# Implementation Timeline

This timeline provides general guidance and understanding of your installation process. While we typically complete installations 6-8 weeks after locations have been finalized, delays can occur as noted in the timeline below:

# Flock Safety Team

Implementation Team	How They Will Support You
 <p data-bbox="240 709 503 743"><b>Project Manager</b></p>	<p data-bbox="618 405 1333 485">Your <b>Project Manager</b> is your <b>primary contact during camera installation.</b></p> <p data-bbox="618 522 1395 835">Your project manager will guide you through the entire installation process, keeping you apprised of all implementation updates as well as answering any questions you have during this time. They will ensure that all the cameras are on the ground and operating for at least 48 hours before transitioning you to your Customer Success Manager.</p>
 <p data-bbox="240 1318 503 1398"><b>Field Operations Team</b></p>	<ul data-bbox="634 1020 1403 1797" style="list-style-type: none"><li data-bbox="634 1020 1403 1287">• The Field Operations team is responsible for the physical installation and maintenance of cameras and associated equipment provided by Flock. This includes a large team of technicians, schedulers, and many others involved in ensuring the delivery of the product.</li><li data-bbox="634 1325 1403 1591">• They take the technical plan you finalized with Product Implementation and work closely with other teams at Flock to make sure that the cameras are installed quickly and safely and in a way that maximizes the opportunity to solve crime at a specific location.</li><li data-bbox="634 1629 1403 1797">• <b>*Note*:</b> For all <b>Installation questions or concerns</b>, please always direct them to your <b>Customer Success Manager</b> and not the technician.</li></ul>

Relationship Team	How They Will Support You
 <p data-bbox="225 690 527 772"><b>Customer Success Manager</b></p>	<p data-bbox="618 401 1386 483">Your Customer Success Manager is your strategic partner for your lifetime as a Flock customer.</p> <p data-bbox="618 520 1386 646">While the cameras are getting installed, your CSM will help get your account set up and get all key users trained on the system.</p> <p data-bbox="618 684 1386 810">Post-Camera-Installation, your CSM will be your go-to for most account-related needs: You should reach out to them to:</p> <ul data-bbox="638 831 1398 1188" style="list-style-type: none"> <li>• Set up Account Training</li> <li>• Understand benefits of features</li> <li>• Learning best practices for getting relevant data</li> <li>• Identifying opportunities to expand the security network in your area</li> <li>• Provide feedback on your partnership with Flock</li> </ul>
 <p data-bbox="274 1640 472 1722"><b>Flock Safety Support</b></p>	<p data-bbox="618 1344 1398 1566">The Flock Safety Support team is committed to answering all your day-to-day questions as quickly as possible. <b>To get in touch with support</b>, simply email <a href="mailto:support@flocksafety.com">support@flocksafety.com</a> or call <b>866-901-1781 Mon-Fri 8am-8pm EST</b>.</p> <p data-bbox="618 1577 954 1612">Support can help you:</p> <ul data-bbox="638 1633 1398 1896" style="list-style-type: none"> <li>• Request camera maintenance</li> <li>• Troubleshoot online platform</li> <li>• Contract / Billing questions</li> <li>• Update account information</li> <li>• Camera Sharing questions</li> <li>• Quick “How to” questions in your Flock Account</li> </ul>

Outside Party	When They May Be Involved
Electrician/Street Department	If the Flock cameras need to be AC powered, you (customer) are responsible for providing an electrician to ensure power connectivity
Public Works (LE)	To weigh in on the use of public Rights of Way or property
Department of Transportation (DOT), City, or County agencies	If installation in your area requires permitting

**PLEASE NOTE:** On some occasions, third parties outside of Flock Safety may be (or need to be) involved in your implementation.

# Implementation Service Briefs: Existing Infrastructure vs Standard vs Advanced

	Existing Infrastructure Install	Standard Install	Advanced Install
<b>Pole</b>	None	Flock	NCHRP 350 / MASH
<b>Timeline</b>	Short	Medium	Longest
<b>Cost</b>	Lowest	Mid	Highest

## Existing Infrastructure Implementation

**COST:** \$150 per camera (one time cost)

### Included In Scope:

Once designated locations are approved by the customer, as part of the **Existing Infrastructure Implementation Service** Flock will perform the following:

