reached out to Ron Bannon (Dir. PW) today to see if they would allow us to install on the neighboring traffic signal instead - Pending his response

Cam 10 (Skokie Hwy Exit Ramp/Half Day) - Pending IDOT Permit Approval

Working with our permitting team to determine the status of the IDOT permit here.

Cams 7 & 18 - Ready for Install

Were previously on hold due to construction in the area
Pushed back over to the Field Team to get scheduled for installation - Will let you know the installation date asap

IL - Highland Park - PD

Cams 3, 4, 11 & 20 - Pending IDOT Permit Approval

OPER sent to y'all (PD) by Flock on 11/2 - Please let me know if you need that re-sent! Once IDOT has the OPER (to be sent in by the PD) and the Bond (handled by Flock) they will approve these permits

Cam 21 (Half Day/Kelly) - Pending Property Owner Permission

Do you know if an agreement (IGA) has been completed with the Lake County Forest Preserve District (or have they given permission for this camera) here? Once we have their go-ahead we can move forward with this installation

Cam 5 (Sheridan/Deere Park) - Pending IDOT Permit

Originally identified as needing a city permit but they have now confirmed that an IDOT permit will be needed instead
Working with my permitting team to get this submitted over to IDOT ASAP

Feel free to refer to your [Tracker](#) for a more detailed look at each of your Flock cameras, as well as a link to your Deployment Plan.

Moving forward, I will be sending out biweekly permitting updates and will also let you know once Cams 7 & 18 have been scheduled for installation.

Please let me know if you have any questions!

Thank you for your patience,

Please confirm that HPPD is not sharing their Flock Cameras with other jurisdictions. This is our goal to do so in the near future; I don't want to screw anything up in the time being. We have had ten cameras operational for a while, but six non-IDOT-permitted cameras have yet to be installed. May I please also get a status on our IDOT permits. I would like to know how we will be credited or charged for this year since more than half of our allocated cameras have not been in use this year.

These will work- I've updated the DP. The IDOT camera was shifted west just a bit to get behind the guard rail and into enough sunlight.

Please look at these two updated locations - <https://planner.flocksafety.com/deployment/472ba1de-7346-4617-beb8-5c56ceec239>

Can you please confirm they will work. We know we will miss that left hand turn lane before Kelly for 21 and PD will get PP approval if this works on Sheridan.

Thanks,

Cam 21 (Half Day/Kelly) - Pending Property Owner Permission

Do you know if an agreement (IGA) has been completed with the Lake County Forest Preserve District (or have they given permission for this camera) here?

Once we have their go-ahead we can move forward with this installation

We were already told that we have to move the camera east on Highland Park property so the target area would be on Half Day near Landon Ln.

Howdy Sir -

My apologies for the delay in getting you over a response!

I am new to Illinois and it has taken a second to get my bearings.

Please see the below quick update regarding your Flock Cameras -
IL - Highland Park - PD

Cams 9, 14, 12, 8, 16, 2, 22, 19, 9, 15, 17 & 1 - Installed & In Service

Cam 6 (Green Bay/County Line) - Pending City Approval

Unable to install in the original location due to utilities in the area

Reached out to Ron Bannon (Dir. PW) today to see if they would allow us to install on the neighboring traffic signal instead - Pending his response

Cam 10 (Skokie Hwy Exit Ramp/Half Day) - Pending IDOT Permit Approval

Working with our permitting team to determine the status of the IDOT permit here.

Cams 7 & 18 - Ready for Install

Were previously on hold due to construction in the area

Pushed back over to the Field Team to get scheduled for installation - Will let you know the installation date asap

IL - Highland Park - PD

Cams 3, 4, 11 & 20 - Pending IDOT Permit Approval

OPER sent to y'all (PD) by Flock on 11/2 - Please let me know if you need that re-sent!

Once IDOT has the OPER (to be sent in by the PD) and the Bond (handled by Flock) they will approve these permits

Cam 21 (Half Day/Kelly) - Pending Property Owner Permission

Do you know if an agreement (IGA) has been completed with the Lake County Forest Preserve District (or have they given permission for this camera) here?

Once we have their go-ahead we can move forward with this installation

Cam 5 (Sheridan/Deere Park) - Pending IDOT Permit

Originally identified as needing a city permit but they have now confirmed that an IDOT permit will be needed instead

Working with my permitting team to get this submitted over to IDOT ASAP

Feel free to refer to your [Tracker](#) for a more detailed look at each of your Flock cameras, as well as a link to your Deployment Plan.

Moving forward, I will be sending out biweekly permitting updates and will also let you know once Cams 7 & 18 have been

scheduled for installation.
Please let me know if you have any questions!

Thank you for your patience,

Please confirm that HPPD is not sharing their Flock Cameras with other jurisdictions. This is our goal to do so in the near future; I don't want to screw anything up in the time being. We have had ten cameras operational for a while, but six non-IDOT-permitted cameras have yet to be installed. May I please also get a status on our IDOT permits. I would like to know how we will be credited or charged for this year since more than half of our allocated cameras have not been in use this year.

Hi William Bonaguidi,

Below you will find a summary of upcoming activities related to your Flock Safety network.

Recent Activity	Status	Visit Type	Completed/Scheduled Date
#06 - GreenBay/County Line - (NB)	Completed	Site Survey	12/22/2023

Status:

Scheduling: We are actively scheduling the technician visit - be that for a pre-installation site survey or the installation. Be on the lookout for the dispatched appointment within the next week or two.

Scheduled: Barring unforeseen circumstances, the technician will be onsite for your site survey or installation on this date.

Completed: The technician has completed the visit. Next step: the experts are in the process of confirming that your cameras are functioning properly (receiving adequate sunlight, connecting regularly to the cellular network, taking high-quality images, etc.). Once that part is complete, we will grant access to your camera footage.

Visit Types:

Site Survey: The technician will confirm that the locations previously agreed upon will work for the installation. The technician will place white flags at each location according to the plan you approved.

Installation: The technician will follow the plan based on the results of the site survey.

Maintenance: Our systems have identified an issue with your camera and a technician will be onsite to resolve the issue.

Stay Safe,
Your Flock Safety Team

Date: Wednesday, December 27, 2023 10:16:26 AM

[EXTERNAL EMAIL]

Please allow the Orland Park Police to view your cameras.. We will share our cameras with you when they get installed.
thanks.

Orland Park IL PD has requested access to Highland Park IL PD's Flock Safety camera footage. In order for Orland Park IL PD to view your footage, you must grant them access. To grant access, please follow these instructions:

1. Open the **Devices** tab in **Admin**
2. Click on the **Share** button on the upper right corner
3. In the Cameras to Share dropdown, select the network you would like to share
4. In the Share with dropdown, select Orland Park IL PD
5. Click **Save** and repeat for other agencies as desired

As the owner of your footage, you can revoke this access at any time. If you have questions or need further assistance, please reply to this message or email support@flocksafety.com. More information available in the **Flock Safety Help Center**.

Thank you and stay safe,
The Flock Safety Team

Hi Sean Curran,

Below you will find a summary of upcoming activities related to your Flock Safety network.

Recent Activity	Status	Visit Type	Completed/Scheduled Date
#06 - GreenBay/County Line - (NB)	Completed	Site Survey	12/22/2023

Status:

Scheduling: We are actively scheduling the technician visit - be that for a pre-installation site survey or the installation. Be on the lookout for the dispatched appointment within the next week or two.

