CHIEF'S MESSAGE

The purpose of this manual is to guide the Bainbridge Island Police Department's Officers and Civilian Employees during the course of their daily law enforcement duties. This policy manual reflects the Department's official position on the professional, ethical and legal manner in which official duties are carried out. I have the utmost confidence that my officers will do the right thing in any given situation, but the legal landscape in which we perform our work is complex and technical. It is therefore imperative that all members of the Department read, understand and know the intent and guidance contained herein to protect the citizens you serve and yourself.

The intent of this manual is to assist officers in the performance of their duties, not hinder. If a policy is not clearly written or understood, you have a moral responsibility to seek clarification, or help the department to write the policy more clearly. To that end, I expect every member of our Department to read and reference this Policy Manual frequently. Expect to be evaluated on your knowledge and understanding of the Manual, both in your daily duties, but also as part of Department directed Training.

Finally, thank you for your continued service to the City of Bainbridge Island. I am proud of the work you have done and look forward to our continued service together.

Law Enforcement Authority

100.1 PURPOSE AND SCOPE

The purpose of this policy is to affirm the authority of the members of the Bainbridge Island Police Department to perform their functions based on established legal authority.

100.2 POLICY

It is the policy of the Bainbridge Island Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate abuse of law enforcement authority.

100.3 PEACE OFFICER POWERS

Sworn members of this department are authorized to exercise peace officer powers pursuant to applicable state law.

100.3.1 ARREST AUTHORITY

The arrest authority of the Bainbridge Island Police Department includes (RCW 10.31.100):

(a) When a peace officer has probable cause to believe that a person has committed or is committing a felony, the peace officer shall have the authority to arrest the person without a warrant.

(b) A peace officer may arrest a person without a warrant for committing a misdemeanor or gross misdemeanor only when the offense is committed in the presence of a peace officer, except as provided in RCW 10.31.100 (e.g., when there is probable cause for certain offenses that involve domestic violence, driving under the influence, motor vehicle accidents).

(c) A peace officer may arrest a person in compliance with an arrest warrant. Prior to serving an arrest warrant, officers will:

1. Make reasonable efforts to ensure the person to be arrested is the person named on the warrant by verifying:
    (a) Complete name,
    (b) Date of birth,
    (c) Social security number, and,
    (d) Physical identifiers (scars, marks, tattoos listed on the warrant).
2. Confirm the warrant with the issuing agency, verifying that the warrant is still active and that they will extradite.

100.4 INTERSTATE PEACE OFFICER POWERS

Peace officer powers may be extended to other states:

(a) As applicable under interstate compacts, memorandums of understanding or mutual aid agreements in compliance with the laws of each state.

(b) When an officer enters Idaho or Oregon in fresh pursuit of a person believed to have committed a felony (Idaho Code 19-701; ORS 133.430).

When an officer makes an arrest in Idaho or Oregon, the arresting officer shall cause the person to be taken without delay to a magistrate in the county where the arrest was made (Idaho Code 19-702; ORS 133.440).

100.5 CONSTITUTIONAL REQUIREMENTS

All members shall observe and comply with every person's clearly established rights under the United States and Washington Constitutions.

100.5.1 ADVISEMENT OF RIGHTS

Federal case law requires that officers advise a person who is in custody, or the functional equivalent of arrest, of their right to counsel prior to interrogation. Washington criminal court rules require that police advise an arrestee of the right to counsel after making an arrest.

The language used to advise suspects is on the card issued to each employee for that purpose.

NOTE: It may be necessary for the employee to testify in court as to the precise language used to warn the suspect of his/her rights and the precise language by which the suspect wavied these rights.

Law Enforcement Code of Ethics

104.1 STATEMENT OF PURPOSE

The Department constitutes an organization whose very existence is justified solely on the basis of community service. Although departmental regulations provide a working pattern, our official activity must not be confined within the limited area described by them. Actually, that portion of police service dealing with the criminal element is only a small part of our overall responsibility.The greater percentage of our time and energy is expended on non-criminal service functions and in dealing with law-abiding citizens of the community.

We should consider it our duty and privilege, not only to protect our citizens from the criminal, but also to protect and defend the rights guaranteed under our structure of government. It maybe said that matters of civil law are not a basic police responsibility and, within reasonable limits, we should attempt to avoid becoming entangled in them. However, some situations can best be served only when we assist in such matters. Our broad philosophy must embrace a wholehearted determination to protect and support individual rights while at all times providing for the security of persons and property in the community.

A society free from crime and disorder remains an unachieved ideal; nevertheless, consistent with the values of society, it is the objective of the Department's role to enforce the law in a fair and impartial manner, recognizing both the statutory and judicial limitations of police authority. It is not the role of the Department to legislate, to render legal judgments, or to punish.

The Department protects the rights of all persons within its jurisdiction to be free from criminal attack, to be secure in their possessions and to live in peace. The Department serves the people of the City by performing the law enforcement function in a professional manner and it is to these people that the Department is ultimately responsible. In joining the Department, employees make its responsibilities their own and are expected to carry out these responsibilities diligently and courteously and to take pride in the services they provide.

104.2 IMPORTANCE OF THE CODE OF ETHICS

Ethics are those standards or principles of conduct that govern the behavior of an individual or a group of individuals.

The position of a police department employee carries with it a moral obligation to adhere strictly to the high standards of honor and integrity that the public has a right to expect. The moral code of the police employee must be beyond reproach. Not only must the employee avoid all wrongdoing,but he or she must avoid all appearance of wrongdoing. The employee must be aware that his or her conduct will be appraised in three frames of reference—what the conduct actually is, what he or she thinks it is, and what it appears to be to others.

104.3 PURPOSE

To set forth both an articulated code of ethics and a set of ethical canons and standards which encompass and describe expectations of behavior and conduct, both on duty and off duty, for all commissioned law enforcement personnel and, where applicable, all members of the law enforcement agency, whether paid or volunteer.

All members of the Department shall become familiar with these standards and shall abide by them. Violation constitutes grounds for disciplinary action.

104.4 POLICY

It is the policy of this Department that all members of the Department shall be held bound by these standards unless specifically excluded by the nature of the standard itself, e.g., when the standard may refer to the exercise of commission authority which some members of the Department do not have.

104.5 POLICE CODE OF ETHICS

As a law enforcement Officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception and the weak against violence or disorder; and to respect the Constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied, as defined by the State of Washington and CJTC, as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self restraint;and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my Department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept confidential unless disclosure is necessary in the performance of my duties.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals,I will enforce the law courteously and appropriately without fear or favor, malice or violence and never accept gratuities as defined by the State of Washington and CJTC.

I recognize the badge of my office as a symbol of public faith and I accept it as a public trust to be held so long as I am true to the ethics of law enforcement as defined by the State of Washington and CJTC. I will consistently strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession of law enforcement.

104.6 CODE OF PROFESSIONAL CONDUCT AND RESPONSIBILITY FOR PEACE OFFICERS

WHEREAS, peace officers are vested with a public trust which requires that they consistently demonstrate the highest degree of integrity and good moral character; and

WHEREAS, the need to maintain high standards of moral character, integrity, knowledge, and trust requires the establishment of a Code of Professional Conduct and Responsibility for Peace

Officers as a matter of the highest significance to the health, welfare, and safety of the citizens of this state; and

WHEREAS, the establishment of a Code of Professional Conduct and Responsibility for Peace Officers, which includes Canons of Ethics and minimum standards, requires the granting of authority to enforce these standards of professional conduct through disciplinary action as necessary for the protection of the health, welfare, and safety of the public; therefore

BE IT RESOLVED that the need to maintain high standards of moral character, integrity, knowledge, and trust requires that peace officers establish and conform to a Code of Professional Conduct and Responsibility for Peace Officers.

104.7 GENERAL STATEMENT

Peace Officers are granted a public trust which requires that they consistently demonstrate the highest degree of integrity. To be worthy of this public trust, and to ensure that their professional conduct is above reproach, members of the peace officer profession must not only conform to the Code of Ethics but must also abide by these Canons of Ethics and Ethical Standards which constitute this Code of Professional Conduct and Responsibility as a means of internal regulation.

The essence of a progression is that it requires, in addition to prescribing a desired level of performance, established minimum standards of ethical conduct with prescribed rules for internal discipline to ensure compliance. Accordingly, this Code of Professional Conduct and Responsibility has been established for the peace officer profession.

Nothing in the Code of Professional Conduct and Responsibility for Peace Officers is intended to limit or supersede any provision of law relating to the duties and obligations of peace officers or the consequences of a violation thereof. Whereas these rules specify certain conduct as unprofessional, this is not to be interpreted as approval of conduct not specifically mentioned.

Nothing in this Code of Professional Conduct and Responsibility for Peace Officers is intended to limit the authority of this agency to adopt and enforce rules and regulations that are more stringent or comprehensive than those that are contained in the Code of Professional Conduct for Peace Officers.

104.8 DEFINITIONS

The Code of Professional Conduct and Responsibility for Peace Officers is comprised of nine Canons of Ethics, with explanatory statements in the form of Ethical Standards. Examples of Disciplinary Rules and Enforcement Procedures are included as an addendum. The following are definitions of these terms, as used in the context of the Code:

ADMINISTRATIVE INVESTIGATION is an investigation conducted to determine whether a peace officer has violated any provision of this code, or an agency rule or regulation; or whether an officer is impaired or unfit to perform the duties and responsibilities of a peace officer.

CANONS are statements which express in general terms standards of professional conduct expected of peace officers in their relationship with the public, the criminal justice system, and the

peace officer profession. They embody the general concepts from which the Ethical Standards and the Disciplinary Rules are derived.

CODE means this Code of Ethics of Professional Conduct and Responsibility for Peace Officers.

DISCIPLINARY RULES specify an unacceptable level of conduct for all peace officers, regardless of their rank or the nature of their assignment. Any peace officer who violates any Department rule that applies to these Canons and Ethics Standards is guilty of unprofessional conduct and is subject to disciplinary action. Violation of disciplinary rules requires appropriate adjudication and disciplinary action ranging from oral reprimand to termination and/or criminal prosecution or other administrative action sanctioned by law, as dictated by the individual case.

The license and application shall contain a warning substantially as follows:

"CAUTION: Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possessing a firearm, you may be prosecuted in federal court. A state license is not a defense to a federal prosecution."

The license shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law (RCW 9.41.070). The application shall contain questions about the applicant's eligibility under RCW 9.41.040 to possess a pistol, the applicant's place of birth, and whether the applicant is a United States citizen.

Use of Force

300.1 PURPOSE AND SCOPE

This policy is intended to provide clarity to officers and promote safety for all by ensuring that all available and appropriate de-escalation techniques are used when possible, force is used appropriately only when necessary, and the amount of force used is proportional to the threat or resistance the officer encounters as well as the seriousness of the law enforcement objective that is being served.

While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every officer of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

This policy incorporates the Washington State Office of the Attorney General Model Use of Force Policy.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Chokehold - The intentional application of direct pressure to a person's trachea or windpipe for the purpose of restricting another person's airway (RCW 10.116.020).

Deadly force - The intentional application of force through the use of firearms or any other means reasonably likely to cause death or serious physical injury (RCW 9A.16.010).

De-escalation tactics - Actions used by a peace officer that are intended to minimize the likelihood of the need to use force during an incident (RCW 10.120.010). Using force is not a de-escalation tactic.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Flight - An act or instance of running away in an effort to leave and intentionally evade law enforcement.

Immediate threat of serious physical injury or death - Based on the totality of the circumstances, it is objectively reasonable to believe that a person has the present and apparent ability, opportunity, and intent to immediately cause death or serious bodily injury to the peace officer or another person (RCW 10.120.020).

Imminent - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

Less lethal alternatives - Include, but are not limited to, verbal warnings, de-escalation tactics, conducted energy weapons, devices that deploy oleoresin capsicum, batons, and beanbag rounds (RCW 10.120.010).

Necessary - Under the totality of the circumstances, a reasonably effective alternative to the use of force or deadly force does not appear to exist, and the type and amount of force or deadly force used is a reasonable and proportional response to effect the legal purpose intended or to protect against the threat posed to the officer or others (RCW 10.120.010).

Neck restraint - Any vascular compression or similar restraint, hold, or other tactic in which pressure is applied to the neck for the purpose of constricting blood flow (RCW 10.116.020).

Physical force (referred to as "force" in this policy) - Any act reasonably likely to cause physical pain or injury or any other act exerted upon a person's body to compel, control, constrain, or restrain the person's movement. Physical force does not include pat-downs, incidental touching, verbal commands, or compliant handcuffing where there is no physical pain or injury (RCW 10.120.010).

Totality of the circumstances - All facts known to the officer leading up to, and at the time of, the use of force, and includes the actions of the person against whom the officer uses such force, and the actions of the officer (RCW 10.120.010).

Wrongdoing - Conduct that is contrary to law or contrary to the policies of the witnessing officer's agency, provided that the conduct is not de minimis or technical in nature (RCW 10.93.190).

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

It is the fundamental duty of law enforcement to preserve and protect all human life (RCW 10.120.010). Officers shall respect and uphold the dignity of all persons and use their authority in a bias-free manner.

The proper use of force is essential to ensure impartial policing and build trust in the community. While there are circumstances where individuals will not comply with the law unless compelled or controlled by officers through the use of force, officers must remain mindful that they derive their authority from the community and that unreasonable force degrades the legitimacy of that authority (Washington State Office of the Attorney General Model Use of Force Policy).

Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Nothing in this policy limits or restricts an officer's authority or responsibility to perform lifesaving measures or community caretaking functions or prevents an officer from responding to requests for assistance or service (RCW 10.120.020).

300.2.1 DUTY TO INTERVENE AND REPORT

Any identifiable on-duty officer who witnesses another officer engaging or attempting to engage in the use of excessive force against another person shall intervene when in a position to do so to end the use of excessive force or attempted use of excessive force, or to prevent the further use of excessive force (RCW 10.93.190).

Any identifiable on-duty officer who witnesses any wrongdoing committed by another officer, or has a good faith reasonable belief that another officer committed wrongdoing, shall report such wrongdoing to the witnessing officer's supervisor or other supervisory officer in accordance with the witnessing officer's employing agency's policies and procedures for reporting such acts committed by an officer (RCW 10.93.190).

300.2.2 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.2.3 ADDITIONAL STATE REQUIREMENTS ON THE DUTY TO INTERVENE AND REPORT

An officer shall not be disciplined for or retaliated against in any way for intervening in good faith or for reporting in good faith the unreasonable use of force by another law enforcement officer (RCW 10.93.190) (see the Anti-Retaliation Policy).

300.2.4 CRITICAL DECISION MAKING

Use of critical decision making can help officers achieve the expectations outlined in this manual. When safe, feasible, and if appropriate under the circumstances known to the officer, when making or considering whether to make contact with a member of the public, officers should(Washington State Office of the Attorney General Model Use of Force Policy):

(a) Begin assessment and planning with available facts before arriving at the scene.

(b) Request available resources, as needed, such as a crisis intervention team or other appropriate specialty unit or professionals.

(c) Collect information when on scene.

(d) Assess situations, threats, and risks.

(e) Identify options for conflict resolution.

(f) Determine a reasonable course of action.

(g) Review and re-assess the situation as it evolves.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Nothing in this policy precludes officers from taking quick action when faced with a life-threatening situation, such as an active shooter. When safe and feasible, officersshould not unnecessarily jeopardize their own safety or the safety of others through tactical decisions that unreasonably place themselves or others at risk (Washington State Office of the Attorney General Model Use of Force Policy).

300.3 USE OF FORCE

Officers shall use only the least amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (see Permissible Uses of Force). Officers shall use reasonable care when determining whether to use and when using any physical force or deadly force against another person (RCW 10.120.020).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 PERMISSIBLE USES OF FORCE

An officer may use force upon another person to the extent necessary under these circumstances to (RCW 10.120.020):

(a) Protect against a criminal offense when there is probable cause that the person has committed, is committing, or is about to commit the offense.

(b) Effect an arrest.

(c) Prevent an escape as defined under chapter 9A.76 RCW.

(d) Take a person into custody, transport a person for evaluation or treatment, or provide other assistance under RCW 10.77; RCW 71.05; or RCW 71.34.

(e) Take a minor into protective custody when authorized or directed by statute.

(f) Execute or enforce a court order authorizing or directing an officer to take a person into custody.

(g) Execute a search warrant.

(h) Execute or enforce an oral directive issued by a judicial officer in the courtroom or a written order where the court expressly authorizes an officer to use force to execute or enforce the directive or order.

(i) Prevent a person from fleeing or stop a person who is actively fleeing a lawful temporary investigative detention, provided that the person has been given notice that the person is being detained and is not free to leave.

(j) Take a person into custody when authorized or directed by statute.

(k) Protect against an imminent threat of bodily injury to the officer, another person, or the person against whom force is being used.

Officers shall terminate the use of force as soon as the necessity for such force ends (RCW 10.120.020).

300.3.2 ALTERNATIVE TACTICS - DE-ESCALATION

When possible, officers shall use all de-escalation tactics that are available and appropriate under the circumstances before using physical force (RCW 10.120.020).

Depending on the circumstances, officers have a number of de-escalation tactics to choose from which may include but are not limited to (Washington State Office of the Attorney General Model Use of Force Policy):

(a) Employing tactical positioning and repositioning to maintain the benefit of distance and cover, such as backing away from the person to re-assess and determine which tactics to use.

(b) Placing barriers or using existing structures to provide a shield or other protection between officers and a person.

(c) Attempting to slow down or stabilize the situation to allow for the consideration and arrival of additional resources that may increase the likelihood of a safe resolution.

(d) Requesting and using available support and resources, such as a crisis intervention team, a designated crisis responder, other behavioral health providers, or back-up officers, including more experienced officers or supervisors.

(e) Using clear instructions and verbal persuasion.

(f) Employing verbal and non-verbal communication techniques to calm a person (e.g., speaking slowly, regulating tone and body language, uncrossing one's arms, minimizing hand gestures, reducing bright, flashing lights and sirens).

(g) Attempting to communicate in non-verbal ways when verbal instructions would be inadequate (e.g., when the person and officer speak different languages, the person is unable to hear or understand instructions).

(h) Communicating in a way that demonstrates respect for people's dignity (e.g., clearly explaining the officer's actions and expectations, listening to the person's questions and concerns and responding respectfully, being neutral and fair when making decisions).

(i) When there are multiple officers, designating one officer to communicate in order to avoid competing or confusing commands.

(j) Exhibiting patience while using all available and appropriate tactics and resources to provide as much time as needed to resolve the incident without using force.

300.3.3 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to (RCW 10.120.020):

(a) Immediacy and severity of the threat to officers or others.

(b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.

(c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).

(d) The individual is experiencing perceptual or cognitive impairments typically related to the use of alcohol, narcotics, hallucinogens, or other drugs..

(e) The individual displays signs of mental, behavioral, intellectual, developmental, or physical impairments or disabilities, including individuals who reasonably appear suicidal.

(f) The individual's ability to understand and comply with officer commands.

(g) Proximity of weapons or dangerous improvised devices.

(h) The degree to which the individual has been effectively restrained and the individual's ability to resist despite being restrained.

(i) The availability of other reasonable and feasible options and their possible effectiveness.

(j) Seriousness of the suspected offense or reason for contact with the individual.

(k) Training and experience of the officer.

(l) Potential for injury to officers, suspects, and others.

(m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.

(n) The risk and reasonably foreseeable consequences of escape.

(o) The apparent need for immediate control of the individual or a prompt resolution of the situation.

(p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.

(q) Prior contacts with the individual or awareness of any propensity for violence.

(r) The individual is visibly pregnant or claims to be pregnant.

(s) The individual is a minor, appears to be a minor, or claims to be a minor.

(t) The individual is known to be a vulnerable adult or appears to be a vulnerable adult as defined by RCW 74.34.020.

(u) The individual has limited English proficiency.

(v) The individual is in the presence of a child.

(w) Any other exigent circumstances.

300.3.4 TYPES OF FORCE

Officers are not required to exhaust one type of force before moving to greater force.

(a) Lower Level Physical Force: This type of force is not intended to and has a low probability of causing injury, but may cause momentary discomfort or pain. Depending on the circumstances, including the
characteristics and conditions of the person, lower level force options may include:

1. Techniques to direct movement (e.g., push back, escort, lift, carry).
2. Control holds (e.g., wrist locks, finger locks, joint manipulation).
3. Open hand techniques.
4. Takedowns.
5. Use of a hobble restraint.

(b) Intermediate Physical Force: This type of physical force poses a foreseeable risk of significant injury or harm but is neither likely nor intended to cause death. Depending on the totality of the circumstances, intermediate physical force may be reasonable when a person threatens imminent assault upon the officer or others. Intermediate force options include:

1. Oleoresin Capsicum (OC) spray.
2. Electronic control weapons.
3. Projectile Impact Weapons.
4. Canine bite or injury caused by physical contact between a canine and a subject.
5. Impact weapon strikes (except impact weapon strikes to the head, neck, throat, or spine).
6. Punches, kicks or other strikes with an officer's body.
    (a) Officers shall only use striking techniques directed at a subject's head as a means of self-defense, or in the defense of others. Striking at a person's head using fists, elbows, knees, and feet, shall not be used as a means of pain compliance.

(c) Deadly Force: An officer may use deadly force against another person only when deadly force is necessary to protect against an immediate threat of serious physical

injury or death to the officer or another person. (RCW 10.120.020). Officers shall not use deadly force against persons who present a danger only to themselves and do not pose an immediate threat of death or serious bodily injury to another person or officer. Deadly force includes:

1. Impact weapon strikes to the head, neck, throat, or spine.
2. Striking a person's head onto a hard, fixed object.
3. Discharge of a firearm loaded with lethal ammunition at a person.
4. Intentionally striking with a vehicle a person who is not inside a vehicle.

300.3.5 IDENTIFICATION, WARNING, AND OPPORTUNITY TO COMPLY PRIOR TO THE USE OF FORCE

When safe and feasible, prior to the use of force, officersshould (Washington State Office of the Attorney General Model Use of Force Policy):

(a) Identify themselves as law enforcement officers.
   1. Identification is unnecessary when the officer has objectively reasonable grounds to believe the person is aware of this fact.

(b) Attempt to determine whether the person has a special need, mental condition, physical limitation, developmental disability, language barrier, or other factor that may impact the person's ability to understand and comply with officer commands.

(c) Provide clear instructions and warnings.

(d) Warn a person that force will be used unless the person's resistance ceases.

(e) Give the person a reasonable opportunity to comply with the warning that force may be used.

300.3.6 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers shall not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted.

300.3.7 RESTRICTIONS ON VASCULAR AND RESPIRATORY RESTRAINTS

Officers of this department are not authorized to use vascular or respiratory restraints, also known as chokeholds or neck restraints (RCW 10.116.020).

300.4 DEADLY FORCE APPLICATIONS

When reasonable, officers shall, prior to the use of deadly force, make efforts to identify themselves as peace officers and to warn that deadly force may be used, unless an officer has objectively reasonable grounds to believe the person is aware of those facts. When possible, officers shall use less lethal alternatives that are available and appropriate under the circumstances before using deadly force (RCW 10.120.020).

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Use of deadly force is only justified when the officer reasonably believes it is necessary in the following circumstances (RCW 10.120.020):

(a) An officer may use deadly force to protect the officer or others from what the officer reasonably believes is an immediate threat of serious physical injury or death.

(b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious physical injury or death, and the officer reasonably believes that there is an immediate threat of serious physical injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

300.4.1 DRAWING AND POINTING A FIREARM

(a) An officer should only draw a firearm in the low-ready position (i.e., unholstered but out of the officer's visual field) when the officer makes reasonable observations based on the totality of the circumstances that the situation may evolve to the point where deadly force would be justified.

(b) An officer should only point a firearm at a person when deadly force is justified.

(c) When it is determined that the use of deadly force is not necessary, the officer should, as soon as safe and feasible, lower, holster, or secure the firearm.

(d) Pointing a firearm at a person is a reportable use of force and its justification and circumstances shall be documented in accordance with procedures set by the statewide use of force data collection program (RCW 10.118.030).

300.4.2 RESTRICTED USE

Officers shall not use a firearm in the following circumstances (Washington State Office of the Attorney General Model Use of Force Policy):

(a) As an impact weapon except when deadly force is justified.

(b) When it appears likely that an innocent person may be injured by the officer discharging the firearm in the direction of an innocent person.

(c) When discharging or pointing a firearm at a person who presents a danger only to themselves and does not have the apparent ability, opportunity, and intent to immediately cause death or serious bodily injury to the officer or another person.

(d) When discharging or pointing a firearm at a person who presents a danger only to property and does not have the apparent opportunity or intent to immediately cause death or serious bodily injury to the officer or another person.

300.4.3 DISCHARGE OF FIREARMS

Officers are only permitted to discharge a firearm at a person in situations where deadly force is justified. Each discharge of the firearm must be justified. When feasible, officers shall give a verbal warning that a firearm will be discharged. Prior to the decision to use a firearm, officers

should consider field of fire, backdrop, bystanders, potential for ricochet, and other risks of life (Washington State Office of the Attorney General Model Use of Force Policy).

300.4.4 MOVING VEHICLES

Shots fired at or from a moving vehicle involve additional considerations and risks, and are rarely effective.

An officer may not fire a weapon upon a moving vehicle unless necessary to protect against an imminent threat of serious bodily injury resulting from the operator's or a passenger's use of a deadly weapon. A vehicle is not considered a deadly weapon unless the operator is using the vehicle as a deadly weapon and no other reasonable means to avoid potential serious harm are immediately available to the officer. (RCW 10.116.060).

When feasible, officers shall attempt to move out of the path of a moving vehicle rather than discharge their weapon at the operator.

Officers shall not shoot at any part of a vehicle in an attempt to disable the vehicle.

An officer shall not discharge a firearm from a moving vehicle, unless a person is immediately threatening the officer or another person with deadly force.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

(a) The application caused a visible injury.

(b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.

(c) The individual subjected to the force complained of injury or continuing pain.

(d) The individual indicates intent to pursue litigation.

(e) Any display of a CED or firearm with the intent to gain compliance.

(f) Any application of the Conducted Energy Device (CED) or control device.

(g) Any application of a restraint device other than handcuffs, shackles, or belly chains.

(h) The individual subjected to the force was rendered unconscious.

(i) An individual was struck or kicked.

(j) An individual alleges unreasonable force was used or that any of the above has occurred.

300.5.2 NOTIFICATION TO INDIAN AFFAIRS
When the use of force by an officer results in the death of a person who is an enrolled member of a federally recognized Indian tribe, notification shall be made to the Governor's Office of Indian Affairs within a reasonable period of time, but not more than 24 hours after the department has good reason to believe the person was an enrolled member. Notice shall include sufficient information for the Governor's Office of Indian Affairs to attempt to identify the deceased person and tribal affiliation (RCW 10.114.021).

300.5.3 NOTIFICATION TO CRIMINAL JUSTICE TRAINING COMMISSION (CJTC)
Notification shall be made to CJTC within 15 days of learning of the occurrence of any death or serious injury caused by the use of force by an officer (RCW 43.101.135).

300.5.4 REPORTING TO WASHINGTON STATEWIDE USE OF FORCE DATA PROGRAM
The Department shall submit reports regarding use of force incidents as provided by RCW 10.118.030 to the Washington statewide use of force data program in the format and time frame established by the program (RCW 10.118.030).

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe (RCW 10.93.190).

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

(a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived the individual's *Miranda* rights, the following shall apply:

1. The content of the interview should not be summarized or included in any related criminal charges.
2. The fact that a recorded interview was conducted should be documented in a property or other report.
3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.

(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.

1. These photographs should be retained until all potential for civil litigation has expired.

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Determine if there is any indication that the individual may pursue civil litigation.

1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

(h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

The Shift Sergeant shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

When an incident results in death, serious bodily harm, or great bodily harm, the supervisor shall immediately notify the Chief of Police or Deputy Chief who will contact the Office of Independent Investigations pursuant to the procedures established by the Office of Independent Investigation (RCW 43.102.120).

300.8 TRAINING

All officers and supervisors shall receive training consistent with this policy and related use of force policies at least annually. Training should (Washington State Office of the Attorney General Model Use of Force Policy):

- Be a combination of classroom and scenario-based learning.
- Include community partners, when relevant and feasible.
- Incorporate cultural competency to understand disproportionately impacted communities, and how racialized experiences of policing and the criminal justice system may impact interactions with police.

This policy should be incorporated into defensive tactics curricula.

Officers shall receive training and subsequent periodic training on (RCW 43.101.450; RCW 43.101.495; RCW 10.120.010; RCW 10.120.020):

(a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.

(b) De-escalation tactics, including reasonably effective alternatives to force including applicable legal requirements.

(c) Duty to intervene.

(d) Exercising reasonable care in determining when to use force.

(e) Evaluation of whether certain applications of force are reasonable and proportional to the threat or resistance.

300.9 USE OF FORCE ANALYSIS

At least annually, the Deputy Chief will prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

(a) The identification of any trends in the use of force by members.

(b) Training needs recommendations.

Use of Force Reviews

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Bainbridge Island Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

301.2 POLICY

The Bainbridge Island Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

301.2.1 CHAIN OF COMMAND REVIEW

A use of force review will be conducted by an employee's chain of command any time an employee uses force which does not involve serious injury, death, or the discharge of a firearm. The supervisor and Deputy Chief will conduct the initial review for policy compliance. The findings will be sent to the Chief of Police for review.

Upon review the Chief of Police may:

(a) Find that the employee acted within the Department use of force guidelines.

(b) Require additional training.

(c) Require a Review Board be convened;

(d) Initiate a criminal or internal investigation; and/or

(e) Initiate an outside investigation or review.

An annual review and analysis of all use of force will be conducted and presented to the Chief of Police.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

301.4 DEPARTMENT REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in serious injury or death to another. The Chief of Police may request the Use of Force Review Board to review the circumstances surrounding any use of force incident.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

The Use of Force Review Board will review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Deputy Chief will convene the Use of Force Review Board as necessary. The Deputy Chief will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD

The Deputy Chief will select three to five members from the department or from an outside law enforcement agency (as appropriate) for service on the Use of Force Review Board.

301.4.2 BOARD RESPONSIBILITIES

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board does not recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

The board shall make one of the following recommended findings:

(a) The employee's actions were within department policy.

(b) The employee's actions were in violation of department policy.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and followed proper procedure and will determine whether any additional actions, investigations or reviews are appropriate. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

Because restraint devices are designed to compel, control, constrain, or restrain a person's movement, use of these devices is physical force and all considerations governing uses of physical force detailed in this policy and the Use of Force Policy apply to their use (Washington State Office of the Attorney General Model Use of Force Policy). However, physical force does not include compliant handcuffing where there is no complaint of physical pain or injury (RCW 10.120.010).

302.1.1 DEFINITIONS

Definitions related to this policy include (Washington State Office of the Attorney General Model Use of Force Policy):

Compression asphyxia - An inadequate oxygen level in the blood and/or an excessive increase of carbon dioxide in the blood causing unconsciousness or death brought on by mechanically limiting expansion of the lungs through compressing of the chest and/or abdomen, interfering with breathing.

Positional asphyxia - An inadequate oxygen level in the blood and/or an excessive increase of carbon dioxide in the blood causing unconsciousness or death brought on by a person being placed in a body position which compresses the person's airway and does not allow the person to breathe freely.

302.2 POLICY

The Bainbridge Island Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Bainbridge Island Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

Restrained persons shall be monitored while in law enforcement custody (Washington State Office of the Attorney General Model Use of Force Policy).

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner available and reasonable under the circumstances, but in no case shall leg irons or waist chains be used. Handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure herself or others, or damage property (RCW 70.48.500).

When the person is in labor no restraints of any kind shall be used. This does not prohibit a treating physician licensed under Title 18 RCW from requesting the use of hospital restraints for the medical safety of the person (RCW 70.48.500).

302.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

302.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably

Published with permission by Bainbridge Island Police Department

believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person’s back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person’s size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT GUARDS

A spit guard (sometimes referred to as spit hood, spit mask, or spit sock) is a woven mesh device which can be placed over a person's head and face with the intent of preventing or reducing the transmission of infectious disease through saliva, mucous, and blood. Officers shall only use department-issued spit guards (Washington State Office of the Attorney General Model Use of Force Policy).

Spit guards may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Prior to application of a spit guard, an officer shall warn the individual and provide a reasonable time for the person to comply with the officer's commands. If applied, the officer shall remove the spit guard as soon as the threat of spitting or biting has ended, or the officer observes that the spit guard is no longer necessary.