- An in-person site survey to confirm the installation feasibility of a location (location assessment, solar assessment, visibility review, etc.)
  - Cameras need sufficient power. Since a solar panel is required per camera, it can prevent adequate solar power if two cameras and two solar panels are on a single pole (blocking visibility). Therefore if relying on solar power, only one camera can be installed per pole.
- Confirm that a location is safe for work by following State utility locating procedures.
- Each installation may include the following:
  - Installation of camera and solar panel or AC adapter box on a suitable existing pole

- Types of existing infrastructure such as existing utility, light, and traffic signal poles.
- Pole no higher than 8'-12' (approval at Flock Safety's discretion)
- Flock will provide and mount an AC adapter unit that a qualified electrician can connect to AC power following our electrical wiring requirements. Flock is unable to make any AC connections or boreholes in any material other than dirt, grass, loose gravel (or other non-diggable material). Electrical work requiring a licensed electrician and associated costs, not included in the scope.
- Access requiring up to a 14' using an A-frame ladder
- Standard MUTCD traffic control procedures performed by a Flock technician
- Obtain a business license to operate in the city and state of camera location

## Out Of Scope:

By default, Flock does **not** include the following as part of the **Existing Infrastructure Implementation Service** but can provide a quote for sourcing at an additional cost:

- Mounting on mast arms (always require bucket truck and traffic control)
- Call 811 'Call-before-you-Dig' system
- Installation of any poles including but not limited to
  - Standard, 12' above grade Flock breakaway pole
  - NCHRP 350 or MASH approved pole (as may be required for locations in DOT right of way)
- A Bucket Truck for accessing horizontal/cross-beams and/or height above 14'
- Special equipment rentals for site access
- Site-specific engineered traffic plans
- Third-party provided traffic control
- State or city-specific specialty contractor licenses or unique attachment/connection requirements
- Custom engineered drawings
- Electrical work requires a licensed electrician.

- Flock will provide and mount an AC adapter that a qualified electrician can connect to AC power but cannot make any AC connections or boreholes in any material other than dirt, grass, loose gravel (or other non-diggable material).
- Concrete cutting
- Private utility search for privately owned items not included in standard 811 procedures (communication, networking, sprinklers, etc.)
- Upgrades to power sources to ready them for Flock power (additional fuses, switches, breakers, etc.)
- Any fees or costs associated with filing for required city, county, or state permits
- Licensing or attachment agreements with asset / infrastructure owners
- Utility contracts and billing
- Customer requested relocations (see fee schedule)

## Standard Implementation

**COST:** \$650 per camera (one time cost)

### Included In Scope:

Once designated locations are approved by the customer, as part of the **Standard Implementation Service** Flock will perform the following:

- An in-person site survey to confirm the installation feasibility of a location (location assessment, solar assessment, visibility review, etc.)
- Confirm that a location is safe for work by following state utility locating procedures. Work with local utilities to prevent service interruptions during the installation
  - Engage 811 'Call-before-you-Dig' system to receive legal dig date
  - Apply approved markings Coordinate with 811 regarding any necessary high-risk dig clearances or required vendor meets
- Each installation may include the following:
  - Installation of camera and solar panel with standard, 12' above grade Flock breakaway pole

- Installation of camera and AC adapter that a qualified electrician can connect to AC power on a suitable existing pole, no higher than 8-12' (approval at Flock Safety's discretion)
  - Flock will provide and mount an AC adapter that a qualified electrician can connect to AC power following our electrical wiring requirements. Flock is unable to make any AC connections or boreholes in any material other than dirt, grass, loose gravel (or other non-diggable material). Electrical work requiring a licensed electrician and associated costs, not included in the scope.
- Access requiring up to a 14' A-frame ladder
- Standard MUTCD traffic control procedures performed by a Flock technician
- Obtain a business license to operate in the City and State of camera location

## Out Of Scope:

By default, Flock does **not** include the following as part of the Standard Implementation Service but can provide a quote for sourcing at an additional cost:

- Use and/or mounting to existing infrastructure.
- NCHRP 350 or MASH approved pole (as may be required for locations in DOT right of way)
- A Bucket Truck for accessing horizontal/cross-beams and/or height above 14'
- Special equipment rentals for site access
- Site-specific engineered traffic plans
- Third-party provided traffic control
- State or city-specific specialty contractor licenses
- Custom engineered drawings
- Electrical work requires a licensed electrician.
  - Flock will provide and mount an AC adapter that a qualified electrician can connect to AC power but cannot make any AC connections or boreholes in any material other than dirt, grass, loose gravel (or other non-diggable material).
- Concrete cutting
- Private utility search for privately owned items not included in standard 811 procedures (communication, networking, sprinklers, etc.)

