Sgt,

Please see FLock's internal discussion below. It looks like we built this out to make our clients compliant without you needing to do anything, but did not build a way for you to easily show which departments did fill this out. Our team is meeting Wednesday on this. Hopefully we will have a better answer for you shortly.

 **Mike Molina** 2:41 PM (1 hour ago) ☆ [View Mike Molina](#) [Remind Me](#)

to Esther, Emmanuel Martin, me, Kameron

Adding [Emmanuel Azih](#) to the thread to help work through the Illinois Compliance issue as it pertains to providing proof of HB3326 attestation to our customers.

Here are the FOIA changes that were made pursuant to the new law. (See page 32).

[Here](#) is some legislative history + the text of the statutes as a primer.

The main issue seems to be that the statute provides that any law enforcement agency that uses ALPR systems shall require other out-of-state law enforcement agencies to acknowledge that any shared ALPR images or data generated in the State will not be used in a manner that violates the provisions by executing a written declaration before obtaining that data, and if a written declaration is not executed before sharing or transfer of the data, the law enforcement agency shall not share the ALPR images or data with the out-of-state law enforcement agency. Now, people are submitting FOIA requests for that written declaration, which they don't have because outside entities clicked a box to attest to the law. In an ideal world, we should provide them with a way to download a file that shows all of the agencies/individuals that attested to our pop-up box.

Emmanuel will take the reins from a legal perspective on a path forward.

Molina

\*\*\*

 **Esther Rahman** 3:34 PM (39 minutes ago) ☆ [Add Person](#)

to Mike, Emmanuel me, Kameron, Martin

It sounds like from a legal perspective, we're okay with allowing users to self-serve this information and I can plan this work in Q2. In the meantime, we're going to need a process of manually pulling.

[@EmmanuelAzih](#) Lets talk about this a little bit in our Wednesday meeting and figure out what process we can put in place for our agency's who are getting FOIA requests.

\*\*\*

 **Emmanuel Azih** <emmanuel.azih@flocksafety.com> 3:50 PM (23 minutes ago) ☆ [Add Person](#)

to Esther, Mike, me, Kameron, Martin

That sounds good.

**Cc:** John Rice; William Rochotte  
**Subject:** Re: FW: ALPR FOIA

Flock worked with the IL Chief Association while this law was being written we reached out to every Flock client to get their written confirmation they will not use the Illinois cameras for immigration or reproductive health reasons. If they did not sign off on this they lost access to all the Illinois cameras. So the Flock system is in compliance with 625 ILCS 5/2-130. There was no action needed by your team.

I will pass the specific questions along to my government affair manager for him to look at & answer each question individually.

Regards,

Dan, we received a FOIA request and I'm sure we aren't the only ones. I know we had to check that box agreeing to the new law, but I am not sure if agencies outside of Illinois had to agree to this as well. If not, we may have to stop sharing data with other agencies outside Illinois until an agreement is reached in writing that they will abide by this new law. Note, I am just reading through all this now. Thanks.

**Subject:** ALPR FOIA

Just curious if anyone knows if we have any of the 8 requests below? Response due by 2/1.

To Whom It May Concern,

According to the newly enacted 625 ILCS 5/2-130 :

"(b) An ALPR user shall not sell, share, allow access to, or transfer ALPR information to any state or local jurisdiction for the purpose of investigating or enforcing a law that:

- (1) denies or interferes with a person's right to choose or obtain reproductive health care services or any lawful health care services as defined by the Lawful Health Care Activity Act; or
- (2) permits the detention or investigation of a person based on the person's immigration status.

(c) Any ALPR user in this State, including any law enforcement agency of this State that uses ALPR systems, shall not share ALPR information with an out-of-state law enforcement agency without first obtaining a written declaration from the out-of-state law enforcement agency that it expressly affirms that ALPR information obtained shall not be used in a manner that violates subsection (b). If a written declaration of affirmation is not executed, the law enforcement agency shall not share the ALPR information with the out-of-state law enforcement agency."

Pursuant to Illinois Freedom of Information Act., I hereby request the following records:

- 1) Policies and Procedures: Any current policies and procedures that have been adopted to ensure compliance with 625 ILCS 5/2-130.
- 2) Training Materials: Any training materials provided to staff about 625 ILCS 5/2-130.
- 3) Audit or Compliance Reports: Any recent audit or compliance reports that assess adherence to 625 ILCS 5/2-130.

- 4) Agency Sharing List: A list of all state and local agencies, both within and outside of Illinois, with which ALPR camera data is shared or has been shared.
- 5) Written Declarations: Written declarations received from out-of-state law enforcement agencies affirming that ALPR information obtained shall not be used in a manner that violates subsection (b).
- 6) Correspondence: Correspondence between your agency and other state or local jurisdictions, or out-of-state law enforcement agencies, regarding the sharing of ALPR information.
- 7) Records of Violations: Records or reports of any violations of 625 ILCS 5/2-130 legislation, including unauthorized sharing of data.
- 8) Disciplinary Actions: Documentation of any disciplinary actions taken against individuals or departments for non-compliance with 625 ILCS 5/2-130.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filed electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 5 business days, as the statute requires business days, as the statute requires.

Sincerely,  
Corvid, Lucy Parsons Labs

Thanks,

Tim

Good Morning,

I have compiled the OPER 1051 (attached) for your review/signature.  
[Here is a doc that explains the entire process](#), but I will spell your part out here as well.

- *Please print the attached document out Four (4) times and sign and date with pen under "Applicant Signature"*
- *Mail all 4 copies to our IDOT Approved Contractor to sign as well:*
- *Cowan Electric*  
*ATTN: Dawn Cowan*  
*PO Box 5066*  
*Elgin, IL 60121*

Please let me know when you have signed and mailed to Cowan Electric so I can keep track of the progress.

The additional steps for issuance include Bond Procurement(we will handle this) and then the final signature by IDOT.

From there we will be able to get you on the schedule for installation!

If you have any questions, please let me know!

Approved by Department of Transportation:

**First:** The Applicant represents and warrants that it is the party in interest respecting this permit and that it is the agent in fact with authority to bind all parties in interest to the obligations and undertakings agreed to in this permit. The Applicant represents and warrants that the property lines shown on the attached plan sheet(s) or sketch are true and correct, and that all proposed work is accurately depicted thereon.

**Second:** The proposed work shall be located and constructed to the satisfaction of the Regional Engineer or his/her duly authorized representative. No revision or additions shall be made to the proposed work on the right-of-way without the written permission of the Regional Engineer. The Applicant agrees to complete all work to the standards and specifications identified by the Regional Engineer or his/her authorized representative as a condition of granting this Permit. The Applicant agrees to furnish all labor, equipment and material to restore portions of the highway right-of-way to the condition satisfactory to the Regional Engineer or his/her authorized representative including, but not limited to, all landscape restoration. The Applicant shall not trim, cut or in any way disturb any trees or shrubbery along the highway without the approval of the Regional Engineer or his/her duly authorized representative. Any and all documents, writings and notes reflecting or identifying the standards, specifications, understandings and conditions applicable to the performance of the permitted work required by the Regional Engineer or his/her authorized representative are hereby incorporated into this Permit by reference as though fully set forth herein.

**Third:** Traffic control is to be utilized when installing License Plate Readers. The attached Highway Standards shall be utilized. The attached OPER 2410 Form shall be submitted at least 21 days in advance of any required lane closure. The Applicant shall also fill out and submit the BSPE 725 form for the proposed traffic control. Both items shall be submitted via e-mail to \_\_\_\_\_ for approval and processing by the District.

**Fourth:** An additional Traffic Control permit shall be required each time a lane closure is required for maintenance or repair of any one of the License Plate Readers along with a new OPER 2410 form and a new BSPE 725 form. These future permits shall be obtained from the appropriate District office.

**Fifth:** The Applicant shall engage only in the proposed work approved herein, and subject to the hazards incident to such activities, assumes all risks associated therewith. The Applicant assumes full and strict liability for the actions of itself, all parties in interest, its agents and employees, contractors, subcontractors and consultants. The Applicant and all parties in interest shall save, defend, hold harmless and indemnify the State of Illinois and each of its officers, agents, employees, invitees and others associated with it from and against any and all suits, claims, actions, losses, injuries, damages, judgments, and expenses that are based on, or that arise or are alleged to have arisen out of the performance of the work approved herein, including, but not limited to, any act, willful or intended, or negligence of the Applicant and any party in interest, its agents and employees, contractors, subcontractors and consultants whether at law, in equity or common law. In the event the Applicant or any party in interest fails, neglects, or refuses to comply with any provision of this indemnity, the State of Illinois may take any action necessary to protect itself from liability, including any action to pay, settle, compromise and procure the discharge thereof, in which case the Applicant or party in interest, jointly and severally, shall be liable and bound unto the State of Illinois for any and all expenses related thereto, including attorney's fees.

**Sixth:** The Department is not responsible for any damage costs to the License Plate Readers or times when the License Plate Readers cannot be operated due to the Department's normal maintenance or repair activities. Components of the Reader system shall be clear of any walkways or other areas required for structural maintenance operations. Should the License Plate Readers or conduits need to be adjusted, removed or relocated due to the Department's construction, maintenance or repair activities, the costs of said adjustment, removal or relocation will be the Applicant's responsibility. The Department does not warrant nor guarantee the validity of this permit on any new or replacement structure.

**Seventh:** This permit is effective only insofar as the Department has jurisdiction and does not presume to release the Applicant from compliance with the provisions of any existing statutes, including the Biometric Information Privacy Act, local regulations, or future statutes or regulations.

**Eighth:** A contractor currently prequalified by the Department in electrical work shall be approved. Prior to the commencement of the said work on the State highway, the applicant shall furnish the Regional Engineer a copy of the contractor's current Certificate of Eligibility, or, if the permittee proposes to use a contractor not currently prequalified by the Department, information satisfactory to the Department evidencing the contractor's qualification and ability to perform the said work. The Department may require the use of one of its electrical maintenance contractors to perform said work in order to avoid conflicts with maintenance of existing Department structures.

**Ninth:** The Applicant or their contractor at their expense will be responsible for determining the location of and protecting any State owned facilities, including buried facilities, and will be responsible for the cost of repair or replacement of any such facilities damaged as a result of the work covered herein. The Applicant may contact \_\_\_\_\_ for location information of State-owned facilities. The Applicant shall assume all responsibility for interference with all other existing utilities in, along or upon said right of way. Any damage to IDOT property or appurtenances shall be repaired by the Applicant or their contractor in a manner meeting the Department's approval.