Scheduled: Barring unforeseen circumstances, the technician will be onsite for your site survey or installation on this date.

Completed: The technician has completed the visit. Next step: the experts are in the process of confirming that your cameras are functioning properly (receiving adequate sunlight, connecting regularly to the cellular network, taking high-quality images, etc.). Once that part is complete, we will grant access to your camera footage.

Visit Types:

Site Survey: The technician will confirm that the locations previously agreed upon will work for the installation. The technician will place white flags at each location according to the plan you approved.

Installation: The technician will follow the plan based on the results of the site survey.

Maintenance: Our systems have identified an issue with your camera and a technician will be onsite to resolve the issue.

Stay Safe,
Your Flock Safety Team

Hi Sean Curran,

Below you will find a summary of upcoming activities related to your Flock Safety network.

Recent Activity	Status	Visit Type	Completed/Scheduled Date
#06 - GreenBay/County Line - (NB)	Scheduled	Installation	1/2/2024

Status:

Scheduling: We are actively scheduling the technician visit - be that for a pre-installation site survey or the installation. Be on the lookout for the dispatched appointment within the next week or two.

Scheduled: Barring unforeseen circumstances, the technician will be onsite for your site survey or installation on this date.

Completed: The technician has completed the visit. Next step: the experts are in the process of confirming that your cameras are functioning properly (receiving adequate sunlight, connecting regularly to the cellular network, taking high-quality images, etc.). Once that part is complete, we will grant access to your camera footage.

Visit Types:

Site Survey: The technician will confirm that the locations previously agreed upon will work for the installation. The technician will place white flags at each location according to the plan you approved.

Installation: The technician will follow the plan based on the results of the site survey.

Maintenance: Our systems have identified an issue with your camera and a technician will be onsite to resolve the issue.

This Government Agency Agreement (this “**Agreement**”) is entered into by and between Flock Group, Inc. with a place of business at 1170 Howell Mill Rd NW Suite 210, Atlanta, GA 30318 (“**Flock**”) and the Illinois home rule municipality identified in the signature block of the Order Form (“**Agency**”) (each a “**Party**,” and together, the “**Parties**”).

RECITALS

WHEREAS, Flock offers a software and hardware situational awareness solution for automatic license plates, video and audio detection through Flock’s technology platform (the “**Flock Service**”), and upon detection, the Flock Services are capable of capturing audio, video, image, and recording data and can provide notifications to Agency upon the instructions of Non-Agency End User (as defined below) (“**Notifications**”);

WHEREAS, Agency desires access to the Flock Service on existing cameras, provided by Agency, or Flock provided Flock Hardware (as defined below) in order to create, view, search and archive Footage and receive Notifications,

including those from Non-Agency End Users of the Flock Service (where there is an investigative or bona fide lawful purpose) such as schools, neighborhood homeowners associations, businesses, and individual users;

WHEREAS, Flock deletes all Footage on a rolling thirty (30) day basis, excluding Wing Replay which is deleted after seven (7) days. Agency is responsible for extracting, downloading and archiving Footage from the Flock System on its own storage devices for auditing for prosecutorial/administrative purposes; and

WHEREAS, Flock desires to provide Agency the Flock Service and any access thereto, subject to the terms and conditions of this Agreement, solely for the awareness, prevention, and prosecution of crime, bona fide investigations by police departments, missing person situations, public emergencies, law enforcement purposes, and archiving for evidence gathering (collectively, “**Permitted Purpose**”).

AGREEMENT

NOW, THEREFORE, Flock and Agency agree that this Agreement, and any addenda attached hereto or referenced herein, constitute the complete and exclusive statement of the Agreement of the Parties with respect to the subject matter of this Agreement, and replace and supersede all prior agreements, term sheets, purchase orders, correspondence, oral or written communications and negotiations by and between the Parties.

1. DEFINITIONS

Certain capitalized terms, not otherwise defined herein, have the meanings set forth or cross-referenced in this Section 1.

1.1 “**Advanced Search**” means the provision of Services, via the web interface using Flock’s software applications, which utilize advanced evidence delivery capabilities including convoy analysis, multi-geo search, visual search, cradlepoint integration for automatic vehicle location, and common plate analysis.

1.2 “**Agency Data**” means the data, media and content captured by Flock or Flock serviced cameras, and transferred to Agency through the Services upon request.

1.3 “**Agency Generated Data**” means the messages, text, illustrations, files, images, graphics, photos, comments, sounds, music, videos, information, content, ratings, reviews, data, questions, suggestions, other information or materials posted, uploaded, displayed, published, distributed, transmitted, broadcasted, or otherwise made available on or submitted through the Wing Suite.

1.4. “**Agency Hardware**” means the third-party camera owned or provided by Agency and any other physical elements that interact with the Embedded Software and the Web Interface to provide the Services.

1.5. “**Aggregated Data**” means information that relates to a group or category of individuals, from which any potential individuals’ personal identifying information has been permanently “anonymized” by commercially available standards to irreversibly alter data in such a way that a data subject (i.e., individual person or impersonal entity) can no longer be identified directly or indirectly.

1.6 “**Authorized End User(s)**” means any individual employees, agents, or contractors of Agency accessing or using the Services through the Web Interface, under the rights granted to Agency pursuant to this Agreement.

1.7 “**Deployment Plan**” means the strategic geographic mapping of the location(s) and implementation of Flock Hardware, and/or other relevant Services required under this Agreement.

1.8 “**Documentation**” means text and/or graphical documentation, whether in electronic or printed format, that describe the features, functions and operation of the Services which are provided by Flock to Agency in accordance with the terms of this Agreement.

1.9 “**Embedded Software**” means the software and/or firmware embedded or preinstalled on the Flock Hardware or Agency Hardware.

1.10 “**Falcon Flex**” means an infrastructure-free, location-flexible license plate reader camera that enables the Agency to self-install.

1.11 “**Flock Hardware**” means the Flock cameras or device, pole, clamps, solar panel, installation components, and any other physical elements that interact with the Embedded Software and the Web Interface to provide the Flock Services.

1.12 “**Flock IP**” means the Services, the Documentation, the Embedded Software, the Installation Services, and any and all intellectual property therein or otherwise provided to Agency and/or its Authorized End Users in connection with the foregoing.

1.13 “**Flock Safety Falcon™**” means an infrastructure-free license plate reader camera that utilizes Vehicle Fingerprint™ technology to capture vehicular attributes.

1.14 “**Flock Safety Raven™**” means an audio detection device that provides real-time alerting to law enforcement based on programmed audio events such as gunshots, breaking glass, and street racing.

1.15 “**Flock Safety Sparrow™**” means an infrastructure-free license plate reader camera for residential roadways that utilizes Vehicle Fingerprint™ technology to capture vehicular attributes.

1.17 “**Footage**” means still images, video, audio and other data captured by the Flock Hardware or Agency Hardware in the course of and provided via the Services.

1.18 “**Hotlist(s)**” means a digital file containing alphanumeric license plate related information pertaining to vehicles of interest, which may include stolen vehicles, stolen vehicle license plates, vehicles owned or associated with wanted or missing person(s), vehicles suspected of being involved with criminal or terrorist activities, and other legitimate law enforcement purposes. Hotlist also includes, but is not limited to, national data (i.e. NCIC) for similar categories, license plates associated with AMBER Alerts or Missing Persons/Vulnerable Adult Alerts, and includes manually entered license plate information associated with crimes that have occurred in any local jurisdiction.