- Upgrades to power sources to ready them for Flock power (additional fuses, switches, breakers, etc.)
- Any fees or costs associated with filing for required city, county, or state permits
- Licensing or attachment agreements with asset / infrastructure owners
- Utility contracts and billing
- Customer requested relocations (see fee schedule)

## Advanced Implementation

**COST:** \$1,900 per camera (one time cost)

### Included In Scope:

Once Designated Locations are confirmed, as part of the **Advanced Implementation Service**, Flock will perform the following:

- An in-person site survey to confirm the installation feasibility of a location (location assessment, solar assessment, visibility review, etc.)
- Confirm that a location is safe for work by following State utility locating procedures. Work with local utilities to prevent service interruptions during the installation
  - Engage 811 'Call-before-you-Dig' system to receive legal dig date
  - Apply approved markings Coordinate with 811 regarding any necessary high-risk dig clearances or required vendor meets
- Each installation may include the following:
  - Installation of camera and solar panel on a suitable **NCHRP 350 or MASH** approved pole.
  - Installation of camera and AC adapter that a qualified electrician can connect to AC power.
    - Flock will provide and mount an AC adapter that a qualified electrician can connect to AC power following our electrical wiring requirements. Flock cannot make any AC connections or boreholes in any material other than dirt, grass, loose gravel (or other non-diggable material).

Electrical work requiring a licensed electrician and associated costs, not included in the scope.

- Access requiring up to a 14' A-frame ladder
- Standard MUTCD traffic control procedures performed by a Flock technician
- Obtain a business license to operate in the City and State of camera location

## Out Of Scope:

By default, Flock does not include the following as part of the **Advanced Implementation Service** but can optionally provide a quote for sourcing (additional cost):

- Installation on Standard, 12' above grade Flock breakaway pole or existing infrastructure.
- A Bucket Truck for accessing horizontal/cross-beams and/or height above 14'
- Special equipment rentals for site access
- Site-specific engineered traffic plans
- Third-party provided traffic control
- State or City-specific specialty contractor licenses
- Custom engineered drawings
- Electrical work requires a licensed electrician. Flock will provide and mount an AC adapter that a qualified electrician can connect to AC power but cannot make any AC connections or boreholes in any material other than dirt, grass, loose gravel (or other non-diggable material).
- Concrete cutting
- Private utility search for privately owned items not included in standard 811 procedures (communication, networking, sprinklers, etc.)
- Upgrades to power sources to ready them for Flock power (additional fuses, switches, breakers, etc.)
- Fees or costs associated with filing for required City, County, or State permits

# Things to Consider When Selecting Locations

## Falcon Cameras

- Use Cases
  - Flock LPRs are designed to capture images of rear license plates aimed in the direction of traffic.
  - Flock LPRs are not designed to capture pedestrians, sidewalks, dumpsters, gates, other areas of non-vehicle traffic, intersections.
- Placement
  - They capture vehicles driving away from an intersection.
  - They cannot point into the middle of an intersection.
  - They should be placed after the intersection to prevent stop and go motion activation or “stop and go” traffic.
- Mounting
  - They can be mounted on existing utility, light, traffic signal poles, or 12 foot Flock poles.\*
  - They should be mounted one per pole.\*\* If using AC power, they can be mounted 2 per pole.
- They can be powered with solar panels or direct wire-in AC Power (no outlets).\*\*\*
- They will require adequate cellular service using AT&T or T-Mobile to be able to process & send images.

\* Permitting (or permission from pole owner) may be required to use existing infrastructure or install in specific areas, depending on local regulations & policies.

\*\* Cameras need sufficient power. Since a solar panel is required per camera, it can prevent adequate solar power if two cameras and two solar panels are on a single pole (blocking visibility). Therefore if relying on solar power, only one camera can be installed per pole.

\*\*\* Flock does not provide Electrical services. Once installed, the agency or community must work with an electrician to wire the cameras. Electrician services should be completed within two days of installation to prevent the camera from dying.

## Solar Panels

Solar panels need unobstructed southern-facing views.

## Pole

If a location requires a "DOT Pole" (i.e., Advanced Pole, **not** Flock standard pole), the implementation cost will be \$5,000/camera.

# Customer Responsibilities: AC-Powered Cams

If the Flock cameras need to be AC-powered, the **customer is responsible** for acquiring an electrician and ensuring they connect the camera to power. See steps 2 and 6 below.

