Hi Kameron,

Thank you for your patience. I have looped in both [@Matt Triana](#) to assist you with potentially relocating one camera.

I've also looped in [@Nathan Bott](#) to assist with your deployment plan. Nathan, are you able to send Kameron a more comprehensive list of the King County Housing deployment? Here is my internal link in case helpful: <https://planner.flocksafety.com/account/001Pi000003bR9KIAU>

Hey Judd,

It won't let me see that PDF, however looking in the deployment tracker I see 7 devices in planning. Is that all of them? I don't see the one requested for Mardi Gras.

The proposal invoice is for 14 devices (12 Falcon, 1 Solar Falcon LR, 1 Solar Falcon), just want to make sure where they are all going.

 [WA- King County Housing Authority Phase II - Flock Planning Center.pdf](#)

Hi Kameron,

I've attached a PDF with all Phase II locations (actually a Google link because the file is large). Let me know if you have any questions about this one.

For the location change, I've looped in @Matt Triana. The change will go through his department, but I'm happy to support however I can.

Good Morning Judd,

Can you send me a breakdown of the locations for phase 2? I need to separate them out by line for the proposal invoice.

Also, if we wanted to move cameras from one property to another, is it too late in the process? A need has developed at one of properties that we originally did not have on the list.

Thanks,