**Tenth:** License Plate Readers must utilize a separate electrical meter for their energy charges unless specifically authorized by the Department in which case the Department makes no guarantees on the continuity and maintenance of the electric service. The License Plate Readers must use separate electrical cabling and either dedicated communication lines or cellular modems to collect data from the License Plate Readers so as to not use or involve any Department communications infrastructure whatsoever.

**Eleventh:** Separate conduits for any wiring must be installed outside of the IDOT conduits. The Applicant or their contractor shall provide specific mounting details to the Department for review, comment, and approval prior to any installation of conduit or mounting brackets on the Department structure. All mounting hardware or brackets shall be either stainless steel or other material which will not harm or impede aesthetics. The additional surface area of installed Readers and mounting hardware shall not create a total surface area attached to the structure that exceeds the allowed maximum. The Department reserves the right to perform or require a structural analysis of the proposed attachment of the License Plate Reader system prior to execution of this permit. ABSOLUTELY NO DRILLING, TAPPING, OR PUNCTURING SHALL BE PERMITTED ON ANY STRUCTURE.

**Twelfth:** The Applicant shall be responsible for repair, removal or replacement of any and all License Plate Reader equipment damaged by any cause whatsoever, and any associated costs. The Department will not provide any compensation for repair, removal or replacement.

**Thirteenth:** The Applicant shall be responsible to make recovery for damage to any part of the installation from the third party causing the damage.

**Fourteenth:** The Applicant agrees to respond to emergency calls to repair License Plate Reader equipment and/or associated hardware from authorized parties twenty-four (24) hours per day including Saturdays, Sundays, and holidays.

**Fifteenth:** The Applicant shall provide the Department the name, address, and telephone number of at least one person who will be available for emergency repair to the License Plate Reader system and shall keep the Department informed on any changes of same.

**Sixteenth:** The Applicant or their designee bears sole responsibility for all aspects of installation, operations, maintenance, data, and compliance with existing and future laws, including the Biometric Information Privacy Act, associated with the License Plate Readers.

**Seventeenth:** All documents, data, and records associated with the Applicant's use of the License Plate Readers, without limitation and whether preliminary or final, are the property and responsibility of the Applicant. The Department shall have no responsibility with respect to production or communication of data produced by the License Plate Readers. License Plate Reader installations shall utilize separate microwave or other wireless communication methods. Data collection and/or transfer shall not use IDOT communications infrastructure, including fiber optic cable. IDOT shall not host or move data for other entities, nor record data for storage or later transmission.

**Eighteenth:** The Applicant acknowledges and agrees that the Applicant will be individually responsible for the obligations of a public body required under the Illinois Freedom of Information Act, 5 ILCS 140 et seq. ("FOIA") for FOIA requests seeking the electronically stored, or otherwise recorded, video, film or other visual memorialization(s) and data created under this permit that constitute a public record, as defined in section 2 of the FOIA statute. Accordingly, the Applicant agrees that IDOT will refer any individuals who submit to IDOT such FOIA requests to the Applicant's Freedom of Information Officer, and that the Applicant will receive and respond to all such requests, and search for, obtain, review for FOIA exempt information, and otherwise entirely handle any of the above-described responsive public records.

**Nineteenth:** The Department shall give notice to Applicant of any planned actions or activities which impact the License Plate Readers. The Applicant shall be required to remove any and all License Plate Reader equipment impacted by the Department's planned actions or activities, and as required or requested by the Department. However, the Department will neither compensate nor guarantee alternatives under any circumstances. Applicant's failure to remove equipment within thirty (30) days shall constitute permission to the Department to remove the License Plate Reader equipment, at the Applicant's cost.

**Twentieth:** Following completion of any work, all waste materials shall be removed from the highway right of way. Any damage to State property shall be the responsibility of the Applicant. Any areas disturbed by equipment or workers shall be repaired and returned to its original condition.

**Twenty-first:** The Department reserves all rights and authority to revoke this permit at any time for any cause.

**Subject:** IL - Village Of Rosemont City Permitting Des Plaines - 462666

Good Afternoon,

We are working on Camera Installations for the Village of Rosemont Police Department. Essentially we will need to install (2) PTZ Cameras to Existing Light Poles within the City of Des Plaines to help with criminal investigations . Many cities do not require permits for this type of work as they usually give us the permission to utilize City owned infrastructures to complete these types of installs for their local Police Departments, but I wanted to check with you on this process.

I have attached the site plan map that displays all location addresses for these installs including equipment specifications for your review.

Please let me know how to process payment if applicable and advise if there is any additional information or documentation needed for your review to approve these camera installs for local PD.

I look forward to hearing from you soon and working with your jurisdiction to get these cameras installed as soon as possible!

Howdy Sir -

Great news! Camera 04 (S River/Touhy (SB)) was successfully installed today!

The camera is currently undergoing a quality check to make sure the equipment is operational and should switch over to "In Service" status within 48-72 hours.

Camera 08 (Elmhurst/Oakton (NB)) is still tentatively scheduled for installation on 3/4.

I will check back in closer to that installation date to confirm we are still on track and to provide an update regarding your cameras pending permits but please let me know if you have any questions and feel free to refer to your updated [Tracker](#) in the meantime.

Thanks!

Howdy Sir -

Just wanted to check back in!

Please see the below current status' of your outstanding cameras -

04 - S River/Touhy (SB) - Installation tentatively scheduled 3/12

08 - Elmhurst/Oakton (NB) - New Location Needed

May be able to install just North of the original location (Manzos Banquet Hall)

We will wait to see if you hear back from the property owner here!

Cams 2 & 3 - Pending IL Tollway permit approval (Submitted 1/30/24)

Cams 10, 6, 5, 1 & 7 - Pending IDOT permit approval

Cowan Electric working to procure the bonds here, then will mail the full package to IDOT for final approval

I will check back in closer to the installation date of Camera 4 but please let me know if you have any questions and feel free to refer to your updated [Tracker](#) in the meantime.

Thanks!

Howdy Sir -

Please see the below update regarding your outstanding Flock LPRs -

Cam 4 (S River/Touhy (SB)) - Installation Scheduled 3/12

**Cam 8 (Elmhurst/Oakton (NB)) - Needing PD Approval**

**Do you approve of us installing on the city owned light pole instead?**

If approved, we will submit a permit to IDOT ASAP.

If you would rather us shift this to a City Owned roadway, please let us know.

**Cams 2 & 3 - IL Tollway Permit resubmitted 1/30**

**Cams 1, 5, 6, 7 & 10 - IDOT Permit Approval Pending**

Cowan Electric (installation vendor) received OPERs.

They are currently working on procuring the Bonds required for permit approval, then will mail off all documents to Kimley Horn (permitting vendor).

Kimley Horn will then sign the final package and mail them to IDOT for permit approval.

I will check back in before your installation date to make sure we are still on track but please let me know if you have any questions as well as your thoughts on Camera 8.

Feel free to refer to your [Tracker](#) at any time as well.

Have a great day!

**Cam 8 (Elmhurst/Oakton (NB)) - Needing Private Property Permission**

I know you're still working on obtaining property owner permission here, **any update?**

**Cams 2 & 3 - Pending IL Tollway Permits**

IL Tollway will not approve our other permit submittals until we have 1 completed permit set that has been approved.

Currently we are waiting for them to review and approve the City of Naperville's application (since that was the first one submitted).

Once Naperville's is approved they will review our other applications.

Our permitting team reached out on 12/5 and 12/11 for an update.

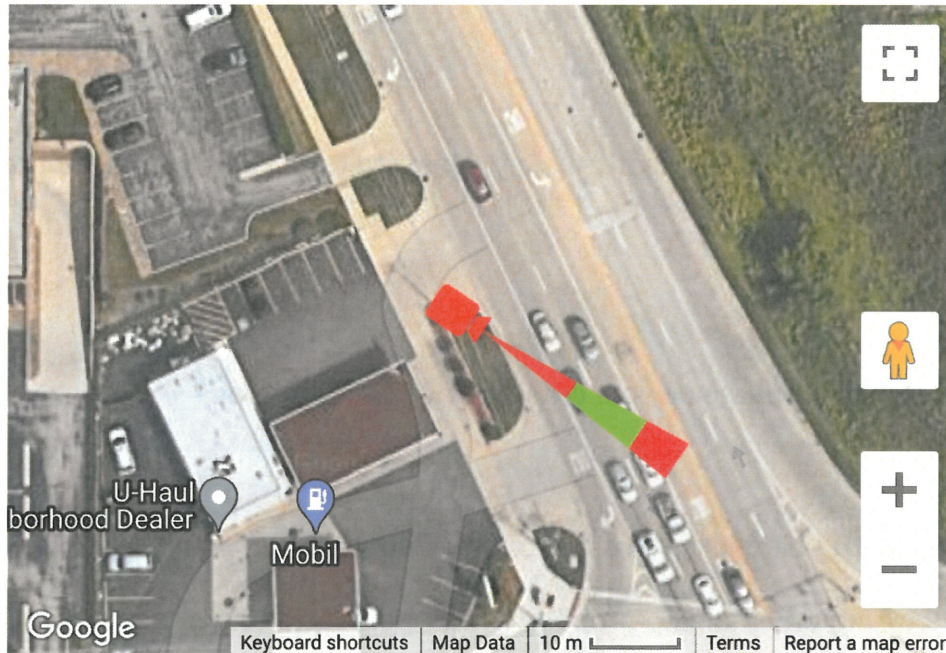

I have asked for a POC with IL Tollway so that I can reach out to see what the hold up is.

**Cam 4 (S River/Touhy (SB)) - Unsure of Jurisdiction**

City of Des Plaines, IDOT and the Village not claiming that this camera is in their jurisdiction. Flock reaching out to Rosemont to see if they will claim the location and accept the permit

The location is (42.010523, -87.870056) (shown below)

Please let me know your thoughts on any of the above or if you have any questions. All other updates can be found in your updated [Tracker](#). I will continue to check in biweekly until these are all up and running!

Thanks,

**Subject:** Re: IL - Des Plaines - PD - Flock Safety - PM Update

Howdy Sir -

Wanted to send over a quick update regarding your outstanding Flock Cameras.

Please see below -

Camera 8 (Elmhurst/Oakton (NB)) - Pending Property Owner Permission

**Do you know if we have received written property owner permission for this location yet?**

Once we have that I can get this one installed!