## How to Get Started with a Powered Install

### 1. Create a Deployment Plan

Work with us to select the best location(s) for Flock Safety cameras and power sources

### 2. Acquire an Electric Quote

Contact an electrician to receive a quote to run 120volt AC power to the camera

### 3. Sign Flock Safety Agreement

Sign the Flock Safety purchase order to begin the installation of cameras

### 4. Conduct Site Survey

Flock will mark camera locations, locate underground utilities and mark if present

### 5. Install Camera

Flock will install the camera and AC power kit at the specified camera location

### 6. Connect Camera to Power

Notify the electrician that the camera is ready for the power connection installation

# Electrician Handout

## Electrician Installation Steps

1. Run AC cable and conduit to the box according to NEC Article 300 and any applicable local codes. The gland accepts ½" conduit.
2. Open the box using hinges.
3. Connect AC Mains per wiring diagram below:
  - a. Connect AC Neutral wire to the Surge Protector white Neutral wire using the open position on the lever nut.
  - b. Connect AC Line wire to the Surge Protector black Line wire using the open position on the lever nut.
  - c. Connect AC Ground wire to the Surge Protector green ground wire using the open position on the lever nut.
4. Verify that both the RED LED is lit on the front of the box
5. Close box and zip tie the box shut with the provided zip tie
6. While still on-site, call Flock, who will remotely verify that power is working correctly:

**Southeast Region - (678) 562-8766**

**West-Region - (804) 607-9213**

**Central & NE Region - (470) 868-4027**

## **FAQs about AC-Powered Flock Cameras**

### **What voltage is supported?**

The AC kit is designed to work with 120VAC Infrastructure by default. A 240VAC version is available on request.

### **How much power does this consume?**

Peak current draw is 1.5 A at 120VAC. The average power draw is roughly 30W in high traffic conditions but maybe lower when fewer vehicles are present.

### **Who is responsible for contracting the electrician?**

The customer is responsible for contracting an electrician. We can help answer questions, but the customer is responsible for identifying and contracting an electrician.

### **Who is responsible for maintenance?**

Flock will handle all maintenance related to Flock's camera and power equipment. However, any problems with the electrical supply are the customer's responsibility. The AC junction box has two lights to indicate the presence of power and make it easy for quick diagnosis if there is a problem related to the AC power source.

- If the camera indicates to Flock that there is a power supply problem, Flock will notify the customer and request that the customer verifies the lights on the AC junction box. If the AC Source light is illuminated, Flock will send a technician to investigate. If the AC source light is not illuminated, the customer should check any GFCI's or breakers in the supply circuit or call the electrician who installed the power supply.

### **How much does it cost?**

Work required to bring AC power to each location will be different, so exact pricing is unavailable. Primary cost drivers include arrow boards and the distance from the camera location to the AC power source.

### **What information do I need to provide my electrician?**

The Flock deployment plan and these work instructions should be sufficient to secure a quote. It will be helpful if you know the location of the existing power infrastructure before creating the deployment plan.

**Can you plug it into my existing power outlet?** The Flock AC power adapter does not use a standard outlet plug but must be directly wired into the power mains. While using outlet plugs may be convenient, they can easily be unplugged, presenting a tampering risk to this critical safety infrastructure. The electrician can route power directly to the camera with a direct wire-in connection if an outlet is close to the camera.

**How long does this process typically take?**

The installation process typically takes 6-8 weeks. To accelerate the process, be sure to have the electrician perform his work shortly after the Flock technician finishes installing the camera.

**What kind of electrician should I look for?**

Any licensed electrician should perform this work, though we have found that those who advertise working with landscape lighting are most suited for this work.

**What happens if the electrician damages the equipment?**

The customer is responsible for contracting the electrician. Any liability associated with this work would be assumed by the customer. If any future work is required at this site due to the electrical infrastructure or the work performed by the electrician would be the responsibility of the customer.

**When should the electrician perform his work?**

Once Flock installs the camera, you will receive an email alert letting you know that this has been completed. After this, you will need to schedule the electrician to route power to the pole.

**What if my electrician has questions about Flock's AC Kit?**

You should share the [AC-Power Kit Details](#) packet with the electrician if they have questions.

**What if the AC power is on a timer?**

Sometimes the AC power will be on a timer (like used for exterior lighting). Flock requires that the AC power provided to the camera be constant. The source that the electrician uses must not be on a timing circuit.

