And here is the other Ordinance that may apply to KCHA. It seems there are two levels of analysis: 1) what is the right thing to do aligned with KCHA's values and partnerships; and 2) what we are required to do by law (i.e., do these laws apply to KCHA). I recommend a lawyer review all of this to determine the second level of analysis.

Of note:

44 I. "Contractor" means a regional coalition or authority, state or local government,
45 tribe, person, firm, corporation, or partnership providing health, housing, or human
46 services in accordance with a contract with King County and including any
47 subcontractor, employee, and agent thereof.

I don't believe we are a County contractor or agent, but since the agency's existence is written into the County code and the County Council appoints our Commissioners, and "regional coalition or authority" is specifically included in this Ordinance, it should be analyzed further.

Andria --

Thank you for sharing this information.

A couple of initial thoughts.

We may want to consider turning off national sharing.

Even if we turn national sharing off, Section 5.3, under Confidentiality Disclosures, may be problematic for KCHA.

5.3 Disclosure of Footage. Subject to and during the Retention Period, Flock may access, use, preserve and/or disclose the Footage to law enforcement authorities, government officials, and/or third parties, if legally required to do so or if Flock has a good faith belief that such access, use, preservation or disclosure is reasonably necessary to comply with a legal process, enforce this Agreement, or detect, prevent or otherwise address security, privacy, fraud or technical issues, or emergency situations.

Even if the data is considered "KCHA" property, if Flock is legally required to provide the data, or there is a good faith belief such actions are reasonably necessary to comply with a legal process or an emergency situation, federal agencies may receive access to the data if legally compelled within the retention period. This language could be in violation of Keep Washington Working (KWW) Act in the event the legal action was enforcement related to immigration.

Arguably, KCHA as an agency would not be assisting, however, the data we own as an agency could be used to assist with an enforcement action.

Thanks Andria & Jessica. Attached is the Flock contract. I also copied and pasted Flock's changes in search filters and sharing, applicable to WA state. See below:

Search filter:

"To help enable compliance with Washington laws that restrict law enforcement agency actions related to immigration enforcement and reproductive health rights protected under Washington law, our Product team has created a new Search filter for your agency. This filter is designed to remove your agency's cameras from any search with a search reason that appears to indicate that the search is connected to immigration

enforcement or reproductive care. This filter will apply to all searches performed that include any of your networks, whether by your own employees or other agencies that you have shared with, such as via direct one-to-one sharing and the Statewide and Nationwide Lookup tools. We intend to turn on the filter for all law enforcement customers in the state of Washington on Friday (August 15th, 2025)."

Sharing:

Each LPR camera in your network captures vehicular evidence to help solve crime. That data belongs to you as the customer. As the system administrator, you have full control over whether and how your agency shares this information with others. Time and again, data sharing has proven invaluable—helping agencies locate kidnapped children across state lines, find missing seniors, and solve cross-jurisdictional narcotics and burglary cases. To make this possible, the Flock platform provides flexible options for sharing:

1. National sharing

- Opt into Flock's national sharing network. Access via the national lookup tool is limited—users can only see results if they perform a full plate search and a positive match exists within the network of participating, opt-in agencies. This ensures data privacy while enabling broader collaboration when needed.

2. Share with agencies in specific states only

- Share with agencies with similar laws (for example, regarding immigration enforcement and data)

3. Share within your state only or within a certain distance

- You can share information with communities within a specified mile radius, with the entire state, or a combination of both—for example, sharing with cities within 150 miles of Kansas City (which would include cities in Missouri and neighboring states) and / or all communities statewide simultaneously.

4. Share 1:1

- Share only with specific agencies you have selected

5. Don't share at all

*In some states, sharing is automatically restricted as required by law, and searches with search terms that indicate a purpose prohibited by law have been disabled in our product. For example, in Virginia, out-of-state sharing is disabled and in Illinois, accessing data for certain purposes is not allowed. **However, you are responsible for knowing your agency's laws and policies, and ensuring that you and your agency's users are using the Flock system in compliance with these rules.** Importantly, private customers never have access to law enforcement data. By giving you control over how your data is shared, Flock Safety makes it easier to collaborate across jurisdictions while maintaining compliance and protecting ownership.*

Yes, that's a lot of Flock info on one email! Feel free to review and let's discuss tomorrow on our 1 pm call.

Thanks,

Hi Ponha. Jessica was also in the meeting with Councilmember Mosqueda and has started digging in to the new County legislation. We're thinking we likely will want an attorney to weigh in but first it would be good for the three of us to get together and figure out what we collectively know, what we don't and what our specific legal questions are. Does that make sense to you?

I'll send a meeting invite, but if you think it's not needed just let us know.

It would also be helpful to me if you could please share our contract with Flock.

Ponha,

Below is the AI summary of the Keep Washington Working Act, which may restrict our usage of Flock Cameras. I was just in a meeting with Councilmember Mosqueda who believe because of the collaboration with law enforcement that use of Flock is restricted in King County based on this act that was recently passed.