(42.02336766109617,-87.94031321874381) (Roughly 10.5' from the roadway)

Cameras 10, 6, 5, 1 & 7 - Pending IDOT Approval

OPER sent to you today, 12/11

Once IDOT receives the OPER (pd) and the Bond (flock) they will approve these permits!

**Please let me know once those signed copies have been mailed out to Cowan Electric**

Cams 2 & 3 - Pending IL Tollway Permits

Submitted 8/7/2023

Cam 4 (S River/Touhy (SB)) - Pending Permit Submittal

We have tried to submit a permit for this camera to the City of Des Plaines, the Village and IDOT and all of them are stating that this camera location does not fall under their jurisdiction.

We are going to try Rosemont and see if they will accept the permit submittal.

Please let me know the status of the OPER as well as the private property permissions for Cam 8 at your earliest convenience!

I will be sending out biweekly updates moving forward but please let me know if you have any questions in the meantime and feel free to refer to your [Tracker](#) at any time.

Thanks,

On Thu, Nov 30, 2023 at 5:53 PM Hailey Spessard <[hailey.spessard@flocksafety.com](mailto:hailey.spessard@flocksafety.com)> wrote:

Howdy Sir -

Just wanted to check in real quick!

We are still pending the IDOT permit approval for Cameras 10, 6, 5, 1 & 7. We did receive comments back on 10/31 and have revised our plans and resubmitted.

Hopefully we will receive their approval here soon but we will continue to check in with IDOT until then!

Have you had any luck in getting the permission from the property owner for Camera 8 (Elmhurst/Oakton (NB))?

(42.02336766109617,-87.94031321874381) (Roughly 10.5' from the roadway)

Please let me know if you need anything from me here!

We are getting some push back from the City regarding Camera 4 (S River/Touhy (SB)).

The city is saying that this camera requires an IDOT permit but IDOT has already rejected this location saying that it is City property.

Is there anyone from the City you can recommend we discuss this with? Once we have written city approval here I can get this camera scheduled for installation!

We are also still pending permits from IL Tollway for Cameras 2 & 3.

These were submitted over to them on 8/7/23. To be fully transparent, we have not yet received any IL Tollway permits yet and our team is workign with them to finalize their requirements for these permits. We can either shift these two cameras to other locations (city/county/privatey owned) or keep them in the queue for IL Tollway permits. Please let me know how you would like to proceed!

I apologize for the delay with these IL Tollway permits but I have a feeling your IDOT permits shouldn't be too much longer to secure approval.

Please let me know if you have any questions and feel free to refer to your [Tracker](#) at any time.

Thanks,

Howdy Sir -

Yes that is correct - We are aiming to install a new Flock Pole for Camera #8 at roughly the location shown below:

[@Danielle Mayberry](#) Can you please confirm once Flock Permitting has addressed the comments made by the City of Des Plaines on the permit package for Camera #04 (if we haven't done so already)?

We did receive comments back on the IDOT permits for Cams 1, 5, 6, 7 & 10 and revised the associated plans. These were resubmitted back over to IDOT 10/30/2023!

Please let me know once you hear from the customer at Camera #08.

We will have a permitting update for you on Cam #04 ASAP.

Feel free to reference your [Tracker](#) at any time!

Thanks,

Hi Hailey, thanks for the update on everything. I had a couple of questions. For camera #8, can you tell me exactly where that camera will go? I'm assuming you are adding a pole as well because I did not see anything that is there now where the camera can go. I will speak with the owner there once I hear back from you. Also, for camera #4, we have someone checking on this to see why this permit has not been cleared. Thank you.

**Subject:** IL - Des Plaines - PD - Flock Safety - PM Update

Howdy Sgt. Barrett -

My name is Hailey and I will be your Project Manager for your Flock Cameras moving forward!

Please see a quick update for your outstanding cameras below -

**Cam 8 (Elmhurst/Oakton (NB)) - Needing Private Property Permission**

Needing written permission from the owner of the adjacent Mobil Gas Station to install this camera.

Do you happen to know if we will be able to obtain that permission? Once we have it we can push this camera forward to be installed!

Address: 800 W Oakton St

### Cams 2 & 3 - Pending IL Tollway Permit

Submitted permit request to the IL Tollway on 8/7/23

Will keep checking in until we receive revision requests or approval.

### Cam 4 (S River/Touhy (SB)) - Pending City of Des Plaines Permit

Submitted for permit with the City of Des Plaines on 8/4/2023

Will check back in this week to see if we can get an ETA on the approval here

### Cams 1, 5, 6, 7 & 10 - Pending IDOT Permits

Submitted for IDOT permits on 3/2/2023

Will continue to check in with IDOT D1 until we receive approval!

### Cam 9 (Elmhurst/Oakton (SB)) - In Service

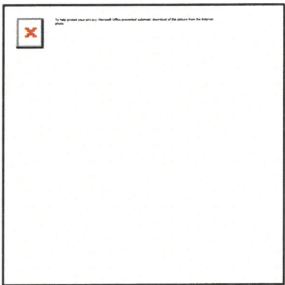

Feel free to refer to your [Tracker](#) for more detailed status updates for each of your cameras, as well as to reference your Deployment Plan.

Apologies if any of this has already been discussed or sent over as I am new to the project.

Also apologies for the delay in getting over this update you - I will be sending out biweekly updates moving forward until the remainder of your cameras are up and running.

Please let me know if you have any questions!

Howdy Sir -

Apologies for the back to back emails!

Do you happen to know if the below light pole is City Owned?

If so, we can proceed with this new location for Camera 8 ([Elmhurst/Oakton \(NB\)](#)).

Please let me know your thoughts!

Thanks,

On Wed, Jan 24, 2024 at 1:57 PM Hailey Spessard <[hailey.spessard@flocksafety.com](mailto:hailey.spessard@flocksafety.com)> wrote:  
Howdy Sir -

Thank you for sending that over! I have pushed Camera 4 ([S River/Touhy \(SB\)](#)) forward in our system. I should have a tentative installation date here shortly to send your way!  
By chance, did the City happen to send you a copy of an approved permit? If so, would you be able to send that over to us?

Regarding your IL Tollway permits - We did receive our first approval (Naperville PD) on 1/23! Now we are in the process of submitting all other outstanding IL Tollway permits to them for their review.  
Your permit is the top priority out of these resubmittals.

In terms of Camera 8 ([Elmhurst/Oakton \(NB\)](#)), I have sent this over to my DS team to see if there are any other viable camera options in the area.  
Once we have an option for you I will send it your way for your review (unless you already have a location in mind).

Please let me know if you have any questions and feel free to refer to your updated [Tracker](#) in the meantime.

Thank you for your patience,

Hi Ryan,

Looking into the specifics of this case, the building department has only been commenting on the proposed foundation for the light pole. Please see the attached drawings with the comments. We initially received this project back in August and did not see revisions until a week and a half ago. The revised drawings were better, but still deficient of the information we need.

Regarding the location, the proposed should be approved by our engineering team if IDOT is claiming they don't regulate this area of the ROW. The red dot below is the proposed location (also shown in the V1 drawings). Looping John LaBerg into the conversation.

**John:** Is the parkway below under Des Plaines control? If yes, any objection to the location of the proposed camera pole? See the V1 drawings attached for a more precise location of the camera pole.

**Subject:** 2380 S Des Plaines River Road: Flock Camera permit for PD

Hi Pawel,

PD is trying to get a license plate reading camera installed at 2380 S Des Plaines River Road. Their contractor Flock has put in an application: ELEC-2023-00016.

Flock said it can't pass plan review because IDOT and the City of Des Plaines both told them this ROW in front of the Mobil gas station is not their property/jurisdiction. I can't see that in the permit reviews. You've asked for revisions, as there aren't any foundation details. Did they ever talk to you about the ROW ownership?

Thank you,

-Ryan

*How are we doing? Our department wants your feedback. Based on your recent experience with us, please take a few moments to complete this [customer satisfaction survey](#).*

Good Morning,

I have compiled the OPER 1051(attached) for your review/signature.  
[Here is a doc that explains the entire process](#), but I will spell your part out here as well.

- *Please print the attached document out Four (4) times and sign and date with pen under "Applicant Signature"*
- *Mail all 4 copies to our IDOT Approved Contractor to sign as well:*
- *Cowan Electric*  
*ATTN: Dawn Cowan*  
*PO Box 5066*  
*Elgin, IL 60121*

Please let me know when you have signed and mailed to Cowan Electric so I can keep track of the progress.

The additional steps for issuance include Bond Procurement(we will handle this) and then the final signature by IDOT.

From there we will be able to get you on the schedule for installation!

If you have any questions, please let me know!

Approved by Department of Transportation:

**First:** The Applicant represents and warrants that it is the party in interest respecting this permit and that it is the agent in fact with authority to bind all parties in interest to the obligations and undertakings agreed to in this permit. The Applicant represents and warrants that the property lines shown on the attached plan sheet(s) or sketch are true and correct, and that all proposed work is accurately depicted thereon.

**Second:** The proposed work shall be located and constructed to the satisfaction of the Regional Engineer or his/her duly authorized representative. No revision or additions shall be made to the proposed work on the right-of-way without the written permission of the Regional Engineer. The Applicant agrees to complete all work to the standards and specifications identified by the Regional Engineer or his/her authorized representative as a condition of granting this Permit. The Applicant agrees to furnish all labor, equipment and material to restore portions of the highway right-of-way to the condition satisfactory to the Regional Engineer or his/her authorized representative including, but not limited to, all landscape restoration. The Applicant shall not trim, cut or in any way disturb any trees or shrubbery along the highway without the approval of the Regional Engineer or his/her duly authorized representative. Any and all documents, writings and notes reflecting or identifying the standards, specifications, understandings and conditions applicable to the performance of the permitted work required by the Regional Engineer or his/her authorized representative are hereby incorporated into this Permit by reference as though fully set forth herein.

**Third:** Traffic control is to be utilized when installing License Plate Readers. The attached Highway Standards shall be utilized. The attached OPER 2410 Form shall be submitted at least 21 days in advance of any required lane closure. The Applicant shall also fill out and submit the BSPE 725 form for the proposed traffic control. Both items shall be submitted via e-mail to \_\_\_\_\_ for approval and processing by the District.

**Fourth:** An additional Traffic Control permit shall be required each time a lane closure is required for maintenance or repair of any one of the License Plate Readers along with a new OPER 2410 form and a new BSPE 725 form. These future permits shall be obtained from the appropriate District office.

