Hello Chief Paulus -

I just wanted to reach out and confirm that we are still pending IDOT approval in order to move forward with the installations of your remaining ALPR (Camera 1).

We will continue to check in with IDOT until the permit for the new location has been issued.

I am adding @Alexandra Catozzi to this email chain. She is helping out with project management in Illinois and she will be working with you as well to get your remaining ALPRs installed. Alexandra will reach out once we have updates from IDOT.

Thank you,
