 Sam,

Good Morning, I went back through the previous communications your team had with Flock. It looks like you had built out this map - [REDACTED] If these are the same locations you would like to move forward with, here is an up to date agreement. If you are looking to have this in for next School year I would recommend having everything signed off by June 15th. I look forward to speaking to your team Friday.

Regards,

Good afternoon!

We have had a slight restructuring within the school safety team here at Flock. I will now only be aligned with some of the larger school districts across the country, working with local law enforcement agencies will be working with the districts their agencies help protect. You are fortunate to get Dan Murdock; he is one of our br area well!

Dan, Fenton has a School Board meeting to discuss these in more detail.

You all are in great hands with Dan!

That is a very common concern with Board Members. I think one of the best things we could do is schedule some time with our External Affairs department, who we get something on the calendar on January 10-12 or the week of Jan 15th? I will be OOO from 1.1-1.9.

I have attached a document that goes over a few of the highlights of our privacy policies.

If you will be working next week, I would be happy to schedule some time with you then as well.

Please let me know!

Thank you! I had just gotten on a call with my Manager, so I couldn't hop over, but I did share with him some of the details. I also received an email as well.

For the Board meeting, we do have a wonderful External Affairs team that can help by providing any documentation if needed. Would you like me to meet with you and the team?

One other question for you, do you know if this will be paid for using a grant, general funds, or held off until a new budget cycle? Any info on that would be appreciated.

Thanks again,

**Todd Ellis**

Book Time with Me

On Tue, Nov 7, 2023 at 2:19 PM Todd Ellis <todd.ellis@flocksafety.com> wrote:

Gentleman,

Thank you for allowing me to present our solution today. Sorry, you could not see the correct screen while we were talking getting to know you and learning more about some of the challenges the school system is facing. I've recapped our conversation and shared some suggested next steps.

Current Situation & How Flock Safety Can Help:

1. Provide evidence for crimes on campus, such as break-ins, missing students, and catalytic converter thefts.
2. Real-time alerts as soon as someone from the NCIC database, like a sex offender, or from a custom hot list, like bar non-custodial parents, enters the perimeter.
3. Connecting in real-time with partners in law enforcement is critical for school safety. Flock's camera network enable partner with local law enforcement to address live situations and helps solve incidents after they occur.

Proposed Next Steps:

- Deployment call to discuss locations in more detail.
- Discuss procurement and approvals required.
  - Let's schedule a time next week to discuss this in more detail.
- Finalize the agreement and begin the implementation process.
- Install cameras and be more proactive about school safety.

Additional Materials:

- Quote attached
  - If you would like to add a Falcon Flex (battery operated, ability to take offsite) we can do that. These are \$3,500.
- Locations of cameras
- Path to Partnership
- Licking Heights School District Case Study

Schools using Flock across the US:

- Clark Pleasant IN School District gets real time alerts with Flock Safety
- Fulton County Schools installs Flock Safety Falcons. School safety starts before someone steps foot on campus.