**Fifth:** The Applicant shall engage only in the proposed work approved herein, and subject to the hazards incident to such activities, assumes all risks associated therewith. The Applicant assumes full and strict liability for the actions of itself, all parties in interest, its agents and employees, contractors, subcontractors and consultants. The Applicant and all parties in interest shall save, defend, hold harmless and indemnify the State of Illinois and each of its officers, agents, employees, invitees and others associated with it from and against any and all suits, claims, actions, losses, injuries, damages, judgments, and expenses that are based on, or that arise or are alleged to have arisen out of the performance of the work approved herein, including, but not limited to, any act, willful or intended, or negligence of the Applicant and any party in interest, its agents and employees, contractors, subcontractors and consultants whether at law, in equity or common law. In the event the Applicant or any party in interest fails, neglects, or refuses to comply with any provision of this indemnity, the State of Illinois may take any action necessary to protect itself from liability, including any action to pay, settle, compromise and procure the discharge thereof, in which case the Applicant or party in interest, jointly and severally, shall be liable and bound unto the State of Illinois for any and all expenses related thereto, including attorney's fees.

**Sixth:** The Department is not responsible for any damage costs to the License Plate Readers or times when the License Plate Readers cannot be operated due to the Department's normal maintenance or repair activities. Components of the Reader system shall be clear of any walkways or other areas required for structural maintenance operations. Should the License Plate Readers or conduits need to be adjusted, removed or relocated due to the Department's construction, maintenance or repair activities, the costs of said adjustment, removal or relocation will be the Applicant's responsibility. The Department does not warrant nor guarantee the validity of this permit on any new or replacement structure.

**Seventh:** This permit is effective only insofar as the Department has jurisdiction and does not presume to release the Applicant from compliance with the provisions of any existing statutes, including the Biometric Information Privacy Act, local regulations, or future statutes or regulations.

**Eighth:** A contractor currently prequalified by the Department in electrical work shall be approved. Prior to the commencement of the said work on the State highway, the applicant shall furnish the Regional Engineer a copy of the contractor's current Certificate of Eligibility, or, if the permittee proposes to use a contractor not currently prequalified by the Department, information satisfactory to the Department evidencing the contractor's qualification and ability to perform the said work. The Department may require the use of one of its electrical maintenance contractors to perform said work in order to avoid conflicts with maintenance of existing Department structures.

**Ninth:** The Applicant or their contractor at their expense will be responsible for determining the location of and protecting any State owned facilities, including buried facilities, and will be responsible for the cost of repair or replacement of any such facilities damaged as a result of the work covered herein. The Applicant may contact \_\_\_\_\_ for location information of State-owned facilities. The Applicant shall assume all responsibility for interference with all other existing utilities in, along or upon said right of way. Any damage to IDOT property or appurtenances shall be repaired by the Applicant or their contractor in a manner meeting the Department's approval.

**Tenth:** License Plate Readers must utilize a separate electrical meter for their energy charges unless specifically authorized by the Department in which case the Department makes no guarantees on the continuity and maintenance of the electric service. The License Plate Readers must use separate electrical cabling and either dedicated communication lines or cellular modems to collect data from the License Plate Readers so as to not use or involve any Department communications infrastructure whatsoever.

**Eleventh:** Separate conduits for any wiring must be installed outside of the IDOT conduits. The Applicant or their contractor shall provide specific mounting details to the Department for review, comment, and approval prior to any installation of conduit or mounting brackets on the Department structure. All mounting hardware or brackets shall be either stainless steel or other material which will not harm or impede aesthetics. The additional surface area of installed Readers and mounting hardware shall not create a total surface area attached to the structure that exceeds the allowed maximum. The Department reserves the right to perform or require a structural analysis of the proposed attachment of the License Plate Reader system prior to execution of this permit. ABSOLUTELY NO DRILLING, TAPPING, OR PUNCTURING SHALL BE PERMITTED ON ANY STRUCTURE.

**Twelfth:** The Applicant shall be responsible for repair, removal or replacement of any and all License Plate Reader equipment damaged by any cause whatsoever, and any associated costs. The Department will not provide any compensation for repair, removal or replacement.

**Thirteenth:** The Applicant shall be responsible to make recovery for damage to any part of the installation from the third party causing the damage.

**Fourteenth:** The Applicant agrees to respond to emergency calls to repair License Plate Reader equipment and/or associated hardware from authorized parties twenty-four (24) hours per day including Saturdays, Sundays, and holidays.

**Fifteenth:** The Applicant shall provide the Department the name, address, and telephone number of at least one person who will be available for emergency repair to the License Plate Reader system and shall keep the Department informed on any changes of same.

**Sixteenth:** The Applicant or their designee bears sole responsibility for all aspects of installation, operations, maintenance, data, and compliance with existing and future laws, including the Biometric Information Privacy Act, associated with the License Plate Readers.

**Seventeenth:** All documents, data, and records associated with the Applicant's use of the License Plate Readers, without limitation and whether preliminary or final, are the property and responsibility of the Applicant. The Department shall have no responsibility with respect to production or communication of data produced by the License Plate Readers. License Plate Reader installations shall utilize separate microwave or other wireless communication methods. Data collection and/or transfer shall not use IDOT communications infrastructure, including fiber optic cable. IDOT shall not host or move data for other entities, nor record data for storage or later transmission.

**Eighteenth:** The Applicant acknowledges and agrees that the Applicant will be individually responsible for the obligations of a public body required under the Illinois Freedom of Information Act, 5 ILCS 140 et seq. ("FOIA") for FOIA requests seeking the electronically stored, or otherwise recorded, video, film or other visual memorialization(s) and data created under this permit that constitute a public record, as defined in section 2 of the FOIA statute. Accordingly, the Applicant agrees that IDOT will refer any individuals who submit to IDOT such FOIA requests to the Applicant's Freedom of Information Officer, and that the Applicant will receive and respond to all such requests, and search for, obtain, review for FOIA exempt information, and otherwise entirely handle any of the above-described responsive public records.

**Nineteenth:** The Department shall give notice to Applicant of any planned actions or activities which impact the License Plate Readers. The Applicant shall be required to remove any and all License Plate Reader equipment impacted by the Department's planned actions or activities, and as required or requested by the Department. However, the Department will neither compensate nor guarantee alternatives under any circumstances. Applicant's failure to remove equipment within thirty (30) days shall constitute permission to the Department to remove the License Plate Reader equipment, at the Applicant's cost.

**Twentieth:** Following completion of any work, all waste materials shall be removed from the highway right of way. Any damage to State property shall be the responsibility of the Applicant. Any areas disturbed by equipment or workers shall be repaired and returned to its original condition.

**Twenty-first:** The Department reserves all rights and authority to revoke this permit at any time for any cause.

Other Applicable Requirements

Good Afternoon,

We are working on Camera Installations for the Village of Rosemont Police Department. Essentially we will need to install (2) PTZ Cameras to Existing Light Poles within the City of Des Plaines to help with criminal investigations . Many cities do not require permits for this type of work as they usually give us the permission to utilize City owned infrastructures to complete these types of installs for their local Police Departments, but I wanted to check with you on this process.

I have attached the site plan map that displays all location addresses for these installs including equipment specifications for your review.

Please let me know how to process payment if applicable and advise if there is any additional information or documentation needed for your review to approve these camera installs for local PD.

I look forward to hearing from you soon and working with your jurisdiction to get these cameras installed as soon as possible!

January 26, 2024

To Whom It May Concern:

To ensure compliance with [Illinois HB 3326](#) for Flock agencies, in and out of the state of Illinois, Flock developed a mechanism where a user representing the agency must attest to compliance with HB 3326.

If a non-Illinois agency provides attestation in our system to comply with HB 3326, , they are able to continue working with the state of Illinois by requesting access to their ALPR data for Search and Hotlist.

If a non-Illinois agency chooses not to attest or states they do not want to comply with HB 3326, they are no longer able to request ALPR data for any Illinois based agencies, and their existing shared devices were revoked.

HB 3326 went into effect January 1, 2024; Flock implemented changes on December 22, 2023 to comply.

Thank you,

Mark Smith  
General Counsel  
Flock Safety

Howdy Sir -

Just a quick update!

[04 - S River/Touhy \(SB\)](#) is still scheduled for installation tomorrow, 2/21.  
[08 - Elmhurst/Oakton \(NB\)](#) is now tentatively scheduled for installation on 3/4.

I will check back in tomorrow to confirm that camera 4 was successfully installed but please let me know if you have any questions and feel free to refer to your updated [Tracker](#) in the meantime.

Thanks!

Howdy Sir -

Thank you for sending this over!  
We are working on getting this installation for Camera 8 on the schedule.  
I will send that date over as soon as I have it!

I wanted to let you know that the final permit package (with OPERs and Bonds) was mailed out to IDOT today, 2/15, for Cameras 1, 5, 6, 7 & 10.  
Once they receive that, the approval should not be far behind!

Camera 4's installation date was also moved up to 2/21.  
This is still tentative, but I will reach out to you next week to make sure we are still on track.

Please let me know if you have any questions and feel free to refer to your updated [Tracker](#) in the meantime.

Have a great night!

Howdy Sir -

Just wanted to check back in!

Please see the below current status' of your outstanding cameras -

04 - S River/Touhy (SB) - Installation tentatively scheduled 3/12

08 - Elmhurst/Oakton (NB) - New Location Needed

May be able to install just North of the original location (Manzos Banquet Hall)

We will wait to see if you hear back from the property owner here!

Cams 2 & 3 - Pending IL Tollway permit approval (Submitted 1/30/24)

Cams 10, 6, 5, 1 & 7 - Pending IDOT permit approval

Cowan Electric working to procure the bonds here, then will mail the full package to IDOT for final approval

I will check back in closer to the installation date of Camera 4 but please let me know if you have any questions and feel free to refer to your updated [Tracker](#) in the meantime.

Thanks!

Thanks for the update Hailey.

Reference Camera #8 for N/B Elmhurst at Oakton. I went out to the location and spoke with our dispatch center and that light pole is maintained by IDOT according to them. Due to not receiving any answer from the Mobil/Caseys (original plan to put on their property line), I spoke with the owner of the business just North of the gas station (Manzos Banquet Hall). He stated he should be getting back to me this week with an answer but he seemed very receptive. I will let you know when I hear back from him. If it turns out they do not want it on their property, we will have to find another location. Thank you and have a great rest of your day!

