

MUCKROCK NEWS
DEPT MR 183103
263 HUNTINGTON AVE
BOSTON, MA 02115

LAFAYETTE POLICE DEPARTMENT
APRA OFFICE
20 N 6TH ST STE 3
LAFAYETTE, IN 47901-1412

March 18, 2025

To Whom It May Concern:

Pursuant to the Indiana Access to Public Records Act, I hereby request the following records related to the use of any AI-assisted police report technology provided by the company Axon (previously known as Taser). This technology may be referred to as Draft One (<https://www.axon.com/products/draft-one>), the Axon Narrative Assistant, or by another name.

For more information on the Axon Narrative Assistant, please refer to the User Guide found at this link: https://www.documentcloud.org/documents/25418151-axon-narrative-assistant-user-guide_axon-records-1-1/.

For more information on Axon Draft One, please look at this page on the Axon website: <https://www.axon.com/resources/closer-look-draft-one>.

POLICE REPORTS

1. All police report narratives, supplemental report narratives, warrant affidavits, statements, and other narratives documenting law enforcement related incidents that were generated using Axon Draft One between Dec 1, 2024 and the date this request is received.

AUDIT LOGS

2. Audit logs - Axon Evidence

a. Audit logs for the period December 1, 2024 through the date this request is received, for the 10 most recently active users.

According to Axon's online user manual, through Axon Evidence agencies are able to view audit logs of individual officers to ascertain whether they have requested the use of Draft One, signed a Draft One liability disclosure or changed Draft One settings.

(https://my.axon.com/s/article/View-the-audit-trail-in-Axon-Evidence-Draft-One?language=en_US)

In order to obtain these audit logs, you may follow the instructions on this Axon page:

https://my.axon.com/s/article/Viewing-a-user-audit-trail?language=en_US

In order to produce a list of the 10 most recent active users, you may click the arrow next to "Last Active" then select the most 10 recent. The [...] menu item allows you to export the audit log. We would prefer these audits as .csv files if possible.