# Installation Service Brief Summary

Below outlines the statement of work for the Flock Camera Installation:

What Is Covered By Flock	What Is NOT Covered By Flock	Special Note
Flock Cameras & Online Platform	Traffic Control And Any Associated Costs	
Mounting Poles	*DOT Approved Pole Cost Electrician & Ongoing Electrical Costs	
AC Power Kit (As Needed)	Engineering Drawings	
Solar Panels (As Needed)	Relocation Fees	<i>Excluding Changes During Initial Installation</i>
Site Surveys And Call 811 Scheduling	Contractor Licensing Fees	
Installation Labor Costs	Permit Application Processing Fees	
Customer Support / Training	Specialist Mounting Equipment	<i>Including, But Not Limited To, **MASH Poles Or Adapters</i>
Cellular Data Coverage	Bucket Trucks	
Maintenance Fees (Review <a href="#">Fees Sheet</a> For More Details)	Loss, Theft, Damage To Flock Equipment	
Data Storage For 30 Days	Camera Downtime Due To Power Outage	<i>Only Applicable For AC-Powered Cameras</i>
	***Field Technician Maintenance For <b>Falcon™ Flex</b>	

\*If a location requires a "DOT pole" (i.e., not our standard), the implementation cost will be \$5,000/camera; This cost is applicable for installations in GA, IL, SC, TN, and CA.

\*\*MASH poles: Manual for Assessing Safety Hardware (MASH) presents uniform guidelines for crash testing permanent and temporary highway safety features and recommends evaluation criteria to assess test results

\*\*\*If a camera is lost, stolen, or damaged, a replacement device can be purchased at a discounted price of \$800

# Permitting: Pre-Install Questionnaire

## 1. Timeline

- In Flock Safety's experience, in-depth permitting requirements can **add 2+ months to the installation timeline.**
- The SLA for permit document submission is within 15 days from contract signature date (contract Closed-Won)

## 2. Right of Way

- Will any Flock Safety cameras be installed on the city, state, or power company-owned poles or in the city, county, or state Right of Way (RoW)?
  - What is the RoW buffer?
  - Will additional permits or written permission be required from third-party entities (such as DOT, power companies, public works, etc.)?
- Will any cameras be installed on city-owned traffic signal poles (vertical mass)?
  - If yes, please provide heights/photos to determine if a bucket truck is needed for the installation.
    - Note: A bucket truck is required if the height exceeds 15 feet tall.

## 3. AC Power vs. Solar

- If AC powered, is there a 120V power source available, and is there access to an electrician who can connect the existing wire to the Flock Safety powered installation kit?
- If solar-powered, consider the size of the solar panel and potential to impact the visibility of DOT signs/signals:
  - Single Panel: 21.25" x 14" x 2" (Length x Width x Depth)
  - Double Panel: 21.25" x 28" x 2" (LxWxD)

## 4. Traffic Control & Installation Methods

- **If a bucket truck is required**, this typically necessitates an entire lane to be blocked in the direction of travel. **Can you provide a patrol car escort, or will full traffic control be required?\***

**PLEASE NOTE:** If traffic control is required, you may incur additional costs due to city/state requirements; Fees will be determined by quotes received.

- **If full traffic control is required (cones, arrow boards, etc.):**
  - Will standard plans suffice, or are custom plans needed? Custom plans can double the cost, while standard plans can be pulled from the Manual of Uniform Traffic Control Devices (**MUTCD**).
  - Will a non-sealed copy of the traffic plan suffice? Or does the traffic plan need to be sealed and/or submitted by a professional engineer?
  - Are there state-specific special versions/variances that must be followed?
- **If a bucket truck is *not* required**, the shoulder or sidewalk should suffice and enable Flock Safety to proceed without traffic control systems in place.
  - Note: In some states (i.e., arrow boards), sidewalks may require signage. If signage is mandatory, Will your Public Works department be able to assist?

## 5. Paperwork & Required Forms

- Flock Safety will need copies of paperwork to complete before proceeding (ex., business license applications, encroachment permit applications). We can save critical time by gathering these documents upfront. We appreciate your assistance in procuring these.

## 6. Contacts

- If Flock Safety needs to interface directly with the departments, please share the contact information of the following departments:
  - Permitting
  - Public Works
  - Traffic Department

## **\*Fee Schedule**

After a deployment plan with Designated Locations and equipment has been agreed upon by both Flock and the Customer, any subsequent changes to the deployment plan ("Reinstalls") driven by a Customer's request will incur a fee per the table below.