Howdy Sir -

Please see the below update regarding your outstanding Flock LPRs -

Cam 4 (S River/Touhy (SB)) - Installation Scheduled 3/12

Cam 8 (Elmhurst/Oakton (NB)) - Needing PD Approval

**Do you approve of us installing on the city owned light pole instead?**

If approved, we will submit a permit to IDOT ASAP.

If you would rather us shift this to a City Owned roadway, please let us know.

Cams 2 & 3 - IL Tollway Permit resubmitted 1/30

Cams 1, 5, 6, 7 & 10 - IDOT Permit Approval Pending

Cowan Electric (installation vendor) received OPERs.

They are currently working on procuring the Bonds required for permit approval, then will mail off all documents to Kimley Horn (permitting vendor).

Kimley Horn will then sign the final package and mail them to IDOT for permit approval.

I will check back in before your installation date to make sure we are still on track but please let me know if you have any questions as well as your thoughts on Camera 8.

Feel free to refer to your [Tracker](#) at any time as well.

Have a great day!

Howdy Sir -

Please see the below most recent update on your outstanding Flock cameras -

#### Cam 8 (Elmhurst/Oakton (NB)) - Needing Private Property Permission

I know you're still working on obtaining property owner permission here, **any update?**

#### Cams 2 & 3 - Pending IL Tollway Permits

IL Tollway will not approve our other permit submittals until we have 1 completed permit set that has been approved.

Currently we are waiting for them to review and approve the City of Naperville's application (since that was the first one submitted).

Once Naperville's is approved they will review our other applications.

Our permitting team reached out on 12/5 and 12/11 for an update.

I have asked for a POC with IL Tollway so that I can reach out to see what the hold up is.

#### Cam 4 (S River/Touhy (SB)) - Unsure of Jurisdiction

City of Des Plaines, IDOT and the Village not claiming that this camera is in their jurisdiction | Flock reaching out to Rosemont to see if they will claim the location and accept the permit

The location is (42.010523, -87.870056) (shown below)

Please let me know your thoughts on any of the above or if you have any questions. All other updates can be found in your updated [Tracker](#). I will continue to check in biweekly until these are all up and running!

Thanks,

**Subject:** Re: IL - Des Plaines - PD - Flock Safety - PM Update

Howdy Sir -

Wanted to send over a quick update regarding your outstanding Flock Cameras.

Please see below -

Camera 8 (Elmhurst/Oakton (NB)) - Pending Property Owner Permission

**Do you know if we have received written property owner permission for this location yet?**

Once we have that I can get this one installed!

(42.02336766109617,-87.94031321874381) (Roughly 10.5' from the roadway)

Cameras 10, 6, 5, 1 & 7 - Pending IDOT Approval

OPER sent to you today, 12/11

Once IDOT receives the OPER (pd) and the Bond (flock) they will approve these permits!  
**Please let me know once those signed copies have been mailed out to Cowan Electric**

Cams 2 & 3 - Pending IL Tollway Permits

Submitted 8/7/2023

Cam 4 (S River/Touhy (SB)) - Pending Permit Submittal

We have tried to submit a permit for this camera to the City of Des Plaines, the Village and IDOT and all of them are stating that this camera location does not fall under their jurisdiction.

We are going to try Rosemont and see if they will accept the permit submittal.

Please let me know the status of the OPER as well as the private property permissions for Cam 8 at your earliest convenience!

I will be sending out biweekly updates moving forward but please let me know if you have any questions in the meantime and feel free to refer to your [Tracker](#) at any time.

Thanks,

On Thu, Nov 30, 2023 at 5:53 PM Hailey Spessard <[hailey.spessard@flocksafety.com](mailto:hailey.spessard@flocksafety.com)> wrote:

Howdy Sir -

Just wanted to check in real quick!

We are still pending the IDOT permit approval for Cameras 10, 6, 5, 1 & 7. We did receive comments back on 10/31 and have revised our plans and resubmitted.

Hopefully we will receive their approval here soon but we will continue to check in with IDOT until then!

Have you had any luck in getting the permission from the property owner for Camera 8 (Elmhurst/Oakton (NB))?

(42.02336766109617,-87.94031321874381) (Roughly 10.5' from the roadway)

Please let me know if you need anything from me here!

We are getting some push back from the City regarding Camera 4 (S River/Touhy (SB)).

The city is saying that this camera requires an IDOT permit but IDOT has already rejected this location saying that it is City property.

Is there anyone from the City you can recommend we discuss this with? Once we have written city approval here I can get this camera scheduled for installation!

We are also still pending permits from IL Tollway for Cameras 2 & 3.

These were submitted over to them on 8/7/23. To be fully transparent, we have not yet received any IL Tollway permits yet and our team is workign with them to finalize their requirements for these permits. We can either shift these two cameras to other locations (city/county/privatey owned) or keep them in the queue for IL Tollway permits. Please let me know how you would like to proceed!

I apologize for the delay with these IL Tollway permits but I have a feeling your IDOT permits shouldn't be too much longer to secure approval.

Please let me know if you have any questions and feel free to refer to your [Tracker](#) at any time.

Thanks,

Howdy Sgt. Barrett -

My name is Hailey and I will be your Project Manager for your Flock Cameras moving forward!

Please see a quick update for your outstanding cameras below -

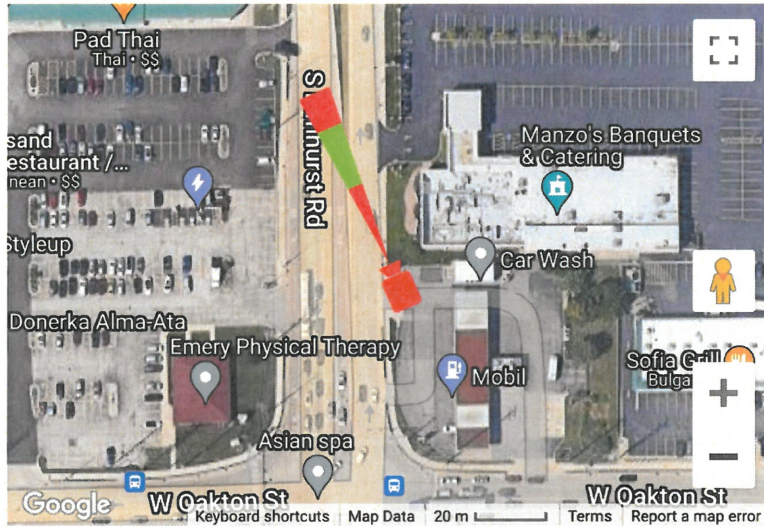

**Cam 8 (Elmhurst/Oakton (NB)) - Needing Private Property Permission**

Needing written permission from the owner of the adjacent Mobil Gas Station to install this camera.

Do you happen to know if we will be able to obtain that permission? Once we have it we can push this camera forward to be installed!

Address: 800 W Oakton St

### Cams 2 & 3 - Pending IL Tollway Permit

Submitted permit request to the IL Tollway on 8/7/23

Will keep checking in until we receive revision requests or approval.

### Cam 4 (S River/Touhy (SB)) - Pending City of Des Plaines Permit

Submitted for permit with the City of Des Plaines on 8/4/2023

Will check back in this week to see if we can get an ETA on the approval here

### Cams 1, 5, 6, 7 & 10 - Pending IDOT Permits

Submitted for IDOT permits on 3/2/2023

Will continue to check in with IDOT D1 until we receive approval!

### Cam 9 (Elmhurst/Oakton (SB)) - In Service

Feel free to refer to your [Tracker](#) for more detailed status updates for each of your cameras, as well as to reference your Deployment Plan.

Apologies if any of this has already been discussed or sent over as I am new to the project.

Also apologies for the delay in getting over this update you - I will be sending out biweekly updates moving forward until the remainder of your cameras are up and running.

Please let me know if you have any questions!

Hailey, I've attached the agreement to place a Flock camera on the property of Manzo's Banquet Hall located at 1571 S Elmhurst Rd. Please see attached and note there is a bus stop just North of this location. Not sure if this will effect placing the camera there. Also, we would request to place it as far South on their property as possible as to not block the front of their business. Any questions, give me a call. Thank you.

Howdy Sir -

Just wanted to check back in!

Please see the below current status' of your outstanding cameras -  
04 - S River/Touhy (SB) - Installation tentatively scheduled 3/12

08 - Elmhurst/Oakton (NB) - New Location Needed

May be able to install just North of the original location (Manzos Banquet Hall)  
We will wait to see if you hear back from the property owner here!

Cams 2 & 3 - Pending IL Tollway permit approval (Submitted 1/30/24)

Cams 10, 6, 5, 1 & 7 - Pending IDOT permit approval

Cowan Electric working to procure the bonds here, then will mail the full package to IDOT for final approval

I will check back in closer to the installation date of Camera 4 but please let me know if you have any questions and feel free to refer to your updated [Tracker](#) in the meantime.

Thanks!

Thanks for the update Hailey.

Reference Camera #8 for N/B Elmhurst at Oakton. I went out to the location and spoke with our dispatch center and that light pole is maintained by IDOT according to them. Due to not receiving any answer from the Mobil/Caseys (original plan to put on their property line), I spoke with the owner of the business just North of the gas station (Manzos Banquet Hall). He stated he should be getting back to me this week with an answer but he seemed very receptive. I will let you know when I hear back from him. If it turns out they do not want it on their property, we will have to find another location. Thank you and have a great rest of your day!

Howdy Sir -

Please see the below update regarding your outstanding Flock LPRs -

Cam 4 (S River/Touhy (SB)) - Installation Scheduled 3/12

**Cam 8 (Elmhurst/Oakton (NB)) - Needing PD Approval**

**Do you approve of us installing on the city owned light pole instead?**

If approved, we will submit a permit to IDOT ASAP.

If you would rather us shift this to a City Owned roadway, please let us know.

**Cams 2 & 3 - IL Tollway Permit resubmitted 1/30**

**Cams 1, 5, 6, 7 & 10 - IDOT Permit Approval Pending**

Cowan Electric (installation vendor) received OPERs.

They are currently working on procuring the Bonds required for permit approval, then will mail off all documents to Kimley Horn (permitting vendor).

Kimley Horn will then sign the final package and mail them to IDOT for permit approval.

I will check back in before your installation date to make sure we are still on track but please let me know if you have any questions as well as your thoughts on Camera 8.

Feel free to refer to your [Tracker](#) at any time as well.

Have a great day!

Howdy Sir -

Just wanted to send over a quick update!

The drawings requested by the City of Des Plaines for the permit for Camera [04 - S River/Touhy \(SB\)](#) (detailing the foundation specs) have been completed by Flock today, 1/9.

