All,

Flock advised they would be installing the camera on 10/21/2025. If you haven't, I would recommend you check your accounts to ensure you have access. If there are issue with logging into your account email me and I can make the adjustments on my end. You'll also want to ensure that a link to the website is on your MDT and you'll want to be logged in during shift to receive alerts. I can also setup the app on your phones.

I'll be getting more information as we get closer to our go-live date, but I've included a link to the Flock Safety Resource Center that you can review to familiarize yourself with how Flock works.

I'll provide further information as it becomes available.