Officers utilizing spit guards should ensure that the spit guard is fastened properly according to the manufacturer's instructions to allow for adequate ventilation and that the restrained person can breathe normally. After application of a spit guard and when safe to do so, officers shall move the individual into a seated or side recovery position. Officers shall provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. For individuals in mental health crisis, application of a spit guard may provoke an elevated level of distress. Officers should provide verbal reassurance and dynamically assess the situation to remove the spit guard as soon as appropriate. Officers should avoid commingling those wearing spit guards with others and detainees.

Spit guards should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition that affects their breathing, or the person demonstrates symptoms of labored or distressed breathing. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit guard, the spit guard should be promptly removed and discarded. Persons

who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head, and clothing, prior to application of a spit guard.

Those who have been placed in a spit guard shall be continually monitored and shall not be left unattended until the spit guard is removed. In the event of a medical emergency, spit guards should be removed immediately. Spit guards shall be discarded after each use.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints (e.g., hobble restraints) may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the department shall be used.

In determining whether to use the leg restraint, officers should consider:

(a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.

(b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).

(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

(a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

(b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

(c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on the person's stomach for an extended period, as this could reduce the person's ability to breathe.

(d) The restrained person shall be continually monitored by an officer while in the leg restraint (Washington State Office of the Attorney General Model Use of Force Policy).

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

The officer should ensure that the person does not roll onto and remain on the person's stomach.

(e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

Officers shall not connect a leg restraint to handcuffs or other types of restraints (i.e., hog tie an individual) (Washington State Office of the Attorney General Model Use of Force Policy).

302.8 POSITIONAL ASPHYXIATION AND COMPRESSION ASPHYXIATION

Consistent with training, officers shall take the following actions to reduce the risk of positional asphyxiation and compression asphyxiation (Washington State Office of the Attorney General Model Use of Force Policy):

(a) As soon as safe and feasible after handcuffing or otherwise restraining a person taken to the ground, roll the person to the side and move the person to an upright position that does not impede the mechanism of normal breathing, except if the person is unconscious. This requirement is especially important when the person is handcuffed in the prone position.

1. An exception is if the person is conscious and expresses a desire to be placed in a different position, the officers shall place the person in that position unless doing so poses a substantial risk of safety to the individual, officers, or others.

(b) Do not put prolonged pressure on the chest, neck, or back, including by sitting, kneeling, or standing.

(c) Continuously monitor the person's condition while being restrained, as death can occur suddenly and develop beyond the point of viable resuscitation within seconds. Monitoring includes but is not limited to assessing the adequacy of the individual's breathing, color, and any impairment as verbalized by the individual.

(d) Whenever possible during team restraint when manpower limitations allow, the ranking officer shall designate a safety officer. The safety officer shall monitor the health and welfare of the person until:

1. Responsibility is transferred to a health care professional (e.g., emergency medical technician (EMT), paramedic); or

2. The person is placed in a seated position in a transport vehicle and verbalizes to the safety officer that the person feels okay, and the person appears to the safety officer to be well and speaking normally.

(e) If the safety officer becomes aware of an issue with the person's breathing, color, or any impairment, the safety officer shall inform the ranking officer.

(f) Do not transport a restrained person in the prone position.

302.9 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers shall document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person (Washington State Office of the Attorney General Model Use of Force Policy):

(a) The factors that led to the decision to use restraints.

(b) Supervisor notification and approval of restraint use.

(c) The types of restraint used.

(d) The amount of time the person was restrained.

(e) How the person was transported and the position of the person during transport.

(f) Observations of the person's behavior and any signs of physiological problems.

(g) Any known or suspected drug use or other medical problems.

302.10 TRAINING

Subject to available resources, the Deputy Chief should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

(a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.

(b) Response to complaints of pain by restrained persons.

(c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.

(d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Control Devices and Techniques

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.1.1 DEFINITIONS

Definitions related to this policy include (Washington State Office of the Attorney General Model Use of Force Policy):

Oleoresin capsicum (OC) - An inflammatory agent that causes an intense burning sensation of the eyes, nose, mouth, and skin, which may result in closing, tearing, and swelling of the eyes, as well as choking, gagging, and gasping for breath.

Tear gas - Chloroacetophenone (CN), O-chlorobenzylidene malononitrile (CS), and any similar chemical irritant dispersed in the air for the purpose of producing temporary physical discomfort or permanent injury. "Tear gas" does not include oleoresin capsicum (RCW 10.116.030).

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Bainbridge Island Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING, AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee. All officers whose primary duty is patrol response shall have at least one additional control device available in addition to carrying the department issued CED while in uniform.

Only officers who have successfully completed department-approved training and have demonstrated satisfactory skill and proficiency in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain, or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.4 RESPONSIBILITIES

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

303.4.1 SHIFT SUPERVISOR RESPONSIBILITIES

The Shift Sergeant may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.4.2 INVENTORY RESPONSIBILITIES

The designated instructor shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the designated supervisor or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the designated supervisor for disposition. A written memorandum shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

When a control device is used to take a suspect into custody the officer will notify their supervisor as soon as practicable. The officer will ensure that photos/video of the suspect and all injuries are taken if appropriate. Aid will be summoned for the suspect as soon as practicable.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. Officers shall not intentionally strike vital areas, including the head, neck, face, throat, spine, groin, or kidney unless deadly force is justified. Officers shall reassess the effectiveness of baton strikes as soon as safe and feasible, and if not effective, move to another appropriate target or to another tactical or physical force option. Officers shall not use a baton to intimidate a person when a baton warning is not justified by the threat presented (see the Use of Force Policy) (Washington State Office of the Attorney General Model Use of Force Policy).

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 TEAR GAS GUIDELINES

Officers or other members are not authorized to use tear gas unless necessary to alleviate a present risk of serious harm posed by a (RCW 10.116.030):

(a) Riot.

(b) Barricaded subject.

(c) Hostage situation.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Only the Shift Sergeant, Incident Commander, or Special Weapons and Tactics Team Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary, and other alternatives to the use of tear gas have been exhausted (RCW 10.116.030).

If tear gas is to be used outside a correctional, jail, or detention facility, authorization shall be obtained from the highest elected official of the jurisdiction in which the tear gas it to be used (RCW 10.116.030).

Prior to any use, an announcement shall be made of the intent to use tear gas. Sufficient time and space shall be allowed for compliance with the announcement (RCW 10.116.030).

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.7 OLEORESIN CAPSICUM GUIDELINES

As with other control devices, oleoresin capsicum spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

After the initial application of OC spray, each subsequent application must also be justified.

OC spray is not appropriate in an enclosed, highly populated space where there is a likelihood of impacting uninvolved persons, except where OC spray is the only available and appropriate force option. Officers deploying OC will attempt to avoid or minimize incidental exposure to non-involved persons (Washington State Office of the Attorney General Model Use of Force Policy).

303.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its authorized holster. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.7.2 TREATMENT FOR OC SPRAY EXPOSURE

At the earliest safe opportunity at a scene controlled by law enforcement, an officer shall take action to address the effects of the OC by flushing the person's eyes out with clean water and ventilating with fresh air, if possible (Washington State Office of the Attorney General Model Use of Force Policy). Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

303.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.9 KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles are designed to stun, temporarily incapacitate, or cause temporary discomfort without penetrating the person's body (Washington State Office of the Attorney General Model Use of Force Policy). When used properly, kinetic energy projectiles are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.9.1 DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

(a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.

(b) The suspect has made credible threats to harm him/herself or others.

(c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.

(d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

(a) Distance and angle to target.

(b) Type of munitions employed.

(c) Type and thickness of subject's clothing.

(d) The subject's proximity to others.

(e) The location of the subject.

(f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

An officer should target the buttocks, thigh, calf, and large muscle groups (Washington State Office of the Attorney General Model Use of Force Policy). Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. Officers should not use kinetic energy projectiles in the following circumstances unless the use of deadly force is justified (see the Use of Force Policy) (Washington State Office of the Attorney General Model Use of Force Policy):

(a) When intentionally aiming kinetic energy projectiles at the head, neck, chest, or groin.

(b) At ranges that are inconsistent with the projectile manufacturer's guidelines.

(c) Directed at a person who is situated on an elevated surface (e.g., a ledge, scaffold, near a precipice) unless reasonable efforts have been made to prevent or minimize a fall-related injury (e.g., deploying a safety net).

An officer deploying kinetic energy projectiles shall assess the effectiveness of the projectiles after each shot. If subsequent projectiles are needed, the officer should consider aiming at a different targeted area.

303.9.3 SAFETY PROCEDURES

Weaponsspecifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the weaponand projectiles at the beginning of each shift to ensure that the weaponis in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the weaponwill be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile weapon, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the weapon.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

303.9.4 PROCEDURES FOLLOWING KINETIC ENERGY PROJECTILE DISCHARGE
Persons who are struck, or claim to have been struck, by kinetic energy projectiles will be provided medical attention as soon as practical. Officers should also:

(a) Collect expended casings and projectiles (if recovered) and place them in evidence.

(b) Measure and photograph target range.

(c) Photograph any injuries or property damage.

303.10 TRAINING FOR CONTROL DEVICES

The Deputy Chief shall ensure that all personnel who are authorized to carry a control device have been properly trained, have demonstrated satisfactory skill and proficiency, are certified to carry the specific control device, and are retrained or recertified as necessary.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

(b) All training and proficiency for control devices will be documented in the officer's training file.

(c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

(d) Members who were previously employed as peace officers at another agency must successfully complete department-approved training and demonstrate skill and proficiency for each weapon or control device they are issued and authorized to carry. Training provided by the previous employing agency does not meet the requirements of this policy section.

303.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of Conducted Energy Device (CED)s.

304.1.1 DEFINITIONS

Definitions related to this policy include (Washington State Office of the Attorney General Model Use of Force Policy):

Conducted energy device - A portable device that fires darts/electrodes that transmit an electrical charge or current intended to temporarily immobilize a person (e.g., CED).

304.2 POLICY

The CED is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed department-approved training and have demonstrated satisfactory skill and proficiency may be issued and carry the CED.

An officer that is issued a CED is expected to carry it as an option to be considered when deadly force is not justified (Washington State Office of the Attorney General Model Use of Force Policy).

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the CED and cartridges that have been issued by the Department. Uniformed officers who have been issued the CED shall wear the device in an approved holster on their person. Non-uniformed officers may secure the CED in the driver's compartment of their vehicle.

When consistent with training, an officer carrying a CEDshould perform a function check on the weapon and check remaining battery life prior to every shift. An officer should report any malfunction to a supervisor or other appropriate personnel.

An officer shall carry a CED on the support side of the body, and in all but extreme circumstances, shall draw, exhibit, and use the device with the support (i.e., non-handgun firing) hand (Washington State Office of the Attorney General Model Use of Force Policy).

(a) All CEDs shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.

(b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the CED.

(c) Officers shall be responsible for ensuring that their issued CED is properly maintained and in good working order.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(d) Officers should not hold both a firearm and the CED at the same time.

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other officers and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc, or the laser in a further attempt to gain compliance prior to the application of the CED. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the CED in the related report.

304.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely approach the subject within the operational range of the device. Although the CED is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

304.5.1 APPLICATION OF THE CED

The CED may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

(a) The subject is violent or is physically resisting.

(b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, themselves, or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject, or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes (Washington State Office of the Attorney General Model Use of Force Policy):

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(a) Individuals who are known to be pregnant.

(b) Elderly individuals or obvious juveniles.

(c) Individuals with obviously low body mass.

(d) Individuals who are handcuffed or otherwise restrained.

(e) In any environment where an officer knows or has reason to believe that a potentially flammable, volatile, or explosive material is present that might be ignited by an open spark, including but not limited to OC spray with a volatile propellant, gasoline, natural gas, or propane.

(f) Individuals who are situated on an elevated surface (e.g., a ledge, scaffold, near a precipice) unless reasonable efforts have been made to prevent or minimize a fall-related injury (e.g., deploying a safety net).

(g) Operators in physical control of vehicles in motion, including automobiles, trucks, motorcycles, all-terrain vehicles, bicycles, and scooters unless deadly force is justified.

The primary use of a CED is not as a pain compliance tool. Drive-stun mode should only be used when necessary to complete the incapacitation circuit where only one probe has attached to the person, where both probes attached in close proximity, or when no other alternatives to deadly force are available and appropriate (Washington State Office of the Attorney General Model Use of Force Policy).

The CED shall not be used to psychologically torment, elicit statements, or to punish any individual.

304.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the CED probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE CED

Officers shall apply the CED for only one standard cycle of five seconds or less and then evaluate the situation before applying any subsequent cycles (Washington State Office of the Attorney General Model Use of Force Policy). Multiple applications of the CED against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the CED appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the CED, including:

(a) Whether the probes are making proper contact.

(b) Whether the individual has the ability and has been given a reasonable opportunity to comply.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(c) Whether verbal commands, other options or tactics may be more effective.

Multiple applications of the CED increase the risk of serious bodily injury or death. Officers should not intentionally deploy multiple CEDs at the same person, unless the first deployed CED clearly fails. An officershould consider other options if the officer has used a CED three times against a person and the person continues to be a threat, as the CED may not be effective against that person (Washington State Office of the Attorney General Model Use of Force Policy).

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers should take appropriate actions to control and restrain the individual to minimize the need for longer or multiple exposures to the CED. As soon as practicable, officers shall notify a supervisor of all CED discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

304.5.6 DANGEROUS ANIMALS

The CED may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

304.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department CEDs while off-duty.

Officers shall ensure that CEDs are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

An officer shall clearly articulate and document the justification for each individual application of the CED in the related arrest/crime report and the CED report form (Washington State Office of the Attorney General Model Use of Force Policy). Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation, and arcing the device will also be documented on the report form.

304.6.1 CED FORM

Items that shall be included in the CED report form are:

(a) The type and brand of CED and cartridge and cartridge serial number.

(b) Date, time and location of the incident.

(c) Whether any display, laser or arc deterred a subject and gained compliance.

(d) The number of CED activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(e) The range at which the CED was used.

(f) The type of mode used (probe or drive-stun).

(g) Location of any probe impact.

(h) Location of contact in drive-stun mode.

(i) Description of where missed probes went.

(j) Whether medical care was provided to the subject.

(k) Whether the subject sustained any injuries.

(l) Whether any officers sustained any injuries.

The Deputy Chief should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Deputy Chief should also conduct audits of data downloads and reconcile CED report forms with recorded activations. CED information and statistics, with identifying information removed, should periodically be made available to the public.

304.6.2 REPORTS

The officer should include the following in the arrest/crime report:

(a) Identification of all personnel firing CEDs

(b) Identification of all witnesses

(c) Medical care provided to the subject

(d) Observations of the subject's physical and physiological actions

(e) Any known or suspected drug use, intoxication or other medical problems

304.7 MEDICAL TREATMENT

At the earliest safe opportunity at a scene controlled by law enforcement, officers shall remove CED probes, unless probes are in a sensitive area, such as the head, breast, or groin. Probes in sensitive areas shall be removed by an emergency medical technician (EMT), paramedic, or other health care professional (Washington State Office of the Attorney General Model Use of Force Policy). Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes or who have been subjected to the electric discharge of the device or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.

(b) The person may be pregnant.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(c) The person reasonably appears to be in need of medical attention.

(d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).

(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED (see the Medical Aid and Response Policy).

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to an activation of the CED. The device's onboard memory should be downloaded through the data port by a supervisor or Armorer and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

304.9 TRAINING

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial department-approved training and demonstrating satisfactory skill and proficiency. Any personnel who have not carried the CED as a part of their assignment for a period of six months or more shall be recertified by a department-approved CED instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Deputy Chief. All training and proficiency for CEDs will be documented in the officer's training file.

Command staff, supervisors, and investigators should receive CED training as appropriate for the investigations they conduct and review.

Officers who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

The Deputy Chief is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEDs during training could result in injury to personnel and should not be mandatory for certification.

The Deputy Chief should ensure that all training includes:

(a) A review of this policy.

(b) A review of the Use of Force Policy.

(c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.

(d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest, and groin.

(e) Handcuffing a subject during the application of the CED and transitioning to other force options.

(f) De-escalation techniques.

(g) Restraint techniques that do not impair respiration following the application of the CED.

Use of Deadly Force and In-Custody Deaths

305.1 PURPOSE AND SCOPE

This policy establishes procedures for managing an incident in which the use of force by a peace officer results in death, substantial bodily harm, or great bodily harm or, a person dies or receives great bodily harm while in-custody.

305.1.1 DEFINITIONS

(a) **Evanescent evidence** – Physical evidence that may be degraded or tainted by human or environmental factors if left unprotected or unpreserved for the arrival of the independent investigative team (IIT); identification and contact information for witnesses to the incident; photographs and other methods of documenting the location of physical evidence and location/perspective of witnesses.

(b) **Deadly force** - The intentional application of force through the use of firearms or any other means reasonably likely to cause death or serious physical injury.

(c) **Great bodily harm** - Bodily injury which creates a probability of death, or which causes significant serious permanent disfigurement, or which causes a significant permanent loss or impairment of the function of any bodily part or organ.

(d) **In-Custody death** - The death of any person who is detained, arrested, en route to incarceration, or incarcerated in local facilities. Excluded are deaths caused by fatal injuries that occur while an inmate is under physician's treatment for a disease or other natural condition, except that deaths involving custodial trauma or custodial suicide while under a physician's treatment are considered In-Custody Deaths.

(e) **Independent investigative team (IIT)** – A team of qualified and certified peace officer investigators and civilian support staff, including, but not limited to crime scene technicians and analysts. An IIT is created when multiple law enforcement agencies enter into a written agreement to investigate police use of deadly force incidents in their geographical region. A single law enforcement agency may fulfill the independent investigative function, provided it is not the involved agency.

(f) **Involved officer** - An officer, who in the performance of their duties:

1. Uses force that results in death, substantial bodily harm, or great bodily harm; or,
2. Uses force that would likely result in death, substantial bodily harm, or great bodily harm; or,

305.2 POLICY

The policy of the Bainbridge Island Police Department is to ensure that officer-involved use of deadly force incidents and in-custody deaths are investigated in a thorough, fair and impartial manner.

305.3 TYPES OF INVESTIGATIONS

Incidents during which an officer's use of force results in death, substantial bodily harm, or great bodily harm, or a person dies or receives substantial bodily harm or great bodily harm while in-custody, will result in a criminal investigation and an internal investigation or use-of-force review.

(a) Independent Investigation: The Chief of Police or designee will request an independent criminal investigation be conducted by either an uninvolved agency or an Independent Investigative Team (IIT) to determine whether the use of deadly force met the good faith standard established in RCW 9A.16.040 and satisfied other applicable laws.

(b) Internal Investigation / Use-of-Force Review: An internal investigation or use-of-force review will be conducted to determine whether the use of deadly force was in compliance with Bainbridge Island Police Department policy. This investigation/review will be conducted in accordance with the provisions of the Use of Force Review policy.

(c) Criminal Investigation: If the use of deadly force occurred during another criminal investigation (e.g. bank robbery, homicide), determination of which agency or IIT will investigate the underlying crime will be made by agreement between the chief law enforcement officers of the affected agencies and applicable IIT commanders. A primary factor in that determination will be the degree of separation, by time and distance, of the underlying crime from the use of deadly force.

305.4 INITIAL ON-SCENE DUTIES

305.4.1 DUTIES OF INVOLVED OR ON-SCENE OFFICER

The involved or other on-scene officers should complete the following duties if reasonably possible under the circumstance:

(a) Immediately notify CenCom and the supervisor to obtain additional resources.

(b) Render first aid to any injured parties. Call for paramedics as required.

(c) Direct back-up units as necessary.

(d) Protect the scene and any evanescent evidence. No items, including involved vehicles, should be moved or have their condition altered unless authorized.

(e) Provide a public safety statement to a supervisor.

(f) Protect weapon(s) for examination.

(g) Remain on scene until properly relieved.

305.4.2 DUTIES OF ON-SCENE SUPERVISOR

Upon arrival at the scene of an officer-involved use of deadly force, the first uninvolved supervisor should:

Published with permission by Bainbridge Island Police Department

(a) Take command of the scene until relieved.

(b) Take all reasonable steps to obtain emergency medical attention for all apparently injured individuals.

(c) Activate the IIT via dispatch and notify command staff.

(d) Obtain a briefing from any uninvolved or witness officer(s) who were present.

(e) Obtain a public safety statement from the involved officers.

(f) Issue an administrative order not to discuss or reveal the details of the officer's involvement, or factual observations, through conversation or other means, with any other person, except as allowed under this policy.

(g) Using information obtained in the public safety statement, take appropriate actions to:

1. Identify likely bullet trajectories and determine if there are secondary victims.
2. Locate and protect evidence.
3. Coordinate search for outstanding suspects.

(h) Establish an inner and outer perimeter and ensure these perimeters are secured by proper placement of crime scene tape. No one should enter the crime scene other than medical personnel rendering aid or IIT personnel.

(i) Ensure a crime scene log is established and maintained. Assign at least one officer to guard each crime scene and keep a log of everyone entering and leaving the scene.

(j) Ensure the involved officer(s) secures their weapons until surrendered to investigators. There is no need to remove the officer's weapon publicly on scene.

(k) Identify and separate witnesses, including witness officers.

(l) Identify any individual(s) with potential gunshot residue and take the appropriate steps to preserve this evidence.

(m) Ensure that all uninvolved officers, including witness officers, not directly involved in the incident complete their reports.

(n) Assign an uninvolved officer to each person transported to the hospital.

(o) Brief IIT personnel once they arrive on scene. The briefing should include any information voluntarily provided by involved officers as part of the Public Safety Statement.

305.4.3 PUBLIC SAFETY STATEMENT

The purpose of this statement is to provide sufficient information to apprehend the suspect(s), identify and protect evidence and to check on the safety of the public. The Department recognizes and anticipates that the stress of the incident, combined with the cognitive demands imposed on the participants as a function of their active role, may impair recall. Those evaluating the incident after the fact should be mindful of the potential for naturally-occurring memory gaps and inconsistencies, particularly for those who were immersed in the incident.

Published with permission by Bainbridge Island Police Department

The supervisor will request voluntary answers to the public safety statement questions from involved officers. Involved officers may choose to answer some or all questions voluntarily. If the involved officers decline to provide voluntary answers to any of the public safety statement questions, the supervisor will administratively order involved officers to provide answers to those public safety statement questions. Involved officer(s) should not be interviewed at the scene other than to gather the public safety statement, which should be limited to the following:

(a) What was your location when you fired?

(b) In what direction did you fire?

(c) How many rounds do you think you fired?

(d) If you know of anyone who is injured, what is their location?

(e) What is the location of any other involved parties?

(f) Are there any outstanding suspects? If the answer is “Yes”, ask (i) through (v):

1. What is their description?
2. What is their direction of travel?
3. How long have they been gone?
4. What crime(s) are they wanted for?
5. What weapons are they armed with?

(g) Is there any evidence that needs to be protected, where is it located?

(h) Are any other personnel involved?

Supervisors will note whether answers were provided voluntarily or after being ordered. Voluntary answers may be provided to the independent investigation team. Compelled answers will not be provided to the independent investigation team. Supervisors should immediately act on information provided during the public safety statement to check on the safety of others, attempt to apprehend the suspect and protect evidence.

305.4.4 WITNESS IDENTIFICATION

Supervisors should take steps to identify witnesses, including those who claim not to have witnessed the incident but who were present at the time it occurred. Any potential witness who is unwilling or unable to remain available for a formal interview by the IIT should not be detained absent reasonable suspicion to detain or probable cause to arrest. Witness information should be provided to IIT personnel upon their arrival at the scene.

305.5 HANDLING INVOLVED OFFICERS

As soon as they are no longer needed at the scene, involved officers shall be transported separately to the police station. The involved officer(s) shall remain dressed and equipped as they were during the incident. Once at the police station, the officer(s) shall be photographed as they were dressed and equipped at the time of the incident. Their uniform and equipment may be examined and collected by the investigators. Care should be taken to preserve the integrity

of any physical evidence present on the officer, equipment, or clothing (e.g., blood, fingerprints, etc.) until IIT investigators can properly collect it. All reasonable accommodations to care for the officer's physical and emotional needs should be taken.

305.5.1 COMMUNICATION WITH INVOLVED OFFICERS

Following the public safety statement, each involved officer should be given an administrative order not to discuss the incident with anyone except IIT investigators, the employee's attorney, a designated peer supporter, a mental health professional, the officer's personal clergy, or the officer's spouse.

No involved officers will be permitted to meet collectively with a counselor or in a group for the purposes of a critical incident debrief prior to providing a formal statement to IIT investigators until such time as the independent investigative team’s report has been submitted to the Prosecutor’s Office.

Communications with guild representatives are not privileged. Any statements made by an involved officer to a guild representative about the details of the incident may be required to be divulged in state or federal court proceedings.

Discussions with licensed attorneys are considered privileged as attorney client communications; however, no involved officers shall be permitted to meet collectively with an attorney prior to providing a formal statement.

305.5.2 PEER SUPPORT

The involved officer will be offered a peer supporter to provide emotional and logistical support following the incident. Involvement with peer support is voluntary.

Communications between the peer supporter and the involved officer are privileged under Washington State law. There may be circumstances where communications with peer support is not recognized as privileged under Federal law. The peer supporter must be designated as such prior to the incident that results in counseling. The privilege only applies when the communication was made to the peer supporter while acting in his or her capacity as a peer supporter. The privilege does not apply if the peer supporter was an initial responding officer or firefighter, a witness, or a party to the incident which prompted the delivery of peer support services (RCW 5.60.060).

Employees experiencing emotional stress may initiate contact with a peer supporter at any time.

305.5.3 FAMILY NOTIFICATIONS

Arrangements should be made to notify the involved officer's family as soon as possible. The involved officer should make the notification if at all possible. An open line of communication should be established between the officer's immediate family and a member of the police department, who will remain available to answer questions and to see to any reasonable needs of the family.

305.5.4 COMPANION OFFICER

As soon as resources permit, each involved officer should be provided with a companion officer who was not involved in the incident. The companion officer's duties include:

(a) Driving the involved officer to the station.

(b) Remaining with the involved officer until relieved but should not be present during privileged communications.

(c) Ensuring the involved officer is isolated from other personnel involved in the incident.

(d) Ensuring the involved officer does not discuss the incident.

(e) Maintaining a log of persons who visit the involved officer.

(f) Attending to needs of the involved officer.

305.5.5 INVOLVED FIREARMS

When an officer's firearm is collected by IIT investigators, or left at the scene (e.g., evidence), the officer will be provided with a replacement firearm unless the circumstances reasonably preclude replacement. Absent a compelling need, the firearm should not be taken from the officer at the scene.

Injured involved officers taken to a hospital should have their belt, holster, and weapon secured for examination and collection by IIT investigators.

All weapons, including back-ups, in the possession of the involved officer at the time of the incident should be secured for examination and collection by IIT investigators, even if not used.

305.5.6 RELIEF OF DUTY / REASSIGNMENT / ADMINISTRATIVE LEAVE

Any involved officer shall be relieved from duty and placed on administrative leave. This assignment to administrative leave is not disciplinary and does not imply the officer acted improperly. The purpose of this relief from duty is to:

(a) Protect officers who have not exceeded the scope of their authority from possible confrontations with the community;

(b) Protect the community's interest when officers may have exceeded the scope of their authority in the use of deadly force and;

(c) Provide the involved officer with a reasonable recuperation period prior to clearance for return to full duty.

The officer will generally remain on administrative leave until cleared by criminal and internal investigations and a psychologist or psychiatrist determines that the employee is able to return to regular duty. The Chief of Police may assign involved officers to desk duties prior to return to full duty.

The Chief of Police may return an involved officer to their regularly assigned duty prior to the completion of criminal and internal proceedings on a case-by-case basis when:

(a) There is a clear and objective basis for the Chief of Police to believe that the officer did not exceed the scope of their authority in the use of deadly force and,

(b) Careful consideration is given to interests of, and impacts to, the community, the Department, and the officer by the return to full duty.

While on administrative leave, the officer will remain available for interviews and statements, at times designated by the Chief of Police or designee.

305.6 OFFICER INVOLVED USE OF DEADLY FORCE - CRIMINAL INVESTIGATION

305.6.1 INVESTIGATING AGENCY

The Department participates in the Kitsap Critical Incident Response Team (KCIRT), a multi-jurisdictional IIT formed to investigate officer involved incidents which result in death, substantial bodily harm, or great bodily harm. The Chief may select KCIRT or another uninvolved law enforcement organization to investigate the incident.

305.6.2 OFFICER STATEMENTS

Besides the public safety statement, involved officers should be provided with reasonable recovery time before meeting with investigators or providing statements. This can range from a minimum of overnight to 48 hours but may be extended on a case-by-case basis.

Involved officers may consult individually with legal counsel of their choosing prior to speaking with investigators or providing statements. In order to maintain the integrity of the investigation, involved officers shall not consult or meet with an attorney collectively or in groups prior to being interviewed or providing a statement to IIT investigators.

The involved officers will be afforded all constitutional rights during the criminal investigation.

IIT Investigators will generally request a voluntary report or statement from the involved officer. Involved officers will not be ordered to provide statements or reports without approval from the Chief of Police or designee. In the event a statement is compelled from an involved officer as part of an administrative investigation, members are prohibited from providing the compelled statement, or any of the investigative fruits from such compelled statements, to any member of the IIT.

Witness and uninvolved officers are required to provide necessary reports and/or statements.

305.6.3 INFORMATION FIREWALLS

Apart from the initial information exchange when transferring responsibility of the scene to IIT investigators, no member of this Department will discuss the investigation with, receive information or materials from, or provide information or material to, a member of the IIT without approval of the Chief of Police or designee. The Chief of Police or designee will not approve of such an exchange without first consulting the IIT incident commander. Any unauthorized information that is shared or received shall immediately be reported to the Chief of Police or designee and the IIT commander.

305.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations, this department will conduct an internal administrative investigation of involved BIPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Deputy Chiefin accordance with the provisions of department policy.

305.8 AUDIO AND VIDEO RECORDINGS

Any known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the IIT investigators, the prosecutor's office, and the City Attorney's Office as appropriate. The chief may request that the IIT release video or other investigation information of urgent public interest.

Any officer involved in a use of deadly force incident or in-custody death may be permitted to review their own body-worn video or recordings after providing a recorded statement or completing reports. At the discretion of IIT investigators, this viewing may be used to allow an officer to provide additional supplementary statements.

305.9 POST-INCIDENT OFFICER CARE AND RETURN TO DUTY

305.9.1 PSYCHOLOGICAL WELLNESS AND FITNESS FOR DUTY

Prior to being authorized to return to duty, an involved officer will meet with a psychologist or psychiatrist to ensure the officer is ready to return to work. This is not a fitness for duty exam. Communications between the psychologist or psychiatrist and the involved officer are privileged and will not be divulged other than to notify the City whether or not the officer is ready to return to full duty.

A fitness for duty exam may also be required before the involved officer is authorized to return to full duty. A psychological fitness for duty exam is a formal, specialized examination, generally conducted in accordance with International Association of Chiefs of Police (ICAP) protocols. A fitness for duty exam may be required when there is:

(a) Objective evidence that the employee may be unable to safely or effectively perform a defined job and,

(b) A reasonable basis for believing that the cause may be attributable to a psychological condition or impairment.

The purpose of a fitness for duty exam is to determine whether the employee is able to safely and effectively perform his or her essential job functions. The examiner provides a written report to the Department that describes the methods employed, and whenever possible, a clearly articulated opinion that the examinee is presently fit or unfit for unrestricted duty.

305.9.2 FIREARMS TRAINING

If the officer has been issued a replacement firearm, the officer will complete a training session at the range with an instructor in order to ensure familiarization and that the replacement weapon is in good working order.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

If the involved firearm is cleared to be released back to the officer for duty purposes, the involved officer will ensure the weapon has been function-tested at the range prior to carrying it.

305.10 DEBRIEFING

Following an officer-involved shooting or death, the Bainbridge Island Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

305.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING

A psychologist or trained facilitator will conduct a group debriefing, upon request, with personnel involved in the event. The debriefing is not part of any investigative process. Attendance at the debriefing is voluntary and should only include approved facilitators and those directly involved in the incident who have already provided required statements and reports. Notes or recordings will not be made. If an involved officer is unable to participate in a debriefing because they have not completed their official statements, arrangements should be made for the officer to meet individually with a psychologist.