We are working on getting those back over to the City to review ASAP.

**Cam 8 (Elmhurst/Oakton (NB)) - Needing Private Property Permission**

I know you're still working on obtaining property owner permission here, **any update?**

I will be sending over biweekly updates but please let me know if you have any questions and feel free to refer to your [Tracker](#) at any time.

Thanks!

On Mon, Dec 18, 2023 at 3:39 PM Hailey Spessard <[hailey.spessard@flocksafety.com](mailto:hailey.spessard@flocksafety.com)> wrote:

Howdy Sir -

Please see the below most recent update on your outstanding Flock cameras -

#### Cam 8 (Elmhurst/Oakton (NB)) - Needing Private Property Permission

I know you're still working on obtaining property owner permission here, **any update?**

#### Cams 2 & 3 - Pending IL Tollway Permits

IL Tollway will not approve our other permit submittals until we have 1 completed permit set that has been approved.

Currently we are waiting for them to review and approve the City of Naperville's application (since that was the first one submitted).

Once Naperville's is approved they will review our other applications.

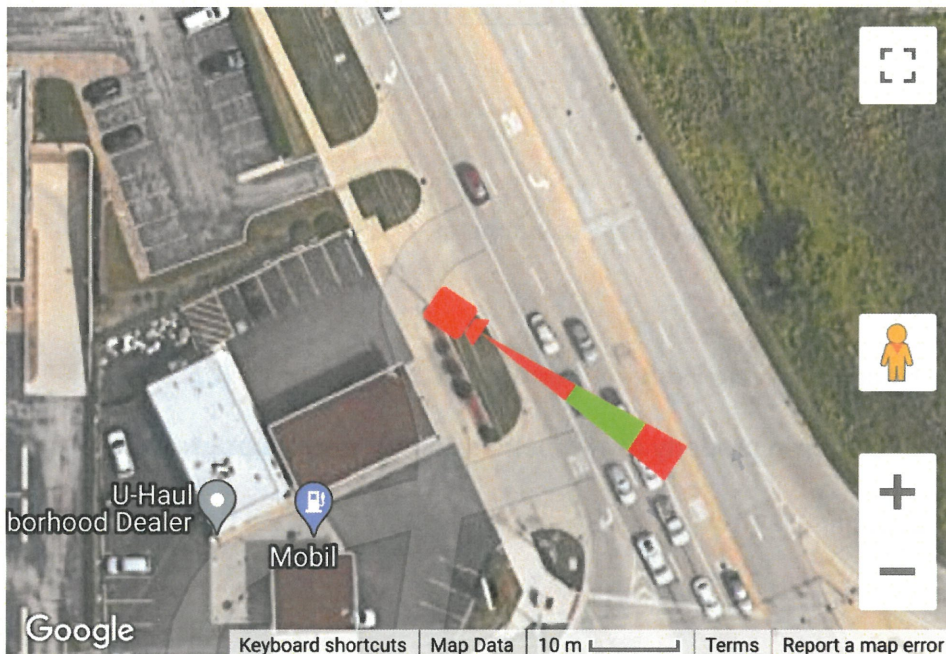

Our permitting team reached out on 12/5 and 12/11 for an update.

I have asked for a POC with IL Tollway so that I can reach out to see what the hold up is.

#### Cam 4 (S River/Touhy (SB)) - Unsure of Jurisdiction

City of Des Plaines, IDOT and the Village not claiming that this camera is in their jurisdiction. Flock reaching out to Rosemont to see if they will claim the location and accept the permit

The location is (42.010523, -87.870056) (shown below)

Please let me know your thoughts on any of the above or if you have any questions. All other updates can be found in your updated [Tracker](#). I will continue to check in biweekly until these are all up and running!

Thanks,

**Subject:** Re: IL - Des Plaines - PD - Flock Safety - PM Update

Howdy Sir -

Wanted to send over a quick update regarding your outstanding Flock Cameras.

Please see below -

Camera 8 (Elmhurst/Oakton (NB)) - Pending Property Owner Permission

**Do you know if we have received written property owner permission for this location yet?**

Once we have that I can get this one installed!

(42.02336766109617,-87.94031321874381) (Roughly 10.5' from the roadway)

Cameras 10, 6, 5, 1 & 7 - Pending IDOT Approval

OPER sent to you today, 12/11

Once IDOT receives the OPER (pd) and the Bond (flock) they will approve these permits!  
**Please let me know once those signed copies have been mailed out to Cowan Electric**

Cams 2 & 3 - Pending IL Tollway Permits

Submitted 8/7/2023

Cam 4 (S River/Touhy (SB)) - Pending Permit Submittal

We have tried to submit a permit for this camera to the City of Des Plaines, the Village and IDOT and all of them are stating that this camera location does not fall under their jurisdiction.

We are going to try Rosemont and see if they will accept the permit submittal.

Please let me know the status of the OPER as well as the private property permissions for Cam 8 at your earliest convenience!

I will be sending out biweekly updates moving forward but please let me know if you have any questions in the meantime and feel free to refer to your [Tracker](#) at any time.

Thanks,

On Thu, Nov 30, 2023 at 5:53 PM Hailey Spessard <[hailey.spessard@flocksafety.com](mailto:hailey.spessard@flocksafety.com)> wrote:

Howdy Sir -

Just wanted to check in real quick!

We are still pending the IDOT permit approval for Cameras 10, 6, 5, 1 & 7. We did receive comments back on 10/31 and have revised our plans and resubmitted.

Hopefully we will receive their approval here soon but we will continue to check in with IDOT until then!

Have you had any luck in getting the permission from the property owner for Camera 8 (Elmhurst/Oakton (NB))?  
(42.02336766109617,-87.94031321874381) (Roughly 10.5' from the roadway)

Please let me know if you need anything from me here!

We are getting some push back from the City regarding Camera 4 (S River/Touhy (SB)).

The city is saying that this camera requires an IDOT permit but IDOT has already rejected this location saying that it is City property.

Is there anyone from the City you can recommend we discuss this with? Once we have written city approval here I can get this camera scheduled for installation!

We are also still pending permits from IL Tollway for Cameras 2 & 3.

These were submitted over to them on 8/7/23. To be fully transparent, we have not yet received any IL Tollway permits yet and our team is working with them to finalize their requirements for these permits. We can either shift

these two cameras to other locations (city/county/private owned) or keep them in the queue for IL Tollway permits. Please let me know how you would like to proceed!

I apologize for the delay with these IL Tollway permits but I have a feeling your IDOT permits shouldn't be too much longer to secure approval.

Please let me know if you have any questions and feel free to refer to your [Tracker](#) at any time.

Thanks,

On Tue, Nov 14, 2023 at 3:44 PM Hailey Spessard <[hailey.spessard@flocksafety.com](mailto:hailey.spessard@flocksafety.com)> wrote:

Howdy Sir -

Apologies for not giving you a call yesterday - I have been traveling for Flock so yesterday and today have been a little all over the place!

We are aiming to install that pole at (42.02336766109617,-87.94031321874381) (Roughly 10.5' from the roadway).

Please let me know if that is enough information to take back to the property owner!

If not, if you wouldn't mind throwing time on my calendar to discuss so I can make sure this gets addressed I would appreciate it!

Howdy Sgt. Barrett -

My name is Hailey and I will be your Project Manager for your Flock Cameras moving forward!

Please see a quick update for your outstanding cameras below -

#### Cam 8 (Elmhurst/Oakton (NB)) - Needing Private Property Permission

Needing written permission from the owner of the adjacent Mobil Gas Station to install this camera.

Do you happen to know if we will be able to obtain that permission? Once we have it we can push this camera forward to be installed!

Address: 800 W Oakton St

#### Cams 2 & 3 - Pending IL Tollway Permit

Submitted permit request to the IL Tollway on 8/7/23

Will keep checking in until we receive revision requests or approval.

#### Cam 4 (S River/Touhy (SB)) - Pending City of Des Plaines Permit

Submitted for permit with the City of Des Plaines on 8/4/2023

Will check back in this week to see if we can get an ETA on the approval here

Cams 1, 5, 6, 7 & 10 - Pending IDOT Permits

Submitted for IDOT permits on 3/2/2023

Will continue to check in with IDOT D1 until we receive approval!

Cam 9 (Elmhurst/Oakton (SB)) - In Service

Feel free to refer to your [Tracker](#) for more detailed status updates for each of your cameras, as well as to reference your Deployment Plan.

Apologies if any of this has already been discussed or sent over as I am new to the project.

Also apologies for the delay in getting over this update you - I will be sending out biweekly updates moving forward until the remainder of your cameras are up and running.

Please let me know if you have any questions!

**Subject:** RE: IL - Des Plaines - PD - Flock Safety - PM Update

Thanks for the update Hailey.

Reference Camera #8 for N/B Elmhurst at Oakton. I went out to the location and spoke with our dispatch center and that light pole is maintained by IDOT according to them. Due to not receiving any answer from the Mobil/Caseys (original plan to put on their property line), I spoke with the owner of the business just North of the gas station (Manzos Banquet Hall). He stated he should be getting back to me this week with an answer but he seemed very receptive. I will let you know when I hear back from him. If it turns out they do not want it on their property, we will have to find another location. Thank you and have a great rest of your day!

**Subject:** Re: IL - Des Plaines - PD - Flock Safety - PM Update

Howdy Sir -

Please see the below update regarding your outstanding Flock LPRs -

Cam 4 (S River/Touhy (SB)) - Installation Scheduled 3/12

Cam 8 (Elmhurst/Oakton (NB)) - Needing PD Approval

**Do you approve of us installing on the city owned light pole instead?**

If approved, we will submit a permit to IDOT ASAP.

If you would rather us shift this to a City Owned roadway, please let us know.

**Cams 2 & 3** - IL Tollway Permit resubmitted 1/30

**Cams 1, 5, 6, 7 & 10** - IDOT Permit Approval Pending

Cowan Electric (installation vendor) received OPERs.

They are currently working on procuring the Bonds required for permit approval, then will mail off all documents to Kimley Horn (permitting vendor).

Kimley Horn will then sign the final package and mail them to IDOT for permit approval.

I will check back in before your installation date to make sure we are still on track but please let me know if you have any questions as well as your thoughts on Camera 8.  
Feel free to refer to your [Tracker](#) at any time as well.

Have a great day!

Howdy Sir -

Just wanted to send over a quick update!