1.19 “**Implementation Fee(s)**” means the monetary fees associated with the Installation Services, as defined in Section 1.20 below.

1.20 “**Installation Services**” means the services provided by Flock for installation of Agency Hardware and/or Flock Hardware, including any applicable installation of Embedded Software on Agency Hardware.

1.21 “**Non-Agency End User(s)**” means any individual, entity, or derivative therefrom, authorized to use the Services through the Web Interface, under the rights granted to pursuant to the terms (or to those materially similar) of this Agreement.

1.22 “**Services**” or “**Flock Services**” means the provision, via the Web Interface, of Flock’s software applications for automatic license plate detection, alerts, audio detection, searching image records, video and sharing Footage.

1.23 “**Support Services**” means Monitoring Services, as defined in Section 2.10 below.

1.24 “**Usage Fee**” means the subscription fees to be paid by the Agency for ongoing access to Services.

1.25 “**Web Interface**” means the website(s) or application(s) through which Agency and its Authorized End Users can access the Services, in accordance with the terms of this Agreement.

1.26 “**Wing Suite**” means the Flock interface which provides real-time access to the Flock Services, location of Flock Hardware, Agency Hardware, third-party cameras, live-stream video, Wing Livestream, Wing LPR, Wing Replay, alerts and other integrations.

1.27 “**Wing Livestream**” means real-time video integration with third-party cameras via the Flock interface.

1.28 “**Wing LPR**” means software integration with third-party cameras utilizing Flock’s Vehicle Fingerprint Technology™ for license plate capture.

1.29 “**Wing Replay**” means enhanced situational awareness encompassing Footage retention, replay ability, and downloadable content from Hot Lists integrated from third-party cameras.

1.30 “**Vehicle Fingerprint**™” means the unique vehicular attributes captured through Services such as: type, make, color, state registration, missing/covered plates, bumper stickers, decals, roof racks, and bike racks.

2. SERVICES AND SUPPORT

2.1 Provision of Access. Subject to the terms of this Agreement, Flock hereby grants to Agency a non-exclusive, non-transferable right to access the features and functions of the Services via the Web Interface during the Term, solely for the Authorized End Users. The Footage will be available for Agency’s designated administrator, listed on the Order Form, and any Authorized End Users to access and download via the Web Interface for thirty (30) days. Authorized End Users will be required to sign up for an account and select a password and username (“**User ID**”). Flock will also provide Agency with the Documentation to be used in accessing and using the Services. Agency shall be responsible for all negligent acts and omissions of Authorized End Users, and any act or omission by an Authorized End User which, if undertaken by Agency, would constitute a breach of this Agreement, shall be deemed a breach of this Agreement by Agency. Agency shall undertake reasonable efforts to make all Authorized End Users aware of the provisions of this Agreement as applicable to such Authorized End User’s use of the Services and shall cause Authorized End Users to comply with such provisions. Flock may use the services of one or more third parties to deliver any part of the Services, (such as using a third party to host the Web Interface for cloud storage or a cell phone provider for wireless cellular coverage) which makes the Services available to Agency and Authorized End Users. Warranties

provided by said third party service providers are the agency's sole and exclusive remedy and Flock's sole and exclusive liability with regard to such third-party services, including without limitation hosting the Web Interface. Agency agrees to comply with any acceptable use policies and other terms of any third-party service provider that are provided or otherwise made available to Agency from time to time.

2.2 Embedded Software License. Subject to all terms of this Agreement, Flock grants Agency a limited, non-exclusive, non-transferable, non-sublicensable (except to the Authorized End Users), revocable right to use the Embedded Software as installed on the Flock Hardware or Agency Hardware; in each case, solely as necessary for Agency to use the Services.

2.3 Documentation License. Subject to the terms of this Agreement, Flock hereby grants to Agency a non-exclusive, non-transferable right and license to use the Documentation during the Term in connection with its use of the Services as contemplated herein, and under Section 2.5 below.

2.4 Wing Suite License. Subject to all terms of this Agreement, Flock grants Agency a limited, non-exclusive, non-transferable, non-sublicensable (except to the Authorized End Users), revocable right to use the Wing Suite software and interface.

2.5 Usage Restrictions.

2.5.1 Flock IP. Agency may use Flock Hardware, Agency Hardware, Documentation, Services, support, and Flock IP for the Permitted Purpose. Agency will not, and will not permit any Authorized End Users to, (i) copy or duplicate any of the Flock IP; (ii) decompile, disassemble, reverse engineer, or otherwise attempt to obtain or perceive the source code from which any software component of any of the Flock IP is compiled or interpreted, or apply any other process or procedure to derive the source code of any software included in the Flock IP; (iii) attempt to modify, alter, tamper with or repair any of the Flock IP, or attempt to create any derivative product from any of the foregoing; (iv) interfere or attempt to interfere in any manner with the functionality or proper working of any of the Flock IP; (v) remove, obscure, or alter any notice of any intellectual property or proprietary right appearing on or contained within any of the Services or Flock IP; (vi) use the Services, support, Flock Hardware, Documentation, or the Flock IP for anything other than the Permitted Purpose; or (vii) assign, sublicense, sell, resell, lease, rent, or otherwise transfer, convey, pledge as security, or otherwise encumber, Agency's rights under Sections 2.1, 2.2, 2.3, or 2.4.

2.5.2. Flock Hardware. Agency understands that all Flock Hardware is owned exclusively by Flock, and that title to any Flock Hardware does not pass to Agency upon execution of this Agreement. Except for Falcon Flex products, which are designed for self-installation, Agency is not permitted to remove, reposition, re-install, tamper with, alter, adjust or otherwise take possession or control of Flock Hardware. Notwithstanding the notice and cure period set for in Section 6.3, Agency agrees and understands that in the event Agency is found to engage in any of the restricted actions of this Section 2.5.2, all warranties herein shall be null and void, and this Agreement shall be subject to immediate termination (without opportunity to cure) for material breach by Agency.

2.6 Retained Rights; Ownership. As between the Parties, subject to the rights granted in this Agreement, Flock and its licensors retain all right, title and interest in and to the Flock IP and its components, and Agency acknowledges that it neither owns nor acquires any additional rights in and to the foregoing not expressly granted by this Agreement. Agency further acknowledges that Flock retains the right to use the foregoing for any purpose in Flock's sole discretion. There are no implied rights.

2.7 Suspension.

2.7.1 **Service Suspension.** Notwithstanding anything to the contrary in this Agreement, Flock may temporarily suspend Agency's and any Authorized End User's access to any portion or all of the Flock IP or Flock Service if Flock reasonably determines that (a) there is a threat or attack on any of the Flock IP by Agency; (b) Agency's or any Authorized End User's use of the Flock IP disrupts or poses a security risk to the Flock IP or any other customer or vendor of Flock; (c) Agency or any Authorized End User is/are using the Flock IP for fraudulent or illegal activities; or (d) Agency has violated any term of this provision, including, but not limited to, utilizing the Services for anything other than the Permitted Purpose ("Service Suspension"). Agency shall not be entitled to any remedy for the Service Suspension period, including any reimbursement, tolling, or credit.

