RE: *Record Request Dated September 11, 2024 for user account audit logs documenting each time a department account has conducted a search or taken another action on the department's Flock Safety ALPR system from 1/1/24 until the day this request is processed.*

Dear Mr. Feathers:

Your public records request will not be granted. In balancing the public interest in disclosing the information with the public interest in non-disclosure. The following has been considered:

Pursuant to Wis Stat § 19.35(1)(a) balancing test considerations, in balancing the interest of the public's right to receive such information and the subject's right to privacy and possible adverse effects on the subject's privacy, safety or reputation, the rights of the subjects outweigh the public interest with respect to the records you have requested, as the disclosure could result in an unwarranted invasion of privacy or adverse effects on a subject's reputation by providing information to an individual who would otherwise not have access to this information; if an individual may be identified as a potential suspect who may have committed a crime, and that may not be the case. Additionally, the records may contain investigative information and or information related to an ongoing investigation the disclosure of which, could jeopardize the investigation and subject to the balancing tests, the policy interest against disclosure outweigh the public's interests with respect to the records you have requested. Furthermore, Wis Stat § 19.35(1) (am) 2.a., states that the right to inspect or copy information in a record does not include personally identifiable information that if disclosed would endanger an individual's life or safety. The City of Green Bay seeks to shield private citizens from unwanted personal intrusions or harassment.

The determination not to release certain records is subject to review by mandamus under Wis. Stat. §19.37(1) or upon application to the Attorney General or District Attorney.

Respectfully,

Lisa M. Wachowski
Green Bay Police Department
Office Manager