The drawings requested by the City of Des Plaines for the permit for Camera [04 - S River/Touhy \(SB\)](#) (detailing the foundation specs) have been completed by Flock today, 1/9.  
We are working on getting those back over to the City to review ASAP.

#### Cam 8 (Elmhurst/Oakton (NB)) - Needing Private Property Permission

I know you're still working on obtaining property owner permission here, **any update?**

I will be sending over biweekly updates but please let me know if you have any questions and feel free to refer to your [Tracker](#) at any time.

Thanks!

On Mon, Dec 18, 2023 at 3:39 PM Hailey Spessard <[hailey.spessard@flocksafety.com](mailto:hailey.spessard@flocksafety.com)> wrote:

Howdy Sir -

Please see the below most recent update on your outstanding Flock cameras -

#### Cam 8 (Elmhurst/Oakton (NB)) - Needing Private Property Permission

I know you're still working on obtaining property owner permission here, **any update?**

#### Cams 2 & 3 - Pending IL Tollway Permits

IL Tollway will not approve our other permit submittals until we have 1 completed permit set that has been approved.

Currently we are waiting for them to review and approve the City of Naperville's application (since that was the first one submitted).

Once Naperville's is approved they will review our other applications.

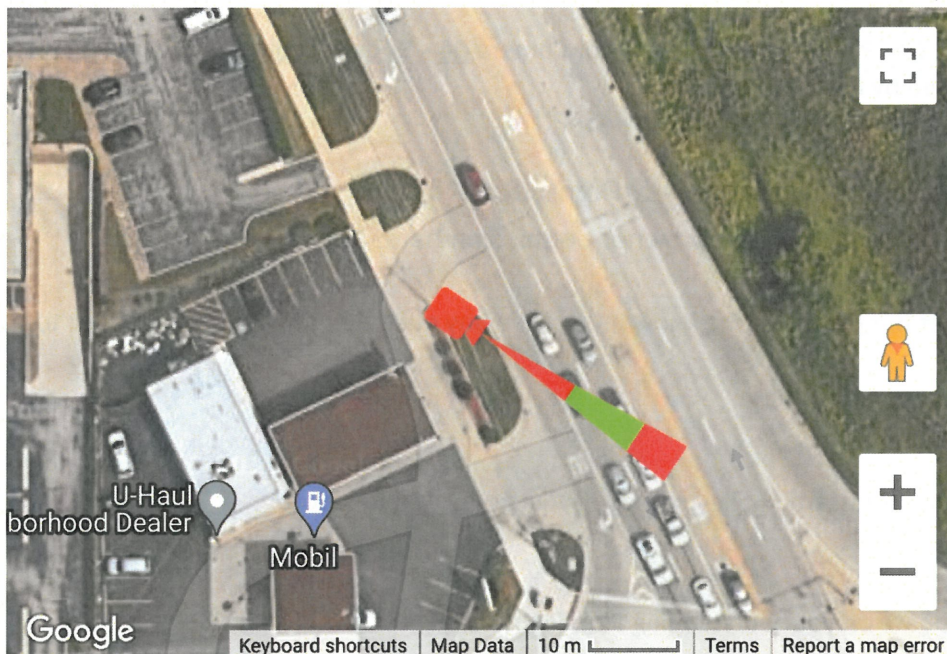

Our permitting team reached out on 12/5 and 12/11 for an update.

I have asked for a POC with IL Tollway so that I can reach out to see what the hold up is.

#### Cam 4 (S River/Touhy (SB)) - Unsure of Jurisdiction

City of Des Plaines, IDOT and the Village not claiming that this camera is in their jurisdiction | Flock reaching out to Rosemont to see if they will claim the location and accept the permit

The location is (42.010523, -87.870056) (shown below)

Please let me know your thoughts on any of the above or if you have any questions.

All other updates can be found in your updated [Tracker](#). I will continue to check in biweekly until these are all up and running!

Thanks,

**Subject:** Re: IL - Des Plaines - PD - Flock Safety - PM Update

Howdy Sir -

Wanted to send over a quick update regarding your outstanding Flock Cameras.

Please see below -

**Camera 8 (Elmhurst/Oakton (NB)) - Pending Property Owner Permission**

**Do you know if we have received written property owner permission for this location yet?**

Once we have that I can get this one installed!

(42.02336766109617,-87.94031321874381) (Roughly 10.5' from the roadway)

**Cameras 10, 6, 5, 1 & 7 - Pending IDOT Approval**

OPER sent to you today, 12/11

Once IDOT receives the OPER (pd) and the Bond (flock) they will approve these permits!

**Please let me know once those signed copies have been mailed out to Cowan Electric**

**Cams 2 & 3 - Pending IL Tollway Permits**

Submitted 8/7/2023

**Cam 4 (S River/Touhy (SB)) - Pending Permit Submittal**

We have tried to submit a permit for this camera to the City of Des Plaines, the Village and IDOT and all of them are stating that this camera location does not fall under their jurisdiction.

We are going to try Rosemont and see if they will accept the permit submittal.

Please let me know the status of the OPER as well as the private property permissions for Cam 8 at your earliest convenience!

I will be sending out biweekly updates moving forward but please let me know if you have any questions in the meantime and feel free to refer to your [Tracker](#) at any time.

Thanks,

On Thu, Nov 30, 2023 at 5:53 PM Hailey Spessard <[hailey.spessard@flocksafety.com](mailto:hailey.spessard@flocksafety.com)> wrote:

Howdy Sir -

Just wanted to check in real quick!

We are still pending the IDOT permit approval for Cameras 10, 6, 5, 1 & 7. We did receive comments back on 10/31 and have revised our plans and resubmitted.

Hopefully we will receive their approval here soon but we will continue to check in with IDOT until then!

Have you had any luck in getting the permission from the property owner for Camera 8 (Elmhurst/Oakton (NB))?  
(42.02336766109617,-87.94031321874381) (Roughly 10.5' from the roadway)

Please let me know if you need anything from me here!

We are getting some push back from the City regarding Camera 4 (S River/Touhy (SB)).

The city is saying that this camera requires an IDOT permit but IDOT has already rejected this location saying that it is City property.

Is there anyone from the City you can recommend we discuss this with? Once we have written city approval here I can get this camera scheduled for installation!

We are also still pending permits from IL Tollway for Cameras 2 & 3.

These were submitted over to them on 8/7/23. To be fully transparent, we have not yet received any IL Tollway permits yet and our team is working with them to finalize their requirements for these permits. We can either shift these two cameras to other locations (city/county/private owned) or keep them in the queue for IL Tollway permits. Please let me know how you would like to proceed!

I apologize for the delay with these IL Tollway permits but I have a feeling your IDOT permits shouldn't be too much longer to secure approval.

Please let me know if you have any questions and feel free to refer to your [Tracker](#) at any time.

Thanks,

Howdy Sgt. Barrett -

My name is Hailey and I will be your Project Manager for your Flock Cameras moving forward!

Please see a quick update for your outstanding cameras below -

### Cam 8 (Elmhurst/Oakton (NB)) - Needing Private Property Permission

Needing written permission from the owner of the adjacent Mobil Gas Station to install this camera.

Do you happen to know if we will be able to obtain that permission? Once we have it we can push this camera forward to be installed!

Address: 800 W Oakton St

### Cams 2 & 3 - Pending IL Tollway Permit

Submitted permit request to the IL Tollway on 8/7/23

Will keep checking in until we receive revision requests or approval.

### Cam 4 (S River/Touhy (SB)) - Pending City of Des Plaines Permit

Submitted for permit with the City of Des Plaines on 8/4/2023

Will check back in this week to see if we can get an ETA on the approval here

### Cams 1, 5, 6, 7 & 10 - Pending IDOT Permits

Submitted for IDOT permits on 3/2/2023

Will continue to check in with IDOT D1 until we receive approval!

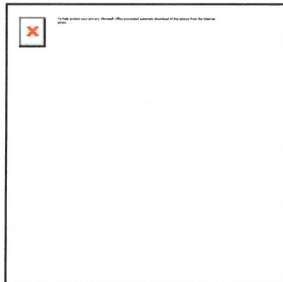

Feel free to refer to your [Tracker](#) for more detailed status updates for each of your cameras, as well as to reference your Deployment Plan.

Apologies if any of this has already been discussed or sent over as I am new to the project.

Also apologies for the delay in getting over this update you - I will be sending out biweekly updates moving forward until the remainder of your cameras are up and running.

Please let me know if you have any questions!

Howdy Sir -

Apologies for the back to back emails!

Do you happen to know if the below light pole is City Owned?  
If so, we can proceed with this new location for Camera 8 ([Elmhurst/Oakton \(NB\)](#)).

Please let me know your thoughts!

Thanks,

On Wed, Jan 24, 2024 at 1:57 PM Hailey Spessard <[hailey.spessard@flocksafety.com](mailto:hailey.spessard@flocksafety.com)> wrote:

Howdy Sir -

Thank you for sending that over! I have pushed Camera 4 ([S River/Touhy \(SB\)](#)) forward in our system. I should have a tentative installation date here shortly to send your way!  
By chance, did the City happen to send you a copy of an approved permit? If so, would you be able to send that over to us?

Regarding your IL Tollway permits - We did receive our first approval (Naperville PD) on 1/23! Now we are in the process of submitting all other outstanding IL Tollway permits to them for their review.  
Your permit is the top priority out of these resubmittals.

In terms of Camera 8 ([Elmhurst/Oakton \(NB\)](#)), I have sent this over to my DS team to see if there are any other viable camera options in the area. Once we have an option for you I will send it your way for your review (unless you already have a location in mind).

Please let me know if you have any questions and feel free to refer to your updated [Tracker](#) in the meantime.

Thank you for your patience,

Good Morning,

I have compiled the OPER 1051(attached) for your review/signature.

[Here is a doc that explains the entire process](#), but I will spell your part out here as well.

- Please print the attached document out Four (4) times and sign and date with pen under "Applicant Signature"
- Mail all 4 copies to our IDOT Approved Contractor to sign as well:
- Cowan Electric  
ATTN: Dawn Cowan  
PO Box 5066  
Elgin, IL 60121

Please let me know when you have signed and mailed to Cowan Electric so I can keep track of the progress.

The additional steps for issuance include Bond Procurement (we will handle this) and then the final signature by IDOT. From there we will be able to get you on the schedule for installation!

If you have any questions, please let me know!

Hi Ryan,

The Right of Way in front of 2380 S Des Plaines Road is City Right of Way, and there are no objections from PWE to have the Flock camera installed there.