2.7.2 **Service Interruption.** Services may be interrupted in the event that: (a) Flock's provision of the Services to Agency or any Authorized End User is prohibited by applicable law; (b) any third-party services required for Services are interrupted; (c) if Flock reasonably believe Services are being used for malicious, unlawful, or otherwise unauthorized use; (d) there is a threat or attack on any of the Flock IP by a third party; or (e) scheduled or emergency maintenance ("Service Interruption"). Flock will make commercially reasonable efforts to provide written notice of any Service Interruption to Agency and to provide updates regarding resumption of access to Flock Services. Flock will use commercially reasonable efforts to resume providing access to the Services as soon as reasonably possible after the event giving rise to the Service Interruption is cured. Flock will have no liability for any damage, liabilities, losses (including any loss of data or profits), or any other consequences that Agency or any Authorized End User may incur as a result of a Service Interruption. To the extent that the Service Interruption is not caused by Agency's direct actions or by the actions of parties associated with the Agency, the expiration of the Term will be tolled by the duration of the Service Interruption (for any continuous suspension lasting at least one full day) prorated for the proportion of cameras on the Agency's account that have been impacted. For example, in the event of a Service Interruption lasting five (5) continuous days, Agency will receive a credit for five (5) free days at the end of the Term.

2.8 Installation Services.

2.8.1 **Designated Locations.** For installation of Flock Hardware, excluding Falcon Flex products, prior to performing the physical installation of the Flock Hardware, Flock shall advise Agency on the location and positioning of the Flock Hardware for optimal license plate image capture, as conditions and location allow. Flock may consider input from Agency regarding location, position and angle of the Flock Hardware ("Designated Location") and collaborate with Agency to design the Deployment Plan confirming the Designated Locations. Flock shall have final discretion on location of Flock Hardware. Flock shall have no liability to Agency resulting from any poor performance, functionality or Footage resulting from or otherwise relating to the Designated Locations or delay in installation due to Agency's delay in confirming Designated Locations, in ordering and/or having the Designated Location ready for installation including

having all electrical work preinstalled and permits ready, if necessary. After installation, any subsequent changes to the Deployment Plan (“**Reinstalls**”) will incur a charge for Flock’s then-current list price for Reinstalls, as listed in the then-current Reinstall policy (available at <https://www.flocksafety.com/reinstall-fee-schedule>) and any equipment fees. For clarity, Agency will receive prior notice and provide approval for any such fees. These changes include but are not limited to re-positioning, adjusting of the mounting, re-angling, removing foliage, replacement, changes to heights of poles, regardless of whether the need for Reinstalls related to vandalism, weather, theft, lack of criminal activity in view, and the like. Flock shall have full discretion on decision to reinstall Flock Hardware.

2.8.2 Agency Installation Obligations. Agency agrees to allow Flock and its agents reasonable access in and near the Designated Locations on Agency-owned property at all reasonable times upon reasonable notice for the purpose of performing the installation work. Although Flock Hardware is designed to utilize solar power, certain Designated Locations may require a reliable source of 120V or 240V AC power. In the event adequate solar power is not available, Agency is solely responsible for costs associated with providing a reliable source of 120V or 240V AC power to Flock Hardware. Flock will provide solar options to supply power at each Designated Location. If Agency refuses recommended solar options, Agency waives any reimbursement, tolling, or credit for any suspension period of Flock Services due to low solar power. Additionally, Agency is solely responsible for (i) any permits or associated costs, and managing the permitting process of installation of cameras or AC power; (ii) any federal, state, or local taxes including property, license, privilege, sales, use, excise, gross receipts, or other similar taxes which may now or hereafter become applicable to, measured by or imposed upon or with respect to the installation of the Flock Hardware, its use (excluding tax exempt entities), or (iii) any other supplementary cost for services performed in connection with installation of the Flock Hardware, including but not limited to contractor licensing, engineered drawings, rental of specialized equipment, or vehicles, third-party personnel (i.e. Traffic Control Officers, Electricians, State DOT-approved poles, etc., if necessary), such costs to

be approved by the Agency (“*Agency Installation Obligations*”). In the event that a Designated Location for Flock Hardware requires permits, Flock may provide the Agency with a temporary alternate location for installation pending the permitting process. Once the required permits are obtained, Flock will relocate the Flock Hardware from the temporary alternate location to the permitted location at no additional cost. Without being obligated or taking any responsibility for the foregoing, Flock may pay and invoice related costs to Agency if Agency did not address them prior to the execution of this Agreement or a third party requires Flock to pay. Agency represents and warrants that it has, or shall lawfully obtain, all necessary right title and authority and hereby authorizes Flock to install the Flock Hardware at the Designated Locations and to make any necessary inspections or tests in connection with such installation.

2.8.3 *Flock’s Obligations.* Installation of Flock Hardware shall be installed and maintained in a workmanlike manner, free from any liens, and using new Flock Hardware, and the installation will be completed within a reasonable time from the time that the Designated Locations are confirmed. Flock shall repair any damage that it causes during installation. Flock shall maintain all Flock Hardware in a first-rate condition and in a manner that it can perform for its intended purpose during the Term. Upon removal of Flock Hardware, Flock shall restore the location to its original condition, ordinary wear and tear excepted. Following the initial installation of the Flock Hardware and any subsequent Reinstalls or maintenance operations, Flock’s obligation to perform installation work shall cease; however, for the sole purpose of validating installation, Flock will continue to monitor the performance of Flock Hardware for the length of the Term and will receive access to the Footage for a period of seven (7) business days after the initial installation for quality control and provide any necessary maintenance. Labor may be provided by Flock or a third-party. Flock is not obligated to install, reinstall, or provide physical maintenance to Agency Hardware. Notwithstanding anything to the contrary, Agency understands that Flock will not provide installation services for Falcon Flex products.

2.8.4 *Ownership of Hardware.* Flock Hardware shall remain the personal property of Flock and will be removed within four weeks after the natural

expiration or termination of this Agreement at no additional cost to Agency. Agency shall not perform any acts which would interfere with the retention of title of the Flock Hardware by Flock. Should Agency default on any payment of the Flock Services, Flock may remove Flock Hardware at Flock's discretion, provided that it first provide Agency 30 days' notice to cure such default. Such removal, if made by Flock, shall not be deemed a waiver of Flock's rights to any damages Flock may sustain as a result of Agency's default and Flock shall have the right to enforce any other legal remedy or right.

2.9 Hazardous Conditions. Unless otherwise stated in the Agreement, Flock's price for its services under this Agreement does not contemplate work in any areas that contain hazardous materials, or other hazardous conditions, including, without limit, asbestos, lead, toxic or flammable substances. In the event any such hazardous materials are discovered in the designated locations in which Flock is to perform services under this Agreement, Flock shall have the right to cease work immediately in the area affected until such materials are removed or rendered harmless.

2.10 Support Services. Subject to the payment of fees, Flock shall monitor the performance and functionality of Flock Services and may, from time to time, advise Agency on changes to the Flock Services, Installation Services, or the Designated Locations which may improve the performance or functionality of the Services or may improve the quality of the Footage. The work, its timing, and the fees payable relating to such work shall be agreed by the Parties prior to any alterations to or changes of the Services or the Designated Locations (“*Monitoring Services*”). Flock will use commercially reasonable efforts to respond to requests for support. Flock will provide Agency with reasonable technical and on-site support and maintenance services (“*On-Site Services*”) in-person or by email at support@flocksafety.com, at no additional cost. Notwithstanding anything to the contrary, Agency is solely responsible for installation of Falcon Flex products. Agency further understands and agrees that Flock will not provide monitoring services or on-site services for Falcon Flex.

2.11 Special Terms. From time to time, Flock may offer certain special terms related to guarantees, service and support which are indicated in the proposal and on the Order Form and will become part of this Agreement, upon Agency's prior written consent ("Special Terms"). To the extent that any terms of this Agreement are inconsistent or conflict with the Special Terms, the Special Terms shall control.

