PRR EPD-2025-3772

Mr. May,

The City is in receipt of your public records request for:

**“non-email records that detail how ALPR/Flock camera locations were selected, including criteria, methodologies, scoring rubrics, maps/heat maps, datasets used (crime, CFS, traffic), equity/privacy impact analyses, siting plans (“camera placement plans”), and any MOUs/permissions related to placement on public or private property. Include revisions/updates over time and any vendor-provided siting analyses.”**

The City has determined that it does not possess records responsive to **“non-email records that detail how ALPR/Flock camera locations were selected, including criteria, methodologies, scoring rubrics, maps/heat maps, datasets used (crime, CFS, traffic), equity/privacy impact analyses, siting plans (“camera placement plans”)”** The requested information was not retained by the City and therefore has no records responsive to this element of your request.

The City is not the custodian of **“MOUs/permissions related to placement on public or private property. Include revisions/updates over time and any vendor-provided siting analyses”** The City recommends requesting this information from Flock Safety, the vendor responsible for camera site installations.

If an exemption has been asserted, you may seek review of that decision pursuant to ORS 192.415.

Sincerely,

**Chris Stetson**

Public Records Program Supervisor
