Pursuant to California Senate Bill 34 and Civil Code section 1798.90.55(b), ALPR data is subject to strict statutory protections. The law provides that an ALPR end-user or operator “shall not sell, share, or transfer ALPR information, except to another public agency, and only as otherwise permitted by law.”

In responding to any PRA request or compulsory process seeking ALPR information, California law enforcement agencies must consider all applicable privileges and exemptions. ALPR information includes sensitive law enforcement data and is restricted from public disclosure under

state law. As such, the City is prohibited from releasing ALPR information except in the narrow circumstances expressly allowed by statute, none of which applies to the request at hand.

For these reasons, the City must withhold the ALPR information you requested.  
Please contact this office if you have any questions regarding the information provided in this letter.

Sincerely,

A handwritten signature in blue ink that reads "Janell a. Martin".