2.12 Upgrades to Platform. Flock may, in its sole discretion, make any upgrades to system or platform that it deems necessary or useful to (i) maintain or enhance (a) the quality or delivery of Flock's products or services to its agencies, (b) the competitive strength of, or market for, Flock's products or services, (c) such platform or system's cost efficiency or performance, or (ii) to comply with applicable law. Parties understand that such upgrades are necessary from time to time and will not materially change any terms or conditions within this Agreement.

3. RESTRICTIONS AND RESPONSIBILITIES

3.1 Agency Obligations. Flock will assist Agency Authorized End Users in the creation of a User ID. Agency agrees to provide Flock with accurate, complete, and updated registration information. Agency may not select as its User ID a name that Agency does not have the right to use, or another person's name with the intent to impersonate that person. Agency may not transfer its account to anyone else without prior written permission of Flock. Agency will not share its account or password with anyone and must protect the security of its account and password. Unless otherwise stated and defined in this Agreement, Agency may not designate Authorized End Users for persons who are not officers, employees, or agents of Agency. Authorized End Users shall only use Agency-issued email addresses for the creation of their User ID. Agency is responsible for any activity associated with its account. Agency shall be responsible for obtaining and maintaining any equipment and ancillary services needed to connect to, access or otherwise use the Services. Agency will, at its own expense, provide assistance to Flock, including, but not limited to, by means of access to, and use of, Agency facilities, as well as by means of assistance from Agency personnel to the limited extent any of the foregoing may be reasonably necessary to enable Flock to perform its obligations hereunder, including, without limitation, any obligations with respect to Support Services or any Installation Services.

3.2 Agency Representations and Warranties. Agency represents, covenants, and warrants that Agency will use the Services in compliance with this Agreement and all applicable laws and regulations, including but not limited to any laws relating to the recording or sharing of video, photo, or audio content. Although Flock has no obligation to monitor Agency's use of the Services, Flock may do so and may prohibit any use of the Services that are in violation of the foregoing.

4. CONFIDENTIALITY; AGENCY DATA

4.1 Confidentiality. To the extent allowable by applicable FOIA and state-specific Public Records Acts, each Party (the "**Receiving Party**") understands that the other Party (the "**Disclosing Party**") has disclosed or may disclose business, technical or financial information relating to the Disclosing Party's business (hereinafter referred to as "**Proprietary Information**" of the Disclosing Party).

Proprietary Information of Flock includes non-public information regarding features, functionality and performance of the Services. Proprietary Information of Agency includes non-public data provided by Agency to Flock or collected by Flock via the Flock Hardware or Agency Hardware, to enable the provision of the Services, which includes but is not limited to geolocation information and environmental data collected by sensors . The Receiving Party agrees: (i) to take the same security precautions to protect against disclosure or unauthorized use of such Proprietary Information that the Party takes with its own proprietary information, but in no event will a Party apply less than reasonable precautions to protect such Proprietary Information, and (ii) not to use (except in performance of the Services or as otherwise permitted herein) or divulge to any third person any such Proprietary Information unless disclosure of such Proprietary Information is required by law. Flock's use of the Proprietary Information may include processing the Proprietary Information to send Agency alerts, or to analyze the data collected to identify motion or other events. The Disclosing Party agrees that the foregoing shall not apply with respect to any information that the Receiving Party can document (a) is or becomes generally available to the public, or (b) was in its possession or known by it prior to receipt from the Disclosing Party, or (c) was rightfully disclosed to it without restriction by a third party, or (d) was independently developed without use of any Proprietary Information of the Disclosing Party. Nothing in this Agreement will prevent the Receiving Party from disclosing the Proprietary Information pursuant to any judicial or governmental order, provided that the Receiving Party gives the Disclosing Party reasonable prior notice of such disclosure to contest such order. For clarity, Flock may access, use, preserve and/or disclose the Footage to law enforcement authorities, government officials, and/or third parties, if legally required to do so or if Flock has a good faith belief that such access, use, preservation or disclosure is reasonably necessary to: (a) comply with a legal process or request; (b) enforce this Agreement, including investigation of any potential violation thereof; (c) detect, prevent or otherwise address security, fraud or technical issues; or (d) protect the rights, property or safety of Flock, its users, a third party, or the public as required or permitted by law, including respond to an emergency situation. Flock may store deleted Footage in order to comply with certain legal obligations, but such retained Footage will not be retrievable without a valid court order.

4.2 Agency Data. As between Flock and Agency, all right, title and interest in the Agency Data, belong to and are retained solely by Agency. Agency hereby grants to Flock a limited, non-exclusive, royalty-free, worldwide license to (i) use the Agency Data and perform all acts with respect to the Agency Data as may be necessary for Flock to provide the Flock Services to Agency, including without limitation the Support Services set forth in Section 2.10 above, and a non-exclusive, perpetual, irrevocable, worldwide, royalty-free, fully paid license to use, reproduce, modify, display, and distribute the Agency Data as a part of the Aggregated Data, (ii) disclose the Agency Data (both inclusive of any Footage) to enable law enforcement monitoring for elected law enforcement Hotlists as well as provide Footage search access to law enforcement for investigative purposes only, and (iii) and obtain Aggregated Data as set forth below in Section 4.5. Flock agrees that it may use the Footage generated from Flock Hardware within the boundaries of the Agency that is not Agency Data only: (i) to provide the Flock Services to Agency, including without limitation the Support Services set forth in Section 2.10 above; (ii) as part of the Aggregated Data; (iii) to enable law enforcement monitoring for elected law enforcement Hotlists as well as provide Footage search access to law enforcement for investigative purposes only; and (iv) obtain Aggregated Data as set forth below in Section 4.5. As between Agency and Non-Agency End Users that have prescribed access of Footage to Agency, each of Agency and Non-Agency End Users will share all

right, title and interest in the Non-Agency End User Data. This Agreement does not by itself make any Non-Agency End User Data the sole property or the Proprietary Information of Agency. Flock will automatically delete Footage older than thirty (30) days. Agency has a thirty (30) day window to view, save and/or transmit Footage to the relevant government agency prior to its deletion. Notwithstanding the foregoing, Flock automatically deletes Wing Replay after seven (7) days, during which time Agency may view, save and/or transmit such data to the relevant government agency prior to deletion. Flock does not own Agency Data. Flock may not sell any Agency Data or Footage generated from Flock Hardware within the boundaries of the Agency.

4.3 Agency Generated Data in Wing Suite. Parties understand that Flock does not own any right, title, or interest to third-party video integrated into the Wing Suite. Flock may provide Agency with the opportunity to post, upload, display, publish, distribute, transmit, broadcast, or otherwise make available on or submit through the Wing Suite, messages, text, illustrations, files, images, graphics, photos, comments, sounds, music, videos, information, content, ratings, reviews, data, questions, suggestions, or other information or materials produced by Agency. Agency shall retain whatever legally cognizable right, title, and interest that Agency has in Agency Generated Data. Agency understands and acknowledges that Flock has no obligation to monitor or enforce Agency's intellectual property rights to Agency Generated Data. To the extent legally permissible, Agency grants Flock a non-exclusive, perpetual, irrevocable, worldwide, royalty-free, fully paid license to use, reproduce, modify, display, and distribute the Agency Generated Data for the sole purpose of providing Flock Services. Flock does not own and shall not sell Agency Generated Data.

