			\$0.00

Taxes shown above are provided as an estimate. Actual taxes are the responsibility of the Customer. This Agreement will automatically renew for successive renewal terms of the greater of one year or the length set forth on the Order Form (each, a "Renewal Term") unless either Party gives the other Party notice of non-renewal at least thirty (30) days prior to the end of the then-current term.

Special Terms:

- Community Program will be subject to pre-payment by Customer. After 270 days, if more than 25% of the pre-paid connections have not been utilized, the outstanding connections will automatically be converted to Customer-subscribed Flock Safety Wing(s). No additional signature will be required for automatic conversion to Flock Safety Wing. In the alternative, Customer will have the option to convert unused funds from the pre-paid connections to purchase Flock Hardware (including, Flock Safety Falcon, Flock Safety Raven, Flock Safety Condor, etc.). Customer signature shall be required to convert pre-paid connections to Flock Hardware. For the avoidance of doubt, all conversions will: 1) be subject to Flock's Terms and Conditions including but not limited to the Reinstall Fee Schedule; and 2) will become part of Customer's Flock Service subscription and automatically renew for successive renewal terms of the greater of one (1) year or the length set forth on the Order Form, unless Customer gives Flock notice of non-renewal at least thirty (30) days prior to the end of the Term. Customer shall not be entitled to a refund for the Community Program, including for any unused funds or connections. Customer represents and warrants that Customer will obtain permission for Flock to install Flock Hardware related to the Community Program on any third-party property.

Professional Services - Advanced Implementation Fee	One-time Professional Services engagement. Includes site & safety assessment, camera setup & testing, and shipping & handling in accordance with the Flock Safety Advanced Implementation Service Brief.

FlockOS Features & Description

FlockOS Features	Description
Wing Gateway, Wing Cloud, Wing VMS	Unlocks access to purchase Wing.
Custom Map Layers	The FlockOS® Map is powered by ESRI, which offers the ability for 3D visualization, viewing of floor plans, and layering of external GIS data.
Axon BWC (Body Worn Camera) Locations	Locate patrol officers and their BWC device statuses in one unified map view, optimizing coordination and response times.
Map PDF Attachments	
Camera Registry Program	Access a customizable, fully-hosted camera registry website to quickly identify nearby video sources during incidents. Strengthen community ties by incorporating fixed camera feeds from local schools, businesses, and neighborhoods. The interactive map lets you spot relevant cameras so you can easily contact camera owners to assist in investigations.
Automatic Vehicle Location (AVL) Connection	Boost situational awareness by displaying the Automatic Vehicle Location of patrol vehicles or other assets. This feature ensures resources are effectively allocated and response times are minimized.
Computer Aided Dispatch (CAD) Connection	Seamlessly incorporates your CAD system into FlockOS®. This crucial connection ensures that calls-for-service, locations, and actionable intelligence are displayed side-by-side, driving efficient call resolutions.
Floor Plans	Equip officers with detailed indoor layouts by layering building floor plans on the interactive ESRI-based map, enhancing tactical decision-making during incidents.
Drone Video Integration	Access live drone video feeds, locations, and device statuses in one unified map view, increasing situational awareness and driving safe responses to critical incidents.
FirstTwo Connection	Law enforcement agencies that already have an account with FirstTwo can enhance their Map by integrating vital intelligence to drive more informed responses. When there's an incident, like a License Plate Recognition (LPR) alert or a Computer Aided Dispatch (CAD) Call for Service, FlockOS will show markers on the buildings near the incident. By clicking on a building marker, information about the residents in that building will be displayed. This includes their names, ages, addresses, and a link to FirstTwo for phone numbers and additional details.
Regionalization Support	Enhance collective response and communications across your geographical region by pooling resources, technology, and intelligence. With FlockOS® Elite, you can share integrated CAD systems and cameras with neighboring agencies to coordinate quick responses to emerging threats and crime patterns, creating a safer community for residents in your broader area while maximizing resources.
Real-Time Routing	Promote safety by utilizing camera streams and vehicle history to predict a vehicle's direction of travel, minimizing the risks associated with vehicle pursuits.
SSO	Ability to sign into the Flock Safety platform via Okta Single Sign On (SSO). This increases login speed and information security.

By executing this Order Form, Customer represents and warrants that it has read and agrees to all of the terms and conditions contained in the previously executed agreement.

The Parties have executed this Agreement as of the dates set forth below.