305.10.2 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

305.11 TRIBAL NOTIFICATION

305.12 SELF DEPLOYMENT

After the initial response to and stabilization of the scene of a use of deadly force by a member of this Department, employees shall not self-deploy or engage in investigative activities, including database searches, without authorization from the IIT commander.

305.13 NON-LAW ENFORCEMENT COMMUNITY REPRESENTATIVES

RCW 10.114.011 established an independent investigation requirement when an officer uses deadly force that results in death, substantial bodily harm, or great bodily harm. The criteria for an independent investigation, as established by WAC 139-12, requires that at least two non-law enforcement community representatives be assigned to the IIT.

305.13.1 COMMUNITY REPRESENTATIVE SELECTION

The chiefs and sheriff who participate in the regional IIT team shall create a roster of individuals willing to serve in the capacity of a community representative. These community representatives must have credibility with, and ties to, communities impacted by police use of deadly force.

Published with permission by Bainbridge Island Police Department

When a member of this department uses deadly force that results in death, substantial bodily harm, or great bodily harm to another, the Chief will select two non-law enforcement community representatives from the established roster to participate on the IIT for that investigation. The names of the non-law enforcement community representatives on the IIT will be available to the public.

Each non-law enforcement community representatives must sign a binding confidentiality agreement at the beginning of each investigation in accordance with WAC 139-12. Members should be aware that negligent storage of a firearm could result in criminal or civil liability.

306.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment.

306.5.4 REPORTING LOSS OR THEFT OF FIREARM

Employees shall immediately report the loss or theft of any Department or personally owned firearm (used on- or off-duty) to the Chief of Police through their supervisor. The report will be in writing and will detail all the facts concerning the incident.

306.6 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete training and qualifications at least annually with their duty firearms. Members will qualify with off-duty and secondary firearms at least annually. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

306.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

(a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.

(b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.

(c) No range credit will be given for the following:

1. Unauthorized range make-up.
2. Failure to meet minimum standards or qualify after remedial training.

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

306.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Use of Deadly Force and In-Custody Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

(a) If on-duty at the time of the incident, the member shall file a written report with his/her Supervisor or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.

(b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

306.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, CED, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

306.7.2 INJURED ANIMALS

A member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical. A case number should be drawn and a report taken regarding the incident.

Injured domesticated animals and/or pets will not be euthanized by officers. An animal control officer will be requested under these circumstances.

306.7.3 WARNING SHOTS

An officer shall not use a firearm to fire a warning shot (Washington State Office of the Attorney General Model Use of Force Policy).

306.8 ARMORER DUTIES

The range will be under the exclusive control of the Armorer. All members attending will follow the directions of the Armorer. The Armorer will maintain a roster of all members attending the range and will submit the roster to the Deputy Chief after each range date.

The Armorer has the responsibility of making periodic inspections, at least once a year, of all duty weapons carried by officers of this department to verify proper operation. The Armorer has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until inspected and approved by the Armorer.

The Armorer has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Armorer shall complete and submit to the Deputy Chief documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Armorer should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Deputy Chief.

306.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.

(b) Officers must carry their Bainbridge Island Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).

(c) The Bainbridge Island Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Bainbridge Island Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.

(d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail

his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.

(e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.

(f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.

(g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.

(h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.

(j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

306.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

(a) The officer shall carry his/her Bainbridge Island Police Department identification card whenever carrying such firearm.

(b) The officer is not the subject of any current disciplinary action.

(c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active permits from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public, and fleeing suspects.

307.1.1 DEFINITIONS

Definitions related to this policy include:

Attempting to elude - Refers to the actions of a vehicle operator who after being given a visual or audible signal to bring the vehicle to a stop fails or refuses to immediately stop the vehicle and drives in a reckless manner while attempting to elude a uniformed officer operating a pursuing police vehicle that is equipped with emergency lights and siren (RCW 46.61.024).

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more pursuing vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary roadblock.

Boxing-in - A tactic designed to stop a suspect's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Failing to yield - Refers to a vehicle operator who fails to stop or respond to the emergency lights and siren of a law enforcement vehicle. Generally, the vehicle operator continues to travel forward, at or below the speed limit, observes rules of the road critical to public safety and does not change the direction of travel in an evasive manner. When an officer attempts to stop a vehicle and the violator begins to increase speed, disregard the rules of the road in an evasive manner, the officer should discontinue following the vehicle unless a pursuit would be authorized under this policy.

Pursuit Intervention Technique (PIT) - A low-speed maneuver designed to cause the suspect vehicle to spin out, stall, and come to a stop.

Ramming - The deliberate act of contacting a suspect's vehicle with another law enforcement vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

Roadblocks - A tactic designed to stop a suspect's vehicle by intentionally placing a law enforcement vehicle or other immovable object in the path of the suspect's vehicle.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Tire deflation device - A device designed to puncture the tires of the pursued vehicle.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Vehicle pursuit - An attempt by a uniformed peace officer in a vehicle equipped with emergency lights and a siren to stop a moving vehicle where the operator of the moving vehicle appears to be aware that the officer is signaling the operator to stop the vehicle and the operator of the moving vehicle appears to be willfully resisting or ignoring the officer's attempt to stop the vehicle by increasing vehicle speed, making evasive maneuvers, or operating the vehicle in a reckless manner that endangers the safety of the community or the officer (RCW 10.116.060).

307.2 POLICY

It is the policy of this department to weigh the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

307.3 OFFICER RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized police department emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by law.

Officers shall drive with due regard for the safety of all persons and property. However, officers may, when in pursuit of a suspect and provided there is no unreasonable risk to persons and property (RCW 46.61.035):

(a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.

(b) Exceed the speed limit.

(c) Disregard regulations governing parking, direction of movement or turning in specified directions.

307.3.1 WHEN TO INITIATE A PURSUIT

Officers are not authorized to initiate a pursuit unless authorized by a supervisor and the following criteria exists (RCW 10.116.060):

(a) Either:

1. There is probable cause to believe that a person in the vehicle has committed or is committing a violent offense or sex offense as defined in RCW 9.94A.030 or an escape under Chapter 9A.76 RCW; or
2. There is reasonable suspicion that a person in the vehicle has committed or is committing an impaired driving offense under RCW 46.61.502.

(b) The pursuit is necessary for the purpose of identifying or apprehending the person.

(c) The person poses an imminent threat to the safety of others and the safety risks of failing to apprehend or identify the person is considered to be greater than the safety risks of the vehicle pursuit under the circumstances.

The fact that an officer had to move from the path of a fleeing vehicle does not, by itself, constitute an assault or attempted murder for the purposes of this policy.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

The officer requesting authorization and the supervisor shall consider alternatives to initiating a vehicle pursuit as well as safety considerations (RCW 10.116.060).

307.3.2 VEHICLE PURSUIT FACTORS

Factors that shall be considered, both individually and collectively, when deciding to initiate or continue a pursuit include but are not limited to (RCW 10.116.060):

(a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.

(b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists, and others.

(c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones), and the speed of the pursuit relative to these factors.

(d) The pursuing officers' familiarity with the area of the pursuit, the quality of radio communications between the pursuing vehicles and the dispatcher/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.

(e) Whether weather, traffic, and road conditions unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.

(f) Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.

(g) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.

(h) Emergency lighting and siren limitations on unmarked police department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment, and concealed or obstructed siren positioning.

(i) Vehicle speeds.

(j) Other persons in or on the pursued vehicle (e.g., minors, passengers, co-offenders, hostages).

(k) The availability of other resources, such as air support assistance.

(l) Whether the pursuing vehicle is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with an arrestee in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the arrestee in transport. A vehicle containing more than a single arrestee should not be involved in a pursuit.

307.3.3 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

When a supervisor directs the pursuit to be terminated, officers will immediately terminate the pursuit.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

(a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.

(b) The pursued vehicle's location is no longer definitely known.

(c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.

(d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.

(e) Hazards to uninvolved bystanders or motorists.

(f) The danger that the continued pursuit poses to the public, the officers or the suspect, balanced against the risk of allowing the suspect to remain at large.

(g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.

307.4 PURSUIT VEHICLES

When involved in a pursuit, unmarked police department emergency vehicles should be replaced by marked emergency vehicles whenever practicable.

Vehicle pursuits should be limited to three police department emergency vehicles (two pursuit vehicles and the supervisor vehicle). However, the number of vehicles involved will vary with the circumstances.

An officer or supervisor may request that additional vehicles join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the number of suspects. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the pursuit termination point at legal speeds, following the appropriate rules of the road.

307.4.1 MOTORCYCLES

Officers operating department motorcycles are prohibited from initiating or joining in any pursuit.

Published with permission by Bainbridge Island Police Department

307.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Officers operating vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Officers in such vehicles may provide support to pursuing vehicles as long as the vehicle is operated in compliance with all traffic laws. Those officers should discontinue such support immediately upon arrival of a sufficient number of authorized emergency police department vehicles or any air support.

307.4.3 PRIMARY PURSUIT VEHICLE RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit vehicle and will be responsible for the conduct of the pursuit unless he/she is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or others.

The primary pursuing officer should notify the dispatcher, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

(a) The location, direction of travel and estimated speed of the suspect's vehicle.

(b) The description of the suspect's vehicle including the license plate number, if known.

(c) The reason for the pursuit.

(d) The use of firearms, threat of force, violence, injuries, hostages or other unusual hazards.

(e) The number of occupants and identity or description.

(f) The weather, road and traffic conditions.

(g) The need for any additional resources or equipment.

(h) The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or a secondary pursuing officer, the officer in the primary pursuit vehicle shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing officer should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to an officer in a secondary pursuit vehicle or to air support joining the pursuit to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe pursuit tactics.

The primary unit will immediately terminate the pursuit if it is unjustified to continue under the guidelines of this policy, or if a supervisor does not authorize the engagement.

307.4.4 SECONDARY PURSUIT VEHICLE RESPONSIBILITIES

The second officer in the pursuit will be designated as the secondary pursuit vehicle and is responsible for:

(a) Immediately notifying the dispatcher of his/her entry into the pursuit.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(b) Remaining a safe distance behind the primary pursuit vehicle unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.

(c) Broadcasting information that the primary pursuing officer is unable to provide.

(d) Broadcasting the progress of the pursuit, updating known or critical information and providing changes in the pursuit, unless the situation indicates otherwise.

(e) Identifying the need for additional resources or equipment as appropriate.

(f) Serving as backup to the primary pursuing officer once the suspect has been stopped.

The secondary unit should call for termination of the pursuit if it is unjustified to continue the pursuit under the guidelines of this policy.

307.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for officers who are involved in the pursuit:

(a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to unusual maneuvers by the fleeing vehicle.

(b) Because intersections can present increased risks, the following tactics should be considered:

1. Available officers not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
2. Pursuing officers should exercise due caution and slow down as may be necessary when proceeding through controlled intersections.

(c) As a general rule, officers should not pursue a vehicle driving the wrong direction on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:

1. Request assistance from available air support.
2. Maintain visual contact with the pursued vehicle by paralleling the vehicle while driving on the correct side of the roadway.
3. Request other officers to observe exits available to the suspect.

(d) Notify the Washington State Patrol or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.

(e) Officers involved in a pursuit should not attempt to pass other pursuing vehicles unless the situation indicates otherwise or they are requested to do so by the pursuing officer and with a clear understanding of the maneuver process between the involved officers.

307.5.1 AIR SUPPORT ASSISTANCE

When available, air support assistance should be requested. Once the air support crew has established visual contact with the pursued vehicle, they should assume communication control over the pursuit. The primary and secondary ground pursuit vehicles, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants their continued close proximity and/or involvement in the pursuit.

The air support crew should coordinate the activities of resources on the ground, report progress of the pursuit, and provide officers and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If officers on the ground are not within visual contact of the pursued vehicle and the air support crew determines that it is unsafe to continue the pursuit, the air support crew should recommend terminating the pursuit.

307.5.2 OFFICERS NOT INVOLVED IN THE PURSUIT

Officers who are not involved in the pursuit should remain in their assigned areas, should not parallel the pursuit route and should not become involved with the pursuit unless directed otherwise by a supervisor. Uninvolved officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Those officers should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or if the suspect intentionally tries to ram the police department vehicle.

Non-pursuing members needed at the pursuit termination point should respond in a non-emergency manner, observing the rules of the road.

The primary pursuit vehicle, secondary pursuit vehicle and supervisor vehicle should be the only vehicles operating under emergency conditions (emergency lights and siren) unless other officers are assigned to the pursuit.

307.6 SUPERVISORY CONTROL AND RESPONSIBILITIES

Available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department (RCW 10.116.060).

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor, will be responsible for:

(a) Immediately notifying involved officers and the dispatcher of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit. This is to ensure that the pursuit is conducted within established department guidelines.

(b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.

(c) Exercising management and control of the pursuit even if not engaged in it.

(d) Ensuring that no more than the required law enforcement vehicles are involved in the pursuit under the guidelines set forth in this policy.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(e) Directing that the pursuit be terminated if, in the field supervisor's judgment, it is not justified to continue the pursuit under the guidelines of this policy.

(f) Ensuring that assistance from air support, canines, or additional resources is requested, if available and appropriate.

(g) Ensuring that the proper radio channel is being used.

(h) Ensuring that the Shift Sergeant is notified of the pursuit, as soon as practicable.

(i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.

(j) Controlling and managing Bainbridge Island Police Department officers when a pursuit enters another jurisdiction.

(k) Preparing a post-pursuit review and documentation of the pursuit as required.

307.7 COMMUNICATIONS

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved officers should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

307.8 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the involved officers should broadcast pertinent information to assist other officers in locating the vehicle. The primary pursuing officer or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.9 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary pursuing officer or supervisor, taking into consideration the distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit.

Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary pursuing officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether the jurisdiction is expected to assist.

307.9.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Officers will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Bainbridge Island Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved officers may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports.

The roles and responsibilities of officers at the termination point of a pursuit initiated by this department shall be coordinated with appropriate consideration of the needs of the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local law enforcement agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, the other agency should relinquish control.

307.9.2 PURSUIT TRAILING

In the event that initial pursuing officers relinquish control of the pursuit to another agency, the initial officers may, with the permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect and reporting the incident.

307.9.3 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Officers from this department should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single vehicle from the initiating agency is in pursuit. Under this circumstance, an officer from this department may, with supervisor approval, immediately join the pursuit until sufficient vehicles from the initiating agency join the pursuit or until additional information is provided allowing withdrawal from the pursuit.

Officers from this department will not participate in another agency's pursuit unless the pursuit would be authorized under this policy.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of the Bainbridge Island Police Department, the supervisor should consider:

(a) The public's safety within this jurisdiction.

(b) The safety of the pursuing officers.

(c) Whether the circumstances are serious enough to continue the pursuit.

(d) Whether there is adequate staffing to continue the pursuit.

(e) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Shift Sergeant should review a request for assistance from another agency. The Shift Sergeant or supervisor, after considering the above factors, may decline to assist in or assume the other agency's pursuit.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Assistance to a pursuing agency by officers of this department will conclude at the City limits, provided that the pursuing agency has sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that the termination point of a pursuit from another agency is within this jurisdiction, officers shall provide appropriate assistance including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

307.10 PURSUIT INTERVENTION

Pursuit intervention is an attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT, ramming or roadblock procedures.

307.10.1 WHEN USE IS AUTHORIZED

Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

307.10.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon (see the Use of Force Policy).

307.10.3 INTERVENTION TACTICS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to policies guiding such use. Officers shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

(a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to the public's safety, and when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this intervention tactic shall only be employed by properly trained officers with the approval of a supervisor and after giving consideration to the following:

    1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, officers, or others.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

2. All other reasonable intervention tactics have failed or reasonably appear ineffective.
3. Employing the blocking or vehicle intercept maneuver does not unreasonably increase the risk of danger to those involved or the public.
4. The suspect vehicle is stopped or traveling at a low speed.
5. Only law enforcement vehicles should be used in this tactic.

(b) The PIT is limited to use by properly trained officers with the approval of a supervisor and upon assessment of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public, and occupants of the pursued vehicle.

(c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted or would not be effective, and immediate control is necessary. Ramming should be reserved for situations where there does not appear to be another reasonable alternative method. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:

1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner or using the vehicle as a weapon.

(d) Boxing-in a suspect vehicle shall only be attempted upon approval by a supervisor. The use of such a tactic must be carefully coordinated with all involved vehicles, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to officers, the public, and occupants of the pursued vehicle. Officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

(e) Tire deflation devices should be deployed only after notification of pursuing officers and the supervisor of the intent and location of the intended deployment, and in a manner that:

1. Should reasonably only affect the pursued vehicle.
2. Provides the deploying officer adequate cover and escape from intentional or unintentional exposure to the approaching vehicle.
3. Takes into account the limitations of such devices as well as the potential risk to officers, the public, and occupants of the pursued vehicle.
4. Takes into account whether the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children.

(f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in

the direct path of a pursued vehicle is generally discouraged and shall not be deployed without prior approval of a supervisor. If roadblocks are deployed, it should only be done under extraordinary conditions when all other reasonable intervention tactics have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers, or the public.

307.11 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider the safety of the public and the involved officers when formulating plans for setting up perimeters or for containing and capturing the suspect.

307.12 REPORTING REQUIREMENTS

All appropriate reports shall be completed to comply with appropriate laws and policies or procedures.

(a) The primary pursuing officer shall complete appropriate crime/arrest reports.

(b) The supervisor shall complete the appropriate pursuit report.

(c) After first obtaining the available information, the supervisor shall promptly complete a interoffice memorandum, briefly summarizing the pursuit to the Chief of Police or the authorized designee, through the chain of command. This memorandum should include, at a minimum:

    (a) Date and time of the pursuit.

    (b) Initial reason and circumstances surrounding the pursuit.

    (c) Length of pursuit in distance and time, including the starting and termination points.

    (d) Involved vehicles and officers.

    (e) Alleged offenses.

    (f) Whether a suspect was apprehended, as well as the means and methods used.

        (a) Any use of force shall be reported and documented in compliance with the Use of Force Policy.

    (g) Arrestee information, if applicable.

    (h) Any injuries and/or medical treatment.

    (i) Any property or equipment damage.

    (j) Name of supervisor at the scene or who handled the incident.

(k) A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

(d) After receiving copies of reports, logs and other pertinent information, the Chief of Police or the authorized designee shall conduct or assign the completion of a post-pursuit review, as appropriate.

(e)

307.13 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all officers will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public. Training will include recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

307.14 PURSUIT REVIEW

The Deputy Chief will evaluate all pursuits and failure to yield incidents. Following the review the Deputy Chief will:

(a) File the pursuit as no further action required, or

(b) Recommend training for involved officers, and/or

(c) Recommend discipline for policy violations to the Chief of Police.

A separate file for all pursuit incidents will be maintained. A log to document pursuits shall also be kept to include terminated pursuits. An annual analysis report of the pursuits will be completed and forwarded to the Chief of Police.

Annually, the Deputy Chief will conduct a review and analysis of department vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

Officer Response to Calls

308.1 PURPOSE AND SCOPE

This policy provides officers with guidelines for the safe and appropriate vehicular response to emergency and non-emergency incidents or requests for assistance, whether these are dispatched or self-initiated.

308.2 POLICY

It is the policy of this department to appropriately respond to emergency and non-emergency calls for service or requests for assistance, whether these are dispatched or self-initiated.

308.3 RESPONSE TO CALLS

Officers responding to non-emergency calls shall proceed accordingly, unless they are sent or redirected to a higher priority call, and should obey all traffic laws.

308.4 REQUESTING EMERGENCY ASSISTANCE

When requesting emergency assistance, the involved department member should reasonably believe there is an imminent threat to the safety of him/herself or another person, or that assistance is needed to prevent imminent serious harm to the public.

If circumstances permit, the requesting member should provide the following information:

- Identifying call sign
- Location of the emergency situation
- Suspect information, including weapons
- Reason for the request and type of emergency
- The number of officers or resources required
- Hazards and any known or potential dangers for responding officers

In any event where a situation has stabilized and emergency response is not required, the requesting member shall immediately notify the dispatcher.

308.5 SAFETY CONSIDERATIONS

Responding with emergency lights and siren does not relieve the operator of an emergency vehicle of the duty to continue to drive with due regard for the safety of all persons and property, and does not protect the operator from the consequences of reckless disregard for the safety of others. However the officer may, when responding to a call with an emergency response, and provided there is no endangerment or unnecessary risk to persons and property (RCW 46.61.035):

- Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.

- Exceed the speed limit.
- Disregard regulations governing parking, direction of movement or turning in specified directions.

308.5.1 NUMBER OF OFFICERS ASSIGNED
The number of officers assigned to respond to an emergency call or request for assistance should be limited to that which is reasonably necessary.

An emergency response involving more than one police vehicle should be coordinated by CenCom to avoid any unanticipated intersecting of response routes. The dispatcher shall notify the Shift Sergeant or field supervisor, who will make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

308.5.2 MOTORCYCLES
An officer operating a police motorcycle should not be assigned to an emergency response. However, an officer operating a police motorcycle in an emergency response should be replaced by an authorized emergency vehicle equipped with emergency lights and siren as soon as practicable.

308.6 OFFICER RESPONSIBILITIES
The decision to initiate or continue an emergency response is at the discretion of the officer. If, in the officer's judgment, the weather, traffic and road conditions do not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the officer should immediately notify the dispatcher. An officer shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

Upon receiving authorization or determining that an emergency response is appropriate, whenever practicable, an officer shall immediately give the location from which he/she is responding.

The first officer arriving at the emergency call should determine whether to increase or reduce the level of the response of additional officers and shall notify the dispatcher of his/her determination. Any subsequent change in the appropriate response level should be communicated to the dispatcher by the officer in charge of the scene unless a supervisor assumes this responsibility.

308.7 FAILURE OF EMERGENCY EQUIPMENT
If the emergency equipment on the vehicle should fail to operate, the officer must terminate the code response and respond accordingly. In all cases, the officer shall notify the supervisor and CenCom of the equipment failure so that another unit may be assigned to the emergency response.

308.8 SUPERVISOR RESPONSIBILITIES

Upon being notified that an emergency response has been initiated or requested, the Shift Sergeant or the field supervisor shall verify that:

(a) The proper response has been initiated.

(b) No more than those officers reasonably necessary under the circumstances are involved in the response.

(c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing officers into or out of the response, if necessary. If, in the supervisor's judgment, the circumstances require additional officers to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Shift Sergeant or the field supervisor should consider:

- The type of call or crime involved.
- The type and circumstances of the request.
- The necessity of a timely response.
- Weather, traffic and road conditions.
- The location of the responding officers and the location of the incident.

Domestic Violence

309.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

309.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

Domestic violence - Physical harm, bodily injury, assault, or the infliction of fear of imminent physical harm, bodily injury or assault, sexual assault, coercive control, unlawful harassment, or stalking of one intimate partner by another intimate partner or of one family or household member by another family or household member (RCW 10.99.020; RCW 7.105.010).

309.2 POLICY

The Bainbridge Island Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

309.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

309.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

(a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

(d) When practicable and legally permitted, video or audio record all significant statements and observations.

(e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Detectives in the event that the injuries later become visible.

(f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

(g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.

(h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.

1. Officers who have probable cause that a crime has been committed shall lawfully seize all firearms and ammunition that they reasonably believe were used or threatened to be used in the commission of the offense. Officers shall also seize all firearms in plain sight or discovered in a lawful search. Officers shall request consent to take temporary custody of any other firearms and ammunition that the alleged suspect may have access to (RCW 10.99.030).

2. Officers shall separate the victim and inquire whether there are any firearms or ammunition in the home, whether the suspect has access to any firearms either on the premises or stored elsewhere, whether the suspect has a concealed pistol license, and whether a firearm has ever been used by the suspect under other circumstances that could be threatening or coercive (RCW 10.99.030).

(i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

(j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Whether the suspect lives on the premises with the victim.

2. Claims by the suspect that the victim provoked or perpetuated the violence.

3. The potential financial or child custody consequences of arrest.

Published with permission by Bainbridge Island Police Department

4. The physical or emotional state of either party.
5. Use of drugs or alcohol by either party.
6. Denial that the abuse occurred where evidence indicates otherwise.
7. A request by the victim not to arrest the suspect.
8. Location of the incident (public/private).
9. Speculation that the complainant may not follow through with the prosecution.
10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
11. The social status, community status, or professional position of the victim or suspect.

(k) Unless doing so would jeopardize the criminal investigation, the victim should be apprised of investigative plans such as when the suspect or witnesses are going to be interviewed and any plans for making an arrest.

309.4.1 HOSPITALIZED VICTIM

When responding to a medical facility regarding an injured person, officers should make a reasonable attempt to determine whether the injury was a result of domestic violence prior to contacting the victim or person who reported the incident.

If domestic violence is suspected, contact should be made with the medical facility representatives out of the view and hearing of the victim and any potential suspects when practical.

309.4.2 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

(a) Advise the victim that there is no guarantee the suspect will remain in custody.

(b) Provide the victim’s contact information to the jail staff to enable notification of the victim upon the suspect’s release from jail.

(c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

309.4.3 IF NO ARREST IS MADE

If no arrest is made, the officer should:

(a) Advise the parties of any options, including but not limited to:

1. Voluntary separation of the parties.
2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).

(b) Document the resolution in a report.

309.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

(a) Recognize that a victim's behavior and actions may be affected.

(b) Provide the victim with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.

(c) Alert the victim to any available victim advocates, shelters and community resources.

(d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.

(e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.

(f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.

(g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

(h) Seek or assist the victim in obtaining an emergency order if appropriate.

309.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

309.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

309.7.1 CANADIAN COURT ORDERS

Any foreign court order properly issued in Canada shall be enforced by an officer as a foreign court order above. Any notice, if required, should be made in compliance with RCW 26.55.020.

309.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms, and efforts to respond to the order.

(b) Check available records or databases that may show the status or conditions of the order.

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

309.9 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

(a) The primary duty of officers when responding to a domestic violence situation is to enforce the laws allegedly violated and to protect the complaining party (RCW 10.99.030(1)).

(b) When an officer responds to a domestic violence call and has probable cause to believe that a crime has been committed, he/she shall make an arrest pursuant to the criteria in RCW 10.31.100 and RCW 10.99.030(2)(a).

(c) When an officer has confirmed that a valid court order exists and has probable cause to believe the defendant has violated that order, the officer shall make a physical arrest (RCW 10.99.055; RCW 10.31.100(2)). Whenever a member of this department serves or assists in serving a court order and that service is completed, a return of service form shall be completed and submitted to the Washington Crime Information Center (WACIC).

309.10 REPORTS AND RECORDS

(a) Officers responding to a domestic violence call shall take a complete offense report, including the disposition of the case (RCW 10.99.030(2)(b)).

1. The report shall include all information about firearms and concealed pistol licenses and be properly coded to alert any officials reviewing the report to the existence of the information concerning firearms (RCW 10.99.030).

(b) All such reports should be documented under the appropriate crime classification and should use the distinction “Domestic Violence” in the Type of Crime box of the crime report form (RCW 10.99.035).

Published with permission by Bainbridge Island Police Department

(c) Whenever there is probable cause to believe that a crime has been committed and unless the case is under active investigation, the Detectives Supervisor shall ensure that all domestic violence crime reports are forwarded to the County Prosecutor's Office within 10 days of the date the incident was reported (RCW 10.99.035).

(d) The Administrative Supervisor shall ensure that accurate records of domestic violence incidents are maintained and submitted to the Washington Association of Sheriffs and Police Chiefs, in accordance with state law (RCW 10.99.035).

(e) The Administrative Supervisor should ensure that the original receipt issued for any firearm, dangerous weapon, or pistol license surrendered after service of a protection order is filed with the court within 24 hours of service of the order and retain a copy of the receipt electronically if available (RCW 9.41.801).

309.11 COURT ORDERS

The Administrative Supervisor shall ensure that no-contact orders received from the court are entered into the WACIC or other applicable criminal intelligence information system for one year or until the expiration date specified on the order (RCW 10.99.040; RCW 10.99.050).

309.12 SERVICE OF COURT ORDERS

The officer serving a protection order, no-contact order, or restraining order that includes an order to surrender all firearms, dangerous weapons, and a concealed pistol license under RCW 9.41.800 shall (RCW 9.41.801):

(a) Advise the subject that the order is effective upon service.

(b) Request that any firearms, dangerous weapons, and any concealed pistol license be immediately surrendered. Officers shall take possession of any firearms discovered in plain view, lawful search, or consent from the subject.

1. If the subject indicates by word or action that he/she will not comply with a request to surrender firearms, dangerous weapons, or a concealed pistol license, consideration should be given to obtaining a search warrant for seizure.

(c) Issue a receipt for any surrendered items.

1. The officer should ensure the original receipt is forwarded to the Administrative Supervisor as soon as practicable for filing with the court.

All firearms and weapons collected shall be handled and booked in accordance with the Property and Evidence Policy.

309.13 ORDERS TO SHOW CAUSE

When the Department receives notice from the court of an order to show cause regarding the surrender of weapons, the Detectives supervisor should consult with legal counsel, as appropriate, to address any requirements involving the Department, including the following (RCW 9.41.801):

(a) Fulfilling any additional service requirements for the order to show cause.

(b) Providing the court a complete list of firearms and other dangerous weapons surrendered by the person pursuant to the court order that are in the possession of the Department.

(c) Providing the court with verification that any concealed pistol license was surrendered by the person pursuant to the court order and that the agency with authority to revoke the license has been notified.

(d) Filing an affidavit with the court where there is reasonable suspicion that the person who is subject to the court order is not in full compliance with the terms, including the basis for the belief.

Search and Seizure

310.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Bainbridge Island Police Department personnel to consider when dealing with search and seizure issues.

310.2 POLICY

It is the policy of the Bainbridge Island Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

310.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

310.3.1 RESTRICTIONS ON CELL SITE SIMULATOR USE

A member may only install or use a pen register, trap and trace device, or cell site simulator device with a supporting court order or when there is both coordination with a prosecuting attorney and joint determination of probable cause to believe an emergency situation exists that involves immediate danger of death or serious bodily injury to a person. A court order must be obtained within 48 hours after installation of the pen register, trap and trace device, or cell site simulator device when an emergency situation exists (RCW 9.73.260).

310.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this department will strive to conduct searches with dignity and courtesy.

(b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.

(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.

(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.

(e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:

1. Another officer or a supervisor should witness the search.
2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

310.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized

- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

311.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Bainbridge Island Police Department (34 USC § 11133).

311.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection, or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile 17 years of age or younger who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) or a juvenile who has violated RCW 9.41.040(2)(a) by possessing a handgun (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.

(d) A juvenile being processed in a secure booking area when an unsecure booking area is available.

(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

(g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

311.2 POLICY

The Bainbridge Island Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Bainbridge Island Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

311.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Bainbridge Island Police Department:

(a) Unconscious

(b) Seriously injured

(c) A known suicide risk or obviously severely emotionally disturbed

(d) Significantly intoxicated

(e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Bainbridge Island Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

311.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Bainbridge Island Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Bainbridge Island Police Department without authorization of the arresting officer's supervisor or the Shift Sergeant. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Published with permission by Bainbridge Island Police Department

Any juvenile taken into custody shall be released to the care of the juvenile's parent, legal guardian, or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Bainbridge Island Police Department (42 USC § 5633; RCW 13.04.116(b)).

311.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Bainbridge Island Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (42 USC § 5633).

311.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (42 USC § 5633).

311.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Bainbridge Island Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, juvenile offenders may be taken into custody under the following circumstances (RCW 13.40.040(1)):

(a) Pursuant to a court order.

(b) Without a court order, by an officer if grounds exist for the arrest of an adult in identical circumstances.

(c) When his/her parole has been suspended.

311.4.4 LIMITATIONS ON RELEASE OF JUVENILE OFFENDERS

Juveniles should be referred to the appropriate juvenile authority and not released to a parent or guardian when there is probable cause to believe the juvenile (RCW 13.40.040(2)):

(a) Will likely fail to appear for further proceedings.

(b) Needs protection from him/herself.

(c) Is a threat to community safety.

(d) Will intimidate witnesses or otherwise unlawfully interfere with the administration of justice.

(e) Has committed a crime while another case was pending.

(g) Has had his/her parole suspended or modified.

(h) Is a material witness.

311.5 ADVISEMENTS

When a juvenile offender is taken into custody, the officer should, as soon as practicable, notify the juvenile's parent, guardian or a responsible relative that the juvenile is in custody.

Juveniles taken into custody should be advised the reason for the custody (RCW 43.185C.265).