### **What Services Incur Fees:**

- Requested relocations post-approval by customer
- Relocations due to poor performance will be the responsibility of Flock
  - If a customer requests a location against the advisement of Flock, performance issues and any requested relocations will be the responsibility of the customer.
- Per the contract and absent a defect, in the event that Flock Hardware is lost, stolen, or damaged, Customer may request that Flock replace the Flock Hardware at a fee according to the then-current Reinstall policy  
<https://www.flocksafety.com/reinstall-fee-schedule>
- Misc billables for out of scope items for each implementation

All fees are per reinstall or required visit (in the case that a reinstall is attempted but not completed) and include labor and materials. If you have any questions, please email [support@flocksafety.com](mailto:support@flocksafety.com).

## Help Center

Our Help Center is filled with many resources to help you navigate through the online platform. Below you will find some common questions and their relevant help article:

[How do I search camera footage?](#)

[How do I add a user?](#)

[How do I add a vehicle to my own Hot List?](#)

[How do I enable browser notifications for Hot List alerts?](#)

[How do I get text alerts for Hot List?](#)

[How do I request camera access from other nearby agencies?](#)

## Help Center

[How do I use the National Lookup to search for a plate?](#)

*(National Lookup - network of law enforcement agencies that have opted to allow their network of Flock cameras to be used for searches)*

[How do I reset my / another user's password?](#)

## Customer Support

You can reach our customer support team anytime by emailing [support@flocksafety.com](mailto:support@flocksafety.com). They can help answer any "How-To" questions you may have.

# flock safety

## MEMORANDUM OF UNDERSTANDING

This Data Sharing Memorandum of Understanding (hereinafter "**MOU**") is entered into by and between Flock Group, Inc., d/b/a "Flock Safety", with a place of business at 1170 Howell Mill Road NW Suite 210, Atlanta, GA 30318 ("**Flock**") and Glynn County SO with a place of business at 100 Sulphur Springs Rd, Brunswick, Georgia 31520 ("**Customer**") (each a "**Party**", and together, the "**Parties**").

Whereas, Customer desires to access Flock's technology platform and FlockOS® (together, the "**Flock Services**") in order to view and search still images and associated information (e.g., metadata, geo-location of devices, time stamp, and vehicle description) captured by Flock's devices ("**Captured Data**") for the Purpose (defined below).

Whereas, Flock desires to share Captured Data with Customer in accordance with the applicable retention requirements, pursuant to the following terms and conditions:

### **1. Definitions.**

1.1. "**Authorized User**" means employees, agents, or officers of Customer accessing or using the Flock Services for the Purpose.

1.2. "**Flock IP**" means the Flock Services, Flock's proprietary software, hardware, and any intellectual property or proprietary information therein or otherwise provided to Customer and/or its Authorized Users.

1.3. "**FlockOS® Essentials Tier**" means access to Flock's cloud-based public safety platform, which includes real-time hotlist alerts and search vehicle evidence from a nationwide network of license plate reader cameras. FlockOS® Essentials Tier includes access to Flock's national law enforcement network of devices.

1.4. "**FlockOS® Community Tier**" means access to Flock's cloud-based public safety platform, which includes limited access to community devices, such as Home Owner Associations, businesses, law enforcement, and school safety customers, within the local city or county they serve. FlockOS® Community Tier does not include national access to Flock's law enforcement network of devices.

**2. Purpose.** Customer shall use Flock Services solely for the awareness, prevention, and prosecution of crime, bona fide investigations and evidence gathering by law enforcement to the extent permitted by law ("**Purpose**").

**3. Term.** This MOU will commence upon execution by both Parties and shall continue until terminated by either Party pursuant to Section 12 ("**Termination for Convenience**").

**4. Trial Period.** For the first ninety (90) days of the Term ("**Trial Period**"), Customer will have complimentary access to FlockOS® Essentials Tier. After the Trial Period, Customer will be

# flock safety

automatically downgraded to FlockOS<sup>®</sup> Community Tier unless the Parties mutually execute a paid subscription agreement.

**5. Access Rights to Flock Services.** Flock grants to Customer a non-exclusive, non-transferable, revocable right to access the features and functions of the Flock Services during the Term, solely for use by Authorized Users. Customer shall undertake reasonable efforts to make all Authorized Users aware of the provisions of this MOU and shall cause Authorized Users to comply with such provisions. Customer shall be responsible for all acts and omissions of Authorized Users.

