[FlockOS 911](#)

Hi there,

Empower your patrol officers with [FlockOS® 911](#), powered by [Prepared](#). This game-changing software allows officers to listen to live 911 calls through their Mobile Data Terminal (MDT) while en route to incidents. By receiving real-time call information, officers are not just responding—they're responding with situational clarity, ensuring faster, more effective action.

[FlockOS 911 Demo](#)

Seamless integration with your existing FlockOS® systems means adoption is straightforward and efficient, enhancing your force's capabilities without disrupting established workflows.

Experience the Difference
