Hello again! Just wanted to follow up on the practice run – any chance we can connect tomorrow between 11:30-1:30pm eastern? Or Wednesday at 11:30am eastern?

Thanks!

Hey Captain Gossard and Sgt Younger!

Thanks again for agreeing to join our Draft One webinar on May 21. We loved having you at Axon Week and are excited to have you join us again!

A few quick things:

1. I'm going to send you a hold time in your calendar for the webinar later today. The webinar begins at 1pm eastern time, but please plan to sign-in 15 minutes early so we can do final sound checks and everything.
2. I'd love to do a practice run sometime next week. Would Wednesday May 15 at 11:30am Eastern time work? Or I could do sometime between 11:30am-1:30pm on May 14.
3. The content and flow will be pretty similar to the Axon week breakout, so you should be good to go from a preparation perspective but we can review everything during the dry run if you have questions.

Thanks!

Evan Forester
