Subject: Quote for Draft One press release and blog post

***** External Email *** Sending Account is from outside your Organization**

Hi Capt,

You're a popular guy so apologies for the bombardment of emails this week =)

We are working on a press release and blog post for Draft One's announcement (going live the morning of 4/23) and are looking to include a few customers quotes centered on your experience with the product, would you be open to providing one, along the lines of what you shared with us and adapted however you'd like?

"What I'm most looking forward to is the increased efficiency that this technology provides from line level all the way up to commander level."

Additionally, let me know if you are open to speaking to any media about this product, potentially law enforcement trade media (Police 1, [Officer.com](https://www.officer.com)) if you'll be onsite at Axon Week or other journalists via email/phone.

Thx in advance!

Noah