**6. Restrictions on Use.** Customer will not permit any Authorized Users or any third party to: (i) copy or duplicate any of the Flock Services; (ii) decompile, disassemble, reverse engineer or otherwise attempt to obtain or perceive the source code from which any software component of any of the Flock Services is compiled or interpreted; (iii) modify, alter, or tamper with any of the Flock Services, or create any derivative product from any of the foregoing; (iv) interfere or attempt to interfere in any manner with the functionality or proper working of any of the Flock Services; (v) remove, obscure, or alter any notice of any intellectual property or proprietary right appearing on or contained within any of the Flock Services; or (vi) assign, sublicense, sell, resell, lease, rent or otherwise transfer or convey, or pledge as security or otherwise encumber, Customer's rights. Customer may only access Captured Data and Flock Services to perform the Purpose, as described in Section 2. Parties shall comply with all applicable local, state and federal laws, regulations, policies and ordinances.

**7. Service Interruption.** Flock Services may be interrupted in the event that: (a) Flock's provision of Flock Services to Customer or any Authorized User is prohibited by applicable law; (b) any third-party services required for Flock Services are interrupted; (c) if Flock reasonably believe Flock Services are being used for malicious, unlawful, or otherwise unauthorized use; (d) there is a threat or attack on any of the Flock IP by a third party; or (e) scheduled or emergency maintenance ("**Service Interruption**"). Flock will make commercially reasonable efforts to provide written notice of any Service Interruption to Customer, to provide updates, and to resume providing access to Flock Services as soon as reasonably possible after the event giving rise to the Service Interruption is cured. Flock will have no liability for any damage, liabilities, losses (including any loss of data or profits), or any other consequences that Customer or any Authorized User may incur as a result of a Service Interruption.

**8. Service Suspension.** Flock may temporarily suspend Customer's and any Authorized User's access to any portion or all of the Flock IP or Flock Services if: (a) there is a threat or attack on any of the Flock IP by Customer; (b) Customer's or any Authorized User's use of the Flock IP disrupts or poses a security risk to the Flock IP or any other customer or vendor of Flock; (c) Customer or any Authorized User uses the Flock IP for fraudulent or illegal activities; (d) Customer has violated any term of this provision, including, but not limited to, utilizing Flock Services for anything other than the Purpose; or (e) any unauthorized access to Flock Services through Customer's account.

**9. Ownership.** Flock retains all right, title and interest in and to the Flock Service, Flock IP, and its components or data provided by Flock to Customer. Customer further acknowledges that Flock retains the right to use the foregoing for any purpose in Flock's sole discretion. Except as

# flock safety

provided herein, Customer acknowledges that it neither owns nor acquires any rights, title or interest in Flock IP or Captured Data. If Customer or Authorized User provides any suggestions or other information relating to the subject matter hereunder, Customer or Authorized User hereby assigns to Flock all right, title and interest (including intellectual property rights) with respect to or resulting from any of the foregoing. There are no implied rights.

**10. Warranty.** Flock Services are provided "As Is". Flock disclaims all warranties, express or implied, including, but not limited to, implied warranties of merchantability and fitness for a particular purpose as to Flock Services and Captured Data.

**11. Financial Implications to Customer.** No financial commitment by Customer is required to access the Flock Services or Captured Data under this MOU.

**12. Termination for Convenience.** Either Party may terminate this MOU for its convenience at its sole discretion by providing thirty (30) days prior written notice of termination, effective immediately after such notice. Upon termination of this MOU, Customer will immediately cease all use of Flock Services.

**13. Indemnification.** Each Party to this MOU shall assume the responsibility and liability for the acts and omissions of its own employees, deputies, officers, or agents, in connection with the use of Flock Services. To the extent permitted by law, Parties shall indemnify and hold harmless each other against any suits, claims, actions, complaints, or liability of any kind, which relate to the use of or reliance on Flock Services. For tort liability purposes, no participating Party shall be considered the agent of the other participating Party. Each Party to this MOU shall be liable (if at all) only for the torts of its own officers, agents, or employees. Under no circumstances shall this MOU be interpreted to create a partnership or joint venture.

## **14. Limitation of Liability.**

**14.1. Limitation on Direct Damages.** TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL FLOCK, ITS OFFICERS, DIRECTORS, AGENTS, EMPLOYEES OR REPRESENTATIVES BE LIABLE FOR ANY AMOUNT GREATER THAN \$100 IN UNITED STATES CURRENCY, WITHOUT REGARD TO WHETHER SUCH CLAIM IS BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE OR STRICT LIABILITY), PRODUCT LIABILITY OR OTHERWISE.