I looked at their permit application in our system, and the applicant needs to address our Plan Coordinator's comments, especially that a foundation detail is needed for the pole.

Thank you,  
-Ryan

Hi John,

Are you able to confirm if that ROW in front of the Mobil is City-owned?

My *guess* is that it is. IDOT told PD's contractor that it isn't theirs. The odd thing is that the PD contractor also claims someone at the City told them it isn't City ROW.

Thank you,  
-Ryan

**Subject:** RE: 2380 S Des Plaines River Road: Flock Camera permit for PD

Hi Ryan,

Looking into the specifics of this case, the building department has only been commenting on the proposed foundation for the light pole. Please see the attached drawings with the comments. We initially received this project back in August and did not see revisions until a week and a half ago. The revised drawings were better, but still deficient of the information we need.

Regarding the location, the proposed should be approved by our engineering team if IDOT is claiming they don't regulate this area of the ROW. The red dot below is the proposed location (also shown in the V1 drawings). Looping John LaBerg into the conversation.

**John:** Is the parkway below under Des Plaines control? If yes, any objection to the location of the proposed camera pole? See the V1 drawings attached for a more precise location of the camera pole.

**Subject:** 2380 S Des Plaines River Road: Flock Camera permit for PD

Hi Pawel,

PD is trying to get a license plate reading camera installed at 2380 S Des Plaines River Road. Their contractor Flock has put in an application: ELEC-2023-00016.

Flock said it can't pass plan review because IDOT and the City of Des Plaines both told them this ROW in front of the Mobil gas station is not their property/jurisdiction. I can't see that in the permit reviews. You've asked for revisions, as there aren't any foundation details. Did they ever talk to you about the ROW ownership?

Thank you,  
-Ryan

**Subject:** Re: IL - Des Plaines - PD - Flock Safety - PM Update

Howdy Sir -

Wanted to send over a quick update regarding your outstanding Flock Cameras.  
Please see below -

**Camera 8 (Elmhurst/Oakton (NB)) - Pending Property Owner Permission**

**Do you know if we have received written property owner permission for this location yet?**

Once we have that I can get this one installed!

(42.02336766109617,-87.94031321874381) (Roughly 10.5' from the roadway)

**Cameras 10, 6, 5, 1 & 7 - Pending IDOT Approval**

OPER sent to you today, 12/11

Once IDOT receives the OPER (pd) and the Bond (flock) they will approve these permits!

**Please let me know once those signed copies have been mailed out to Cowan Electric**

**Cams 2 & 3 - Pending IL Tollway Permits**

Submitted 8/7/2023

**Cam 4 (S River/Touhy (SB)) - Pending Permit Submittal**

We have tried to submit a permit for this camera to the City of Des Plaines, the Village and IDOT and all of them are stating that this camera location does not fall under their jurisdiction.

We are going to try Rosemont and see if they will accept the permit submittal.

Please let me know the status of the OPER as well as the private property permissions for Cam 8 at your earliest convenience!

I will be sending out biweekly updates moving forward but please let me know if you have any questions in the meantime and feel free to refer to your [Tracker](#) at any time.

Thanks,

On Thu, Nov 30, 2023 at 5:53 PM Hailey Spessard <[hailey.spessard@flocksafety.com](mailto:hailey.spessard@flocksafety.com)> wrote:

Howdy Sir -

Just wanted to check in real quick!

We are still pending the IDOT permit approval for Cameras 10, 6, 5, 1 & 7. We did receive comments back on 10/31 and have revised our plans and resubmitted.

Hopefully we will receive their approval here soon but we will continue to check in with IDOT until then!

Have you had any luck in getting the permission from the property owner for Camera 8 (Elmhurst/Oakton (NB))? (42.02336766109617,-87.94031321874381) (Roughly 10.5' from the roadway)  
Please let me know if you need anything from me here!

We are getting some push back from the City regarding Camera 4 (S River/Touhy (SB)).

The city is saying that this camera requires an IDOT permit but IDOT has already rejected this location saying that it is City property.

Is there anyone from the City you can recommend we discuss this with? Once we have written city approval here I can get this camera scheduled for installation!

We are also still pending permits from IL Tollway for Cameras 2 & 3.

These were submitted over to them on 8/7/23. To be fully transparent, we have not yet received any IL Tollway permits yet and our team is working with them to finalize their requirements for these permits. We can either shift these two cameras to other locations (city/county/private owned) or keep them in the queue for IL Tollway permits. Please let me know how you would like to proceed!

I apologize for the delay with these IL Tollway permits but I have a feeling your IDOT permits shouldn't be too much longer to secure approval.

Please let me know if you have any questions and feel free to refer to your [Tracker](#) at any time.

Thanks,

Howdy Sir -

Apologies for not giving you a call yesterday - I have been traveling for Flock so yesterday and today have been a little all over the place!

We are aiming to install that pole at (42.02336766109617,-87.94031321874381) (Roughly 10.5' from the roadway).

Please let me know if that is enough information to take back to the property owner!

If not, if you wouldn't mind throwing time on my calendar to discuss so I can make sure this gets addressed I would appreciate it!

**Subject:** Re: IL - Des Plaines - PD - Flock Safety - PM Update

Howdy Sir -

Yes that is correct - We are aiming to install a new Flock Pole for Camera #8 at roughly the location shown below:

[@Danielle Mayberry](#) Can you please confirm once Flock Permitting has addressed the comments made by the City of Des Plaines on the permit package for Camera #04 (if we haven't done so already)?

We did receive comments back on the IDOT permits for Cams 1, 5, 6, 7 & 10 and revised the associated plans. These were resubmitted back over to IDOT 10/30/2023!

Please let me know once you hear from the customer at Camera #08.

We will have a permitting update for you on Cam #04 ASAP.

Feel free to reference your [Tracker](#) at any time!

Howdy Sgt. Barrett -

My name is Hailey and I will be your Project Manager for your Flock Cameras moving forward!

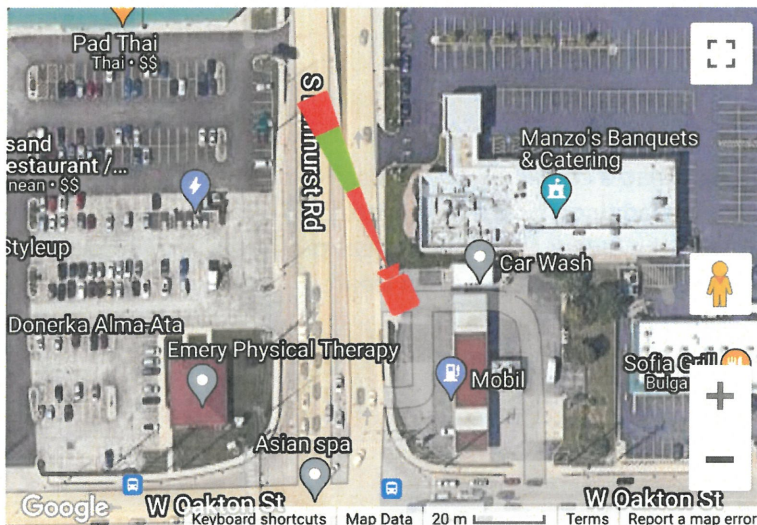

Please see a quick update for your outstanding cameras below -

**Cam 8 (Elmhurst/Oakton (NB)) - Needing Private Property Permission**

Needing written permission from the owner of the adjacent Mobil Gas Station to install this camera.

Do you happen to know if we will be able to obtain that permission? Once we have it we can push this camera forward to be installed!

Address: 800 W Oakton St

Cams 2 & 3 - Pending IL Tollway Permit

Submitted permit request to the IL Tollway on 8/7/23

Will keep checking in until we receive revision requests or approval.

Cam 4 (S River/Touhy (SB)) - Pending City of Des Plaines Permit

Submitted for permit with the City of Des Plaines on 8/4/2023

Will check back in this week to see if we can get an ETA on the approval here

Cams 1, 5, 6, 7 & 10 - Pending IDOT Permits

Submitted for IDOT permits on 3/2/2023

Will continue to check in with IDOT D1 until we receive approval!

Cam 9 (Elmhurst/Oakton (SB)) - In Service

Feel free to refer to your [Tracker](#) for more detailed status updates for each of your cameras, as well as to reference your Deployment Plan.

Apologies if any of this has already been discussed or sent over as I am new to the project.

Also apologies for the delay in getting over this update you - I will be sending out biweekly updates moving forward until the remainder of your cameras are up and running.

Please let me know if you have any questions!

Good Morning,

I have compiled the OPER 1051(attached) for your review/signature.  
[Here is a doc that explains the entire process](#), but I will spell your part out here as well.

- Please print the attached document out Four (4) times and sign and date with pen under "Applicant Signature"

- Mail all 4 copies to our IDOT Approved Contractor to sign as well:
- Cowan Electric  
ATTN: Dawn Cowan  
PO Box 5066  
Elgin, IL 60121

Please let me know when you have signed and mailed to Cowan Electric so I can keep track of the progress.

The additional steps for issuance include Bond Procurement (we will handle this) and then the final signature by IDOT. From there we will be able to get you on the schedule for installation!

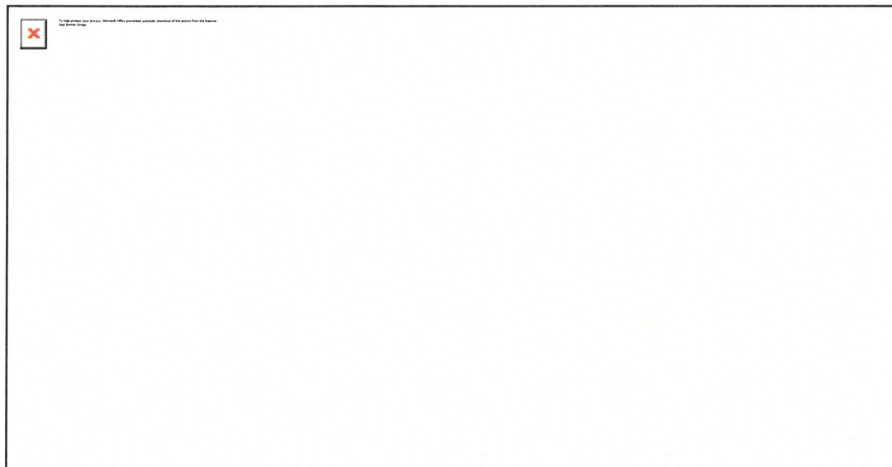

If you have any questions, please let me know!