4.4 Feedback. If Agency provides any suggestions, ideas, enhancement requests, feedback, recommendations or other information relating to the subject matter hereunder, Agency hereby assigns (and will cause its agents and representatives to assign) to Flock all right, title and interest (including intellectual property rights) with respect to or resulting from any of the foregoing.

4.5 Aggregated Data. Flock shall have the right to collect, analyze, and anonymize Agency Data and Agency Generated Data to create Aggregated Data to use and perform the Services and related systems and technologies, including the training of machine learning algorithms. Agency hereby grants Flock a non-exclusive, worldwide, perpetual, royalty-free right (during and after the Term hereof) to use and distribute such Aggregated Data to improve and enhance the Services and for other development, diagnostic and corrective purposes, other Flock offerings, and crime prevention efforts. Parties understand that the aforementioned license is required for continuity of Services. No rights or licenses are granted except as expressly set forth herein. Flock may not sell Aggregated Data.

5. PAYMENT OF FEES

5.1.1 Software Product Fees. For Order Forms listing Wing Suite, Advanced Search and other software-only products, Agency will pay Flock the fees for the Initial Term (as described on the Order Form attached hereto) on or before the 30th day from the date of invoice. For any Renewal Terms, Agency shall pay invoice on or before the 30th day from the date of renewal invoice.

5.1.2 Hardware Product Fees. For Order Forms listing Falcon, Sparrow, Raven and Falcon Flex products, Agency will pay Flock fifty percent (50%) of the fees for the Initial Term as set forth on the Order Form on or before the 30th day from date of invoice. Upon commencement of installation, Flock will issue an invoice for twenty-five percent (25%) of total fees, and Agency shall pay on or before

30th day following date of invoice. Upon completion of installation, Flock will issue an invoice for the remaining balance and Agency shall pay on or before 30th day following date of final invoice. Flock is not obligated to commence the Installation Services unless and until the first payment has been made and shall have no liability resulting from any delay related thereto. For any Renewal Terms, Agency shall pay the total invoice on or before the 30th day from the date of renewal invoice.

5.2 Notice of Changes to Fees. Flock reserves the right to change the fees or applicable charges and to institute new charges and fees on subsequent terms by providing sixty (60) days' notice prior to the end of such Initial Term or Renewal Term (as applicable) to Agency (which may be sent by email).

5.3 Invoicing, Late Fees; Taxes. Flock may choose to bill through an invoice, in which case, full payment for invoices must be received by Flock thirty (30) days after the receipt of invoice. If Agency is a non-tax-exempt entity, Agency shall be responsible for all taxes associated with Services other than U.S. taxes based on Flock's net income. If Agency believes that Flock has billed Agency incorrectly, Agency must contact Flock no later than sixty (60) days after the closing date on the first billing statement in which the error or problem appeared, in order to receive an adjustment or credit. Agency acknowledges and agrees that a failure to contact Flock within this sixty (60) day period will serve as a waiver of any claim Agency may have had as a result of such billing error.

6. TERM AND TERMINATION

6.1 Term. The initial term of this Agreement shall be for the period of time set forth on the Order Form and shall commence at the time outlined in this section below (the "**Term**"). Following the Term, unless otherwise indicated on the Order Form, this Agreement will automatically renew for successive renewal terms of the greater of one year or the length set forth on the Order Form (each, a "**Renewal Term**") unless either Party gives the other Party notice of non-renewal at least thirty (30) days prior to the end of the then-current term.

- a. For Wing Suite products: the Term shall commence upon execution of this Agreement and continue for one (1) year, after which, the Term may be extended by mutual consent of the Parties, unless terminated by either Party.
- b. For Falcon and Sparrow products: the Term shall commence upon first installation and validation of Flock Hardware.
- c. For Raven products: the Term shall commence upon first installation and validation of Flock Hardware.
- d. For Falcon Flex products: the Term shall commence upon execution of this Agreement.
- e. For Advanced Search products: the Term shall commence upon execution of this Agreement.

6.2 Termination for Convenience. At any time during the agreed upon Term, either Party may terminate this Agreement for convenience. Termination for convenience of the Agreement by the Agency will be effective immediately.

Termination for convenience by Agency will result in a one-time removal fee of \$500 per Flock Hardware. Termination for convenience by Flock will not result in any removal fees. Upon termination for convenience, a refund will be provided for Flock Hardware, prorated for any fees for the remaining Term length set forth previously. Wing Suite products and Advanced Search are not subject to refund for early termination. Flock will provide advanced written notice and remove all Flock Hardware at Flock's own convenience, within a commercially reasonable period of time upon termination. Agency's termination of this Agreement for Flock's material breach of this Agreement shall not be considered a termination for convenience for the purposes of this Section 6.2.

6.3 Termination. Notwithstanding the termination provisions in Section 2.5.2, in the event of any material breach of this Agreement, the non-breaching Party may terminate this Agreement prior to the end of the Term by giving thirty (30) days prior written notice to the breaching Party; provided, however, that this Agreement will not terminate if the breaching Party has cured the breach prior to the expiration of such thirty (30) day period. Either Party may terminate this Agreement, without notice, (i) upon the institution by or against the other Party of insolvency, receivership or bankruptcy proceedings, (ii) upon the other Party's making an assignment for the benefit of creditors, or (iii) upon the other Party's dissolution or ceasing to do business. Upon termination for Flock's material breach, Flock will refund to Agency a pro-rata portion of the pre-paid fees for Services not received due to such termination.

6.4 No-Fee Term. Flock will provide Agency with complimentary access to Hotlist alerts, as further described in Section 4.2 (“**No-Fee Term**”). In the event a Non-Agency End User grants Agency access to Footage and/or notifications from a Non-Agency End User, Agency will have access to Non-Agency End User Footage and/or notifications until deletion, subject to a thirty (30) day retention policy for all products except Wing Replay, which is subject to a seven (7) day retention policy. Flock may, in their sole discretion, provide access or immediately terminate the No-Fee Term. The No-Fee Term will survive the Term of this Agreement. Flock, in its sole discretion, can determine to impose a price per No-Fee Term upon thirty (30) days' notice to Agency. Agency may terminate any No-Fee Term or access to future No-Fee Terms upon thirty (30) days' notice.

6.5 Survival. The following Sections will survive termination: 2.5, 2.6, 3, 4, 5, 6.4, 7.3, 7.4, 8.1, 8.2, 8.3, 8.4, 9.1 and 9.6.

7. REMEDY; WARRANTY AND DISCLAIMER

7.1 Remedy. Upon a malfunction or failure of Flock Hardware or Embedded Software (a “**Defect**”), Agency must notify Flock’s technical support as described in Section 2.10 above. If Flock is unable to correct the Defect, Flock shall, or shall instruct one of its contractors to repair or replace the Flock Hardware or Embedded Software suffering from the Defect. Flock reserves the right in their sole discretion to refuse or delay replacement or its choice of remedy for a Defect until after it has inspected and tested the affected Flock Hardware provided that such inspection and test shall occur within a commercially reasonable time, but no longer than seven (7) business days after Agency notifies the Flock of a

known Defect. In the event of a Defect, Flock will repair or replace the defective Flock Hardware at no additional cost to Agency. Absent a Defect, in the event that Flock Hardware is lost, stolen, or damaged, Agency may request that Flock replace the Flock Hardware at a fee according to the then-current Reinstall policy (<https://www.flocksafety.com/reinstall-fee-schedule>). Agency shall not be required to replace subsequently lost, damaged or stolen Flock Hardware, however, Agency understands and agrees that functionality, including Footage, will be materially affected due to such subsequently lost, damaged or stolen Flock Hardware and that Flock will have no liability to Agency regarding such affected functionality nor shall the Usage Fee or Implementation Fees owed be impacted. Flock is under no obligation to replace or repair Flock Hardware or Agency Hardware.