311.6 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Bainbridge Island Police Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

311.7 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Bainbridge Island Police Department shall ensure the following:

(a) The Shift Sergeant should be notified if it is anticipated that a juvenile may need to remain at the Bainbridge Island Police Department more than four hours. This will enable the Shift Sergeant to ensure no juvenile is held at the Bainbridge Island Police Department more than six hours.

(b) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.

1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
2. This does not apply to surreptitious and legally obtained recorded interrogations.

(c) A member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.

(d) There is reasonable access to toilets and wash basins.

(e) There is reasonable access to toilets and wash basins.

(g) There are reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.

(h) There is privacy during any consultation with an attorney.

(i) Juveniles are generally permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.

(j) Clean blankets are provided as reasonably necessary to ensure the comfort of an individual.

1. The supervisor should ensure that there is an adequate supply of clean blankets.

(k) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.

(l) Adequate furnishings are available, including suitable chairs or benches.

(m) Juveniles shall have the right to the same number of telephone calls as an adult in custody (see the Temporary Custody of Adults Policy).

(n) Discipline is not administered to any juvenile, nor will juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse.

311.8 RELIGIOUS ACCOMMODATION

Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).

311.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Bainbridge Island Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Sergeant. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

311.9.1 PREGNANT JUVENILES

Juveniles who are known to be pregnant should be restrained in accordance with the Handcuffing and Restraints Policy.

311.10 PERSONAL PROPERTY

The personal property of a juvenile shall be processed in the same manner as an adult in temporary custody (see the Temporary Custody of Adults Policy).

311.12 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

311.12 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent, to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, an officer shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (RCW 13.40.740):

(a) There is a belief that the juvenile is a victim of trafficking as defined by RCW 9A.40.100.

(b) Information is necessary to protect an individual’s life from an imminent threat.

(c) A delay to allow legal consultation would impede the protection of an individual’s life from imminent threat.

(d) The questions are limited to what is reasonably expected to obtain the information necessary to protect an individual’s life from an imminent threat.

After a consultation, any assertion of constitutional rights by the juvenile through legal counsel must be treated as though it came from the juvenile. The waiver of any constitutional rights of the juvenile may only be made according to the requirements of RCW 13.40.140 (judicial rights) (RCW 13.40.740).

311.12.1 RECORDING OF INTERVIEWS OR INTERROGATIONS
Interrogations or interviews of juvenile suspects shall be recorded when conducted at a place of detention (RCW 10.122.020; RCW 10.122.030). See the Investigation and Prosecution Policy for specific recording requirements.

311.13 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING

A juvenile offender may be photographed and fingerprinted as provided by RCW 43.43.735.

311.14 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Officers of this department shall not divulge any information regarding juveniles in situations where they are uncertain of the legal authority to do so.

311.14.1 RELEASE OF INFORMATION PURSUANT TO WASHINGTON LAW
Juvenile records are confidential and may be released only as provided in RCW 13.50.010 and RCW 13.50.050:

(a) Information may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile is being pursued by the other participant, or when that other participant is assigned the responsibility for supervising the juvenile.

(b) Information not in the juvenile court file that could not reasonably be expected to identify the juvenile or the juvenile's family may be released.

(c) Following the decision to arrest, information about an investigation, diversion or prosecution of a juvenile, including an incident report, may be released to the school in which the juvenile is enrolled to assist in protecting other students, staff and school property.

Adult Abuse

312.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Bainbridge Island Police Department members as required by law.

312.1.1 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

312.2 POLICY

The Bainbridge Island Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

312.3 MANDATORY NOTIFICATION

Members of the Bainbridge Island Police Department shall notify the Washington State Department of Social and Health Services (DSHS) when there is reasonable cause to believe that abandonment, abuse, financial exploitation, or neglect of a vulnerable adult has occurred. Members shall also notify DSHS when there is reason to suspect sexual assault or physical assault or reasonable cause to believe that an act has caused fear of imminent harm. The Coroner shall also be notified when there is reason to suspect that the death of a vulnerable adult was caused by abuse, neglect, or abandonment by another person (RCW 74.34.035).

For purposes of notification, the following definitions apply (RCW 74.34.020):

- Abandonment is action or inaction by a person or entity with a duty of care for a vulnerable adult that leaves the person without the means or ability to obtain necessary food, clothing, shelter, or health care.
- Abuse is intentional, willful, or reckless action or inaction that inflicts injury, unreasonable confinement or restraint, sexual abuse, physical abuse, financial exploitation, mental abuse, intimidation, or punishment.
- A vulnerable adult is a person who meets any of the following criteria:
    (a) Is 60 years or older and who has the functional, mental, or physical inability to care for oneself.
    (b) Is found by the superior court to be incapacitated under RCW 11.130.005 et seq.
    (c) Has a developmental disability as defined under RCW 71A.10.020.
    (d) Is admitted to any facility as defined in RCW 74.34.020 (e.g., assisted living facility, nursing home, other facility licensed by DSHS).

(e) Is receiving services from an individual provider or licensed home health, hospice, or home care agency.

(f) Self-directs self-care and receives services from a personal aide under RCW 74.39.001 et seq.

312.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (RCW 74.34.035):

(a) All notification to DSHS shall be made immediately or as soon as practicable by telephone

(b) Information provided shall include, if known:

1. The name and address of the person making the report.
2. The name and address of the vulnerable adult.
3. The name and address of the facility or agency providing care for the vulnerable adult.
4. The name and address of the legal guardian or alternate decision maker.
5. The nature and extent of the abandonment, abuse, financial exploitation, neglect, or self-neglect.
6. Any history of previous abandonment, abuse, financial exploitation, neglect, or self-neglect.
7. The identity of the alleged perpetrator, if known.
8. Any other information that may be helpful in establishing the extent of abandonment, abuse, financial exploitation, neglect, or the cause of death of the deceased vulnerable adult.

312.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

(a) Conduct interviews in appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to adult abuse investigations.

(c) Present all cases of alleged adult abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

312.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated. If the investigation reveals that a crime may have been committed, the City prosecutor shall be provided a written report of the incident (RCW 74.34.063(3)).

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.

(b) Any relevant statements the victim may have made and to whom he/she made the statements.

(c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.

(e) Whether the victim was transported for medical treatment or a medical examination.

(f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.

(g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.

(h) Previous addresses of the victim and suspect.

(i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

312.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for oneself, the officer should make reasonable attempts to contact DSHS. Generally, removal of an adult abuse victim from the abuse victim's family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from the abuse victim's family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the

Published with permission by Bainbridge Island Police Department

release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to DSHS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian, or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

312.7 INTERVIEWS

312.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

312.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:

1. A reasonable belief that medical issues of the adult need to be addressed immediately.
2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

312.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency, or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency, or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist, the supervisor should

Published with permission by Bainbridge Island Police Department

consider other government agencies or services that may obtain a court order for such an examination.

312.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

312.9.1 SUPERVISOR RESPONSIBILITIES

The Detectives supervisor should:

(a) Work with professionals from the appropriate agencies, including DSHS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Detectives supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

312.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

(a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate.

(b) Notify the Detectives supervisor so an interagency response can begin.

312.10 STATE MANDATES AND OTHER RELEVANT LAWS

Washington requires or permits the following:

312.10.1 SENIOR POLICE CLERK RESPONSIBILITIES

The Senior Police Clerk is responsible for:

(a) Providing a copy of the adult abuse report to DSHS as required by law.

(b) Retaining the original adult abuse report with the initial case file.

312.10.1 ARREST WITHOUT WARRANT

When an officer has confirmed that a valid court order for protection, including a temporary order, exists and has probable cause to believe that a person has violated that order, the officer has the authority to arrest the person without a warrant (RCW 10.31.100).

Published with permission by Bainbridge Island Police Department

312.10.2 RELEASE OF REPORTS

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (RCW 74.34.035(9); RCW 74.34.095).

312.10.4 PROTECTIVE ORDERS

In any situation which an officer reasonably believes that a vulnerable adult has been abused, abandoned, or subjected to financial exploitation or neglect, or threatened with such actions, the officer should obtain a protective order against the person alleged to have committed or threatened such abuse pursuant to RCW 74.34.110 or RCW 7.105.100.

312.11 TRAINING

The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.

(b) Conducting interviews.

(c) Availability of therapy services for adults and families.

(d) Availability of specialized forensic medical exams.

(e) Cultural competence (including interpretive services) related to adult abuse investigations.

(f) Availability of victim advocates or other support.

Discriminatory Harassment

313.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

313.2 POLICY

The Bainbridge Island Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against employees in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

313.3 DEFINITIONS

Definitions related to this policy include:

313.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

313.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

313.3.3 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.

(b) Submission to, or rejection of, such conduct is used as the basis for employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

313.3.4 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission and Washington State Human Rights Commission guidelines.

(b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

313.4 RESPONSIBILITIES

This policy applies to all department members, who shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Human Resources Manager, or the City Manager.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment or discrimination, is

encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

313.4.1 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Human Resources Manager, or the City Manager for further information, direction, or clarification.

313.4.2 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

(a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.

(b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.

(c) Ensuring their subordinates understand their responsibilities under this policy.

(d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.

(e) Making a timely determination regarding the substance of any allegation based upon all available facts.

(f) Notifying the Chief of Police or the Human Resources Manager in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

313.4.3 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

(a) Behavior of supervisors and managers should represent the values of the Department and professional standards.

(b) False or mistaken accusations of discrimination, harassment, or retaliation have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline in a manner that is consistent with established procedures.

313.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all

complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

313.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

313.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The member assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the Human Resources Manager, or the City Manager.

313.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

313.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

(a) Approved by the Chief of Police, the City Manager, or the Human Resources Manager, depending on the ranks of the involved parties.

(b) Maintained in accordance with the established records retention schedule.

Child Abuse

314.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Bainbridge Island Police Department members are required to notify the Department of Children, Youth, and Families, Child Protective Services (CPS) of suspected child abuse.

314.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency.

314.2 POLICY

The Bainbridge Island Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

314.3 MANDATORY NOTIFICATION

Members of the Bainbridge Island Police Department shall notify CPS when a report of abuse or neglect of a child is received or when there is reasonable cause to believe that a child has suffered abuse or neglect (RCW 26.44.030).

For purposes of notification, abuse or neglect of a child includes sexual abuse, sexual exploitation, or injury inflicted by any person under circumstances that cause harm to the child's health, welfare or safety, excluding lawful discipline, or the negligent treatment or maltreatment by a person who is responsible for, or providing care to, a child (RCW 26.44.020).

Officers shall promptly notify CPS whenever a child under 16 years of age is in a vehicle being driven by the child's parent, guardian, legal custodian, sibling or half-sibling and that person is being arrested for a drug or alcohol-related driving offense (RCW 46.61.507).

If, during an investigation of drug manufacturing, an officer discovers that a child is present at the investigation site, the officer shall notify CPS immediately (RCW 26.44.200).

314.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (RCW 26.44.030(5)):

(a) In emergency cases, notification to CPS should be made immediately when the child's welfare is endangered but in all such cases within 24 hours.

Published with permission by Bainbridge Island Police Department

(b) In non-emergency cases, notification to CPS shall be made within 72 hours after a report is received.

(c) Notification, when possible, should include (RCW 26.44.040):

1. The name, address and age of the child.
2. The name and address of the child's parents, stepparents, guardians or other persons having custody of the child.
3. The nature and extent of the alleged injury or injuries.
4. The nature and extent of the alleged neglect.
5. The nature and extent of the alleged sexual abuse.
6. Any evidence of previous injuries, including the nature and extent of the injury.
7. Any other information that may be helpful in establishing the cause of the child's death, injury or injuries, and the identity of the alleged perpetrator or perpetrators.

(d) The Department shall forward all case dispositions to CPS.

314.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

(a) Conduct interviews in child appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to child abuse investigations.

(c) Present all cases of alleged child abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (RCW 26.44.180 et seq.).

314.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.

(c) Any relevant statements the child may have made and to whom he/she made the statements.

(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

(k) Applicable local protocol regarding child abuse investigations (RCW 26.44.180 et seq.).

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

314.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Published with permission by Bainbridge Island Police Department

Children may only be removed from a parent or guardian in the following situations (RCW 26.44.050):

(a) A court order has been issued authorizing the removal of the child.

(b) There is probable cause to believe that the child is abused or neglected and that the child would be injured or could not be taken into custody if it were necessary to first obtain a court order (e.g., the child could be taken and concealed).

314.6.1 SAFE HAVEN LAW

A parent is not guilty of abandonment when leaving a newborn 72 hours old or younger with a qualified person at the emergency department of a licensed hospital or a fire station while personnel are present (RCW 13.34.360). The qualified person shall notify CPS. CPS shall assume custody of the newborn.

314.7 INTERVIEWS

314.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

314.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:

1. A reasonable belief that medical issues of the child need to be addressed immediately.
2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

314.7.3 TRAINING REQUIREMENT

Only those members who have successfully completed Washington State Criminal Justice Training Commission (WSCJTC) sponsored training on interviewing child victims of sexual abuse shall participate in or conduct such interviews. Interviews of children who are suspected victims

of sexual abuse will be conducted in compliance with the training standards set forth in RCW 43.101.224.

314.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

314.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

314.9.1 SUPERVISOR RESPONSIBILITIES

The Detectives Supervisor should:

(a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Detectives Supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

314.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

(a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Detectives Supervisor so an interagency response can begin.

2. Members shall check NCIC and other available databases for a history of domestic violence or court order restricting contact and verify through the Washington State Patrol (WSP) that the missing person is not participating in the address confidentiality program under RCW 40.24.030 et seq. Information obtained from NCIC, other databases, or WSP shall not be released except by court order.
3. Information received from a carrier is restricted and should only be released to first responders responding to the emergency situation.

In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

319.2 POLICY

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

319.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

(c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.

(d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Washington constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

319.5 CAUSES FOR DISCIPLINE

The following are illustrative of causes for disciplinary action. 323.4.5 SECONDARY TRAINING PHASE

The Secondary Training Phase (Phase II) shall consist of 100 hours of additional on-duty training. The reserve officer will no longer be required to ride with his/her primary training officer. The reserve officer may now ride with any officer designated by the Shift Sergeant.

If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.

323.4.7 COMPLETION OF THE FORMAL TRAINING PROCESS

When a reserve officer has satisfactorily completed all three phases of formal training, he/she will have had a minimum of 284 hours of on-duty training. No reserve officer will be permitted to carry a concealed pistol while in an off-duty capacity, other than to and from work, except those reserve officers who possess a valid Concealed Pistol License. An instance may arise where a reserve officer is assigned to a plainclothes detail for his/her assigned tour of duty. Under these circumstances, the reserve officer may be permitted to carry a pistol more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to departmental standards. The weapon must be registered by the reserve officer and be inspected and certified as fit for service by a departmental armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve officer shall have demonstrated his/her proficiency with said weapon.

When a reserve officer has satisfactorily completed all three phases of training (as outlined in FIELD TRAINING), he/she may be issued a permit to carry a concealed weapon. The decision to issue a concealed weapon permit will be made by the Chief of Police with input from the Reserve Program Coordinator and administrative staff. In issuing a concealed weapon permit a reserve officer's qualification will be individually judged. A reserve officer's dedication to the program and demonstrated maturity, among other factors, will be considered before a concealed weapon permit will be issued. Once issued, the concealed weapon permit will be valid only for as long as the reserve officer remains in good standing with the Bainbridge Island Police Department Reserve Officer Program.

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

324.2 POLICY

It is the policy of the Bainbridge Island Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

324.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Shift Sergeant's office for approval. In some instances, a mutual aid agreement or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Shift Sergeant may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

324.3.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Bainbridge Island Police Department shall notify his/her supervisor or the Shift Sergeant and CenCom as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

324.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

324.5 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administrative Services Supervisor or the authorized designee.

The documentation should include:

(a) The conditions relative to sharing.

(b) The training requirements for:

1. The use of the supplies and equipment.
2. The members trained in the use of the supplies and equipment.

(c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to CenCom and the Shift Sergeant to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

It is the policy of the Bainbridge Island Police Department to monitor registered offenders living within this jurisdiction in accordance with Kitsap County Sheriff's Office guidelines and to take reasonable steps to address the risks those persons may pose.

325.3 REGISTRATION

The Kitsap County Sheriff's Office is responsible for establishing a process for the required registration of certain offenders within the county (RCW 9A.44.130). Individuals seeking to register should be directed to the Kitsap County Sheriff's Office.

325.4 MONITORING OF REGISTERED OFFENDERS

In accordance with the Kitsap County Sheriff's Office Registered Sex and Kidnapping Offender Address Verification Program, the department will conduct face-to-face verification of the residential address of registered offenders residing in the City and submit quarterly electronic reports for each offender contact as follows:

(a) Face-to-face verification of a registered offender's address at the place of residence:

1. For Level I offenders once every six months;
2. For Level II offenders once every six months;
3. For Level III offenders once every three months.

(b) Electronic verification of face-to-face contact:

(a) The department must submit quarterly an electronic report for each offender contact in accordance with the above verification schedule on or before January 5, April 5, July 5, and October 5 of each year.

(b) If an officer attempts to contact a registered offender and determines that the offender no longer resides at the address where he/she is registered, the officer shall complete an incident report in the records management system and forward the report to the Kitsap County Sheriff’s Office Detective Division for follow up investigation regarding the failure to register. The Kitsap County Sheriff's Office will complete the necessary investigation and documentation to provide to the Kitsap County Prosecutor's Office for a charging decision of "Failure to Register."

(c) Community Notification for Level III Offenders:

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(a) The Department shall send a press release to the local media on any new Level III offender residing within the City limits.

(b) The Department should conduct a community notification meeting on any new registered Level III offender residing within the City limits.

325.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular sex/kidnapping registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a sex/kidnapping registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex/kidnapping registrants should be provided the WASPC Sex Offender Information website or the Kitsap County Sheriff's Office website.

The Administrative Supervisor shall release local sex/kidnapping registered offender information to residents in accordance with RCW 4.24.550 and in compliance with a request under the Public Records Act (RCW 42.56.001 et seq.).

Information pertaining to felony firearm offenders should not be disseminated to the public. All inquiries should be referred to WSP.

325.5.1 RELEASE NOTIFICATIONS FOR SEX OR KIDNAPPING OFFENDERS

Registrant information that is released should include notification that:

(a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.

(b) The information is provided as a public service and may not be current or accurate.

(c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.

(d) The crime for which a person is convicted may not accurately reflect the level of risk.

(e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

(f) The Bainbridge Island Police Department has no authority to direct where an offender may live.

325.5.2 MANDATORY NOTIFICATION

The Detectives Supervisor shall ensure that:

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(a) A public notification is made for sex offenders who are classified as Risk Level III and who register in the City. The notice must be published in at least one newspaper that has a general circulation in the geographic area of each sex offender's registered address or location. The notice must be in the form of a legal notice, advertisement or news release (RCW 4.24.550(4)). The notice shall conform to the guidelines established in RCW 4.24.5501.

(b) All information on sex/kidnapping offenders registered in the City is regularly updated and posted on the WASPC Sex Offender Information Center website (RCW 4.24.550(5)).

325.5.3 DISCRETIONARY DISSEMINATION FOR SEX OFFENDERS

Dissemination should be predicated upon the levels detailed below (RCW 4.24.550(3)):

(a) Offenders classified as Risk Level I: The Department may disclose, upon request, relevant, necessary and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the sex offender resides, expects to reside or is regularly found, and to any individual who requests information regarding a specific offender.

(b) Offenders classified as Risk Level II: In addition to the dissemination for Level I, the Department may also disclose relevant, necessary and accurate information to public and private schools, child day care centers, family day care providers, public libraries, businesses and organizations that serve primarily children, women or vulnerable adults, and neighbors and community groups near the residence where the sex offender resides, expects to reside or is regularly found.

(c) Offenders classified as Risk Level III: In addition to the dissemination of Level I and Level II, the Department may also disclose relevant, necessary and accurate information to the public at large.

(d) Homeless and transient sex offenders may present unique risks to the community due to the impracticality of localized notification. The Department may also disclose relevant, necessary and accurate information to the public at large for sex offenders registered as homeless or transient.

325.5.4 SCHOOL NOTIFICATIONS

The Sheriff has the responsibility of notifying the appropriate person at a school or other educational institution as set forth in RCW 9A.44.138 of any sex/kidnapping offender who attends or is employed there, and for providing the following information about the offender:

- Name
- Complete residential address
- Date and place of birth
- Place of employment
- Crime for which the person has been convicted

Death Investigation

326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers initially respond to and investigate the circumstances of a deceased person.

Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The thoroughness of death investigations and use of appropriate resources and evidence gathering techniques is critical.

326.2 POLICY

It is the policy of the Bainbridge Island Police Department to respond, document, and investigate incidents where a person is deceased. Investigations involving the death of a person, including those from natural causes, accidents, workplace incidents, suicide, and homicide, shall be initiated, conducted, and properly documented.

326.3 INVESTIGATION CONSIDERATIONS

Emergency medical services shall be called in all suspected death cases unless death is obvious (e.g., decapitated, decomposed).

A supervisor shall be notified as soon as possible to assist and provide appropriate personnel and resources. The on-scene supervisor should determine whether follow-up investigation is required and notify the Detectives Section Commander as necessary. The Shift Sergeant will make notification to command staff in accordance with the Major Incident Notification Policy.

326.3.1 CORONER JURISDICTION OVER REMAINS

The Coroner has jurisdiction of bodies of all deceased persons who come to their death suddenly in any of the following cases (RCW 68.50.010):

(a) When in apparent good health without medical attendance within the thirty-six hours preceding death.

(b) Where the circumstances of death indicate death was caused by unnatural or unlawful means.

(c) Where death occurs under suspicious circumstances.

(d) Where a Coroner's autopsy or postmortem or Coroner's inquest is to be held.

(e) Where death results from unknown or obscure causes.

(f) Where death occurs within one year following an accident.

(g) Where the death is caused by any violence whatsoever.

(h) Where death results from a known or suspected abortion; whether self-induced or otherwise.

Published with permission by Bainbridge Island Police Department

(i) Where death apparently results from drowning, hanging, burns, electrocution, gunshot wounds, stabs or cuts, lightning, starvation, radiation, exposure, alcoholism, narcotics or other addictions, tetanus, strangulations, suffocation, or smothering.

(j) Where death is due to premature birth or still birth.

(k) Where death is due to a violent contagious disease or suspected contagious disease which may be a public health hazard.

(l) Where death results from alleged rape, carnal knowledge, or sodomy.

(m) Where death occurs in a jail or prison.

(n) Where a body is found dead or is not claimed by relatives or friends.

The body or human remains shall not be disturbed or moved from the position or place of death without permission of the Coroner (RCW 68.50.050).

326.3.2 INDIGENOUS PERSONS

Upon knowledge that the remains are of an indigenous person, officers shall attempt to identify and contact, as soon as practicable, family members and any affected tribes, tribal organizations, and communities prior to removal or disturbance of the remains, except where deemed necessary by the Coroner and officers in the interest of safety or to preserve evidence for any ongoing criminal investigation. Efforts shall include attempts to facilitate contact through the regional liaison for missing and murdered indigenous persons pursuant to RCW 43.43.874 within 10 days of the Coroner having jurisdiction over the remains (RCW 68.50.325).

The lead investigator in cooperation with the Coroner shall provide the family member or representative of a list that contains any prohibited conduct when interacting with the remains including an explanation of why the conduct is prohibited. Additionally, any practices or ceremonies related to the remains by the family or representative require proper authorization by the Coroner and the lead investigator while the remains are under the jurisdiction of the Coroner (RCW 68.50.325).

326.3.3 REPORTING

All incidents involving a death shall be documented on the appropriate form.

326.3.4 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. The Detectives shall be notified to determine the possible need for an investigator to respond to the scene.

If the on-scene supervisor, through consultation with the Shift Sergeant or Detectives supervisor, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The investigator assigned to investigate a homicide or death that occurred under suspicious circumstances may, with the approval of the investigator's supervisor, request the Coroner to conduct physical examinations and tests, and to provide a report.

326.3.5 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this department who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment should ensure that the regional Washington Division of Occupational Safety and Health (DOSH) office is notified of all pertinent information.

326.4 UNIDENTIFIED DEAD BODY

If the identity of a dead body cannot be established, the handling officer will request from the Coroner a unique identifying number for the body. The number shall be included in any report.

326.5 DEATH NOTIFICATION

When reasonably practicable, and if not handled by the Coroner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports.

Identity Theft

327.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

327.2 REPORTING

This department will initiate an incident report whenever a person reasonably suspects that his/her financial information or means of identification has been unlawfully obtained, used, or transferred to another person or entity in all cases where the victim resides or works within this jurisdiction, or where any part of the crime occurred within this jurisdiction. The employee receiving the report will ensure that the complainant receives a copy of the incident report (RCW 9.35.050).

In cases where the reporting party does not reside or work within this jurisdiction and there is no known or suspected criminal activity occurring within this jurisdiction the reporting party may be referred to the appropriate law enforcement agency having jurisdiction. If it is not reasonably practical for the reporting party to file a timely report with his/her home jurisdiction the receiving employee should take a courtesy incident report to be forwarded to the agency having jurisdiction.

Reports should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).

The employee preparing the report should also cross-reference all other known reports made by the victim (e.g., US Secret Service, credit reporting bureaus, US Postal Service and DOL) with all known report numbers.

Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

Limited English Proficiency Services

328.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

328.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language) while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Bainbridge Island Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

328.2 POLICY

It is the policy of the Bainbridge Island Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

328.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Patrol Supervisor or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(a) Coordinating and implementing all aspects of the Bainbridge Island Police Department's LEP services to LEP individuals.

(b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.

(c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Shift Sergeant and Director. The list should include information regarding the following:

1. Languages spoken
2. Contact information
3. Availability

(d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.

(e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.

(f) Assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.

(g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.

(h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.

(i) Receiving and responding to complaints regarding department LEP services.

(j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

328.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

328.5 TYPES OF LEP ASSISTANCE AVAILABLE

Bainbridge Island Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

328.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

328.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

328.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

328.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and in the target language.

(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.

(c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(d) Knowledge of the ethical issues involved when acting as a language conduit.

328.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.

328.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

328.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

328.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Bainbridge Island Police Department will take reasonable steps and will work with the Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

328.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning

Published with permission by Bainbridge Island Police Department

or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

328.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

328.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

328.15 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

328.16 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

328.17 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Deputy Chief shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Deputy Chief shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

328.17.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Deputy Chief shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

329.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

329.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters. Qualified interpreters should be certified pursuant to RCW 2.42.110.

329.2 POLICY

It is the policy of the Bainbridge Island Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

329.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Patrol Supervisor or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

(a) Working with the City ADA coordinator regarding the Bainbridge Island Police Department's efforts to ensure equal access to services, programs and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.

(d) Ensuring that a list of qualified interpreter services is maintained and available to each Shift Sergeant and Director. The list should include information regarding the following:

1. Contact information
2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

329.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

329.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.

(b) The nature, length and complexity of the communication involved.

(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Bainbridge Island Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

329.6 TYPES OF ASSISTANCE AVAILABLE

Bainbridge Island Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

329.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

329.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time but in no event longer than one hour if requested.

(b) Experienced in providing interpretation services related to law enforcement matters.

(c) Familiar with the use of VRS and/or video remote interpreting services.

(d) Certified in either American Sign Language (ASL) or Signed English (SE).

(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

329.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

329.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

329.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

329.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

329.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

329.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.

(b) Exchange of written notes or communications.

(c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.

(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.

(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

329.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

329.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

329.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

329.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

329.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(a) Awareness and understanding of this policy and related procedures, related forms and available resources.

(b) Procedures for accessing qualified interpreters and other available resources.

(c) Working with in-person and telephone interpreters and related equipment.

The Deputy Chief shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Deputy Chief shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

Child and Dependent Adult Safety

330.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

330.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Bainbridge Island Police Department will endeavor to create a strong cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

330.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

(a) Inquire about and confirm the location of any children or dependent adults.

(b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

(c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

330.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered, children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.

    1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.

(b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.

    1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(d) Notify the Department of Social and Health Services, if appropriate.

(e) Notify the field supervisor or Shift Sergeant of the disposition of children and dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

Officers shall promptly notify Child Protective Services (CPS) whenever a child under 13 years of age is present in a vehicle and his/her parent, guardian or legal custodian is arrested for a drug or alcohol driving offense in accordance with the department Child Abuse Policy (RCW 26.44.250).

Service Animals

331.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Bainbridge Island Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices, and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

331.2 SERVICE ANIMALS

The ADA defines a service animal as any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

331.2.1 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

Examples of how service animals may be used to provide assistance include:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors, or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities, or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

331.3 EMPLOYEE RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Bainbridge Island Police Department affords to all members of the public.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, an officer may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability.

If it is apparent or if the officer is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the officer should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Volunteer Program

332.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

332.1.1 DEFINITION OF VOLUNTEER

An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve officers, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

Off-Duty Law Enforcement Actions

333.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Bainbridge Island Police Department with respect to taking law enforcement action while off-duty.

333.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that the officer reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

333.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations, state law, and department policy. All department authorized firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying department authorized firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication or any combination thereof that would tend to adversely affect the officer's senses or judgment.

333.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(b) The inability to communicate with responding units.

(c) The lack of equipment, such as handcuffs, OC or baton.

(d) The lack of cover.

(e) The potential for increased risk to bystanders if the off-duty officer were to intervene.

(f) Unfamiliarity with the surroundings.

(g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

333.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Bainbridge Island Police Department officer until acknowledged. Official identification should also be displayed.

333.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

333.4.3 CIVILIAN RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

333.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

333.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Shift Sergeant as soon as practicable. The Shift Sergeant shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

CJI Physical Protection Policy

334.1 PURPOSE

The purpose of this policy is to provide guidance for department personnel, support personnel, and private contractors/vendors for the physical, logical, and electronic protection of Criminal Justice Information (CJI).

334.2 PHYSICALLY SECURE LOCATION

A physically secure location is a facility or an area, a room, or a group of rooms within a facility with both the physical and personnel security controls sufficient to protect the CJI and associated information systems. The perimeter of the physically secure location shall be prominently posted and separated from non-secure locations by physical controls. Security perimeters shall be defined, controlled, and secured. Restricted non-public areas in Bainbridge Island Police Department (BIPD) shall be identified with a sign at the entrance.

334.3 VISITOR ACCESS

A visitor is defined as a person who visits the BIPD facility on a temporary basis who is not employed by the Department and has no unescorted access to the physically secure location within the Department where CJI and associated information systems are located.

Visitors shall:

1. Be accompanied by a BIPD escort at all times to include delivery or service personnel. An escort is defined as an authorized personnel who accompanies a visitor at all times while within a physically secure location to ensure the protection and integrity of the physically secure location and any CJI therein. The use of cameras or other electronic means used to monitor a physically secure location does not constitute an escort.

2. Show BIPD personnel a valid form of photo identification, sign the visitor log-in sheet, and be issued a visitor pass.

3. Follow BIPD policy for authorized unescorted access.

a. Noncriminal Justice Agency (NCJA) like city or county IT who require frequent unescorted access to restricted area(s) will be required to establish a Management Control Agreement between the BIPD and NCJA. Each NCJA employee with CJI access will appropriately have state and national fingerprint-based record background check prior to this restricted area access being granted.

b. Private contractors/vendors who have frequent unescorted access to restricted area(s) will be required to establish a Security Addendum between the BIPD and each private contractor personnel. Each private contractor personnel will appropriately have state and national fingerprint-based record background check prior to this restricted area access being granted.

4. Not be allowed to view screen information mitigating shoulder surfing.

5. Individuals not having any legitimate business in a restricted area shall be courteously escorted to a public area of the facility. Strangers in physically secure areas without an escort should be challenged. If resistance or behavior of a threatening or suspicious nature is encountered, sworn personnel shall be notified or call 911.

6. Not be allowed to sponsor another visitor.

7. Not enter into a secure area with electronic devices unless approved by the BIPD Information Technology point of contact to include cameras and mobile devices. Photographs are not allowed without permission of the BIPD assigned personnel.

8. All requests by groups for tours of the BIPD facility will be referred to the proper agency point of contact for scheduling. In most cases, these groups will be handled by a single form, to be signed by a designated group leader or representative. Remaining visitor rules apply for each visitor within the group. The group leader will provide a list of names to front desk personnel for instances of emergency evacuation and accountability of each visitor while on agency premises.

