Good evening Lt.,

Hope all is well. Great to e-meet you.

No worries at all, we are happy to help.

We don't currently have any public housing integrated yet, although the team has a call with Atlanta Housing Authority tomorrow. Please also note, Atlanta doesn't have much public housing. The Atlanta Housing Authority does own a few residential properties for the elderly. I can track the outcome of tomorrow's meeting and circle in with any valuable info. Also happy to connect you should this materialize. If a future call makes sense to answer additional questions, just let me know.

I have copied Mrs. Johnson to assist in scheduling in case you'd like to meet virtually.

Best,

Marshall B. Freeman

Subject: [EXTERNAL] Omaha Police Fusus Integrations

Chief Freeman,

I am a recently retired Lt with Omaha that has been contracted back to continue developing our Real-Time Operations.

I am honored that you allowed Fusus to share your information with us. We are early in our adaptation and integration with Fusus in our newly created Real-Time Operations Center.

I have a hundred questions that I won't flood you with here, but one that is a priority just came up today.

We have the Omaha Housing Authority interested in integrations and asked if we have any examples of **public housing** integrations and any feedback. Has Atlanta connected with public housing? Is there a contact with the Atlanta public housing that would be willing to discuss pros and cons with our housing authority?

I appreciate your help!