7.2 Exclusions. Flock will not provide the remedy described in Section 7.1 if Agency has misused the Flock Hardware, Agency Hardware, or Service in any manner.

7.3 Warranty. Flock shall use reasonable efforts consistent with prevailing industry standards to maintain the Services in a manner which minimizes errors and interruptions in the Services and shall perform the Installation Services in a professional and workmanlike manner. Services may be temporarily unavailable for scheduled maintenance or for unscheduled emergency maintenance, either by Flock or by third-party providers, or because of other causes beyond Flock's reasonable control, but Flock shall use reasonable efforts to provide advance notice in writing or by e-mail of any scheduled service disruption.

7.4 Disclaimer. THE REMEDY DESCRIBED IN SECTION 7.1 ABOVE IS AGENCY'S SOLE REMEDY, AND FLOCK'S SOLE LIABILITY, WITH RESPECT TO DEFECTIVE EMBEDDED SOFTWARE. FLOCK DOES NOT WARRANT THAT THE SERVICES WILL BE UNINTERRUPTED OR ERROR FREE; NOR DOES IT MAKE ANY WARRANTY AS TO THE RESULTS THAT MAY BE OBTAINED FROM USE OF THE SERVICES. EXCEPT AS EXPRESSLY SET FORTH IN THIS SECTION, THE SERVICES ARE PROVIDED "AS IS" AND FLOCK DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. THIS DISCLAIMER OF SECTION 7.4 ONLY APPLIES TO THE EXTENT ALLOWED BY THE GOVERNING LAW OF THE STATE MENTIONED IN SECTION 9.6.

7.5 Insurance. Flock will maintain commercial general liability policies with policy limits reasonably commensurate with the magnitude of Flock's business risk. Certificates of Insurance can be provided upon request.

7.6 Force Majeure. Parties are not responsible or liable for any delays or failures in performance from any cause beyond their control, including, but not limited to acts of God, changes to law or regulations, embargoes, war, terrorist acts, acts or omissions of third-party technology providers, riots, fires, earthquakes, floods, power blackouts, strikes, supply chain shortages of equipment or supplies, weather conditions or acts of hackers, internet service providers or any other third party acts or omissions. Force Majeure includes the novel coronavirus Covid-19 pandemic, and the potential spread of variants, which is ongoing as of the date of the execution of this Agreement.

8. LIMITATION OF LIABILITY; NO FEE TERM; INDEMNITY

8.1 Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY, FLOCK AND ITS SUPPLIERS (INCLUDING BUT NOT

LIMITED TO ALL HARDWARE AND TECHNOLOGY SUPPLIERS), OFFICERS, AFFILIATES, REPRESENTATIVES, CONTRACTORS AND EMPLOYEES SHALL NOT BE RESPONSIBLE OR LIABLE WITH RESPECT TO ANY SUBJECT MATTER OF THIS AGREEMENT OR TERMS AND CONDITIONS RELATED THERETO UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY, PRODUCT LIABILITY, OR OTHER THEORY: (A) FOR ERROR OR INTERRUPTION OF USE OR FOR LOSS OR INACCURACY, INCOMPLETENESS OR CORRUPTION OF DATA OR FOOTAGE OR COST OF PROCUREMENT OF SUBSTITUTE GOODS, SERVICES OR TECHNOLOGY OR LOSS OF BUSINESS; (B) FOR ANY INDIRECT, EXEMPLARY, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES; (C) FOR ANY MATTER BEYOND FLOCK'S ACTUAL KNOWLEDGE OR REASONABLE CONTROL INCLUDING REPEAT CRIMINAL ACTIVITY OR INABILITY TO CAPTURE FOOTAGE OR IDENTIFY AND/OR CORRELATE A LICENSE PLATE WITH THE FBI DATABASE; (D) FOR ANY PUBLIC DISCLOSURE OF PROPRIETARY INFORMATION MADE IN GOOD FAITH; (E) FOR CRIME PREVENTION; OR (F) FOR ANY AMOUNTS THAT, TOGETHER WITH AMOUNTS ASSOCIATED WITH ALL OTHER CLAIMS, EXCEED THE FEES PAID AND/OR PAYABLE BY AGENCY TO FLOCK FOR THE SERVICES UNDER THIS AGREEMENT IN THE TWELVE (12) MONTHS PRIOR TO THE ACT OR OMISSION THAT GAVE RISE TO THE LIABILITY, IN EACH CASE, WHETHER OR NOT FLOCK HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION OF LIABILITY OF SECTION 8 ONLY APPLIES TO THE EXTENT ALLOWED BY THE GOVERNING LAW OF THE STATE MENTIONED IN SECTION 9.6. THIS LIMITATION OF LIABILITY SHALL NOT APPLY TO: (I) ANY BREACH OF THIS AGREEMENT BY FLOCK; OR (II) THE GROSS NEGLIGENCE OR INTENTIONAL MISCONDUCT OF FLOCK.

8.2 Additional No-Fee Term Requirements. IN NO EVENT SHALL FLOCK'S AGGREGATE LIABILITY, IF ANY, ARISING OUT OF OR IN ANY WAY RELATED TO THE COMPLIMENTARY NO-FEE TERM AS DESCRIBED IN SECTION 6.4 EXCEED \$100, WITHOUT REGARD TO WHETHER SUCH CLAIM IS BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE), PRODUCT LIABILITY OR OTHERWISE. Parties acknowledge and agree that the essential purpose of this Section 8.2 is to allocate the risks under the No-Fee Term described in Section 6.4 and limit potential liability given the aforementioned complimentary service, which would have been substantially higher if Flock were to assume any further liability other than as set forth herein. Flock has relied on these limitations in determining whether to provide the complementary No-Fee Term. The limitations set forth in this Section 8.2 shall not apply to claims or damages resulting from Flock's other obligations under this Agreement.

8.3 Responsibility. Each Party to this Agreement shall assume the responsibility and liability for the acts and omissions of its own employees, deputies, officers, or agents, in connection with the performance of their official duties under this Agreement. Each Party to this Agreement shall be liable (if at all) only for the torts of its own officers, agents, or employees and breach of this Agreement.

9. MISCELLANEOUS

9.1 Compliance With Laws. Both Parties agree to comply with all applicable local, state and federal laws, regulations, policies and ordinances and their

associated record retention schedules, including responding to any subpoena request(s). In the event Flock is legally compelled to comply with a judicial order, subpoena, or government mandate, to disclose Agency Data or Agency Generated Data, Flock will provide Agency with notice.

9.2 Severability. If any provision of this Agreement is found to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement will otherwise remain in full force and effect.

9.3 Assignment. This Agreement is not assignable, transferable or sublicensable by either Party, without prior consent. Notwithstanding the foregoing, either Party may assign this Agreement, without the other Party's consent, (i) to any parent, subsidiary, or affiliate entity, or (ii) to any purchaser of all or substantially all of such Party's assets or to any successor by way of merger, consolidation or similar transaction.