334.4 AUTHORIZED PHYSICAL ACCESS

Only authorized personnel will have access to physically secure non-public locations. BIPD will maintain and keep current a list of authorized personnel. All physical access points into the agency's secure areas will be authorized before granting access. The agency will implement access controls and monitoring of physically secure areas for protecting all transmission and display mediums of CJI. Authorized personnel will take necessary steps to prevent and protect the agency from physical, logical and electronic breaches.

All personnel that are not escorted with CJI physical and logical access must:

1. Meet the minimum personnel screening requirements prior to CJI access.

a. To verify identification, a state of residency and national fingerprint-based record checks shall be conducted within 30 days of assignment for all personnel who have direct access to CJI and those who have direct responsibility to configure and maintain computer systems and networks with direct access to CJI.

b. Support personnel, private contractors/vendors, and custodial workers with access to physically secure locations or controlled areas (during CJI processing) shall be subject to a state and national fingerprint-based record check unless these individuals are escorted by authorized personnel at all times.

c. Refer to the CJIS Security Policy for handling cases of felony convictions, criminal records, arrest histories, etc.

2. Complete Security Awareness Training.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

a. All authorized BIPD Noncriminal Justice Agencies (NCJA) like city or county IT and private contractor/vendor personnel will receive “Security Awareness Training” within six months of being granted duties that require CJI access and every two years thereafter.

3. Be aware of who is in their secure area before accessing confidential data.

a. Take appropriate action to protect all confidential data.

b. Protect all terminal monitors with viewable CJI displayed on monitor and not allow viewing by the public or escorted visitors.

4. Properly protect and not share any individually issued keys, proximity cards, computer account passwords, etc.

a. Report loss of issued keys, proximity cards, etc. to authorized agency personnel.

b. If the loss occurs after normal business hours, or on weekends or holidays, personnel are to call the BIPD POC to have authorized credentials like a proximity card de-activated and/or door locks possibly rekeyed.

c. Safeguard and not share passwords, Personal Identification Numbers (PIN), Security Tokens (i.e. Smartcard), and all other facility and computer systems security access procedures.

5. Properly protect from viruses, worms, Trojan horses, and other malicious code.

6. Web usage—allowed versus prohibited; monitoring of user activity. (allowed versus prohibited is at the agency’s discretion)

7. Use of electronic media is allowed only by authorized BIPD personnel. Controls shall be in place to protect electronic media and printouts containing CJI while in transport. When CJI is physically moved from a secure location to a non-secure location, appropriate controls will prevent data compromise and/or unauthorized access.

8. Encrypt emails when electronic mail is allowed to transmit CJI-related data as such in the case of Information Exchange Agreements.

a. If CJI is transmitted by email, the email must be encrypted and email recipient must be authorized to receive and view CJI.

9. Report any physical security incidents to the department’s IT POC to include facility access violations, loss of CJI, loss of laptops, Blackberries, thumb drives, CDs/DVDs and printouts containing CJI.

10. Properly release hard copy printouts of CJI only to authorized vetted and authorized personnel in a secure envelope and shred or burn hard copy printouts when no longer needed. Information should be shared on a “need to know” basis.

11. Ensure data centers with CJI are physically and logically secure.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

12. Keep appropriate BIPD security personnel informed when CJI access is no longer needed. In the event of ended employment, the individual must surrender all property and access managed by the local agency, state and/or federal agencies.

Ensure the perimeter security door securely locks after entry or departure. Do not leave any perimeter door propped opened and take measures to prevent piggybacking entries.

334.5 POLICY VIOLATIONS

Violation of any of the requirements in this policy by any authorized personnel may result in suitable disciplinary action, up to and including loss of access privileges, civil and criminal prosecution and/or termination.

This policy establishes accountability for the conduct of preliminary and follow-up criminal investigations by agency personnel and establishes procedures for accomplishment of these tasks.

336.2 POLICY

Officers are responsible for identifying and apprehending offenders, recovering property, gathering, documenting, and evaluating facts regarding criminal activity, and assisting in the prosecution of those charged with criminal offenses.

All criminal investigations will be conducted in such a manner as to assure that the constitutional rights of the accused will be maintained.

336.3 PRELIMINARY INVESTIGATIONS

(a) The preliminary investigation of all crimes and incidents reported to the department will generally be conducted by the patrol officers assigned to the call.

(b) Patrol officers are expected to investigate reported criminal activity, exhausting all reasonable efforts within their abilities and consistent with available resources.

(c) The responsibility for the preliminary investigation shall be assigned to the patrol officer that was assigned the call unless a supervisor removes and/or reassigns the investigative responsibility.

(d) In the case of serious, unusual, or complex crimes, the decision to call in a detective on a preliminary investigation will be made by patrol and investigations supervisors on a case-by-case basis.

Canines

337.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community including, but not limited to, locating individuals and contraband and apprehending criminal offenders.

337.2 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Patrol to function primarily in assist or cover assignments. However, they may be assigned by the Shift Sergeant to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Shift Sergeant.

337.3 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Patrol section or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

(a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.

(b) Maintaining a liaison with the vendor kennel.

(c) Maintaining a liaison with command staff and functional supervisors.

(d) Maintaining a liaison with other agency canine coordinators.

(e) Maintaining accurate records to document canine activities.

(f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.

(g) Scheduling all canine-related activities.

(h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

337.4 REQUESTS FOR CANINE TEAMS

Patrol Section members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Patrol Section shall be reviewed by the Shift Sergeant.

337.4.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Shift Sergeant and are subject to the following:

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(a) Canine teams shall not be used for any assignment that is not consistent with this policy.

(b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.

(c) Calling out off-duty canine teams is discouraged.

(d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.

(e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

337.4.2 PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

337.5 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

(a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officers, or the handler.

(b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.

(c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Sergeant. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

337.5.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

(a) The nature and seriousness of the suspected offense.

(b) Whether violence or weapons were used or are anticipated.

(c) The degree of resistance or threatened resistance, if any, the suspect has shown.

(d) The suspect's known or perceived age.

(e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.

(f) Any potential danger to the public and/or other officers at the scene if the canine is released.

(g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

337.5.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the

handler shall document in any related report how the warning was given and, if none was given, the reasons why.

337.5.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

337.6 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

(a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.

(b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

(c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.

(d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

337.6.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

337.7 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

(a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.

(b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.

(c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.

(d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Bainbridge Island Police Department facility.

(e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.

(f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.

(g) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.

(h) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.

(i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Shift Sergeant.

(j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Shift Sergeant.

(k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

337.7.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

(a) A canine shall not be left unattended in any area to which the public may have access.

Published with permission by Bainbridge Island Police Department

(b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

337.8 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Shift Sergeant as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

If the order is issued against a minor under the age of 18, officers shall also make reasonable efforts to serve a copy of the order on the parent or guardian of the minor at the address where the minor resides, or the Department of Children, Youth, and Families in the case where the minor is the subject of a dependency or court approved out-of-home placement. A minor shall not be served at the minor's school unless no other address for service is known. If the petitioner is unable to provide a service address or there is evidence that the person is evading service, the officer shall use law enforcement databases to assist in locating the person. If service is not successful, all service attempts shall be documented on the proper form and submitted to the Administrative Supervisor for filing with the court (RCW 7.105.155).

(e) Evacuate the location safely as required or appropriate.

(f) Secure the inner perimeter.

(g) Protect items of apparent evidentiary value.

(h) Secure an outer perimeter.

(i) Identify potential witnesses.

(j) Start a chronological log noting critical times and personnel allowed access.

404.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

404.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

404.6 DETECTIVES SUPERVISOR RESPONSIBILITIES

The Detectives Supervisor is responsible for ensuring procedures are established that are consistent with the Washington State Patrol Crime Laboratory Division Crime Scene Procedures Manual, including, but not limited to:

(a) Ensuring reasonable access to qualified personnel, equipment and supplies for processing crime scenes.

(b) Establishing procedures for collecting, processing and preserving physical evidence in the field.

(c) Establishing procedures for photographing, video-recording and other imaging used to collect and preserve evidence.

(d) Establishing procedures for processing, developing, lifting and labeling fingerprints.

(e) Establishing procedures for the safe collection, storage, transportation and submission of biological and other evidence for DNA testing and evaluation.

404.7 EXECUTION OF HEALTH ORDERS

Sworn members of this department shall enforce all lawful orders of the local health officer, issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (RCW 70.05.070; WAC 246-100-040(2)).

405.3 OFFICER'S RESPONSIBILITY

The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

The Supervisor is responsible for maintaining and scheduling ride-alongs. Upon completion of the ride-along, the form shall be returned to the Supervisor with any comments which may be offered by the officer.

405.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit their participation. These instructions should include:

(a) The ride-along will follow the directions of the officer.

(b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects, or handling any police equipment.

(c) The ride-along may terminate the ride-along at any time and the officer may return the observer to their home or to the station if the ride-along interferes with the performance of the officer's duties.

Hazardous Material Response

406.1 PURPOSE AND SCOPE

Exposure to hazardous materials present potential harm to department members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on-scene, including the reporting of exposures and supervisor responsibilities.

406.1.1 DEFINITIONS

Definitions related to this policy include:

Hazardous material - A substance which, by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

406.2 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill, or fire. When members come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond to and mitigate most incidents involving hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training. A responder entering the area may require decontamination before he/she is allowed to leave the scene, and should be evaluated by appropriate technicians and emergency medical services personnel for signs of exposure.

406.3 REPORTING EXPOSURE

Department members who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member in an incident report that shall be forwarded via chain of command to the Shift Sergeant as soon as practicable. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the report.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report as applicable.

406.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that a member has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to mitigate the exposure or continued exposure.

Published with permission by Bainbridge Island Police Department

To ensure the safety of members, PPE is available from supervisors. PPE items not maintained by this department may be available through the appropriate fire department or emergency response team.

406.4 POLICY

It is the policy of the Bainbridge Island Police Department to respond to hazardous material emergencies with due regard for the safety of the public and those members responding to such incidents.

406.5 CONSIDERATIONS

The following steps should be considered at any scene involving suspected hazardous materials:

(a) Make the initial assessment of a potentially hazardous material from a safe distance.

(b) Notify CenCom, appropriate supervisors, the appropriate fire department and hazardous response units.

1. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.

(c) Wear personal protective equipment (PPE), being cognizant that some hazardous material can be inhaled.

(d) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.

(e) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars or spotting scopes) if they are available. Identification can be determined by:

1. Placards or use of an emergency response guidebook.
2. Driver’s manifest or statements or shipping documents from the person transporting the material.
3. Information obtained from any involved person with knowledge regarding the hazardous material. Information should include:

(a) The type of material.

(b) How to secure and contain the material.

(c) Any other information to protect the safety of those present, the community and the environment.

(f) Provide first-aid to injured parties if it can be done safely and without contamination.

(g) Make reasonable efforts to secure the scene and prevent access from unauthorized individuals and to protect and identify any evidence.

(h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered; mandatory evacuation may be necessary and will depend on the type of material.

(i) Establish a decontamination area when needed.

(j) Activate automated community notification systems, if applicable.

Hostage and Barricade Incidents

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

407.2 POLICY

It is the policy of the Bainbridge Island Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

407.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

407.3.1 EMERGENCY COMMUNICATIONS

A supervisor may order the telephone company to cut, reroute or divert telephone lines in order to prevent a suspect from communicating with anyone other than designated personnel in a barricade or hostage situation (RCW 70.85.100).

Response to Bomb Calls

408.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Bainbridge Island Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

408.2 POLICY

It is the policy of the Bainbridge Island Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

408.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement, and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Shift Sergeant is immediately advised and informed of the details. This will enable the Shift Sergeant to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

408.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

408.4.1 BAINBRIDGE ISLAND POLICE DEPARTMENT FACILITY

If the bomb threat is against the Bainbridge Island Police Department facility, the Shift Sergeant will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

408.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Bainbridge Island Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Shift Sergeant deems appropriate.

Published with permission by Bainbridge Island Police Department

408.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

408.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the City of Bainbridge Island Police Department, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

(a) The location of the facility.

(b) The nature of the threat.

(c) Whether the type and detonation time of the device is known.

(d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.

(e) Whether the individual is requesting police assistance at the facility.

(f) Whether there are any internal facility procedures regarding bomb threats in place, such as:

1. No evacuation of personnel and no search for a device.
2. Search for a device without evacuation of personnel.
3. Evacuation of personnel without a search for a device.
4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Sergeant is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

408.5.1 ASSISTANCE

The Shift Sergeant should be notified when police assistance is requested. The Shift Sergeant will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Shift Sergeant determine that the Department will assist or control such an incident, he/she will determine:

(a) The appropriate level of assistance.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(b) The plan for assistance.

(c) Whether to evacuate and/or search the facility.

(d) Whether to involve facility staff in the search or evacuation of the building.

1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
2. The safety of all participants is the paramount concern.

(e) The need for additional resources, including:

1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

408.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.

(b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.

(c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:

1. Two-way radios
2. Cell phones
3. Other personal communication devices

(d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.

(e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.

(f) A safe access route should be provided for support personnel and equipment.

(g) Search the area for secondary devices as appropriate and based upon available resources.

(h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.

(i) Promptly relay available information to the Shift Sergeant including:

1. The time of discovery.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

408.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

408.7.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

(a) Assess the scope of the incident, including the number of victims and extent of injuries.

(b) Request additional personnel and resources, as appropriate.

(c) Assist with first aid.

(d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.

(e) Assist with the safe evacuation of victims, if possible.

(f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.

(g) Preserve evidence.

(h) Establish an outer perimeter and evacuate if necessary.

(i) Identify witnesses.

Emergency Detentions

409.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place an individual under an emergency detention.

409.2 POLICY

It is the policy of the Bainbridge Island Police Department to protect the public and individuals through legal and appropriate use of the emergency detention process.

409.3 AUTHORITY

An officer may take a person into emergency detention when either (RCW 71.05.150; RCW 71.05.153; RCW 71.05.201; RCW 71.34.710; RCW 71.34.351):

(a) There is reasonable cause to believe that a person is suffering from a behavioral health disorder (e.g., mental disorder, substance abuse disorder) and presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled

(b) The officer has received an order authorizing emergency detention from a court or a designated crisis responder

Persons taken into emergency detention should be transported to an appropriate facility as soon as practicable.

409.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for emergency detention, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should:

(a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person.

(b) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

If at any point the individual changes his/her mind regarding voluntary evaluation, officers should proceed with the emergency detention process, if appropriate.

409.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for emergency detention should consider, as time and circumstances reasonably permit:

(a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions.

(b) Community or neighborhood mediation services.

(c) Conflict resolution and de-escalation techniques.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(d) Community or other resources available to assist in dealing with behavioral health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Emergency detentions should be preferred over arrest for individuals with behavioral health disorders who are suspected of committing minor crimes or creating other public safety issues.

409.5 TRANSPORTATION

When taking any individual into emergency detention, the transporting officer should have CenCom notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual, and whether any special medical care is needed.

Officers may transport individuals in a patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Shift Sergeant approval is required before transport commences.

409.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking voluntary treatment, the officer should provide the staff member with the written application for an emergency detention and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

409.7 DOCUMENTATION

The officer should complete an application for emergency detention, provide it to the facility staff member assigned to the individual, and retain a copy of the application for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

409.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken into emergency detention should resolve the criminal matter by issuing a warning or a citation, as appropriate.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

When an individual who may qualify for emergency detention has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

(a) Arrest the individual when there is probable cause to do so.

(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the emergency detention.

(c) Facilitate the individual's transfer to the jail facility.

(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for emergency detention.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard), and other relevant factors in making this decision.

409.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into emergency custody, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officers should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

409.10 TRAINING

This department will endeavor to provide department-approved training on interaction with persons with behavioral health disorders, emergency detentions and crisis intervention.

Citation Releases

410.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Bainbridge Island Police Department with guidance on when to release adults who are suspected offenders on a citation and notice to appear in court for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

410.2 POLICY

The Bainbridge Island Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation and notice to appear in court, when authorized to do so.

410.3 RELEASE

A suspected offender may be released on issuance of a citation and notice to appear in court by an officer whenever a person is arrested or could have been arrested pursuant to statute for a violation of law which is punishable as a misdemeanor or gross misdemeanor (Criminal Rules, CrRLJ 2.1(b)(1)).

410.3.1 CHARGE BY REPORT

In certain cases, it may be impractical to release a person detained for misdemeanor offenses in the field with a citation, or transport them to the jail. The person may instead be charged by report through the Prosecutor's Office. The officer should complete a report of the incident and forward it to the Prosecutor's Office with the recommendation of charging the suspect with the offense. The officer may inform the individual that they may be charged by report through the Prosecutor's Office.

410.4 PROHIBITIONS

The release of a suspected offender on a citation and notice to appear is not permitted when:

(a) A person has been arrested pursuant to RCW 10.31.100(2) (restraining orders).

(b) An officer has probable cause to believe that the person arrested has violated RCW 46.61.502 (DUI) or RCW 46.61.504 (physical control of a vehicle while DUI) or equivalent local ordinance and the officer has knowledge that the person has a prior offense as defined in RCW 46.61.5055 (alcohol and drug violators) within the last 10 years, or that the person is charged with or is awaiting arraignment for an offense that would qualify as a prior offense under RCW 46.61.5055 if it were a conviction (RCW 10.31.100; Criminal Rules, CrRLJ 3.2(o)(3)).

See the Domestic Violence Policy for release restrictions related to those investigations.

410.5 CONSIDERATIONS

In determining whether to cite and release a person, officers shall consider whether (Criminal Rules, CrRLJ 2.1(b)(2)):

(a) The suspected offender has identified him/herself satisfactorily.

(b) Detention appears reasonably necessary to prevent imminent bodily harm to the suspected offender or another, property damage or breach of the peace.

(c) The suspected offender has ties to the community reasonably sufficient to assure his/her appearance or whether there is substantial likelihood that he/she will refuse to respond to the citation and notice.

(d) The suspected offender previously has failed to appear in response to a citation and notice issued pursuant to the court rule or to other lawful process.

Foreign Diplomatic and Consular Representatives

411.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Bainbridge Island Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

411.2 POLICY

The Bainbridge Island Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

411.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

(a) Notify a supervisor.

(b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.

(c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.

(d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.

(e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. 413.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity, or national origin in any way that would violate the United States or Washington constitutions.

413.3.1 BASIS FOR CONDUCT

If an individual would have otherwise been released for an infraction or misdemeanor on a citation, the person should be given a reasonable opportunity to verify his/her true identity. If the person's identity is thereafter reasonably established, the original citation release should be completed without consideration of immigration status.

413.3.5 ARREST

Contacts and Temporary Detentions

416.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

416.1.1 DEFINITIONS

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person’s freedom of movement.

416.2 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer’s suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Bainbridge Island Police Department to strengthen community involvement, community awareness, and problem identification.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

416.2.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

(a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.

(b) Actions suggesting that he/she is engaged in a criminal activity.

(c) Presence in an area at an inappropriate hour of the day or night.

(d) Presence in a particular area is suspicious.

(e) Carrying of suspicious objects or items.

(f) Excessive clothes for the climate or clothes bulging in a manner that suggests he/she is carrying a dangerous weapon.

(g) Location in proximate time and place to an alleged crime.

(h) Physical description or clothing worn that matches a suspect in a recent crime.

(i) Prior criminal record or involvement in criminal activity as known by the officer.

416.3 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer’s training and experience, an officer may pat a suspect’s outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to the following:

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.

(b) Where more than one suspect must be handled by a single officer.

(c) The hour of the day and the location or neighborhood where the stop takes place.

(d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.

(e) The actions and demeanor of the suspect.

(f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, pat-down searches should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

416.4 POLICY

The Bainbridge Island Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field

photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

416.5 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

(a) Identifying all persons present at the scene and in the immediate area.

1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, [officers/deputies] should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MCT when the vehicle is not in motion.

418.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Shift Sergeant are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

418.6 EQUIPMENT CONSIDERATIONS

418.6.1 MALFUNCTIONING MCT

Whenever possible, members will not use vehicles with malfunctioning MCTs. Whenever members must drive a vehicle in which the MCT is not working, they shall notify CenCom. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

418.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MCTs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MCT could cause some devices to detonate.

Portable Audio/Video Recorders

419.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment. These recording systems may be commonly referred to as Mobile Audio Video (MAV) recording systems.

This policy does not apply to authorized undercover operations.

419.2 POLICY

The Bainbridge Island Police Department shall provide members with access to portable recorders, either audio or video or both, in-car video cameras with the capability of, at a minimum, both front and rear facing, and equipment that automatically activates the MAVs, both portable and in-car, when certain events occur (holster sensor activation, emergency light activation, other officer activation) for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

419.3 DEFINITIONS

Advisement – Statement made by an officer that a communication, conversation or interaction with a citizen is being recorded.

Activation – The process that turns on the MAV and causes it to record or to store audio and video data.

Body Camera – Camera system that captures audio and video signals, capable of being worn on an officer's person that includes at minimum a camera, microphone, and
recorder.

Mobile Audio Video (MAV) - Portable audio/video recording devices including all recording systems whether body-worn, hand held or integrated into portable equipment.

In-Car Camera – Camera system that captures audio and video signals, installed or attached to an officer's patrol vehicle.

419.4 COORDINATOR

The Chief of Police or the authorized designee should appoint a coordinator responsible for overseeing compliance with this policy and for :

(a) Establishing procedures for the security, storage and maintenance of data and recordings.

(b) Establishing procedures for transferring, downloading, tagging or marking events.

(c) Establishing procedures for accessing data and recordings.

(d) Establishing procedures for logging or auditing access.

419.5 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity of the department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

419.6 MEMBER RESPONSIBILITIES

Prior to going into the field, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable.

Unless conducting a lawful recording in an authorized undercover capacity, members shall notify those people in direct contact with the member that they are being recorded as soon as practical, and the notification should, when practical, be on the recording.

Members will document the existence of a MAV recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members will include the reason for deactivation unless the reason for the deactivation is dictated by the member at the time the
recording was made.

419.7 ACTIVATION OF MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident. In some circumstances it is not possible to capture images of the event due to conditions or the location of the camera. However, the audio portion can be valuable evidence and should be activated if safe to do so.

The MAV system will be activated in any of the following situations:

(a) All field contacts involving actual or potential criminal conduct within video or audio range

(b) Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)

(c) Priority responses

(d) Vehicle pursuits

(e) Suspicious vehicles and suspicious persons

(f) Arrests

(g) Vehicle searches

(h) Physical or verbal confrontations or use of force

(i) DWI/DUI investigations including field sobriety tests

(j) Crimes in progress

(k) Responding to an in-progress call

Self-initiated activity in which the officer believes that there may be evidentiary value in activating the MAV system

Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:

(a) Domestic violence calls

(b) Disorderly conduct calls

(c) Offenses involving violence or weapons

Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise be recorded

Any other circumstance where the officer believes that a recording of an event would be appropriate

Members will activate the portable recorder to record the above events, even if the event is out of view of the camera. If circumstances prevent recording at the beginning
of an event, the member will begin recording as soon as practical.

Employees will notify persons placed under arrest, while being recorded, they are being recorded and verbally give Miranda warnings on the recording.

Employees shall make a reasonable effort to ensure that non-English speakers, those with limited English proficiency, deaf persons, or persons hard of hearing understand that they are being recorded.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Members will ask for consent to record in residences or other private areas not open to the public unless there is a crime in progress or other circumstances exist that would allow the member to be lawfully present without a warrant. The consent to be being recorded should be recorded on the MAV, when practicable.

Members will not record inside of a healthcare facility unless investigating a crime or present with a search warrant. MAV may be activated in exigent circumstances inside of a healthcare facility.

Safety is paramount, including officers, citizens and suspects. At no time is a member expected to jeopardize his/her safety, or the safety of others in order to activate a portable recorder or change the recording media. The MAV should be activated in situations described above as soon as reasonably practicable without jeopardizing safety.

419.7.1 SURREPTITIOUS USE OF THE AUDIO/VIDEO RECORDER

Washington law prohibits any individual from surreptitiously recording any private conversation, except as provided in RCW 9.73.040, RCW 9.73.090 and RCW 9.73.210.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

419.7.2 CESSATION OF RECORDING

Once activated, the MAV shall remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

419.7.3 DECISION TO NOT RECORD

The decision to not record law enforcement activity shall be made by the officer wearing the camera and shall be justified by facts and circumstances. Facts supporting such a decision may include the following:

(a) When unsafe or impractical – Law enforcement activity requiring a response that prevents an officer from activating the MAV. Officers are advised to put safety ahead of the requirement to record the encounter.

(b) Sensitive communications – Law enforcement activity involving matters of law enforcement intelligence or where recording the encounter could hinder a criminal investigation. Members have discretion to not record conversations with crime victims, witnesses, and members of the community who wish to report or discuss criminal activity in confidentiality.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(c) When a citizen objects to being recorded – Members are required to record incidents as described in this Policy. The objection of a citizen is not a sufficient basis to stop recording. However, a member may exercise discretion not to record if it reasonably appears to the member that the dignity and privacy of individuals being recorded outweighs any legitimate law enforcement interest in recording.

Officer shall document, by written report, CAD notes, or on the MAV recording itself, any decision to not activate, or to turn off the MAV prior to the conclusion of incident, and their reasons for doing so.

419.7.4 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

419.8 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with a department-issued or personally owned recorder.

Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the chief of police. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

419.9 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, the City shall provide services/ programs to download, categorize, and label videos in conjunction with the
current Computer Aided Dispatch system used by the Department. Members will download MAV recordings in accordance with Department procedure and document the
existence of the recording in any related case report. If a download is not completed before the end of a member's shift, the member should notify a supervisor and complete the download when practical on the first on-duty opportunity.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.

A member should transfer, tag or mark recordings when the member reasonably believes the MAV was made outside of a CAD call and:

(a) The recording contains evidence relevant to potential criminal, civil or administrative matters.

(b) A complainant, victim or witness has requested non-disclosure.

(c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.

(d) Disclosure may be an unreasonable violation of someone's privacy.

(e) Medical or mental health information is contained.

(f) Disclosure may compromise an undercover officer or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

419.10 RETENTION OF RECORDINGS

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period of less than 60 days. Data will be collected and stored in a secure manner.

419.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with applicable law and Department policy.

419.11 REVIEW OF RECORDED MEDIA FILES

MAV will not be used as the sole means to supervise officer behavior while on duty. MAV recordings will not be used to monitor officer performance, conduct, or policy compliance except as permitted by this policy.

Members shall not access recorded data for personal use, or to retain personal copies of recordings. Members must submit a formal public records request in order to obtain and retain a personal copy of a MAV.

Recordings may be reviewed in any of the following situations:

(a) By the members for use when preparing reports or statements. Members should review the MAV recordings as a resource, and are not required to watch MAV recordings prior to preparing a report or a statement. Members should not use the fact that a MAV recording was made as a reason to write a less detailed report.

(b) By a supervisor and/or investigator who is investigating a report of meritorious conduct, a specific act of officer conduct that has been logged and assigned a complaint identification number, an administrative inquiry, or a criminal investigation.

For noncriminal investigations, prior to the review, if legally permissible, the involved officer and the Bainbridge Island Police Guild (Guild) will be provided notice of the review, and the involved officer and their Guild representative will be given the opportunity to be present during the review of the MAV.

(c) To assess proper functioning of MAV systems.

(d) When authorized by the Chief of Police, including but not limited to, review of collisions and vehicle pursuits.

(e) By an officer who is captured on or referenced in the MAV recording and needs such data for any purpose relating to his/her employment with permission of the Chief of Police or authorized designee.

(f) By court personnel through proper process or with permission of the Chief of Police or authorized designee.

(g) By the media personnel through proper process or with permission of the Chief of Police or authorized designee.

(h) To assess possible training value. Recordings may be shown for training purposes unless an involved officer objects to showing a recording.

(i) For purposes of records management and responding to public records requests.

All recordings should be reviewed by the Public Records Officer or designee prior to public release. Officers shall not perform video redaction duties.

419.12 TRAINING

Before a member deploys a portable recorder, the member will complete Department training on the proper use of the equipment and procedures for uploading recordings. This training will include proper camera operation and placement, Department policy on camera usage and applicable state law, and recording advisements. Supervisors will ensure that those members issued a portable recorder receive this initial training upon issue. Training will be reviewed or renewed at least annually.

Bicycle Patrol Unit

420.1 PURPOSE AND SCOPE

The Bainbridge Island Police Department has established the Bicycle Patrol Unit (BPU) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

420.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the Shift Sergeant.

420.3 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with applicable codes under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and/or tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

It shall be the policy of this department that all other bicycle operation shall be in compliance with the rules of the road except when responding to an emergency call or when in the pursuit of an actual or suspected violator. An emergency response or pursuit shall be conducted only with emergency lights and siren and under the conditions required by RCW 46.61.035 and with due regard and caution for the safety of all persons using the highway as required by RCW 46.61.035(4).

Foot Pursuit Policy

421.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

421.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

421.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual’s involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

(a) Containment of the area.

(b) Saturation of the area with law enforcement personnel, including assistance from other agencies.

(c) A canine search.

(d) Thermal imaging or other sensing technology.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(e) Air support.

(f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

421.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

(a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.

(b) The officer is acting alone.

(c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.

(d) The officer is unsure of his/her location and direction of travel.

(e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.

(f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.

(g) The officer loses radio contact with the dispatcher or with assisting or backup officers.

(h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.

(i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.

(j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.

(k) The officer loses possession of his/her firearm or other essential equipment.

(l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

(m) The suspect’s location is no longer known.

(n) The identity of the suspect is established or other information exists that will allow for the suspect’s apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(o) The officer's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

421.5 RESPONSIBILITIES IN FOOT PURSUITS

421.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

(a) Location and direction of travel

(b) Call sign identifier

(c) Reason for the foot pursuit, such as the crime classification

(d) Number of suspects and description, to include name if known

(e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

421.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

421.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible;

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

the supervisor does not, however, need to be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

421.6 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at a minimum:

(a) Date and time of the foot pursuit.

(b) Initial reason and circumstances surrounding the foot pursuit.

(c) Course and approximate distance of the foot pursuit.

(d) Alleged offenses.

(e) Involved vehicles and officers.

(f) Whether a suspect was apprehended as well as the means and methods used.

1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.

(g) Arrestee information, if applicable.

(h) Any injuries and/or medical treatment.

(i) Any property or equipment damage.

(j) Name of the supervisor at the scene or who handled the incident.

(k) A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Homeless Persons

422.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Bainbridge Island Police Department recognizes that members of the homeless community are often in need of special protection and services. The Bainbridge Island Police Department will address these needs in balance with the overall missions of this department. Therefore, officers will consider the following policy sections when serving the homeless community (see the Emergency Detentions Policy).

422.1.1 POLICY

It is the policy of the Bainbridge Island Police Department to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

422.2 HOMELESS COMMUNITY LIAISON

The Chief of Police will designate a member of this department to act as the Homeless Liaison Officer. The responsibilities of the Homeless Liaison Officer include the following:

(a) Maintain and make available to all department employees a list of assistance programs and other resources that are available to the homeless.

(b) Meet with Social Services and representatives of other organizations that render assistance to the homeless.

(c) Maintain a list of those areas within and near this jurisdiction that are used as frequent homeless encampments.

(d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include the following:

1. Proper posting of notices of trespass and clean-up operations.
2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with Policy § 804 and other established procedures.

(e) Be present during any clean-up operation conducted by this department involving the removal of personal property of the homeless to ensure the rights of the homeless are not violated.

(f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

422.3 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

422.3.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

(a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.

(b) Document places the homeless person may frequent.

(c) Provide homeless victims with victim/witness resources when appropriate.

(d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.

(e) Consider whether the person may be a vulnerable adult and if so, proceed in accordance with the Adult Abuse Policy.

(f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.

(g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

(h) Document any facts indicating that the offense was intentionally committed because the victim was homeless or perceived to be homeless (RCW 9.94A.535).

422.4 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

When a homeless person is arrested, or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the department Homeless Liaison Officer. When practicable, requests by the public for clean-up operations of a homeless encampment should be referred to the Homeless Liaison Officer.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the department Homeless Liaison Officer if such property appears to involve a trespass, blight to the community or is the subject of a complaint. It will be the responsibility of the Homeless Liaison Officer to address the matter in a timely fashion.

422.5 MENTAL ILLNESSES AND MENTAL IMPAIRMENTS

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention.

When a mental illness detention is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

422.6 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Public Recording of Law Enforcement Activity

423.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

423.2 POLICY

The Bainbridge Island Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

423.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:

1. Tampering with a witness or suspect.
2. Inciting others to violate the law.
3. Being so close to the activity as to present a clear safety hazard to the officers.
4. Being so close to the activity as to interfere with an officer’s effective communication with a suspect or witness.