**14.2. Waiver of Consequential Damages.** IN NO EVENT SHALL FLOCK OR ITS LICENSORS OR SUPPLIERS BE LIABLE FOR ANY INDIRECT, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, LOSS OF DATA OR LOSS OF PROFITS, WITHOUT REGARD TO WHETHER SUCH CLAIM IS BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE), PRODUCT LIABILITY OR OTHERWISE, EVEN IF FLOCK HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

## **15. Confidentiality.**

# flock safety

**15.1. Obligations.** During the performance of services and Customer's use of the Flock Services under this Agreement it may be necessary for a Party to provide the other with certain information considered to be proprietary or confidential by the disclosing Party. The disclosure of such confidential information shall be subject to the following terms and conditions.

15.1.1. "**Confidential Information**" shall mean any material, data, systems, procedures and other information of or with respect to disclosing Party that is not be accessible or known to the general public, including information concerning its hardware, business plans or opportunities, business strategies, finances, employees, object code, source code, formulae, algorithms, financial data, clients, employees, software development plans, software support and third-party proprietary or other information that disclosing Party treats as confidential. The receiving Party shall not use, publish or divulge any Confidential Information of the disclosing Party except (i) in connection with receiving Party's provision of software and services pursuant to this Agreement, (ii) to receiving Party's officers, directors, employees, agents and contractors who need to know such information to enable receiving Party to provide software and services pursuant to this Agreement, or (iii) with the prior written consent of disclosing Party, provided that disclosing Party may withhold such consent in its sole discretion.

15.1.2. Each Party shall protect the other's Confidential Information with the same degree of care normally used to protect its own similar Confidential Information, but in no event less than that degree of care that a reasonably prudent business person would use to protect such information. The obligations of each Party to protect Confidential Information received from the other Party shall not apply to information that is publicly known or becomes publicly known through no act or failure to act on the part of the recipient. All provisions of this MOU concerning this section herein, shall survive any termination of this MOU.

**15.2. Exclusions.** Confidential Information shall not include any information that is (i) already known to the receiving Party at the time of the disclosure; (ii) publicly known at the time of the disclosure or becomes publicly known through no wrongful act or failure of the receiving Party; (iii) subsequently disclosed to the receiving Party on a non-confidential basis by a third-party not having a confidential relationship with the other Party hereto that rightfully acquired such information; or (iv) communicated to a third party by the receiving Party with the express written consent of the other party hereto. A disclosure of Confidential Information that is legally compelled to be disclosed pursuant to a subpoena, summons, order or other judicial or governmental process or the Freedom of Information Act or Public Records Request shall not be considered a breach of this MOU; provided the receiving Party provides prompt notice of any such subpoena, order, or the like to the other Party so that such Party will have the opportunity to obtain a protective order or otherwise oppose the disclosure.

**16. Entire Agreement.** This MOU is complete and contains the entire understanding between the Parties relating to the provision of Flock Services, the sharing of Captured Data, and

# flock safety

Confidential Information by and between Flock and Customer. This MOU supersedes any and all other agreements between the Parties. This Agreement is non-assignable by either Party.

**17. Severability.** Nothing in this MOU is intended to conflict with or violate State or Federal laws, regulations, policies, etc. If a term or provision of this MOU is inconsistent with a law or authority, then that term or provision shall be invalid, but the remaining terms and provisions shall remain in full force and effect. If any provision of this MOU is found to be unenforceable, unlawful, or void, the provision shall be deemed severable from the MOU and shall not affect the validity of the remaining provisions.

**18. Miscellaneous.** All notices under this Agreement will be in writing and will be deemed to have been duly given when received, if personally delivered; when receipt is electronically confirmed, if transmitted by email; the day after it is sent, if sent for next day delivery by recognized overnight delivery service; and upon receipt, if sent by certified or registered mail, return receipt requested. All notices will be provided to the email or mailing address listed in this Agreement. This MOU shall be governed by the laws of the state in which the Customer is located, excluding its conflict of laws rules. The parties agree that the United Nations Convention for the International Sale of Goods is excluded in its entirety from this MOU.

IN WITNESS WHEREOF, Flock and the Customer have caused this MOU to be signed on the date set forth below and be effective on the last date specified below.
