Re: Request for Public Records Received 3/16/2021

Dear Gregg Horton:

The City of Benicia ("City") is in receipt of your email request seeking:

"Any emails, written communications, documents, contracts, presentations, or other communications between officials from the Benicia Police Department and officials from the company "Flock Safety."

In your request, you further describe that this request includes:

"Benicia Police Department records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, and minutes of any meetings. The search should be limited to responsive records created between January 1, 2019 and the day the request is fulfilled."

This letter shall serve as the City's further formal written response to your request under the California Public Records Act (Government Code section 6250 *et seq.*). A copy of your request is enclosed for reference.

I would like to contact you to discuss ways to narrow this search so that the City can provide more specific records in a quicker fashion. Please contact me at your earliest convenience to discuss.

The City wishes to cooperate to the fullest extent possible with the Public Records Act. Under established California law, the City is obliged to comply with a request for a public record so long as the requester makes a specific and focused request for information, that information is maintained by the City in its ordinary course of business, the information is disclosable, and the record can be located with reasonable effort. The

Public Records Act provides for the inspection or copying of existing identifiable public records; it does not compel the City to create new records, lists, privilege logs, or reports in response to a request.

The City is required to determine whether the request, in whole or in part, seeks copies of disclosable public records. Pursuant to the California Public Records Act (Government Code §§6250 *et seq.*), such determination must take place within ten (10) days of the City's receipt of the request, unless the requestor is advised that more time is needed. In my April 9, 2021 letter, I stated that the City had determined that your request seeks disclosable records, and that due to the voluminous size of the response to your request, the City would produce these responsive documents on a rolling schedule, with documents provided by Friday of each week, until all responsive records have been sent.

Since City Hall is closed tomorrow, I am sending this week's response today. I am enclosing a copy of the next grouping of responsive files in response to your request.

The next response will be sent on or before next Friday, May 21, 2021.

If you have any questions about this response, or if you would like to discuss ways to narrow your search so that the City can provide more specific records in a quicker fashion, please feel free to contact me directly at [jbergstrom@ci.benicia.ca.us](mailto:jbergstrom@ci.benicia.ca.us) or 707-746-4200.

Sincerely,

Jennifer Bergstrom

To Whom It May Concern:

Pursuant to the California Public Records Act, I hereby request the following records:

Any emails, written communications, documents, contracts, presentations, or other communications between officials from the Benicia Police Department and officials from the company "Flock Safety."

We seek Benicia Police Department records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, and minutes of any meetings. The search should be limited to responsive records created between January 1, 2019 and the day the request is fulfilled.

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 10 calendar days, as the statute requires.

Sincerely,

Gregg Horton

Davis,

I was very interested in your product at the IACP convention.

I happened to be speaking to the Vacaville police chief, John Carli (I've copied him here), the other day and he mentioned that he was also intrigued.

I'd like to set something up where we could get a presentation and demo and see what is possible...perhaps for both departments so you could kill two birds with one stone.

Let me know if that is possible.

Erik

Hi Erik,

I hadn't heard back from you, but I figured I'd give it one last try...

Would you be interested in gaining free access to ALPRs in your jurisdiction?

If not, please let me know so I don't become a bother.

Hi Erik,

I'd like to invite you to an ALPR webinar that I'm co-hosting with our CEO & Founder, Garrett Langley, on **Wednesday, 10/07 at 10:00 AM PDT**. We have guests joining from San Ramon PD and Danville PD to share their stories and tremendous success with Flock Safety LPR cameras.

Our focus will be on the technology (Solar Power, Cellular, AI/Machine Learning, and more) and the results that are produced both in terms of arrests AND increased community engagement. **Please register to join the virtual event by [clicking here](#).**

Feel free to forward this invite along to your law enforcement colleagues and peers that may be interested in joining. I look forward to sharing results like these that are possible when a new breed of LPR Camera is combined with excellent police work:

- [Vacaville PD](#) solves crime with cameras paid for by the community.
- [Hemet PD](#) recovers 24 stolen cars, solved an armed robbery, and made over 20 arrests in their first month with Flock LPR cameras.
- [Ontario PD](#) sees instant results with new Flock Safety LPRs - 14 stolen vehicles recovered in three weeks.

Are you interested in attending? Visit [this link](#) to save your spot.