(c) The individual may not present an undue safety risk to the officers, him/herself or others.

423.4 OFFICER/DEPUTY RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

423.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

(a) Request any additional assistance as needed to ensure a safe environment.

(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.

(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.

(d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.

(e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

423.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

(a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.

    1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.

(b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.

(c) The person consents.

    1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.

2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Crisis Intervention Incidents

424.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

424.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

424.2 POLICY

The Bainbridge Island Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

424.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

(a) A known history of mental illness

(b) Threats of or attempted suicide

(c) Loss of memory

(d) Incoherence, disorientation or slow response

(e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas

(f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt

(g) Social withdrawal

(h) Manic or impulsive behavior, extreme agitation, lack of control

(i) Lack of fear

(j) Anxiety, aggression, rigidity, inflexibility or paranoia

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

424.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Supervisor to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

424.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

(a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.

(b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.

(c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.

(d) Attempt to determine if weapons are present or available.

(e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.

(f) Secure the scene and clear the immediate area as necessary.

(g) Employ tactics to preserve the safety of all participants.

(h) Determine the nature of any crime.

(i) Request a supervisor, as warranted.

(j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.

(k) If circumstances reasonably permit, consider and employ alternatives to force.

424.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

424.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

(a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.

(b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.

(c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

424.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(a) Attempt to secure appropriate and sufficient resources.

(b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).

(c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.

(d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.

(e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Supervisor.

(f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

424.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

424.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Emergency Detentions Policy.

424.9.2 SUICIDE THREATS OR ATTEMPTS

Officers should consider a referral to mental health services when a person has threatened or attempted suicide and the person does not qualify for emergency detention or voluntarily consent to immediate evaluation at a behavioral health facility (RCW 71.05.457).

(a) Referrals should be made to the person by providing the name and phone number of the behavioral health agency and any available handouts.

(b) The officer may notify the behavioral health agency of the referral by phone or other method, in addition to preparing a written incident report.

Incident reports documenting a referral to a behavioral health agency should be sufficiently detailed regarding the nature of the incident and the person’s behavior, to facilitate the behavioral health agency’s prioritization and nature of their response. The officer should promptly provide a copy of the report to the referred behavioral health agency (RCW 71.05.457).

424.10 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS

Civilian members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

(a) Members should treat all individuals equally and with dignity and respect.

(b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.

(c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

424.11 EVALUATION

The Supervisor designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

424.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

Training shall include mandated training in crisis intervention, certified by the Criminal Justice Training Commission, as required by Washington law (RCW 43.101.427; WAC 139-09-020 et seq.).

Aircraft Accidents

425.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

425.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

425.2 POLICY

It is the policy of the Bainbridge Island Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

425.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

(a) Protect persons and property.

(b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.

(c) Preserve ground scars and marks made by the aircraft.

(d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.

(e) Maintain a record of persons who enter the accident site.

(f) Consider implementation of an Incident Command System (ICS).

425.4 MEDIA RELATIONS

The Chief of Police (Chief of Police) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The Chief of Police should coordinate with other involved entities before the release of information.

425.5 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

425.6 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

(a) Fire department

(b) Appropriate airport tower

(c) Emergency medical services (EMS)

425.7 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

(a) FAA.

(b) Fire department, EMS or other assisting law enforcement agencies.

(c) Coroner.

(d) Air Carrier/Operators investigative teams with NTSB approval.

(e) Appropriate branch of the military, when applicable.

(f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

Published with permission by Bainbridge Island Police Department

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

425.8 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

(a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.

(b) Pressure vessels, compressed gas bottles, accumulators and tires.

(c) Fluids, batteries, flares and igniters.

(d) Evacuation chutes, ballistic parachute systems and composite materials.

425.9 DOCUMENTATION

All aircraft accidents occurring within the City of Bainbridge Island Police Department shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of BIPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

425.9.1 WRECKAGE

When reasonably safe, members should:

(a) Obtain the aircraft registration number (N number) and note the type of aircraft.

(b) Attempt to ascertain the number of casualties.

(c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.

1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).

(d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.

(e) Acquire copies of any recordings from security cameras that may have captured the incident.

425.9.2 WITNESSES

Members tasked with contacting witnesses should obtain:

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(a) The location of the witness at the time of his/her observation relative to the accident site.

(b) A detailed description of what was observed or heard.

(c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.

(d) The names of all persons reporting the accident, even if not yet interviewed.

(e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

Medical Marijuana

425.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for handling and distinguishing between claims of medical marijuana use under Washington's Medical Use of Cannabis Act and criminal controlled substance violations (RCW 69.51A).

425.1.1 DEFINITIONS

Definitions related to this policy include (RCW 69.51A.010):

Designated provider - A person who is 18 years of age or older, who has been designated in writing by a patient to serve as a designated provider. An individual can act as a designated provider to no more than one patient at a time and is prohibited from consuming marijuana obtained for the use of the patient.

Medical use of marijuana - The production, possession, or administration of marijuana, as defined in RCW 69.50.101, for the exclusive benefit of a qualifying patient in the treatment of his/her terminal or debilitating medical condition.

Qualifying patient - Any person who meets all of the following criteria:

- Has been diagnosed by his/her health care professional as having a terminal or a debilitating medical condition.
- Is a resident of the state of Washington at the time of such diagnosis.
- Has been advised by his/her health care professional about the risks and benefits of the medical use of marijuana.
- Has been advised by the health care professional that he/she may benefit from the medical use of marijuana.

Valid documentation - Documentation that meets all of the following criteria:

- A statement signed and dated by a qualifying patient's health care professional, written on tamper-resistant paper, which states that in his/her professional opinion, the patient may benefit from the medical use of marijuana.
- Proof of identity, such as a Washington state driver's license or identi-card (RCW 46.20.035).

425.2 POLICY

It is the policy of the Bainbridge Island Police Department to prioritize resources to avoid making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Washington medical marijuana laws are intended to provide protection from prosecution for those who use, possess, deliver or produce marijuana to mitigate the symptoms of certain debilitating or

Published with permission by Bainbridge Island Police Department

terminal medical conditions. However, Washington medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana.

Officers should exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both the individuals protected under Washington law and the resources of the Department.

425.3 INVESTIGATION

Investigations involving the possession, delivery or production of marijuana generally fall into one of several categories:

(a) No medicinal claim is made.

(b) A medicinal claim is made by a qualifying patient or designated provider who is in possession of amounts within the limits (designated by RCW 69.51A.040).

(c) A medicinal claim is made by a qualifying patient or designated provider who is in possession of amounts exceeding the limits designated by RCW 69.51A.040 or who presented no valid documentation when initially contacted.

425.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery or production of marijuana where there is no claim that the marijuana is for medicinal purposes, the officer should proceed with reasonable enforcement action. A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana is possessed or produced for medicinal purposes.

425.3.2 MEDICAL CLAIMS BY QUALIFYING PATIENTS OR DESIGNATED PROVIDERS

A qualifying patient or designated provider with valid documentation should not be arrested if he/she possesses no more than 15 cannabis plants and (RCW 69.51A.040; RCW 69.51A.043):

(a) 24 ounces of usable cannabis, or

(b) No more cannabis product than what could reasonably be produced with no more than 24 ounces of usable cannabis, or

(c) A combination of usable cannabis and cannabis product that does not exceed a combined total representing possession and processing of no more than 24 ounces of usable cannabis.

If a person is both a qualifying patient and a designated provider for another, he/she may possess no more than double the amounts described above (RCW 69.51A.040(1)(b)).

Officers may take enforcement action against a designated caregiver even when the above thresholds are not exceeded if there is evidence that the provider has converted the marijuana for

Published with permission by Bainbridge Island Police Department

his/her personal use or benefit or has provided for more than one patient within a 15-day period (RCW 69.51A.040).

Officers may take enforcement action against a qualifying patient even when the above thresholds are not exceeded if there is evidence that the patient possesses or uses the marijuana for his/her personal, non-medical use or benefit (RCW 69.51A.040).

425.3.3 EXCESS AMOUNTS OR NO VALID DOCUMENTATION

A qualifying patient or designated provider may raise an affirmative defense to charges that the amount of marijuana in his/her possession exceeds the amount legally allowed by RCW 69.51A.040 or that he/she presented no valid documentation when initially contacted by law enforcement (RCW 69.51A.045; RCW 69.51A.047).

Officers should conduct a thorough investigation in such cases, but in general, should not arrest a subject for possession, delivery or production of marijuana if an excess amount appears reasonable based upon the above policy considerations. Similarly, if an officer can verify that valid documentation exists, even though it was not presented by a qualified patient or designated caregiver, an arrest generally should not be made.

All facts should be thoroughly documented and if evidence is not seized, it shall be photographed and detailed in the report.

425.3.4 ADDITIONAL CONSIDERATIONS

Prior to making a physical arrest or confiscating cannabis plants, usable cannabis or product, officers should consider the following:

(a) Whenever the initial investigation reveals an amount greater than specified by law, officers should, in anticipation of an affirmative defense, consider and document:

1. The medical condition itself.
2. The quality of the marijuana (chemical content).
3. The method of ingestion (e.g. smoking, eating, nebulizer).
4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
5. Whether the marijuana is being cultivated indoors or outdoors, and the climate.

(b) Before proceeding with enforcement related to collective gardens, officers should consider conferring with appropriate legal counsel.

(c) Investigations regarding collective gardens should consider pertinent City ordinances and that (RCW 69.51A.140; RCW 69.51A.085):

1. No more than 10 qualifying patients may participate in a single collective garden at any time.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

2. The collective garden may contain no more than 15 plants per patient and no more than a total of 45 plants.
3. The garden may contain no more than 24 ounces of usable cannabis per patient or no more than a total of 72 ounces of usable cannabis.
4. Each collective garden participant must have a copy of his/her valid documentation and proof of identification available for inspection on site at all times.
5. No usable cannabis from the collective garden may be delivered to anyone other than one of the qualifying patients participating in the garden.

(d) Medical use and possession of marijuana authorized under the Washington medical marijuana statute does not support the forfeiture of property as set forth in the Asset Forfeiture Policy (RCW 69.51A.050).

425.4 EXCEPTIONS

This policy does not apply to the following offenses; officers may take enforcement action if the person (RCW 69.51A.060):

(a) Engages in the medical use of cannabis in a way that endangers the health or well-being of any person through the use of a motorized vehicle on a street, road, or highway, including violations of RCW 46.61.502 or RCW 46.61.504, or equivalent local ordinances.

(b) Uses or displays medical cannabis in a manner or place open to the view of the public.

(c) Produces fraudulent documentation.

425.5 FEDERAL LAW ENFORCEMENT

Officers may exchange information regarding a marijuana investigation with federal law enforcement authorities when information is requested by federal law enforcement authorities or whenever the officer reasonably believes federal law enforcement authorities would request the information if the authorities were aware of the information.

425.6 PROPERTY SUPERVISOR RESPONSIBILITIES

The Property and Evidence Supervisor shall ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed.

Upon a determination by the prosecuting attorney that the person from whom marijuana, drug paraphernalia or related property was seized is entitled to possession under the law, the Property and Evidence Supervisor should return to that person any usable marijuana, plants, drug paraphernalia or other seized property. That determination is the result of a decision not to prosecute, by the dismissal of charges or an acquittal.

The Property and Evidence Supervisor may destroy marijuana that was alleged to be for medical purposes upon receipt of a court order.

The Property and Evidence Supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Detectives Supervisor.

Radiation Detection Policy

426.1 PURPOSE AND SCOPE

Uncontrolled or weaponized radioactive materials present a hazard to employees, the public, and/or the environment. Due to the increase of terrorist threats throughout the country, the possibility exists of malicious radioactive material use, transport or storage within the State of Washington. To support early detection and response to radioactive threats and potential public safety issues, this Department may employ radiation detection systems throughout the jurisdiction. This policy establishes requirements and guidelines for Department radiation detection equipment use and response to radiation alerts.

426.2 DEFINITIONS

Adjudication - The process of identifying, with reasonable certainty, the type or nature of material or device causing a radiation detector to alert and assessing the potential threat that the material might pose and the need for further action. The alert adjudication process will result in the alert being classified as a Threat or Non-Threat.

Consensual Encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Detention - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

Field Interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Legitimate radiation source - Transportation or possession of radioactive materials as intended and within regulatory requirements, such as people with nuclear medicine treatments, industrial applications, consumer products, radioactive material shipments, and naturally occurring radioactive material (NORM).

Radiation Alert - Either an audible, vibratory or visual notification from the radiation detector indicating the detection and presence or possible presence of radioactive material.

Radioactive material – Material containing unstable atoms that disintegrate spontaneously, emitting radiation.

Reasonable Suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Resolution - After a radiation alert has been adjudicated as Threat or Non-Threat, follow-up action may be required to resolve the incident. Actions can include operational response

Published with permission by Bainbridge Island Police Department

activities to mitigate actual or perceived radiation hazards and risks to workers, the public, and the environment.

Threat - Any radioactive material/device out of regulatory control within or in route to the United States that may be used with the intent to harm individuals, the public or the environment.

426.3 POLICY

It is the policy of the Bainbridge Island Police Department to protect the public and individuals from radiological threats and hazards through legal and appropriate use of radiation detection equipment and approved radiation alert response and resolution processes.

426.4 RADIATION DETECTION EQUIPMENT

Radiation detection equipment shall always be operated in a safe manner not to exceed the capabilities of the equipment or the operator. Radiation detection equipment shall only be used for official business of the Department, not for recreation or other unofficial personal use. Only trained and authorized radiation detection operators shall deploy the equipment during regularly scheduled maritime patrols, traffic patrols, Bomb/HazMat activities, or as authorized by the shift supervisor during routine duties or call-outs.

426.5 EQUIPMENT MAINTENANCE

Maintenance of the Department radiation detection equipment is critical to safe operation and effective deployment. All radiation detection operators shall conduct pre- and post- operations maintenance as required by procedures.

The Equipment Maintenance Officer is responsible for planning, scheduling and ensuring the conduct of regularly scheduled maintenance in accordance with factory equipment manuals and publications. All maintenance, including pre-operation and regularly scheduled maintenance should be documented. Radiation detection operators should record and/or forward maintenance documentation to the Maintenance Officer. The Equipment Maintenance Officer should maintain accurate records of all maintenance.

All radiation detection operators should promptly report equipment defects to the Equipment Maintenance Officer. At no time should radiation detection equipment be used when defective or in a condition that could impact its reliability or result confidence.

426.6 RADIATION DETECTION EQUIPMENT OPERATORS

426.6.1 SELECTION

Radiation detection operators shall be selected and approved by the Chief of Police or designee from the sworn regular and reserve members of the Department. Being selected, trained and assigned as a Radiation Detection Operator is a collateral duty in addition to regularly assigned duties.

426.6.2 TRAINING

Radiation detection operators should initially attend and complete a Department approved preventive radiological/nuclear detection operator's course and all prerequisites associated with the course. After completion of the Department approved course, all radiation detection operators should demonstrate the ability to safely and effectively operate the Department equipment before being authorized to deploy the Department's equipment.

All Department trained and authorized radiation detection operators should receive both classroom and hands-on sustainment training covering radiation safety, equipment operation, maintenance, and any policy or procedure changes as required.

426.6.3 RESPONSIBILITIES

(a) Conduct pre-operation checks and inspections prior to radiation detection equipment deployment.

(b) Resolve and report radiation detection alerts per this Policy and applicable Department procedures.

426.7 RADIATION ALERT RESPONSE AND RESOLUTION PROCEDURE

Officers may come into contact with legitimate radioactive material; radioactive material out of regulatory control; or malicious use or transport of radioactive material during conduct of their regularly assigned duties. The Officers should practice due diligence to find the source of radiation and determine if there is a hazard to the public or environment, or a criminal element involved.

Utilizing tactics and techniques learned in training, Officers may detect, verify and localize the source of the elevated radiation. Officers may use the totality of the information available to them, including behaviors, interview information, and the nature/location of the possible radiological concern to support a preliminary assessment of the alert and determine if there is reasonable suspicion to further investigate.

The responding officer should notify the shift supervisorin accordance with Department procedure. Other agencies, such as Bomb Squad, FBI, HazMat, and Washington State Department of Health may be notified as necessary to respond to potential public safety or environmental issues, criminal activity, or threat conditions.

Medical Aid and Response

427.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons who appear to be in need of medical aid and establishes a law enforcement response to such situations.

427.2 POLICY

It is the policy of the Bainbridge Island Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

427.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR and use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact CenCom and request response by emergency medical services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide CenCom with information for relay to EMS personnel in order to enable an appropriate response, including:

(a) The location where EMS is needed.

(b) The nature of the incident.

(c) Any known scene hazards.

(d) Information on the person in need of EMS, such as:

1. Signs and symptoms as observed by the member.
2. Changes in apparent condition.
3. Number of patients, sex, and age, if known.
4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
5. Whether the person is showing signs of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Injured persons shall be monitored while in law enforcement custody (Washington State Office of the Attorney General Model Use of Force Policy).

427.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

427.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with an emergency detention in accordance with the Emergency Detentions Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, the officer should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

427.6 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

427.7 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

427.8 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment.

-
-
-
-
-
-

Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

427.9 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A semi-automatic external defibrillator or AED should only be used by members who have completed a course approved by the Washington State Department of Health (DOH) that includes instruction in CPR and the use of an AED (RCW 70.54.310).

427.9.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Deputy Chief who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED shall contact CenCom as soon as possible and request response by EMS (RCW 70.54.310).

427.9.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use. Any data from usage shall be made available, upon request, to EMS or other health care providers (RCW 70.54.310).

427.9.3 AED TRAINING AND MAINTENANCE

The Deputy Chief should ensure appropriate training is provided to members authorized to use an AED.

The Deputy Chief is responsible for ensuring AED devices are appropriately maintained and tested consistent with the manufacturer's operational guidelines, and will retain records of all maintenance in accordance with the established records retention schedule (RCW 70.54.310).

427.10 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Members may administer opioid overdose medication in accordance with protocol specified by the health care practitioner who prescribed the overdose medication for use by the member (RCW 69.41.095).

427.10.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Deputy Chief.

Any member who administers an opioid overdose medication should contact CenCom as soon as possible and request response by EMS.

427.10.2 OPIOID OVERDOSE MEDICATION REPORTING
Any member administering opioid overdose medication should detail its use in an appropriate report.

The Deputy Chief will ensure that the Administrative Supervisor is provided enough information to meet applicable state reporting requirements.

427.10.3 OPIOID OVERDOSE MEDICATION TRAINING
The Deputy Chief should ensure training is provided to members authorized to administer opioid overdose medication.

427.11 FIRST AID TRAINING
Subject to available resources, the Deputy Chief should ensure officers receive periodic first aid training appropriate for their position.

First Amendment Assemblies

428.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

428.2 POLICY

The Bainbridge Island Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

428.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

(a) Engage in assembly or demonstration-related discussion with participants.

(b) Harass, confront or intimidate participants.

(c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

428.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

428.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to CenCom, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

428.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

428.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

428.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide:

(a) Command assignments, chain of command structure, roles and responsibilities.

(b) Staffing and resource allocation.

(c) Management of criminal investigations.

(d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).

(e) Deployment of specialized resources.

(f) Event communications and interoperability in a multijurisdictional event.

(g) Liaison with demonstration leaders and external agencies.

(h) Liaison with City government and legal staff.

(i) Media relations.

(j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.

(k) Traffic management plans.

(l) First aid and emergency medical service provider availability.

(m) Prisoner transport and detention.

(n) Review of policies regarding public assemblies and use of force in crowd control.

(o) Parameters for declaring an unlawful assembly.

(p) Arrest protocol, including management of mass arrests.

(q) Protocol for recording information flow and decisions.

(r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.

(s) Protocol for handling complaints during the event.

(t) Parameters for the use of body-worn cameras and other portable recording devices.

428.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

428.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

428.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and Conducted Energy Device (CED)s should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

428.8 ARRESTS

The Bainbridge Island Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

(a) Reasonable measures to address the safety of officers and arrestees.

(b) Dedicated arrest, booking and report writing teams.

(c) Timely access to medical care.

(d) Timely access to legal resources.

(e) Timely processing of arrestees.

(f) Full accountability for arrestees and evidence.

(g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

428.9 MEDIA RELATIONS

The Chief of Police should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

428.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

428.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

(a) Operational plan

(b) Any incident logs

(c) Any assignment logs

(d) Vehicle, fuel, equipment and supply records

(e) Incident, arrest, use of force, injury and property damage reports

(f) Photographs, audio/video recordings, CenCom records/tapes

(g) Media accounts (print and broadcast media)

428.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

(a) Date, time and description of the event

(b) Actions taken and outcomes (e.g., injuries, property damage, arrests)

(c) Problems identified

(d) Significant events

(e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

428.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Civil Disputes

429.1 PURPOSE AND SCOPE

This policy provides members of the Bainbridge Island Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Washington law.

429.2 POLICY

The Bainbridge Island Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

429.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

(a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.

(b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.

(c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.

(d) Members are reminded that they shall not enter a residence or other non-public location without legal authority.

(e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

429.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

(a) The person's knowledge of the court order or whether proof of service exists.

(b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor.

429.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items (RCW 7.105.320). Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or the person may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

429.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

429.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

429.6.1 REQUEST TO REMOVE TRESPASSER DECLARATION

Officers possessing a lawful declaration signed under penalty of perjury and in the form required by law, may take enforcement action to remove a person from a residence when (RCW 9A.52.105):

- The person has been allowed a reasonable opportunity to secure and present evidence that the person is lawfully on the premises
- The officer reasonably believe he/she has probable cause to believe the person is committing criminal trespass under RCW 9A.52.070

An officer should give the trespasser a reasonable opportunity to vacate the premises before taking enforcement action.

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Bainbridge Island Police Department. Information provided by the SECTOR data retrieval system is a valuable resource for traffic accident occurrences and officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance. The visibility and quality of an officer’s work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

(a) Explanation of the violation or charge.

(b) Court appearance procedure including the optional or mandatory appearance by the motorist.

(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

500.3.3 ARRESTS FOR TRAFFIC OFFENSES

Officers may issue a traffic citation for any criminal traffic offense or infraction when such violations are committed in an officer's presence or as allowed pursuant to RCW 10.31.100. With limited exceptions, the detention in such cases may not be for a period of time longer than is reasonably necessary to issue and serve a citation to the violator.

A traffic-related detention may expand to a physical arrest under the following circumstances:

(a) When the officer has probable cause to believe that a felony has been committed, whether or not it was in the officer’s presence

(b) When the offense is one or more of the traffic violations listed in RCW 10.31.100

(c) When a driver has been detained for a traffic offense listed in RCW 46.63.020 and fails to provide adequate identification or when the officer has reasonable grounds to believe that the person to be cited will not respond to a written citation. In such cases, officers should, when practicable, obtain the approval of a supervisor before making an arrest.

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator who is also driving on a suspended or revoked license, the officer should issue a traffic citation or make an arrest as appropriate.

500.4.1 SUSPENDED, REVOKED OR CANCELED COMMERCIAL LICENSE PLATES

If an officer contacts a traffic violator who is operating a commercial truck, truck tractor or tractor with registration that a computer check confirms to be revoked, suspended or canceled, the officer shall confiscate the license plates. The Department may either recycle or destroy the plates (RCW 46.32.100).

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery, and equipment (23 CFR 655.601).

Although intended primarily for use while performing traffic related assignments, high-visibility vests shall be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests shall be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment.

Examples of when high-visibility vests shall be worn include traffic control duties, accident investigations, lane closures, and while at disaster scenes, or anytime high visibility is desirable.

When emergency conditions preclude the immediate donning of the vest, officers shall retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Deputy Chief should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

500.6 HAZARDOUS ROAD CONDITIONS

The Bainbridge Island Police Department will make all reasonable efforts to address all reported hazardous road conditions in a timely manner as circumstances and resources permit.

500.7 TRAFFIC COMPLAINTS BY CROSSING GUARDS

Crossing guards have the authority to submit reports to this department for certain violations occurring in and around crosswalks (RCW 46.61.275). Generally these reports may be for offenses involving a driver’s failure to stop at a crosswalk or to exercise due care for pedestrians. Reports must be received no later than 72 hours after the violation occurred.

This department will give due consideration and will investigate, to a reasonable degree, reports of violations submitted by crossing guards, in an effort to identify the alleged violator. If the driver

is identified and there is reasonable cause to believe a violation of RCW 46.61.235(5), RCW 46.61.245(2) or RCW 46.61.261(2) has occurred, a notice of traffic infraction should be issued.

The Patrol Supervisor shall ensure that appropriate forms for reporting violations are available to crossing guards and that a procedure for investigating the reports received by this department is in place.

500.7.1 NOTIFICATION OF INFRACTION

The Patrol Supervisor or a designee may initiate an investigation of the reported violation after receiving a report from a crossing guard. The investigator shall contact the last known owner of the violator vehicle and request the owner to supply information identifying the driver. If the driver is identified and there is reasonable cause to believe that a traffic violation has occurred, a notice of infraction may be served upon the driver of the vehicle (RCW 46.61.275(2)).

500.8 SCHOOL BUS SAFETY CAMERAS

Any school district with buses properly equipped with cameras that capture stop-arm violations may report such violations to the Bainbridge Island Police Department whenever they occur within the department's jurisdiction.

The Patrol Supervisor should establish a report form and procedure for school districts to report school bus stop-arm violations (RCW 46.63.180).

500.8.1 NOTIFICATION OF INFRACTION

The Patrol Supervisor or the authorized designee should initiate an investigation of the reported violation after receiving a stop-arm violation report from a school district.

Issuance of a citation shall conform to state requirements (RCW 46.63.180). The notice of infraction shall be mailed to the registered owner or renter, if applicable, of the vehicle within 14 days of the violation.

Traffic Collision Reporting

501.1 PURPOSE AND SCOPE

The Bainbridge Island Police Department prepares traffic collision reports and as a public service makes traffic collision reports available to the community with some exceptions.

501.2 TRAFFIC COLLISION REPORTS

All traffic collision reports taken by members of this department shall be forwarded to a Supervisor for approval and data entry into the Records Management System. The Administrative Supervisor will be responsible for monthly and quarterly reports on traffic collision statistics to be forwarded to the Chief of Police, or other persons as required.

501.2.1 STATEWIDE ELECTRONIC COLLISION AND TICKET ONLINE RECORDS (SECTOR)

This department utilizes SECTOR software to complete traffic citations and traffic collision reports. SECTOR shall only be used by those authorized employees who have completed department-approved training in the use of SECTOR software. All traffic collision reports completed with SECTOR software shall comply with established report approval requirements.

All reports completed using SECTOR software should be downloaded to the designated server as soon as practicable or in any case prior to the end of the employee's shift.

501.3 REPORTING SITUATIONS

501.3.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES

Traffic collision investigation reports shall be taken when a City-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results. A general information report may be taken in lieu of a traffic collision report at the direction of a supervisor when the collision occurs on private property or does not involve another vehicle. Whenever there is damage to a City vehicle, a Vehicle Damage Memorandum shall be completed and forwarded to the appropriate Supervisor.

Photographs of the collision scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

501.3.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES

When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the Bainbridge Island Police Department, the Shift Sergeant, will notify the Kitsap County Sheriff's Officer or Washington State Patrol for assistance. (Refer to Employee Involved Collisions Policy)

501.3.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS
The Shift Sergeant may request assistance from the Kitsap County Sheriff's Officer or Washington State Patrol for the investigation of any traffic collision involving any City official or employee where a serious injury or fatality has occurred.

501.3.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY
Traffic collision reports should be taken for traffic collisions occurring on private property. An Incident Report may be taken in lieu of a traffic collision report at the discretion of a supervisor.

501.3.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS
Traffic collision reports shall be taken when they occur on a roadway or highway within the jurisdiction of this department under any of the following circumstances:

(a) When there is a death or injury to any persons involved in the collision.

(b) When there is an identifiable violation of the Revised Code of Washington.

(c) Property damage exceeding the dollar amount currently established by WSP.

(d) When a report is requested by any involved driver.

In all cases where a traffic collision report is required by policy, the current state authorized form will be used to document the collision (RCW 46.52.070).

501.4 NOTIFICATION OF CHIEF OF POLICE

In the event of a serious injury or death related traffic collision, the Shift Sergeant shall notify the Chief of Police to relate the circumstances of the traffic collision and may seek assistance from the Kitsap County Sheriff's Office or Washington State Patrol. Vehicle Towing and Release

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Bainbridge Island Police Department.

502.2 RESPONSIBILITIES

The responsibilities of those employees storing or impounding a vehicle are as follows.

502.2.1 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in CenCom.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call the official towing garage for the City of Bainbridge Island Police Department. The officer will then store the vehicle using the Uniform Washington State Tow/Impound and Inventory Record.

502.2.2 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant, or to comply with posted signs.

502.2.3 OFFICER RESPONSIBILITIES

Whenever a stolen vehicle is impounded by the Bainbridge Island Police Department, the officer will promptly attempt to notify the legal owner of the recovery (RCW 7.69.030(7)).

502.3 TOWING SERVICES

The City of Bainbridge Island Police Department periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

(a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.

(b) When a vehicle is being held as evidence in connection with an investigation.

(c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations.

Nothing in this policy shall require the Department to tow a vehicle.

502.4 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping for the arrestee's vehicle. The vehicle shall be stored whenever it is mandated by law, needed for the furtherance of an investigation or prosecution of the case, or when the Community Caretaker Doctrine would reasonably suggest it. For example, the vehicle would present a traffic hazard if not removed, or due to a high crime area the vehicle would be in jeopardy of theft or damage if left at the scene.

No impound should occur if other alternatives are available that would ensure the vehicle's protection. Factors that should be considered by officers in determining whether to impound a vehicle pursuant to this policy include:

(a) Whether the offense for which the subject was arrested mandates vehicle impound (e.g., commercial sexual abuse of a minor, promoting commercial sexual abuse of a minor, or promoting travel for commercial sexual abuse of a minor (RCW 9A.88.140(2)).

(b) Whether someone is available at the scene of the arrest to whom the vehicle could be released.

(c) Whether the vehicle is impeding the flow of traffic or is a danger to public safety.

(d) Whether the vehicle can be secured.

(e) Whether the detention of the arrestee will likely be of such duration as to require protection of the vehicle.

(f) Whether there is some reasonable connection between the crime/arrest and the vehicle, or the vehicle is related to the commission of another crime (i.e., the vehicle itself has evidentiary value).

(g) Whether the owner/operator requests that the vehicle be stored.

(h) Whether the vehicle would be in jeopardy of theft or damage if left at the scene in a high-crime area.

In cases where a vehicle is not stored, the handling employee shall note in the report that the owner was informed that the Department will not be responsible for theft or damages to the vehicle.

502.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. A locked vehicle trunk shall not be opened, even if it may be opened without a key from an accessible area of the passenger compartment. Locked or closed containers located within the passenger compartment should be inventoried as a sealed unit, absent exigent circumstances.

Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

502.6 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g. cash, jewelry, cell phone, prescriptions) which are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

Vehicle Impound Hearings

503.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound validity hearings.

503.2 IMPOUND HEARING

When a vehicle is impounded by any member of the Bainbridge Island Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or their agent (RCW 46.55.240).

503.2.1 HEARING PROCEDURES

When requested, a hearing will be held at the Bainbridge Island Police Department within five days of the receipt of the request. The Department will appoint a Hearing Officer who will conduct the hearing and render a judgment. The employee who caused the removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on an impounded vehicle shall be submitted in person, writing, or by telephone within ten days of the date appearing on the notice. The person requesting the hearing may record the hearing at his/her own expense.

The vehicle impound hearing officer shall consider all information provided and determine whether the vehicle was impounded consistent with law and department policy. The Department will have the burden of proving by preponderance of the evidence that the vehicle was impounded lawfully and within policy.

If a decision is made that the vehicle was impounded within the law and department policy, the hearing officer shall advise the inquiring party that they may appeal the decision with the district court for a final judgment (RCW 46.55.240(1)(d)).

A decision that the vehicle was not impounded in a lawful manner or within department policy will require that the vehicle in impound be released immediately. Towing and storage fees will be paid at the Department's expense (RCW 46.55.120(3)(e)).

If a decision is made that the vehicle was not impounded in a lawful manner or within department policy, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Supervisor. The hearing officer will recommend to the appropriate Supervisor that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.

Impaired Driving

504.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

504.2 POLICY

The Bainbridge Island Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Washington's impaired driving laws.