Issue is regarding the storage of the data via a 3rd party that can retain data which can then be subpoenaed or obtained and used unwittingly. King County is looking for partner agencies to also restrict usage. We need to research this (not just the AI version) and find out how flock cameras are being restricted.

Robin

The Keep Washington Working (KWW) Act is a Washington state law that protects the rights of immigrant communities by restricting state and local agency collaboration with federal immigration enforcement agencies. It prohibits law enforcement, jails, and other state agencies from collecting immigration-related information, stopping or detaining individuals for civil immigration violations, or honoring federal immigration detainers without a warrant. The Act also prevents these agencies from denying services, benefits, or employment based on an individual's immigration or citizenship status, unless required by federal or state law.

What the Keep Washington Working Act Does:

- **Protects Information:**

Prohibits state agencies from inquiring about or collecting an individual's immigration or citizenship status, place of birth, or nationality unless a connection exists to a violation of state or local law.

- **Restricts Collaboration:**

Prevents local and state law enforcement, jails, and other agencies from assisting with federal immigration enforcement duties or detaining individuals for immigration purposes.

- **Prohibits Detainers (Without Warrant):**

Jails cannot honor federal immigration detainers or notify federal agents of a person's custody for a civil immigration matter without a federal immigration warrant.

- **Ensures Access to Services:**

Guarantees that individuals cannot be denied state or local services, benefits, privileges, or employment due to their immigration or citizenship status.

- **Establishes Guidelines:**

Provides guidance and model policies for state and local agencies on how to comply with the law.

Key Prohibitions for Law Enforcement and Jails:

- Stopping or detaining someone solely to determine their immigration status.
- Providing federal immigration authorities with non-public personal information of individuals in custody.
- Allowing federal agents to interview people in custody regarding civil immigration violations.
- Entering into agreements that deputize local law enforcement to perform federal immigration enforcement duties.

Purpose of the Act:

The Act aims to ensure that Washington's economy and communities remain strong by protecting all state residents, regardless of their immigration status, and by preventing local resources from being diverted to support federal immigration enforcement efforts.

120 other resources on facilitating the civil enforcement of federal immigration law or
121 participating in civil immigration enforcement operations, except where a state or federal

127 from maintaining the information.

128 B. In providing the contracted services, a contractor shall not:

129 1. For purposes of execution of federal civil immigration enforcement against
130 persons receiving services under the contract, permit ICE, CBP, or USCIS officers,
131 agents, or representatives access to nonpublic areas of the contractor's facilities, real or

Ordinance 19963

personal property, equipment, or nonpublic databases or nonpublic portions of otherwise public databases, absent a judicial criminal warrant specifying the information or persons sought, or unless otherwise required by state or federal law. Notice of all attempts or requests for access to those facilities, real or personal property, equipment, nonpublic databases, or nonpublic portions of otherwise public databases, with or without a warrant, shall be immediately sent to King County in accordance with the terms of the contract. Permission given to ICE, CBP, or USCIS officers, agents, or representatives to access any such a facility, real or personal property, equipment, nonpublic database, or nonpublic portion of an otherwise public database without a judicial criminal warrant may only be provided with the prior express, written approval of the appropriate county employee identified in the contract. All contractors shall make a good faith effort to strictly comply with this subsection; however, inadvertent or mistaken permission giving warrantless access to ICE, CBP, or USCIS officers, agents, or representatives is not a breach of contract. All contracts subject to this section entered into on or after January 1, 2026, shall include as a term of the contract the prohibitions of this subsection B.1. and identify the appropriate county employee;

2. Provide personal information relating to persons receiving services under the contract to federal immigration authorities for purpose of civil immigration enforcement, except as required by state or federal law, about any person, including place of birth or household members, the services received by the person or the person's next court date or release date, absent a warrant signed by a judge or a law requiring disclosure. All contracts subject to this section entered into on or after January 1, 2026, shall include as a term of the contract the prohibitions of this subsection B.2; and

Ordinance 19963

155 3. Inquire about, or request information of, the citizenship, national origin,
 156 immigration status, or place of birth, from any person in the furtherance of providing
 157 services in accordance with a contract with King County unless the inquiry or request is
 158 required by state or federal law, regulation, or court order or rule, or is necessary for the
 159 contractor to effectively provide the services under the contract. The contractor may
 160 inquire about or disclose information relating to a person's citizenship, national origin,
 161 immigration status, or place of birth for the purpose of determining eligibility for benefits
 162 or seeking reimbursement from federal, state, or other third-party payers. When an
 163 inquiry about or request for information of the citizenship, national origin, immigration
 164 status, or place of birth is required or for any reason is made, the contractor shall not
 165 attempt to coerce a response. All persons to whom the inquiries or requests are made

Ordinance 19963

166 shall be explicitly informed of their right to decline to respond, free from fear or threat of
167 retaliation.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, King County-Department of 02 (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