9.4 Entire Agreement. This Agreement, together with the Order Form(s), the then-current Reinstall policy (<https://www.flocksafety.com/reinstall-fee-schedule>), Deployment Plan(s), and any attached addenda are the complete and exclusive statement of the mutual understanding of the Parties and supersedes and cancels all previous written and oral agreements, communications and other understandings relating to the subject matter of this Agreement, and that all waivers and modifications must be in a writing signed by both Parties, except as otherwise provided herein. None of Agency's purchase orders, authorizations or similar documents will alter the terms of this Agreement, and any such conflicting terms are expressly rejected. In the event of any conflict of terms found in this Agreement or any other terms and conditions, the terms of this Agreement shall prevail.

9.5 Relationship. No agency, partnership, joint venture, or employment is created as a result of this Agreement and Agency does not have any authority of

any kind to bind Flock in any respect whatsoever. Flock shall at all times be and act as an independent contractor.

9.6 Governing Law; Venue. This Agreement shall be governed by the laws of the State in which the Agency is located. The Parties hereto agree that venue for any claims between the Parties shall be in the courts of the State of which the Agency is located. The Parties agree that the United Nations Convention for the International Sale of Goods is excluded in its entirety from this Agreement.

9.7 Publicity. Flock shall not reference or use Agency's name and trademarks, or disclose the nature of the Services provided hereunder in each case in business and development and marketing efforts, including without limitation on Flock's website, without the prior written permission of Agency.

9.8 Export. Agency may not remove or export from the United States or allow the export or re-export of the Flock IP or anything related thereto, or any direct product thereof in violation of any restrictions, laws or regulations of the United States Department of Commerce, the United States Department of Treasury Office of Foreign Assets Control, or any other United States or foreign agency or authority. As defined in Federal Acquisition Regulation ("FAR"), section 2.101, the Services, the Flock Hardware and Documentation are "commercial items" and according to the Department of Defense Federal Acquisition Regulation ("DFAR") section 252.2277014(a)(1) and are deemed to be "commercial computer software" and "commercial computer software documentation." Flock is compliant with FAR Section 889 and does not contract or do business with, use any equipment, system, or service that uses the enumerated banned Chinese telecommunication companies, equipment or services as a substantial or essential component of any system, or as critical technology as part of any Flock system. Consistent with DFAR section 227.7202 and FAR section 12.212, any use, modification, reproduction, release, performance, display, or disclosure of such commercial software or commercial software documentation by the U.S.

Government will be governed solely by the terms of this Agreement and will be prohibited except to the extent expressly permitted by the terms of this Agreement.

9.9 Headings. The headings are merely for organization and should not be construed as adding meaning to the Agreement or interpreting the associated sections.

9.10 Authority. Each of the below signers of this Agreement represent that they understand this Agreement and have the authority to sign on behalf of and bind the Parties they are representing.

9.11 Notices. All notices under this Agreement will be in writing and will be deemed to have been duly given when received, if personally delivered; when receipt is electronically confirmed, if transmitted by email; the day after it is sent, if sent for next day delivery by recognized overnight delivery service; and upon receipt, if sent by certified or registered mail, return receipt requested.

Dan, we are going through some previous language in our current agreement, preparing to have the five-year contract approved. The following statement was in our last presentation to the council:

The agreement prohibits Flock from using any footage captured by the cameras except for the City's law enforcement purposes, unless the footage is anonymized to prevent identification of any individual. The agreement also expressly prohibits the sale of any footage for any reason.

Is this language Flock uses (it may have been added by our legal team for the presentation to the council)? If it is your language, please provide what exactly the highlighted statement means and a situation where it could happen.

I will flip this to my legal to confirm, but Your legal made a lot of redlines in that area of the contract. I believe that comes from your side.

Hi William Bonaguidi,

Below you will find a summary of upcoming activities related to your Flock Safety network.

Recent Activity	Status	Visit Type	Completed/Scheduled Date
#15 -Green Bay@Prairie SB	Completed	Maintenance - Complete Regular Maintenance	1/10/2024

Status:

Scheduling: We are actively scheduling the technician visit - be that for a pre-installation site survey or the installation. Be on the lookout for the dispatched appointment within the next week or two.

Scheduled: Barring unforeseen circumstances, the technician will be onsite for your site survey or installation on this date.

Completed: The technician has completed the visit. Next step: the experts are in the process of confirming that your cameras are functioning properly (receiving adequate sunlight, connecting regularly to the cellular network, taking high-quality images, etc.). Once that part is complete, we will grant access to your camera footage.

Visit Types:

Site Survey: The technician will confirm that the locations previously agreed upon will work for the installation. The technician will place white flags at each location according to the plan you approved.

Installation: The technician will follow the plan based on the results of the site survey.

Maintenance: Our systems have identified an issue with your camera and a technician will be onsite to resolve the issue.

Stay Safe,
Your Flock Safety Team

Scheduled: Barring unforeseen circumstances, the technician will be onsite for your site survey or installation on this date.

Completed: The technician has completed the visit. Next step: the experts are in the process of confirming that your cameras are functioning properly (receiving adequate sunlight, connecting regularly to the cellular network, taking high-quality images, etc.). Once that part is complete, we will grant access to your camera footage.

Visit Types:

Site Survey: The technician will confirm that the locations previously agreed upon will work for the installation. The technician will place white flags at each location according to the plan you approved.

Installation: The technician will follow the plan based on the results of the site survey.

Maintenance: Our systems have identified an issue with your camera and a technician will be onsite to resolve the issue.

Flock Safety Webinar

In today's rapidly evolving world of law enforcement, decisiveness and accuracy are key. This need for swift response while maintaining community and officer safety has led to an increased importance on centralized intelligence and real-time analysis.

This leads many to believe the myth that real-time policing requires a control room filled with expensive video screens, computers, multiple monitors, and advanced technology.

Join us on Thursday, January 25th at 2 p.m. ET / 11 a.m. PT as Captain Jacob Johnston from Tulsa PD and Flock Safety's Director of RTCC Strategy, Dalton Webb discuss:

- The imperative role that Real-Time Crime Centers (RTCCs) play, no matter the size of your agency
- Six steps to develop a Level 1 Real-Time Crime Center
- How Tulsa PD overcame budget, personnel, and technology obstacles to successfully open their Real-Time Investigative Center (RTIC) last year, just in time for an

unprecedented flooding event

Hi there,

We monitor the weather across the country to ensure that Flock Safety devices are capturing as much evidence as possible. With that, our systems indicate that some of your devices may experience some downtime due to the large storm passing through the country this week.

If the weather is below freezing, the battery may struggle to charge. As soon as the temperature rises, you should expect your devices to return to normal.

If your area is without sunlight for an extended period, the devices will utilize the internal batteries, but if that timeframe is prolonged enough, you may experience some gaps in coverage.

Our team of technicians will be in your area to visit devices that require maintenance; response times may be hampered by travel conditions.

Thank you for your patience and understanding, and stay safe,
The Flock Team

We monitor the weather across the country to ensure that Flock Safety devices are capturing as much evidence as possible. With that, our systems indicate that some of your devices may experience some downtime due to the large storm passing through the country this week.

If the weather is below freezing, the battery may struggle to charge. As soon as the temperature rises, you should expect your devices to return to normal.

If your area is without sunlight for an extended period, the devices will utilize the internal batteries, but if that timeframe is prolonged enough, you may experience some gaps in coverage.

Our team of technicians will be in your area to visit devices that require maintenance; response times may be hampered by travel conditions.

Thank you for your patience and understanding, and stay safe,
The Flock Team