504.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

504.4 CHEMICAL TESTS

A person implies consent under Washington law to a chemical test or tests of the person's breath and to providing the associated chemical sample under any of the following (RCW 46.20.308):

(a) The arresting officer has reasonable grounds to believe the person was driving or in actual physical control of a motor vehicle while under the influence of intoxicating liquor or drug.

(b) The arresting officer has reasonable grounds to believe a person under the age of 21 was driving or in actual physical control of a motor vehicle while having a blood alcohol concentration of at least 0.02 (RCW 46.61.503).

(c) The officer has stopped a person operating a commercial motor vehicle license (CDL) and has reasonable grounds to believe that the person was driving while having alcohol in the person's system (RCW 46.25.120).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

504.4.1 BREATH SAMPLES

The Patrol Supervisor should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Patrol Supervisor.

Generally, chemical tests to determine alcohol concentration shall be of the breath only (RCW 46.20.308; RCW 46.25.120).

Published with permission by Bainbridge Island Police Department

504.4.2 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (RCW 46.61.506). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be drawn and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by department policy..

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

A blood sample may be obtained only with the consent of the individual or as otherwise provided in this policy (RCW 46.20.308; RCW 46.25.120).

504.4.3 STATUTORY NOTIFICATIONS

An officer requesting that a person submit to a chemical test shall provide the person, prior to administering the test, with the mandatory warnings pursuant to RCW 46.20.308(2) or if driving a commercial vehicle the warnings pursuant to RCW 46.25.120(3).

504.5 REFUSALS

When an arrestee refuses to provide a chemical sample, officers shall:

(a) Advise the arrestee of the requirement to provide a sample.

(b) Audio- and/or video-record the admonishment and the response when it is practicable.

(c) Document the refusal in the appropriate report.

504.5.1 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who has been arrested and does not consent to a blood test when any of the following conditions exist (RCW 46.20.308; RCW 46.25.120):

(a) A search warrant has been obtained.

(b) The officer can articulate that exigent circumstances exist.

Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

504.6 ARREST AND INVESTIGATION

Published with permission by Bainbridge Island Police Department

504.6.1 WARRANTLESS ARREST

An officer having probable cause to believe that a person is DUI may make a warrantless arrest of the person whether or not the officer observed the violation first hand (RCW 10.31.100).

Arrests supported by probable cause for DUI are mandatory if the person has been convicted of DUI in the past 10 years or if the officer has knowledge based on the information available to him/her that the person is charged with, or is waiting arraignment for, an offense that would qualify as a prior offense as defined by RCW 46.61.5055 if it were a conviction (RCW 10.31.100).

504.6.2 OFFICER RESPONSIBILITIES

If a person refuses to submit to a chemical test, or the results from the test render a prohibited alcohol or THC concentration in the person's breath or blood, the officer shall (RCW 46.20.308(5)):

(a) Serve the notice of intention to suspend, revoke, or deny the person's license or permit to drive.

(b) Provide the person with a written notice of his/her right to a hearing before the Department of Licensing (DOL).

(c) Advise the person that his/her license or permit is a temporary license.

(d) Immediately notify the DOL of the arrest and within 72 hours transmit to the DOL a sworn report that states:

1. The officer had reasonable grounds to believe the person was DUI.
2. After having received the required statutory warnings, the person either refused to submit to a test of his/her blood or breath or submitted to a test that rendered a prohibited alcohol or THC concentration of the person's breath or blood.

(e) Submit a sworn report to the DOL when the person has a CDL and either refused or had a test administered that disclosed a prohibited amount of alcohol or any amount of THC concentration (RCW 46.25.120(5)).

When a person is arrested for a violation of RCW 46.61.502 (DUI) or RCW 46.61.504 (Physical control of vehicle while DUI), the officer shall make a clear notation on the report if there is a child under the age of 16 present in the vehicle and promptly notify child protective services as required in the Child Abuse Policy (RCW 46.61.507).

504.6.3 ADDITIONAL TESTING

A person submitting to a chemical test pursuant to this policy may have a qualified person of his/her own choosing administer one or more tests in addition to any administered at the direction of an officer (RCW 46.20.308(2); RCW 46.61.506).

504.7 SENIOR POLICE CLERK RESPONSIBILITIES

The Administrative Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

504.8 ADMINISTRATIVE HEARINGS

The Administrative Supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the DOL.

An officer called to testify at an administrative hearing should document the hearing date and the DOL file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

504.9 TRAINING

The Deputy Chief should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Deputy Chief should confer with the prosecuting attorney's office and update training topics as needed.

Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Supervisor for review.

This department has adopted the following policy on assisting motorists in disabled vehicles within this jurisdiction.

506.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance.

506.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

506.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

506.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

506.3.3 RELOCATION OF MOTORIST

The relocation of a motorist with a disabled vehicle should only occur with the person’s consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

506.4 POLICY

It is the policy of the Bainbridge Island Police Department to assist motorists with disabled vehicles until those vehicles are safely removed from the roadway. The Parking Control Officers shall make a reasonable effort to contact the owner by telephone and provide notice that if the vehicle is not removed within twenty-four hours from the time the sticker was attached, the vehicle may be taken into custody and stored at the owner's expense (RCW 46.55.085(2)).

This policy describes the authority and procedure for the seizure and forfeiture of vehicles associated with the arrest of subjects for driving under the influence (RCW 46.61.502) or physical control of a vehicle while under the influence (RCW 46.61.504).

508.2 SUSPENSION OF WASHINGTON DRIVER LICENSES

RCW 46.61.5058 provides for the forfeiture of any vehicle when the driver of such vehicle has been arrested for driving under the influence or physical control of a vehicle while under the influence, if such person has a prior offense within seven years as defined in RCW 46.61.5055.

508.3 VEHICLE SEIZURE PROCEDURES

(a) The arrestee has a prior offense within seven years as defined in RCW 46.61.5055

(b) The arrestee must be provided with a department form to notify the arrestee, in writing, that it is unlawful to transfer, sell, or encumber in any way the subject's interest in the vehicle in which they were driving or had physical control when the violation occurred, and

(c) The vehicle is not a rental (RCW 46.61.5058(1)(b)).

The vehicle may be seized as provided under the authority of RCW 46.61.5058.

Employee Involved Collisions

509.1 PURPOSE AND SCOPE

The contents of this policy is to give guidance and direction to members of the Bainbridge Island Police Department when involved in a collision while driving a City-owned or leased vehicle.

509.2 POLICY

All collisions involving police department employees will be thoroughly investigated to ensure the facts and circumstances of the collision are documented, regardless of the degree of damage, injury, or death.

For the purpose of this policy, "collision" shall mean a vehicle unintentionally impacts, or is impacted by, another vehicle or object (including striking or running over animals, objects, terrain, or curbs) which causes damage to the vehicle or the object.

If the impact is intended, (P.I.T. or intentional use of a vehicle as deadly force), the impact will not be considered a collision. Intended vehicle impacts will be fully investigated as uses of force, pursuit interventions, or as appropriate under the circumstances.

509.3 RESPONSIBILITIES

Employees involved in a collision while on-duty or driving a City owned or leased vehicle will notify CenCom of the collision and its location and request aid for any injured persons. If the collision does not involve another motor vehicle or injured person the employee may immediately contact their supervisor in lieu of CENCOM.

A supervisor shall respond to the scene of the collision unless distance or other exigent duties prevent the supervisor from responding.The supervisor will facilitate reporting and documentation of the incident including photos of the scene.

509.4 COLLISIONS OUTSIDE THE CITY

Any member of the department involved in a traffic collision while on-duty or operating a City owned or leased vehicle outside the City limits shall, by the quickest means possible, notify the appropriate law enforcement agency to investigate the collision.

The employees will notify their supervisor as soon as possible (preferably while still at the scene) of the collision and advise them of the circumstances surrounding the collision.The employee will also complete the necessary reports upon return to the city.

Employees should immediately contact the supervisor to report any collision occurring at home on private property, whether the city vehicle was occupied or not.

509.5 INVESTIGATING AGENCY

The Washington State Patrol, or another law enforcement agency, shall investigate all collisions involving department employees or city officials meeting the accident reporting threshold as

established by R.C.W.46.52.030. Collisions not meeting the accident reporting threshold as established by R.C.W.46.52.030 may be investigated by the Bainbridge Island Police Department with command staff approval.

509.6 COLLISION REPORTS

A SECTOR or Washington State Collision Report should be completed on all employee involved collisions resulting in injury or damage to property which meets the accident reporting threshold as established by the Chief of the Washington State Patrol (R.C.W. 46.52.030).

An incident report, including a diagram and photographs, may be taken in lieu of a traffic collision report when the collision does not meet the accident reporting threshold established by R.C.W. 46.52.030. Collision damage to unattended City vehicles shall be documented as appropriate for the location and circumstances (amount of damage, hit & run, etc.).

Copies of all reports are distributed to the Deputy Chief for review and forwarded to the Chief of Police.

509.7 OTHER REQUIRED REPORTS

A Damage to City Property Report is required for all employee involved collisions.

509.8 COLLISION REVIEW BOARD

Collisions which cause vehicle or property damage or injuries and involve Police Department employees operating City or City-leased vehicles will be reviewed by the Collision Review Board.

The CRB will also review “driving incidents” that are not collisions as defined by Policy Manual 509.2, but where careless or negligent vehicle operation resulted in delayed response or immobilized or unserviceable vehicles. The Chief of Police may propose corrective action or discipline in accordance with the provisions of the Policy Manual.

The CRB collision review will be conducted within the following parameters:

(a) The amount of damage or cost of repair is not a determining factor in review of collisions. All collisions are subject to review.

(b) Properly parked police vehicles that are damaged by another vehicle will not normally be the subject of review.

(c) Normal "wear and tear" damage (i.e. minor scratches, rub marks or stone chips) is not reviewed by the CRB.

(d) Collisions occurring while the vehicle is being operated as an emergency vehicle, including vehicle pursuits, are subject to review.

The Collision Review Board (CRB) will be composed of the following members:

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(a) Deputy Chief

(b) Sergeant

(c) Officer

The Deputy Chief will select the sergeant and officer members of the CRB. All members of the CRB have equal voting authority. All investigative reports and evidence regarding the circumstances surrounding the collision will be reviewed by CRB members. Collisions that may be the subject of a criminal action are not reviewed by the CRB until the matter is closed.

The Deputy Chief will ensure the investigative package includes (if applicable):

(a) A case number.

(b) Estimated cost of damage to all vehicles and/or involved structures.

(c) Forms that are completed properly.

(d) Photographs.

(e) Reports.

(f) Diagrams.

(g) Witness statements.

(h) Any other relevant evidence.

After all pertinent reports, evidence and details have been reviewed, the CRB will determine the following:

(a) Was the collision investigation adequate and complete?

(b) Was the collision preventable or non-preventable?

1. Non-preventable: Any collision where the employee was following department policy, driving in a legally appropriate manner, exercising due caution, and using proper defensive actions but the collision occurred anyway through no fault of the employee.

2. Preventable: Any vehicle collision which was avoidable had the driver used prudent caution, defensive driving and/or followed department policies, procedures, rules and regulations. Preventable collisions include those instances where the driver failed to recognize hazardous conditions, including roadway conditions, failed to take appropriate action to maintain control of the vehicle or when they failed to drive within the confines of their personal capabilities or the limitations imposed by each vehicle's design and handling characteristics.

Following review of the collision, the Deputy Chief will forward all investigative material and the CRB findings to the Chief of Police for disposition. The Chief of Police will determine the appropriate action.

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY

It is the policy of the Bainbridge Island Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INITIAL INVESTIGATION

600.3.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
    1. An initial statement from any witnesses or complainants.
    2. A cursory examination for evidence.

(b) If information indicates a crime has occurred, the officer shall:
    1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
    2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
    3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Shift Sergeant.
    4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
    5. Collect any evidence.
    6. Take any appropriate law enforcement action.
    7. Complete and submit the appropriate reports and documentation.

(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.3.2 CIVILIAN MEMBER RESPONSIBILITIES

A civilian member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take

Published with permission by Bainbridge Island Police Department

any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.3.3 ARRESTS BY PRIVATE PERSONS

Private persons may make a common law arrest for crimes constituting a breach of the peace or may detain a person under the authority of RCW 9A.16.020 (felonies, retail theft, etc.) Any officer presented with a private person wishing to make an arrest must determine whether there is probable cause to believe that such an arrest would be lawful.

(a) Should any officer determine that there is no probable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

    1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.

    2. Absent probable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever an officer determines that there is probable cause to believe that a private person's arrest is lawful, the officer shall take a written statement from the person who has made the arrest. In addition, the officer may exercise one of the following options:

    1. Take the individual into physical custody for booking.

    2. Release the individual subsequent to the issuance of a citation for the individual to appear in the appropriate court.

600.4 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. See the Temporary Custody of Juveniles Policy for juvenile requirements.

600.4.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of a juvenile or an adult suspected of a felony conducted at a place of detention (as defined by RCW 10.122.020) shall be electronically recorded (audio and video). This includes any required warnings, advice of the rights of the individual being questioned, and waiver of rights. Consent to the electronic recording is not required, but the officer shall inform the suspect that they are being recorded (RCW 10.122.030).

A custodial interrogation at any place other than a place of detention shall be recorded by audio means at a minimum (RCW 10.122.030).

Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detectives supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate, and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.4.2 DOCUMENTATION

If a custodial interrogation at a place of detention occurs without electronically recording it in its entirety, the officer shall prepare a written or electronic report explaining the reason and summarize the custodial interrogation process and the individual's statements. This report shall be completed as soon as practicable after completing the interrogation (RCW 10.122.030).

If the custodial interrogation occurs outside a place of detention, the officer shall complete a report as soon as practicable explaining the decision and summarize the custodial interrogation process and the individual's statements (RCW 10.122.030).

600.4.3 EXCEPTIONS

Exceptions to the recording requirements apply in the following circumstances:

(a) When spontaneous utterances or statements are made outside the course of a custodial interrogation, or a statement made in response to a question asked routinely during the processing of the arrest of an individual (RCW 10.122.030).

(b) Exigent circumstances exist that prevent an officer from electronically recording an interrogation. In those cases, the officer shall record electronically an explanation of the exigent circumstances before conducting the interrogation, if feasible, or as soon as practicable after the interrogation is completed (RCW 10.122.040).

(c) The individual indicates a refusal to participate or further participate in the electronic recording. When feasible, the agreement of the individual to participate in the interrogation without recording or further participate should be recorded electronically (RCW 10.122.060).

(d) The officer conducting an interrogation has no reason to believe the individual being interrogated committed an act that requires electronic recording of the interrogation (RCW 10.122.080).

    1. If during the interrogation, the individual being interviewed reveals facts and circumstances that give the officer conducting the interview a reason to believe that an act was committed that requires an electronic recording, the continued interrogation shall be recorded.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(e) The officer or the officer's supervisor reasonably believes the electronic recording would disclose the identity of a confidential informant or jeopardize the safety of the officer, the individual being interrogated, or another person (RCW 10.122.090).

1. If feasible and consistent with the safety of a confidential informant, an explanation of the basis for the belief that electronic recording would disclose the informant's identity must be electronically recorded at the time of the interrogation or if not feasible as soon as practicable after the interrogation is completed.

(f) The equipment malfunctions (RCW 10.122.100).

600.4.4 RECORDING PROCEDURES

The Chief of Police should designate a member of the Department to be responsible for electronic recordings. Responsibilities should include but are not limited to (RCW 10.122.150):

(a) Developing protocols on how a recording is made, including the following:

1. Standards for angles, focus, and field of vision to promote accurate recording.

(b) Developing procedures for the collection and review of recordings or absence of recordings by supervisors.

(c) Assigning a specific supervisor responsibility to promote accountability, including but not limited to:

1. Adequate staffing.

2. Training.

3. Material resources.

(d) Developing procedures for preservation of chain of custody of recordings.

(e) Developing a process for explaining noncompliance with procedures.

600.5 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

(a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.

(b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.

1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.

2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.

(c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.

(e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.

(f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.6 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.7 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release policy).

600.7.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.7.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.8 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Supervisor or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

600.9 USE OF FACIAL RECOGNITION TECHNOLOGY

The use of facial recognition technology (FRT) by members of the Bainbridge Island Police Department is not permitted.

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notification requirements are addressed in the Child Abuse and Adult Abuse policies.

601.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in RCW 9A.44.010 et seq. and RCW 9A.64.020.

Sexual Assault Investigations and Victim Services (SAIVS) - A multidisciplinary team generally comprised of advocates, law enforcement officers, the Coroner's Office, sexual assault nurse examiners (SANEs), and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

601.2 POLICY

It is the policy of the Bainbridge Island Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

(a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.

(b) Conduct follow-up interviews and investigation.

(c) Present appropriate cases of alleged sexual assault to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies, and medical personnel as needed.

(e) Provide referrals to therapy services, victim advocates and support for the victim.

(f) Participate in or coordinate with SAIVS or other multidisciplinary investigative teams as applicable.

Published with permission by Bainbridge Island Police Department

601.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

601.5 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to CenCom, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SAIVS should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim Witness Assistance Policy.

601.5.1 POLYGRAPH EXAMINATION OF VICTIM

Victims of alleged sex offenses shall not be asked or required to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of the offense. The refusal of a victim to submit to a polygraph or other truth telling device shall not by itself prevent the investigation, charging or prosecution of the offense (RCW 10.58.038; 34 USC § 10451).

601.5.2 VICTIM PERSONAL REPRESENTATIVE AND ADVOCATE

A victim may choose a personal representative to accompany him/her to the hospital or other health care facility and to any proceeding concerning the alleged sexual assault, including interviews. A personal representative includes a friend, relative, attorney, or employee or volunteer from a community sexual assault program or specialized treatment service provider (RCW 70.125.030; RCW 70.125.060).

The victim may also choose to consult with a sexual assault survivor's advocate throughout the investigatory process of the case. The assigned investigator should ensure the advocate has access to the victim during the process (RCW 70.125.110).

601.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SAIVS member should be involved in the collection of forensic evidence from the victim.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing. Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

601.6.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to do the following:

(a) Sexual assault examination kits shall be submitted to an approved lab within 30 days with a request for testing prioritization when either of the following conditions are met (RCW 5.70.040):

1. A related report or complaint is received by the Department alleging a sexual assault or other crime has occurred and the victim has consented to the submission.
2. The victim is an unemancipated person 17 years or age or younger.

(b) Facilitate the collection of an unreported sexual assault kit from a collecting entity when this department has jurisdiction to investigate any related criminal allegations (RCW 5.70.030).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

601.6.2 STATEWIDE SEXUAL ASSAULT KIT TRACKING SYSTEM

Members investigating a sexual assault should ensure that biological evidence is tracked appropriately in the statewide sexual assault kit tracking system (RCW 35.21.195; RCW 36.28.200).

601.6.3 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable.

A SAIVS member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim Witness Assistance Policy.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

601.7 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detectives supervisor.

Classification of a sexual assault case as unfounded requires the Detectives supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

601.8 CASE REVIEW

The Detectives supervisor should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SAIVS and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

601.8.1 RETENTION

The Detectives supervisor should ensure evidence, investigatory reports, and records related to violent or sex offenses are appropriately marked for retention under RCW 5.70.010.

601.9 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detectives supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

601.10 CASE STATUS NOTIFICATION

The investigator assigned to the case should keep the victim informed of the status of the investigation in a timely manner. 602.2 POLICY

The Bainbridge Island Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Bainbridge Island Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

602.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

602.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

(a) Real or personal property subject to forfeiture identified in a court order authorizing seizure.

(b) Property subject to forfeiture without a court order when the property is lawfully seized incident to an arrest, the service of a search warrant, or the service of an administrative inspection warrant.

(c) Property subject to forfeiture can also be seized without a court order when:

1. There is probable cause to believe that the property was used or is intended to be used for illegal gambling (RCW 9.46.231).

2. There is probable cause to believe that the property was used or is intended to be used for the commercial sexual abuse of a minor (RCW 9.68A.100; RCW 9.68A.101) or promoting prostitution in the first degree (RCW 9A.88.070; RCW 9A.88.150).

"bootlegging," criminal profiteering, or money laundering (RCW 19.290.230; RCW 66.32.020; RCW 9A.82.100; RCW 9A.83.030).

4. There is probable cause to believe that the property was used or is intended to be used in violation of the Uniform Controlled Substances Act (RCW 69.50.505).

5. There is probable cause to believe that the property was used or is intended to be used for poaching/wildlife crimes (RCW 77.15.070).

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

Whenever practicable, a court order for seizure prior to making a seizure is the preferred method.

602.3.2 PROPERTY NOT SUBJECT TO SEIZURE
The following property should not be seized for forfeiture:

(a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds should not be seized.

(b) Property from an "innocent owner," or a person who had no knowledge of the offense or who did not consent to the property's use.

(c) No vehicle or other conveyance based on a misdemeanor involving cannabis (RCW 69.50.505).

602.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

(a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.

(b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.

(c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Published with permission by Bainbridge Island Police Department

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

The Property and Evidence Supervisor is responsible for ensuring compliance with the following:

(a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.

(e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.

(f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:

9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.

(i) Ensuring that a written plan is available that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.

(j) Ensuring that the process of selling or adding forfeited property to the department's regular inventory is in accordance with all applicable laws and consistent with the department's use and disposition of similar property.

(k) Upon completion of any forfeiture process, ensuring that no property is retained by the Bainbridge Island Police Department unless the Chief of Police authorizes in writing the retention of the property for official use.

(l) Addressing any landlord claims for reimbursement through forfeited assets or damage to property (RCW 9.46.231; RCW 69.50.505).

(m) Compensating victims of commercial metal crimes within 120 days (RCW 19.290.230).

- The extent of the informant's personal involvement in the case.
- The significance, value or effect on crime.

Eyewitness Identification

604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

604.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY

The Bainbridge Island Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Detectives supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

(a) The date, time and location of the eyewitness identification procedure.

(b) The name and identifying information of the witness.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(c) The name of the person administering the identification procedure.

(d) If applicable, the names of all of the individuals present during the identification procedure.

(e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.

(f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.

(g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.

(h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.

(i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

(j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

604.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

604.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

604.7 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect.

If possible, the member presenting a lineup to a witness should not know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.8 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.

(b) Assess whether a witness should be included in a field identification process by considering:

1. The length of time the witness observed the suspect.
2. The distance between the witness and the suspect.
3. Whether the witness could view the suspect’s face.
4. The quality of the lighting when the suspect was observed by the witness.
5. Whether there were distracting noises or activity during the observation.
6. Any other circumstances affecting the witness’s opportunity to observe the suspect.
7. The length of time that has elapsed since the witness observed the suspect.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.

(e) The person who is the subject of the show-up should not be shown to the same witness more than once.

(f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.

(g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

(h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

Brady Material Disclosure

605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

605.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** - Information known or possessed by the Bainbridge Island Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY

The Bainbridge Island Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Bainbridge Island Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

605.5 DISCLOSURE OF REQUESTED INFORMATION

If a member of this department is a material witness in a criminal case, a person or persons designated by the Chief of Police shall examine the personnel file and/or internal affairs file of the officer to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

(a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member’s personnel file.

The obligation to provide *Brady* information is ongoing. If any new *Brady* information is identified, the prosecuting attorney should be notified.

605.6 INVESTIGATING BRADY ISSUES

605.7 SUBPOENA PROCESSING

Operations Planning and Deconfliction

606.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

606.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

606.2 POLICY

It is the policy of the Bainbridge Island Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

606.3 OPERATIONS DIRECTOR

The Chief of Police will designate a member of this department to be the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

606.4 RISK ASSESSMENT

606.4.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.

(b) Maps of the location.

(c) Diagrams of any property and the interior of any buildings that are involved.

(d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).

(e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).

(f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).

(g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).

(h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

606.4.2 RISK ASSESSMENT REVIEW

Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

606.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

(a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:

1. Special Weapons and Tactics Team (SWAT)
2. Additional personnel
3. Outside agency assistance
4. Special equipment
5. Medical personnel
6. Persons trained in negotiation
7. Additional surveillance

8. Canines
9. Property and Evidence or analytical personnel to assist with cataloguing seizures
10. Forensic specialists
11. Specialized mapping for larger or complex locations

(b) Contact the appropriate department members or other agencies as warranted to begin preparation.

(c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.

(d) Coordinate the actual operation.

606.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

606.6 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

(a) Operation goals, objectives and strategies.

(b) Operation location and people:

1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,

availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids

3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)

4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children

(c) Information from the risk assessment form by attaching a completed copy in the operational plan.

1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.

(d) Participants and their roles.

1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.

2. How all participants will be identified as law enforcement.

(e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.

(f) Identification of all communications channels and call-signs.

(g) Use of force issues.

(h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).

(i) Plans for detaining people who are not under arrest.

(j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control Procedures policies.

(k) Communications plan

(l) Responsibilities for writing, collecting, reviewing and approving reports.

606.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

606.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.

(b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.

(c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.

1. Exceptions may be made by the operations director for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.

(d) The briefing should include details of the communications plan.

1. It is the responsibility of the operations director to ensure that CenCom is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.
2. If the radio channel needs to be monitored by CenCom, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

606.8 SWAT PARTICIPATION

If the operations director determines that SWAT participation is appropriate, the director and the SWAT supervisor shall work together to develop a written plan. The SWAT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the SWAT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

606.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

606.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any SWAT debriefing.

Warrant Service

607.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

607.2 POLICY

It is the policy of the Bainbridge Island Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

607.3 RISK ASSESSMENT

The Deputy Chief or designee (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service

The Deputy Chief or designee will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

607.4 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

607.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

607.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

(a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime execution.

(b) A clear explanation of the affiant's training, experience and relevant education.

(c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.

(d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.

(e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.

(f) A specific description of the location to be searched, including photographs of the location, if reasonably available.

(g) A sufficient description of the items to be seized.

(h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

607.7 HIGH-RISK WARRANT SERVICE

The deputy chief or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

(a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.

(b) The warrant service is video-recorded when practicable and reasonable to do so. The warrant service may be audio-recorded when announcing to everyone present that

Published with permission by Bainbridge Island Police Department

the conversation is going to be recorded and said announcement is recorded except if allowed by the warrant (RCW 9.73.030).

(c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.

(d) Reasonable efforts are made during the search to maintain or restore the condition of the location.

(e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.

(f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).

(g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.

(h) A copy of the search warrant is left at the location.

(i) The condition of the property is documented with video recording or photographs after the search.

607.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

607.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

607.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The deputy chief will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the deputy chief. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Bainbridge Island Police Department are utilized appropriately. Any concerns regarding the requested use of Bainbridge Island Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Shift Sergeant should assume this role.

If officers intend to serve a warrant outside Bainbridge Island Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Bainbridge Island Police Department when assisting outside agencies or serving a warrant outside Bainbridge Island Police Department jurisdiction.

607.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.12 TRAINING

The Deputy Chief should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

The supervisor shall direct a memo to the appropriate Supervisor, which shall include the results of his/her investigation and whether the employee followed proper procedures. The supervisor's report shall address whether reasonable care was taken to prevent the loss or damage.

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police who will then forward the claim to the Finance Department.

The Department will not replace or repair luxurious or overly expensive items (jewelry, exotic equipment, etc.) that are not reasonably required as a part of work.

700.3.1 REPORTING REQUIREMENT

A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. 701.2 POLICY

The Bainbridge Island Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

Crime Analysis

800.1 PURPOSE AND SCOPE

Crime analysis should provide currently useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interrogations and arrests. Crime analysis can be useful to the Department's long range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

800.2 DATA SOURCES

Crime analysis data is extracted from many sources including, but not limited to:

- Crime reports
- Field Interview cards
- Parole and Probation records
- Computer Aided Dispatch data
- Electronic Traffic Information Processing (eTRIP) data

800.3 CRIME ANALYSIS FACTORS

The following minimum criteria should be used in collecting data for Crime Analysis:

- Frequency by type of crime
- Geographic factors
- Temporal factors
- Victim and target descriptors
- Suspect descriptors
- Suspect vehicle descriptors
- Modus operandi factors
- Physical evidence information

800.4 CRIME ANALYSIS DISSEMINATION

For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to them. Information relevant to the development of the Department's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.

(e) Right of Refusal: Items not properly processed, as determined by the Evidence Technician, will not be accepted in to the custody of the Property Unit. The submitting officer will be notified via Department email to correct any problems with such items. A courtesy copy of these emails will be sent to the employee's supervisor for their information. The item(s) will be placed in a designated refusal locker and the key in a sealed envelope in their inbox.

(f) When the property is too large to be placed in a locker, officers shall contact appropriate evidence personnel to respond and process accordingly. An exception may be made for large items that have no evidentiary value and are not high-risk or high-value (i.e. firearms, narcotics, valuables).

801.3.2 NARCOTICS AND DANGEROUS DRUGS

All narcotics and dangerous drugs shall be booked separately using a separate property record.

It is the responsibility of the Evidence Technician to manage and control all property directed to them. Property will be stored, retrieved, released, disposed of, and all changes in custody properly and fully documented according to policies and procedures outlined within this policy.

Each time the Evidence Technician receives property, changes its location in the property room or releases property to another person, he/she shall record this information in the computerized property control system (Evidence-on-Q) to maintain chain of custody.

A bar code label will be generated for each item of property and attached to the item. The system records the movement of every piece of property by date, location, reason, and person.

Drugs will be weighed using a calibrated scale whenever they enter or leave the property room.

801.4.1 RESPONSIBILITY OF OTHER PERSONNEL

Every time property is released or received, an appropriate entry in the computerized tracking system shall be completed to maintain the chain of possession. Any employee receiving property shall be responsible for such property until it is properly returned to property or properly released to another authorized person or entity.

Request for laboratory analysis for items shall be submitted to the Evidence Technician. This request may be filled out any time after submission of the property or evidence.

801.4.2 TRANSFER OF EVIDENCE TO CRIME LABORATORY

The Evidence Technician releasing the evidence must complete the required information on the request for laboratory analysis and in the property control system. The lab forms will be transported with the property to the examining laboratory. Upon delivering the item involved, the delivery time will be recorded on both copies, and indicate the employee to whom it was delivered. The original copy of the lab form will remain with the evidence and the copy will be returned to the Evidence Technician for filing.

If the evidence is mailed to the lab, the property and evidence technician shall ensure it is shipped by certified mail or other trackable method.

801.4.3 AUTHORITY TO RELEASE PROPERTY

No property or evidence is to be disposed of or released without first receiving written authorization from the court, prosecutor, a supervisor, or investigating officer. Items identified as found property may be released by the Evidence Technician in accordance with RCW 63.21.050.

801.4.4 RELEASE OF PROPERTY

attempt to identify the lawful owner and provide written notice via US Mail within 15 days after the property is authorized to be released.

If the property remains unclaimed beyond sixty days after the initial written notice to the property owner, or, in the case of property held as evidence, sixty days from the date when the case has been finally adjudicated and the property has been released as evidence by order of the court, the Department may (RCW 63.32.010; RCW 63.40.010):

(b) Retain the property for the use of the Department subject to giving notice in the manner prescribed in RCW 63.32.020 (or RCW 63.40.020) and the right of the owner, or the owner's legal representative, to reclaim the property within one year after receipt of notice, without compensation for ordinary wear and tear if, in the opinion of the Chief of Police, the property consists of firearms or other items specifically usable in law enforcement work, provided that at the end of each calendar year during which there has been such a retention, the Department shall provide the City's elected body and retain for public inspection a list of such retained items and an estimation of each item's replacement value. At the end of the one-year period any unclaimed firearm shall be disposed of pursuant to RCW 9.41.098(2).

(c) Destroy an item of personal property at the discretion of the Chief of Police if he/she determines that the following circumstances have occurred:

1. The property has no substantial commercial value, or the probable cost of sale exceeds the value of the property; and
2. The item has been unclaimed by any person after notice procedures have been met, as prescribed in this section; and
3. The Chief of Police has determined that the item is unsafe and unable to be made safe for use by any member of the general public.

If the item is not unsafe or illegal to possess or sell, it may, after satisfying the notice requirements as prescribed in RCW 63.32.020, be offered by the Chief of Police to bona fide dealers, in trade for law enforcement equipment. Such equipment shall be treated as retained property for purpose of annual listing requirements of the RCW. Such items may be destroyed at the discretion of the Chief of Police if he/she believes that it has been, or may be used in a manner that is illegal (RCW 63.32.010).

The Evidence Technician shall release the property upon proper identification being presented by the owner for which an authorized release has been received. A signature of the person receiving the property shall be recorded on the original property form. After release of all property entered on the property control card, the card shall be forwarded to the Senior Police Clerk for filing with the case. All parties should be advised that their claims are civil and in extreme situations, legal counsel for the Department may wish to file an interpleader to resolve the disputed claim.

801.4.6 CONTROL OF NARCOTICS AND DANGEROUS DRUGS

The Evidence Technician will be responsible for the storage, control, and destruction of all narcotics and dangerous drugs coming into the custody of this department.

The Evidence Technician shall complete a visual inspection to detect possible tampering for any narcotic or dangerous drug prior to destruction. The inspection shall be witnessed by another member who does not have access to the evidence room.

The defendant may only view these materials while in the presence of his/her attorney or an individual appointed by the court either at this department or a neutral facility as approved by the court (RCW 9.68A.170). Any request for inspecting such material should be brought to the attention of the assigned investigator or an investigation supervisor.

801.5 DISPOSITION OF PROPERTY

All personal property, other than vehicles governed by Chapter 46.52 RCW, not held for evidence in a pending criminal investigation or proceeding, and held for 60 days or longer where the owner has not been located or fails to claim the property, may be disposed of in compliance with existing laws upon receipt of proper authorization for disposal. The Evidence Technician should request a disposition or status on all property which has been held in excess of 60 days, and for which no disposition has been received from a supervisor or detective (RCW 63.32.010; RCW 63.40.010).

Following the retention period, notifications should be made by certified mail and should inform the recipient that the evidence will be destroyed after a date specified in the notice unless a motion seeking an order to retain the sample is filed and served on the Department within 90 days of the date of the notification. A record of all certified mail receipts shall be retained in the appropriate file. Any objection to, or motion regarding, the destruction of the biological evidence should be retained in the appropriate file and a copy forwarded to the Detectives Supervisor.

the firearm or dangerous weapon was obtained, the Evidence Technician shall determine that the person is the lawful owner and obtain a written agreement, signed by the lawful owner under the penalty of perjury, that the firearm or dangerous weapon will be stored in a manner to prevent the individual from whom the firearm or dangerous weapon was obtained, from accessing, controlling, or possessing the firearm or dangerous weapon (RCW 9.41.801).

Upon confirmation that the individual is eligible to possess a firearm and any applicable notifications are complete, the firearm shall be released to the individual or authorized representative upon request without unnecessary delay.

If a firearm cannot be returned because it is required to be held in custody or is otherwise prohibited from release, written notice shall be provided to the individual within five business days of the date the individual requested return of the firearm. The written notice shall include the reason the firearm must remain in custody.

801.5.4 RELEASE OF FIREARMS IN EXTREME RISK PROTECTION ORDER MATTERS

(b) Confirming with the court that the extreme risk protection order is no longer in effect.

(c) Notice has been provided to a family or household member who requested notification.

801.6 INSPECTIONS, AUDITS, AND INVENTORIES OF THE EVIDENCE ROOM

(a) The Administrative Supervisor shall arrange for routine and/or unannounced inspections and audits of the property and evidence room to ensure adherence to appropriate policies and procedures. The scope of the audit will be directed by the Chief of Police.

A report will be submitted up the chain of command following each audit. Any deficiencies will be corrected within a reasonable period of time, and a report addressing the fixes will accompany the inspection records.

Whenever a new employee is assigned to the property room, a complete inventory of the property room will be conducted. This inventory will be conducted jointly by the newly assigned employee and a designee of the Chief of Police to ensure the records are correct and all property is accounted for. Any discrepancies should be recorded prior to the assumption of accountability by the new employee.

At the discretion of the Chief of Police, a complete inventory of the property room may be conducted at any time.

900.3.2 SUPERVISION IN TEMPORARY CUSTODY

An authorized department member capable of supervising shall be present at all times when an individual is held in temporary custody. The member responsible for supervising should not have other duties that could unreasonably conflict with his/her supervision. Any individual in custody must be able to summon the supervising member if needed. If the person in custody is deaf or hard of hearing or cannot speak, accommodations shall be made to provide this ability.

At least one female department member should be present when a female adult is in temporary custody. In the event that none is readily available, the female in custody should be transported to another facility or released pursuant to another lawful process.

Absent exigent circumstances, such as a medical emergency or a violent subject, members should not enter the cell of a person of the opposite sex unless a member of the same sex as the person in custody is present.

No individual in custody shall be permitted to supervise, control or exert any authority over other individuals in custody.

The officer responsible for an individual in temporary custody should evaluate the person for any apparent chronic illness, disability, vermin infestation, possible communicable disease or any other potential risk to the health or safety of the individual or others. The officer should specifically ask if the individual is contemplating suicide and evaluate him/her for obvious signs or indications of suicidal intent.

The receiving officer should ask the arresting officer if there is any statement, indication or evidence surrounding the individual's arrest and transportation that would reasonably indicate the individual is at risk for suicide or critical medical care. If there is any suspicion that the individual may be suicidal, he/she shall be transported to the appropriate jail or the appropriate mental health facility.

The officer should promptly notify the Shift Sergeant of any conditions that may warrant immediate medical attention or other appropriate action. The Shift Sergeant shall determine whether the individual will be placed in a cell, immediately released or transported to jail or other facility.

900.4.1 SCREENING AND PLACEMENT

The officer responsible for an individual in custody shall:

(a) Advise the Shift Sergeant of any significant risks presented by the individual (e.g., suicide risk, health risk, violence).

(b) Evaluate the following issues against the stated risks in (a) to determine the need for placing the individual in a single cell:

1. Consider whether the individual may be at a high risk of being sexually abused based on all available known information (28 CFR 115.141), or whether the person is facing any other identified risk.
2. Provide any individual identified as being at a high risk for sexual or other victimization with heightened protection. This may include (28 CFR 115.113; 28 CFR 115.141):
    (a) Continuous, direct sight and sound supervision.

(b) Forward any communication from the individual to his/her consular officers without delay.

900.4.3 NOTICE TO INDIVIDUALS

Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Bainbridge Island Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

Some property may not be accepted by a facility or agency that is taking custody of an individual from this department, such as weapons or large items. These items should be retained for safekeeping in accordance with the Property and Evidence Policy.

(a) The legal rights of candidates are protected.

(b) Material and information to be considered are verified, accurate and validated.

Evaluation of Employees

1001.1 PURPOSE AND SCOPE

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1001.2 POLICY

The Bainbridge Island Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1001.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

1001.4 FULL TIME PROBATIONARY PERSONNEL

Civilian personnel are on probation for a period of 6 months before being eligible for certification as permanent employees. An evaluation is completed at the end of the probation period and on an annual basis thereafter for all full-time civilian personnel.

For entry level sworn personnel,the probationary period is 12 months after the completion of the Washington State Basic Law Enforcement Academy. For lateral hires, probation is 12 months after the employee's date of hire. Probationary officers are evaluated daily and monthly during the field training phase and on an annual basis thereafter.

1001.5 FULL-TIME PERMANENT STATUS PERSONNEL

Permanent employees are subject to three types of performance evaluations:

Regular - An Employee Performance Evaluation shall be completed once each year by the employee's immediate supervisor.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer, then an evaluation shall be completed by the current supervisor with input from the previous supervisor.

Special - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (action plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

1001.5.1 RATINGS CRITERIA

When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

Standard - Is based on the metric average of all employees with that Essential Function in their Job Description.

Above Standard - Is considered the top 15% of all employees with that Essential Function in their Job Description.

Below Standard - Is considered the bottom 10% of all employees with that Essential Function in their Job Description.

Not Observed - Should only be used if the employee is not called upon to perform that Essential Function during that reporting period.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

Any evaluation of Above Standard, Below Standard or Not Observed must be justified in writing with supporting documentation attached. The Standard is not an absolute, and extenuating circumstances should be taken into account by the supervisor performing the evaluation. Other factors, both positive and negative, should also be taken into consideration with supporting documentation attached.

All Below Standard evaluations require a **Performance Improvement Plan** by the evaluator within 30 days of the final Performance Evaluation being presented to the employee.

1001.6 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Permanent employees may also write comments in the Employee Comments section of the performance evaluation report.

1001.7 EVALUATION REVIEW

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the Chief of Police. The Chief of Police shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Chief of Police shall evaluate the supervisor on the quality of ratings given.

1001.8 EVALUATION DISTRIBUTION

The original performance evaluation shall be maintained in the employee's personnel file in the office of the Chief of Police for the tenure of the employee's employment. A copy will be given to the employee and a copy will be forwarded to City Human Resources.

1001.9 REMEDIAL TRAINING

When an employee fails to perform a job function at the level prescribed in this policy manual, remedial training may be necessary to ensure that employee has the knowledge and skills necessary to perform at an acceptable level.

Whenever an employee receives an evaluation rating of **Below Standard**, receives a Special Evaluation to document a performance deficiency, or is receiving discipline for a performance deficiency, the supervisor should consider whether remedial training would be appropriate to assist the employee in improving their performance.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

(a) If remedial training is deemed to be appropriate, the supervisor shall document the following items in a Personnel Performance Improvement Plan (PIP):

1. The remedial training being provided.
2. The timeline for providing the training.
3. The timeline for evaluating the employee's subsequent performance.
4. The consequences if the employee fails to perform.
5. The desired outcome if the remediation is successful.

(b) Prior to implementing the remedial training, the supervisor shall present the PIP to the employee who shall then be provided with ten days to respond with any objections or other comments.

(c) If the employee fails to provide a timely written response or expresses no desire to respond, the employee's date and signature shall be affixed to the PIP as agreement to its terms.

(d) If the employee provides a timely written response, any objections shall be adjudicated in accordance with the department's grievance procedure.

The remedial training process is for use with all employees. It is not limited to use with probationary employees.

Grievance Procedure

1002.1 PURPOSE AND SCOPE

It is the policy of this department that all grievances be handled quickly and fairly without discrimination against employees who file a grievance whether or not there is a basis for the grievance. Our Department's philosophy is to promote a free verbal communication between employees and supervisors.

1002.1.1 GRIEVANCE DEFINED

Grievance - Is any dispute involving the interpretation or application of any of the following documents by the person affected:

- The employee bargaining agreement (Memorandum of Understanding).
- This Policy Manual.
- City rules and regulations covering personnel practices or working conditions.

Grievances may be brought by an individual affected employee or by a group representative.

Specifically outside the category of grievance are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy or federal, state, or local law set forth in the Personnel Complaints Policy.

1002.2 PROCEDURE

If an employee believes that he/she has a grievance, then that employee shall follow the procedures outlined in thier collective bargaining agreement.

1002.3 EMPLOYEE REPRESENTATION

1002.4 GRIEVANCE RECORDS

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to Administrative Services for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the City Manager's office to monitor the grievance process.

1002.5 GRIEVANCE AUDITS

The Deputy Chief shall perform an annual audit of all grievances filed the previous calendar year to evaluate whether or not any policy/procedure changes or training may be appropriate to avoid

future filings of grievances. The Deputy Chief shall record these findings in a confidential and generic memorandum to the Chief of Police without including any identifying information from any individual grievance. Anti-Retaliation

1003.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance, or collective bargaining agreement or memorandum of understanding.

1003.2 POLICY

The Bainbridge Island Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1003.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

1003.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Human Resources Manager.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1003.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

(e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.

(f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.

(g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.

(h) Not interfering with or denying the right of a member to make any complaint.

(i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

1003.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

(a) Communicating to all members the prohibition against retaliation.

(b) The timely review of complaint investigations.

(c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.

(d) The timely communication of the outcome to the complainant.

1003.7 WHISTLE-BLOWING

Washington law protects employees who make good faith reports of improper government actions. Improper government actions include violations of Washington law, abuse of authority, gross waste of funds, and substantial and specific danger to the public health or safety (RCW 42.40.010 et seq.; RCW 49.60.210; RCW 42.41.010 et seq.).

Reporting of Arrests, Convictions, and Court Orders

1004.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions, and court orders restrict their ability to perform the official duties and responsibilities of the Bainbridge Island Police Department. This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction, or court order disqualifies them from possessing a firearm (RCW 43.101.135).

1004.2 POLICY

The Bainbridge Island Police Department requires disclosure of member arrests, convictions, and certain court orders to maintain the high standards, ethics, and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Department

1004.3 DOMESTIC VIOLENCE CONVICTIONS AND RESTRAINING ORDERS

Washington and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; RCW 9.41.040; RCW 9.41.801).

All members and retired officers with identification cards issued by the Department are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1004.4 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Washington law prohibits the possession of a firearm under the provisions of RCW 9.41.040 (unlawful possession of firearms).

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

1004.5 REPORTING

All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal detention, arrest, charge, plea, or conviction in any state or foreign country, regardless of whether the matter was dropped or rejected, is currently pending or is on appeal, and regardless of the penalty or sentence, if any.

Published with permission by Bainbridge Island Police Department

All members and all retired officers with an identification card issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Shift Sergeant or the Chief of Police) in writing if they become the subject of a domestic violence-related order or any court order that prevents the member or retired officer from possessing a firearm or requires suspension or revocation of applicable Criminal Justice Training Commission (CJTC) certification.

Any member whose criminal arrest, conviction, or court order restricts or prohibits that member from fully and properly performing his/her duties, including carrying a firearm, may be disciplined. This includes but is not limited to being placed on administrative leave, reassignment, and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on his/her own time and at his/her own expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Retired officers may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

Drug- and Alcohol-Free Workplace

1005.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1005.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1005.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Sergeant or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1005.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair the member's abilities, without a written release from the member's physician.

1005.3.2 MEDICAL CANNABIS

Possession, use, or being under the influence of medical cannabis on-duty is prohibited and may lead to disciplinary action (RCW 69.51A.060).

1005.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1005.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1005.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1005.7 SCREENING TESTS

The Department may require an employee to submit to a screening test in accordance with the City's Substance Abuse Policy and the current Collective Bargaining Agreement.

1005.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1005.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee’s other personnel files.

Sick Leave

1006.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable labor agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) or the Washington Paid Family and Medical Leave program (PFML) (29 USC § 2601 et seq.; RCW 50.04.010 et seq.).

1006.2 POLICY

It is the policy of the Bainbridge Island Police Department to provide eligible employees with a sick leave benefit.

1006.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences (RCW 49.46.210). Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both (WAC 296-128-750).

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity, or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

Qualified appointments should be scheduled during a member’s non-working hours when it is reasonable to do so.

1006.3.1 NOTIFICATION

All members should notify the Shift Sergeant or appropriate supervisor as soon as they are aware that they will not be able to report to work and within one hour before the start of their scheduled shifts, unless it is not practicable to do so. If it is impracticable and a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (WAC 296-128-650).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 10 days' notice of the impending absence (WAC 296-128-650).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1006.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish verification supporting the need to be absent and/or the ability to return to work (RCW 49.46.210; WAC 296-128-660). Members on an extended absence shall, if possible, contact their supervisors at specified intervals to provide an update on their absence and expected date of return.

1006.5 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

(a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.

(b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Human Resources as appropriate.

(c) When appropriate, counseling members regarding inappropriate use of sick leave.

(d) Referring eligible members to an available employee assistance program when appropriate.

1006.6 HUMAN RESOURCES

The Human Resources Manager shall ensure:

(a) Written or electronic notice is provided to each employee regarding applicable paid sick leave provisions as required by WAC 296-128-760.

(b) This Sick Leave Policy is readily available to all employees.

(c) Employee records are retained and preserved regarding paid sick leave information and data as required by WAC 296-128-010.

1006.7 RETALIATION

No employee shall be retaliated against for using qualifying sick leave (WAC 296-128-770).

Communicable Diseases

1007.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1007.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Bainbridge Island Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1007.2 POLICY

The Bainbridge Island Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1007.3 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes (WAC 296-823.100 et seq.):

(a) Exposure-prevention and decontamination procedures.

(b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.

(c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.

(d) Evaluation of persons in custody for any exposure risk and measures to separate them.

(e) Compliance with all relevant laws or regulations related to communicable diseases, including:

1. Bloodborne pathogen mandates including but not limited to (WAC 296-823-110 et seq.):

(a) The identification of positions with the potential for exposure.

(b) Measures to eliminate or minimize occupational exposure and how members will be informed of those measures.

(c) A plan for the distribution and use of personal protective equipment (PPE) related to communicable diseases.

(d) Directions for appropriate labeling of contaminated items.

(e) Rules regarding worksite maintenance.

(f) Rules regarding waste.

(h) Maintenance of training and medical records.

2. The Washington Industrial Safety and Health Act (RCW 49.17.010 et seq.; WAC 296-800-110 et seq.).

3. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

The ECO should also act as the liaison with the Washington Division of Occupational Safety and Health (DOSH) and may request voluntary compliance inspections. The ECO should annually review and update the exposure control plan and review implementation of the plan (WAC 296-823-11010).

1007.4 EXPOSURE PREVENTION AND MITIGATION

1007.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to:

(a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.

(b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.

(d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.

(e) Using an appropriate barrier device when providing CPR.

(f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.

(g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.

1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/ decontaminated appropriately.

(i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.

(j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1007.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (WAC 296-823-130).

1007.5 POST EXPOSURE

1007.5.1 INITIAL POST-EXPOSURE STEPS

(a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).

(b) Obtain medical attention as appropriate.

(c) Notify a supervisor as soon as practicable.

1007.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (WAC 296-823-16005):

(a) Name and Social Security number of the member exposed

(b) Date and time of the incident

(c) Location of the incident

(d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)

(e) Work being done during exposure

(f) How the incident occurred or was caused

(g) PPE in use at the time of the incident

(h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited.

Published with permission by Bainbridge Island Police Department

The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1007.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (WAC 296-823-16005).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

(a) Whether the member has been informed of the results of the evaluation.

(b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1007.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (WAC 296-823-16005).

1007.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO (WAC 296-823-16010). If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

(a) Obtaining consent from the individual.

(b) In the event that consent cannot be obtained, by contacting the local health authority who may pursue testing of the source individual for HIV or other communicable diseases (RCW 70.24.340; WAC 246-100-205).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1007.6 CONFIDENTIALITY OF REPORTS

1007.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training shall include the mandates provided in WAC 296-823-12005 et seq. and:

Smoking and Tobacco Use

1008.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Bainbridge Island Police Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1008.2 POLICY

The Bainbridge Island Police Department recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (RCW 70.160.030).

1008.3 SMOKING AND TOBACCO USE

Discipline Policy

1009.1 PURPOSE AND SCOPE

The disciplinary system of the Bainbridge Island Police Department is governed by this policy, the Civil Service Rules and any existing provisions of the current labor contract. In the event of any conflict between this policy and the Civil Service Rules, employees will be afforded all rights required by the Civil Service Rules.

1009.1.1 POLICY

Discipline is a process for dealing with job-related behavior or performance that does not meet the expected and communicated standards. It is the policy of the Bainbridge Island Police Department that disciplinary actions are administered in a consistent and fair manner across all levels of the workforce.

1009.2 PROGRESSIVE DISCIPLINE

Progressive discipline is the process of using escalating responses or measures when an employee fails to correct a problem after being given a reasonable opportunity to do so. The intent of a progressive system of discipline is to persuade the employees to accept and comply with organizational directives.

Progressive discipline does not require that all discipline begin with counseling or minor discipline, nor is there a rigid set of steps that must be followed in a particular order. The level of discipline applied will be based on the totality of the facts and circumstances of each case. In certain circumstances, it is acceptable to repeat a discipline step. For example, this may be appropriate if a significant amount of time has passed since it was last necessary to address a particular issue and the situation has only recently reappeared.

Some violations are so serious that immediate use of more significant levels of discipline, up to and including termination, is warranted for the first occurrence of misconduct.

1009.3 DISCIPLINE TABLE

	Action	Who can Give?	Due process apply?
Formal Discipline	Termination	Chief of Police	Yes
	Demotion		
	Suspension		
	Written Reprimand		
Corrective Action	Verbal Reprimand	Sergeant or above	No
	Counseling		
	Training

1009.4 CORRECTIVE ACTION

Supervisors should address and attempt to correct minor work performance or behavioral problems at the time the deficiency is observed. The goal is to prevent relatively minor issues becoming a major problem. The following list are actions that can be taken by any supervisor or manager with a subordinate. All corrective actions shall be documented. Corrective action options include:

1009.4.1 TRAINING

Training may include academy classes, in-service training, formal courses or a discussion held with the employee. The training should be specifically tailored to correct the undesirable behavior or deficiency. Depending upon the nature of the misconduct or work performance issue, the Department may elect to utilize training in conjunction with disciplinary action.

1009.4.2 COUNSELING

Counseling consists of a discussion between the supervisor and the employee that is intended to change the employee's performance or conduct. The coaching/counseling should:

(a) Identify the work performance issue.

(b) Attempt to determine the reason.

(c) Define acceptable performance.

(d) Determine steps to correct the problem.

The counseling session is summarized in the performance evaluation system which provides a written record of the counseling. The record should identify the work performance issue discussed, describe expected change and set timelines for improvement. The employee should be warned of the consequences for failing to correct the work performance issue and acknowledge in the performance evaluation system that the counseling has taken place.

1009.4.3 VERBAL REPRIMAND

Verbal reprimands may be issued to a subordinate by a supervisor, up to and including the Chief of Police.

1009.5 FORMAL DISCIPLINE

In cases involving serious violations, or where corrective action has been unsuccessful, formal discipline may be used to correct an employees' behavior or performance. The formal discipline steps are:

(a) Written Reprimand.

(b) Suspension.

(c) Demotion.

(d) Termination.

Published with permission by Bainbridge Island Police Department

1009.6 FORMAL DISCIPLINE PROCESS

1009.6.1 NOTICE OF CHARGE

In cases of sustained misconduct, the employee will be notified of the Chief's proposed action with a Notice of Charge if the action includes one of the formal discipline steps. The employee will also be provided with a copy of the materials considered by the Chief in recommending the proposed discipline. A copy of the Notice of Charge and proof of service will be filed with the Civil Service Examiner.

1009.6.2 PRE-DISCIPLINARY HEARING

When formal discipline is recommended, the Chief of Police shall provide the employee with a pre-disciplinary hearing. The hearing is an opportunity for the employee to present any additional facts to be considered. The employee may waive the hearing.

1009.6.3 PENALTY CONSIDERATIONS

The following factors should be considered in determining the appropriate level of discipline:

(a) The seriousness of the offense as it relates to the nature and extent of damage, or the potential damage or future liability to the Department.

(b) The need to convey a strong deterrent effect to the employee, as well as other employees, to prevent similar infractions from occurring.

(c) The degree of employee culpability (i.e., fault) and the employee's attitude about acknowledging wrongdoing and making a commitment to improve; this includes the member's cooperation in the investigation and resolution processes.

(d) The employee's previous disciplinary and performance records.

(e) Any additional mitigating or aggravating factors.

Because the appropriateness of a penalty depends on the particular circumstances of each case, variations of penalties for similar offenses are inevitable.

1009.6.4 DISCIPLINE IMPOSED

In addition to the actions listed in this policy, the Chief of Police may impose formal discipline singly or in combination with other discipline types. The Chief of Police may also develop and impose unique discipline solutions outside the above listed discipline schedule. This may include conduct agreements or other methods of dealing with the misconduct which the City and guild or union find satisfactory and applicable to the situation.

Once the Chief of Police has issued a written decision, the discipline will be imposed.

1009.7 APPEAL

An employee shall have the right to appeal any formal disciplinary action imposed by the Chief through one of the following means:

(a) As provided for in the Civil Service Rules, or

(b) Any grievance procedures outlined in the collective bargaining agreement.

Copyright Lexipol, LLC 2022/12/01, All Rights Reserved.
Published with permission by Bainbridge Island Police Department

1009.8 DOCUMENTATION AND RETENTION

Documentation of corrective action retained by a supervisor for evaluation purposes should be purged at the time of the yearly evaluation. Any electronic copies should also be deleted. The goal is to simplify compliance with the Washington Public Records Act-R.C.W. 42.56 by maintaining a single copy in a central repository.

All documents related to corrective or disciplinary action shall be forwarded to the Deputy Chief for filing and retention. The Deputy Chief shall maintain the original record for at least the minimum retention period specified by the applicable records retention schedule. Additionally, all documents related to imposed formal discipline shall be forwarded to the Civil Service Examiner and Human Resources.

1009.9 NOTIFICATION TO CJTC CERTIFICATION BOARD

Upon termination of a peace officer for any reason, including resignation, the agency of termination shall, within fifteen days of the termination, notify CJTC on a personnel action report form provided by the commission. The agency of termination shall, upon request of CJTC, provide such additional documentation or information as the commission deems necessary to determine whether the termination provides grounds for revocation of the peace officer's certification (RCW 43.101.135).

Seat Belts

1010.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

1010.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and regulations set forth in 49 CFR 571.213 and RCW 46.61.687(6).

1010.2 POLICY

It is the policy of the Bainbridge Island Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1010.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Department, are properly restrained (RCW 46.61.688; RCW 46.61.687).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

1010.4 TRANSPORTING CHILDREN

A child restraint system shall be used for all children of an age, height or weight for which such restraints are required by law (RCW 46.61.687).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer’s design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side air bag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

Published with permission by Bainbridge Island Police Department

1010.5 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints (WAC 204-41-030).

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1010.6 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1010.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer’s operator requirements for safe use.

1010.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1011.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1011.2 POLICY

It is the policy of the Bainbridge Island Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1011.3 ISSUANCE OF BODY ARMOR

The Administrative Services supervisor shall ensure that body armor is issued to all officers when the officer begins service at the Bainbridge Island Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Administrative Services supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1011.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

(a) Officers shall only wear agency-approved body armor.

(b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.

(c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.

(d) Body armor shall be worn when an officer is working in uniform or taking part in Department range training.

(e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1011.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body

armor should be conducted by an authorized designee for fit, cleanliness and signs of damage, abuse and wear.

1011.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR
Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1011.4 RANGEMASTER RESPONSIBILITIES

The Armorer should:

(a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.

(b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

(c) Provide training that educates officers about the safety benefits of wearing body armor.

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child.

1015.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing child for up to two years after the child's birth (29 USC § 207; RCW 43.10.005).

1015.3 LACTATION BREAK TIME

A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Lactation breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Employees desiring to take a lactation break shall notify CenCom or a supervisor prior to taking such a break and such breaks may be reasonably delayed if they would seriously disrupt department operations.

Overtime Compensation Requests

1016.1 PURPOSE AND SCOPE

In order to qualify for either, the employee must complete and submit an overtime request as soon as practical after overtime is worked.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed the maximum allowed hours of compensatory time according to the current collective bargaining agreement.

1016.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Administrative Services Section. Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1016.2.1 EMPLOYEES RESPONSIBILITY

Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor. Employees submitting overtime requests for on-call pay when off duty shall submit cards to their supervisor the first day after returning for work.

1016.2.2 SUPERVISORS RESPONSIBILITY

The supervisor who approves the overtime earned shall verify that the overtime was worked before approving the request.

After the entry has been made on the employee's time sheet, the overtime request is attached to the timesheet and forwarded to the employee's supervisor for final approval.

1016.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the Collective Bargaining Agreements provides that a minimum number of hours will be paid.

1016.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

This policy governs secondary employment, delineates the types of secondary employment that are appropriate, and establishes procedures to maintain accountability of work outside regular assigned work shifts. If an employee terminates his/her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees are also required to disclose material changes in outside employment that occur after approval of outside employment has been granted to the Chief of Police in writing. For the purpose of this policy, such changes include any material change in the number of hours, type of duties or demands of outside employment. Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor’s orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

1018.2 POLICY

The Bainbridge Island Police Department will address occupational diseases and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (RCW 51.28.010 et seq.).

1018.3 RESPONSIBILITIES

1018.3.1 EMPLOYEE RESPONSIBILITIES

Any employee sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate.

1018.3.2 SUPERVISOR RESPONSIBILITIES

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related Citywide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and the Accident, Illness and Injury Prevention policies apply and take additional action as required.

1018.3.3 SUPERVISOR RESPONSIBILITIES

The Supervisor who receives a report of an occupational disease or work-related injury should review the report for accuracy, complete the supervisor portion of the form, and determine what additional action should be taken. The report shall then be forwarded to Human Resources to ensure any required Department of Labor and Industries reporting is made as required in the accident, illness and injury prevention plan identified in the Accident, Illness and Injury Prevention Policy.

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Temporary Modified-Duty Assignments

1024.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules or current collective bargaining agreements or memorandums of understanding. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1024.2 POLICY

Subject to operational considerations, the Bainbridge Island Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1024.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the Washington Law Against Discrimination shall be treated equally, without regard to any preference for a work-related injury.

No position in the Bainbridge Island Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle or engaging in outside employment, or may otherwise limit them in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1024.4 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

The Chief of Police or the authorized designee shall confer with the Human Resources or the City Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Shift Sergeant or Supervisor, with notice to the Chief of Police.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1024.7 PREGNANCY

If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth, or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

Nothing in this policy limits a pregnant employee's right to a temporary modified-duty assignment if required under RCW 43.10.005 or WAC 357-26-030 et seq.

1024.7.1 NOTIFICATION

Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Bainbridge Island Police Department will carefully balance the individual employee’s rights against the Department’s needs and interests when exercising a reasonable degree of control over its employees’ speech and expression.

1025.3 SAFETY

Employees must take reasonable action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1025.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1025.5 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Policy for additional guidance).

1025.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.

2. As public employees, department personnel are cautioned that speech on- or off-duty, made pursuant to their official duties,"that is, that owes its existence to the employee's professional duties and responsibilities,"is not protected speech under the First Amendment and may form the basis for discipline if deemed detrimental to the department. Department personnel should assume that their speech and related activity on social media sites will reflect upon their office and this department.

3. Department personnel shall not post, transmit, or otherwise disseminate any information to which they have access as a result of their employment without written permission from the chief executive or his or her designee.

Personnel Complaints

1027.1 PURPOSE AND SCOPE

This policy provides the guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Bainbridge Island Police Department.

1027.1.1 DEFINITIONS

Personnel Complaints: An allegation of misconduct or improper job performance against a Department employee that, if true, would constitute a violation of Department policy, federal, or state law.

Department Complaint: An expression of dissatisfaction from an external source with a policy, procedure, practice, philosophy, service level or legal standard of the Department that is not directed at a specific officer or group of officers.

1027.2 COMPLAINTS

It is the policy of the Department to accept and investigate all complaints of employee misconduct and wrongdoing from any citizen.

Any employee receiving a citizen's allegation against any other employee of the Department shall obtain the name, address, and phone number of the person and forward this information to a supervisor as soon as possible, regardless of whether or not the complainant wishes to come forward.

Anonymous complaints and third party complaints will be accepted and investigated to the extent possible given the information that is provided.

A complaint may be filed in person, in writing, or by telephoning the Department. Although not required, every effort should be made to have the complainant appear in person.

When the complainant is intoxicated to the point where his/her credibility appears to be unreliable, identifying information should be obtained and the person should be provided with a Personnel Complaint form and contacted by a supervisor when the complainant is sober.

Depending on the urgency and seriousness of the allegations involved, complaints from juveniles should generally be taken only with their parents or guardians present and after the parents or guardians have been informed of the circumstances prompting the complaint.

When an allegation about an employee is made directly to that employee, that employee shall notify a supervisor immediately.

If the complainant does not speak English, a suitable translator should be utilized.

Complainants shall not be required to appear in person, return to the Department at another time, swear under oath, participate in truth verification exams or acknowledge that making a false complaint is a crime for which they may be prosecuted or sued.

Published with permission by Bainbridge Island Police Department

Complaints made against the Deputy Chief should be reported directly to the Chief of Police. Any person wishing to complain about the Chief of Police will be directed to the City Manager.

If a complainant indicates they wish to withdraw their complaint at any point, they shall not be required to participate in the process. The investigation will continue to the extent possible without the complainant's assistance.

No employee shall harass (or cause another to), verbally abuse, or threaten any person who files a complaint.

1027.2.1 DOCUMENTATION OF COMPLAINTS

Citizen complaint forms are available at the front counter or may be obtained from any supervisor. Complainants will not be required to fill out the citizen complaint form if they do not want to do so, nor will a citizen complaint form be a condition or prerequisite for investigating an allegation.

Complaints should also be documented by a supervisor on an approved form. If the complaint is minor and can be adequately handled at the supervisory level, the supervisor shall include a summary of actions taken and a disposition of the complaint.

The complaint form and any relevant documentation will be collected as a complaint packet. The packet will be sent to the Deputy Chief who will take appropriate action and forward the complaint to the Chief of Police.

(b) Responding to all complaints in a courteous and professional manner.

(c) Resolving those personnel complaints that can be resolved immediately.
